The purpose of this company is to be a manufacturing and retailing People's Home Furnishing company, but the first of our operations began and brought about these results with a certain number of sales in the first few weeks. The style of the arrangement is that of a furniture and clothing store, and of course the company will be able to do business in a way that will make it possible to get the materials at a lower price than that of any other furniture store. The amount of the first order was a very small amount, and the result has been that the company has been able to gain a considerable amount of business in a very short time.

Brother Louis Crockett, 31, of the training school, said to be a brave and good brother-in-law. Brother Crockett, who is a resident of Paducah, was shot dead while on duty at the training school. The accident occurred around 10 a.m. when he was on patrol with his gun. The enemy, who was on the other side of the road, opened fire with a rifle and killed Brother Crockett. He was immediately taken to the hospital, but his injuries proved fatal.

The enemy was seen to run away into the woods, and search is being made for him. The incident is said to be due to a misunderstanding.
