### Commonwealth Honors Academy

In November, 2000, Dr. Alexander established the Commonwealth Honors Academy. Dr. Ken Wolf, Dean of Student Life; Dr. Randy Black, Academic Dean; and Dr. Sandi Flynn, head of the Steering Committee, gave a brief review of the success of the program. Others assisting with the program included Jane Etheridge as counseling director and Lori Rogers as administrative assistant. The timeline of activities, academic activities and the student outcomes were reviewed.

### Report of the Dean of Admissions and Registrar

Mr. Jim Vaughan, Interim Dean of Admissions and Registrar, reviewed the enrollment status. He informed the Board that all indications are that the University will meet our enrollment goal of 9,325. The final official headcount report will be sent to the Council on Postsecondary Education (CPE) in mid October.

He recognized the hard work of faculty, deans, chairs, the school relations office, the extended campus program, scholarship office, housing office, scholarship and financial aid, the bursar's office, and our international student office. He also recognized Dr. Sandi Flynn who coordinated the graduate program and for breathing a breath of fresh air into our graduate enrollment. Again, all of the indicators at this point are very positive for another record enrollment for the fall of 2001.

### U.S. News and World Report

Mr. Jim Carter reported that *U.S. News and World Report* had just released the current year rankings of colleges and universities and, again, Murray State University is one of the top public universities in the nation. MSU came up in overall ranking one spot to 19. Also released are the top public universities in the south in which MSU is #5 this year; we were #6 last year. We all take pride for our faculty, staff and students and with this continued endorsement for the 11<sup>th</sup> consecutive year that we have ranked in the *US News and World Report*.

### Report of the Dean of Admissions and Registrar

Ms. Key moved, seconded by Ms. Dial, that the Board of Regents ratify the awarding of the degrees to individuals on August 3, 2001, as recommended by the Dean of Admissions and Registrar. Motion carried.

After members expressed a desire to explain their vote, the following explanations were given.

Marilyn Buchanon – “I would like very much to explain my vote due to past happenings of this week. This is quite out of character for me. As you sitting at this table know, it has always been my normal practice to simply vote my convictions on matters that come before the Board and to be quite reserved in my outward expressions. That’s for two reasons, I was taught early in life that we learn a lot more by listening than we do by talking and another thing is if you don’t talk nobody can misquote you. However, due to the level of importance of this action being that seldom approached during the history of this institution, the impact this action will have on the quality of education offered to students presently on campus and those to come and being mindful of the benefit derived from support throughout the region, I feel compelled to share with all interested constituencies the basis on which I have come to such a decisive and conclusive stance on this selection. In order to arrive at my decision and following the guidelines of the best search firm of its type in the United States, I basically ask myself the following questions:

Question #1. “Is an internal or external president more effective?”

“The realities of physical constraints requires that leadership prioritize the solicitation of public funds as well as private money. To be successful, efforts must be escalated to unprecedented heights in order to achieve this goal. In surveys handed out during the search process, we found that people seem to think that we needed a situation at Murray that was an 80 percent external president and 20 percent internal one and we were also asked not to be afraid to go out of the box.

Question #2. “Which candidate do you have the most confidence and comfort in placing Murray State’s future?”

“Obviously, Dr. F. King Alexander is my personal choice. My belief comes from findings of my personal and independent investigation into his background. My observations are that he has focused his educational studies on higher education and subsequently employed himself nationally and internationally in the abatement of public policies involved in higher education.

Question #3. “Who is the best to work with CPE?”

“His knowledge and record of discussions and debate with peers in an international arena make King Alexander the logical answer to this question.

Question # 4. “I debated on whether to even mention, but I decided last night that I needed to address this. If Dr. F. King Alexander were not Kern’s son, how would you rank him?”

“I have been very fortunate to have worked with a father, a brother and a husband. From this life experience, I learned at a very young age that one has to separate business and family. Due to this hands-on education, I can unequivocally tell you that I have been able to separate his name from my decision. I personally know that this area’s most successful leaders of enterprises are operated by the sons whose fathers established the business.

“In conclusion, I would like to say my vote is for King Alexander and to do otherwise would be to disavow my oath to always have as the ultimate objective to safeguard the best interest of this endeared university, my beloved Alma Mater.”

Terry Strieter -- “I being the only Board member to vote negative was to reflect the views of my constituencies. That doesn’t mean that I want to alienate the Board members; that doesn’t mean that I don’t want to work with the new President. King Alexander will be our next president and I think the faculty look, we’re going to have a difficult time to regain this administration and I can’t predict how long that might be, but you have a faculty here that loves

this university, that devotes its lives to the University and cares very much about everything that happens to the University. As long as the Board and King Alexander continue to talk to us and work with us, we'll do the best we can in the situation."

Nikki Key -- "Mr. Chairman, I would like to explain my vote. I'm the student representative on this Board and last spring when the Board of Regents came and talked to the students there were three main qualities that the students wanted to see in a new president. The first thing they wanted was a President they could relate to, someone that would understand their issues, their concerns, and they could relate to their issues.

"The second quality they wanted to see is someone who is visible on campus. They realize that a President, if they are doing their job as they are supposed to at this institution, isn't on campus that much, but when they are, they would like to see them in passing out on campus.

"The third most important quality the students of Murray State University wanted in a new President is they wanted an external President that would be out there in Frankfort and D.C. fighting for funds and working to get us the regional recognition deserved. That's why I as the student regent, after talking with my constituencies after all three candidates were on campus, wholeheartedly and enthusiastically gave the student vote to Dr. F. King Alexander."

Mike Miller -- "Mr. Chairman, certainly I have deep regard and respect for Dr. Terry and his vote and I understand it. I have met and talked with all three of our finalists and very frankly I was impressed with all of them, obviously, one more than others. I had a gentleman come to me yesterday and he said you know, Judge, it would be a tragedy if you voted against King Alexander because he is Kern's son. It would be even more tragedy if you voted for or against him because he is somebody's son. Since this whole process started and F. King Alexander became a candidate, I have not had a conversation with his father or any member of his family. After listening to all of them and particularly listening to his answers to the Student Government, I was very impressed with him. I said at the beginning that I would vote for the person that I thought would be the best president of this university. This vote is mine and mine alone and I am proud to cast it for F. King Alexander."

Don Sparks -- "As I told the Board in closed session, I had made my mind up that I was going to keep an open mind and I was going to attempt to not make my mind up until the conclusion of yesterday. I think I was able to do that. We had a fair search; we looked at a number of good candidates; we talked to a number of good candidates and I'm sure several of them would have made good presidents. But day before yesterday I attended the same meeting with the Student Government that Mike was alluding to and I saw magic. King Alexander's relationship with the students was magic and I think that he will be a student's president. But beyond that, his vision for what this university can become as he talked to us in interviews and as he talked to various groups, I think he creates excitement in me, personally, and I think he will create excitement on this campus. I understand the concerns about his youth and initially I had the same concerns. I believe that when you have an opportunity to grab a star, you'd better grab it."

Olivia Burr -- "I, too, like Mr. Sparks, I did not make up my mind until 24 hours ago. I think Murray State has a tradition and one of those traditions is that of growth. By my being from Paducah, we definitely want that growth to continue because we want our students to be able to take advantage of higher education without having to travel so far, especially students who are going back to school. We have a lot of people who are trying to go back to school. I considered that and I considered King Alexander's comments that he made to me personally about Paducah and his willingness to work with our leaders there, especially our Paducah Community College leaders, Kentucky Tech leaders, and the leaders of Paducah to expand the resources and build some bridges. I considered that and I like his leadership style, his ability to listen and his willingness to be a consensus builder, also his vision of the future. I think for this University, as we have talked about, we only have a window of opportunity, there are just so many students out there and we are going to have to expand our borders and we are going to have to reach out and get those kids. We have a lot of students who are not returning to college. I know I considered his experience and his age, but I couldn't consider that because that would be discriminatory and I could never discriminate against someone based on their age. I thought about that and my son started out at 26 as a plant manager so I definitely cannot consider that this man can't be a good leader. I think he can; I think he can lead this university to high

standards and we just have to follow. I cast my vote for him based on that.”

Lori Dial -- “I, of course, represent the staff, almost 900 employees at the university, and during the last couple of weeks I’ve gotten lots of calls, lots of email, and unfortunately there was no clear cut candidate that stood out among the staff. There were three exceptional candidates so I find myself in the position to decide who is the best candidate to further Murray State. Like Marilyn said, we need a President to be in Frankfort and Washington getting money for us because as the economy goes down we need someone there to fight for us to ensure salaries for the faculty and staff. They also benefit for the students and as I listen to Nikki, I have talked to her several times about what candidate the students feel would be the best candidate for Murray State and she assured me each time that it was Dr. Alexander. So I voted for Dr. Alexander because I feel and I hope the staff feel that he is the best candidate to further the goals and mission of the university.”

Elizabeth McCoy -- “Mr. Chairman, this Board is committed to the concept that it’s the President’s job to maximize the resources available to our university. Once we understand that premise, there was but one choice from the candidates that we had. Clearly the candidate most qualified in that particular area and Marilyn summed it up, all that she said eloquently, and I ditto everything that she said. Don made a point that we should really capitalize on and that is when you have an opportunity to grab a star you should do it. That’s the prime reason for my vote and I trust that everybody at this university and everybody in our region will not pass judgement on this man based on who his family is, either positively or negatively. You have to give him an opportunity to show us his style and his approach to leadership and his personal strengths. Once we do that, we will all come together and wholeheartedly support this man.”

Beverly Ford -- “Mr. Chairman, I gave a lot of thought to my choice and I think we have chosen a man of vision, which was asked for, a man of intellect and a man who has the background to satisfy the new economy which is changing rapidly. I have chosen F. King Alexander for those reasons, as well as these remarks that have been made. I agree with them.”

Sid Easley -- “There’s been some comment about the process of the search that we had, as Marilyn said, we did hire Korn/Ferry. They have been very good to work with all the way through. The search has had its rough spots and it has been as open honestly as you can make it other than mentioning names. I think we told you that we had interviewed initially back in May before school was out, we interviewed eight people and at that time we were unable to arrive at any agreement with those people, to find anyone to come to campus. Frankly, we had to go back to the drawing board. We went back to the drawing board and searched more, not only just the applications that we received, but called countless places, major universities throughout the county attempting to get a pool of candidates and, based on that, we were able to arrive at six people to interview. We interviewed those six very recently and out of those six, we found three that we invited to campus. We felt good about it; we felt that they were diverse candidates. They came from different perspectives. They were a wide array of candidates really and all of them were very capable in their own right. I think as we all arrived at the position that all of us have said that probably 70 to 80 percent of the president’s time is spent externally. That doesn’t mean they are away from Murray that much, but that means they are on the telephone, it’s that constant external type work that they have to do and that we really, our judgement came down to that area, who would externally, who would be the best person in dealing with the outside. This is very much in line with what other universities in Kentucky are doing. If you look at the last three presidents that have been named in Kentucky, Eastern, Western, and the University of Kentucky, those are the type people that are being selected. I think I’m right, I may be wrong on this, but I’m not sure but one of the three have ever taught at all. I think they have been development officers of those three and I know one was a lawyer. I think that’s the trend because we know externally what has to be done and I think that’s where most of us were. Then when King Alexander’s name came up, we wanted to see him because it was obvious that you had a problem because he was his father’s son and you worried about that. It was very obvious. But once we interviewed him, this group, the whole thing changed and we saw that same thing happen when he came to campus. That was the feedback really that we got that here is a brilliant, young, idealistic, personable, energetic person who will inspire students and prospective students. He has a vision for Murray State University, but more important, I see in him the type person who has the ability and the personality to inspire other people to have a vision. I saw that when I saw those students and I think of his ability to recruit students. So because of that, that’s where we are today. Even now you never make these decisions by

yourself, you look at what other people are and this was not a one person decision on this Board by any means. It was not a two person; it was not a five person decision. We would not have done this, I'm convinced we would not have done this unless we had a very substantial majority of the Board. You all's collective judgements, coming from different worlds, different families, different parts of the state representing different constituencies, all coming together and reaching this common consensus gives me confidence in what we did. I want to say also that every one of you, every single meeting we had this week, everybody was there and that was incredible. This has been a seven month process, a thousand phone calls, going to Nashville, doing all the things that you had to do, and the university is indebted to you and I look forward to working with the next president."

Wells Lovett -- "I appreciate the opportunity to tell you why I voted for King Alexander. King Alexander is a person who I feel like I know real well. That's a pretty rare experience to have when electing someone for this position, so often we go on recommendations from people who we don't know. Here's a fellow that we all know real well. He's clearly a person of good will; he's a person of good spirits; he's a family man; and I'm going to suggest with all the heartache that's come with his personal tragedy that undoubtedly has given him a quality that will be of great value, every year we had one, two, three personal tragedies among the families of this university. King Alexander can speak as a person who has experienced that kind of hurt himself. I think this university at this time has the strongest faculty that it has ever had and I believe that's generally agreed. I think the record objective standards, as well as subjective standards, we have the best student body we have ever had. By that I mean the smartest, the most energetic and probably most importantly the most spiritually directed student body that Murray State has ever had or any other university. We have the best trained and the most loyal staff. As anything that has been understated for the last several years is the strength and loyalty of the staff at this university and it has come at a very superb time. We have the best support from the state and from private donors that we have ever had. We have now had seven or eight years of a united, able, highly commended Board of Regents. And I might say that this has been shown to me more importantly the last twenty to thirty minutes than I have seen it in a long time. I'm kind of like Al Josen, when it comes to Murray State University with all the wonderful accomplishments, these candidates have commented on how wonderful the campus looked, called it the most beautiful campus in the south, Al Josen would say when it comes to Murray State University you ain't seen nothing yet."

Don Sparks -- "Mr. Chairman, I want to say one more thing that I meant to say and I want to address my remarks to Gary Brockway. I hope you take this, Gary, as a statement of confidence on the part of this Board and you. We talked at length to all of the candidates about the Provost system and King Alexander I'm sure he discussed it with you and the deans, he believes that is the system to operate under; he believes it will work and we do also. We want to tell you as a Board that we will support you and we will support him in whatever he needs to make the system work."

Elizabeth McCoy -- "I just want to say publicly what I said in Executive Session and that is thank you, personally, Sid, for the leadership that you have provided to all of us during this process. The general public could never appreciate the amount of time that you personally have given to the process and I just want to be sure that I, on behalf of everybody, thank you publicly for that."

MURRAY STATE UNIVERSITY  
NOTES TO FINANCIAL REPORT  
For the Period July 1, 2000 through June 30, 2001

**Note 1. Summary of Significant Accounting Policies**

*Accounting Basis*

The annual financial statements of Murray State University are prepared on an accrual basis of accounting except for depreciation on physical plant and equipment.

Tuition and fee revenues for a semester are recognized upon recording the receivable, normally before or shortly after the semester begins. Revenues of summer school academic terms are reported in the fiscal year in which the programs predominately fall. Therefore, deferred tuition revenues are recorded for terms which have not begun at year-end. State appropriations revenues are recognized upon receipt.

Expenditures are generally recognized, for interim reporting, in the period expended rather than the period incurred. Some liability accounts on the Balance Sheet are not adjusted until year-end, at which time all expenditures are accrued.

*Fund Accounting*

To ensure observance of limitations and restrictions placed on the use of the resources available to the University, the accounts of the University are maintained in accordance with the principles of "fund accounting". This is the procedure by which resources for various activities are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified.

Current funds are used primarily to account for the transactions affecting the general operation of the University. These resources are expendable for performing the primary and support objectives of the University. Restricted gifts, grants, appropriations, and other restricted resources are accounted for in the appropriate restricted funds.

All gains and losses arising from the sale, collection or other disposition of investments and other non-cash assets are accounted for in the funds which owned such assets. Ordinary income derived from investments, receivables, and the like is accounted for in the fund owning such assets.

**Note 2. Deposits and Investments**

The University currently uses commercial banks and the Commonwealth of Kentucky for its depositories. Deposits with commercial banks are covered by Federal depository insurance or collateral held by the bank in the University's name. At the state, the University's accounts are pooled with other agencies of the state. These state pooled deposits are substantially covered by Federal depository insurance or by collateral held by the state in the state's name. The investments of the University not held in the state investment pool are insured or registered, or are held by the University or by an agent in the University's name. Bond sinking fund investments, held by the trustee, are stated at market value.

MURRAY STATE UNIVERSITY  
**NOTES TO FINANCIAL REPORT (cont'd)**  
For the Period July 1, 2000 through June 30, 2001

**Note 3. Inventories**

Inventories are stated at the lower of cost, using first-in-first-out valuation, or market.

**Note 4. Murray State University Foundation, Inc.**

Murray State University Foundation, Inc. (the Foundation) is a Kentucky not-for-profit corporation formed to receive, invest, and expend funds for the enhancement and improvement of the University.

The Foundation prepares and issues its own financial statements.

**Note 5. Prior Year Carryovers and Encumbrances**

Budget revisions for Prior Year Carryovers and Prior Year Encumbrance Carryovers are based on actual balances brought forward to date from fiscal year 1999/00.

**Note 6. Tuition and Fees and Scholarships**

Incentive Grants of \$1,821,775 have been included as both tuition and as scholarship expenditures. The amounts are \$945,525 for Fall 2000 and \$876,250 for Spring 2001.

**Note 7. Unrestricted Expenditures**

In addition to expenditures, outstanding encumbrances as of June 30, 2001 are \$499,786 for Educational and General and \$173,854 for Auxiliary Enterprises.

MURRAY STATE UNIVERSITY  
NOTES TO INVESTMENT REPORT  
For the Period July 1, 2000 through June 30, 2001

**Note 1. BASIS OF REVENUE RECOGNITION**

Accrual basis accounting is used to recognize interest earnings on the Investment Report.

**Note 2. INVESTMENT POLICIES AND PROCEDURES**

**POLICIES**

Scope: This investment policy applies to activities of the University with regard to investing the financial assets of all funds, including those maintained by:

- I. the Commonwealth of Kentucky's treasury,
- II. local depositories, and
- III. external trustees and investment managers.

Written procedures will indicate which funds are covered under each of the previously mentioned investment structures.

Goals: Consistent with state statutes and administrative regulations, the goals of the University's investment program are:

- \* preservation and maintenance of the real purchasing power of the principal in the portfolios,
- \* maintenance of sufficient liquidity to meet normal and foreseeable expenditures, and
- \* attainment of the greatest possible dollar return to the University while observing statutory and policy constraints.

Investment Objective: The investment objective is to produce a yield that when compared to the current marketplace, would be described as competitive by investment managers.

Strategy: The University's investment strategy is designed to match the life of the assets with the date liability occurs.

Delegation of Authority:

General: The treasurer is responsible for investment decisions and activities, under the direction of the Board of Regents. The Treasurer shall develop and maintain written administrative procedures for the operation of the investment program, consistent with these policies. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions. No person shall engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Treasurer. The Treasurer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate investment personnel.

Bond Funds: With regard to bond funds, the investment/reinvestment (on instruments authorized by the bond indenture and resolutions) by the trustee(s) shall be directed from time to time by the Treasurer.

Minimal Non-Cash Investment Transactions: In order to correct stock transfer errors or dispose of small non-cash investments, the Treasurer is authorized to sell or otherwise dispose of items less than \$25,000 without specific resolution from the Board of Regents.

**Note 2. INVESTMENT POLICIES AND PROCEDURES (cont.)**

**Reporting:** The Treasurer and the Vice President for Administrative Services shall submit quarterly investment reports to the President and Board of Regents. These reports will include investment data for investment securities held at the end of the reporting period.

**PROCEDURES**

Specific investment procedures are contained within the full "Investment Policies and Procedures" as approved by the Board of Regents on May 14, 1994.

**Note 3. DEPOSITS AND INVESTMENTS**

The University currently uses commercial banks and the Commonwealth of Kentucky for its depositories. Deposits with commercial banks are covered by Federal depository insurance or collateral held by the bank in the University's name. University funds deposited with the State Treasurer are pooled with funds from other state agencies. These state pooled deposits are substantially covered by federal depository insurance or by the collateral held by the bank in the state's name. The investments of the University not held by the state investment pool are insured, registered, or held by the University or by an agent of the University.

Below is a summary of the investments held by the University:

	06/30/2001 Carrying Amount	06/30/2000 Carrying Amount

**Note 4. CURRENT FUNDS - LOCAL BANK ACCOUNT**

Effective June 1, 2001, the University entered into a new banking contract with Firststar Bank, NA of Bowling Green, Kentucky. This contract stipulates that interest earnings will be based on the Federal Funds target rate less .25%.

Interest earnings may be expended in Current Fund.

**Note 5. CONSOLIDATED EDUCATIONAL BUILDING AND REVENUE BOND FUND (CEBRB)**

This fund was created, as result of the trust indenture established when the first Consolidated Educational Building Revenue Bonds were sold in the 1960's, as a depository of tuition and fees in order to provide funds to service the principal and interest debt requirements of each series of aforementioned bonds. The fund also supports the Educational and General Funds operations.

**Note 5. CONSOLIDATED EDUCATIONAL BUILDING AND REVENUE BOND FUND (CEBRB) (cont.)**

The Commonwealth of Kentucky Office of Financial Management invests available funds of the CEBRB in the State's university investment pool.

All interest earnings are transferred to Consolidated Educational Renewal and Replacement (CERR) at the end of each quarter according to the Board's approval for renewal and replacement projects.

**Note 6. AUXILIARY FUNDS - HOUSING AND DINING REVENUE FUND**

This fund was created, as a result of the trust indenture established when the first Housing and Dining System Revenue Bonds were sold in the 1960's as a depository of all auxiliary income in order to provide funds to service the principal and interest debt requirement of each series of aforementioned bonds. The fund also supports the Auxiliary Fund operations.

**Note 7. ENDOWMENT FUND INVESTMENTS**

**ENDOWED CHAIR**

During 1987, the University was awarded \$500,000 by the Commonwealth of Kentucky for an Endowed Chair for Eco-Systems Studies. University discretion, within the Board Policy, is used to invest these funds. Ten percent of the total earnings are returned to the Endowment investment pool. Ninety percent of the earnings are transferred to the University's Restricted Fund (Endowed Chair Grant) for program expenditures.

**SMITH ENDOWMENT**

During the fourth quarter of fiscal year 1991-92 and the first three quarters of fiscal year 1992-93, the University received proceeds, in excess of \$750,000, from the Laura Smith estate for the Smith Endowment. The majority of the proceeds were deposited with the Murray State University Foundation for investment in the investment pool.

**REGIONAL UNIVERSITY ENDOWMENT TRUST**

As of December 31, 2000, the University has been awarded a total of \$3,710,000 by the Commonwealth of Kentucky for endowed faculty positions and scholarships. These funds were awarded based on the University meeting the matching requirement with private funds. The proceeds were deposited with the Murray State University Foundation for investment purposes. Earnings are transferred to the University's Restricted Fund for program expenditures.

**Note 8. CONSOLIDATED EDUCATIONAL RENEWAL AND REPLACEMENT (CERR)**

As established by the Board of Regents in March 1982, CERR provides a plant fund sub-group so that funds transferred from CEBRB could be accumulated for future projects of repair and renovation.

The University invests the proceeds in the same manner as CEBRB in Note 5.

Interest earnings remain within the fund for future projects.

**Note 9. UNEXPENDED PLANT FUNDS - SERIES G REVENUE BOND**

This capital construction clearing account holds the proceeds from the University's Series G bond sale until such time as they are needed for specific capital construction projects.

The University issued \$14,785,000 in Series G revenue bonds dated December 1, 1987. The proceeds are to be used to pay costs of repair, renovation, construction or addition to buildings on the campus of Murray State University that are and shall be a part of the Consolidated Educational Building Project. This project was established and created by the Board of Regents on April 20, 1961.

The University invests the proceeds in the same manner as CEBRB in Note 5.

Interest earnings on Series G can be spent on the Industry and Technology Building project or any other Educational and General project the Board and State approves.

**Note 10. UNEXPENDED PLANT FUNDS - SERIES H REVENUE BOND**

This capital construction clearing account holds the proceeds from the University's Series H bond sale until such time as they are needed for specific capital construction projects.

The University issued \$4,625,000 in Series H revenue bonds dated March 1, 1992. The proceeds are to be used to pay costs of repair, renovation, construction of addition to buildings on the campus of Murray State University that are and shall be a part of the Consolidated Educational Building Project. This project was established and created by the Board of Regents on April 20, 1961.

The Commonwealth of Kentucky invests the proceeds in a pooled account with other state agency bond proceeds.

Interest earnings on Series H can be spent on the renovation of the Old Fine Arts Building and the Underground Steam and Condensate Lines as approved by the Board and State.

**Note 11. RETIREMENT OF INDEBTEDNESS - CONSOLIDATED EDUCATIONAL SINKING FUND (CESF)**

This fund was created, as a result of the first trust indenture established when the Consolidated Educational Building and Revenue bonds were sold in the 1960's, to provide a sinking fund to pay debt principal and interest expense on all related CEBRB bonds. The amount of interest earned is part of the formula for annual funding of CERR projects. (See Note 5)

Interest earnings are used to reduce the amount of semi-annual debt service transferred from University Unrestricted Educational and General Fund to this sinking fund. Bond requirements mandate a minimum reserve of \$2,003,615.

**Note 12. RETIREMENT OF INDEBTEDNESS - HOUSING AND DINING SINKING FUND**

This fund was created, as a result of the trust indenture established when the first Housing and Dining System Revenue Bonds were sold in the 1960's, to provide a sinking fund to pay debt principal and interest expense on related Housing and Dining Revenue Bonds.

Interest earnings are retained in the fund for future use. Bond requirements mandate a minimum reserve of \$1,202,211.

**Note 13. HOUSING AND DINING REPAIR AND MAINTENANCE RESERVE FUND**

This fund was created, as a result of the establishment of the trust indenture in Note 5, to provide a fund to pay for extraordinary repairs, not paid from the Auxilliary Fund, to the Housing and Dining System buildings.

Interest earnings are retained in the fund for future use. The use is determined by Board of Regents resolution and the indentures. Current bond requirements mandate a minimum reserve of \$1,108,100.

**Note 14. UNEXPENDED PLANT FUNDS - SERIES N HOUSING AND DINING REVENUE BOND**

This capital construction clearing account holds the proceeds from the University's Series N bond sale until such time as they are needed for specific capital construction projects.

The University issued \$6,370,000 in Series N revenue bonds dated April 1, 1999. The proceeds are to be used to pay costs of certain fire safety and maintenance improvements to buildings on the campus of Murray State University that are and shall be a part of the Housing and Dining System. This system was established and created by the Board of Regents on September 1, 1965.

The Commonwealth of Kentucky invests the proceeds in a pooled account with other state agency bond proceeds.

Interest earnings on Series N can be spent on fire safety improvements and maintenance of certain housing facilities as approved by the Board and State.

Effective March 31, 2000, Chase Manhattan Bank (trustee) consolidated the Series N Reserve Sinking Fund into the Housing and Dining Bond Reserve Sinking Fund, eliminating the need for separate reserve accounts.

**Note 15. UNEXPENDED PLANT FUNDS - SERIES O HOUSING AND DINING REVENUE BOND**

This capital construction clearing account holds the proceeds from the University's Series O bond sale until such time as they are needed for specific capital construction projects.

The University issued \$1,610,000 in Series O revenue bonds dated June 1, 2001. The proceeds are to be used to pay costs of replacement of water supply lines, replacement of a heating boiler, and installation of electrical tap connections for fire pumps for certain buildings on the campus of Murray State University that are and shall be a part of the Housing and Dining System. This system was established and created by the Board of Regents on September 1, 1965.

The Commonwealth of Kentucky invests the proceeds in a pooled account with other state agency bond proceeds.

Interest earnings on Series O can be spent on improvements and maintenance of certain housing facilities as approved by the Board and State.
