MINUTES OF THE BOARD OF REGENTSMURRAY STATE NORMAL SCHOOL AND TEACHERS COLLEGE

July 23, 1926

The Board of Regents met in the office of the President at 9:00 A. M., July 23, 1926 with the following members present: Mr. T. H. Stokes, Mr. James F. Wilson, Mr. G. P. Thomas, and Dr. McHenry Rhoads. Mrs. Laurine Wells Lovett was absent.

Report of Committee on Certification and Graduation

The President submitted the report of the Committee on Certification and Graduation and recommended that it be approved and that the certificates be issued as set out and recommended therein.

Mr. Stokes made a motion that the report be approved and the certificates be issued. Said motion was unanimously adopted. The report so adopted is in words and figures as follows:

Murray, Kentucky,
July 23, 1926

To the Board of Regents
Murray State Normal School:

As per the duties assigned to the Committee on Certification and Graduation, we report as follows:

1. We have examined the credentials in reference to age and moral character of each of the persons listed below and it is our opinion that each person fills the requirements in regard to age and moral worth.

2. We have examined the grades and official records of each person listed in this section of the report and recommend that the following persons be granted the STANDARD CERTIFICATE, valid for three years and renewable for life after three years' successful teaching, on conditions set forth in the law, as each has completed the course of study for such certificate and has at least sixty-four (64) semester hours of credit.

Arnett, Crawford
Atkins, Pauline
Beale, Rue
Ballew, Betty
Brooks, Anice
Brown, Lola
Brandon, Ollie
Burton, Albateen
Byrd, Eugene S.
Chrisman, Olalia
Conner, Lena

 Mary W. Moss
 C. S. Lowry

President's Report Concerning Defective Roofs

The President reported that the work of repairing the roofs of Administration Building and Wells Hall is in progress but that the complete repair of said roofs had not yet been completed. Further attention to this matter was referred to the President for his attention.

Roadways and Driveways

Mr. Stokes and the President composed a Committee to whom was referred the consideration of the construction of roadways and driveways made an oral report as follows:

The Committee had invited bids for the construction of a highway 26 feet wide with concrete curb and drain along the west side of the college grounds from the southwest corner thereof, north, a distance of 1616 feet; also the construction of 26 foot highway with concrete curb and drain along the east side of its property from the intersection of the State highway at the southeast corner, north, a distance of 1266 feet; also for the construction of a 23 foot highway with a six inch by fifteen inch concrete binder through the grounds where said roadway is now constructed between the points where said road divides, a distance of 506 feet, and a 20 foot roadway with six inch by fifteen inch binder from the point of the parting of said road to the highway on either side, a distance of 652 feet.

The Committee further reports that the abuttal property owners to the highway on the west side of this property had contracted and agreed to pay for the construction of said highway \$2.35 per front foot; that the Committee had further offered to construct the highway on the east side, provided the property owners would convey to the Board of Regents a strip of land ten feet wide to be used in the construction of said highway. No contract has been awarded for the construction of any part of the above highway on account of the Committee waiting for the awarding of the contract by the State Highway Commission for the construction of highway along the south side of its property. The Committee reports that it was estimated that the construction would cost approximately \$25,000.00 for the completion of same.

It was ordered by the Board of Regents that the Committee be continued with full power to consider the cost and material to be used in the construction of said highway and to award contracts therefor, should the Committee in its judgment deem the price reasonable and the plans for the construction satisfactory.

Report on Post Office - Sub-station

The Committee to which was referred the matter of establishing the sub-station Post Office in the college building reported that a proposition had been submitted to the Government for the establishment and operation of a sub-station at the college. A representative and inspector of the government had visited the institution and approved the establishment of the sub-station and recommended that an appropriation of \$600.00 annually be made for the payment of the operation of said sub-station; that the Post Office Department of Washington had rejected the offer and sought to have the price for the operation of the sub-station reduced.

It was ordered by the Board of Regents that the Committee be continued with instructions to continue its efforts in having a sub-station established and placed in operation.

Purchase of Equipment for Rural Supervision

The President reported that we had under our charge and care for rural supervision the schools of Caldwell, Union, McCracken, Graves, Ballard and Calloway Counties, and that the supervisors were in the field at work. He further reported that two Ford coupes had been purchased for the use of the faculty and representatives engaged in rural supervision and this field of work.

It was moved by Mr. Stokes, seconded by Mr. Thomas, That the action of the President in establishing the rural school supervision and the purchase of two Ford coupes be approved. Said motion was unanimously adopted.

Purchase of Land

Mr. Stokes reported that he and the President had purchased five and 22/100 acres of land adjoining the campus on the north side from Mr. A. L. Rhodes and wife for the use of this institution; that the purchase price was \$3500.00.

On motion duly made and seconded, the purchase of the land was approved and ordered that a deed be accepted therefor and the purchase price be paid in full in cash. The roll call of the Board of Regents on this question resulted as follows: Mr. Stokes, aye; Mr. Thomas, aye; Mr. Wilson, aye; Dr. Rhoads, aye.

Publication of Quarterly

The President recommended that the name of the Quarterly be changed to the Murray State Teachers College Bulletin and that it be published monthly instead of quarterly. Motion was made by Mr. Stokes, and seconded by Mr. Thomas, That the publication be issued monthly instead of quarterly and that the name be changed to the Murray State Teachers College Bulletin and that said publication be paid for out of advertising fund.

Location of buildings

The location of the training school building and auditorium building came up for consideration and, after discussion and view of the grounds, Mr. Thomas made a motion that the action of the Board of Regents at its meeting on June 29, 1926 concerning the location of buildings be reconsidered. Said motion was seconded by Dr. Rhoads and was unanimously adopted.

Mr. Stokes made a motion which was seconded by Mr. Wilson, That the training school building be located in the woods north of the dormitory. Roll call upon the adoption of said motion was as follows: Mr. Stokes, aye; Mr. Thomas, aye; Mr. Wilson, aye; Dr. Rhoads, aye.

Mr. Stokes made a motion which was seconded by Mr. Thomas that the auditorium building be located at the south end of the athletic field and facing the south. Roll call upon the adoption of said motion was as follows: Mr. Stokes, aye; Mr. Thomas, aye; Mr. Wilson, aye; Dr. Rhoads, aye.

It was ordered by the Board of Regents that Mr. Stokes, Mr. Wilson and Dr. Carr be appointed as a Committee to confer with the architect regarding the necessary changes and the further completion of the plans of the buildings to be constructed.

Financial Report

The President submitted a financial report as of July 1, 1926. Motion was made by Mr. Thomas, seconded by Mr. Wilson, That the financial statement of July 1, 1926 be received and same spread upon the minutes of this meeting and referred to the Auditing Committee. Said motion was unanimously carried.

MURRAY STATE NORMAL SCHOOL

By _____

President

Summer School

The President reported that he was very much pleased with the large attendance during the first term of the summer school and mentioned especially the increase in attendance of teachers from city school systems, and that the student body is composed of quiet, hard-working zealous students. He reported that the attendance for the first term of the summer school was 673 and that the prospects for the second term were flattering. He further reported that the economic condition of the country and the great desire for educational advancement had reached a point that in his opinion some official action should be taken in reference to the securing of employment for students; that if the students desiring to attend this institution could have assistance in meeting the necessary expenses, that the enrollment would practically double within the next twelve months.

Minutes

The minutes of the meeting of June 10, 1926 were read and approved and ordered signed. The minutes of the meeting of June 29, 1926 were read and approved and ordered signed. The motion was made and duly carried that the Board of Regents adjourn to meet at the call of the Chairman.

McFerry Rhoads
Chairman

W. J. Wilson
Secretary
