#### Report of the President

President Alexander reported that enrollment at Murray State is the largest since 1978. He pointed out that the University feels very good about both the quantity and the quality of students enrolled at Murray State. He assured the Regents that the University wants to grow and increase our quality as we grow. One measure of the quality of education at Murray State is emphasized in the U. S. News and World Report where Murray State is ranked second in the south among regional universities as being a "best value university." James Madison University and other universities with substantial reputations were lower than Murray State. He pointed out that the importance of this ranking system is that it is quantifiable with regard to quality. The report studied the forty schools in the south they considered to be the top quality institutions and calculated the costs versus quality. When the costs were analyzed, Murray State was ranked second behind the Citadel. Students can get the best education in the United States at Murray State for one of the lowest costs.

Murray State is attempting to expand course offerings and analyze reductions in courses or programs that are not in demand or not needed so that we are evolving forward in the academic process. While we are cost efficient as far as the students, we think that we are extremely cost efficient with regard to the Kentucky taxpayer. The effort that the Kentucky taxpayer puts forth for Murray State is much lower than some other public universities in the state of Kentucky. Murray State was ranked very competitive in the 1997 edition of Barron's Guide, which is one of the most prestigious guides to colleges. All of the other state universities in Kentucky, including the flagship University of Kentucky, are ranked below Murray State--either competitive, less competitive, or non competitive. He pointed out that the excellent rankings will help in student recruitment and the University can serve the students in Kentucky and the taxpayers much more effectively and efficiently if we provide quality.

### Report of the Chairman

Chair Easley commended the newspapers in keeping the public informed about what is going on at the University. He mentioned a recent article in the Lexington Herald, which was very complimentary and defining for the University, statewide. He expressed appreciation to the Murray Ledger and Times for the marvelous job they do in informing the public positively about what is going on at Murray State.

Mr. Easley reminded the Board of the Governor's Conference on Higher Education scheduled at Northern Kentucky and encouraged everyone to attend.

He further stated that the next six months to eight months may be an important time for the University and in higher education across Kentucky because the Governor is intent on doing something in higher education. The issues are huge and there are some areas where the University can be helped and there are some areas where the University can be hurt. One area we can be hurt is if some of these reforms take the power from individual Boards of Regents of institutions. We need to be prepared if that happens. A statewide Board of Regents could be formed. Phil Lanier is on a Steering Committee representing Boards of the institutions. There is a Business Advisory Committee all over the state. The Presidents have their own committee and there is probably fourteen other committees that will report to the Governor. Ultimately, the decisions will be made by the Governor and the Legislature. Mr. Easley asked Mr. Lanier to report on the Steering Committee representing Boards of the institutions.

Mr. Phil Lanier stated that the liaison of the Board of Regents Committee and the whole Task Force for the Governor is Ed Ford, former Kentucky State Senator, who is now on the staff of the Governor as the Deputy Cabinet Secretary. When he spoke to the Steering Committee about his responsibilities, he said that they were to put together ideas and submit them so a paper could be prepared and circulated to all members of the whole subcommittee. Mr. Lanier asked the Regents for ideas on needs in higher education and he would submit the ideas to Dr. Ford to be included in the paper for the Committee.

Mr. Tom Denton presented and reviewed the financial and investment reports for the period of July 1, 1995 to June 30, 1996. Following a brief discussion, Mr. Lewis moved, seconded by Mrs. Jones, that the Treasurer's Report be accepted. Motion carried.

**MURRAY STATE UNIVERSITY**  
**NOTES TO FINANCIAL REPORT**  
For the Period July 1, 1995 through June 30, 1996

**Note 1.      Summary of Significant Accounting Policies**

*Accounting Basis*

The annual financial statements of Murray State University are prepared on an accrual basis of accounting except for depreciation on physical plant and equipment.

Tuition and fee revenues for a semester are recognized upon recording the receivable, normally before or shortly after the semester begins. Revenues of summer school academic terms are reported in the fiscal year in which the programs predominately fall. Therefore deferred tuition revenues are recorded for terms which have not begun at year-end. State appropriations revenues are recognized upon receipt.

Expenditures are generally recognized, for interim reporting, in the period expended rather than the period incurred. Some liability accounts on the Balance Sheet are not adjusted until year-end, at which time all expenditures are accrued.

*Fund Accounting*

To ensure observance of limitations and restrictions placed on the use of the resources available to the University, the accounts of the University are maintained in accordance with the principles of "fund accounting". This is the procedure by which resources for various activities are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified.

Current funds are used primarily to account for the transactions affecting the general operation of the University. These resources are expendable for performing the primary and support objectives of the University. Restricted gifts, grants, appropriations, and other restricted resources are accounted for in the appropriate restricted funds.

All gains and losses arising from the sale, collection or other disposition of investments and other noncash assets are accounted for in the funds which owned such assets. Ordinary income derived from investments, receivables, and the like is accounted for in the fund owning such assets.

**Note 2.      Deposits and Investments**

The University currently uses commercial banks and the Commonwealth of Kentucky for its depositories. Deposits with commercial banks are covered by Federal depository insurance or collateral held by the bank in the University's name. At the state, the University's accounts are pooled with other agencies of the state. These state pooled deposits are substantially covered by Federal depository insurance or by collateral held by the state in the state's name. The investments of the University not held in the state investment pool are insured or registered, or are held by the University or by an agent in the University's name.

**Note 3.      Inventories**

Inventories are stated at the lower of cost, using first-in-first-out valuation, or market.

NOTES TO FINANCIAL REPORT (cont.)  
For the Period July 1, 1995 through June 30, 1996

**Note 4. Murray State University Foundation, Inc.**

Murray State University Foundation, Inc. (the Foundation) is a Kentucky not-for-profit corporation formed to receive, invest, and expend funds for the enhancement and improvement of the University.

The Foundation prepares and issues its own financial statements.

**Note 5. Prior Year Carryovers and Encumbrances**

Budget Revisions for Prior Year Carryovers and Prior Year Encumbrance Carryovers are based on actual balances brought forward to date from fiscal year 94/95.

**Note 6. Tuition and Fees and Scholarships**

Incentive Grants of \$1,094,533 have been included as both tuition and as scholarship expenditures. The amounts are \$581,049 for Fall 1995 and \$513,484 for Spring 1996..

**Note 7. Unrestricted Expenditures**

In addition to expenditures, outstanding encumbrances as of June 30, 1996 are \$353,791 for Educational and General and \$59,308 for Auxiliary Enterprises.

Reporting: The Treasurer and the Vice President for University Relations and Administrative Services shall submit quarterly investment reports to the President and Board of Regents. These reports will include investment data for investment securities held at the end of the reporting period.

**PROCEDURES**

Specific investment procedures are contained within the full "Investment Policies and Procedures" as approved by the Board of Regents on May 14, 1994.

**Note 3. DEPOSITS AND INVESTMENTS**

The University currently uses commercial banks and the Commonwealth of Kentucky for its depositories. Deposits with commercial banks are covered by Federal depository insurance or collateral held by the bank in the University's name. University funds deposited with the State Treasurer are pooled with funds from other state agencies. These state pooled deposits are substantially covered by federal depository insurance or by collateral held by the bank in the state's name. The investments of the University not held by the state investment pool are insured, registered, or held by the University or by an agent of the University.

Below is a summary of the investments held by the University:

**Note 4. CURRENT FUNDS - LOCAL BANK ACCOUNT**

Per banking contract with People's Bank of Murray, interest earnings are based on 100% of the overnight federal funds rate.

Interest earnings may be expended in Current Fund.

**Note 5. CONSOLIDATED EDUCATIONAL BUILDING AND REVENUE BOND FUND (CEBRB)**

This fund was created, as result of the trust indenture established when the first Consolidated Educational Building and Revenue Bonds were sold in the 1960's, as a depository of tuition and fees in order to provide funds to service the principal and interest debt requirements of each series of aforementioned bonds. The fund also supports the Educational and General Funds operations.

**Note 5. CONSOLIDATED EDUCATIONAL BUILDING AND REVENUE BOND FUND (CEBRB) (cont.)**

The Commonwealth of Kentucky Office of Financial Management and Economic Analysis invests available funds of the CEBRB in the State's university investment pool.

All interest earnings are transferred to Consolidated Educational Renewal and Replacement (CERR) at the end of each quarter according to the Board's approval for renewal and replacement projects.

**Note 6. AUXILIARY FUNDS - HOUSING AND DINING REVENUE FUND**

This fund was created, as a result of the trust indenture established when the first Housing and Dining System Revenue Bonds were sold in 1960's as a depository of all auxiliary income in order to provide funds to service the principal and interest debt requirement of each series of aforementioned bonds. The fund also supports the Auxiliary Fund operations.

**Note 7. ENDOWMENT FUND INVESTMENTS**

**ENDOWED CHAIR**

During 1987, the University was awarded \$500,000 by the Commonwealth of Kentucky for an Endowed Chair for Eco-Systems Studies. University discretion, within the Board Policy, is used to invest these funds. Ten percent of the total earnings are returned to the Endowment investment pool. Ninety percent of the earnings are transferred to the Restricted Fund (Endowed Chair Grant) for program expenditures.

**SMITH ENDOWMENT**

During the fourth quarter of fiscal year 1991-92 and the first three quarters of fiscal year 1992-93, the University received proceeds, in excess of \$750,000, from the Laura Smith estate for the Smith Endowment. The majority of the proceeds were deposited with the Murray State University Foundation for investment in the investment pool.

**Note 8. CONSOLIDATED EDUCATIONAL RENEWAL AND REPLACEMENT (CERR)**

As established by the Board of Regents in March 1982, CERR provides a plant fund sub-group so that funds transferred from CEBRB could be accumulated for future projects of repair and renovation.

The University invests the proceeds in the same manner as CEBRB in Note 5.

Interest earnings remain within the fund for future projects.

**Note 9. UNEXPENDED PLANT FUNDS - SERIES G REVENUE BOND**

This capital construction clearing account holds the proceeds from the University's Series G bond sale until such time as they are needed for specific capital construction projects.

The University issued \$14,785,000 in Series G revenue bonds dated December 1, 1987. The proceeds are to be used to pay costs of repair, renovation, construction or addition to buildings on the campus of Murray State University that are and shall be a part of the Consolidated Educational Building Project. This project was established and created by the Board of Regents on April 20, 1961.

**Note 9. UNEXPENDED PLANT FUNDS - SERIES G REVENUE BOND (cont.)**

The University invests the proceeds in the same manner as CEBRB in Note 5.

Interest earnings on Series G can be spent on the Industry and Technology Building project or any other Educational and General project the Board and State approves.

**Note 10. UNEXPENDED PLANT FUNDS - SERIES H REVENUE BOND**

This capital construction clearing account holds the proceeds from the University's Series H bond sale until such time as they are needed for specific capital construction projects.

The University issued \$4,625,000 in Series H revenue bonds dated March 1, 1992. The proceeds are to be used to pay costs of repair, renovation, construction of addition to buildings on the campus of Murray State University that are and shall be a part of the Consolidated Educational Building Project. This project was established and created by the Board of Regents on April 20, 1961.

The Commonwealth of Kentucky invests the proceeds in a pooled account with other state agency bond proceeds.

Interest earnings on Series H can be spent on the renovation of the Old Find Arts Building and the Underground Steam and Condensate Lines as approved by the Board and State.

**Note 11. RETIREMENT OF INDEBTEDNESS - CONSOLIDATED EDUCATIONAL SINKING FUND (CESF)**

This fund was created, as a result of the first trust indenture established when the Consolidated Educational Building and Revenue bonds were sold in the 1960's, to provide a sinking fund to pay debt principal and interest expense on all related CEBRB bonds. The amount of interest earned is part of the formula for annual funding of CERR projects. (See Note 5)

Interest earnings are used to reduce the amount of semi-annual debt service transferred from University Unrestricted Educational and General Fund to this sinking fund. Bond requirements mandate a minimum reserve of \$3,543,480.

**Note 12. RETIREMENT OF INDEBTEDNESS - HOUSING AND DINING SINKING FUND**

This fund was created, as a result of the trust indenture established when the first Housing and Dining System Revenue Bonds were sold in the 1960's, to provide a sinking fund to pay debt principal and interest expense on related Housing and Dining Revenue Bonds.

Interest earnings are retained in the fund for future use. Bond requirements mandate a minimum reserve of \$679,204.

**Note 13. HOUSING AND DINING REPAIR AND MAINTENANCE RESERVE FUND**

This fund was created, as a result of the establishment of the trust indenture in Note 5, to provide a fund to pay for extraordinary repairs, not paid from the Auxiliary Fund, to the Housing and Dining System buildings.

Interest earnings are retained in the fund for future use. The use is determined by Board of Regents resolution and the indentures. Bond requirements mandate a minimum reserve of \$550,000.
