MINUTES OF THE BOARD OF REGENTS

MURRAY STATE NORMAL SCHOOL AND TEACHERS COLLEGE

April 10, 1930

The Board of Regents of the Murray State Normal School and Teachers College met in the office of the President at 9:30 A. M., Thursday, April 10, 1930 with the following members present: Mrs. William H. Mason, Mr. G. P. Ordway, Mr. Claude T. Winslow and Mr. S. J. Snook. In the absence of Chairman W. C. Bell, Vice Chairman S. J. Snook presided.

Letter Written Electrical Bidders

President Wells read to the Board a letter which a firm bidding on the electrical contracts for the Library Building and the Men's Dormitory had received in reference to the electrical inspection of these two buildings and the cost of said inspection. He called the attention of the Board to the fact that no one had been employed by this Board as electrical inspector, that this letter was unauthorized and should not be considered in awarding the electrical contract.

Motion was made by Mr. Winslow, and seconded by Mr. Ordway, that the President be authorized to state before the bidders that the letter written was unauthorized and that all bids must be received upon the plans and specifications as originally approved by the Board of Regents. This motion was unanimously carried.

Opening of Bids for Library Building and Men's Dormitory

The Board of Regents next went into the chapel of the Administration Building and opened the bids that had been received for the construction of the Library Building and the Men's Dormitory and the plumbing, heating and wiring of same, as follows:

Consideration of Bids

All bids having been opened and read publicly, the Board of Regents returned to the President's office for the afternoon session and considered the bids received.

While the Board was considering the bids and the alternates on the general contract, W. M. Hill and Son were called before the Board in the consideration of the stone alternate. W. M. Hill and Son stated that their bid on Bedford stone was received from W. L. Simpson, Eldorado, Illinois, for \$6,900.00; that their bid on Bowling Green stone was \$9,200.00. This firm further agreed with the Board of Regents that, if it is awarded the contract for the Men's Dormitory on the Bedford alternate, they will agree to use Bowling Green stone in its construction, if the Board can secure a satisfactory price on Bowling Green stone.

Discussion of Bowling Green Stone with Raymond Contracting Company

Representatives of the Raymond Contracting Company, in the persons of Mr. W. H. Raymond and Mr. Grayson Jones, appeared before the Board for discussion in reference to the alternate on Bedford stone. Without any definite statement being made, they were excused from the room while the Board further considered the matter.

At this point in the proceeding, the representatives of the Raymond Contracting Company were again called before the Board in the persons of Mr. W. H. Raymond and Mr. Grayson Jones, and these gentlemen agreed

with the Board that, if the contract for the construction of the Library Building should be awarded to them upon the Bedford stone alternate, Bowling Green stone may be subsequently accepted and used in the construction of the Library Building and the price may be adjusted. In making the adjustment, the representatives of the Raymond Contracting Company present stated that their proposal was based upon the price of \$37,335.00 for the Bowling Green stone and \$28,600.00 for Bedford stone. In making the adjustment and subsequently accepting the Bowling Green stone, if it is accepted, it shall be made upon the above figures and the Board shall receive credit, if any is due, or pay additional sum, if due.
