The fair will be held at the Fulton County Fairgrounds, located at 123 Fairgrounds Boulevard. Admission will be free for all ages.

The fair is open to the public from 10 am to 10 pm each day, with extended hours on the last day. We encourage all residents of Fulton to come out and enjoy the fair, and we look forward to seeing you there!

County Fair May Have Dog Show

The County Fair may have a dog show this year. The fair officials are still determining the details of the dog show, but they are hopeful that it will be a popular event.

The dog show will be held on the main stage of the fairgrounds, with judging taking place on Saturday, July 14th. There will be a variety of different vendors and activity tents available on the fairgrounds throughout the course of the day.

The fair is open to the public from 10 am to 10 pm each day, with extended hours on the last day. We encourage all residents of Fulton to come out and enjoy the fair, and we look forward to seeing you there!

"Gold Diggers of '33" Makes State Debut Here Sunday

New Musical Drama Tops
Anything Ever Yet Produced

They're doing it again! Westerners, who took the amusement world by storm some months ago with "Thirtieth Street," have once more arrived with a new accomplishment even greater in scope and promise.

It is "Gold Diggers of '33," new sensation of the screen, which originated at the RKO Theatres last fall. The story of this sensation was all recorded back of the scenes. How it happened, where it happened, who--the whole history of "Gold Diggers of '33" is the story of the productions and problem solving of the RKO Theatres. It is true, the story of a new sensation.

The original intention of producer D.L. Wolper was to stage "Gold Diggers of '33" as an out-of-door show, just as "Gold Diggers of 1925" and many other famous shows have been presented in this manner. This idea was quickly abandoned when William Randolph Hearst, who had been interested in the show, decided against it. It was then that the idea for the show originated in the mind of Robert F. MacMahon, the producer, and D.L. Wolper, the producer of the show.

The story of "Gold Diggers of '33" is the story of the people back of the scenes and of their struggles and triumphs. The show was first produced in New York City, and the story of its rise to fame is the story of the people who believe that anything is possible. It is the story of "Gold Diggers of '33," the sensation of the screen, which originated at the RKO Theatres last fall.

It was in the city, when Miss timer lilt out, outstanding weddings of the hour. The marriage of Miss John Street, by Rev. E. G. Tuttle, in the presence of more than 500 guests, was perhaps the most prominent event of the afternoon. The bride was Miss Elizabeth Tuttle, and the groom was Mr. John Street. The ceremony was performed in the Union Church, and the couple left for their honeymoon in Europe.

The bridal party, consisting of the bride, groom, and immediate family, was received by a grand ovation at the church door. The bride was attired in a white gown, and the groom in a black suit. The wedding was a simple and elegant affair, with the ceremony performed by the reverend. The couple then left for their honeymoon, and the guests dispersed to enjoy the rest of the day.

On this day, a friendly gathering was held at the Union Church, where a delicious ice cream supper was served to the guests. A variety of ice cream flavors were available, including chocolate, vanilla, and strawberry. The guests enjoyed the treats and engaged in lively conversations.

The remaining land of the city, after the destruction of the previous week's fire, was now mostly cleared. The streets were now wide and open, and the air was fresh and invigorating. The children were playing on the sand, and the sound of their laughter filled the air.
