April 3, 1930

The Board of Regents of the Murray State Normal School and Teachers College met in the office of the President Thursday, April 3, 1930. Those present were Mr. J. F. Wilson and Mr. G. P. Thomas, whose terms of appointment as members of the Board of Regents expired on April 1, 1930; Mrs. William H. Mason; Mr. G. P. Ordway; the two newly appointed members of the Board of Regents, Mr. Claude T. Winslow and Mr. S. J. Snook; and State Superintendent W. C. Bell, who is exofficio Chairman of the Board of Regents.

Land Taken from President Wells' Lot

In the presence of the outgoing and the incoming Board of Regents and Dean J. W. Carr, President Wells made a statement in reference to one matter of unfinished business. He called to the attention of the Board that in the first year of the construction of this institution, that the then Board of Regents determined that it would be necessary to take a strip of land off of the north end of his personal residence lot in order to properly lay out the walks and driveways upon the campus; that he consented at the time for the Board of Regents to take whatever was necessary, in their judgment, and that the matter be adjusted when finally determined as to the amount of land taken and an equitable compensation therefor. He further stated that the land was taken and that the Board of Regents afterwards or some members thereof suggested a settlement but other business demanded the attention of the Board from that time until this and that no settlement was ever made nor deed executed and delivered to the Board of Regents for the land taken.

Dean J. W. Carr, who was then President, in substance confirmed the statement of the President, based upon his recollection without any reference to the record as to the facts stated by the President in reference to this matter.

Mr. Wilson and Mr. Thomas, retiring members and who were members of the Board of Regents at the time it was first agreed to take and the land was taken, both concurred in the statements that this matter was one of unfinished business and the above are in substance the facts in reference thereto.

Motion was made by Mr. Wilson, and seconded by Mr. Thomas, that this matter be referred to the new Board of Regents for the purpose of making an equitable compensation for the land taken and now used by the institution and accepting a deed therefor. This motion was unanimously carried.

Mr. Thomas said that he felt very grateful for the many kind words that had been said about his services as a member of the Board of Regents of this institution. He stated that he had always tried to do his best and that he left this Board with the best of feelings.
