FULTON, KY., FEBRUARY 27, 1925

R. S. Williams, Publisher

Tobacco Association Improve Their Fulton Property

Tobacco receipts at the Dark Tobacco Growers' Association barns the past week in Fulton, totaled 158,160 pounds, which makes a grand total of 913,755 pounds for the season, so far. Five carloads were shipped during the week totaling 125,000 pounds. This, of course, was tobacco sold to dealers.

Owing to the backward season the deliveries and registrations have not been as heavy as last year, but with more favorable ordering weather the receipts should soon show a heavy increase.

The new receiving barn was opened on Monday of this week and with its floor space of 27,000 square feet, should very materially facilitate the handling of the incoming crops. The new driveway has been made considerably wider than that of the old barn and will allow of the passing of wagons inside the barn, thus avoiding the delays of former days, when a wagon with a large load was apt to detain those behind that had been already unloaded.

The foundations for the new building will be finished this week and as soon as the building has been installed it will be possible to prize 30 hogs per day, which will materially reduce the cost of handling in former days much tobacco had to be hauled from the old Browder house to the Williamson barn to be under the new system.

The new barn will be received exclusively as a receiving barn, no tobacco will be received at either of the older buildings, they being used only for storage purposes. This system will also make for economy in the handling of the crop. The Illinois Central donated several carloads of lumber for improving the streets around the new barn, delivering them at the freight house, thus avoiding the long haul by team that otherwise would have been necessary.

An addition to the old office has been made and the old office will now be used as a waiting room for the farmers, and allowing the office force more room for their work and at the same time not be annoyed by the over-crowding of the office by farmers waiting for their settlements.

The highest price paid during the week was \$23.00 for one basket of B2F22, weighing 305 lbs.

FOR RENT OR SALE—115 acres on State road; highly improved. Money rent expected. Will sell on easy terms. See Jno. C. Browder; Herschel T. Smith.

Hand us a dollar bill and get your name on the Advertiser list as a regular subscriber.

Hickman, Scenic City of New Paved Streets

On our rounds Friday we spent a pleasant afternoon at Hickman where we met a number of old friends who gave us the glad hand, set 'em up, to drinks of the coca-cola variety and took us joy riding over the hills of the scenic city of newly paved streets. We found many improvements in the capital city of the county since our last visit. The new Mengel box factory, where four hundred or more people are employed is a big improvement over the old plant destroyed by fire. New paved streets in place of worn out thoroughfares. The latest improved cotton gins. In fact, the town looked like it was on a real building boom. Even the happy faces of the people reflect prosperity after a fruitful cotton crop, and the Hickman Courier is filled with ads of progressive business firms.

Yes, we had a number of candidates and prospective candidates to greet us with a clasp of the hand. Everyone of whom would make good county officials, but alas! only one can be elected for each office.

Friends of Gualder Johnson are urging him to enter the race for sheriff. Judge Charles Nugent has already announced for re-election and it is not probable that he will have an opponent, they say. It is not likely that Clarence Henry, present county clerk, will enter the arena this time as his friends want him to rest up to make the race for circuit court clerk. It is gently hinted that Miss Effie Bruer, announced candidate, is making good headway in her campaign for the office of county clerk. The clerk's race promises to be an interesting feature of the campaign this time, as several popular candidates are asking for the office already and we understand other announcements will follow.

The political pot in Hickman is warming up and we expect things to warm up in this end of the county before many moons. Some good men have already announced and others will soon line up.

We understand too, that preparations are under way already for seasoned timbers for the big salt river boat. In building the craft this time an extra deck will be provided and all precaution taken for a safe voyage. In fact, it is claimed that extra quarters will be provided also for some who may become sick before the final count is made, which suggests the building of the salt river packet early.

TONIGHT AT HIGH SCHOOL AUDITORIUM

All who enjoy hearing old time southern melodies sung as only the colored people can sing them, should not miss the opportunity of going out to the High school auditorium tonight and hearing the Jackson Jubilee Singers, seven Negro melodists, booked on the lyceum course under contract by Mr. and Mrs. Lee Rucker. In all the places where they have been, reports come that the Jackson Jubilee Singers are the best on the road.

Fifteen Hundred Miles From Washington

Railroad News

Movement of Strawberries

We understand that the railroad is preparing to handle a large crop of strawberries and vegetables this coming season, which usually starts moving in this part of the country the last part of April and extends up to about the latter part of June for the strawberries, and vegetable movement lasts most of the summer.

There has been no definite estimate put out on this year's berry and vegetable crop, but it is believed that it will exceed that of last year. The Illinois Central has made a number of improvements at different berry loading stations on the Tennessee Division, preparatory to handling the crop, and they probably will use the large mountain type passenger engine, such as they have on the Floridian to handle this high-class perishable business, as this crop requires expeditious handling. Last year there originated on the Tennessee Division, 1090 cars of strawberries alone, to say nothing of the large amount of vegetables and other perishable shipments.

Personal

General Manager Patterson, of the Illinois Central, passed through Fulton this week.

The Southern Lines of the Illinois Central will hold their monthly expense meeting at Memphis this month instead of at Chicago.

Miss Lois Covington visited friends in Memphis early part of this week.

Miss Hortense Johnson visited relatives and friends at Louisville Monday of this week. Miss Estella Slaughter visited her sister, Mrs. T. K. Williams at McComb.

Illinois Central ran five special trains to New Orleans to take care of the heavy travel going to the Mardi Gras. This is the heaviest travel they have had in several years during the Mardi Gras season.

SAFETY-PUBLIC RELATIONS MEETING

An important and very interesting Safety-Public Relations meeting was held on Monday evening, Feb. 23, 1925, in the office of the Kentucky Light and Power company. Mr. A. E. Scott, Public Relations Director, and Mr. James Harmon, Safety Manager of the Kentucky Utilities Company, and Interstate Public Service company, were present and addressed the meeting.

The addresses were very beneficial and instructive, pertaining to our relations with the public and the safety of the employees. Creating and maintaining public good will is the aim of the public utilities business today and our efforts in conducting our public relations activities are continuous. Mr. E. C. Hardesty, manager of the Kentucky Light and Power company, in Fulton, made a most favorable report concerning the property in his district. Fulton is fortunate in having Mr. Hardesty as local manager and the betterment of conditions and general improvement under his management is very gratifying. Mr. Bartle Osgood made a talk on "How Employees May Best Aid in Improving Public Opinion." Mr. Gregory Davis made a talk on "The Importance of Customer and Public Ownership of Public Utility Securities." Both were splendid and very interesting and highly complimentary by Mr. Scott and Mr. Harmon. The meeting adjourned with the following as a slogan of the Kentucky Utilities company: "Efficiency, fair dealing and courtesy to its patrons."

REAL ESTATE TRANSFERS

Mary E. Binford to J. S. Castleman, 1-5 undivided interest in Hickman property, \$200 cash.

R. L. Jackson to E. B. Jones, town lots in Hickman, \$2,750. \$950 cash, 2 notes \$900 due 1 and 2 years.

F. A. Bratton to J. N. Chilton, town lots in Riceville, \$2,200, \$100 cash, \$2,100 in monthly payments of \$1,500 each.

W. K. Hall to J. E. Melton, property in Fulton, \$560 cash. J. E. Melton to Antioch Baptist church (colored) lots in Fulton, \$500 cash.

R. B. Marshall to Fred Callahan, 289-9 acres land, \$28,000, \$5,000 cash, assured note \$8,000, exchange property of 15,000 in Mississippi and Memphis.

W. A. Nailing to E. N. Dollar, land near Hickman, 102 acres. Note of \$540 due 12 months and exchange property in Union City, for \$1,460.

Sallie Mae Binford, to J. S. Castleman, 1-5 undivided interest in town lots in Hickman, \$200 cash.

COUNTRY FIRE

Mr. and Mrs. Lee Myric, west of Fulton, formerly of this city, lost their home and furniture last week by fire. The loss was partially covered by insurance with Paschall and Bennett Insurance Co., of this city.

NO STARTLING DEVELOPMENTS IN THE POLITICAL ARENA PAST WEEK

The political situation in this end of the county the past week has been practically at a standstill. Nothing startling has happened to cause any undue anxiety on the part of those who have already announced for the various county offices. For some time we thought that Tobe Jackson would have no opposition in his race for re-election for jailer, but we understand now that others will enter the race. We also understand that several other candidates will announce shortly for sheriff in this end of the county.

Friends of Atkins Cole continue to urge him to make the race for county clerk, but Mr. Cole, is as yet undecided. He is in every way capable of filling the office and is well known throughout the county.

Bailey Huddleston, who made a good record while serving the people as sheriff, is also being urged to enter the political arena again.

Friends of John Thompson say he is already making good headway in his campaign and the man who beats him will be the next Sheriff of Fulton county.

Several entries have been in the county attorney's race, and more will follow. So far, Lon Adams is the lone candidate from this end of the county and is getting up steam in his campaign.

With the opening of spring, the political pot will begin to boil and we can view the political situation more clearly.

LAUGH AT LONG AGO

The fashions of fifty years ago, particularly those things that contributed to masculine pulchritude in 1874 are humorously pictured in Hal Poach's new Pathecomedie feature, "The Battling Orioles," which comes to the Orpheum Theatre, March 3. The opening scenes of the comedy show a ball game of half a century ago and the collection of hirsute appendages, otherwise known as whiskers, mustaches, sideburns and "ladykillers" worn by these demons of the diamond are said to provide much amusement. After this amusing episode the story shifts to today and shows the one time terrors as meek as lambs, suffering from imagined ill and the grouch. They are finally involved in a young fellow's romance, regain their fighting spirit, and in what is said to be one of the funniest fights ever shown on the screen come out victorious in a battle royal with a gang of thugs.

Directors Meeting

CHAMBER OF COMMERCE

The Board of Directors of the Chamber of Commerce held a called meeting on last Monday night at which resolutions were passed recommending to the Fiscal Court of Fulton county, that the proposition of the Federal Engineers to include the building of the section of the federal aid highway from Enod church to Fulton in the road work to be started this summer. A committee was appointed to draft the resolutions, which will be sent to the Fiscal Court with the request that it be given consideration.

It was stated that as this section of road constituted a part of the Mississippi Valley Highway, which will connect Chicago with Mobile and New Orleans, there was strong probability that it would be built.

The federal engineers have completed the re-survey of the section of the Hickman-Fulton Highway and will probably check the proposed section to Fulton. It is almost an assured fact that the work will start this spring, and be pushed to completion at the earliest possible moment.

Considerable enthusiasm for road work was expressed by those present and it was decided that every aid would be lent Hickman county in its coming road bond campaign, speakers being sent there if desired, and any other aid given that was asked for.

Squire McDade was present and stated that Obion county and the State of Tennessee would undoubtedly begin road work this spring, as a bill is now ready to present to the legislature, which will reconvene March 9, for authority to vote on bonds amounting to several millions of dollars for road improvement.

He also stated that there was a movement on foot to have the states of Kentucky and Tennessee combine on the building of a concrete road from Boyds-ville to Jordan, the highway commissions and the governments of the two states to arrange for financing the project. He asked for the endorsement of the Chamber of Commerce for the project, and a committee to draft the resolution was appointed.

Chairman Browder of the road committee made an earnest plea for the backing of the Chamber in all efforts for the betterment of the roads in the western end of the state and the members again pledged themselves to do their utmost to end the bad road conditions.

Reports from other counties, both north and south of us were of a most encouraging nature, and it was felt that great gains will be made this year in the condition of the various roads centering in Fulton and Fulton county.

PIERCE NEWS

Tobacco stripping seems to be the order of the day. L. H. Blackburn was quite sick a few days last week but is able to be out again.

Mrs. Sarah Cape is able to resume her duties as rural operator after being sick for a few days with cold.

Mr. and Mrs. R. S. Matthews of Fulton were Sunday guests of their mother, Mrs. Sue Matthews. Miss Daisy Cape of Mt. Pelia was a pleasant visitor of her aunt, Mrs. Sarah Cape last week.

The many friends of Mrs. John Matthews will be glad to learn that she is able to be up again, after a severe illness.

Miss Christine Harmon, our efficient school teacher, spent the week end with her parents near Jordan, Ky. She was accompanied by Miss Louise Matthews.

Clyde Bruce of Crutchfield, Ky., was the Saturday night and Sunday guest of Jack Lowe.

There's a Frigidaire for Every Home

Frigidaire is not expensive. It is not a luxury.

It is as vitally necessary in the home as any modern household utility.

Not in a few homes—but in every home—there is a distinct need for this method of keeping food always in a safe, healthful condition.

And every home can have Frigidaire. In the wide range of styles and sizes there is one that will meet the needs of your home at a price you can afford to pay.

Frigidaire operates electrically—from ordinary home current. It can be installed in your own ice-box in a few hours. Once installed Frigidaire eliminates for all time the muss and nuisance of ice delivery. It provides a constant safeguard to the health of your family.

See Frigidaire. Take advantage of our liberal purchase plan. Have your home equipped now with modern, safe, economical refrigeration.

KENTUCKY BRIEFS

Frankfort—The State Highway Commission accepted the resignation of S. J. Boone, assistant engineer of maintenance, and V. H. Fuller, assistant auditor.

Louisville—Suspension from the practice of law for one year was the judgment pronounced by Judge William H. Field in the disbarment proceedings against Attorney James R. Duffa.

Frankfort—Heads of various branches of the State Department of Education left with McHenry Rhoads, State Superintendent of Public Instruction, for Bowling Green to attend the rural life school conference.

Owensboro—Announcement was made that the Owensboro Shrine Club is considering the building of a \$100,000 building at the corner of Fifth and Fredericka streets. The building will be used as a shrine home and office building.

Danville—A number of Mitchellburg residents have complained to local authorities that mischievous boys, who operate in the quiet hours of night, have been catching the house cats of that section and cutting off their tails.

Glasgow—Spurgeon Nuckols, 40 years old, a farmer near Temple Hill, this county, was probably fatally injured by falling twenty-five feet from a tree that he was topping. His skull was fractured and his hand badly injured that amputation of one finger was necessary. He was internally injured also.

Lexington—The clash of football cleats was heard for the first time on Stoll Field this year when a dozen men answered Coach Fred Murphy's call for spring football training which will last three weeks. This was only a handful of men considering the number which was expected to report for the initial workout.

Harlan—Fire of undetermined origin gutted the Nolan Hotel, one of the most popular boarding houses in the city. Prompt work on the part of the fire department kept the flames confined to the interior of the burning building. The loss to the building and furniture will amount to several thousand dollars, partly covered by insurance.

Paducah—A reduced tax rate of \$2.37 will probably be adopted for Paducah this year, officials state. This will be a decrease of 3 cents on the \$100 valuation, compared with the 1924 rate of taxation. The rate will not be definitely determined until the completion of the assessment and the drafting of the budget, but it is indicated that the rate of \$2.37 will be advisable.

Danville—A. B. Marshall, the first person to break thru to Floyd Collins in Sand Cave attended the Louisville Automobile Show as a guest of the Ford Motor Company. Marshall has in his possession several tools which he says were taken into the cave by Collins and which he found near the body. He also has a pocket knife, which Collins had with him on his final trip.

Washington—A favorable report was ordered by the Senate Library Committee on the bill of Representative Thatcher, Kentucky, for appropriating \$10,000 for the improvement of the Zachary Taylor burial ground at Louisville, and for designating the site a national cemetery. The bill has been passed by the House. Senator Pepper, Republican, Pennsylvania, is supporting the measure in the Senate.

Louisville—Building construction broke all previous records for new improvements and repairs during the first half of February with a total of 226 permits issued at a cost of \$2,342,985. If the present rate of improvement is kept up for the remainder of the month, February will reach approximately \$4,500,000 and set a new high mark for one month's building, officials said. The second month so far was April, last year, with a total of approximately \$4,400,000.

Cynthiana—A tenant house on a farm belonging to Clarence Lebus, wealthy tobacco grower of this city, was burned and the sheriff has evidence that the fire was of incendiary origin. The house was not occupied, but Jeff Caswell expected to move in it. Both Mr. Lebus and Caswell received threatening letters several days ago signed K. K. K. Blood-hounds were brought from Lexington to trace the incendiary and the sheriff's state they have succeeded in obtaining important clues, although no arrests have been made.

Bowling Green—One man was hurt and four buildings were destroyed in a fire which caused \$125,000 damage at Guthrie, Ky.

Lexington—Circuit Judge R. C. Stoll upheld the constitutionality of the 1924 law regulating bus transportation in the State. He granted a temporary injunction to a bus line concern here restraining another similar transportation agency from carrying more than four passengers and the driver in special automobiles used by the lines.

COLEMAN WILL STAND GROUND

GOVERNOR'S PLAN OF COMPROMISE IN FORESTER ROW IS REJECTED

Coleman Did Not Receive Governor Fields' Letter Until After It Had Been Published in the Newspapers.

Frankfort—The law requires that the commissioner of agriculture shall appoint a state forester, C. Coleman, commissioner of agriculture, declared in a letter made public to Governor Fields.

He declared to withdraw his appointment as forester, W. E. Jackson, of Fayette County.

The governor suggested that the commissioner withdraw Jackson's name and that the governor would withdraw his own choice, L. C. Flournoy, of Union County, and that an unnamed man be chosen.

Mr. Coleman's letter follows:

"My Dear Governor: In reply to your letter of February 16, I did not intend to ignore any of your suggestions, but tried to make it plain that my intentions were not to ignore the plain mandate of the law which says 'The Commissioner of Agriculture SHALL appoint and etc.'"

"I regret very much you have chosen at this late date to try and settle this matter by correspondence and thru the press, when we are so conveniently situated for personal conferences.

"The reason you did not hear from me between the time of adjournment of the Legislature and May 24 (when I sent to your office my appointment of Mr. Jackson, together with his recommendations and personal endorsements, asking for your approval), was because I was unable to get into your presence for a conference, although making many efforts. "Let me remind you that up to the present time you have never returned Mr. Jackson's letters, either with or without your approval of his appointment. And the first official communication I have had from you on the subject was your letter of February 8 which I received after it was published in the daily papers.

"There are two reasons why I shall not reply to that part of your recent letter relating to three appointments on the agricultural board. First, I do not think it is germane to this controversy, and, second, my recollection of the incidents connected therewith is so at variance with the statements you make I fear one of us is afflicted with a very poor memory and that no good could be accomplished by a review of that matter. I say, however, you are to be congratulated on all three selections regardless of what prompted your actions.

"I deeply appreciate your kind interest in my son's race for sheriff in Mercer County, and am happy to know that Kentucky has a governor big and strong enough to resist the temptation of sacrificing his great love of service to the common people for the sake of any political preferment. I trust, however, the loss of your aid will not endanger his success to any great extent. Let me repeat, emphatically, no fair minded investigator could, with any regard for truth, assert that my selection of Mr. Jackson was prompted by hope of political gain in my county or state.

"Anxious as I am to settle this matter I shall have to inform you again that I can not entertain any proposition that has in view the surrendering of my right, by law, to appoint. Your right to approve or disapprove is not denied, and if you elect to exercise that right arbitrarily that's your affair."

TRIAL DATE SET FOR MAY 7.

Letcher Clerk And County Attorney Charged in Fund Misuse.

Whitesburg, Ky.—Judge J. E. Childers of the Letcher Circuit Court has set the cases of the Commonwealth against Vincent Sergeant, County Court Clerk, and Robert Blair, County Attorney, for May 7, during the regular term of court. Mr. Sergeant is charged with forgery in connection with a county voucher for \$312 issued last November to the Letcher County Leader, a newspaper here. Mr. Blair was indicted on a charge of confederating to mutilate public records, in connection with the case.

The indictments were returned January 31 after an investigation by the grand jury. The body recommended that the next grand jury continue the probe of the alleged reckless use of the County's funds by officials of Letcher County.

Robert Blair, Jr., son of Mr. Blair, was indicted in connection with the case of the county voucher January 31. He is connected with the Letcher County Leader.

Boy 11, Relies On Gun.

Vanceburg—Members of a section crew of the Chesapeake & Ohio Railroad chased an 11-year-old boy for a mile and a half before they caught him as he was crawling under a farm house porch. As his pursuers were nearing him, it is alleged the boy drew a pistol and pulled the trigger, but the gun failed to fire. According to members of the crew, the boy cut the air connections of a freight train. He told the authorities his name is Pierce. He is being held here until he is identified.

MUSCLE SHOALS IS DEALT HARD BLOW

PROSPECTS FOR ENACTMENT AT
THIS SESSION REMOTE

PARTY LINES SUBMERGED

Underwood Measure Is Recommended
to Conference—Filibustering by
Opponents of Private Opera-
tion May Prevent Passage

Washington—Prospects for enactment of Muscle Shoals legislation at this session of Congress materially were reduced with the recommending of the Underwood leasing bill to conference by the Senate.

By a vote of 45 to 41, the ruling of President Cummins that the conferees had exceeded their authority by writing new matter into the bill was sustained. The ruling had been debated for three days and was a point of order by Senator Norris, Republican, Nebraska, who is leading the fight for government ownership.

Party lines were submerged in the vote. Republicans and Democrats alike, dividing almost equally. Twenty-three Republicans voted to sustain Senator Cummins on the appeal taken by Senator Underwood, Democrat Alabama, author of the leasing measure and 24 Republicans voted against. The division among the Democrats was wider, 59 voting to support the ruling and 17 casting casting their ballots in favor of the Underwood appeal. The two Farm-Labor senators Johnson and Shipstead, supported the ruling.

Immediately after the vote Chairman Keyes of the Senate managers communicated with Chairman McKenzie of the House managers with a result that the conferees probably will get together on the question of eliminating the matter held to have been inserted without authority.

President Cummins did not point out in his ruling the matter which led him to hold the report to be out of order and this is expected to complicate the work of the conferees. Whatever new matter was inserted was at the instance of the House managers and supporters of the bill recognized that there might be difficulty in getting those managers to recede.

15 VETERANS' LEAGUES
LISTED AS UNWORTHY

Department of Justice About to
Make Arrest

Washington—Thirteen veterans' organizations are listed by the Department of Justice as "unworthy" and are being investigated. Vincent W. Hughes, an agent of that department testified before a House committee investigating the National Disabled Soldiers' League.

Hughes did not mention the names of the organizations, and when committee members sought to pursue the subject, Randolph Shaw, the committee's counsel, declared it would not be advisable to go further into the question because indictments were pending and that the Department of Justice were about to make arrests. The committee turned to other subjects.

SARTAIN CONVICTED;
GIVEN PRISON TERM

Ex-Warden and Laurence Right Are
Found Guilty.

Atlanta, Ga.—Albert E. Sartain, for one year warden of the Atlanta penitentiary, was sentenced in United States Court here to serve one year and six months in that institution, following his conviction on a charge of conspiracy to accept and receive bribes. Laurence Riehl, one-time next door neighbor of the former warden in Columbus, Ohio, also convicted, was sentenced to serve one year and one day in the Atlanta prison. Looney J. Fletcher, former deputy warden of the prison, was acquitted.

Trial of the three defendants continued for eleven days. The jury returned the verdict after deliberating sixteen hours.

Hannibal Paper Damaged

Hannibal, Mo.—The Hannibal Courier Post's new building, just remodeled at a cost of more than \$50,000, was badly damaged by a fire of unknown origin. An accurate estimate of the loss could not be made because of uncertainty as to the damage to machinery.

Meridian, Miss.—Clyde Pickett, 17-year-old youth of this city was convicted here by a jury of the murder of Dan S. Cleveland and sentenced to life imprisonment in the state penitentiary. Pickett received the sentence without a quiver. An appeal to the superior court was announced.

Seeds Five Centuries Old.

Chicago.—Lotus seeds, dormant since 1425, are to produce blooms in Chicago within a few months, as the result of the work of Dr. C. A. Shull, a botanist of the Chicago University.

WILSON, LAST FOR OF FORREST DIES

TENNESSEANS MET HIM AT SEL
MA IN 1865

CAPTURED DAVIS PARTY

Distinguished Federal General, Railroad Builder and Engineer Commanded Thomas' Cavalry at Nashville—in Spanish War.

Wilmington, Del.—Maj. Gen. James H. Wilson, who as the leader of the famous "Wilson Raid" into Alabama and Georgia in 1865, following Hood's disastrous defeat at Nashville, was the last federal commander to test the mettle of Nathan Bedford Forrest, died at his home here. He was 87 years old.

After the clash between Wilson and Forrest at Selma, the last engagement Forrest fought, Wilson led his raiders into Georgia and wound up with the capture of Jefferson Davis and his party.

Following a distinguished career around Richmond with Phil Sheridan he was sent west in the fall of 1864. He was put in command of the cavalry under George H. Thomas at Nashville. Hood's gallant Army of Tennessee was harassed by Wilson's cavalry both on his lightning-like dash to Nashville and Franklin, as well as on its retreat which Forrest so gallantly covered.

Hundreds of grizzled veterans of Hood's army—all that are left to tell the story of those history-making days—remember Wilson's Cavalry. They remember it at Nashville in December of 1864. Forrest's men remember it at Selma in April of 1865. Gen. Wilson had been ill for several months, but when he arose he said he felt quite well. Shortly after ward he was seized with a heart attack and fell to the floor, dying in a few minutes. He was shaving.

Drastic Plan Causes Much Excite-
ment Among Press.

Paris—Official circles conceded that a capital levy was among the plans the government was studying for a solution of France's financial troubles. This was admitted to be the proper interpretation of a declaration made in the Chamber of Deputies by Finance Minister Clementel, which first came to notice when the printed sheets on the financial debate were distributed to the press.

Whether the idea is presented in one form or the other, the meaning is that those who possess fortunes would be called upon to give part of them to the state, it was said in official circles.

"Levy" is more brutal than "contribution," it was pointed out, and Frenchmen dislike the idea of constraint and are less likely to be alarmed by the use of "contribution."

The discovery caused a sensation in the press gallery. Deputies of the majority when consulted appeared somewhat alarmed at the blunt way in which the finance minister announced that a "capital levy" will doubtless become necessary. The proofs for the Journal Official were consequently modified, the phrase being made to read "special contribution" instead of "capital levy."

Tremors Wreck Chimneys and Break
Water Pipes.

Seward, Alaska—Earthquake tremors, lasting a half minute wrecked chimneys, broke water pipes and sent residents scurrying to safety in the streets here.

The Seward end of the United States Signal Corps cable to Valdez, 200 miles northeast of here at the northern end of Prince William Sound was broken by the shocks.

At Moraine, 62 miles north of Seward on the Alaska Railroad the tremors forced water out of the line's water tanks. Heavy shocks were felt at many points on the Alaska Railroad.

When the first earthquake was felt here people fled from their homes and places of business to the streets for safety. Pioneers said the tremors were the heaviest in many years.

Started Twenty Fires.

Portland, Ore.—Chester Buchtel, local fireman, is under arrest here charged with starting fires during the last year and a half, which damaged property worth \$1,000,000. It is alleged he confessed to starting 20 fires with a total loss of \$50,000.

Resignations May Be Asked In Texas
Penitentiary

Austin, Texas—Members of the joint legislative committee which has been investigating state prison conditions began formulating the report of the committee. No further testimony will be taken. It is expected the report will be ready for submission to the Legislature early next week.

It is known that it will recommend the resignations of a number of officials and employees of the prison system will be called for.

PESSIMISTIC, BUT TRUE

Peace is a beautiful thing, but before we spend too much time in dreaming of the peace of the world we should take practical steps to restore peace at home.

There is a deadly war on right here in America—a war to the finish. It is a war between the criminal element and respectability.

Murderers, bank robbers, mail looters, holdup men and cheap thugs are becoming too numerous. Their depredations are of daily and nightly occurrence in the big cities. The criminal element is becoming so bold and so powerful and insolent as to constitute a distinct menace to the future of law and order and decency in this country.

Probably the most alarming phase of the whole unsavory mess is the facility with which these gangsters escape punishment. It is easier for a murderer or a holdup man to manufacture a fictitious alibi than it is for a decent man to kick the cat. And there is always some lawyer crook ready and anxious to aid him in perjurying his neck out of the noose.

It is getting to the point where country towns and rural communities are vitally interested in the suppression of this devil's horde.

Even the most stagnant of water will eventually find its level, and as the cities become overcrowded with criminals it is inevitable that many of them will branch out into the smaller communities in search of fresh prey.

The outlook is not conducive to that sound and refreshing sleep which country people enjoy.

When a stranger comes to this town he looks around. It is the natural thing to do. His opinions are formed from what he sees and hears, and from nothing else. As he finds conditions to exist, so he repeats them when he goes elsewhere and repeats them to other people. That is what makes our reputation abroad, and it is worth remembering.

WHOLESALE RAID MADE ON BOOTLEG PLACES AT UNION CITY

A good start was made to clean up Union City Saturday, when prohibition officers assisted by United States Deputy Marshals from Louisville, Ky., Jackson and Memphis, Tenn., and Sheriff McCain of Obion county, raided a number of places in this city, capturing a quantity of bootleg whisky and serving warrants charging possession and selling of liquor on Willie White, J. E. Stewart, Ellis Forrester, I. L. Crowell and Mrs. Maud Clink, white, and Jimmie Jones, Wallace Tipton and Owen Robertson, colored, and carried their prisoners to Dyersburg.

DOCTORS ENDORSE HOSPITAL MOVEMENT

There is every reason to believe that Fulton is to have a first class hospital in the very near future. Every day brings more encouragement. At a joint meeting of the hospital committee of the Chamber of Commerce and the local physicians Thursday evening the physicians pledged their support but did it enthusiastically. The Chamber of Commerce, with its three hundred and fifty members, are behind the movement.

There is no reason why Fulton and community should not have a hospital but, on the other hand, there is every reason why we should have one. We are sending hundreds of patients to hospitals elsewhere every year. There is an increased hazard to the patient who has to take a long trip to get treatment. We are spending thousands of dollars every year to make it possible for other communities to have hospital facilities while we should keep this money at home and keep our sick folks at home. We have a good town and all we lack of having a better one is for the people of Fulton to take an interest in their own town. If Martin and Union City and Mayfield and Murray and Dyersburg can have a hospital, why cannot Fulton? More community spirit is all Fulton needs to forge ahead of any of our neighboring towns.

The hospital movement is the only movement ever launched in Fulton which has no other interest to serve than the public welfare. It can't mean very much to the doctors, or to the merchants or to any particular class of people; it is to be for Fulton people and the people of the surrounding country. Let every one who believes in Fulton give this enterprise a boost.

BRIEFLETS

It is difficult at times to tell whether some people are brainy or hairbrained.

The fellow who goes out to kill two birds in Fulton with one stone is liable to miss both.

We freely admit that this is a gay world, but that does not license us to become too gay.

Backaches are common to people who do not like to work in the garden.

Some people have so many brains there is no room left for common sense.

Never worry over the fellow who boasts that he is going to lick you at sight. His eyesight is probably poor.

No doubt that there are men who have never told a lie—those who were born dumb.

It takes a fool to tell a lie and a smart man to get away with it.

A thing that is worth doing at all is not always done right.

Many a person misses the good things in life in trying to hog those that are useless.

Some people get all they can and try to get rid of more than they can get.

People with swelled heads are recognized by their lack of sense.

The fool, however, never admits his identity.

COTTON EXCHANGE TO REMAIN IN MEMPHIS

Reports that the American Cotton Growers' exchange is contemplating moving its headquarters from Memphis to Dallas, Texas, because of the possibility of an adverse application of the Tennessee anti-trust laws, were denied by Dr. Tait Butler, a director of the exchange and vice president of the Tennessee Cotton Growers association.

ARM BROKEN WHILE PLAYING AT SCHOOL

J. W. Morehead, Jr., who had the misfortune to fall and break his arm last Friday is reported getting along nicely.

"PARDNER" SHINES AS REEL ACTOR

Buddy Roosevelt's horse, "Pardner," a highly intelligent cow-pony, vies with the human actors in "Batling Buddy," the thrill-stunt western which will play the Orpheum Theatre March 6, when it comes to shining as a picture thespian. Just to prove he is a real actor, "Pardner" plays in a number of important scenes during the course of the action of "Batling Buddy," unassisted by any of the human actors of the cast.

"Pardner" has one scene in "Batling Buddy," that particularly stamps him as an accomplished film player, and it is never failing as an applause getter wherever the picture is shown. This has "Pardner" tugging away valiantly at a rope attached to the bars of a room in which his master "Batling Buddy" is imprisoned, and finally releasing Buddy by breaking the bars from their fastenings.

WELL KNOWN DRUGGIST FALLS DOWN BASEMENT STEPS

The friends of Mr. Joe Bennett regret to learn that he accidentally fell down the basement steps at his home on Carr street Saturday morning, suffering a fractured rib as the result.

IN MEMORY OF SID SCOTT

Some day we'll meet, my friend In friendship, strong and true; Death here does not end.

Such friendship; but renew, Christ prepared a home above, Our friendship there will be That friendship akin to love, That lives through eternity. —C. F. Wright.

MARRIAGE ANNOUNCEMENT OF POPULAR WATER VALLEY COUPLE

Mr. and Mrs. T. E. Eaker, of Water Valley, announce the marriage of their daughter, Lou Osella, to Mr. David Harold Barnes.

The above announcement comes as a pleasant surprise to their many friends. The ceremony was quietly solemnized Sunday morning at 9:45 o'clock in the study of the First Presbyterian church. The ceremony was performed in the presence of a small group of friends, with the Rev. Jno. A. Troxler, pastor of the church, reading the impressive ring ceremony.

The bride was dressed in a charming spring ensemble suit of rosewood brown, with harmonizing accessories. Her bonnet was a Pola Negri poke, with a garland of lisle and rosebuds.

Immediately following the nuptial service, Mr. and Mrs. Barnes left for an extended bridal trip through the south.

The bride is quite an attractive young lady and is popular in social circles in her home city. She is a graduate of Water Valley High school, and later attended Bethel College, at Hopkinsville.

Mr. Barnes is the assistant cashier of the Citizens Bank of Water Valley, and is a popular young business man with a host of friends who will be interested in the announcement of his marriage.

Mr. and Mrs. Barnes will be at home March 5, at the home of Mr. and Mrs. T. E. Eaker, in Water Valley.

Both have a host of friends in this city who extend congratulations. —Mayfield Messenger.

Plants Cow Peas or Soy Beans and Corn at the Same Time

Cow peas and soy beans enrich the soil. Both are valuable as stock food, and when either is fed with corn, it makes a balanced ration which puts meat on the stock more rapidly than when corn only is fed.

You can plant either cow peas or soy beans in the corn hill or drill them with the corn by using a

John Deere 999 Corn Planter with Pea Attachment

We can furnish this planter with the most simple pea attachment ever designed—it can be put in place or removed without disturbing the regular corn planter parts or the fertilizer attachment when it also is used. We can also furnish a spout attachment for drilling only, which plants the peas shallower than the corn. When buying a corn planter, remember the John Deere No. 999 is noted for its accurate "Natural Drop"—instant change, hilling to drilling or back to hilling; instant variable drop—2, 3 or 4 kernels per hill as desired; nine different drilling distances from one set of plates, convenient underhung reel, absolutely automatic marker, tip-over hoppers and other conveniences.

Come in and ask us to show you the John Deere No. 999 Corn Planter with this pea attachment.

HOG PRICES WILL ADVANCE

Good Time for Farmers to
Plan Increase Production

The annual outlook report of the Federal Bureau of Agricultural Economics says, "There is every indication that hog prices during the next 18 months will be higher than at any time since 1920. There are now 18 per cent fewer hogs in the country than there were a year ago. Six to eight millions fewer pigs will be born this spring than last spring. Fewer sows will farrow next fall than last, if producers respond to the unfavorable relation of corn and hogs as they usually do."

This suggests that it is a good time for many Western Kentucky farmers to plan increases in the number of pigs farrowed next fall to the extent they can do so from the breeding stock available. It will also be a good time to exercise more than ordinary care in feeding and handling, so as to save as many pigs as possible. Because periods of higher production and lower prices follow periods of low production and high price, the farmer should bear in mind that the production of higher prices does not extend beyond the summer of 1926.

Normally Western Kentucky farmers, in order to compete with the cornbelt farmers, in raising hogs, use considerable care and non-salable waste. This is because corn is higher in Western Kentucky than in the corn belt. For these reasons, with beef waste, it is desirable that Western Kentucky farmers depend on waste and non-salable waste for maintenance and for the part of the waste for the farmer with storage and roughage, it is a good time to reasonable increases in the cattle herd.

MILTON T. CALLIHAM, JR.
Mr. and Mrs. M. T. Calliham are the proud parents of a fine boy who recently entered their home on Jackson avenue. He is named after his father, Milton.

FORMER CITIZEN DOING WELL IN BUSINESS

Reports come from Monroe, La., that Charles Beadles, formerly of Fulton, is operating a fine dairy with 140 cows, and operated by electricity. Mr. Beadles has many friends in this vicinity who will be glad to learn that he is enjoying prosperity in the south.

First Christian Church

O. J. Sowell, Pastor

The services were all well attended Sunday, although the weather conditions were very unfavorable. The pastor spoke on, "The Christian's Task," at the morning service. Mrs. E. A. Dunn gave a beautiful solo which was enjoyed by all present. The Junior Endeavor was well attended, and very much enthusiasm exists among the younger people of the church. All Juniors and visitors are always welcome to all the programs. The Juniors will have supper served in the church next Sunday evening from five until six o'clock.

The crowd for the evening church service was small, but a very enjoyable service was given, the pastor was to have preached on, "The Divine Recipe for Making Great Men," but salted it down until more men were present.

The officers and teachers of the Sunday school held a very interesting and instructive meeting Sunday in the church. Plans were discussed for the grading of the Sunday school, when the new equipment is added. The superintendent of the Sunday school suggested that Brother Sowell close the muffer a bit while teaching the Loyal Son's class, as the noise was too much for the rest of the teachers, but the pastor suggests that the teachers open their cut out.

The beauty and comfort of the church is much improved since the new lights have been installed by the Fulton Electric company. It is thought that the light will be cheaper also.

The final drive for the building of a new \$5,000.00 addition will begin next week. It is to be hoped that the building will be under construction in a few weeks.

The Sara Dean class met with Mrs. T. F. Thomson Monday at 3 o'clock. The meeting was very instructive. The Sara Dean class is doing some great work for the church under the leadership of Miss Lorene Parker, as president and Mrs. Jake Huddleston, as teacher.

Watch for the announcements of our Sunday services, especially this one—

Sunday school 9:45
Church service 11:00

Sermon Topic, "Christian Baptism."

Junior Endeavor 6:30
Church service 7:30

Sermon Topic, "Floyd Collins in Sand Cave"

Special musical program with both services.

Board meeting Monday night in the City National Bank at 7:30. Prayer Meeting Wednesday, 7:30 p. m. Choir practice Friday, 7:30 p. m.

"Lo, the souls of fire, we give more fire."

DEE RANDOLPH HAS ONE TOO MANY ACCIDENTS

Well Known Painter and Former Resident Loses Foot in Attempt to Board Moving Freight.

(Mayfield Messenger)
Dee Randolph, former resident and well-known sign painter of the city, who now makes his home in Fulton, has at last met with an accident that cost him his foot. Dee has fallen down the standpipe, and has been thrown from a fast moving passenger, and had numerous other accidents, with a more or less degree of success, but a slow moving freight was his Waterloo, as the following article from the Cairo Bulletin of last Friday morning will reveal:

"Dee Randolph, a painter, of Fulton, Ky., formerly of this city had one foot amputated at St. Mary's infirmary yesterday morning following an accident of Wednesday night, when the member was badly crushed."

Randolph had been in Cairo for the day and in attempting to board a moving freight train at the Illinois Central railroad bridge approach, he fell in such a manner, that one foot was caught beneath the wheel. The accident was witnessed by Jack Cameron, operator at the bridge junction telegraph office.

"The police were notified and Randolph was taken to the hospital in the police car."

IMPROVED UNIFORM INSTRUCTION

Sunday School Lesson

(By REV. F. H. FITZWATER, D.D., Dean of the Evening School, Moody Bible Institute of Chicago.)

(C. 1925, Western Newspaper Union.)

Lesson for March 1

CHRIST BEFORE PILATE

LESSON TEXT—Matt. 27:11-21.
GOLDEN TEXT—"He was wounded for our transgressions; He was bruised for our iniquities."—Isa. 53:5.
PRIMARY TOPIC—How Wicked Men Treated Jesus.

JUNIOR TOPIC—The Trial of Jesus. INTERMEDIATE AND SENIOR TOPIC—The Trial of Jesus.
YOUNG PEOPLE AND ADULT TOPIC—Christ before Pilate.

In order to have a proper perspective for this lesson it will be helpful if we view in their proper relations our Lord's trials.

A. Ecclesiastical.

1. Before Annas (John 18:13).
2. Before Caiaphas and the Sanhedrin (Matt. 26:57-68; Mark 14:53-64; Luke 22:64; John 18:19-24). This was an irregular meeting and held at night.

B. Before the Sanhedrin (Matt. 27:1; Luke 22:64-71). This was held at daybreak and was a formal meeting.

B. Civil.

1. Before Pilate (Matt. 27:11-26). The ecclesiastical powers had voted a sentence of death upon Jesus, but they lacked the right to inflict capital punishment, as this power had been taken from them by the Romans. For this reason they delivered Him to Pilate, the Roman governor. It was in the early morning after the mock trial before the high priests and Peter's denial that they bound Jesus and delivered Him to Pilate. It turned out, therefore, that both Jews and Gentiles were guilty of the crucifixion of the Savior.

2. Pilate Questions Jesus (vv. 11-14).

(1) "Art thou the King of the Jews?" (v. 11). When the trial was transferred from the Sanhedrin to Pilate they changed their charge of blasphemy to that of sedition or treason.

(2) Jesus' answer (v. 11). He admitted His claim to being a king but explained that His Kingdom was not of this world, else would His servants fight to put Him on the throne (John 18:3, 37). He declared that He was born and had come into the world to this end.

(3) "Heardest Thou not how many things they witness against Thee?" (v. 13). The members of the Sanhedrin—the priests and the elders—joined in their accusation against Him. They brought a three-fold charge (Luke 23:2).

(a) Perverting the nation—guilty of sedition.

(b) Forbidding to pay taxes to the Roman government.

(c) Claiming to be a king, thus changing the charge from a religious to a political one.

(4) Jesus' Behavior (v. 14). His silence under such provocation greatly astonished Pilate.

2. Pilate Giving a Choice Between Jesus and Barabbas (vv. 15-26).

(1) The offer made (v. 17). It was the annual custom at great festivals to release a prisoner chosen by the people. Because he knew that for envy they had delivered Jesus he gave them the choice between Barabbas and Jesus. After several unsuccessful efforts to escape responsibility the expediency of letting the people choose between Barabbas and Jesus was resorted to. Pilate no doubt thought they would choose Jesus rather than the notorious Barabbas.

(2) A message from Pilate's wife (v. 19). She warned him against having anything to do in the condemnation of Christ.

(3) The choice made (v. 21). Influenced by the warning from his wife Pilate wished to give Jesus another chance by having the people choose between the innocent and the guilty. They actually chose the notorious criminal Barabbas instead of Christ.

(4) The demand that Christ be crucified (vv. 22, 23). Pilate, the judge, showed great weakness in asking the crowd in the court room what should be done with the prisoner. With one voice they cried, "Let him be crucified."

(5) Pilate washes his hands (v. 24). This was the sign that he was innocent of the blood of Jesus, but guilt could not be so easily removed. The blood of Jesus was on his hands.

(6) The people's awful choice (v. 25). The history of the Jews from that day to this shows how awful has been the execution of this curse upon them.

(7) Jesus scourged (v. 26). It seems to have been the custom to scourge before crucifying. This was so terrible that sometimes the victim died as the result of it. Pilate stands for the man of expediency. The opportunist is a most contemptible man.

II. Before Herod (Luke 23:7-11).

The Best Man
The best man is the one who wishes and seeks best. His ability to do may be limited, but he touches his restrictions.—Presbyterian Record.

In Our Prayer
In prayer it is better to have a heart without words than words without a heart.—Bunyan.

To Win Souls
If you want to win souls, love them, seek them, go where they are.

SITUATION GLOOMY FOR SHOALS BILL

CUMMINS SUSTAINS POINT AGAINST CONFERENCE REPORT

UPHOLDS SENATOR NORRIS

Underwood Appeals From Ruling Should Senate Stand by Cummins Little Chance for Shoals Legislation at Present Session

Washington—Muscle Shoals legislation received a setback in the Senate.

President Cummins sustained the point of order raised against the conference report by Senator Norris (Republican, Nebraska), on the ground that the conference had violated Senate rules by inserting new matter.

Senator Underwood, Democrat, Alabama, author of the bill, to lease the great Tennessee River plant in his state, immediately appealed from this ruling.

Should the Senate sustain President Cummins the bill must go back to conference between the Senate and House for another rewriting. Proponents of the measure hoped this work might be completed within two or three days, but with the end of the session now in sight, opponents believe there was brighter prospects for failure of the legislation.

Senator Cummins, in upholding the contention made by Senator Norris when the conference report was taken up, entirely disregarded the text of the House bill, which would have accepted Henry Ford's now withdrawn offer to lease Muscle Shoals. He did this, he explained, because it would not be fair to claim that the two houses in their original action "agreed upon any point or upon anything."

"In the judgment of the chair," Senator Cummins said, "the points of order must depend upon a comparison of the Senate bill with the report of the conference committee. There can be no doubt that the changes made in the Senate bill in conference are germane in a broad general sense, to the subjects dealt with in the Senate bill."

Asserting that he did not want to be understood as holding that every change made in the Senate bill by the conference constituted new matter, Senator Cummins said that in order to bring the change within the spirit of the rule, new matter must be of substantial import. He added that "many such changes appeared in the conference report" and for that reason he sustained the points of order.

In appealing from the decision of the chair, Senator Underwood asked the presiding officer to point out provisions in the bill against which his rulings was directed so that the conferees could be governed accordingly, but Senator Cummins reiterated a refusal to do that, saying that he might be called to rule upon a similar point of order against the re-written bill.

A sharp attack on the ruling of the chair made by Senator Bruce, Democrat, Maryland, who said rulings of presiding officers are sometimes tinged with party expediency and party exigencies. He added that opponents of the bill should not be permitted to make use of the rules to "promote a filibuster to defeat the bill."

Senator Norris retorted that the rule had been adopted in response to a public demand for protection against legislation framed in secret conference.

CONGRESS VOTES SELF NEAT RAISE IN WAGES

Sends Bill to President Coolidge For Salary Advances.

Washington—Increased salaries for members of Congress and of the cabinet were approved by the House, following similar action by the Senate. The bill now goes to President Coolidge. No indication has been given of the president's attitude, but some of the sponsors of the salary increase believe he will sign it.

The bill increases salaries of the vice president, the speaker of the house and members of the cabinet from \$12,000 to \$15,000 and members of Congress from \$7,500 to \$10,000.

The House avoided a record vote which would show by roll call how the members stood on the proposition.

The Senate amendment to the legislative appropriation bill was approved on a standing vote of 238 to 93.

New York—Broken rails, buckled plates and great dents left marked the Tuscania, of the Cunard Anchor Line, and the French liner Rochambeau, as they made their port, after following similar action by the Senate.

Captain David Bone of the Tuscania described the incident as less a collision than a "brush." Captain Leon Rollin of the Rochambeau said the Tuscania, anchored hard by the liner, swung with the tide and caused the liners to bump, stern to stern. Some 555 passengers on the two ships received a scare.

BIG RAIL MERGER IS BELIEVED NEAR

FRISCO, COTTON BELT, KATY AND K. C. S. REPORTED IN

15,000 MILES IS INVOLVED

First Story of Projected Consolidation Printed Some Days Ago—Frisco President Denied Knowledge of Deal.

New York—Creation of a new railroad system in the southwest with total assets of close to one billion dollars and a total mileage of 15,000, appeared to be taking preliminary form. Interests which sponsored the Missouri Pacific merger last year were said to be laying plans for the new consolidation, embracing the Missouri, Kansas & Texas, St. Louis San Francisco, St. Louis Southwest and Kansas City Southern railroads. Such an alignment would carry out the tentative groupings proposed by the Interstate Commerce Commission with slight modifications, and would develop a competing line for the greater Missouri Pacific system.

While no definite steps looking toward a merger have been taken, Wall Street heard that a leading railroad banking house had acquired a substantial interest in the Kansas City Southern and "Katy" railroads, and probably would use either or both of these roads as the nucleus for a new system. Formation of a holding company, which would exchange its shares for those of the other roads, along the lines adopted by the San Francisco in their "Nickel Plate" merger, is expected to be one of the first stages in the consolidation plan.

Heavy buying of Frisco shares, which carried the stock up more than 3 points to a record high level, lent color to reports that this road was being sought as a unit in the suggested new system. Chairman E. N. Brown, however, has denied that Frisco was involved in any definite negotiations although his recent trip over the road was linked with reports that he was studying merger possibilities.

At present William H. Williams, chairman of the Missouri Pacific, is making an inspection tour of the southeastern roads. He is expected to indicate his willingness to have the Kansas City Southern included in another system, although it was originally allotted to the Missouri Pacific.

The four railroads which have been mentioned in connection with the consolidation reports would have a combined capitalization and funded debt of approximately \$800,000,000, more than 15,000 miles of track, including side and yard tracks, and 11,000 miles of first line track.

MAY PERMIT MITCHELL TO BOOM BATTLESHIP

Flying Cannon Offers to Prove He Can Sink Vessel.

Washington—General Mitchell will bomb and sink a battleship running at full speed and filled with high explosives, off Fortress Monroe, in the presence of the House aircraft committee and other citizens, to demonstrate his contention that any battleship afloat can be blown instantly out of the water by bombs dropped from planes.

The general will make this demonstration provided Secretary of War Weeks and Secretary of the Navy Wilbur give consent. The House aircraft committee asks that the test be held.

Old Mystery Cleared

Philadelphia—With the arrest here of John T. Brice, the police said that a search for the slayer of John Bruner, a farmer of Kershaw County, South Carolina, which was begun nearly 18 years ago, was ended.

Brice was said to have confessed. He was held without bail, pending extradition.

In his alleged confession, Brice stated that the shooting was the outcome of a romance between himself and Bruner's daughter.

Fleeing South Carolina, Brice said he spent nearly a year traveling about the country before he came to this city, where he since has lived under the name of John Stevenson.

Man Claims He Drinks 15 Cups of Coffee Daily

Bradley Beach, N. J.—George Bostick, health and building inspector, laid claim to the coffee-drinking championship of America, saying he had averaged 15 cups daily for several years. A few days ago Edward Ostrander of New York, in a letter to Secretary of Commerce Hoover, claimed the title with an average of a dozen cups a day.

Wit and Humor

LACKING IN FAITH

The prisoner came before the court on a charge of murder. Many distinguished legal lights had assembled to hear the case.

The charge was read out, and the judge, as is usual, asked the man in the dock if he would like to be defended by an attorney.

"No, my lord," came the reply. "This is too serious a matter."

Good as a Scarescrow

Said a woman to her neighbor over the suburban garden wall, "I hope my daughter's singing does not annoy you."

"On the contrary," came the sweet reply, "my husband and I appreciate it very much. It keeps the birds away from our berry bushes."

Rather Curious

One of those pests known to every one met Florence Flinn hastening from rehearsal.

"You didn't know who I was when I called you up yesterday, did you?" he inquired.

"No," Miss Flinn answered, absently. "Who were you?"

Fond of Fishes

A negro was offered a job feeding sharks.

"Now, sah, boss, me and sharks ain't friends."

"Why, boy, sharks don't eat black meat."

"Ah know, but it's just mah luck to meet wid one dat's blind."

Water Called Soup

"Another helping of soup, please."

Waiter—You appear to like our soup, sir.

"Well, you see, my doctor ordered me to take the hot water cure for indigestion, so I'm obeying his orders."

—Guelph Evening Mercury.

TOO REALISTIC

"Did you enjoy the amateur dramatic show last night?"

"Well, I thought it was too realistic."

"Really?"

"Yes, it said on the program, 'One hour is supposed to elapse between the first and second acts,' and it actually did."

—Windsor Magazine.

Language on the Loose

Good diction is of little use in work, however skilled.

But when profanity turns loose, the audience is thrilled.

Less Expensive

"Jack, before we were married you always took me home from the theater in a taxi."

"True enough, my dear, but now we can do our hugging at home."

Diet and Dye It

"Now, about my obesity, doctor?"

"Diet."

"And my gray hair?"

"Dye it."

Entertaining Callers

He—Are you kind of entertaining callers?

She—Yes; but dear me, so few of them are!—Iowa Pivotal.

THE LUCKY STONE

Son—Dad, what's the luckiest stone to have about you?

Dad—The grindstone, my son.

Morononsense

While got a little gun.

Shot his uncle's eye out;

Vowed that it was neatly done

For a first-time tryout.

Guessing

Hostess—Let's have a hand at bridge. You play, don't you, Miss Olde?

Miss Olde—Well, I hardly know. You see, I've never tried.

An Agreement

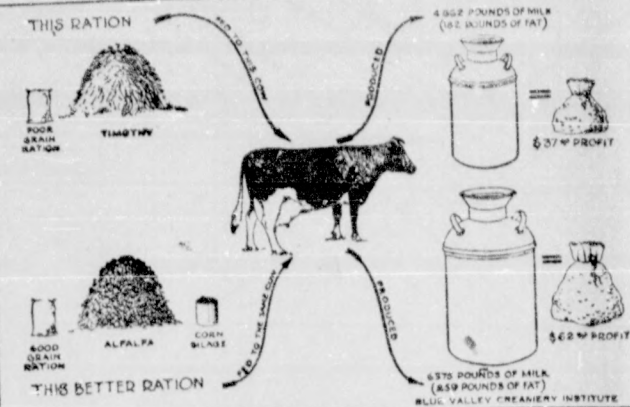

White—They're nice looking horses at your—appear to be well matched.

Green—They are. One's willing to pull and the other's quite willing to let him.—London Answers.

\$500,000,000 Gain by Better Feed

BETTER FEEDING INCREASES PROFITS 60%

THE SAME COW SUCCESSIVE YEARS

OVER \$500,000,000 extra profit can be made each year by dairy farmers through the employment of better feeding methods. This would mean a saving of about \$111 for each of the four and a half million dairy farmers of the United States, according to the Blue Valley Creamery Institute. The truth of this experiment is borne out by a feeding experiment carried on during the past year by the University of Minnesota.

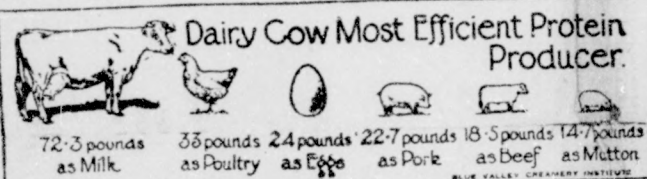

Over a year ago the dairy division of the university purchased four average cows for which records were available of feed received, and of milk and fat produced, covering two years for each cow. The cows received good care on the farm of the original owner but were not on a scientific feeding ration. The university immediately placed the cows on a feeding ration suitable for their needs. Within a year production per cow had increased 36.7 per cent.

On the farm of the original owner the cows produced on the average of 4,002 pounds of milk containing 100 pounds of fat, the products per cow amounting to around \$37.50. The feed cost totaled \$10.46, leaving a profit of \$27.04. At the university farm the average production was 4,500 pounds of milk, containing 112.5 pounds of butter fat and valued at \$124.32. The average feeding cost per cow was \$61.42, an increase of 24 per cent, leaving a profit per cow of \$62.90. The returns over feed cost per cow gained 60 per cent over those of the two previous years.

On the owner's farm the cows were on pasture six months of the year and were fed timothy hay for roughage, plus five pounds per day of a grain mixture made up of 80 parts wheat, 20 parts middling, 18 parts molasses feed, and 4 parts oilmeal. At the university farm the cows were on pasture 5 months of the year. They were fed corn silage and alfalfa hay as roughage, plus a grain ration, according to production, made up of oats, 2 parts, corn, 1 part, and barley, 1 part.

At the most, not more than 5,000,000 dairy cows are on proper feeding rations, the Creamery Institute believes. There are at least 20,000,000 average cows in the United States, they say, from which an added profit of \$25 per year could be had by proper feeding.

Dairy Cow Best Food Factory

THE cow is the most economical food factory in the animal kingdom. The hen, the hog, the beef steer, and the sheep cannot compete with her, according to the Blue Valley Creamery Institute, basing their estimate upon the percentage of digestible protein produced by each from an acre of land.

Digestible animal proteins are the high quality protein of the human diet, the institute points out. These proteins are the determining factor in the trend of greatest economy of food production. With the annual increase in population the animal protein supply must be increased accordingly if future millions are to be properly nourished. To provide for this increasing need will be the work of the cow, the sow, and the hen, the three farm animals excelling in the production of digestible proteins.

How Nation's Milk Is Used

TWENTY cents out of every food dollar is spent for dairy products. Milk or milk products are used in almost every dish included in the daily meal, according to the Blue Valley Creamery Institute.

Latest statistics prepared by the bureau of dairying of the Department of Agriculture show that 45.5 per cent of the American milk production, or almost one hundred billion pounds, is used directly in the form of milk. It is estimated that every man, woman and child consumes on an average of 50 gallons of milk each year. This is an increase of eight gallons over the 1917 per capita consumption figures.

The nation is eating more butter as well as drinking more milk. Per capita consumption of butter averages around 10.5 pounds, while in 1918 the average was but 14.6 pounds. More than one-fourth of the yearly milk supply is made into butter, 23.6 per cent of this is turned out as a commercial product.

Americans are not big cheese eaters. The average consumption is less than 3.7 pounds per capita. Only 3.7 per cent of the annual milk production is made in cheese. Condensed milk consumption has more than doubled since 1920 when the average consumption was six pounds per capita. Today the average consumption is 12.69 per capita.

Condensed milk plants last year absorbed 3.5 per cent of the milk produced. Ice cream takes about the same amount. Calves drink around 4.2 per cent. Less than 2 per cent of the year's milk supply is used for such miscellaneous products as powdered milk and cream, malted and canned milk and milk chocolate. It is estimated that around 3 per cent is wasted or lost.

SENATOR STANLEY IS SEVERELY INJURED TODAY AT CAPITAL

Retiring Senior Senator of Kentucky Run Down by Auto; Driver Fails to Stop

Washington, Feb. 24.—The long succession of the hit-and-run automobile casualties in Washington were capped today by the severe injury to Senator A. O. Stanley, of Kentucky, when a speeding automobile failed to stop after bowling him over at a street intersection in the business district.

At the emergency hospital, where the injured Senator was taken by a passing taxicab, the physicians found he was suffering from a badly lacerated face, a severely bruised shoulder and probably one or two broken ribs. He also suffered considerable body pains, but those attending him expressed the opinion that he had probably not sustained any severe internal injuries.

A racing automobile, the Senator reported, knocked him directly in front of a street car. The Senator, in attempting to rise, sagged to the knees, and then rolled off the tracks just in time to escape being struck by the street car.

Fulton, Route Seven

The health of our community is better, most all have recovered from flu.

Mr. and Mrs. Taylor McKinney are still feeble. They cannot hope to be very strong as they are already past 3 scores and ten. Mr. Edd Hensley of Paducah is with them now.

Several of our farmers have come to market with a carload of tobacco. Among the numbers Messrs. Rob McKinney, Er Brashears, John Smiley. They report good prices.

Each preparation is being for the new crop. All every woods have lights plant beds. The farmers are to divide the acreage, some cotton, potatoes, melons, etc. Many are some time to dairying, cream, as the industry. The cream marketing has made it more for marketing the Every person who has as two cows should a cream separator. It will use your butter or cream amount of an extra cow also make the work of car for the milk much easier.

Mr. and Mrs. Luther Donohue, Mr. Lenard Orr and family will move to Union City about March 1. Mr. Donohue and Mr. Orr have a position in the shoe factory. Both families are deaf and dumb. We hope them much success in their new locality.

It is rumored that Charley Roach (colored), is going to move to Chicago. Anyone wishing Linro products can purchase them from Mrs. Annie Roach. Mr. and Mrs. Oliver Powers have moved back to Anna, Ill. Surely spring is here, judging from the downpour of rain.

BOWERS HIGH SCHOOL

Owing to so much sickness, the attendance at school was less than half last week.

Mr. Odel Hastings, who is driving a school wagon from McConnell is reported quite sick. His father, Mrs. Will Hastings, is driving the wagon for him.

Mr. Milton Counce is ill with the flu. Mr. Woodruff, of near Palmersville, Tenn., has moved to the Charlie Stubblefield place near here.

Most of the people of this vicinity will get through stripping tobacco on account of the recent rains.

Mr. Hall gave the young people a party Saturday night.

Mr. and Mrs. Oliver Powers left last week for Anna, Ill., where they will make their future home.

Mr. Bert Hastings has moved to Mr. Wilmer Boyd's farm, near here.

Mr. E. L. Lecorun and daughter, Ethel, spent Sunday afternoon at Mr. F. M. Bethell's.

Mrs. Jack Hawks and Mrs. Will Bethell, are both ill with the flu.

Mr. John Thomas Hawks suffered a sprained ankle Sunday night when he stepped on an old box lying in the yard, and turned his foot.

Trinity Episcopal Church.

104 Washington St.

Next Sunday; First Sunday in Lent.

9:45 a. m., Church school. 11 a. m., Holy Communion and sermon.

7 p. m., Evening prayer and address.

Friday, 7 p. m., Literary service and address.

Everyone welcome at these services. Thursday, 7 p. m., choir practice at the rectory.

News

Lent begins on Ash Wednesday and this year, 1925, on Feb. 25th. The first day is significant of humility, when the ancients dressed in coarse clothing and threw ashes into the air, letting it fall on their heads in evidence of their personal sorrow for their sins. Lenten season is the seven weeks of self denial and prayer for release from evils, habits and renewal of devotional life.

The church will, each week, hold services on Wednesday, 4 p. m. and Friday, 7 p. m., followed by a short address each day by the rector.

Fully three-fourths of the Christian world observe Lent in some form or another. Many individual protestants take advantage of the season for special prayers, meditations, worship and sacrifices. We invite all who may desire to come to the church services and take part.

Lenten envelopes and programs have been given out to any who desire them and if any are without, they may obtain them from the rector and at the church. The contents of these envelopes are to represent our self denials during Lent and go to the propagation of the Gospel.

The Church school pupils are furnished with the usual Lenten boxes for the children's offerings during Lent, for the mission fund of the church.

The Red and Blue contest in the Church school has been productive of quite a little interest. The Reds are led by Bob Binford, and won for January. The Blues are led by Kallina Cole and won in merits for the month of February. However, the Reds have a small net gain for the two months.

Mrs. Cora Stanley and small son, Carl Chester, are spending some time in Arlington, Ky., where Mrs. Stanley is helping to care for sick relatives.

Dr. A. C. Boyd cancelled his monthly visit to Columbus, Ky., last Sunday. It is well he did since it rained almost all day. He held regular services during the day at Fulton, Ky.

Clara Elizabeth Boyd continues quite sick at the rectory. She is now able to be up and about the house part of the time.

Dr. Boyd has ordered and will put out a lot of everbearing strawberry plants this spring. He expects his dwarf fruit trees will bear quite a lot of choice fruit this season.

Mrs. Lizzie Kilgore and daughter, Anna Katherine, have taken up their residence at the home of M. L. McDade, where Mrs. Kilgore is nursing Mrs. McDade, who has just returned from the hospital in Memphis, Tenn.

The vestry of Trinity church will hold their monthly business meeting at the church next Sunday afternoon, and the Women's Guild will hold their monthly meeting at the rectory next Monday afternoon.

Sports Togs Hold Center of Stage

Wide Variety of Sweaters and Ties Offered for Outdoor Wear.

The winter season of sports is in full blast, calling for the gayest and warmest clothes. Athletic women take great delight in the bright-colored knitted sweaters, with the accompanying knitted caps, scarfs and other seasonable garb.

The redoubtable kasha, observes a fashion writer in the New York Herald-Tribune, is once more turned to as the outstanding fabric for urban sports clothes and closely in its wake there follows a wide variety of London tweeds. The tweed vogue is, of course, distinctly English and makes its appeal to the many women who still cling to the ancient tradition of England and sports wear. It's a sound tradition, too, particularly for those feminine types which show to greatest advantage in mannish costumes. Tweed and kasha trimmed with fur and many buttons form the basis of numerous clever little straight frocks that are suitable for all kinds of sport. There is an excess of leopard fur trimming, which borders or lines nearly everything, and where that is not obtainable tabby cat is substituted to such an extent that one trembles to think of the slaughter that must have taken place on the rooftops.

Ytch shows warm leather mixture colors—she has a clever country suit in light stone-colored tweed with a contoured under an overcoat, making an ensemble that is one of the prettiest of its kind. Incidentally, she is cutting her overcoats on a new line, slitting them up each side seam instead of at the back as formerly.

Many of the winter sports dresses are being made of soft wool serges on the type of kasha. A delightful model is of white wool trimmed with a vivid tomato-red leather. This has plaited fullness in the skirt and the sleeves are plaited as well.

Circular full length or three-quarter capes are always fashionable for slipping on over the sports costume and

Jumbo Middy Pull-On Knitted in Scarlet and White Bandings.

the newest models are being made of tweed and have collars of fox or seal.

Scarves for sports wear are often made of fur lined with cloth or kasha. A pretty one worn with a little white suit in Paris had the neckband of white kasha on which was a narrow band of leopard. It was knotted in front and had two short wide ends on each of which was appliqued a triangle of the leopard.

Directoire Period Is Factor in New Fashions

In spite of many predictions that they would not achieve success, the models inspired by the fashions of the directoire period are distinct factors in the modes of the present season. In the majority of cases they are adaptations taken from the picturesque costumes worn by the men of that period, and they have been so skillfully modified that they are quite in harmony with the modern spirit.

The interest in things directoire has revived certain colors long absent from fashion. One finds tones of burgundy, of bottle green, of a rather violent purple and of a dull gold that are reminiscent of that particular period and the smooth-faced cloths and high-lustered satins suggest the materials in favor at that time.

Rhinestones on Tulle Bandeaux Hold Favor

The newest bandeaux for the ball are rhinestones on chaped bands of tulle. One lovely bandeau, intended for wear with an ecrú lace creation is brown tulle shaped to a point in front with rhinestones embroidered in Russian design, leaving a wide margin of tulle at the peak. Others have the points at the side. A beautiful bandeau has rhinestone embroidery on a draped band of rose satin.

Charming accessories worn include crepe de chine scarfs, very wide, with fringe of ostrich, clusters of gold roses and silk hose in delicate shades.

Velvet and Chinchilla

Nothing lovelier could be imagined than an evening wrap of flame-colored velvet trimmed with wide bands of chinchilla worn over a brocaded chiffon frock of the same tone.

Methodist Church

Rev. J. V. Freeman, Pastor

Sunday school, 9:30 a. m.
Enworth Leagues, 6:30 p. m.
Prayer service, 7:30 p. m., every Wednesday evening.

Attorney Heber Finch led the prayer service Wednesday, and a goodly number were present, but we like to see the attendance increase more rapidly. Watch out fellow Stewart your time to lead is coming. Better come out and see how the other fellow does it.

Mr. Lloyd C. Emery is spending the week with his wife at the home of Mrs. Emery's mother on Second street.

Mrs. M. C. Payne is ill at her home on Carr street.

The Methodist Missionary girls met Tuesday at the home of Mrs. J. V. Freeman. A splendid program was presented by the girls. During the social hour delicious refreshments were served. The girls declared Mrs. Freeman a charming hostess.

Mrs. Mary Collins is ill at her home on Park avenue.

Mr. Joe Bennett is still confined to his home, caused from a fall when going into the basement of his home last Saturday. Friends will be glad to know he is resting well and has hopes of being out again soon.

Mr. Thomas Rucker is quite ill at the home of Mr. Lee Rucker on Eddings street and his sister, Mrs. Laura Rudy of La Center, Ky., is attending his bedside.

J. J. Owen spent Sunday in Paducah, visiting his mother.

Mrs. M. C. Payne has returned from Lakeland Fla., where she spent several weeks.

Miss Nell Owen is improving after an illness of two weeks.

The mission study class of the Woman's Missionary society held the all day meeting at the home of Mrs. W. R. Butt Monday. The meeting opened with two songs, "America," and "Joy to the World." A good program for the day had been prepared, the class being favored with a violin solo by W. R. Butt, Jr., accompanied by his sister, Sarah Butt. Mrs. J. V. Freeman conducted the devotions. The study of "Adventures of Brotherhood," was presented by the class with a questionnaire. Lunch followed and a social hour, which all present enjoyed to the fullest extent. After lunch, the meeting was called to order with song, "Blessed Assurance." Reports on the study book were given by Mesdames Binford, Chambers and Major. Song, "Blest be the Tie that Binds," concluded the program, and the meeting was dismissed with

prayer by Mrs. Barrett. Twenty-two of the members departed, declaring Mrs. Butt a most charming hostess and that they had enjoyed the program, the lunch, and in fact, the entire day.

Warner Blackard Missionary society met Monday at the home of Mrs. Joe Davis on Eddings street. The meeting was called to order by the vice president, Mrs. Fall, who presided in the absence of the president, Mrs. Scruggs. The meeting was opened with prayer by Mrs. J. V. Freeman, after which followed the business session. The minutes were read and reports given. The local treasurer reported \$904 collected on the calendar fund for the new church building.

Miss Mayme Chumbler, superintendent of mission study, organized the spring mission study class to be held at the home of Mrs. Boyd Bennett, with an all day meeting some time in April. 15 of the members present today joined the class. Reports of the sick committee and also of the voice agent were given. The Bible study was conducted by Miss Chumbler, assisted by Mrs. Hardin, the subject being, "Stewardship." Mrs. Hohman then presented an interesting program. Mrs. Douglas Seay sang solo accompanied by Mrs. Curtis Ledford. Mrs. T. D. gave paper on "Every Woman in the Missionary Society."

Mrs. W. L. Stoker gave a leaflet on "Through the Missionary Society." Mrs. T. J. Kramer gave a paper on "Why Should a Woman Enter Service Through a Missionary Society." Little Miss Mary Katherine Bonduant favored those present with two readings. Elva Davis rendered two piano selections and those present enjoyed having the children present. The meeting closed with prayer by Mrs. Hardin.

Will meet March 9, with Mrs. Claud Freeman and Mrs. Hoyt Moore. During the social hour delicious tea, sandwiches, and cakes were served by the hostess, assisted by Mary Katherine Bonduant and Elva Davis.

The East Fulton Circle of the Missionary society will meet Monday, at 2:30 with Mrs. Lon Jones at her home on Jackson street.

Mr. and Mrs. J. B. Cequin have returned from several weeks stay in Biloxi, Miss.

EPWORTH LEAGUE

The Senior Epworth League met at its usual hour last Sunday with a good attendance. Louise Binford was leader. She was assisted by Berah Roberts, Ailine Cashion, Mrs. Pomp Binford and Blant Trevathan.

Services, 11:00 a. m., 7:30 p. m.

Prayer Meeting Wednesday Evening, 7:30 p. m.
B. Y. P. U. 6:15 p. m.
Intermediate B. Y. P. U. 5:45 p. m.
The Brotherhood will meet Friday evening at the church, 7:30.

We cordially invite the public to attend these services.

GEORGE WASHINGTON TEA

The beautiful new home of Mrs. M. I. Boulton on Walnut street, was the scene of a beautifully planned party on Friday afternoon, when the Lottie Moon Circle of the Baptist church entertained with a George Washington tea. The rooms were beautifully decorated for the occasion.

The receiving line was composed of the officers of the Circle and the following assistants: Mrs. J. V. Freeman, Mrs. O. J. Sowell and Mrs. C. H. Warren.

Throughout the afternoon music was enjoyed, rendered by Mrs. Culver, Mrs. Maddox, Mrs. Love, Mrs. Armistead, Mrs. Sisk and Miss Mabel Cole.

Delicious sandwiches and tea were served to 250 guests who called during the afternoon.

SIX O'CLOCK DINNER AND SLUMBER PARTY

Mrs. Lynn Taylor entertained Friday evening at her home on Cleveland Avenue, with a six o'clock dinner and slumber party in honor of her daughter Miss Martha.

SUFFERS BROKEN ARM

Friends regret to learn that Marguerite, daughter of Mr. and Mrs. G. C. Buchanan, suffered a broken arm Saturday, at their home on Fifth street.

TRACK AND FIELD MEET FOR WEST TENNESSEE SCHOOLS

The sixth annual May meet for all West Tennessee High schools will be held in Jackson on Friday, May 1, this year.

BIRTHDAY DINNER

Mrs. Lizzie Vance of Fulton was entertained Sunday with a birthday dinner given by her son, Ezra Vance, and wife, at their home in Dyersburg. A large number of guests, both relatives and friends, were present.

REV. FRANK LINN FREET TO VISIT UNION CITY, MARCH 3

All Christian Endeavorers and those in sympathy with the work of this splendid organization in Fulton and vicinity are cordially invited by the Christian Endeavor Society of the First Christian Church of Union City, Tenn., to attend a special work conference and mass meeting to be held in that city on Tuesday, March 3.

Union City is one of the four fortunate towns in the south to be honored with a visit by the Rev. Frank Linn Freet. Mr. Freet is a noted Christian Endeavor worker, lecturer and orator of national fame and you will be highly entertained should you hear him on March 3.

The Christian Endeavor movement has from the very beginning of the organization, had definite interest in the religious development of the High school age boys and girls, those of the teen ages, usually referred to as "Intermediates."

An entertaining program has been arranged as follows:

3:30 to 5:00 p. m. Conference with workers among young people of the teen ages.

6:00 p. m. Big banquet.

7:30 p. m. Mass meeting of Christian Endeavor workers of all ages and of interested folk, with address by Mr. Freet.

9:00 p. m. Continuation of conference adjourned at 5:00 p. m.

Hand us a dollar bill and get your name on the Advertiser list as a regular subscriber.
