No recognition is more deserved in a University than the recognition for academic excellence. In some small though meaningful way, Murray State University seeks to recognize the achievements of its students.

This year 1,120 of the undergraduate students enrolled at Murray State University maintained an overall academic standing of 3.3 or better. We honor each of them, for they merit this distinction.

It is especially pleasing to me that you are able to visit our beautiful campus on such an auspicious occasion. Please enjoy your visit, and thank you for honoring these young people with your presence.

Most sincerely,

Constantine W. Curris
