V. Report of Regional Library Survey Committee

As you know, the Tennessee Valley Authority will withdraw its support for our Regional Library at the end of this fiscal year. As a matter of fact, they reduced their support \$2,340.00 during the present year, and upon action of the Board, the College made up that loss. This Regional Library service is growing, and has been well received by our people; and I am reluctant to see it discontinued. If the report of the committee which recently made a survey of this service is good, and I feel that it will be a good report, then it will be my purpose to endeavor to interest some of the Foundations in aiding us; and to this end, I am planning to go to New York to confer with officials of one or more Foundations in an effort to secure aid for this project. This trip which was authorized at the last meeting of the Board has been delayed pending receipt of the Survey Committee's official report.

VI. U. S. Naval Flight Preparatory School

The last cadets from the Naval Flight Preparatory School left our campus on September 28, 1944. This unit will be officially closed on October 31. It is gratifying to know that our unit was established at the beginning of this program and continued until all the programs of this character were dropped. We had the unit on our campus approximately one year and nine months. Of the twenty units that started, ours was among the last eight that continued to function. I have been unofficially informed that our rating was third from the top. On this unit, money paid out and money saved caused us to realize approximately \$120,000.00 during the year and nine months.

A. Supplements No. 4 and No. 5 to the Naval Flight Preparatory School Contract

Supplements No. 4 and No. 5 to the Naval Flight Preparatory School contract have been submitted and signed by me. Although you have given me authority to sign these supplements, I am asking your approval of them. Supplement No. 4 provides for the continuation of Contract NOp3 from July 1, 1944 to October 31, 1944. Supplement No. 5 provides for adjustment of payments made under Contract NOp3 prior to July 1, 1944.

VII. Contract for the Naval Academic Refresher Unit (NARU) and Supplement No. 1

The contract for the Naval Academic Refresher Unit which was made with the United States of America, and which was received on the eve of the last meeting of the Board of Regents, has been carefully examined and signed. In addition to that, Supplement No. 1 to that contract has been signed. Supplement No. 1 provides that two secretarial assistants be furnished to the Commanding Officer of the Naval Academic Refresher Unit, beginning November 1, 1944. I am asking your approval of this contract and Supplement No. 1.

At the present time, there are 225 men in attendance upon this Refresher Unit. They represent seamen, tarmacs and marines. At times, we may have as many as 300 of these boys on our campus. Mr. Wrathier will give you additional details about this unit.

- VIII. Mr. M. O. Wrathier's Report on the U. S. Naval Flight Preparatory School and on the Naval Academic Refresher Unit
- IX. Business Manager's Report
- X. Fine Arts Building Bonding Account
- XI. Insurance on Fine Arts Building
- XII. Deficit Student Annual
- XIII. Mr. E. H. Smith's Letter
- XIV. Traveling Expenses for Mr. Hortin
- XV. Proposal for Vocational Rehabilitation Training

On September 8, 1944, I signed a contract with the Veterans Administration concerning fees, books, supplies and equipment for veterans who are or will be enrolled in this college. It was understood and agreed that this contract would be subject to change so as to accord with any changes in policy pertaining to matters covered by the contract. I am asking that the Board approve the signing of this contract, and if it should become necessary to revise or change it in any way, that you will give me authority to sign any supplements necessary.

- XVI. Mr. A. Carman's Letter
- XVII. Increase in Salaries

When Mr. Hosick resigned, we endeavored to have Mr. C. E. Broach and Mrs. Fay Wall Sledd to absorb his work. This they have done quite satisfactorily. Since they are doing more work, and even with my recommended increases, are saving the college money, I am recommending that Mr. Broach's salary, beginning November 1, be raised to \$200.00 per month and Mrs. Sledd's, beginning November 1, to \$175.00 a month. Even with these increases, we are saving \$75.00 a month through the extra work that these two efficient people are doing.

- XVIII. Football

At the suggestion of the Navy, we have started football again. Most of the men playing are Navy students. As a matter of fact, we have only four civilian students on the squad. The Navy took the position that football would contribute much to the morale of their group; and, frankly, it will contribute just as much to the morale of our student body and our friends. Just how good a team we will have, I cannot say. Their first game was very encouraging even though our boys were defeated.

- XIX. Letter from West Union Baptist Association
- XX. Enrollment

The present enrollment of the college is 420, the Training School, 334. Our enrollment has increased thirty per cent over that of last year, which is not

surprising, but very gratifying. I am convinced it will continue to increase, not rapidly but steadily, until when peace comes, we shall reach a new all time high in enrollment.

A. Opening of Warren S. Swann Memorial Dormitory

The increase in enrollment necessitated opening up the Swann Dormitory. If you gentlemen have time, I should like for you to inspect this dormitory. At present, we have 62 girls there. They seem to be comfortably situated and happy in their environment.

Respectfully submitted,

James H. Richmond
