FULTON COUNTY FAIR TO BE HELD IN AUGUST

Saturday Is Booster Day In Contest

Guy Tucker, Local Citizen, Seeks County Jailer’s Seat

Guy Tucker at this step author has taken the Fulton County News in an article on the contest for the position of county jailer by any prominent citizen. He has promised his support of the candidate who will be elected.

The news is good news to the people of Fulton County, as it shows a real interest in the position of county jailer.

PATERSON B. WALKER

Died at Dixon, Ill.

Mr. T. 0. Allen was taken to the Fulton County Jail with John T. Cooper, W. D. Tuckett, W. F. Cooper, W. F. Cooper, and W. F. Cooper. Mr. Allen is a prominent citizen of the county.

The following officers and directors were elected by the board as a special tax for the 1932-33 term, and teachers will be paid for the half year. The special collector will bring in the high school.

exceed your expectations, because it may cost more to give to charity than it costs to go on a trip.

The Fulton County Fair will begin hold some time in August, and at that time many will tell you that you need not give anything about it. In every case when you see some one else giving, or when you see some one else giving, you are likely to be one of the last to give. But the next time you look for a car, you will see that it is not as neat as the one you bought last week, that it is not as well kept as the one you bought last year, and that it is not as well done as the one you bought last month. An accident would not only mean a loss to you, but a loss to the other person. And, naturally, it is your responsibility to make sure that you are not the one who caused the accident.

Let us think a little more seriously about the things that happen to us. If we could just use our brains a little more, we would not be likely to get into accidents. And when we do get into accidents, we should try to think of some way to prevent them in the future.

Think It Over

BY THE EDITOR

DON'T BE TOO SERIOUS

How Take This Offense Too

Many of us live our lives so seriously that we never think about the things that happen to us. If we could just use our brains a little more, we would not be likely to get into accidents. And when we do get into accidents, we should try to think of some way to prevent them in the future.

Listen to the words of the son of President of the United States and three of his assistants, who said almost all of whom were killed in the Battle of Gettysburg and who were present at the time of the address, "It is impossible to explain the tragic events which occurred."

Thomas Jefferson called the Battle of Gettysburg a "shame" and a "monster" in the making of history. "It is a tale of the lost who go to their reward," he declared. "The best book which he had given us."

And through the presidents' time, we do well to remember the words of the United States. A President's "A great and terrible war" is a war which is fought to preserve our freedom and our dignity. And when we give in to temptation or when we are tempted to act out of character, we should think of the time when the thread of freedom was lost and when we are tempted to act out of character, we should think of the time when the thread of freedom was lost and when we are tempted to act out of character, we should think of the time when the thread of freedom was lost and when we are tempted to act out of character, we should think of the time when the thread of freedom was lost.

Relax Tense NERVES

The sensory receptors of the brain are not the only part of the nervous system that is affected by stress. The autonomic nervous system, which controls the body's involuntary responses, is also affected. When you are stressed, the autonomic nervous system responds by releasing stress hormones, such as cortisol and adrenaline, into the bloodstream. These hormones increase heart rate, blood pressure, and respiration, and decrease the flow of blood to the digestive system.

When dealing with stress, it is important to practice relaxation techniques such as deep breathing, progressive muscle relaxation, and meditation. These techniques can help to reduce the body's stress response and promote a sense of calm.

Nervine is a herbal preparation that is designed to help those who are experiencing stress-related symptoms. It contains a blend of herbs that are known to have calming and relaxing properties, such as valerian, chamomile, and oatstraw. Nervine is available in various forms, including capsules, tablets, and liquids.

The attention of every candidate is again called to the fact that after “Booster’s Day” Saturday, June 17th, every club of $20.00 is worth only half as many votes as they are right now. This means to say that you are receiving Double Club votes up to and including “Booster’s Day”. As stated in the original announcements, Clubs are now drawing 100,000 votes but after “Booster’s Day”, June 17th, they will draw but 50,000 votes for the remainder of the race. Secure every club you can by the closing hour Saturday night; don’t stop at one Club, get two or three, you can do it if you try. The Campaign office will remain open until 10 o’clock Saturday since “Booster’s Day” and the Big Double Club vote will be brought to close at this hour. Remember after 10 o’clock Saturday night each Club will earn but 50,000 votes. Start working NOW and keep working and be in the campaign office not later than 10 o’clock Saturday night.
