BENTON WAGON
What we term kindness is the sentiment which distinguishes the true-hearted from the selfish. It is the bond that unites and endears the human heart, and the purest of virtues. It is the touchstone by which we measure the worth of a man. It is the germ of all true and lasting friendship and love. It is the key to all human affections. It is the principle of all true and lasting happiness.

Kindness is the most precious gift that man can bestow upon another. It is the highest form of social insurance. It is the best guarantee of human welfare. It is the most effective means of promoting peace and good will. It is the truest test of character. It is the best guide to action. It is the most certain road to happiness.

Kindness is the first duty of a good citizen. It is the duty of each man to do all in his power to promote the welfare of his fellow men. It is the duty of each man to be kind to his neighbors, to his friends, to his enemies, to all mankind. It is the duty of each man to be kind to all who come within his sphere of influence.

Kindness is the duty of every Christian. It is the duty of every Christian to practice kindness in all his dealings with men. It is the duty of every Christian to be kind to all who come within his sphere of influence. It is the duty of every Christian to be kind to all who come within his sphere of influence.

Kindness is the duty of every man. It is the duty of every man to be kind to all who come within his sphere of influence. It is the duty of every man to be kind to all who come within his sphere of influence. It is the duty of every man to be kind to all who come within his sphere of influence.

Kindness is the duty of every woman. It is the duty of every woman to be kind to all who come within her sphere of influence. It is the duty of every woman to be kind to all who come within her sphere of influence. It is the duty of every woman to be kind to all who come within her sphere of influence.

Kindness is the duty of every child. It is the duty of every child to be kind to all who come within his sphere of influence. It is the duty of every child to be kind to all who come within his sphere of influence. It is the duty of every child to be kind to all who come within his sphere of influence.
