LOCAL OPTION CAMPAIGN COMMITTEE:

We the undersigned committee forty men, acting upon the solicitation of the committee of the County Executive, endeavoring to form a "campaign committee" for the city of Fulton, in the campaign against the sale of alcoholic liquors, hereby make public our names and official positions, and hereby announce the task we are solicited to accept, or to assist in the carrying out of the campaign against the sale of alcoholic liquors.

We, therefore, call upon all peace-loving, God-fearing, law-abiding citizens of education, religion, or ethics, or even in stand with us in this crusade.

We are presenting our headquarters on the second floor of the City National Bank building, where we shall glad-fellow all the friends of the temperance cause, and we will exercise every means in our power to make the campaign a success.

The News About Taxes.

It has been said that the Board of Equities made the same rate on our property and that there were very little to go to state that I know I do in any one, but I will tell you that it was reported to the Board who did the work that in the case of that I drank, the Board being Dan Fields, Dock Steele, and I. I heard the same one that could have been witnessed, but you have to make it your self. I believe that in the case of the property, does not include the land, and it could and should be abated by the Board in his charge, and if you want you can get the Board.

Betsy's Pointers.

There are a great many reasons for exorbitant prices. A dairyman told me his milk was higher because his cow jumped over the moon and he's as reasonable as some others I have heard. But there's one place with no excuse, because their prices can be reached without a balloon, and you know who I mean, McDowell's, the folks that combine High Quality and Low Price. See the special prices they make this week on Wash Drew's and Skirts.

No room in the home deserves more attention than the bath room, because your health may depend upon the quality of the fixtures and the plumbing. Objectionable plumbing creates sewer gas and sewer gas brings typhoid fever and malaria. (2)

Sanitary plumbing and "Porcelain Enamel" Porcelain fixtures make your bath room healthier, beautiful and luxurious. We will show fixtures for the class of work and change no more than you pay for the other kind. Let us estimate for you and prove the truth of this.

Negro Warned

High License Negro Abused and Made To Leave Town

The outrageous conduct of three men who ran the negro "high license" bar in this city yesterday was curiously and comically described by a negro passenger on the streetcar who happened to be in the neighborhood of the bar last night. The negro was brought home to talk in the interest of high license. He came with letters of recommendation, which showed him to be a good citizen. He said that the residents of the neighborhood had complained to the proprietor of the place, the negro, but that he continued his unsanitary and disgusting practices.

"We submit to the decent, law abidin citizens," the negro said, "that high license was a flat failure. And all for Jesus."
