Mr. Neale presented Letter from Dr. Clegg Austin

Mr. Neale presented a letter from Dr. Clegg Austin and requested that it be included in the Minutes of the Meeting. There being no objection to including the letter in the Minutes, the letter is as follows:

May 10, 1971

Mr. Skip Neale
Route 4
Murray, Kentucky 42071

Dear Mr. Neale:

I am writing this letter to the Board because I am an "establishment" local Murray State University graduate, proud of my school, and the fine administrative job that is being done. I am ashamed of my school for being so wrong in an ultra conservative academic vein that students, faculty, and town's folks were abused as citizens and antagonized as individuals. In fact, the Board created such an "up tight" atmosphere that when I returned from KEA vacation, I learned of a rebuttal in the form of a disciplinary demotion to Dr. Ken Harrell. I must admit that I feel strongly about such action, even from a personal relationship.

This man is correct in every way about his actions, even though the Board compelled him to slap their hands in "telling it as-it-is -- 1971". Those of us who are his friends, as well as the friends of Murray State University, have to let you know how we feel. Enclosed, are two poems which I feel that all generations should read and take deeply, the meaning.

If you can be a participant in a disciplinary action such as Dr. Harrell's demotion without investigating such action, then you are uninformed about a person who is in the right. I am more privileged than most of you Board members, in that I know Murray State University student parents, as well as Murray State University students who are middle-of-the-road, academic, extreme, and social. I have talked with them about communicating with others, and I agree with them that few adults and many extremist do not fit the definition of "Youth" that I have enclosed.

Dr. Harrell is a master teacher and has never treated students with CRITICISM, HOSTILITY, RIDICULE, SHAME, INTOLERANCE, DISAPPROVAL, and UNFAIRNESS. He has given ENCOURAGEMENT, PRAISE, and SECURITY to those he deals with. This means he has the desire to deal with the administration in this way, as well as to live what he teaches his students. Would you?

As the son of an ex-Dean of Men of Murray State University, I remember my father as fitting the above. He never told me "Thou Shalt Not", but accepted the challenge of life to condition me. As a father of a twelve year old, let me treat my children and young adults in such a way, and then no INSIGHT in this world can shake the foundation I give to them.

The students of Murray State University deserve an explanation, as do many others like myself.

Sincerely,
/s/ Clegg
Clegg Austin, M.D.

Note: At Mr. Neale's request, the poems are to be filed with the Board's records, but not incorporated in the Minutes.

Mr. Neale presented the following letter and requested that it be included in the Minutes:

May 17, 1971

Clegg Austin, M.D.
The Houston-McDevitt Clinic, Inc.
104 North Fifth Street
Murray, Kentucky 42071

Dear Dr. Austin:

This will acknowledge receipt of your letter of May 10, 1971.

Due to my lack of higher learning and intellectual achievement, I apologize for being unable to understand and thoroughly comprehend some of the statements contained in your letter. For example, I am not thoroughly cognizant of your use of "an establishment" -- by which you refer to yourself. Neither do I understand what is meant by the Board being "up tight." The phrase "ultra conservative academic vein" is incomprehensible to me. I would not know a "middle-of-the-road, academic, extreme, and social" student were I to see one.

Further, the first paragraph of your letter leaves me in doubt as to your feeling toward Murray State University. In the first sentence you say you are "proud of my school." In the second sentence you say "I am ashamed of my school for being so wrong." These positions to me seem inconsistent.

I am aware of the fact that your father, of whom I was very fond, was once a Dean of Men at Murray State University. However, I was not aware of the fact that he never told you "Thou Shalt Not." Each man must live according to his own philosophy; and, if that was your father's philosophy toward you, well and good. Personally, I believe that at one time or another every person must be told "Thou Shalt Not." This could be a result of my long service in the United States Army during World War II.

I have a faint recollection, though I am not too familiar with the Good Book, that the Ten Commandments use the use the term, "Thou Shalt Not" more than one time. In reminiscing on my past conduct, I wish that someone had said to me more often "Thou Shalt Not."

As much as I enjoyed your poem, "Children Learn What They Live", I did not know that Dr. Harrell was a child.

As a general rule, I agree with you that intolerance is a bad attribute. However, it is my belief that a wrong cannot conscientiously be tolerated. Had the people of our country tolerated Hitler, you would not have been able to have written your letter expressing your opinions.

I know nothing concerning the conduct (good or bad) of Dr. Harrell. However, I have never known any man "correct in every way about his actions." The action referred to in your letter was consummated prior to my membership on the Board of Regents. However, in order that the entire Board, together with the Administration of Murray State University may know your opinion, your letter, together with a copy of this letter, will be submitted to the Board of Regents of Murray State University at its next regular meeting.

With kindest personal regards, I remain,

Sincerely yours,

Graves (Skip) Neale
Member, Board of Regents
Murray State University
