X-ray Reflectors in Museum Room of Library Building

After President Wells and the members of the Board of Regents had inspected the x-ray reflectors, which were installed in the museum room by S. D. Dalbey Company, and had considerable discussion about the unsatisfactory results obtained from this lighting equipment, Mr. S. D. Dalbey of Paducah, Kentucky, and the representative of the Beardslee Chandelier Manufacturing Company, Chicago, Illinois, who contracted with the Board of Regents for these lighting fixtures, came before the Board to discuss this matter. It was an accepted fact that the cove lighting equipment which has been installed in the museum room is not satisfactory, and considerable discussion was had as to the best way to remedy the existing conditions and make the lighting arrangement of this room as satisfactory as possible. S. D. Dalbey Company offered to remove the x-ray reflectors from the cove, give the Board of Regents full credit for same, and render any service possible in working out a

satisfactory lighting arrangement. It was agreed that S. D. Dalbey Company should remove these x-ray reflectors and give the Board of Regents credit for same, and that definite plans and arrangements for the proper lighting of this museum room be worked out later, after the members of the Board have given further study to this situation and advised with the architect in reference thereto.

Insurance for Library Building

Mr. K. C. Frazee came before the Board of Regents to advise in reference to changing the builders' risk insurance on the Library Building to regular insurance policies, but it was agreed to delay this a little longer until the exact cost of the building could be determined.

Election of Faculty

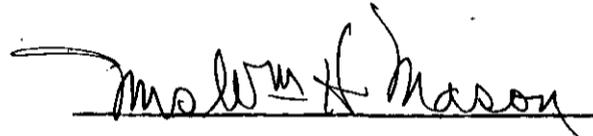

President Wells advised the Board that he had been giving considerable thought to the re-election of the faculty and the granting of leaves of absence for further study. He read to the Board several requests for leaves of absence and expressed his pleasure in the fact that the members of the faculty are desirous of better preparing themselves for their duties. He stated that he was hardly ready to make definite recommendations for the re-election of the faculty and administrative staff, and suggested that the Board meet again Monday, April 13, 1931 to take definite action upon this matter.

Adjournment

Motion was made by Mr. Winslow, and seconded by Mr. Ordway, that the Board adjourn to meet again Monday, April 13, 1931. This motion was unanimously carried.
