Line Up With Fulton's Greatest Organization—Chamber of Commerce

What does a Chamber of Commerce stand for? It stands for a great many things, and more are being added to the list all the time, both in Fulton and in the world at large. It is a part of the progress that is going on all around us, and it is the business of the men of Fulton and all of the community to make sure that the business of Fulton is as well represented as the progressive business men and citizens in Fulton showed when the Chamber of Commerce was organized. The good fortune of a man or a company is usually the result of the genuine interest and cooperation of the entire community. A merchant has to be successful not only in the betterment of the organization itself but also in the interest of all the people of the city. And the time has come that the people of Fulton should make sure that our organization is properly looked after, and that the business of Fulton can be made successful in the same way that other organizations are. To do this it is not enough to have a few leaders or a few organizations. It is necessary that the entire community should come together to make sure that the Chamber of Commerce and the other organizations are given the proper attention and the proper care. The Chamber of Commerce is a part of the city, and it is the duty of all the people of the city to see that it is properly looked after. The Chamber of Commerce is a part of the community, and it is the duty of all the people of the community to see that it is properly looked after.
