Tom Prather Candidate For Sheriff's Office

T. A. Prather Jr., "Tom" to his hundreds of friends throughout Fulton County, will make the race for Sheriff this year. Following appeals from friends in various communities Mr. Prather today authorized The Fulton County News to make formal announcement of his candidacy for this office, subject to the action of the Democratic primary on Aug. 5, next.

For the past three years Mr. Prather has been chief deputy under Sheriff Goulder Johnson, and is thus thoroughly familiar with all the duties and requirements of this important office, and in a position to fill it satisfactory to the people of the county, if they elect him.

Tom Prather needs no introduction to the people of Fulton County. He was born and reared in the county, attended the schools in the county, and has lived all his life in its confines. He comes from one of the oldest and most respected pioneer families in this section—a family that has played its part in the history of Fulton County for more than a hundred years.

Mr. Prather has had all the necessary experience and training to handle the office of Sheriff of Fulton County and he told The News that he promised the people of the county that if they elected him to this high office he would give them the best possible service—striving his best to be fair to all, to perform all the duties according to law and to run the office just as the people and taxpayers wanted it run.

At the proper time, Mr. Prather will make an effort to see every voter in the county personally, but in the meantime he takes this means of letting his friends and supporters know that he is in the race to stay and that he will deeply appreciate anything and everything they can do for him in the primary campaign. Mr. Prather asks that every voter in the county give his candidacy due consideration, as he is confident he can make the people of the county a good Sheriff.

LOWE ANNOUNCES NEW FUNERAL SERVICE

Lowe Funeral Service Company announces this week a new funeral service that should reach many people in this community. The plan he offers proposes to reduce burial expenses for certificate holders. This company will have two offices one in Fulton and another in Union City.

GENERAL ELECTRIC KITCHEN COACH TO VISIT FULTON

Russell Travis, manager of Travis Electric Refrigeration Co., General Electric distributors for Fulton and Hickman counties, announces the appearance in Fulton next Monday, May 29th of the General Electric kitchen coach, equipped with G-E refrigerator, range and dishwasher. It is mounted on wheels and making a tour of the country in demonstration work for the General Electric company.

Housewives and local citizens are invited to see the "electric kitchen" on display here Monday. Mr. Travis urges you to see the "kitchen of your dreams" when the kitchen coach comes to Fulton. It will tour Fulton and be parked at 203 Commercial av.

NARCOTIC RING UNCOVERED HERE

An investigation which has been underway by federal agents in this section for several weeks, disclosed an alleged narcotic ring operating in Fulton, Martin and Union City, and resulted in the arrest of Dr. Louis Vaughn, negro of Fulton.

Vaughn was bound over to the grand jury on narcotic charges after a hearing before Commissioner J. C. Burdick at Union City and was sent to jail in default of \$10,000 bond.

Richard Meredith Taylor and negro physician, Dr. James Ethel Pope, were arrested by Agent Williams a few days ago at Union City as the alleged leaders of the ring which is said to have been doing a flourishing business.

Baseball

In what was expected to be the largest opening of any kind of sport in Fulton the Twilight League opened Friday night of last week to approximately 1100 people were thrilled to the last minute of play in the second game. Every person who attended was well pleased with the results of the games together with the various speeches made by local citizens.

The season was officially opened by Mayor Paul DeMyer who pitched out the first ball and Walter Evans, president of the league attempted to hit it but due to the fact that the ball was something like thirty feet high, wide and handsome, the president only stood and watched it go by. Maybe some of the managers will be trying to hire the Mayor to bolster their hurling staff.

The first game resulted in a victory for Warner Bros. over Swift by the score of 14 to 8. Uncle Jimmy Roberts was the winning pitcher of the contest, allowed only 9 hits.

Home runs were numerous in this game with Shuck and Weaver contributing homers for Warner and Sullivan smacking them for Swift. Joyner for Swift and Loney for Warner were the hitting stars of the game. Both contributed 3 hits in four attempts.

The second game resulted in a very tight contest between OK Laundry and K. U. with OK Laundry taking a 2 to 1 lead in the first inning, with a homerun by Buckingham followed by 2 walks an error and single by Davis. K. U. jumped into the lead in the next round and stayed there until the last half of the seventh when O K sprung up and scored three runs, just enough to win out. Again home runs were numerous with Bynum of K. U. contributing two and Buckingham and Gibbs each connecting for the circuit.

Davis with 3 out of 4 lead the O K boys and Bynum with two homers in 3 official trips for the K. U. boys.

The K. U. nine won a very close and hard fought game from the Iceles Tuesday afternoon by the score of 13 to 11. The Iceles had the K. U. boys outplayed throughout the game but one big inning lost the game for them. Earl Collins of the K. U. was the hitting star with three home runs to his credit. This makes five for the year for Earl.

The Diamond D-X boys won their game over Dalton Cleaners Tuesday night by the score of 13 to 5. The D-X nine jumped in the lead and was never halted.

The fast Warner boys laid it on the O K Laundry Monday afternoon by a score of 14 to 10 after a hotly contested battle. This makes it three in a row for the Warner boys and puts them in undisputed first place in league standing.

The boys from the Swift Plant clad in their new uniforms of blue trousers, white shirts and red and white caps, sank the White Way nine Monday night in an 8-inning fracas by the score of 16 to 13. Mike Sullivan was a thorn in the side of the White Ways when he connected twice for the home run route.

DUKEDOM POSTMASTER HELD

Pete Cashon, postmaster of Dukedom, Tenn., was arrested Tuesday by Deputy Marshall Sisson of Jackson on charges of violation of postal laws and embezzlement. Cashon waived examination before U. S. Commissioner Burdick at Union City, and was placed in jail when he failed to make bond. He will be tried at the September term of federal court.

ROBBERS STICKS UP D. T. CREEDLE AT STORE

A robber held up D. T. Creedle at his store on East State Line at Wednesday night about 8 o'clock just before he closed his store. The thief got about \$5 from the cash register but overlooked currency in a back till of register. Mr. Creedle also lost his 25-automatic which the hold-up man took off of him.

Many Awards Included In "Weekly Payroll" Subscription Campaign

\$631 Chevrolet Heads Prize List; Vacation trip To World's Fair Second Award in Big Circulation Drive.

One of the most attractive and generous distribution of prizes ever offered the people of this section is announced today by The Fulton County News, anyone being allowed to enter and compete for the valuable awards that will be given away. Hundreds of dollars in prizes and commissions will be awarded those who take an active part in helping to extend and intensify the circulation of their county paper.

It costs absolutely nothing to take part, and it is not necessary that you should have had experience in this sort of work or even be a subscriber of this paper.

One of the most attractive features of the campaign is that there will be no losers. All who compete actively according to the rules, will either win one of the awards or a generous cash commission on each subscription they secure. Both old and new subscriptions count big in votes, and votes alone will decide the winners when the final curtain falls.

Payroll Plan Is Brief

The "Weekly Payroll" plan assures every active worker compensation in exact proportion to the time they devote to the work. The total cash subscription collections of each worker will be summed up at the close of their second week of the campaign and at the close of each week thereafter, and a commission of 20 per cent will be reckoned and paid against their order as follows: A drawing account of HALF of the above mentioned commission will be advanced each worker any time after their SECOND week of the race against their request such payments being considered in the light of an "advance" against either of the two major awards, and refundable by representation of either of these awards by the workers who win them. After the major awards have been determined, the remaining workers will receive the balance of their commission and bonus money in accordance with the rules of the campaign.

Representatives Wanted

Sales representatives are wanted in every part of the county and also in adjacent counties. The campaign will be short and the earnings of those who take part and make the best records will be very attractive. All who enter are assured that they pay the work will be in exact proportion to the effort made as all who remain active will be paid 20 per cent cash commission on each dollar paid into the office, in the event they do not win a major award. Remaining active means making a regular cash report to the campaign office at least once a week.

Busy People Most Successful

Persons of energy and ambition living in any part of this trade territory will be attracted by this unusual opportunity. Definite instructions are given those wishing to take part, and can benefit right from the start by the experience of others in this sort of work.

It should be definitely understood that this is NOT a beauty contest but a business-like sales campaign in which those who make the best record will earn the biggest reward.

Here perhaps is just the chance you have been waiting for. Here is an opportunity to earn over \$100.00 per week for the next few weeks. An opportunity to earn prizes of such value that would otherwise take years of self-denial and savings to acquire. Especially do we desire to interest the type of men and women who are leaders in their social and business life of their respective communities. The busy housewife, the community leader, those who are active in any local affair, will find here an opportunity

of turning their experience and influence into large rewards, and at the same time, doing a real service in helping to extend the influence of their home paper.

Votes Alone Win

It is not a question of how much cash a candidate collects as to whether he or she wins First Prize but a question of how many votes they earn. Note the vote schedule on the double page ad, and then you will find that the longer term subscriptions secured, the greater number of votes earned in proportion. The candidate securing the greatest number of votes for the entire campaign will be declared the winner of first honors and will be presented with a brand new Master Six Chevrolet Coach fully equipped, the latest thing out in the manufacture of these popular automobiles. This car is a beauty and well worth a real effort.

It would be a serious mistake to think that only those who are able give their entire time to the work can compete successfully. As a general rule those who are the busiest have learned to use their time to the best advantage. When work for the schools, churches or other local organizations is to be done, the busiest people are the ones called on because they accomplished more in a short time than others could in weeks.

The work of taking subscriptions for this paper is more like politics than sales work. It is simply a case of asking your friends to vote for you. A great many people will take the paper anyhow so why not have them give you their subscription and the benefit of their votes? Those competing for the prizes will not be limited to territory nor the number of people helping them.

Fairness A Feature

Those interested in sharing in this attractive list of prizes are assured that absolute fairness will be a feature of the campaign plan. Every possible safeguard will be thrown around the work by those competing and the unfavorable features of the old-fashioned automobile contest will be absent. The standing published each week will be comparative and not complete and at no time during the campaign will the workers or their friends be able to ascertain the exact difference between their standing and that of others. During the last week neither the publisher, the campaign manager or anyone connected with the paper will see or touch the work of any candidate, these records being handled secretly through an outside committee.

Why Not You

Many of those now reading these lines either have no car of their own or would like to acquire a brand new auto. A most attractive opportunity presents itself to you today. Send in your name at once. An entry blank is published elsewhere, clip it out, fill in your name at once. And send it in and our representative will call on you immediately and get you started on the road to success. If there is anything about the campaign plan you do not understand, call at this office or write, and full information will be given you at once. You have all to gain and nothing to lose, not even your time as all active candidates must win one of the awards or a liberal cash commission. You will find it easy to enroll your Home People as subscribers to your Home Paper. Your friends will give subscriptions to some one, why not you?

Campaign Office

A campaign office has been established at The News office to take care of the workers. The Campaign Manager or his wife will be at the office each day from eight o'clock in the morning until six o'clock in the afternoon. Call at the Campaign office and they will explain the plan to you in detail.

ONE FOR ALL, ALL FOR ONE

Fulton should claim her dollars and use them to her own ends—she has every advantage. One for all and all for one, and let's go ahead in united effort for the general good of our entire community.

Could cruel indifference, overrated exactness or miscalculated activities be the cobweb that needs to be dusted from the third brain of municipal progress? Has a prospered, progressive people forgotten the propelling force, as old as creation, namely—love, the fountain-head from which ripples the clear, singing streams of co-operation, fraternity, industry and charity, and forming the boundless sea of peace and plenty, upon which all the earth delight to ride?

Love makes the mna, the man

Relax Tense "NERVES"

Loss of Sleep, Crankiness, Headache, Neuralgia, Indigestion and Fatigue are common results of over-work and nerve strain.

Miss Ruth Sheets, a charming Michigan school teacher says: "I have taken you NERVINE during my college work and when I get those nervous spells after a hard day's teaching, I am sending my mother's name to you. Will you please send her a trial package?"

Relax your tense nerves with the same reliable medicine Miss Sheets found so effective.

DR. MILES' NERVINE LIQUID

LUKE RILEY SAYS THE RATS DIE

makes the trade, and trade makes the city. Is man truly a citizen who shuts his eyes to enterprise, coils himself up in a shell of selfishness and unappreciation, featuring on the advantages, skill and thrift of this city, granted him by the intelligent industry and untiring energy of its progressive citizenship? Planted in the heart of a fertile section, rich and abounding, championed by a professional and merchant force clear of mind and clean of heart, Fulton should claim and use her dollars. This wide-awake city can sell you a plot, plan and build you a modern home, furnish it complete, insure you and it, supply your table and fill your coal house. It can dress you and your family so economically and faultlessly as to wholly please, though you be fastidious. It can educate your children so that they can fill the many walks of life. It has a cure for both soul and body. Its churches are not mere ornaments. They are the eyes turn which real life is better viewed. What more could a city offer to hold its dollars at home?

The going away of money is not Fulton's oversight. It belongs to a sordid pickled faction. Is not the man next door worth while? Is there not room in your boat for another? At least let's praise the boat that carries us across safely. Are we just as reasonable with Fulton as we should be?

Have we served Fulton as loyally as Fulton has served us? Is Fulton's "big wheel" turning just as it ought to do? Let's grease it thoroughly with all the dollars we have to spend for the things we need.

Why should Fulton people spend their money in Fulton? BECAUSE FULTON IS THE PLACE FOR IT. "A house divided against itself cannot stand."

Therefore garnish the wisdom and integrity of Fulton's business head with a little more confidence and "let go" your dollars for its up-building. Made in Fulton, and bought in Fulton should be the bind to each purchase our hard-earned dollars go for, where humanly possible.

ONE FOR, ALL FOR ONE!

MEMORIAL DAY SENTIMENT

There can be but one sentiment on Memorial Day — to the everlasting memory of the lads who have died for Old Glory.

There is one thing that stirs the heart with tearful emotion—the modest headstones on graves of those who lost their identity upon the battlefields, the modest marble bearing the word "unknown."

Celebration of Decoration Day by the nation's citizenship, including believers in different creeds and those varied standards, is typical of the general life of America.

Some heroes lie in official tombs, some on grounds set aside by governments, some are buried in spots unknown. Yet, everywhere, the tribute is the same. The universality of the tribute to the soldier dead this Memorial Day is typical of America. People of different religious sects,

moral standards and political faiths, live freely together and work side by side for the betterment of America. And on Decoration Day the graves of those lads who gave their lives in defense of their country, will be decorated with flowers and words of prayer will be sent up to the God who loves us all.

He sleeps somewhere beneath the sod of France.

I think not even the Angies know just where.

And there is only candlelight of stars

And sobbing winds to care.

I cannot deck his grave with wreaths of love,

Nor little songs, nor flowers to sun-streak skies,

Who knows not where he lies.

O May, smother his bed in flowers for me,

Sing him a requiem when stars are dim,

And tell him all your beauty and your love

Is my heart's gift to him.

WITHIN OURSELVES

The brain of a man is often "a house divided against itself." There is HOPE, painting rosy pictures, and FEAR, foreseeing disaster.

Most of us stand still, because we listen alternately to HOPE and FEAR. One says GO, the other says wait, be careful. We stagnate in uncertainty, and the end of life finds us still hesitating, wavering, neither going nor coming, staying about where we were originally.

As with an individual, so with a nation. There is absolutely nothing to fear except our own fears. Nothing is wrong except within ourselves. Let the optimistic side of your brain initiate the humorous little "joy" gentlemen, get rid of fear and gloom, then GO AHEAD.

BANQUET HELD BY HOME ECONOMIC CLUB

"All Aboard," called the conductor, and with a hurrying and bustle, the Home Economics Club of Murray State College and their guests climbed on the train to be taken for an evening of gaiety and pleasure.

The banquet, given by the Home Economics Club in honor of Miss Marie Mortenson, Home Economics Instructor, was held Thursday evening, May 18, at the Bluebird Cafe. The theme of the evening was "Going, Going, Gone."

The table was decorated with a centerpiece of train, on which ran an electric train. Roses and candles were used. Favors were all form of luggage.

Elizabeth Williamson, of Fulton, Ky., presided as toastmaster and several talks were made by the members of the club in appreciation of Miss Mortenson.

A three course dinner was served. After the dinner, the members of the club presented Miss Mortenson with a leather stationary case as a token of their appreciation of her services.

ANENT ADVERTISING

Fulton, in common with other towns, is cursed, to a greater or less degree, with the outside solicitor. Merchants and business interests are almost daily pestered with the mover of some sort of a fake advertising scheme.

Business men are solicited for "advertising" to be placed in this and that, programs, hotels registers, time tables, etc. As trade pullers these advertisements are about as effective as would be a wrist watch on the tail of a Jersey bull in influencing the tides of the ocean. Every town has these fakers and every town has its quota of gullible business men who fall for these schemes.

More crimes are committed every year under the guise of "advertising" than there are flakes of Post Toasties in a carload. The old reliable meritorious home paper, with a bonafide circulation, with result-pulling power, is the only advertising that pays back dollar for dollar in results for the advertisers. The home paper is here because it is one of the community's industries, striving and pulling for the betterment of the territory, it serves. And the papers become weary of having a lot of hangers on with fake schemes come into a town and take the money out of the merchants' till — the very money the papers have helped put there through legitimate advertising.

Don't think, Mr. Merchant, that because space in your legitimate publication is called advertising and pays you, that space on grafting programs and other schemes disguised as advertising, is also going to pay you. The phony solicitor is foxy enough to call his space "advertising" because he knows the word has a direct appeal to your judgement. It is sometimes a bit discouraging to see a rank stranger come in with a scheme that will net him more money in one day than is paid both Fulton papers in a week. Yet the home paper covers Fulton and adjoining territory—the territory Fulton merchants and business men depend on. Patronize home industries is a good community slogan—which includes the home newspaper. Think it over.

WHEN THE DEVOUT GO WRONG

"Why is it," a minister to me the other day, "that when a high church man goes wrong, you newspaper men make much of it and seem to gloat the fact that the wrong doer was a Sunday school teacher, or a minister, or a deacon of the church, just as it that fact was something to be wondered at?"

The fact is when the devout go wrong, it generally is true that their wrongdoing is above the ordinary, and as a rule the crime is of a vile nature, conspicuously so. It is a noted fact that people who are capable of religious ecstasy, are just as capable of committing the blackest sins

and when they go wrong, they fall to the lowest depths. This is nature's way of keeping a balance.

Maybe you have noticed that where the bright lights are, there the deepest shadows fall.

It is an old and true trite saying that "the higher you fly, the harder you fall." The devil, we are told, was once an angel of the highest degree. Those who can be very happy, are capable of being very sad. For every hill there is a valley; for every height, there is a depth. Thus Nature preserves a balance.

So when a high churchman, one who has been zealous in his church tendencies, who has climbed high in ecstasies, falls, his crime is nearly always of such a nature as to shock the community. His is no ordinary, petty crime. Why? Because when one is capable of one extreme, he is capable of the other and the world's most heinous crimes have been the work of religious zealots. You may take issue with me on that assertion, but I stand pat on it and can prove it by histories. The ordinary crimes are committed by ordinary depths of degradation, you need not hunt for a hairy, unschooled brute as the author of it, rather look for a devotee of culture whose righteousness has been an ecstasy.

So, if you are one who never feels great exultation, you should be thankful, for you will never know great melancholy. It takes an Emerson to lose his mind, a Nietzsche to go mad, a de Maupassant to become an imbecile.

When the devout go wrong, they generally go to the depths, and the more devout they are, the lower they go. Thus they do, as my preacher

friend complains, attract more attention and receive more publicity, than does the ordinary man or woman who commits the ordinary crimes. When a good woman falls she goes to the bottom of depravity and vicious dissipation, below the level of a man's degradation, because a good woman is a fine creature than any man can ever hope to be. When a minister goes wrong he goes to the bottom, because he has tasted the fruits that grow at the top in the sunshine, and in both cases they go from one extreme to the other. There is no halfway for them. It is a matter of capacity and I repeat—if you are capable of one extreme you are just as capable of the other.

The most atrocious crimes in the history of the world have been those committed in the name of religion, or by those who have feasted at the top and worshipped at the shrines of "knowing." Think it over.

Perhaps it is just as well to look on the bright side. For every dark cloud has a silver lining. The darkness is rapidly disappearing, and the silver is returning to the surface, from where it has been hidden. And after we have passed over the rough places, we will be wiser and richer in experience.

As time rolls on people still live on. One of the necessities of life is bread. HISTORY IN THE MAKING

By J. Paul Bushart.

Up until 1830 approximately 200 the Mississippi, Ohio, Tennessee, Cumberland and other rivers. Yet in 1838 states Kew, "not a single one of the steamboats which had set proudly out on the rivers a dozen years previously remained to tell the tale." Out of 66 that went of existence from 1831-33, only 13 perished peacefully.

But their owners were not discouraged. Boats continued to be built at shipyards along the rivers in ever-increasing numbers. And there was good for this marvelous growth, for every boat constructed paid for itself several times over in a year or two. With freight rates ranging from three to five cents per pound and rivers lined with freight from Pittsburgh to New Orleans, steamboat owners increased their operations, and the South grew richer and richer.

Ten thousand bales of cotton went up the river by steamboat in 1812. By 1845 just 33 years later, a full million bales came down the rivers by steamers from Tennessee, Mississippi and Louisiana alone. The steamboat tonnage from the Mississippi Valley, exclusive of New Orleans, exceeded that of the Atlantic seaboard by 15,000 tons. New Orleans steamboat tonnage was twice that of New York. So it can easily be seen how large a volume of freight was passing down the river, with Mills' Point one the principal shipping points in this section.

Back in 1818 Strader and Gorman set up the old United States Mail Line, which survived even up to 1931 under the name of the Louisville and Cincinnati Packet Co. Soon after 1830 there were 250 boats on the river, and around 850 by 1850; and approximately 2,000 steamers by 1860. Commerce increased so swiftly and tremendously that the old clip-shod method of steamboating had to go. Better boats, great safety and increasing luxuries were demanded. Improved designs in construction, affording greater safety and speed also marked the development. The decade between 1830 and 1840 saw

these betterments.

The wealth and aristocracy of the South and the Middle West rode these steamers. During the month of April, 1842; Charles Dickens visited the West and spent a few hours in Kentucky. Samuel Clemens, whose pen name was "Mark Twain" traveled up and down the Mississippi time upon time, and later wrote of the river he knew so well.

Improvements in boats came so fast during the 30 or 40 years previous to the Civil War, that in the ensuing conflict the Federal government had to build a special ship to catch the Alabama, because the Navy had nothing that would make more than sixteen knots. Right here it is appropriate to point out the fact that the first naval engagement in the West during the Civil War took place just above the town of Hickman, in this county.

Yet those boats built and operated before the Reconstruction were not to be compared to the magnificent craft that plied the grand old "Father of Waters" during the decade of 1870-80. The worth of America's inland waterways has been proved conclusively; and we are inspired by those early days to make our rivers navigable again, and avail ourselves of the advantages that are ours for the taking.

REMEMBERING OLD DAYS

There are two ways of showing attachment for the past. One is by sneering at the present, finding fault with every new effort, holding back from every new enterprise and making odious comparisons in excuse for our inaction.

There have always been people of this class in the world. If they were in the majority, this old world would be a sorry place in which to live. They are the "old man of the sea," the burden the workers have to carry.

The other way of remembering the days of the old is to pay grateful tribute to the beauty that has faded, to the glory that lives only in remembrance. This preserves the good things of former days from utter oblivion and praises the excellent of the earth by keeping their memory green. It is faithful and true, willing to learn, unwilling to forget.

Fortunate is the community in which this spirit prevails, for there the old and young are in harmony and the bright hopes of the future are mellowed by contact with the loyal memories of the past. Think it over.

SOLICIT FUNDS FOR

COUNTY FARM AGENT

HICKMAN, KY., May 22.—Active plans were launched last week to raise sufficient funds to keep County Agent H. C. Brown at work in the county the rest of this year, at least. As a result of the injunction granted in circuit court the money that the county fiscal court has been paying toward the expenses of the agent has been set off. The county was paying \$200 a year, so it will be necessary to raise about \$150 to keep the work going until January 1. The county board of education is paying \$50. This \$700 amount covered the expense of the work the state paying the salary of the agent.

(By 'ME')

It is rumored about town that a number of citizens met in secret conclave recently for the purpose of waging war against alleged operation of gambling dives within the city limits of Fulton.

Motorists contemplating a trip to Wickliffe, Cairo or points north, must be prepared to "take the longest way 'round," to miss the detour between Clinton and Bardwell. It is now necessary to go to Clinton via of Columbus to Bardwell. While the highway between Clinton and Bardwell is under construction, Columbus is a historic old place, and is quite interesting and a typical, primitive town.

Too, if you are planning a trip to Hickman, you might as well start out toward Union City, through Woodland Mills, State Line to the county seat of Fulton County. The highway between Fulton and Hickman is under water. So is the business section of Hickman. Quite reminiscent of Fulton a while back, eh.

Hubert Hardy, grocerman, tells an interesting story. A local laundryman was given 25c too much money in payment for service. A little while later he came back and returned the difference. Mr. Hardy says that proves there are still plenty of honest people in this world.

It's going to happen. School is just about over, and the ceremony is scheduled to take place . . . ? What did you know that two young people are about to be married?

J. T. Powell is a proud father, and we don't blame him for that. But he just won't stay on the "job" at his shop. O, well, he needs a little rest any way.

You'd be surprised to know that many interesting things that far a picks up. Perhaps we may surprise you later by giving some of them in this column.

William J. Bryan visiting Japan attended a banquet given to the Admiral of the navy. All present paid tribute to the Japanese navy leader. The time came to drink a toast. Those filled their glasses, with champagne, but there was a gasp of alarm as Mr. Bryan was seen to raise a glass of water. Some grasped his arm and whispered that such a toast would be considered an insult. The Great Commoner was equal to the delicate situation. "You won your victories on water," he said, turning to the Admiral, "and I drink your health in water; whenever you win any victories on champagne I will drink your health in champagne." How our nation is going to win any victories over present conditions by legalizing "stuff" that will take away the minds and rob their children of the rightful privilege of health, happiness and contentment, the reader is more than we can understand. It's a terrible price to pay; souls for money, life for passions' desire, but Judas betrayed his Savior for 30 pieces of money. His tribe increases when we are willing to betray our children for poison and money.

PLAN IN BRIEF

The object of this big "Weekly Payroll" Drive is two-fold. Primarily, to increase the already large subscription list of this newspaper; to collect arrearages and advance subscription payments from present or old subscribers, and at the same time to afford the live-wire, energetic men and women, boys and girls, of this territory an opportunity to profit in a BIG way through their spare time during the next few weeks. So, it is a plan that works both ways, and to the ultimate good of all concerned.

In order to gain this end quickly and advantageously, the most attractive awards ever offered by any newspaper in this section have been made ready for distribution among those who participate most actively. Ambition and energy are the only requisites for success.

Let it be understood at the very outset that this is not a "beauty" nor "popularity" contest, but a strictly legitimate competitive proposition for enterprising men and women, and one into which no element of chance enters. Each active participant will receive a pay check every Saturday night. One feature of this drive is the fact that "Everybody Wins." There will be no losers.

HOW TO ENTER—WHAT TO DO

The first thing to do is to clip the Entry Coupon appearing below; fill in your name and address and mail or deliver to this newspaper at once. This coupon entitles you, or the person whom you might wish to enter, to 5,000 free credits. These credits are given as a starter to speed you on your way to win. Only one such Entry Coupon will be accepted for each participant.

The next step is to call or write the "Weekly Payroll" Department for a free working outfit. Thus equipped, you have but to see your friends and acquaintances and have them subscribe to this newspaper through you. That's all there is to it! However, you will never get anywhere unless you make the start—the earlier the better. Once started, let no one discourage you. Anything worth having is worth striving for. Six and a half short weeks and you may be riding in your own BIG automobile or otherwise several hundred dollars richer in purse.

HOW CREDITS ARE SECURED

It takes credits to win, and they are secured in the following ways: First by clipping the Free Credit Coupons appearing in each issue of this newspaper. There is no limit to the number of these coupons you may secure. Get your friends to save them for you. They all count. Begin gathering them NOW while they are good for 100 credits each. After next week these coupons will be reduced to 50 credits each. The following week to 10 credits, and after that they will be discontinued entirely. The only restriction placed on these coupons is that they must be cast before the expiration date.

The other, and much faster way to accumulate credits in this "Weekly Payroll" Drive is by securing new and renewal subscriptions to this newspaper. On each order secured credits are issued, the number varying according to the amount paid and during which "period" same are received at the "Weekly Payroll" Department of this newspaper. (See schedule of credits below.)

EARLY START MEANS EASY FINISH

The advantages of an early start are manifest. This "Weekly Payroll" drive is of such short duration that immediate action is necessary for success. Orders taken during the early part of the campaign carry the MAXIMUM number of credits. Then, too, the first in the field will undoubtedly get the "cream" of credits and subscriptions, while those who put off entering until a later date will have to take what is left.

Don't lose valuable time "waiting to see what the other fellow is going to do," but pitch right in and show the "other fellow" how to do it!

ADVISORY BOARD

It is the sincere aim of this newspaper to conduct this campaign from start to finish in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealing is guaranteed. However, not all wisdom lies with any one man or institution, and for that reason an Advisory Board has been decided upon, whose functions shall be to decide any question of sufficient moment that might happen to arise, and from which a committee shall be selected to act as judges and award the prizes. The personnel of this board is as follows:

This Committee will be announced later and at the approval of the workers.

All of these gentlemen are well known to everyone in this vicinity and the final results, as given out by them, will be beyond dispute.

RULES AND REGULATIONS

1. This campaign is open to all reputable men, women, boys and girls residing in this city or surrounding territory—except salaried employees of this newspaper and their families. This newspaper reserves the right to reject any entry.

2. Active workers will be paid twenty per cent commission on all subscription money remitted each week as follows: At the close of their second week, half of their commission will become due and payable at their discretion in the form of a drawing account.

Winners of major awards will consider all money drawn against commissions as an "advance," refundable upon presentation of prize.

3. It is distinctly understood, however, that in the event any participant becomes INACTIVE, failing to make a regular cash report, he or she will, at the discretion of the management, become disqualified and forfeit all rights to extra commissions or an award.

4. The winners of the awards will be decided by their earned credits, said credits being represented by ballots issued on cash collections and coupons clipped from this newspaper.

5. Participants in this campaign are not confined to their own town or community in which to secure subscriptions, but may take orders anywhere.

6. Credits are free. It costs the subscriber nothing extra to cast credits for a favorite participant. Credits must be asked for at the time of paying subscriptions, otherwise subscribers waive this privilege.

7. Credits are not transferable. Participants cannot withdraw in favor of another participant. Should a participant withdraw from the race, his or her credits will be cancelled. Neither will it be permissible for participants to give or transfer subscriptions to another participant.

8. A subscription once turned in can be extended at any time giving a like value as though included in first payment.

10. All credits issued on ballots may be held in reserve and cast at the discretion of participants or his newspaper. The free credit coupons appearing

from time to time in the paper must be cast before the expiration date.

11. In event of a tie for any one of the awards, a prize identical in value will be given each tying participant.

12. Participants in this campaign are authorized agents of this newspaper. It is understood and agreed that they will be responsible for all money collected and will remit such amounts in full on regular report days to the "Weekly Payroll" Department.

13. Any collusion on the part of participants to nullify competition, or any other combination formed to the detriment of "Weekly Payroll" participants or this newspaper will not be tolerated. Any participant taking part in such combination will forfeit all right to a prize or commission.

14. To insure absolute fairness in the awarding of prizes, the race will be brought to a close with a sealed ballot box. During the entire last "period" of the campaign a ballot box—locked and sealed—will repose in the vaults of a local bank, where participants and their friends may deposit their final collections and reserve credits. In this way, no one—not even the Campaign Manager—can possibly know the actual strength of the various participants, which precludes any possibility of favoritism and insures fairness to the minutest degree.

15. No statement or promise, oral or written, made by any representative or participant varying from these rules or statements appearing in the columns of this newspaper will be recognized by the publisher or the campaign manager.

16. In case of typographical, or other error, it is understood that neither the publisher nor "Weekly Payroll" manager shall be held responsible except to make the necessary correction upon discovery of same.

17. This newspaper guarantees fair and impartial treatment to all participants, but should any question arise, the decision of the management will be absolute and final.

18. In becoming a member of this "Weekly Payroll" Campaign participants agree to abide by the above conditions.

We Are Proud To Offer You
SOMETHING NEW

THE LOWE'S FUNERAL SERVICE CO. of Fulton and Union City is offering something new in funeral protection. WE ARE PROUD OF OUR RECORD OF 14 years service, in which time we have had the responsibility of embalming and funeral direction. We have been the first to introduce new and practical methods of embalming and funeral direction in Fulton during those 14 years.

A FREE CASKET WILL BE FURNISHED for still born infants provided that both parents are Certificate Holders. For Ambulance Service to members a charge of only one (\$1) dollar inside the city limits.

WE WILL GIVE YOU A BRIEF OUTLINE of just how the plan will save you money on the largest part of the expense.

For Example

WITH A CASKET, SUIT OR DRESS TO the value of two hundred (\$200) dollars retail, 30 percent or \$60.00, paid for by the purchaser or any one in authority, we will furnish transportation free of all charges for the body from the home to the cemetery provided the burial is to be within a radius of 50 miles of the residence.

IF EMBALMING IS DESIRED AN additional charge of \$10 is made for that. And if a steel vault is desired it will be—for example—any standard vault to the value of \$100 retail, 50 percent or \$50.00. Any price casket, dress or suit or vault will be sold to all members on the same basis.

IT IS IMPOSSIBLE TO EXPLAIN FULL details here, but it will take only a few minutes of your time to study it out. We then believe you will want a Certificate.

WE WILL WANT SEVERAL MEN AND Ladies to introduce the plan to everyone personally.

AND WE SHALL CONTINUE TO BURY any one not a member of this plan as any other funeral director. But we cannot do it as cheap as this plan will enable us to do. Neither can any other funeral director do it without this plan, or some other good plan.

THIS BURIAL SERVICE PLAN IS something new. Nothing like it here. And any of us will take great pleasure in explaining any or all parts of it to you.

OUR MAIN OFFICE FOR THIS PLAN will be located in Union City, Tenn. with the branch office in Fulton, Ky. These Certificates will read—

LOCALS OPEN SEASON WITH
3-2 WIN OVER GADSDENAir Tight Pitching Features Game
On Both Sides

After weeks of waiting on down-pours and cyclones and so-forth the Local Independent Base Ball Nine finally opened the season Sunday with a rousing 3-2 victory over the strong Gadsden Independents behind the superb twirling of 'Lefty' Stout who let them down on 8 hits.

Fulton only garnered 6 hits but they came at opportune time and with runners on bases. The hitting feat of the game was a terrible home run smash over the Fulton County Fair Sign that cleared it by several feet. This smash was by H. Henley, 3rd baseman for Gadsden.

Gadsden took the lead in the first part of the first inning on a walk, sacrifice and a single. Fulton came back and tied the score on a base on balls and two singles. Batts scoring Carden who had drew a base on balls, and advanced to third on a single by McKinney.

The score remained tied until the sixth inning when Gadsden's 2nd baseman H. Henley, smashed his homerun over the Fair Association sign. Fulton again united the score in this inning when McKinney opened Fulton's part of the 6th with a double and went to third on a passed ball, scored when Batts laid down a grounder to second.

The 'Lucky' seventh meant nothing for Fulton although they got two men on bases with one but Curlin hitting for Brann struck out and McKinney grounded out to short to

first. The game was won in the eighth. Batts reached first on an error, then Bone Forrest cracked a triple and scored Batts.

FULTON REXALLS WIN
AND LOSE TO PIERCE

Lose First 10-8 — Take Second 6-5

The Fulton Rexalls, a new base ball nine composed of young men of the town opened their season yesterday by journeying to Pierce and playing two games, losing the first and copping the second. The first game resulted in a win for Pierce by the score of 10 to 8. While Fulton, after a see-saw contest finally won out 6 to 5.

Hammond drove in 4 of the Rexalls runs in the second with 2 doubles. Henly executed an unusual feat in this game when he raced in from centerfield to take a short fly and then stepping on second base for an unassisted double play.

The Rexalls are composed mostly of players from 16 to 18 years old as follows: Speight, catcher; Merryman, catch and outfield; Douglas pitch and first base; Wenver-pitch and first base; Maddox, Hill, Edwards, Hummell, and Clark, infielders; Buckingham and Henly outfield.

ers. The Rexalls have just started their season and at present have several open dates which they would like to fill. Any team in this community that wants games communicate with Clarence Maddox, Fulton, Ky.

K. U. BASE BALL TEAM
LOSES TWO IN PADUCAH

The local Kentucky Utility Co. base ball team journeyed to Paducah, Ky., Sunday afternoon and come home on the short end of the double header. The first game, which was for seven innings had to go for thirteen innings before it was decided and then Ky. Utilities Co., of Paducah scored in this frame and noosed out the locals by the close score of 3 to 2. Hershell Jones of the locals smashed a homerun in the first inning to start the scoring, and the game was broken up in the thirteenth by a homerun by a Paducah player.

The second game was a bit one sided and went only the scheduled

HICKMAN TO PLAY
HERE NEXT SUNDAYNewly Organized Club Reported To
Be A Strong Aggregation

After a rousing 3 to 2 victory over the strong Gadsden Independents the local Independents will cross bats with the newly organized Hickman Independents on the local diamond next Sunday afternoon at 3 p. m.

Fulton's new base ball park is well deserving of all games played on it and every one who witnesses games played there say that Fulton has the best park in the country.

Last Sunday's crowd was a poorly one with only a handful of spectators out. If Fulton people want a good club, one that will help boost the town then Fulton people MUST turn out and show the boys that they want a good team. No team can play the brand of base ball they want to when the town does not back them properly. Let's ALL go out next Sunday and see this game, and remember the ladies will again be admitted FREE with the gents only having to pay 25c.

NEXT WEEK'S SCHEDULE

May 26—Fulton Ice Co. vs White Way, Night, Dalton vs Warner.

May 29—K.U. vs. Warner, Night, Fulton Ice Co. vs O. K.

May 30—D-X vs White Way, At night. Fulton Ice Co. vs Warner.

seven innings with Paducah winning by 8 to 5.

The local boys were handicapped by the fact that they had to play by the Paducah rules which were far different to the local play. They played with 45 feet bases and a 36 foot pitcher's box while the locals play with 65 feet bases and 45 feet pitcher's box. They also had to play with 10 men and being use to only nine. They will play in Fulton soon and with Fulton rules. A good game is anticipated.
