COL. MOTT AYRES.

Col. Ayres has been elected to one of the best jobs in the power of the prison commission.

Mr. Ayres knows a good thing when he sees it and he can see it as quick as the next one. He is a fine party man and never turned down a nominee, it matters not who he may be. He knows all the politicians in the State and no man in the public eye can be more clever and accommodating than he can when the opportunity presents itself. His new job is one of the best at a good, fat salary of \$2,000 a year and all expenses paid by the State. Another thing about him is, that if there is no vacant office that fits his fancy he will have one made, and every time he has had one made, he has the workmen to make it exactly according to the plans of the architect.

Some people can "cuss" and abuse Mott, but he gets there just the same and he cares very little for those who take up their time in kicking about him.

He has as much influence with the average Kentucky legislature as any two men that hang about the New State House. He eats and drinks the best, dresses well and at all times wears a neck tie of a peculiar red; he rides on passes on the great highways of the State and regales himself on the fine sleepers that fly from one end of the State to the other. He can call a Democratic committee together and arrange all the scarry details of a congressional or appellate primary election quicker than any other man since the halcyon days of John C. Calhoun, the great statesman of South Carolina.

The enemies of the irrepressible Mott had about come to the conclusion that his day of usefulness was about at an end, but the giving to him of this new job has given him a new lease of political life and his power and influence is growing greater and more powerful as the days come and go.

It must be remembered that he came of good Tennessee stock, his father, Judge Ayres, had the distinguished honor of being the youngest circuit judge that ever sat on a circuit bench in the State of Tennessee.

He may not have pleased everybody in his neck of the woods in everything, but he is certainly entitled to much credit for the success that has attended him in the interesting game of politics.—Mayfield Messenger.

PATTERSON'S OFFER BEING SPURNED.

Independents and Republicans Treat Offer of Withdrawal With Indifference.

Nashville, Tenn., Aug. 13.—Gov. Patterson's address to the Democrats of Tennessee published Friday, has excited both favorable and unfavorable comment among the few politicians now in Nashville. The regulars approved, while the independents and the Republicans treated it with indifference.

It is evident from the comments made that nothing short of the governor's retirement from the field will satisfy the opposition. They are in no mood for anything smacking of compromise. The regulars believe the governor's declaration will strengthen him in the state, because they say it places the responsibility upon the opposition, if the state falls into the hands of the Republicans.

ERROR CORRECTED.

In giving the amount of the liabilities of M. T. Campbell & Co., of Water Valley, who made an assignment, a typographical error was made. The correct amount of the indebtedness was \$196.90 instead of \$1,900.

INDIAN CHIEFTAN GIVES TESTIMONY

Oklahoma Land Fraud Cases of National Interest.

Sulphur, Okla., Aug. 13.—Lawyer's expense accounts, running as high as \$300,000; a single fee already paid amounting to \$750,000 and contingent fees still pending that would aggregate about \$5,000,000 figured in the investigation of the Indian land affairs by the special committee appointed by the house, of representatives yesterday.

It was pointed out that the Indians never had secured a large amount of money due them without having to "come across" in the shape of fees and although they employed regular lawyers on yearly salaries, extra fees were constantly paid for the employment of special counsel.

This testimony developed in the examination of George F. Scott, Choctaw Indian.

Scott was active in securing signatures for the McMurray contracts; to promote the approval of which by congress Senator Gore charges that on May 6, last, he was offered a bribe of \$25,000 or \$50,000.

Sulphur, Okla., August 13.—That J. F. McMurray had contracts with the Indians by which in the sale of their lands he would receive not only \$3,000,000 as attorney's fees, but also agreements calling for \$1,500,000 in other fees, was testified to by Geo. W. Scott before the special congressional committee Friday. Scott acted as an agent for McMurray.

Conspicuous among the witnesses called to testify before the congressional committee investigating Indian land deals was Douglas V. Johnson, chief of 8,000 Chickasha Indians.

Johnson, together with 85 per cent. of his tribe, signed the McMurray contracts by which, according to Senator T. P. Gore, a 10 per cent. "attorney's fee," or \$3,000,000, would be withheld from the Indians in the sale of 450,000 acres of their land in this state. This money, Senator Gore charges, would have been paid for services which the government already has agreed to render the Indians.

Chief Johnson has made it known that he signed the contracts because of impatience at the government's delay in disposing of the land.

CARD OF THANKS.

In this, the saddest time of our life, we wish to thank our neighbors and friends for the many deeds of kindness shown us during the illness and death of our wife and mother. Words are inadequate to express our appreciation. We wish each and everyone who befriended us in any way to take this as a personal thank, and when like sorrow overtakes you, may you be surrounded by friends as true and faithful as we have been.
W. J. Looney and Children.

DESTRUCTIVE FIRE.

Clinton, Ky., Aug. 13.—Clinton has suffered another big fire in the business district. About mid-night fire broke out in the restaurant of Albert Nall and threatened the entire block. The stock of Mr. Nall was entirely lost and the building badly injured. The plate glass in three other stores was broken by the heat but the gallant work of the firemen soon extinguished the flames. Clinton has one of the best fire companies anywhere around and the boys have saved much property from destruction. The loss was covered by insurance.

FEDERAL AUTHORITIES TAKE BUD TERRELL

Colored Man Recently Convicted of Selling Whiskey Must Answer For Violation of Federal Laws.

Beverly (Bud) Terrell, a colored man residing in Missionary Bottom, was arrested this morning by Deputy United States Marshal Elwood Neal, of Paducah. The prisoner was taken to Paducah on the morning train.

Terrell was recently convicted in the Fulton police court upon a charge of bootlegging. He was fined \$100, to pay which he mortgaged his home. Terrell had failed to provide himself with a government license to sell whiskey and when the news of his conviction reached the revenue officers a warrant for his arrest was promptly issued and the offender was arrested as above recounted.

Mr. Neal says he is watching this section closely and expects to take in all violators of the liquor laws who are subject to "treatment" in the federal court.

STAUNTON STILL SINKS.

Cave-In of Buildings in Heart of City Causes Exodus.

Staunton, Va., Aug. 13.—A cave-in which occurred here Thursday in the heart of the city continues to alarm residents, and there has been a general exodus from adjacent buildings. The fire house is now sinking and the public school building is threatened. A large portion of the two-story residence of Prof. C. L. Wilson has fallen and the back yard has sunk thirty feet below the house.

It is believed that the cave-in was caused by an underground stream, which has been undermining the buildings adjacent to it.

KILLED BY I. C. TRAIN.

Body of Walter W. Dunnivant Found Beside Track.

Newbern, Tenn., Aug. 13.—This community was shocked this morning to learn that Walter W. Dunnivant had met an untimely death some time during the night. His body was found lying along side of the Illinois Central tracks at an early hour this morning. No one witnessed the accident, but it is the general supposition that in attempting to alight from one of the fast passenger trains out of Memphis he was thrown violently to the ground and instantly killed.

SALOON KEEPER WANTS INJUNCTION

Asks Courts to Decide Whether the Mayor Can Close His House.

Paducah, Ky., Aug. 13.—Suit asking that the city ordinance be tested giving the mayor power to revoke a saloon license was filed Friday by W. L. Rickman against the City of Paducah and Mayor Smith. In the petition he recites that he was granted a license July 1 to conduct a saloon at Eighth and Husbands streets, and that as a result of a clerk being fined for selling liquor to a minor Mayor Smith, August 1, ordered him to close his house. He asks that prohibition be directed towards the city and its officers, and that they be refrained from enforcing the ordinance, and that the legality of the ordinance be tested in the circuit court. He asks for a judgment of the court adjudging the ordinance unconstitutional and that the city officials be enjoined from enforcing the order of the mayor.

WENDLING NOW IN LOUISVILLE JAIL

Alleged Murderer of Innocent Child Arrives at Scene of Crime.

Louisville, Ky., Aug. 13.—Joseph Wendling, wanted here on the charge of murdering Alma Kellner, was safely landed in the city hall here Friday morning after a remarkable chase across the continent and an almost equally remarkable return in charge of Capt. John P. Carney, chief of the Louisville detective department. Wendling had no sooner been ushered into the room of the chief of police on the Sixth side of the city hall than he took a position in one of the large windows and busied himself bowing and waving to the crowd which had gathered in the street below. His everlasting smile was much in evidence.

Wendling touched Kentucky soil shortly after 3 o'clock this morning for the first time in many months. He and his captor took a train at Evansville, Ind., about 3 a. m. and shortly after crossed the Ohio into Kentucky. Handcuffed together, Capt. Carney and his man occupied the drawing room on the Evansville sleeper. The train was due here at 7:35, but it was an hour late when it pulled in to the union depot.

A large size but orderly crowd was kept in bounds by plenty of police, and when Wendling was hurried from the car to a waiting automobile, there was no demonstration outside of expressions of curiosity. The party made a rapid run down Broadway to Seventh, and then northward to Jefferson, and the prisoner was soon safe at police headquarters.

OFFICIAL COUNT OF TENNESSEE ELECTION

Independents Have About As Large Majority As Was Expected.

Nashville, Tenn., Aug. 13.—Official returns from sixty-nine of the ninety-six counties in the state gives a total of 110,398 votes to Judge Shields, who led the independent judiciary ticket in the election, August 4, while Judge Bell, who leads the administration ticket, so far, received 79,208 votes, a majority of 31,192 for the independents, with twenty-seven counties yet out. In the sixty-nine counties heard from Governor Patterson, two years ago, received 29,425 votes more than the leader of the administration judiciary ticket this year.

To date the vote of the Governor two years ago was less than that received by Judges Shields and Beard, of the independent ticket, August 4.

OH YOU SNAKE!

Man Who Drank Pint of Whiskey, As Antidote Snake Bite, Acquitted.

Mayfield, Ky., Aug. 13.—The case of Charley Boren, of Viola, was tried in quarterly court Wednesday before Judge Monroe and it proved quite interesting. There were probably a score of witnesses from Viola and that section where the alleged offense was committed. It was charged that Boren called J. B. Warford a vile name. The defendant, who was represented by Judge Ed Crossland, pleaded for an acquittal on the grounds that he did not remember anything about what occurred at the time as he said he had previously been bitten by a snake and drank about a pint of whiskey to counteract the poisonous effects of the venomous reptile. It was shown that it was dark when the alleged offense occurred but several witnesses stated that they were certain that Boren was the person.

**RAWN'S ESTATE
SUED BY RAILROAD**
Dead Official Owned Stock In Car Company Which Swindled Road.

Chicago, Aug. 13.—Suit for approximately \$1,000,000 will be started against the Ira G. Rawn estate by the Illinois Central Railroad Company, as a result of the disclosures made that the former president of the Monon held stock in the repair companies which mulcted the railroad company out of \$5,000,000 in the sensational car repair graft.

This announcement was made today by a high official of the Illinois Central, following the entering of the court decree in Memphis awarding to the Illinois Central over \$200,000 which was fraudulently collected by the Memphis Car Company. It was shown in the decree that Ira G. Rawn, who met a sudden death shortly after testifying that he held no stock in the repair company, held 400 shares of stock in the Memphis concern.

It is expected by Illinois Central officials that it will be shown in future car repair suits that Mr. Rawn held stock in the majority of the five companies against whom civil suits have been started. While settlements have been made with the Blue Island Road, Mill and Car Company and the Memphis Car Company, Illinois Central attorneys maintain that these settlements with the corporations do not relieve stockholders of liability.

Ties Up Rawn Insurance.
At the conclusion of the civil suit against the repair company, it is asserted, the suit against former President Rawn's estate will be filed, as the Illinois statutes provide that each conspirator is liable in such graft cases for the full amount secured from a corporation by fraudulent means.

The threatened action by the Illinois Central officials, it is said, will result in the tying up of the Rawn insurance of \$150,000, as well as the disposition of the Rawn estate. The latter was placed at \$200,000 when taken before the probate court, but

the general belief is that the former president of the Monon railroad left personal property exceeding \$1,000,000.

**Ballard's
Snow Liniment**
Is a Healing Remedy for All Ailments of the Flesh of Man and Beast.

The speed with which this splendid liniment heals up a bad wound or sore has surprised and pleased those who were accustomed to the slower and uncertain effect of less powerful remedies. It mends the lacerated flesh so quickly that there is but little time lost from work. In relieving rheumatic pains, neuralgia, sciatica, it has done and is doing a wonderful work. Many chronic victims of these diseases have found to their great satisfaction that it cures an attack in a fraction of the time required by the ordinary treatment.

It is equally effective in the flesh ailments of animals. Owners of blooded stock value it highly for two reasons: It heals sores and wounds quickly, and leaves no disfiguring scars. This remedy is needed in every home. If its great power and efficacy was generally known, no family would be without it.

TOBACCO MEN CONCLUDE

51 Per Cent. Clause of the Pledge Remains Unchanged.

Clarksville, Tenn., Aug. 13.—The directors of the Dark Tobacco Planter's Association of Kentucky, Tennessee and Virginia closed their meeting here yesterday.

It was shown that in every county there was a stronger feeling in favor of the organization than ever before.

It was unanimously decided that the 51 per cent. clause of the pledge should remain unchanged. It was also unanimously carried that the books of the association should close at noon Monday, Aug. 15, for two years, and that all who were out then would remain out for two more years. It was thought that every county in the association would secure the desired 51 per cent.

NEW FACTORY AT RIVES

Union City, Tenn., Aug. 13.—The machinery for the new broom factory, a \$10,000 corporation recently organized at Rives, in this county, has been received and installed, and the factory will begin operations Monday. W. P. Morris, a veteran broom maker and the broom corn raiser is president and general manager of the concern, and the factory will have a capacity of 50 dozen brooms per day. Broom corn is worth from \$150 to \$200 a ton, and a number of farmers in the vicinity of

Rives have planted crops this year. Land in this vicinity will produce about one ton to the acre, which will beat most anything now being raised.

Lost—Brooch with small diamond in center. Finder, please return to this office and receive reward.

A PUBLIC LECTURE.

Eld. Wm. J. Bishop, missionary to Japan representing the churches of Christ will be in Fulton and deliver one of his famous lectures at the Primitive Baptist church on State Line street next Monday night August 15, 1910. Bro. Bishop has been in the gospel missionary work in Japan for the past ten years and is now back making a tour in the United States and Canada, in the interest of the missionary cause. He is in charge of the work at Koishikawa chapel, Tokyo, Japan, and he is also, editor of a Christian paper published there in the Japanese language, and is also Missionary Editor of "Christian Word and Work," published at New Orleans, La., and is the author of three series of popular illustrated lectures, on "The Land of the Sun Flag," "Biblical Archaeology and Geography," and "The Psychic Phenomena of Religious Revivals." His lectures are popular in form and well illustrated by means of a good stereopticon and over three hundred slides made and colored by hand in Japan. His lectures are very interesting and instructive and are highly complimented both by the people and the press in the various cities of the United States where he has delivered them. All are cordially invited to come and hear him. In his letter addressed to Esq. J. T. Futrell he states: "I was a citizen of your town many years ago, as printer with Mr. Ward on the Graphic. My aunt, Mrs. Chambers, lives in Fulton." His American home is Dallas, Texas.

FRENCH DRY CLEANING AND SANITARY PRESSING.

O. K. Steam Laundry Is Now Ready to Serve the Public.

A Leader representative was shown through the French Dry Cleaning and Pressing Department of the O. K. Steam Laundry today and was surprised to see the vast improvements made by the Owen Brothers. They have had a building erected near their laundry building on State Line street for the exclusive purpose of doing French Dry Cleaning. It is a brick structure with concrete floor and roof, and is absolutely fire proof. In this building they have installed all the latest machinery for doing the work of dry cleaning, and it is safe to say that the building and equipment cost the Owen Brothers at least \$2,500.

In their French dry cleaning department all kinds of cloth and fabrics are handled without fading or injuring the texture. A specialty in fact, is made of cloaks, waists, skirts and the finest silk and woolen garments. For a modest sum old clothes may be renovated, cleaned and pressed in a sanitary way.

This newest addition to the O. K. Laundry is viewed by the general public with delight. Every day you see Owen Bros.' handsome new rubber tired delivery wagons busy answering calls for clothes to be renovated and made new. This new department is only a higher step in the progress of this institution and the people of Fulton will show their appreciation by keeping them busy.

Don't be afraid to send your silks, woollens, satins, laces, etc., to the O. K. laundry for dry cleaning, because they have in charge of this department Mr. Hess, of Cincinnati, who is an expert at the business.

The Owen Brothers appreciate your patronage and it is for this reason that they have worked so zealously to please you and to provide an establishment to do the highest class of French Dry Cleaning and Pressing.

Don't think for once, however, that this new addition will in any way interfere with their regular laundry work. It only assists them in maintaining the high standard which the O. K. Steam Laundry has attained by honest endeavors to please their patrons, and such an institution is a credit to the town.

It matters not what kind of an old garment you may have, if you want it to look like new send it to the O. K. Laundry. They remove all spots and stains that can be removed by high class dry cleaning on the finest silks, satins, laces, etc., as well as woollens.

Telephone No. 130.
and see with what promptness your call is answered, and then see with what promptness your garments are delivered. A trial order will convince you that the O. K. Laundry makes old clothes look like new. You will be surprised. Try it. They are ready to give you the best of service on short notice.

TO WHOM IT MAY CONCERN

FULTON'S GREATEST
ADVERTISING MEDIUM

Is the Fulton Commercial & Farm Journal That Circulates Throughout This Entire Section.

Only those who advertise in the Fulton Commercial & Farm Journal know its real worth as an advertising medium. Why? Because it goes into nearly every home in a radius of twenty-five miles of Fulton and is read by at least 5,000 people every week. Therefore quick results follow. The Commercial is doing more to bring trade to Fulton than all other combined sources. The Commercial is recognized by the people of the surrounding country as the best paper ever published in Fulton. It contains not only all the home news, but gives a summary of the news of the nation.

The majority of people who live in Fulton do not realize what such a paper is to the town, but if they place an advertisement in its columns they can readily see the results. Go out in the country and see for yourself how the Commercial stands in the rural districts. Call at the Commercial office on Lake street and ask for a copy of the paper and you will get twelve pages brimful of news and advertisements of Fulton's progressive merchants who have learned long ago that it was an uphill business to get the cream of trade unless they advertised their wares and let the people know when they have bargains for them.

If your advertisement is not in the Commercial that accounts for dull times around your place. Perhaps you do not have an opportunity to get up your advertisements. If that is the case let us get them up for you. Twenty years experience along that line and the constant study of advertising places us in a position to shape your advertising in an attractive way. Try us.

American people must have amusement and no set of men recognize the fact better than the officers and managers of the Kentucky State Fair. The round of pleasure at the eighth annual state fair, to take place in Louisville, September 12-17, will be as nearly continuous and complete as it is possible to make it.

Secretary J. W. Newman has this season paid particular attention to what may be described as the purely amusement features for the forthcoming state fair. A contract has been closed with United Fairs Booking Co. to supply "The Pass" with the most novel and up-to-date attractions that could possibly be assembled. The usual precautions have been taken to insure the correct moral tone and cleanliness of the individual shows. This amusement feature will be on such a large scale this year that it was found necessary to enlarge the area heretofore utilized as "The Pass," and that lusty famous avenue of mirth will be arranged in the shape of a monster crescent, with every inch of space along the avenue occupied by some new amusement concession.

The list of "free attractions" is a splendid one. These offerings of the fair management proved so popular last year that care was taken this summer to close contracts with the best offerings the amusement market had to present. A star feature will be the Wahahama Japanese troupe, consisting of a dozen or more tumblers and jugglers from the Land of the Rising Sun. The "Japs" will compete with Madam Louise's Monkey Show, Fink's Trained Mules, Morris and Morris, Expert Tumblers, and Slackey and Briede, High Wire Artists.

Davenport's Fancy Horses are expected to carry off the highest honors, however, among the free attractions. This entertainment is nothing short of a three-ring circus, which will be presented each afternoon and evening.

The acme of spectacular display will be enjoyed each evening in the fire works exhibition. A contract has been closed with the world-famous Pain, and that noteworthy is now at work on a program especially for the Kentucky State Fair. The feature of the fire works display each night will be an original pyrotechnic production entitled, "Pioneer Days in Kentucky." It is said that the services of over 150 men and women will be required to properly present the spectacle.

In addition to the features already described, there will be the races by day and the horse show in the pavilion by night. Negotiations are also under way with owners of other amusement enterprises, and it is probable that the list of special attractions will be largely increased before the opening of the gates of the 1910 fair.

TOBACCO ON DISPLAY.

Splendid Exhibit Planned as Feature for Kentucky State Fair

A tobacco exhibit surpassing anything of the kind ever seen in America is promised for the Kentucky State Fair of 1910, which will be held in Louisville the week of September 12. Wm. Addams, of Cynthiana, will be the member in charge of the exhibit. P. P. Sebre, of Carrollton, is superintendent, with an associate in E. S. Rees, of Louisville. The latter has been actively engaged for several weeks in the collection of the exhibit, and an especially interesting display is promised from the dark tobacco district. Present indications point to an average Kentucky crop, and advice received from those in charge of the work indicate that the individual samples put on exhibit will be of unusual worth and the volume of exhibits will be the greatest in fair history.

In the Burley types exhibits will be made of the crops of both 1909 and 1910. Red Leaf, Bright Leaf, Cigarette Wrapper and Bright Trash types will be shown in each year's class, with premiums aggregating \$35 hung up in each instance. Similar premiums are offered for the dark tobacco exhibits, entries being confined to the crop of 1910. The following types are listed for prizes: Austrian Leaf, Black Wrapper, Long or African Leaf, French Leaf, Italian Leaf, Green River Leaf, and Stemming Leaf. In addition to the prizes mentioned, valuable sweepstake premiums are offered in all three classes.

The official sanction of Kentucky to the tobacco exhibit is illustrated in the donation of \$100 by Commissioner of Agriculture M. C. Rankin. This money is distributed through premiums. Every grower is invited to compete for one or more of the premiums and each will be supplied with whatever information is desired upon communication with either the superintendent in charge or the Secretary of the State Fair.

MILLER HANGED AT HARRISBURG

Proclaimed His Innocence. Told the Crowd That he Had Made His Peace With God.

Harrisburg, Ark., Aug. 13.—C. M. Miller was hanged at 4:17 o'clock yesterday afternoon in the jail yard here. His body was cut down at 4:37 o'clock. He died from strangulation, his body being too light to break his neck.

From the second story window of the court house he talked to a crowd in the yard below for over an hour. He proclaimed his innocence, and charged that he had been convicted on false testimony. Death had no terrors for him, he said, for he was right with God. At his suggestion the crowd sang "Nearer, My God, to Thee," and the Rev. W. F. Walker offered a prayer.

On closing his remarks, he bade all farewell and willed his body to the Memphis Medical College.

Story of the Crime.

The crime for which Miller was hanged here today was one of the most heinous and blood curdling ever committed by human hands. He murdered an old fisherman named A. Flood, who lived in a houseboat on Hatchie Coon Lake, in the eastern part of Poinsett county. Flood had a woman staying with him, but he had left some time before the murder. Miller, came along and stopped with the old man and worked for him for some time. Finally, in the spring of 1909, Miller reported that he had bought Flood out and that Flood had gone to attend the Confederate reunion at Memphis. But in a short time another man was going down the lake and discovered pieces of flesh, and upon examination he decided that they were portions of a human body. This man notified the authorities and a number of pieces of the body were found. A bloody log was found where the body had been found cut to pieces, and some bones were found in a stove where they had been burned; in the houseboat that was then being occupied only by Miller. It was known that Miller had no money when he went to work for Flood, and Flood was known to have had several hundred dollars in cash. Miller was seen in Memphis making a display of greenbacks.

Finally the officers arrested Miller and found that at the time of the arrest he had on some of Flood's clothing and his watch. And most of Flood's clothing was found in the houseboat. But Miller claimed that he had bought everything the old man had, even his clothing and watch.

The largest piece of Flood's body that was found was the knee joint and lower leg and ankle and part of the instep of the foot. This leg had been broken, and was identified by Flood's physician.

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O.

To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty cent or one dollar bottle of your drugist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by Dr. Caldwell. It is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Ills of Fulton People.

As one weak link weakens a chain so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Don's Kidney Pills act directly on the kidneys and cure every kidney ill. No need to take the statement of some one living far away as evidence.

J. F. Eddleman, barber, Pleasant Port, Ky., says: "Anyone who follows my occupation requires a good, sound back for the long hours spent at the chair, bring a strain on the muscles of the loins. I was in pretty bad shape and could not work with any degree of comfort. Doan's Kidney Pills were finally brought to my attention and willing to try anything that might check my trouble, I procured a box at Fry Bros. Drug Store. They quickly relieved the pain and corrected the trouble with the kidney secretions."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
