FIVE-COUNTY FAIR PLAN LOOMS

WHEAT MEN
AWAIT NEWS
OF TAX PLAN

BROWDER MILL HANDLES MANY BUSHELS OF PRESENT CROP—WHEAT IN GOOD CONDITION DESPITE HEAVY RAINS AND HOT SEASON THAT FOLLOWED

Considerable local interest was being shown yesterday in the meeting being held at Chicago between Secretary of Agriculture Wallace and the master millers of the land. The meeting is being held because of the provisions of the National Recovery Act in which wheat and cotton are to be taxed extra when processed. Just what effect this will have on the Fulton and Obion county crops of wheat is a matter of conjecture. Cotton can be handled because it has not been planted, but the wheat crop is now being harvested and there is a question as to what effect the tax will have on the price.

The Browder mill is buying a lot of wheat of this year's crop. As this story is being written, Wednesday, the Browder people are paying 76 cents a bushel. It was announced at the mill yesterday that an effort will be made by the milling company to make retroactive any provision that develops from the Wallace conference at Chicago. In other words, if it develops that a greater price than now is offered, Browder wants to give all his patrons an even break.

Many of the growers are storing their wheat at the mill and will await developments before they sell.

While the wheat crop of this section is reported as "fair" by the millers and buyers, it is not what would be termed a normal crop. The grain, however, is for the most part much better than one would suppose after the extremely wet weather of last month and the extremely hot weather so far this month. A few crops have shown the effect of the rains and a too rapid ripening, but the great average of that being sold to or stored at the Browder mill at Fulton is mighty fine grain.

Armistice Now in
Missionary Bottom

The supremacy of the club over the knife or vice versa has not been decided after all. Perhaps the honors are even. The knife scratched the arm of one dusky dame of Missionary Bottom and her club retaliated over the head of another dusky dame the following day and up to this writing the battle seems to be in a state of armistice, if that is the word.

Monday Fulton police had a report of the cutting of one by another negro woman. The next day the report came that the loser in the first battle had struck the knife wielder with a club, putting her in the hospital. Neither caring to appear against the other the matter stands "as is" with the police ready to grab the first of the twain who first shall bat an eye.

J. C. WIGGINS STORE
OFFERS MANY VALUES
IN CLEAN-UP EVENT

Many Items Selling Below Actual Cost Today, Says Mr. Wiggins
The J. C. Wiggins department store on Lake-St in this issue of The Fulton County News offers many outstanding values in a tremendous Clean-Up Event, for the purpose of clearing new spring and summer merchandise to make room for their new fall goods that will start arriving soon. Turn to an inside page and read Mr. Wiggins full page announcement, in which he points out that many items are being featured in this clearance event at prices that are below present wholesale market cost.

"Never was the time more propitious for saving money in the purchase for the family," declares Mr. Wiggins. "As everyone knows prices are constantly advancing. We bought when the market was low, and we are passing these values on to our customers. Shoppers will wait some time before they will find values in new merchandise like we are offering in our clean-up event. We must make room for the arrival of new fall merchandise."

Race Program and
Premium List to
Be Attractive

Further announcement this week by J. W. Gordon, president of the Fulton County Fair association, indicates that the fair this year will be one of the best ever sponsored in this section. Arrangements for the printing of the fair catalog have already been made with the News, and more extensive publicity is being sought for the fair this year.

Farmers and citizens in Fulton, Hickman, Graves, Obion and Weakley counties are urged to prepare for the forthcoming fair, when liberal premiums in the various departments will be offered. Departments will be conducted for horses, mules, cattle, swine, sheep, poultry, agricultural and home-made products.

Official dates for opening of the fair have not as yet been announced, pending the booking of racing horses for the big track events, but unofficially it is announced that the fair will probably be held the latter week in August. Every effort is being made to obtain a fast lot of race horses, and the racing program is always a big drawing card.

Many specialty and free acts are scheduled to make their appearance at the fair this year, and a bigger midway than ever is likely. Plans are now under way for the sale of family ticket books, which will be offered at a savings where an entire family attends the fair. Further announcement about this feature will be made at a later date.

"The Fulton county fair is only that in name," President Gordon stated. "Fulton situated as it is with five counties so near, it has never been the intention of the fair association to confine the fair to one county. We want and encourage people residing in all these counties to participate and attend the Fulton County Fair."

SMALL CHILD KILLED
IN ACCIDENT SUNDAY

Palace Virginia Nanney, 3-year old daughter of Mr. and Mrs. G. L. Nanney, who reside on the Fulton-Martin highway, was fatally injured Sunday afternoon near the hour of 4:30 when struck by an automobile driven by Mr. Hilliard of Jackson, Tenn. The accident occurred near the Nanney home, and the little girl was rushed to the Fulton hospital where she died at 9:15 p. m. Sunday.

The little child was struck by Mr. Hilliard's car as she ran across the highway. He ditched his car in an attempt to avoid the accident. He sustained a lacerated hand, but his little son who was riding with him, escaped.

She leaves besides her parents, two sisters. Funeral services were conducted Tuesday at 2 p. m. at Chapel Hill Methodist church by Rev. G. C. Fain and Rev. Bandy. Burial in a nearby cemetery with Winstead-Jones & Co. in charge.

NEW SMITH CAFE
TO BE BEAUTIFUL
ADDITION TO CITY

Albert Smith is nervously marking time and Mrs. Smith is giving every detail a final feminine inspection as Willie McClair is completing the interior decorating of the new Smith Cafe which it is expected will be open for business today at the corner of Lake and Fourth-sts. The newly appointed restaurant is located just across the street from the site where the Smith Cafe stood for so many years prior to its destruction by fire early this year.

The people of Fulton and the many tourist who will be attracted by the new cafe are to be given a ideal service. The new fixtures are of the latest and the appointments are the best. It will be possible to serve a full dinner with perfect ease to 62 patrons at one time in this restaurant. The big Westinghouse refrigeration system and the mammoth Mejeistic double range are amply capable of handling the heavy duty that will be required of them by the efficient waiters as they sail about the floor at the beck and call of the hungry.

The 28 foot lunch counter is of the black onyx finish with white marble insets. The tables are of inlaid mahogany.

Mrs. Hagan Takes Early Lead as
First Contest Votes Are CountedNew Hut
Will Soon
Be Ready

Unless something unforeseen occurs the log hut being erected by Marshall Alexander Post No. 72, American Legion, should be ready for occupancy by this time next month, according to a statement by Commander Earl Taylor and Legionnaires and Auxiliary members are rejoicing that this long cherished dream is so near to realization.

The hut is located on Fourth street near the Illinois Central depot. It is to be a hut in all the word implies. Made of logs with the old-time chink and do process the building will be a show place for Fulton as it ages and takes on a more rustic appearance and the shrubbery and vines planned have had an opportunity to add their natural beauty. The interior of the hut is roomy, a floor space 28x40 feet being available for the buddies and the Legion Ladies. It will be used as a club room for the Legionnaires, a place for their amusements and entertainments, an assembly hall for their meetings and, also, will provide a suitable hall for the activities of the Auxiliary members.

Post Commander Taylor is most optimistic about the membership of the Post. While, he says, the number is very low at this time, these are unusual times and there is a reason. Taylor has great hopes for Alexander Post and feels certain the membership will soon climb back to a nice percentage of its possibilities.

County Keeps
Health Unit
Says The Court

Appellate Judge Basil Richardson Saturday dissolved an injunction granted by the Fulton Circuit Court, enjoining the Fulton County Court from paying 1933 salaries of members of the county health unit and of the superintendent of the poor farm, but kept in force an injunction preventing the Fiscal Court from paying the salaries of the home demonstrator and county farm agent.

In overruling a motion to dissolve the injunction as to the home demonstrator and the farm agent, Judge Richardson said, "The cause has not been fully prepared for trial on its merits."

John Melton of this city, as a taxpayer applied for the injunction against the Fiscal Court. Judge Richardson said the suing taxpayer was not entitled to an injunction preventing the Fiscal Court from paying members of the health unit an amount within seven per cent of the 50 cents on \$100 of taxable property levied by the Fiscal Court. Judge Richardson said it was the duty of the Fiscal Court to appropriate funds for maintenance of the county poor farm.

Death Embraces
Aged City PioneerJUDGE TAYLOR
FUNERAL TUES.

Funeral services for City Judge Henry F. Taylor were being held at the main auditorium of the First Christian church Thursday afternoon at 3 o'clock. The Rev. C. B. Cloyd was officiating, assisted by Rev. L. E. McCoy of the Cumberland Presbyterian church and other pastors of the city. Interment followed at Fairview cemetery, where all that was mortal of Judge Taylor was laid to rest in the family plot beneath a veritable mountain of lovely flowers.

Death came to Judge Taylor shortly after noon Tuesday at the Fulton hospital. Uremic poisoning was given as the immediate cause of his death. He had been in poor health for some months and during the past several weeks had taken up his abode at the hospital where he could have the constant attention of the physicians and nurses. A short time ago his condition became worse and lately he has had but few convalescences.

Hagler Makes
Strong Bid for
County Judge

In this issue The News is authorized to announce that Esq. S. A. Hagler, prominent citizen of Fulton and former member of the county court, is a candidate for the office of County Judge of Fulton county, subject to the action of the Democratic Primary, August 5, 1933.

Esq. Hagler has been a citizen of Fulton for the past fourteen years and served as a member of the Fiscal Court from this district for a term of four years. During this time he acquired an accurate knowledge of county affairs that would prove invaluable to him if he should be elected county judge. It is the thoughtfully familiar with every detail of county government and was one of the real leaders of the county administration during his eight years on the court. And he has the reputation of getting things done. He goes after things with determination and ability and usually puts over his projects. He would make a good county judge without doubt, and his friends will get behind his candidacy with a will.

Mr. Hagler's Statement

Mr. Hagler stated that if elected it would be his earnest endeavor to carry on the business of the county with the same care that he would give to his own business. He would be first of all county expenditures, striving to get a full dollar's worth of service for every dollar expended.

MAYOR LAUNCHES
ECONOMY MOVE

Mayor Paul DeMyer Wednesday recommended to the city council that no appointment be immediately made to fill the unexpired term of city judge occasioned by the death of Judge Henry F. Taylor. The Mayor pointed out that by allowing Magistrate Bowers to continue in the office as at present the city could save approximately \$70 a month during the balance of the year, or the difference between the salary paid the police judge and the fees collected in fines, etc.

Under the law, Governor Ruby Lafoon would appoint a judge to serve out the term but the governor would not necessarily act unless requested to do so by the mayor and city council of Fulton.

Hot Weather
Don't Injure
Beer Business

While authentic figures were not available at the check up yesterday it is reasonably certain that no person in Fulton is dying from thirst. The Livingston Grocery Company and the Midwest Products Company are about even on cases dispensed with and these two firms alone have placed approximately 700 cases (16,800 bottles) in the past week. Other beers than those handled by these firms are on sale and this, of course, swells the total.

Keeg beer is at a premium. The mention of a glass of keeg beer causes more than one mouth to water, only to be told that the keg is empty. Breweries surely will catch up with bottle orders pretty soon, however, it is pointed out, and there will be plenty of suds for all palates pretty soon. During the past few days a few retailers managed to keep keeg beer on tap most of the time.

FLORAL SHOP TO
HAVE ITS FORMAL
OPENING SATURDAY

Great pains have been taken in the arrangements and all is now in readiness for the formal opening of the Fulton Floral Shop in its new location on Main-st. E. M. Scott, proprietor, announced yesterday. The location has been newly painted and the walls decorated with the fashionable new style of interior decorating. Suitable souvenirs will be presented to all who visit the establishment on the opening day. Gold fish will be presented to patrons of the fish food and aquarium departments.

The interior pool constructed by Mr. Scott is receiving the loud plaudits of all who have seen it. In one corner of the room he has cemented sandstone into a pretty rustic design and in the corner where the water enters and the drain where it leaves the pool additional artistic work has been done with the natural rock. Hundreds of gold fish can be seen frolicking in this pool and the whole display is very pretty.

Mr. Scott says the Fulton Floral shop will have some important announcements to make along the line of expansion in the not far distant future. In the meantime everyone is invited to the opening this week, Saturday.

ALL WORKERS BUSY IN "WEEKLY PAYROLL" SUBSCRIPTION CAMPAIGN—WINNERS TO BE THOSE WHO STICK; QUITTERS NEVER WIN.

After carefully checking the reports of each candidate we find that Mrs. J. L. Hagan has through unabated effort and tireless application of her time nosed into First position. Now this really means something. It means more than the average person might think. Just look over this list of candidates. To forge to the front in a field of workers such as these competing in the News "Weekly Payroll" subscription campaign is no little job. It simply means that someone really and truly has gone to work.

Yet we warn those who are flying the "flag of victory" that an advantage is some times hard to hold and to look out for a counter attack that may result in a change in the "chief of staff." The race for the Chevrolet Coach and other valuable awards The News is giving is starting slowly. A number of those whose names appear in the list of candidates are now at work, but there is plenty of room for more; as a matter of fact the country is hardly touched and a dozen more entrants from sections as yet unrepresented would find ample territory in which to secure votes.

We thank all the candidates who put forth an extra effort last week and enabled us to make "Boosters' Day" the success it proved to be. They can all feel their efforts were not in vain. An examination of the list will show there are several workers mighty close to the leader this week.

Miss Nedra Marlin and Mrs. Clyde Howard both of whom are working with great determination, are in hot pursuit of the leader, and finished in Second and Third places respectively with Mrs. Marie Howell of Crutchenfield kicking up the dust in a great effort to nose out those just ahead of her. Mrs. Howell has a host of friends in a large section of the country and we simply say "Look Out" for Mrs. Howell. We feel that Mrs. Leon Bransford, who lives on Rt. 2, Crutchenfield, deserves special mention, inasmuch as she finished Fifth in the first count after having gotten a late start. It is our prediction that Mrs. Bransford will make herself felt in the race for the Auto during the next few weeks. Miss Leola Butts, Mrs. Jewel McClain, Miss Mary Hart and Miss Carlene Moody, are all REAL contestants in this race. Altho their names are down a little in the list of standings, we must remember that "A RACE IS NEVER WON UNTIL IT IS LOST," and we must not be surprised if one of these workers is named the winner of the Auto in the end.

Already there are signs of determination and character among some of those who are not so high in the list, and we can look forward to some real campaigning during the weeks

KASNOW CELEBRATES
14TH ANNIVERSARY AND
OFFERS MANY VALUES

Many outstanding values in merchandise are being offered by L. Kasnow in celebration of his 14th anniversary of business operation in Fulton. In this issue of The News Mr. Kasnow points out in a special advertisement that prices are going up, and many items are now selling for less than they can actually be bought wholesale. Mr. Kasnow passes on a friendly tip to the people to buy their summer needs now before higher prices reach Fulton. He says buy now—if not from his store—buy some where—because values are greater now. He invites you to visit his big store, where you may select complete outfits for the entire family at special low anniversary prices.

FAMOUS THOUGHTS — If you don't do better today, you'll do worse tomorrow.

FULTON—"THE HUB"

Welcome tourists and those visiting the World's Fair at Chicago!

Fulton is undoubtedly the "hub of highways." Traffic north and south must come through Fulton, where many highways converge.

Operators of service stations, garages, cafes and hotels and rooming houses are better acquainted with the amount of traffic pouring through Fulton every day than is the average citizen. Fulton is strategically located on a national artery of cross country traffic.

Fulton should welcome and encourage tourists and travelers to make this city a stopping point when motoring cross-country. The proper and logical way to give impetus to a movement for this cause, would be to give such good service and cordial hospitality to tourists who stop in Fulton for some personal need or automobile service, that they will be inclined to favor Fulton on their next trip overland. Incidentally, as is only natural, they will tell their friends about Fulton.

So, as a matter of good business, local merchants and citizens, should make it a point to be courteous and friendly to these tourists. This policy would not only be helpful to the community, but should be the human thing to do. The word soon gets around about "a good town to stop over in."

CONSTANT PUSH DOES IT

Every once in a while local citizens get together for a real round-table discussion of affairs pertaining to the welfare, progress and property of Fulton. Citizens and committees are to be congratulated for the interest and vigorous work they do for the general good of the community.

But efforts should never cease for one moment. Constant drive and push, courageous and determined efforts, are the only things that will benefit the community or the people

who live in it. Fulton is the logical shopping emporium for people residing in portions of five different counties around us. Hundreds of people gather here on market and trade days, but a united front on the part of local business interests to go out after more business, would bring even greater and larger activities to Fulton.

Fulton must pull together en masse, and all thought of enmity and animosity should be guarded against. An energetic and vigorous spirit of enthusiasm and co-operation can be kindled and aroused with methodology as the prime factor in all undertakings.

If with misunderstandings and militant activities are disturbing to commercial, business and social affairs in any community. A Mephistophelian attitude of cynical scoffing and backbiting will not get a community anywhere, or do mercurial and volatile action merit praise.

But manful and courageous mobilization of civil and commercial affairs will promote progress and prosperity. Momentary enthusiasm means little, but incessant co-operations and concordant coherence of effort will accomplish much . . . terminating in the desired end.

Constant "pushability" will carry the day for Fulton.

THE BUSINESS OUTLOOK

On all sides were heard that business is improving, and the general outlook for the return of better times grows more favorable. More people are obtaining employment, stock prices are rising, commodity prices are advancing.

But one of the surest omens of better times is the steady rise of wheat. When wheat goes up prices of other farm crops follow, and when the farmer makes greater profit on his products, the business outlook is optimistic and encouraging.

As we write this wheat is selling for 75 cents a bushel, a rise of approximately 70 per cent since last fall. If that, in connection with the rise of other farm products, is not encouraging news, we haven't heard of any.

The government is out of the wheat business. It will be remembered that the farm board purchased, in three years, 900,000,000 bushels of wheat which cost taxpayers \$184,000,000. With the last of the farm board wheat gone, the price of wheat will no longer be depressed, by the uncertainty of disposition of hundreds of millions of bushels.

Since the inauguration of Roosevelt on March 4th hundreds of revolutionary changes have swept over the country. Courageous leadership in national, state and city government will bring greater concentration on the problems of the people and hasten the return of better times.

President Roosevelt in his "new deal" refuses to deviate from the firm conviction that permanent prosperity cannot be restored to this country until 60,000,000 people on the farms of America make a profit from their labors. And the president's view is widely shared. Prosperity must have its origin in the farm—for permanent prosperity lies chiefly with the economic welfare of the farmers.

Already we are feeling the results and doubtless surprising improvements of conditions in general shall occur before the end of this year.

HOSPITAL NEWS

Lee Smith was operated on at the Fulton Hospital Friday morning, and it is reported resting nicely.

Judge H. F. Taylor is reported unimproved at the Fulton hospital. E. C. Brewer of St. Mary's, Ky., was admitted to the Curdin-Neill Hospital Monday.

Think It Over

BY THE MEDITATOR

If You Like This Column Tell Us.

CAUSE FOR DIVORCE

Let's not be serious this morning. Let's wander off among the flowers that blossom along the highway of life and just act foolish for the moment.

I read the other day an account of a divorce case which has been attracting some notice in an Ohio court. In this case—as in most divorce cases—the wife is the complainant. In her testimony she declares her husband deserted her a short time after the marriage ceremony. He except he said I snored, she testified. Now we should not take sides too hastily. It is in order to know to what extent she snored; in what key did she perform her somnolent music? To what extent did she make the night hideous?

There's snoring and snoring. One can imagine how a wife's snoring might lessen her husband's affection for her, but isn't it possible—just barely possible—that he might justly be accused of the same offense, and if so might he not have kept her awake? There's always two sides to everything, not excusing a divorcee case.

Then, too, she might have made a mistake—many girls do—in not telling him before they were married, that she snored in her sleep. Had she done this, and he knowing all, still took her for better or worse, then he had no right to complain of it afterward.

My belief, based on observation, is that a great deal of marital troubles could be avoided if he would tell HER all before the ceremony, and if SHE could divulge her snoring comings before she got HIM. Anyway, let this be a lesson to those who are contemplating matrimony.

The ability to talk doesn't necessarily imply that you have brains. The parrot can reel off a string of words, but that doesn't prove it has brain power.

Most of us can prove there never was such a thing as a "fool-killer." Rather most of us are living, breathing proofs he is a myth.

A Chicago "Economist"—whatever that is—declares that no man should marry on less than a salary of \$5 a day. Well, it's worth that much to live with some.

Heard an impressive ring ceremony his home Sunday morning when Doye Bowen, daughter of Mrs. G. B. Bowen on Central, was married to Mr. C. E. Smith. The ceremony was conducted in presence of Miss Dorothy Smith, Rev. W. A. Foster of Union C. The bride was charmingly attired in a beautiful pink gown of sh. with gloves, hat and slippers. She is a graduate of Fulton school, and has met

As I get this "disarmament" question, it is unlawful to build warships, and manufacture war implements, except they be built for "scientific and medicinal purposes."

When men solve one problem, they create two others to be solved after much discussion.

The hen that doesn't cackle, is the one that has nothing to advertise.

There are people—every news-gatherer knows them—who will refuse a reporter every facility for getting the news, and then criticize the newspaper for not getting things right.

Anyhow, I am glad to believe that my salvation doesn't depend on my belief, as to how God created this universe, or from what source man sprang.

Age is not a matter of years. Work and a cheerful disposition will do more to keep us young than will all the drugs in the world.

Look back over your troubles and find one single instance where worrying helped the difficulty. And if you will search carefully perhaps you will discover the fact that you never had a trouble that looked half as dark from this side of it as it did from the other.

"Why do people differ so widely on matters of religion," asks a writer in a church paper. The same question concerning politics, dress, food, with as much sense, might be asked etc. It was Tennyson who put this view on it: "And Truth is this to me, and that to you."

What a calamity to be possessed of a "bad temper." And what a useless thing it is. Feuchtersleben aptly remarked: "Occasional depression no one can avoid, but ill temper, everybody."

Prejudice is the rathane of human existence. None of us are free from it. Of it Racine well says: Prejudice corrupts the taste, as it prevents the judgment, in all concerns of life.

Richard Rumbold aptly says: "I never could believe that Providence had sent a few men into the world, booted and spurred, to ride, and millions really saddled and bridled to be ridden."

No one has yet been able to pair idleness and happiness.

JUNIOR WEEK AT LEXINGTON JUNE 5-10

Fulton county was well represented at Junior Week by 5 club boys, Eugene Douglas and Garth Holley of Crutchfield; Walton Stallins of Cayce; Clifton Everett and Jones Reeve; Davis of Sylvan Shade and 4 club girls, Rachel Turner and Dorothy Elliott of Crutchfield, and Janette Watts of Fulton and Margaret Henry of Cayce; Miss Laverne Burnett of Palestine, club leader; Miss Ruth Donoho, Utopia club delegate of the county; Miss Anna Culton, Home Demonstration agent; and H. C. Dorothy Elliott and Rachel Turner Brown, county agent.

The delegation left for Junior Week June 4th and returned June 10. Many places of interest and historical fame were visited, including Jefferson Davis Memorial, Lincoln Memorial, Old Kentucky Home, Fort Harrod, Dix Dam, University of Kentucky, Transylvania College, and many other places of interest such as the celebrated race horse farms throughout the bluegrass region.

The farm practice demonstration team composed of Walton Stallins and Eugene Douglas won honorable mention in the livestock division of

The trip was of much educational and recreational value to the entire delegation. Over 500 4-H club boys and girls from more than 80 counties in the state attended Junior Week. The entire time was fully occupied in valuable and interesting classes and lectures, games, contests as mentioned above, and sight seeing. Fulton county though the furthest point in the state from Junior Week was well represented.

CARE OF THE HOME ORCHARD

Grape sprays . . . Black rot is the outstanding pest in Kentucky vineyards. The ravages of this disease vary from year to year and some varieties such as Concord show more resistance to the disease than others. The first sprays for black rot should have been applied when the clusters were breaking, but considerable damage can still be prevented by spraying with Bordeaux mixture now and again when the grapes are the size of a pea or just beginning to touch.

Apple sprays . . . Lead arsenate is recommended for the control of 1st generation codling moth worms only this year because of the new ruling for seizure of apples in interstate shipments, that carry an excess of lead or arsenic as prescribed by law. Use 3 pounds of arsenate of lead to 100 gallons of water and where infestation are heavy, add one of the following adhesives: 1 quart of fish oil, or 1 quart linseed oil 3/4 gallon emulsified summer oil. Use Bordeaux mixture with lead arsenate in second and third cover sprays.

Peach Sprays . . . Neither Bordeaux nor lime sulfur should be used as summer sprays for peaches. Spray only when the trees and foliage are dry and temperature below 90 degrees F. For late sprays to reduce Brown rot use 3 lbs. of wet table sulfur to each 50 gallons of water.

Destroy curculio in dropped peaches by picking up all drops at least twice each week and submerged in water for several days. If this practice is followed and the stung peaches that do not fall are picked off and placed with the drops a worm-free crop at harvest time is nearly assured. Destruction of wormy fruit just before and during harvest time will reduce number of beetles that hibernates and will greatly protect the crop of the following year.

LUKE RILEY SAYS THE RATS DIE

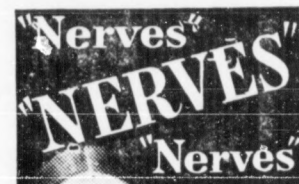

Before reaching the river. Since moving near the river several years ago we've always used BEST-YET. We watched the vicious water rats nibbling at BEST-YET, outside the house. About 15 minutes later they darted off for the river to cool their burning stomachs, but died before reaching it. Kills rats and mice only. Will not hurt cats, dogs or chickens, and there is no smell from the dead rat. BEST-YET comes in two sizes, 4 oz. size 56c 6 oz. size 75c. Sold and guaranteed by A. C. JEAN MOON CHOOSES BRIDE

A wedding of much interest to their many friends and acquaintances was that of Miss Marcia Page of Barlow, Ky., to Jean Moon, son of Mr. and Mrs. Burch Moon of near Fulton, the wedding taking place on Friday afternoon, June 16, at the home of the bride, with Rev. B. J. Russell of Paducah officiating.

Jean is a graduate of the Fulton high school, graduating with the class of 1928, and Mrs. Moon is a graduate of Barlow high school of 1930. Both have been attending the Murray State Teachers college for the past few terms. Those attending the wedding were members of the immediately families and a few close friends.

Jean will be connected with his father in the farming business here and they will make their home in Fulton. The News congratulates these two young people.

Miss Glivar
WHY DON'T
YOU
TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles' NERVINE which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves," If you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

"The Old Mill Wheels Are Turning"

Perhaps it is just as well to look on the bright side. For every dark cloud has a silver lining. The darkness is rapidly disappearing, and the silver is returning to the surface, from where it has been hidden. And after we have passed over the rough places, we will be wiser and richer in experience.

As time rolls on people still live on. One of the necessities of life is bread. For 25 years Browder's Mill has been supplying the people of Fulton, and the surrounding community with flour of the highest quality, striving at all times to supply the people with the very best flour that modern machinery and skilled millers can produce.

INTEREST IN CAMPAIGN IS GROWING STEADILY

H. F. Taylor Passes Away

(Continued From Page 1)

scious moments. It has been several weeks since he has been able to attend to his duties at the city hall. Although the condition of Judge Taylor was well known to the people of Fulton, and his great age, 82, was also known, yet his demise came as a shock to the people, so greatly loved and respected was this magistrate. Everything that has had to do with the betterment of Fulton has been closely connected with Judge Taylor's name for so many years that the knowledge of man's runneth not to the contrary. Coming here at a time when this city was but a struggling spot in the road, championing every cause for its betterment, winning his wife and rearing his children here, taking a leadership in its social, religious and fraternal affairs, Judge Taylor left Fulton as few men love any city and, he it said in all fairness, Fulton reciprocated and showered its love on Judge Taylor.

Henry Flournoy Taylor was born at Dukedom, Tenn., Feb. 2, 1851. He was the youngest of the large family of Wm. and Rebecca Taylor of Dukedom. His brothers, all formerly well known here, Ples, Mike and Lee, have all preceded him to the grave as have his sisters, Mrs. J. A. Collins, Mrs. Ada Paschall, Mrs. Marion Thomas and Miss Lou Taylor. Judge Taylor married early in life, his bride being Miss Laura Stillely whom he married in his 24th year, in November in 1875. To this union were born six children, all but two of whom, together with their mother, preceded Judge Taylor to the great beyond. Ed and Roy, sons of the magistrate, died at Eddyville during the time Judge Taylor lived there, and a daughter, Gertrude, died in St. Louis, Mo., another son also has deceased. Mrs. Dulton McWhorter, a daughter, Pearl-et and State Line, and a son, Flournoy Taylor, survive their father. Three grandchildren and many nieces and nephews remain to mourn the death of Judge Taylor. The three McWhorter children are the grandchildren and Mrs. I. F. Royster and Mrs. Jim Stone are nieces who reside in Fulton. Gus and Wayne Thomas of Judge Taylor.

Judge Taylor has long been an active member of the Christian church which denomination he affiliated with early in life. He has been a member of Roberts Lodge No. 172 A. F. & A. M. for many years and has always been active in Masonry. A lifetime member of the Elks shows that his interest in fraternal orders was genuine. He has served both the Masons and the Elks in many official capacities and his passing is a mourning event for both these brotherhoods.

Judge Taylor has always been active in politics and his leadership in Democratic party affairs has always been recognized and respected. Although he expected to be a physician in his young manhood when he came to Fulton and affiliated himself with the old J. A. Collins dry goods store, it seems that almost immediately he was scooped up by the people who needed his leadership and judgment and he has almost constantly been in some sort of public office since that early day.

He has served on the school board of Fulton, served on the city council and also as city clerk and in one of the Grover Cleveland administrations was appointed postmaster at Fulton. During the days of Colonel Henry George he received the appointment and served as a deputy warden at the penitentiary at Eddyville. He returned to Fulton in 1900 and has served as City Judge almost constantly since that time. The term of office which he leaves uncompleted was for the duration of the year 1933 and Judge Taylor had not publicly indicated whether he would again be a candidate for that office.

The funeral today was a city wide signal for mourning. The active pall bearers named were Gus Bard, N. G. Cook, Ed Drysdale, Bailey Huddleston, Joe Hall and Harry House. Honorary pall bearers were Walter Myers, Frank Carr, Mayor DeMyer, and Councilmen J. A. Colley, L. S. Phillips, T. T. Boaz, T. S. Irby, J. E. Hannephin and C. E. Reeds.

The passing of City Judge Henry Taylor marks the severing of still another chain that binds the old to the present civilization. Active in both the old and the new it must have been the motto of Judge Taylor to "go on and on and on." His kindly smile and his cheerful greeting to all will be missed and the world is better for his having lived in it so long.

wood. A nice feature of the place is the private booths for individual parties arranged so that they can all be thrown together and thus accommodate a crowd of 20 people who wish to dine privately at the cafe.

Mr. Smith has spent 28 years of his life in the restaurant business in Fulton and thus it is that he knows just exactly what Fulton people want when it comes to arranging a cafe for their enjoyment.

Spanish War Vets Make "Whoopie" At Paducah Meet

Members of Ken-Tenn Camp No. 20 United Spanish War Veterans and their ladies are home from the 6th Annual Encampment which was held at Paducah, June 18-19-20, elated at the good time they had and loud in their praise of the entertainment given them at Paducah and at the Irvin Cobb hotel where most of the affairs of the encampment were transacted.

Commander R. H. Cowardin of the local camp headed an enthusiastic delegation comprised of the following ladies and gentlemen: Mrs. Cowardin, Mrs. Geo. C. Hall, J. K. Wood and wife; R. E. Pierce and wife; W. E. Simmons and wife; H. B. Hayes and wife; Albert Graff and wife; Tom Rayan; Jonas Brown and wife; Mrs. Stella Ellis; Mrs. M. B. Harris; Penny Baker and wife and Mr. Curtsinger.

Mrs. Cowardin, retiring historian of the ladies auxiliary, department of Kentucky, was elected to the position of Patriotic Instructor of the Department of Ky., a distinct honor to the Fulton auxiliary.

The election of Jack W. Nelson to the position of Commander of the department of Kentucky was especially pleasing to the Fulton delegation. Past national Commander Judge Mathias of Ohio and Quartermaster General Jim Murphy of Washington, D. C., were in attendance at the encampment.

Commander Cowardin spoke highly of the banquet at the Irvin Cobb hotel and the other interesting features of entertainment and the entire delegation are glad they attended and say they realized a lot of benefit from the trip.

Announcement

TO THE VOTERS OF THE CITY OF FULTON:—

As you will doubtless remember, the local papers, some week ago, carried my announcement as a candidate for the office of Police Judge of the City of Fulton, but at that time I did not make a personal statement to the voters.

Therefore, I wish to make a statement at this time. I know that it has long been the custom of candidates to ply the voters with solicitations for their support, the usual practice being to present the voter a card and personally solicit his or her support. This much to be commended custom, and which I would be more than glad to follow were I able to do so, has many excellent features to recommend it. But in order to get the best possible results from this manner of campaigning the candidates must endeavor to see as nearly all the voters as possible, which in the race for City Judge, would require the making of a house to house canvass, which is a thing, unfortunately for me, that I am unable to do.

But I have not recited the above facts to excite sympathy, but simply to explain to the people why I have not, and probably will not make a house to house canvass in this campaign.

I understand that my opponent is making a personal canvass, a thing which he has a perfect right to do, and a thing about which I am not complaining, for he has a perfect right to adopt any manner of campaigning that his judgment dictates; and in conclusion I will say further that he is an excellent gentleman, who is worthy of your support.

So, I trust that each voter will treat this as a personal solicitation of their support, and if on election day you see proper to nominate me for the office I seek, I will appreciate it, but, if on the other hand, you see proper to nominate my opponent, I will accept the verdict without complaint, and loyally support the nominee.

Respectfully,
LON ADAMS.

MAKE YOUR TIME COUNT—WORK A LITTLE HARDER

"The quitter gives an alibi,
The weak-kneed ones get blue,
The fighter goes down fighting,
But the thoroughbred comes thru."

For convenience, candidates will be listed alphabetically and the following is not the rotation in which they stand. The position of each worker is shown by the votes listed below.

BRANSFORD, Mrs. Leon, Route 2, Crutchfield.....	547,800
BARD, Miss Lillian, Rt. 4, Fulton.....	410,000
BUTTS, Miss Leola, Fulton.....	546,000

HOWELL, Mrs. Marie, Crutchfield.....	547,900
HOWARD, Mrs. Clyde, Rt. 3, Fulton.....	548,350
MARLIN, Miss Nedra, Fulton.....	548,500
McCLAIN, Mrs. Jewel, Fulton.....	534,000
MOODY, Miss Carlene, Rt. 2, Dukedom.....	421,000

The above is simply comparative of the achievements of each candidate in the race up to and including "Booster Day," which closed last Saturday night, and does not mean to say that these are the grand totals of the different workers.

MRS. HAGAN HAS EARLY LEAD

to come. All these ladies are popular in their respective communities and we know their friends will follow their progress in the race with interest. The News is naturally proud of its list of workers and we look for real campaigning from those who have entered the race for big prizes. Naturally the greater effort put forth the nearer the top will your name be in the end. The next two weeks will discover the real workers there can be no doubt about this.

Receipts in subscription to date are still below normal, considering the great value of the prizes offered. While a few of the workers have failed to produce the number of subscriptions we are expecting, the race, however, is still young and our disappointment may be overcome. The News is standing behind an expense of several hundred dollars in its effort to put the local paper in every home in this and adjoining counties. It will take some hard work on the part of our candidates to accomplish this, but we have faith in them and know that in the end our objective will have been reached.

Public Approval Pronounced

The stamp if public approval has been placed on the campaign. Nothing but words of frank commendation have come to us on the liberality and fairness of the whole proposition. We feel sure that before many days the friends or the paper will begin to show a more generous support of their favorites who are in the running for the big prizes giving them subscriptions for the longer terms.

In all parts of the country the paper is being complimented on the unusually attractive list of awards that have been selected to reward the workers.

Self Confidence Needed

It takes a lot of character and self confidence to put over successfully anything in life worth while. It will take these qualities to make a successful fight for one of the more valuable awards that will be given by The News.

The awards offered are well worth a genuine effort. The leading worker will earn approximately a hundred dollars a week. Isn't this worth the best effort that you can give?

A Quitter Never Wins

Getting ahead in a subscription campaign is made up of the same principals that determined success in anything you attempt. If you started in a foot race or in any game of competition and you became discouraged in what position would you finish? The world has the greatest admiration for those qualities that go to distinguish the fighter in the great game of life. You will always find that the public will help those who show their ability to help themselves, but have little regard for the weakhearted quitter. SHOW YOUR FRIENDS THAT YOU CAN GRIT YOUR TEETH AND STICK TO THE BITTER END.

Biggest Vote Offer Is Now

There are but eight working days left of the first period after which time a sharp decline in votes will be made. Remember that promptly at 10 o'clock Saturday night July 1st the biggest vote inducement will close. This is meant for the friends of the candidates themselves. Don't put them off until later, for your subscription will not just as much but the candidate will receive less credit and it is not so much their collections that win these prizes as it is VOTES. HELP YOUR FAVORITE WHILE IT COUNTS THE MOST.

W. T. MAYS, 60, DIES AT HOME HERE

W. T. Mays, 60, died early Friday morning at his home on Fourth-st., after a brief but critical illness. Funeral services were conducted at the family residence Saturday morning by Rev. F. B. Jones, pastor of the Mayfield Methodist church. Immediately afterwards the remains were taken to Pleasant Springs, Tenn., where services were conducted by Dr. J. W. Blackard of Jackson. Burial followed in the cemetery there, with Fulton Undertaking Company in charge.

Mr. Mays was brought home Sunday, June 4 from Paducah where he had been employed with the railroad for several months. Despite careful medical attention, and patient, loving care of loved ones, his condition grew worse, altho at times he seemed to improve only to relapse. The deceased is survived by his wife and one son, Juano, and four nephews.

Mr. Mays came to Fulton in 1901 in the service of the Illinois Central System as operator. May 1, 1903 he was promoted to train dispatcher; November 16, 1912, he became chief dispatcher, which office he faithfully filled until the Tennessee division was abolished, and he was transferred to Paducah, as dispatcher. He was born Sept. 11, 1872, in Chester county, Tenn., joined the Methodist church at Pleasant Springs, Tenn., in early childhood, and had been a member of that church ever since.

Mr. Mays started his railroad career as an operator with the M. & O. 1891, and remained with that company until he joined the I. C. System. He had many friends in this city, who regret his passing, and will extend sympathy to the bereaved.

REVIVAL STARTED AT BAPTIST CHURCH SUNDAY

The two-week revival at the First Baptist church started last Sunday with a good crowd in attendance. Two services daily are being held at 10 a. m. and 8 p. m., with Rev. J. G. Hughes, of Union City, delivering the evangelistic messages.

Rev. Hughes will be remembered by many people in this community, as the preacher who talked over the radio station at Union City before it was removed to Jackson. His messages are always plainly and fluently given. Two highly interesting sermons have been arranged for this Sunday.

MR. G. W. LEMOND CELEBRATES 75TH BIRTHDAY

Sunday afternoon marked a gala event in the life of G. W. Lemond of the city when he and his family of 46 met at the fairgrounds for their annual reunion. WARNING!

Only 8 More Days of Big Votes

You Must Work If You Hope To Drive The PRIZE CAR HOME.

Votes on subscriptions decrease at 10 o'clock Saturday night, July 1st. Previous weekly business will be doubled and tripled this week. There will be heavy reports from each and every candidate during the next eight days. See That You Get Yours.

To The Public

NOW is the time to help your favorite. Your subscription given to your candidate NOW means more votes for them than it will later in the campaign. AND VOTES WIN. Unlike most campaigns, the votes in The News campaign DECREASE as it progresses.

Show your favorite what real friendship means by doing them a kindness now that will mean REAL CASH to them.

If you have promised them your subscription see that they GET IT before Saturday, July 1st, or if you have not been solicited, see them and give it to them or else bring it to the office, and we will see that they get credit for it.

Remember that after Saturday, July 1st, the vote decreases, so HELP YOUR FAVORITE NOW.

Eighty-Four Tax Free Towns In The U. S.

By CARL D. THOMPSON,
Secretary Public Ownership League

EIGHTY-FOUR CITIES, TOWNS and VILLAGES IN THE UNITED STATES HAVE NO LOCAL CITY TAXES BECAUSE OF REVENUES FROM MUNICIPALLY OWNED UTILITIES—MORE ON THE WAY

We give below a list of towns approximately the size of Fulton, taken from a complete list of 84 cities, towns and villages in the U. S. that have been able to free themselves from the burden of LOCAL CITY TAXATION by reason of surplus earnings of their municipally owned projects of one kind or another.

Some of these cities own municipal light and power plants; some own waterworks or gas plants, some own all three utilities. In some cases the cities own only distributing systems, buy their electric current or gas wholesale of some private company and distribute it over their own municipally owned distribution system, selling at retail at a profit. In any case they are earning a sufficient return over and above the total cost so that they have enough surplus to cover the entire cost of the local city government.

Free From Local City Taxes Only

We call especial attention to the fact that we are saying that these cities, towns and villages are free from LOCAL CITY TAXATION. That is, no taxes are levied in these towns to pay for the expenses and school taxes. But for the ordinary expenses of their local city government—NO TAXES. And some of the cities mentioned have a sinking fund levy for the retirement of certain bonds later on; but even these are being wiped out and in a short time will be gone.

So then, it comes to this: THAT WE HAVE ALL OVER THE COUNTRY CITIES, TOWNS AND VILLAGES THAT ARE MAKING SUCH SPLENDID AND TO MANY PEOPLE, SUCH A SURPRISING SUCCESS OF THEIR MUNICIPALLY OWNED UTILITIES THAT THEY ARE EARNING PROFITS OR SURPLUSES SUFFICIENT TO PAY FOR A LL THE COSTS OF THEIR LOCAL CITY GOVERNMENTS AND ARE THUS WIPING OUT LOCAL TAXES ENTIRELY. And, WHAT IS MORE, THE NUMBER OF SUCH CITIES IS GROWING EVERY YEAR—NEARLY EVERY MONTH.

Of course, it is true that these particular cities may have rates that are higher than those of municipal plants where the people go in for lower rates rather than lower taxes. As a rule these "No Tax Towns" have lower rates than those charged by private companies under comparable conditions. Even so they are still making profits sufficient to wipe out local taxes.

And this is the point, that municipal ownership is demonstrating its success, its practicability and advantage in a most striking and convincing manner by earning sufficient profits, with rates no higher and generally lower than those of private companies, to wipe out all local city tax burdens.

Here, then, is a partial list of "Tax Free" towns (approximately the size of Fulton) so far as we have been able to compile the fact. Some of these have been sent to us by the U. S. Chamber of Commerce, others by the Leagues of Municipalities, others by city officials and still

others by prominent citizens, but in all cases by those who may be considered reliable and trustworthy.

FARM-MORTGAGES MAY RECEIVE RELIEF

E. F. Thomasson, receiver of the defunct Farmers Bank of this city, filed last Thursday a list of bank mortgages with officials at Washington, D. C. Mr. Thomasson filed these mortgages after a request had been made by the government, which is preparing to operate the new Home Loan Bank, and also to establish new loans in the Federal Land Bank.

On Wednesday of last week Mr. Thomasson received the following wire from Washington: "Desire information as to the value of farms mortgages held by banks in liquidation; also amount of home mortgages held in liquidation and face value of \$14,000 or less, or which could be scaled down to \$14,000; this amount being acceptable as full payment by the liquidation."

Mrs. M. H. Elam spent several days last week in St. Louis, returning with her son Willard Cooper who has been attending school there.

HISTORY IN THE MAKING

By J. Paul Hushart.

RACE HORSES AND TRACKS

Everyone is familiar with the old saying that Kentucky is noted for "fine race horses, pretty women and good whiskey." Mention has already been made in former articles about the ladies and the liquor. Now turn a moment to racing.

Races seemed to have been very popular over the Moscow course each year during September, in 1841—. In the year '41 the following schedule of races took place at Moscow, which is in Hickman county.

First-day-sweepstakes for 2 year olds, colts, and fillies; mile heats. Five entries at \$100 and closed.

On Thursday, September 23, a sweepstake for 3 year olds in a two mile heat was run. Five entries at \$100 and closed.

Friday, September 24, the jockey club purse, with two miles heats. The Moscow course was said to equal any in the west, and several stables of horses were kept there during the racing season.

Maj. S. F. McFall of Moscow announced that year a race between Col. Polk's Bobtail by Havos and Edward Shuck's Lapdog by imported Lapdog, both of Obion county, Tenn., at \$400 a side, play or pay.

Races were also held over the Highland course at Paris, Tenn., during October and continued for five days.

Read this and get an insight about Hickman county's thoroughbred horses: Iscander was foaled in the spring of 1834, the property of Col. Wm. L. Alexander, of Sumner county, Tenn., and while in training at two years old, his owner was flattered with the highest expectation of him, as a first rate race horse. But an injury received while in training in his right shoulder retarded his speed or he would have stood at the head of the turf. Jefferson, sire of Iscander, was a full brother of Betsy Ranson, one

of the best racing horses ever to run in Virginia in her day.

MANUFACTURING AND TRADES

Mills' Point and the adjacent territory was essentially agricultural in the early days, as it is today. But many citizens followed trades other than tilling the soil. There were grist mills, flour mills, sawmills, tobacco stemmeries, foundries, dry docks, cotton gins, blacksmith shops, lock and gunsmith shops, fish docks, distilleries, etc.

One of the most prominent tobacco stemmeries in Kentucky was that operated under the name of Mills' Point Stemmeries, under a copartnership between Julius Eversmann, P. N. Marr and Charles W. Beaumont. This company dissolved partnership during the latter part of the year 1841, but continued under new management.

Dodge and Thompson established a saddlery at Mills' Point March 14, 1842. Messrs. Samuel Todd and Cox added another feather to Mills' Point's crown in April, when they put in operation another wharf boat to take care of incoming and outgoing freight, and produce.

Innumerable drays were busy then day and night. Large overland wagons, drawn by oxen arrived daily bringing produce from the interior during the harvest season. The Hickman House under the management of Ashley & Boyer, reopened March 27, 1842, after being repaired and improved. Stables adjoined it with experienced hostlers to care for the traveler's stock.

G. B. Watson took over the Mills' Point House, June 3, 1842, started a new brick building which the hotel was later to occupy. W. W. Alexander imported two wool carding machines direct from the east and established a factory at Feliciana, near Hickman county line and in Graves county. He received and carded wool at 8 cents a pound, and furnished the oil for the same rate of charge.

Thos. C. Spencer was a blacksmith and gunsmith at Mills' Point (Hickman) in the forties. All pistols,

guns and cane swords were taken to him for repair.

Thos. C. Spencer, was a blacksmith and gunsmith at Mills' Point (Hickman) in the forties. All pistols, guns one cane swords were taken to him for repair.

S. C. Nevil, Esquire, was a tobaccoist and stemmer at Moscow, Ky. Levi Reed operated a cabinet business on Clinton-st., one door below the tailor shop of Dannally & Gordon Bowers & Davis, Grist and Saw Mill situated on the north fork of the Obion River, about 14 miles from the town of Dresden, and 22 miles from Mill's Point, was the oldest mill upon that river. And from that point it was convenient and navigable for flatboats at certain seasons of the year to transport lumber and grain to the southern markets. Wm. G. Bower's one of the owners, died in July, 1842.

A foundry was established by Wm. Hathaway & Co. at Mills' Point in 1842. Maj. G. W. L. Marr deeded property for the site with the understanding that the company erect a foundry and dry dock. It was the intention at first to build steamboats for use on the river, but after several had been built and put into service the business venture was discontinued.

Land could be had for \$3 to \$12 per acre, according to the quality, improvements and distant from the river. This section has advantages for farming over other portions of the west. It was well located because lower down the climate was too hot for grass or corn, tobacco; and higher up you receded from the market, and the greater was the cost of transportation.

With the exceptions of about eight acres in town lots the whole of 1,900 acres including Mills' Point was owned by George Washington Livelymore Marr. He had nearly all the town under lease to tenants.

Phillip Homra of Shyder, Okla., is the guest of his fiancée, Miss Adeline Homra at the home of her brother on Norman-st.

LOCAL HAPPENINGS

The Lions Club is scheduled to have a picnic at Shady Rest this Friday night.

The small daughter of Mr. and Mrs. P. A. Cox is convalescing since a recent operation in a Paducah hospital. Patricia has returned to the home of her parents on State Line-st.

Fulton conquered South Fulton in a tennis tourney Sunday on the South Fulton court, score 3-0. McAlister and Butts defeated Latta and Stokes, 6-3, 3-6, 6-2. Putman won over Jones and Mansfield, 3-6 6-1, 7-5. McAlister and Latta tied up in a single match with McAlister winning 9-7, 6-2. These teams are scheduled to play again this Sunday on Fulton's court.

The revival at the Church of Christ closed here last Friday night. Preaching was conducted by Rev. W. A. Foster of Union City, and the song services by Homer Royster of Duke-don.

Mrs. Clint Howell, Mrs. Paul McAlister and daughter, Frances, Mrs. Wales Austin, Mrs. Ernest Hancock, and Miss Mary McWhorter attended the funeral of Rev. Joe Ratcliffe at Bardwell Thursday.

John Crutchfield, 60, son of the late Taylor Crutchfield of Fulton, died in Madisonville, Texas, several days ago. Burial took place in Texas. The deceased will be remembered by many old friends in this community.

The golf season is on, and tournaments are just one round after another. Fulton players motored over to Humbolt Sunday, where they took a victory over the Tennessee golfers by a score of 22 to 15. This Sunday the home "club" will jump over to Mayfield to do battle with Mayfield.

Shower At Dukedom.

Mrs. Forrest Iouse of Dukedom entertained with a shower in honor of Mrs. Allmond McGeare Sunday. It was a surprise shower to the honoree and the hours of entertainment were spent informally. Refreshments were served to twenty-nine guests.

Bride Showered Friday.

Miss Evelyn Osgood, (nee Mrs. Paul Boaz), was showered Friday afternoon at the home of M. D. B. Valentine on the Fulton-Mayfield highway. Mesdames Valentine and Wrenn Coulter were hostesses.

Three tables of bridge were played, with Mrs. Harold Hall winning high score. After the games the honoree was presented with many appropriate gifts. Miss Helen Exum assisted the hostesses in serving delicious refreshments. Those present were: Mesdames H. G. Hall, W. P. Ayers, Edwin Bein, Clifton Linton, Carl Hastings, Dan Gerling, Elizabeth Osgood, Wrenn Coulter and Miss Elizabeth Witty.

Osgood-Boaz Wedding.

One of the most interesting weddings of this month was that of Miss

Evelyn Osgood, daughter of Mrs. Elizabeth Osgood of this city, and Paul Emerson Boaz, son of Mr. and Mrs. R. T. Boaz of near Fulton. The Rev. G. C. Fain, pastor of the First Methodist church of this city, solemnized the single ring ceremony uniting the young couple.

Mrs. Boaz was charmingly attired in a lovely pink frock, with white accessories to harmonize. She carried a beautiful bouquet of pink rosebuds. The bride has lived in Fulton all her life, and has many friends in this community. She is a graduate of the Palmyra high school, at Palmyra, Ill. She was employed with the W. P. Felts Hardware Co. of this city for many years, but most recently with The Fulton Leader.

The groom graduated from Fulton high school in the class of 1921, and has many friends here and at Anna, Ill. where he is employed as bookkeeper with the First National Bank there. Formerly he was with the First National Bank of Fulton for a period of approximately ten years. The newly-weds left immediately after the ceremony for Chicago to attend the World's Fair. They will make their home in Anna. The News congratulates the young people, and wishes them success and happiness.

Tuesday Night Club

Miss Lillian Wade was hostess to the Tuesday Night bridge club, with four tables of players. Mrs. Earl Bauman won the guest prize, and Miss Mary Hill the club prize. A salad course was served to members and guests. The guests were Mrs. Earl Bauman, Mary Frances West, Mrs. George Doyle and Sadie McKnight.

Country Club Dance.

An enjoyable affair was the dance given Saturday night by the Country Club. Music was furnished by the Southern Rhythm Boys of Union City.

Mrs. Ford Hostess

Mrs. Henry Ford entertained her bridge club Saturday night. There were four tables of bridge. Mrs. Lavinia Read won the club prize and Miss Nell Shelby the guest prize.

Former Fultonian Marries

Miss Esther McDonald of St. Louis and Albert Brown of Paducah were quietly married Tuesday morning in Paducah. They left immediately for a trip to the East Coast of Florida. Mr. Brown is an employee of the Illinois Central System and formerly resided here. Mrs. Brown is a sister of Mrs. Martin Nall of this city.

THREE CLUBS FIGHTING FOR TOP IS LEAGUE

With three teams fighting to win the first half pennant in the Twilight League and with all three claiming the flag, much enthusiasm is being raised now. O K Laundry is on top with a good margin with White Way and Warner fighting their eye teeth out for the top berth it looks like a battle of wits to really determine who will win the half.

The first half will close Friday, June 30. The second half will be started on Monday afternoon July 2. With Dalton Cleaners and Fulton Ice Company opening. The game at night will be played between Diamond D-X and Ky. Util. Co. For the second day activities O K Laundry faces Swift Plant for the afternoon and for the night faces Warner Bros., will face Diamond D-X.

Dalton Cleaners 22, D-X 5.

FATS AND LEANS CONTINUE BATTLES OF THE CENTURY

The Century of Progress in Chicago has nothing on the Fats and Leans at Fulton when it comes to staging something unusual. These two clubs have been fighting among most of the summer and have yet to offer anything that is historical.

Both teams are out and fight their eye teeth out for the sport of the game and when the game is over they forget who won, lost or whether they even tied the score or not. Yes, since, that's the way they do it. This standing to date is Fats won 6 and Leans won 4.

STANDING IN THE TWILIGHT

Team—	W.	L.	Pct.
OK Laundry	8	2	.800
White Way	7	4	.637
Fulton Ice	7	4	.637
Warner Bros.	6	5	.546

DIAMOND D-X RISE UP AND TROUNCE OK 4-2

What looked like a sure pennant for the OK Laundry boys was a bit dimmed Monday afternoon when the rejuvenated Diamond D-X club turned on the heat and cleaned the OK boys by the score of 4 to 2 for their second defeat of the season, and thereby causing them much uneasiness for the remainder of the first half. All they have to do now is to lose about two more games and White Way win about two and OK will then be left behind. Joe Hall, D-X's new twirler, was tight (but not from intoxicants) at all time, and never did he allow more than two hits in any one inning.

SWIFT SMOTHERS K. U. BY SCORE 16-5

After it was too late for a chance to win the first half pennant the boys from Swift & Co. jumped on the K. U. boys Monday night and completely bewildered them by the overwhelming score of 16 to 5. Swift jumped to a 2-run lead in the first inning and was never in trouble any more.

WHITE WAY BOWS TO ICICLES 13-8

After they had won five straight games with heads-up baseball and facing the icicles, who have also won their last five games, the White Way boys struck a block and lost to the icicles by the score of 13 to 8 in one of the most well played games to date in the Twilight.

White Way jumped to a 4 to 1 lead for the first few innings and ran haywire in the 4th when their infield blew up. Icicles scored four in the 4th and five in the 5th to win the game 13 to 8. This victory makes icicles a contender for first place over Ok Laundry.

DALTON CLEANERS WIN OVER WARNER

Jumping to a good lead Tuesday night the Dalton Cleaners outplay-

ed the Warner boys and won the game by the score of 7 to 6 in another well played game. This dropped Warner out of the race for first half honors and gives warning to every other team that Dalton means business. So watch 'em.

"COTTON" LEIP HAS A REAL "BLOW OUT"

"Cotton" Leip had a real "blow-out" last Thursday night—one he'll never forget. It happened on the Fulton-Martin highway, near Holman Grocery, when the car in which he was riding blew out a tire, and then collided with that of Lee Bransfield of Dresden. Both cars went into a ditch with Mr. and Mrs. Bransfield sustaining minor injuries.
