Tobacco Men ECONOMIZE
Co-Operative Association Assures Steps to Save Organization's Money.

Teakettle, Ky.—According to the regular monthly meeting of the Burd Tobacco Growers Cooperative Association at Teakettle, Ky., announcement was made at the association headquarters that the association's annual meeting slated for next Tuesday will be held at 6:30 p.m. instead of 7:30 as heretofore. The revised schedule would reduce the association's costs by approximately $1,400. This action is based on the evaluation of a number of proposals. The association's executive committee has been set up to operate on a more limited basis while the central offices of the company are functioning as agents to transact all business. In this connection it should be recognized that there is now a reduction in salaries, elimination of some of the district offices in the central office, and possible economies put into effect for handling the new crop of tobacco as expeditiously and economically as possible.

The dairyman who has found out how to make more milk at less cost is getting more milk profits this year. Those herdsmen in this section big dairymen in this section big in Chow Chow are yielding more milk this year than ever before. This has been made possible through the use of various feeds that have increased the growth of improved cows. This increased growth of cows has been enabled to take over more of the heavy production load and is one of the reasons why the prices received by the dairyman have increased.

We never had a nicer lot of sorghum, and we're saving it for you, to offer, but nice sorghum at $1.00 per gallon is our Special for Wednesday, and you should get yours early to avoid disappointment.

How He Gets Milk Profits
The farmer who is getting milk profits this year is the fellow who has found out how to get more milk at less cost per gallon.

He Feeds Purina Cow Chow

Work On I. C. Cut Off Will Begin At Fulton Soon

N. Hall, mayor of Fulton, received an official notice from the head office of the Illinois Central Railroad Company that the plans for the completion of the cut off work at Fulton will be started at an early date. The cut off work will involve the construction of a new railroad line that will bypass the existing rail line, thus reducing travel time and improving traffic flow.

The completion of this project will have significant implications for the area, particularly for transportation and economic development. The Mayor of Fulton, in his statement, highlighted the importance of this initiative for the region.

Thanksgiving
Suddenly over the border
That sheltered night from day
The sun had dipped and as quietly
Sank on its couch-like way.
But in the west three lingered
In deeper hues and far.
A twilight which awakened
The watcher's heart to prayer.

God, for bounties shown me,
The mace, the crimson and gare,
That herald the advent of evening
And tell of departing day;
For clouds tinged with gold and silver,
For heaven's latents fair,
For all of earth and its wonders,
I offer this, my prayer.

I thank thee for friends who are loyal,
For dear ones, for love that is true,
For hope and the comfort it brings me
When day and my labors are through;
For victories won o'er the tempter,
For strength of my body of clay,
For peace in our land of freedom,
And hope—for the coming day.

—D. T. Talbot.

Thanksgiving Reveries and Queries

Thanksgiving is the first of American holidays. As the earliest to be observed, it is the birthday of Washington and Lincoln. It commemorates the harvests gathered during the first season of settlement at Plymouth, Massachusetts, in 1621. Thanksgiving Day is a time for family reunion, a time for remembering and giving thanks for what the future holds. It is a time for rejoicing in the presence of our Creator and the good providence of our Father God, Thanksgiving is therefore, national and international in meaning. It is a day for celebrating the full round of work and play, of planting and reaping, of the springtime and the autumn. It is a time for rejoicing in the presence of our Creator and the good providence of our Father God.

Thanksgiving is another and greater Thanksgiving. It is the Thanksgiving of the American people, a day for giving thanks for what the future holds. It is a time for rejoicing in the presence of our Creator and the good providence of our Father God. It is a day for celebrating the full round of work and play, of planting and reaping, of the springtime and the autumn. It is a time for rejoicing in the presence of our Creator and the good providence of our Father God.
