REPORT OF PRESIDENT

March 29, 1926

Board of Regents,
Murray State Normal School and Teachers College,
Murray, Kentucky.

Honorable Members:

I have the honor to report the following for your information and consideration:

Accredited Relations

In addition to the action of the Legislature authorizing this institution to confer degrees, the University of Kentucky has taken action in reference to accrediting the college work done in this college.

UNIVERSITY OF KENTUCKY

Lexington

February 4, 1926

President J. W. Carr,
Murray State Normal School
Murray, Kentucky

My dear President Carr:

The Committee on Accredited Relations met today and authorized me to state that graduates of the Murray Teachers College for this year would be recognized at the University of Kentucky and given credit hour for hour, the same as work done at the University. The report just received from you and the report of the inspection trip of Deans Taylor and Boyd are the basis for this action by the Committee.

Very truly yours,

Ezra L. Gillis, Registrar
Secretary, Committee on
Accredited Relations

Attendance ✓

The enrollment for the current semester is 566. This is 39 fewer than for the same period last year. The mid-semester term opens next Monday. The indications are that the attendance for the entire semester will approximate that of last year. It may be necessary to employ one or more teachers for the remainder of the semester.

Substitute Teachers ✓

In addition to using Mrs. Pullen and Mr. Morelock as substitution teachers, we are using seven members of the Senior Class to teach one or more hours per day. Each is teaching high school subjects, under the dual supervision of the Supervisor of Teacher Training and a regular member of faculty of a particular department. Each of these student teachers has had high school experience as teachers prior to this year.

Heretofore, substitute instructors have all been paid at a uniform rate of \$1.75 per recitation hour. At present, two of our substitutes have taught previously in this institution and each holds the degree of M. A. The other substitute teachers have not yet received the A. B. degree. It seems that a difference should be made in the payment for substitute instructor as well as regular members of faculty taken into consideration the experience, training, and teaching ability of the instructors.

I recommend that the President be authorized to pay substitute teachers as follows:

Undergraduates from \$1.00 to \$1.50 per hour for teaching or supervisory work in excess of requirements for practice teaching in high school. For teaching or supervisory work in grades from 50 cents to \$1.00 per hour.

For instructors with only the A. B. degree, from \$1.50 to \$1.75 per hour.

For instructors with the M. A. degree from \$1.75 to \$2.25 per hour.

Library Assistants.

The work of selecting and classifying books takes most of the time of the librarian. She needs different kinds of assistants--some one to take entire charge of library reading room at times, others who can do technical work, others who do only routine work.

I recommend that the President be authorized to pay substitutes in library in accordance to their training, experience and ability to do the work required, provided that no one shall receive in excess of \$5.00 per day.

Refunds

Some of our students paid for room and board at Wells Hall. Later they were given employment which enabled them to earn their room and board. I recommend that the President be authorized to make the necessary refunds.

Stenographer

At last meeting of this Board a Committee was authorized to employ two additional stenographers. Miss Tennie Breckenridge of Mayfield, Kentucky, was employed at \$100.00 per calendar month effective February 1, 1926. It was stipulated that the term of her employment would not extend beyond June 30, 1926 unless further action was taken by this Board.

Commencement

The date set for Commencement is May 31, 1926. As that date is rapidly approaching, I recommend that the President be authorized to make all necessary arrangements.

Addition to the Campus

My attention has been called to the fact that plans are under way to establish and maintain an amusement park in the woodland just north of the campus. I would regard such a park a positive detriment to the school.

I recommend that this matter be given consideration by this Board.

Wells Hall

At the beginning of March, the receipts and disbursements for dormitory, and for cafeteria operated before the Dormitory was opened was as follows:

Receipts - - - - -	\$7147.88
Disbursements - - - - -	4604.96
Excess receipts	<u>\$2542.91</u>

There were bills to pay for the preceding month. There were also supplies on hand. So far as I can see now, there probably will be no deficit in reference to the operation of Wells Hall.

We opened the Cafeteria proper on February 1, 1926 and have continued it till present time. I put Mrs. Mattie Kelly in charge, but did not stipulate the remuneration she was to receive.

The sales from the Cafeteria proper have not been large enough to justify us to continue it in operation at this time. But there is need of another regular employee to act as a general assistant. I recommend the President be authorized to employ Mrs. Kelly or some one else for such a position at least temporarily at salary not to exceed \$_____ per month.

Publicity

✓ We need a department of publicity with a responsible head--preferably a member of faculty--to organize and carry on publicity work systematically. There is need of school paper in addition to the Normal Quarterly and the College Annual. There is also need of greater publicity in the metropolitan and county newspapers.

I recommend that the Board gives consideration to this matter.

College Annual

After communicating with members of this Board, I under wrote the contract for the College Annual for 1926. The contract in brief follows:

600 copies Annual same size as one last year, printing and engraving \$1490.00; contract for making photographs--50 cents for individual pictures; \$1.50 for group pictures. A few special pictures will cost more.

The price of the Annual was fixed at \$2.00 instead of \$3.00 as per last year.

About 500 copies of the Annual have already been subscribed for. The advertising contracts amount to about \$500.00 and the canvass is not completed. I estimate that the amount that this Board will have to pay will not exceed \$500.00.

I recommend that my action be approved.

Architect

In order that there may be no delay in carrying out the building program, I recommend that an architect be employed and directed to draw tentative plans for a training school, also an auditorium including enlargement of present central heating plant.

Night Watchman ✓

✓ By authority of this Board, I appointed Mr. R. T. Parker, Nightwatchman temporarily, salary at the rate of \$2.00 per night. He seems to be attentive to duties. I recommend that my action be approved and the salary fixed at such an amount as the Board deems just.

Respectfully,

J. W. Carr,
President
