WHEAT MEN AVOID NEWS OF TAX PLAN

BISWILL MILL DANCES MANY RUBBLES OF PRESENT CROP

WILL IT BE THE CROPS THAT WILL REAP THE GRAIN

The cereal men are taking a wait and see attitude concerning the present crop. The reason is that the market is not too good, and the demand for wheat is not too heavy. The mills are running at a slow pace, and the buyers are not too eager to purchase grain. The situation is not entirely favorable for the wheat men, but they are hoping that the market will improve in the near future.

Mr. W. H. Wiggins, manager of the Biswill Mill, said that the present crop is not as good as the crop of last year. The wheat men are trying to get as much as they can for their grain, but it is not easy to do so at the present time.

Mr. W. H. Wiggins is a man who has been in the grain business for many years. He is well known in the area, and he has a good reputation for being fair and just. He is always willing to help his customers, and he is always ready to give them the best advice possible.

The place is largely competitive of the achievements of each unit within the city of Fulton, which seems to be an ideal way to nurture a sense of patriotism and pride in one's community. Active in it so long.
