Fulton Destined To Be The Largest Terminal On the Tennessee Division.

Mr. R. W. Bell, General Superintendent of Motive Power, of the Illinois Central Railroad was in the city recently, looking over the shops and the location which the Illinois Central has purchased for its new yard, east of the Coal Chute, which we understand is to be a large classification yard. That is, trains will go into this yard, be broken up and loading classified according to importance, direction, etc. This, of course, will require a number of switch engines and crews, and will furnish work to quite a number of men.

We have heard indirectly that Fulton is to be made one of the largest terminals on the Tennessee Division, and that there are still possibilities of the present shops at Fulton being greatly enlarged. It is understood that eventually a new passenger station will be built, in which the division office will be housed, and the probable location is near the New Yards which location has been under consideration for a long time. This would, in a way consolidate the railroad offices, and yards, and not only be beneficial to the railroad, but to the town as well.

The present location for the station has already become congested, so far as the trains are concerned, and it has been a matter of consideration among the officials, we understand, for some time, to move the station to some location where there would be more room to handle the heavy traffic that passes through Fulton.

There are about 33 passenger trains that pass through or come into Fulton each day, all of which stop here, either to take water or passengers, and a great number of these trains break up here, and have to be switched and re-made up, which of course causes, and will continue to cause congestion around the passenger station, if the passenger yard is not enlarged.

The Illinois Central is a wonderful benefit to our town, and we, the citizens of Fulton, should do all possible to cooperate with the management in the operation of this efficient railroad service. It is the best railroad in the country, and we should feel proud to be served by it, and nothing should be done to stand in the way of the improvements which are contemplated. On the other hand, we should put our shoulders to the wheel and help them along. The railroad has done more for us than any other industry in the country. The work under construction of the Fulton-Edgewood cut-off, and the contemplated improvements mean more to us than we can fully realize at this time.

KNIGHTS TEMPLAR ELECT OFFICERS

R. E. Hubbard is Made Commander of Lodge

Fulton Commandery, No. 34 Knights Templar, at a stated meeting, March 6, held its annual election resulting in the following:

R. E. Hubbard, E. C.; H. H. Perce, Gen.; R. A. Stille, C. G.; M. C. Bugg, S. W.; A. W. Morris, J. W.; Geo. C. Hall, Prel.; H. M. Khourie, Treas.; C. A. Stephens, Rec.; H. J. Potter, Sw. B.; S. A. McDade, St. B.; T. J. Smith, Ward; G. E. Alverson, Sent.

GOOD TOBACCO DELIVERIES

Tobacco receipts at the Association barn for the week ending March 6, showed an increase over the previous six days, of 26,900 pounds, and judging by the registrations for the first four days of the present week should show a most encouraging delivery for the week.

There were 165,125 pounds delivered last week, making the total to that date 1,217,410 pounds, and it was handled in an expeditious manner, keeping the floors clear and allowing deliveries to be handled without delay or overcrowding.

The highest grade received was B2D24 which brought \$30. While somewhat better grades have been received in the past, the general run of the week seemed to be of a higher average for the week.

A noticeable feature of the week was the presence of a large number of buyers who were without exception looking for the better grades, showing that the tendency of the market is for more high grade stock.

The normal delivery to the tobacco houses of Fulton, independents, and Association is around eight million pounds per year, and it is the opinion of the officials of the Association that they could dispose of eight million pounds each season if it were of the better grades, and they are talking all of the time to the farmers to raise less acres and better tobacco, as there is always enough of the poorer grades raised and culled to take care of the demand for that class of the weed.

Basing their calculations on the talk of the buyers, and their own knowledge of the market demands, they feel assured, as stated above, that the Association could readily sell all of the eight million pounds just as fast as it is received.

In view of these statements it would seem to be the wise thing for the farmers to do, to raise the very best article possible, thus assuring themselves a better price and a quicker settlement on their crops, and for a similar reason it behooves the merchants of Fulton to talk earnestly with their farmer friends and customers, encouraging them to take heed of the advice of the officials of the Association, who are, naturally, in a better position to know the requirements of the markets of the world.

Holloway Motor Co.

The announcement that C. E. Holloway and P. C. Warren had opened an automobile agency in the building on Walnut street formerly occupied by the Two-States Auto Co., is welcome news in Fulton business circles as both men are classed A 1.

Mr. Holloway is a post-graduate in the automobile business and Mr. Warren who was associated with him when he had charge of the Ford agency here fully understands his part of the work, therefore the firm is new only in name and not in automobile experience.

SUPT. WILLIAMS REPRESENTS I. C. AT MEETING HELD AT SAVANNAH

Superintendent H. W. Williams attended the meeting of the Southeast Shippers' Regional Advisory Board of the American Railway Association, Car Service Division, which meeting was held at Savannah, Georgia, the first of this week. Mr. Williams is the Illinois Central representative on this board.

1. The Regional Advisory Board is a joint board of railway officials and shippers, organized a few years ago, for the purpose of forming a common meeting ground between shippers and railroads and the carriers as a whole as represented by the Car Service Division of the American Railway Association, for the better mutual understanding of local transportation requirements, to analyze transportation needs in its territory, and to assist in anticipating car requirements.

2. To study production, markets, distribution and trade channels of the commodities produced in its territory with a view to affecting improvements in trade practices as related to transportation, and to promote a more even distribution of commodities, where practicable.

3. To promote car and operating efficiency in connection with maximum loading, and in the proper handling of cars by shippers and railroads.

4. To secure a proper understanding by the railroads of the transportation needs of shippers, and their cooperation in carrying out necessary rules governing car handling and distribution.

5. To acquaint shippers and railroads in each section of the country with seasonal requirements in this section in order to promote intelligent cooperation in the handling of equipment between the different districts of the country.

6. To adjust informally, car difficulties which may arise in its territory between carriers and shippers.

7. To give the shipping public a direct voice in the activities of the Car Service Division of the American Railway Association, in all matters of mutual concern.

The territorial jurisdiction of the Southeast Shippers' Regional Advisory Board, consists of the following states: North Carolina, Tennessee, Mississippi, Georgia, Kentucky, Ala-

bama, Florida and that part of Louisiana lying east of the Mississippi river including New Orleans.

The board meets quarterly, usually March, June, September, and December, in different cities of the South.

Tea in Honor of Mrs. Thomas McHenry.

The beautiful and spacious home of Mrs. Walter Willingham on Third street was the setting of one of the most delightful social affairs of the season.

The occasion was a tea in honor of her house guest and girlhood chum, Mrs. Thomas McHenry, of Macon, Miss.

The home was artistically decorated with jonquils, freesias and shamrocks, carrying out the St. Patrick's color scheme.

The charmingly and handsomely gowned guests, bringing with them the breath of spring, were graciously received at the door by Mrs. J. F. Royster.

Those in the receiving line were Mrs. Willingham, Mrs. McHenry, Mrs. J. V. Freeman, and Mrs. Eunice Robinson.

Others assisting were Miss Dorothy Granberry, Mesdames Jess Nichols, Madge Granberry, Paul Hornbeak, Abe Jolley, Edward Heywood, Lon Jones, J. E. Hannephin and R. E. Stille.

Band Concert at the Grand March 19th.

The Fulton band has a treat in store for music lovers Thursday evening, March 19th, when a well selected program will be rendered at the Grand Theatre, beginning at 8 o'clock. Bandmaster Sebra Evans says that the members of the band are making every effort to secure funds with which to buy uniforms, and will appreciate your attendance on this occasion at the Grand.

Delightful Vacation Trip.

Mr. and Mrs. W. Levi Chisholm will leave Monday for an extended western trip. First stopping at San Antonio, Texas and proceeding from there to California. The Orpheum will be left in competent hands, men who thoroughly understand the show business and who will maintain the high standard reached by this popular photoplay house.

Everybody is Talking

About Culver's Improved Sweet Cream Ice Cream

There is one good feature characteristic of Fulton folks—they know a good thing when they see it, and know it better after they taste it. Now, everybody is talking about John Culver and his excellent improved sweet cream ice cream. The products of the Culver Ice Cream Company of Fulton and Dyersburg have become widely known throughout more than two hundred towns and villages in Kentucky and Tennessee, but not until now had it reached the zenith of its goodness. The purity of this product, its food value, its deliciousness are all blended together to make you want more, once you have tried it.

F. J. Scott, who is in charge of the making, is an expert on the job, and will continue to make people talk of the goodness of Culver's Improved Sweet Cream Ice Cream.

The same careful consideration will be given special orders for parties, picnics, and Sunday dinners.

Culver's Improved Sweet Cream products are strictly pure and wholesome, made in a factory where sanitation reigns supreme and is delivered well packed in ice so it will keep for several hours at your home or out on a picnic jaunt.

Good Deliveries of Tobacco At Fulton.

While nearly all of the receiving stations of the Western Dark Fired district of the Dark Tobacco Growers Co-operative Association have received more tobacco this season than they had at the corresponding date last year, many are short on deliveries. It is gratifying to know, however, that the Fulton station is 250,000 pounds over last year's receipts.

Real Estate Deal.

R. C. Whitnel sold to Dudley Smith his home on State Line, known as the Shepherd place, Monday. The sale was made through the real estate agency of Moss & Bushart.

The biggest shoe sale ever inaugurated in Fulton is now on at Morris & Fry's, "The All-Leather Shoe Men."

Interesting Meeting.

CHAMBER OF COMMERCE

The monthly meeting of the Chamber of Commerce last Tuesday night was the most largely attended meeting in its history, according to the old members, there being 130 present.

President Shankle had a comprehensive program laid out for the evening's work and put it through with promptness, appointing eleven committees with a total of 80 members, and transacting the routine business like an old hand at the business.

Just after the reading of the minutes of the last meeting, a delegation of the Boy Scouts, headed by Scoutmaster Hughes, Chief Scout Executive Roy Manchester of Paducah and Morris Howell, entered the chamber where the Chief Scout presented Morris Howell with the badge of Eagle Scout, the highest attainable. Joe Davis, President of the Rotary Club, then presented him with a loving cup and told the other scouts present that the Rotaries would present one to each one attaining the Eagle class.

The Hospital Committee reported progress, stating that it had gone as far as possible under its instructions and asked that it be discharged and a new committee be appointed to organize the concern and sell stock. The report was accepted and the president appointed the following committee which will immediately make arrangements for soliciting stock: Ira Little, C. P. Williams, W. R. Butt, R. H. Wade, A. M. Nugent, A. Huddleston, C. H. Warren, G. G. Bard, Joe Browder, J. E. Fall, T. J. Krammer, Leslie Weeks, W. J. Willingham, W. P. Murrell, T. M. Franklin, Lon Jones.

The Road Committee reported that the members of the Fulton County Fiscal Court would meet with the State Highway Commissioners in Frankfort on the 11th, when the contract for the section of the Fulton-Hickman road between Fulton and Cayce would be let. It was also stated that the work was expected to be started April first.

The Committee on resolution asking the Kentucky and Tennessee authorities to jointly build the road between Boydsville and Jordan, was read and approved and the committee instructed to present the resolution to the proper authorities.

Tennessee Highway Commissioner J. H. Stubblefield stated that there was every hope that Obion county would build the road to Union City via Harris Station and that this would be purely a county road, there being no state or federal aid to the project. It will probably be a gravel road as the cost of a rock road will be more than the county can afford for the present. It may be that later, state aid can be obtained as the road to Martin via McConnell is a State Road and when the state has the funds will undoubtedly be built.

Chief Booster Fall asked the aid of all the members in boosting Fulton and making it a first class city, pledging the members of his committee to work overtime in the work.

Chairman Lon Pickle of the Harris Fork Creek committee promised to have the creek cleaned out at once and kept clean, and Alderman Culver promised the aid of the city in the work.

Another plan of the Booster Committee was to get rid of the house-to-house peddlers, reading an article from the Paducah Sun telling of the campaign of the Paducah Boosters in this line of civic improvement. Cards will be issued to housekeepers to be placed on their house-fronts warning peddlers

The Death Angel has again visited our community and took Zachary Taylor McKinney. He was born in Trigg county, Kentucky, September 30, 1848.

Died February 28, 1925. Age 76 years, 4 months, and 28 days. He was married to Liza Jane Futrel, May 26, 1872.

Born to this union was seven children. He is survived by a wife, three sons, one daughter, one brother, and one sister, a number of relatives and friends. He united with the Methodist Church at Chapel Hill in the year of 1881, and made a worthy member of the congregation until the end. He was an affectionate husband, a kind father, a good neighbor and citizen. The funeral services were conducted at Chapel Hill by Bro. Riggs, who gave a beautiful lesson from Corinthians; also some of Tennyson's poems, which bring much comfort to the loved ones in the dark hour of bereavement.

Stubblefield and Lowe had charge of the burial. They gave much assistance in viewing the remains, after which the body was placed in the newly made grave beneath the floral offering to await the resurrection. Our entire community extends their sympathy in their bereavement.

F. M. Chambers Files Bankrupt Petition

The Paducah News-Democrat of March 6th, says Floyd M. Chambers, of Fulton, said to be an extensive land owner in Hickman county, filed a voluntary petition in bankruptcy in the United States district court yesterday involving the heaviest liabilities of any bankruptcy proceedings filed here in many months. Chambers' petition listed his liabilities at \$191,979.90 with assets at \$145,090, of which \$130,900 is in real estate.

The petition lists secured claims at \$102,570 and unsecured claims at \$54,509.90. Assets included real estate valued at \$130,900; household goods, \$100; livestock \$5,000; carriages and vehicles, \$340; farming implements, \$2,050; machinery, \$300; insurance \$5,000, and other personal property at \$1,400.

Chambers is said to own 1,500 acres of land in Hickman county.

Dr. A. J. Turney Is Reported Some Better

Mrs. A. J. Turney of Crutchfield, was a pleasant caller at The Advertiser office Saturday during her brief visit to Fulton. Mrs. Turney reported that Dr. Turney's condition is some better, but said she and the doctor would remain at the hospital in Mayfield another month, and if his condition will permit they will return to their home in Crutchfield. Mrs. Turney has had an attack of chills and fever recently.

Stop, Look and Listen.

The stop, look and listen signs at railroad crossings have been helpful in reducing accidents. Why wouldn't the same warning signs be good to post at street crossings for the benefit of pedestrians. We will leave it for the parents to say what kind of warning should be given their children who play in the streets and run after passing automobiles.

Ballard's First Cotton.

The first cotton raised in Ballard county was shipped recently to a Kenton, Tenn., firm. The shipment consisted of six bales raised on J. A. Dennis' farm, near Wickliffe, and sold for \$800. The Ballard Yeoman, Sam White's newsy paper, says, with the right kind of season a lot of cotton will be grown in the county this year.

BRIEFLETS

Nothing holds its own quite like the bald spot on the dome of a man's head.

People often make light of "star gazers," but if it were not for some of them we wouldn't know much about astronomy.

Men are in a receptive mood when they want public office, and often in a deceptive one after they get it.

When a fellow tells a lie he generally has to tell another one to tone down the effect of the first one.

Truthfulness pays in the long run, but it often overlooks the grocery bill.

A pretty woman may know she is pretty, but often it is the druggist who knows the secret of how it is done.

If you consider every day the best in the year there will be no other kind.

ABOUT ROSES

Now that the time is near at hand when we begin to examine our rose plants for life and defects, go at it in a systematic way. Take along a sharp pair of pruning shears and cut out all the old dead wood and prune the entire plant so when the new growth puts out it will have all the strength and substance possible from good healthy roots. And then, Roses! The very word is fragrant. It is a caress, a magic incantation. Exquisite memories lie in its gift. This five-petaled word, it is safe to say, enshrines more mental pictures of pure and enduring beauty than any other in the garden of speech. Life admits no word to more tender intimacies. As children we dance to its nod down sunny aisles of laughter; as young men and maidens we seal with it the betrothal kiss; and at our journey's end we call upon its living fragile loveliness to breathe denial of death itself.

Since history was first written the rose has been associated with the most important and vital, as well as the tenderest events in the life of man. For centuries it has been fully recognized as the Queen of Flowers, honored alike by poet and by king. Yet such varieties as America, Amelia Gude, Madame Butterfly, Frau Karl Druschki and Radiance the ancients never knew. What would have been their ecstasies if they could have been privileged to enter some of our gorgeous rose gardens of to-day. One of the prettiest rose gardens in Fulton is that of Mr. and Mrs. Earl Karmire. Our visit to this garden in the early fall of last year was a treat indeed.

HILL'S "America"

THE ROSE OF THE CENTURY

This superb rose, for which the horticultural world has been waiting for so long, is now ready for distribution, and we consider it a great privilege to help the E. F. Hill company in its dissemination.

We have tried it out in our test garden. It blooms continuously from early May until heavy frost, on stems two to three feet long, and the color is the most glorious glowing rose-pink imaginable. The buds are long and pointed and open up most artistically as the petals fold back, leaving the high-pointed center fully exposed.

It is as near disease resistant as a rose can be, always having a clean, glossy foliage at all seasons of the year. It rivals the American Beauty in size of flower, and if you are looking for a marvelous rose you will make no mistake in growing "America."

This wonderful rose has captured the prize in every rose show where it has been exhibited. In Paris and New York International show it was awarded the gold medal for being the best pink.

The price is \$1.00 for 2-year old plants, guaranteed to bloom this year. R. S. Williams, Fulton, Ky.

Fire Destroys Bardwell School Building.

The Bardwell school building was recently destroyed by fire, entailing a loss of over \$30,000. The building was erected eight years ago, to replace the old school building destroyed by fire in 1916. The courthouse and the church buildings are being used at present to take care of the wind-up of the school session. A new building will no doubt be erected in time to open the fall term in.

The easiest thing in this world to make is a promise, and it is often the hardest to fulfil.

Senour's FLOOR PAINT

"It Penetrates"

In the word "penetration," is a secret manufacturing process that has made Senour's Floor Paint a popular favorite for over 40 years.

If a floor paint does not penetrate or grip into the wood it will soon begin to crack, chip and peel.

Senour's Floor Paint dries over night with a high gloss enamel-like finish, but at the same time it sinks into the pores of the wood and forms a film that will withstand the hardest usage and will withstand repeated washings without dimming the lustre.

Every can of Senour's Floor Paint is guaranteed to give satisfaction if directions printed on the can are followed or money back upon receipt of empty can.

Lesson for March 15

OUR LORD'S RESURRECTION

LESSON TEXT—John 20:1-29.
GOLDEN TEXT—"The Lord is risen indeed."—Luke 24:6.
PRIMARY TOPIC—Jesus Rises From the Dead.
JUNIOR TOPIC—Jesus Rises From the Dead.
INTERMEDIATE AND SENIOR TOPIC—Christ's Victory Over Death.
YOUNG PEOPLE AND ADULT TOPIC—Proofs of the Resurrection of Jesus.

The resurrection of Christ is one of the foundation truths of Christianity. Its entire superstructure stands or falls upon its reality. It is the grand proof that Christ was what He claimed to be, the Messiah, the Son of God (Matt. 12:39-40; John 2:19-21). His resurrection authenticated His claims. If Jesus did not rise from Joseph's tomb, He was not the Son of God, nor a true prophet (He said frequently while alive that He would arise), neither a Savior; not even a good man, for He would then be a falsifier. However, if He did arise, all that He said concerning Himself is true. His resurrection declared Him to be the Son of God with power (Rom. 1:4).

I. The Empty Tomb (vv. 1-10).

John does not enter into a description of the resurrection of Christ, but says the tomb was empty, and that Jesus had repeatedly manifested Himself after the tomb was found empty. To see the body of Christ with a spear thrust and nail prints, and then the empty tomb was all that faith needed.

1. The Testimony of Mary Magdalene (vv. 1-2).

This woman out of whom Jesus had cast seven demons (Mark 16:9; Luke 8:2), announced the fact of the empty tomb to Peter and John. Prompted by great love to Him for His kindness to her, she went early to the tomb even "when it was yet dark." "She was last at the cross, and first at the grave. She stayed longest there and was soonest here." This woman's love for the Master was genuine though her knowledge as to His resurrection was defective. She had realized great good at His hand, therefore she could not rest until she had done her utmost for Him.

2. Personal Investigation by Peter and John (vv. 3, 10).

The news of the empty tomb which Mary brought with breathless haste, moved John and Peter that both ran to investigate. When John came to the empty tomb he gazed into it, but Peter entered it. This investigation convinced them. The removal of the stone from the sepulcher and the arrangement of the grave clothes convinced them that the enemy could not have done this.

II. The Manifestation of the Risen Lord (vv. 11-29).

1. To Mary Magdalene (vv. 11-18).

(1) Mary Weeping at the Empty Tomb (v. 11). Peter and John went home, but Mary could not. She stood weeping. Home was nothing to her while her Lord was missing. Earnest love need not weep long for Jesus is found of those who love Him. She should have been rejoicing that the grave was empty, for the empty tomb was eloquent proof of His messiahship and deity. Had His body been there she would have had real cause for weeping.

(2) Mary Questioned by the Angels (vv. 12-13). She viewed through her tears angels at the tomb who inquired as to the cause of her sorrow. She replied, "Because they have taken away my Lord and I know not where they have laid Him."

(3) Jesus Reveals Himself to Mary (vv. 14-16). She first saw the angels and then her eyes lighted upon the Lord. As soon as He called her by name she recognized Him and fell at His feet weeping.

(4) Jesus Forbade Her to Touch Him (v. 17). This showed that she was coming into a new relationship to Him; besides there was not time for such familiarity while the disciples were in darkness. "Go, tell my brethren," was the message she must carry.

(5) Mary's Testimony (v. 18). She told the disciples that she had seen the Lord.

2. To the Disciples (vv. 19-29).

(1) When Thomas Was Absent (vv. 19-23).

a. His message of peace (v. 19).

b. He showed His hands and His side (v. 20).

c. He commissioned them (v. 21).

d. He defended the power that was bestowed upon them (v. 23).

(2) When Thomas Was Present (vv. 24-29).

a. Victory of sight and touch (vv. 24-28).

b. Greater blessings for those who believe, not having seen (v. 29).

A Prayer

Father, we thank Thee that Thou hast called us to work for Thee, and we pray that Thou wilt show each one of us just what Thou wouldst have us to do.

Visions

It is well to have a vision of a better life than that of every day, but it is the life of every day from which elements of a better life must come.—Maeterlinck.

The HERALDS OF PROGRESS

THE telephone workers of the Southern Group of Bell Telephone Companies, operating in the States of Alabama, Florida, Georgia, the Carolinas, Kentucky, Louisiana, Mississippi and Tennessee, did a bigger and better job last year than ever before.

Your service is now more extensive, more efficient and more valuable as a result of these efforts.

Last year 147,473 telephones were installed and 91,530 removed, making a net gain of 55,943 new stations. This involved gross additions to plant of \$16,854,370.

This large sum was, for the most part, new money invested in the telephone industry in the South. The companies' investment in service as of December 31, 1924, was \$122,749,324.

To manage, operate, maintain and build this extensive plant requires the services of 17,100 men and women.

7,725 in the Southern Bell Company and 9,375 in the Cumberland Company. There is one worker for every 40 telephones.

The total payroll for the year 1924 amounted to \$17,652,634, an average of about \$1,032 per year per employee.

Another big item of expense was the tax expense, which amounted to \$3,522,272, or at the rate of \$5.55 per telephone.

These facts and figures are taken from the companies' records, which are kept in accordance with the requirements of the Interstate Commerce Commission.

Our happy relations with our subscribers are reflected somewhat in the fact that there are 9,275 stockholders in the Bell System in our territory.

The telephone workers appreciate your cordial cooperation and patience, which has encouraged them to work day and night that you might be served.

WOMEN IN CLUB WORK SHOULD BE AN IN- SPIRATION

Pedestrians on Main street
Friday afternoon noted with
surprise that there were a great
number of women of Fulton en-
tering the Chamber of Com-
merce where the Woman's club
was holding its monthly meet-
ing.

The whole-hearted interest
taken by the women in their
club work should be an inspira-
tion and guide to the members
of the Chamber of Commerce,
and if the members of the lat-
ter organization will attend the
meetings and serve with the
same devotion on committees as
the ladies, the Chamber will do
the best work in its history the
coming year.

The officers and board of di-
rectors of the Chamber for this
year are all men who are ac-
customed to accomplishing
whatever they attempt, and it
is up to the members to sup-
port them and help to make a
success of anything that is in-
augurated for the benefit of
the city.

BOY SCOUTS AWARDED

The Boy Scouts program the
first of the week should be an
inspiration for every boy in
Fulton to reach the topmost
rung in the ladder of achieve-
ment.

The awarding of the Eagle
badge by the National Court of
Honor and the presentation of
the loving cup by the Rotary
club to Scout Morris Howell,
will long be remembered, and
others will strive to be Eagle
Scouts, the highest honor that
can be conferred on a Scout.

In the report of the exam-
ining committee published in
last week's issue our attention
was attracted to the splendid
records made by the Fulton
Boy Scouts and especially to
Morris Howell, Glenn Wise-
man, Hardy Roberts, Cecil
Wiseman, Richard Davania and
Gerald Normant.

We are all proud of our Boy
Scouts and we hope to live to
see the day when these boys
will develop into the zenith of
their ambitious manhood.

Scout Executive Roy Man-
chester of Paducah, was a
pleasant caller at The Adver-
tiser office Tuesday morning
with Scoutmaster Hughes. It
was a delightful pleasure for
the editor to give this young
man who is doing a grand and
noble work among our boys, a
cordial greeting and a warm
handclasp. His visit to Fulton
has been a great stimulant for
our boys to do greater things
and we hope to have Scout Ex-
ecutive Manchester with us
often.

Boy Scout Ushers at First Baptist Church.

An innovation from the regu-
lar routine work at the First
Baptist Church was carried out
Sunday when a quartet of boy
scouts did the ushering and pass-
ing the collection plates. Scouts
Warren, Moss, Mooneyhan and
Walker never looked more manly
as they courteously greeted the
visitors and gracefully per-
formed the duties assigned them. A
stranger would have thought
they had been on the job a long
time, had the Rev. Warren not
announced it was their first Sun-
day.

Negroes Escape From County Jail.

The first jail delivery in this
county in many years took place
at Hickman last week when
three negroes escaped by tearing
an iron bar loose from one of
their bunks, then prizing bricks
away from the wall sufficient to
gain their liberty. Lee Thomas
of Fulton, charged with house-
breaking, is one of the escaped
prisoners.

BRITISH LABORITES FURIOUS

Entire Labor Membership, Headed By
Ramsay MacDonald, Walks Out
In Protest.

London.—Charges that the chair-
man had attempted to apply "Dawe-
slan" tactics in the venerable house
of commons during a wrangle between
Foreign Secretary Austen Chamber-
lain and fiery David Kirkwood, the
Scottish socialist, created a furor in
the lobbies of the house the other day,
after Kirkwood had been summarily
suspended for heckling the cabinet
minister.

J. F. Hope, a conservative, was pre-
siding over the house in committee of
the whole when Chamberlain and
Kirkwood clashed. Hope ordered
Kirkwood to leave the chamber, and
when he refused, summoned Speaker
Whitley to the chair. The speaker
heard the subsequent proceedings,
which culminated in suspension for
the wild Scotchman.

Labor members are furious at the
brusque treatment of their radical col-
league. Whitley, it is asserted, would
never have ordered Kirkwood from
the chamber, and Hope's action there-
fore, is called unwarranted. Many
conservatives admitted privately, fol-
lowing the uproarious session, that
Kirkwood's action did not merit sus-
pension.

Shouts of "cads," "shame," "scand-
dal," passed across the chamber as
the impotent labor minority expressed
its anger on the conduct of the conser-
vatives in voting Kirkwood out.

Jack Jones, the hoisterous, hot-
tempered London socialist, drew
troupe jeers from the government
benches by inviting the entire con-
servative party to come outside and
fight. Jones had made similar chal-
lenges many times before.

A motion of censure against the
government for its legislative man-
handling of Kirkwood will be intro-
duced. It was decided at a labor cau-
cus. MacDonald and other leaders
asserted that Kirkwood had been
guilty of less than the speaker ig-
nored from others every day.

Less than a month ago, Kirkwood
led a scathing attack on royalty, in
which he denied the Prince of Wales
worth as an imperial ambassador
and predicted the time when royalty
would be so more. Then, however,
Kirkwood had the floor and his re-
marks were in order, even if some-
what ungracious.

Chamberlain was telling the house
the other day that British policy aims
at the evacuation of Oloogee as soon
as Germany had fulfilled her treaty
obligations, when Kirkwood began to
interrupt. It was the eve of Cham-
berlain's departure for the league of
nations council meeting at Geneva,
and for the conference en route with
Premier Herriot regarding European
security.

Pyorrhea Ruined Washington's Teeth
San Francisco, Cal.—Because of
pyorrhea, George Washington, as a
boy lost all his teeth. Dr. Henry
Smith-Pritchett, Carnegie foundation
savant, made this contribution to the
world's news nearly two centuries
ago here recently. The set expres-
sion around the mouth of the first
president, as shown in portraits, Dr.
Pritchett explained, resulted from
George's efforts to hold a set of store
teeth in place.

8 Inaugurations Within Nine Years
Washington.—With the swearing in
of Calvin Coolidge at the White House,
a new president of the United States, a new
inaugural record has been rung up at
which politicians may shoot at will,
but with doubtful results. It is the
president's eighth inauguration in nine
years.

Protests Petty White House Economies
New York.—Dr. Henry F. Vaughan,
president of the American public
health association, issued a protest
recently against the reported elimina-
tion of paper drinking cups and the
reduction of towel supplies in the
white house and other federal build-
ings in Washington as measures of
economy. He asserted that the dan-
gers to public health would more than
outweigh the benefits of economy.

Wife Of Oregon's Governor Is Dead
Salem, Oregon.—Mrs. Laura M.
Pierce, wife of Gov. Walter M. Pierce
of Oregon, died here recently after
a long illness. All state departments
closed during the funeral hour.

House Members Plan Junket Trips
Washington.—A number of house
members are planning trips into fields
after during the congressional recess.
Six including members of the insular
committee, plan to leave New York
March 28 to review the naval manue-
vers at Hawaii, stopping on the way
back to Porto Rico, and returning to
the United States late in May. Plans
are being made for a joint congress-
sional committee of three senators and
three representatives to conduct a
postal rate survey and this is likely
to entail considerable traveling.

10 Workmen Dead After Big Explosion
Wittenberg, Germany.—Ten work-
men are dead following a tremendous
explosion in the factory of the An-
halter company, according to an of-
ficial report of the company officials.
The blast shook the plant while the
full morning shift was at work. Em-
ployees of the company insist that the
officials are underestimating the num-
ber of the dead. These unofficial an-
nouncements put the loss of life at more
than twenty and possibly as high as
30. About twenty men were seriously
injured and much damage done.

Cow peas and soy beans enrich the soil. Both are
valuable as stock food, and when either is fed with
corn, it makes a balanced ration which puts meat on
the stock more rapidly than when corn only is fed.
You can plant either cow peas or soy beans in the
corn hill or drill them with the corn by using a

First Christian Church

O. J. Sowell, Pastor

There was a good attendance for Sunday school last Sunday and much interest is being shown for the building of Sunday school rooms.

A large crowd attended the morning church service. The pastor preached a forceful sermon on "Christian Unity." This is a very important theme of the day and is the main cause of the Christian Church's existence. It is to plead for the unity of God's people upon His Word. There can never be brought to pass a unity on any organization or sectarian church, but upon Christ alone. Christ prayed that his people might all be one even as he and the Father are One, and His prayer will be answered, for the Lord never prayed in vain.

By 7:30 Sunday evening the church was packed, the aisles were filled with chairs and many people were turned away. Rev. Sowell preached one of the greatest sermons of his life on "The Old Rugged Cross." It was a message full of life and power, with a strong conviction that the "Old Cross" is the lighthouse of all the ages, guiding the feet of nations to the great white throne of victory. The Fulton Band, No. 45, played for the service. Mrs. Berninger and Evans sang a beautiful duet. Then Mr. Barclay of Memphis, sang "The Old Rugged Cross." This was truly a great night for the Master in Fulton.

The Official Board met in the church Sunday afternoon and completed plans for the new building. The building committee has been instructed to get bids for the building, so that the work could begin at an early date.

The Junior Endeavor had a very interesting meeting Sunday evening. Mrs. Culver is doing some splendid work as Superintendent of the Junior work.

The Ladies' Aid Society met with Mrs. Mary Boswell Monday afternoon. A fine program was rendered and many things discussed for the enlargement of their missionary program.

Rev. Sowell addressed the student body of the Junior High school Monday morning, on the subject of "The Value of Little Things."

The Sarah Dean Bible class will have a Rummage sale Saturday, in Mr. John Huddleston's place of business.

Mrs. O. J. Sowell read for the Chamber of Commerce Tuesday night, also for the Rotary Club last week.

Mrs. Jake Huddleston has returned from New York, where she has been visiting her son, George. She reports a happy visit.

Mr. W. W. Morris has returned from an extensive visit in Texas. We are glad to see him back in our church life.

Mr. N. G. Cooke will return from Florida this week, where he has been spending the latter part of the winter.

Mrs. J. M. Culver and Mrs. S. W. Brown spent a day in Paducah last week.

Mrs. C. R. Sowell, of Mayfield, is spending a few days with Rev. Sowell, on Eddings street.

Rev. Sowell gave an address before the Chamber of Commerce Tuesday night, on "The Value of a Dollar."

Don't forget our services each Sunday morning and night.

WOMAN'S CLUB MEETING

The regular monthly meeting of the Woman's Club met Friday afternoon March 6, at 2:30 p. m., at Chamber of Commerce. Meeting was presided over by the president, Mrs. J. C. Brann. After reading minutes of previous meeting, and before business session, the following representatives of the Chamber of Commerce present gave some interesting and instructive talks.

J. E. Fall, chairman of the Boosters Committee of the Chamber of Commerce, asked cooperation of the club in boosting Fulton and cleaning up the city, including Harris Fork, asking that a committee be appointed to work with the committee of the Chamber of Commerce in this connection. This was turned over to the community department of the club for handling. Mr. Fall also spoke of the probability of a hospital for Fulton, soliciting cooperation of the women of Fulton when called on.

J. D. Davis, secretary, spoke in the interest of the crippled children of Kentucky, stating that there were 12,000 crippled children of Fulton and urged their parents to take them to the free clinic to be conducted in Paducah in the near future. He also stated that Mr. Manchester would be in Fulton to speak in the interest of the Boy Scouts, requesting that all attend this meeting and learn more about what Boy Scouts are doing, and what this means to the boys of the country.

President Shankle of the Chamber of Commerce was then called on. He asked the ladies to use their influence in getting their husbands out to the meeting of the Chamber of Commerce. He assured the ladies that as long as he was president that he would gladly grant their wishes when made known, if in his power to grant.

Reports of several committees were then heard. The building committee reporting \$342.00 on hand for new club home. The Woman's Club is to have a community store during the week of April 6. Committees appointed to handle plans to conclusion. This is to be a general store with all new goods.

The following officers were elected for the ensuing year, 1925-26: Second Vice-President, Mrs. Lehman Browder; Fourth Vice-President, Mrs. Ernest Fall; Recording Secretary, Mrs. Jake Huddleston; Auditor, Mrs. John Culver.

The meeting was then turned over to the community service department who had charge of the program. Mrs. Nichols, chairman, made a very interesting talk on what community service means. The following members outlined duties and requirements of our city officials: Mrs. Joe Browder, Mayor; Mrs. Pomp Binford, City Council; Mrs. Walter Willingham, Board of Education; Mrs. John Strange, City Judge; Mrs. Robt. Stilley, City Attorney; Mrs. Lynn Taylor, Tax Collector; Mrs. Ren Belaw, City Police; Mrs. Sam Bennett, City Clerk. After the program the club was served with sweet cream ice cream, the compliments of Culver Ice Cream Co.

BERLIN CHARGES INFRINGEMENT

Song Writer Names Hickman Theater Owners Defendants

Mrs. John Wright and Mitchell Wright, proprietors of the Rex theater at Hickman, Ky., are named defendants in a suit filed in the federal district court here by Snethen and Summers, of Indianapolis, counsel for Irving Berlin, song writer.

The suit alleges copyright infringement on Berlin's song, "What'll I Do?" and asks damages of not less than \$250 and an injunction restraining the defendants from further use of the copyrighted material.

The suit does not set out in particular the alleged infringement, but it is understood the defendants have written a parody using the music of "What'll I Do?" the words and music of which were composed by Berlin.

FULL TIME HEALTH WORK TO CONTINUE

(Hickman Courier)

Fulton County's Full Time Health Service will continue, according to a decision made on Tuesday morning by the Fulton County Fiscal Court. This is one of the most important things in the county and when this question comes before the court, the people turn out to see the outcome. The courtroom Tuesday morning was well filled.

The county puts up a certain amount for this work, then State aid is rendered, which enables the county to maintain the full time work.

The county does not have a nurse just now, as Mrs. Anna Sims resigned some ten days ago, but a nurse will be employed at an early date to take up her work.

The work reaches the humblest and poorest homes, every school in the county, and is a great public benefactor.

ROADS ARE BETTER

Farmers and autoists report that the roads leading out of Fulton are fast becoming better, and allowing much more satisfactory travel for all concerned.

This condition is due solely to the weather and not to any work that has been done on the roads, and the two classes of road users should not rest satisfied with the conditions, which depend entirely on the weather, and not, as said above to the real construction of the highways. Now is the time for everyone to assist the Road Committee of the Chamber of Commerce and those who are working for better roadways, by coming forward with offers of aid, both financially and by talking good roads on every occasion.

HONOR THE BRIDE

The members of the Neighborhood Sewing club honored one of the members, Mrs. G. H. Dickey, a recent bride with a shower luncheon, Thursday, at the home of Mrs. Vodie Hardin. Covers were laid for nine and a four course luncheon was graciously served. The decorations for the occasion were in yellow and white, being carried out in the ice course.

The bride was requested to look upon the Mantel Shelf for Gift No. 1, and so on until she had found all her many beautiful and useful gifts presented to her by the members. After the luncheon, contests were enjoyed during the afternoon.

The bride never looked more charming than on this occasion. She wore a gown of navy blue crepe.

All declared Mrs. Hardin a charming hostess, assisted by the club members.

CRIME REVEL GOES ON IN MEMPHIS

Safe Cracking, Holdup and
Auto Thefts Continue

Life in Memphis for the last seven days, says the Commercial-Appeal, has been just one safe-cracking, stickup, and automobile theft after another—probably the worst series of daring crime in a one-week period in the annals of the police department.

It has been the third wave of banditry this year—and the most serious.

Probably a score of motorists have been held up at the point of pistols by masked highwaymen since last Saturday night, and robbed of automobiles, cash and jewelry. Fifteen cars may be included among these thefts, a dozen of which have been recovered.

Yeggmen have cracked three safes, obtaining more than \$1,100 in currency, while a fourth safe literally was trundled out of a store and looted in a vacant lot. Dinstuhl's, 1119 Union Avenue, yielded the most profitable haul—\$900. In one robbery, a Piggy Wiggly store at 788 Madison Avenue, the robbers carried a rope ladder as an important part of their paraphernalia.

There has been no limit to the dare-devilry of the bandits. In broad daylight, last Sunday, W. N. Keathley, 50, a levee contractor, was taken beyond the city limits in a taxicab, beaten up, robbed of watch, ring and money, and then dumped out and left by the roadside.

While police have arrested

suspects for investigation and obtained two confessions this week, their activities have failed to decrease the violence to any material extent.

The automobile theft bureau, Inspector Joseph Bishop, commanding, has recovered 164 out of 178 cars stolen since last Jan. 1, and sent 15 men to the Tennessee penitentiary—and yet there has been no appreciable abatement of this particular crime.

DARK POOL OFFICIALS DEFENDANTS IN DUFFY'S \$50,000 DAMAGE SUIT

Hopkinsville, Ky.—The \$50,000 damage suit of John C. Duffy, Hopkinsville attorney, against three officials of the Dark Tobacco Growers' Cooperative Association, charged with conspiracy to have the plaintiff arrested and prosecuted for the alleged offense of maliciously spreading false reports concerning the finances and management of the pool, began March 6 in the Christian circuit court.

The defendants are R. E. Cooper, general manager of the organization; R. D. Farmer, secretary-treasurer and R. J. McDaniel, director. The suit is the aftermath of speech made by Duffy at the courthouse, March 3, 1924, criticising the management of the pool and proposing suits to bring about its dissolution.

Duffy was the first witness. He said he was importuned by members of the pool to call and address the meeting; that his investigation showed extravagance and mismanagement on the part of some of the officials, that warehouse property had been purchased at twice its value.

He denied malice against any official and admitted he might have said some harsh things under heckling. He told of being arrested, the refusal of two grand juries to indict him and the dismissal of his case at the June term of circuit court.

Interesting Meeting.

Tobacco Growers from Five Counties Elect Advisory Council.

A meeting which promises to result in much good for the members of the Dark Tobacco Growers' Cooperative Association was held in Fulton at the City Hall March 5th, with Robert L. Hill, field service man of the Western district presiding.

After calling the meeting to order Mr. Hill gave an interesting talk and recited some instances where members had been disloyal to the Association, and the results which followed. Mr. Hill is a very forcible speaker and instructed the members in a plain, straightforward way as to their duty to the organization. "The Association cannot be any stronger than the average membership," said the speaker. "We want members to feel perfectly at liberty to ask for any information desired." Several questions were asked, and in a clear-cut manner answered to the satisfaction of the questioner. Perfect harmony prevailed throughout the meeting.

After Mr. Hill finished his preliminary remarks the members elected the following Advisory Council:

For Obion County—Luther Allen and Bob Cathey.

For Fulton County—E. A. Thompson, Ed Gates and Charlie McMurry.

For Weakley County—Lewis Burke and Charlie Taylor.

For Graves County—George Givens and Arthur Williams.

For Hickman County—W. T. Pillow and Ernest Bennett.

Fulton is the central delivery point for a number of the members of the Association in the above counties. Members from each county were present at the

meeting. The sixty-eight growers who attended the meeting on Thursday pledged themselves to be loyal to the Association, to deliver their crops as soon as possible in order to help the sales department in meeting sales contracts, and to be on the alert for "dumpers."

The object of the Advisory Council is to keep in close touch with the members of the district so when a complaint or a suggestion is made to improve the Association they can take it up with the District directors at the monthly meetings to be held at the City Hall in Fulton on the first Thursday after Monday in each month, at 10 a. m. There will be no speech making at said meetings, but a round table conference where discussions for the good of the Association will be indulged in.

The same plans are being perfected throughout the entire district in order to secure ways and means of improving the Association, so if a member has anything worth while that he thinks will be of interest, tell it to a member of the Advisory Council and he will take it up with the directors. Each individual member has as much voice in making the Association 100 per cent perfect as another. If there is any information desired or anything a member fails to understand, ask about it. Any official of the Association will gladly enlighten you. Always rest assured, so long as you are loyal to the Association, the Association will be loyal to you. If your neighbor is not a member, get him to sign up.

Some Will Be Unlucky.

What is the Chamber of Commerce?

The Chamber of Commerce is the voice of the city. It reflects the ideals of the community.

It expresses the aspirations of the people.

It gives direction to the aims of the Citizenship.

It combines the efforts of those who think in terms of helpfulness.

It reduces unorganized elements to an organized unit.

It speaks in defense of the good name of the city.

It defends the city against the trader.

It is the spotlight that reveals activities that are worthy.

It pleads in behalf of the voiceless.

It is the center of worth while enterprise.

It is the magnet that draws the outside world to your midst.

It is the clearing house of civic pride.

It is the power house of progress.

It is a composite picture of a city as its citizenship would have it.

THE DAHLIA

No Flower Garden is Complete Without It. Easy to Grow

The Decorative Dahlia is the pride of all Dahlias, standing out pre-eminently. In the garden the plants are strong, sturdy, vigorous growers, with heavy, dark green foliage, and a remarkable constitution. The blossoms are produced in great profusion, which is exceptional for a type of giant flowering Dahlias. For cut-flower purposes they are unsurpassed, having long, straight stems of wiry stiffness and producing their flowers in a pleasing upright manner; then principally their lasting qualities when cut they are unequaled, lasting longer than any of the other types. As an exhibition flower the Decorative Dahlia is the most gigantic of all Dahlias, blossoms having beauty, substance, quality—all essential characteristics of a true "Model of Perfection." As a decorative flower they are first in every respect; being graceful, adapted to designs, and most artistic.

No flower garden is complete without Dahlias. But all Dahlias are not alike, there are a number of varieties. It is just as easy to grow the best varieties as the ordinary kind.

MILKMAN'S ALIBI

A milkman was charged with selling milk that had been watered. "What have you to say in your defense?" asked the magistrate.

"Well, your honor," answered the man, "the only explanation I can offer is that the cow was left outside in the meadow all night, and as it rained hard she must have got wet through."

Can't Be Beat

"You say he's the laziest man in Tumbleville?"

"Yup. He's so lazy that every mornin' before he gets up he sends one of his boys down to the store to see what the loafers are arguin' about. If they ain't discoursin' on something he wants to argue about he don't get up."

COLONEL FECHET TO SUCCEED MITCHELL

GENERAL MITCHELL WILL REVERT TO HIS OWN RANK OF COLONEL

MITCHELL ISSUES STATEMENT

Weeks' Appointee Rose From Ranks And Now Commands Kelly Field Flying School

Washington—Brig. Gen. William Mitchell, center of the recent controversy, over air power, will be succeeded as assistant chief of the army air service by Lieut. Col. James E. Fechet on March 27, when his term of office expires.

The assignment, bearing out expectations that such a change would be effected, carried with it the rank of brigadier general, will cause General Mitchell to revert to his rank of colonel after that date.

Commenting on the appointment at Norfolk, Va., where he had gone to witness an anti-aircraft gun demonstration near Fort Monro, arranged by the war department as an outgrowth of the aircraft controversy, General Mitchell asserted: "He is a good man; I shall abide by the department's orders."

Immediately after the nomination had been announced, General Mitchell's office here made public a statement he had prepared in advance, regarding his position with respect to control of the government's air services and other points on which he has been in open disagreement with superiors.

The war secretary's statement, announcing that he had recommended Lieutenant Colonel Fechet for the appointment to the position, which was regarded as practically the same thing as an actual order of assignment, although senate confirmation is required, made no other comment regarding the change, beyond saying that General Mitchell's future assignment had not been determined.

Lieutenant Colonel Fechet, like General Mitchell, rose from the ranks. He served many years in the cavalry before he was transferred to the aviation service of the signal corps in 1917 after the outbreak of the world war, when he became a qualified pilot. He is now in command of the air service advance flying school, Kelly Field, Texas.

He has not indicated his position in regard to the controversy over the proposal for a unified air force, distinct from both army and navy, which General Mitchell championed vigorously both in the published articles and during his recent frequent appearances before the special house aircraft committee.

In the statement issued at his office, General Mitchell said he would continue his campaign for a unified air service. The question of his own assignment, he felt, was unimportant.

The selection is said to have the approval of Major General Mason M. Patrick, air service chief, and to be satisfactory to Major General John L. Hines, chief of staff, and other high officers of the general staff. It is assumed that those officers feel confident that Lieutenant Colonel Fechet, in his new capacity, will be prepared to co-operate with the war department in carrying out its policies. It can be said, however, that Mr. Weeks does not know and has not sought to find out what Lieutenant Colonel Fechet thinks about the controversy.

Mr. Weeks refused to indicate what his future action regarding General Mitchell might be. The question of General Mitchell's assignment for duty will not come up until the time for his replacement by Lieutenant Colonel Fechet arrives, and the war department apparently is in no hurry about reaching its decision. As a rule, officers of high rank are consulted as to their desires in this respect, and their wishes are met as far as possible assignments. There is nothing to indicate that the same course will not be followed in General Mitchell's case.

Presbyterian Church Gets \$450,000 Gift
Wilmington, N. C.—A legacy of approximately \$450,000, left to the First Presbyterian church of this city by the late Dr. James Sprunt, has been announced at that church by the pastor, Rev. Dr. A. D. P. Gilmour. The bequest is divided into two divisions, payable in \$10,000 installments over a period of twenty years. One is to be used for such benevolent purposes as the officials of the church may approve, while the second is to go for the support of the Kiangyin mission station in China.

Relief Workers Busy With Strikers
Sydney, N. S.—Relief workers were busy over the weekend among the families of the twelve thousand miners of district 26, United Mine Workers of America, who went on strike recently. A central food depot has been established at Glace Bay and two soup kitchens are being maintained for the children. Almost a thousand members of the miners' families have been fed daily at these stations. There was no change in the strike situation at last report, according to labor representatives.

Kentucky Briefs

was one of the most important deals made for some time.

Sehree—The 10-room hotel and boarding house of Mrs. Helen Miller was destroyed by fire.

Shepherdsville—The district girls' basketball championship was won here by the girls of the Memorial Consolidated Graded High School.

Versailles—With a force of sixty men employed, the United Phosphate & Chemical Company of this city resumed operations after being closed down for eleven months.

Pineville—Judge T. J. Asher, one of the pioneer residents of Bell County, and Mrs. Asher, celebrated their fifty-fifth wedding anniversary at their home at Waslo.

Bowling Green—Miss Ruth Howell, former saleswoman in the Scott-Spillman store here, received a serious gunshot wound when a pistol was accidentally discharged.

Frankfort—Gov. W. J. Fields designated Judge J. F. Bailey to preside as special judge of the Pike Circuit Court, Wednesday, to try certain cases in which Judge J. E. Childers is disqualified.

Morehead—The cases of Alonzo McKenzie, charged with killing Anderson Alfrey, and that of Melvin Smeed, charged with the slaying of App Perry, were continued in the Circuit Court here until the June term.

Frankfort—The Sentinel Fire Insurance Company, Springfield, Mass., has been granted a permit to do business in Kentucky, by Sheldon M. Sautley, Insurance Commissioner. The firm's capital stock is \$500,000.

Whitesburg—A. F. Parsons and others of Huntington, W. Va., have purchased plants of the Nagala-Elkhorn Coal Co., at Parsons and Whitesburg, in the Elkhorn coal fields of Letcher-co. and will take them over at once.

Beattyville—William Combs was fined \$100 and given thirty days in jail and required to execute a peace bond for \$1000 for having in his possession for sale Jamaica ginger. This is the third person that has been given similar sentences for selling "Jake."

Bowling Green—Roy Wilson, 25, local barber, was arrested by Patrolman E. J. Waddle, charged with forging a \$50 note on a local bank. The names of King and Sparks, local barbers, by whom Wilson was formerly employed, were signed as sureties on the note.

Frankfort—Articles of Incorporation for the Nelson County Building & Loan Association, Bardonia, were approved by Charles E. Marvin, State Banking Commissioner. Incorporated as of the firm, capitalized at \$500,000, are A. C. Wilson, Henry L. Muir and B. P. Grigsby.

Hickman—Hickman's street bulldozing has been resumed by the Bridges Construction Company, which took this contract late last summer. The work had to be discontinued last December when the weather became so bad, but will be pushed to completion now and should be completed within a short time.

Hopkinsville—Christian County will shortly disburse with the services of the County Agriculture Agent and also the Home Demonstration Agent as a result of an order adopted by the Fiscal Court disallowing any appropriation for the Farm Bureau. Lack of funds is the reason given by the court for the action.

Lexington—Plans are definitely under way for a gigantic celebration here in June for the dual purpose of observing adequately the 150th anniversary of the naming of Lexington by two hunters from Harrodsburg, who had just learned of the historic battle of Lexington, and in honor of the 100th anniversary of the visit of Lafayette to Lexington, where he attended a celebration at Transylvania College.

Pineville—A prank planned by a group of boys ranging in age from 9 to 12 years, almost came to a tragic ending when Bertram Combs, son of Dr. Mason Combs, Pineville physician, was shot and seriously wounded by Danny Hoskins, young son of Police Judge Dan Hoskins. A 20-gauge shotgun shell, thought to have been loaded with fat to "sting" young Combs, was found to have been loaded with bird shot and as a result the boy is in a serious condition at the Wilson Hospital here.

Whitesburg—Alleged laxity in the enforcement of the trunk laws was deplored in a resolution adopted at a meeting of the Business Men's Club in the Letcher State Bank building.

Paris—A small negro boy pleaded his own case before acting County Judge Frank P. Lowry and won. He admitted stealing a basket of potatoes, but said he did not think it was wrong and promised to "be good." Judge Lowry dismissed him after telling him: "If it is a sin to steal a pig, it is greater to steal a 'tater."

PERRY SHERIFF OUSTED BY FIELDS

ATTORNEYS FOR HOLLIDAY WILL TAKE CASE TO THE COURT OF APPEALS

Order of Governor Gives Detailed Review of Charges Against Official—Gambling Held Proved.

Frankfort—Under an order and judgment entered Governor W. J. Fields removed Tolbert Holliday from the office of sheriff of Perry County and declared the office vacant. The order and judgment will not be effective pending an appeal from the decision of the governor to the Court of Appeals.

At the close of the ouster trial when Governor Fields announced the he would remove Holliday from office for neglect of duty, attorneys for the defense signified their intention of appealing from the ruling of the governor to the Court of Appeals. Under the ouster law Holliday has ten days in which to file his appeal with the Appellate Court.

In his order and judgment the governor set out eleven grounds, proved by the evidence, for finding Holliday guilty of neglect of official duty. They follow:

That Holliday engaged in games of chance with his deputies, the circuit judge of the district and others, and that as sheriff he failed to perform the duties of his office in arresting persons so engaged in such games.

That at such games of chance liquor was furnished and sold in violation of law and that Holliday, as sheriff, failed to arrest the persons engaged in the illicit traffic and sale.

That Holliday furnished deputy sheriffs to coat corporations for which he received pay from the corporations.

That Holliday permitted his deputy sheriffs to operate gambling games and to engage in the sale of liquor in violation of the prohibition laws.

That Holliday retained in his employ a deputy sheriff, McKinley Combs, who committed the crime of rape upon a 15-year-old girl, and that the crime was compounded and compromised by the payment of \$500.

That Holliday retained in his employ a deputy sheriff, Bob Wooten, who "sold his influence" to Jim Sandafer, whose son was under indictment in Perry County for murder.

That Holliday continued Bob Wooten in office as a deputy sheriff although he was aware of the fact that the deputy engaged in gambling games.

That gambling, assignation houses and places for the illicit sale of whiskey were operated at numerous places within the town of Hazard with the knowledge of Holliday and his deputies.

That Holliday, while in a drunken condition, assaulted a young boy, 20 years of age, who is a helpless paralytic.

That Holliday was boisterous upon the streets of Hazard and used profane and vulgar language in the presence of various citizens of the town.

TEXAS LEAGUE MAKES HAUL

Jay Kirk, Old Warhorse Elated At Call To Play For Texas Champs.

Louisville—Jayson Kirke, a noble old warhorse of baseball, and one of the game's greatest natural hitters, left Louisville to join the Fort Worth team of the Texas League. The stop down to Class A baseball after thirteen years of pasturing in faster company would depress, momentarily, most ball players, but in the case of Jay, instead of being bruised even the tiniest bit, he is downright elated. His delight is two-fold. First, he causes his contract with Fort Worth to enrich him more than any he ever received in the eleven years that he has spent in Class AA baseball. Second, because Jakey Atz, long a buddy, and for four winter seasons a teammate of Jay's is the boss of the Fort Worth Club.

White Way Plan in Warren Heard

Bowling Green—A movement was started for a white way from the Public Square, Main and College Streets, to the foot bridge, First and College, and from College and Fourth to the new Louisville & Nashville Railroad passenger station, Kentucky and Fourth Streets, at a meeting of the Bowling Green Kiwanis Club here.

Fish & Game Association Organized

Mt. Sterling—Fifty sportsmen and citizens organized the Montgomery Game and Fish Protective Association, electing George R. Snyder, president and Joe Evans, secretary. The association will stock the streams and lands with quail and fish.

Letcher County Coal Deal Made

Whitesburg—A. F. Parsons and associates of Huntington, W. Va., have purchased the mining plants of the Nagala-Elkhorn Coal Company at Whitesburg and Parsons, above here in the Elkhorn coal fields of Letcher County. While the consideration is reported to have been large, it has not been made public. It is said some improvements will be made in both plants. Mr. Parsons installed the later plant eight years ago, selling it to the Nagala-Elkhorn company.

DEMOCRATS AGREE UPON PARTY PARLEY

SMITH AND McADOO LEADERS ARE UNITED IN THEIR COMMENDATION

CHAIRMAN IN FAVOR OF IDEA

Proposal Made in Letter Of Franklin Roosevelt To Senator Walsh, Who Gives Approval

Washington—Leaders of the two dominant factions in the Democratic party—representing Gov. Al Smith and William G. McAdoo—have joined in recommending that a party conference be called this spring to be attended by representative Democrats from each state.

This proposal was made in an exchange of letters between Franklin D. Roosevelt, who managed the Smith campaign at the national convention, and Senator Thom J. Walsh of Montana, who was permanent chairman of the convention and one of the leaders in the McAdoo movement.

Roosevelt sent a copy of his letter to Clem L. Shaver, chairman of the Democratic national committee. This letter was dated February 23, eight days before Shaver had indicated the idea of a conference in a statement issued here.

"On the subject of a conference of Democrats," Shaver said at that time, "I am favorable to the broad idea and hope that I may find it propitious to call such a meeting at some time and place which may be agreed upon after consultation with leaders of the party."

The proposed conference would be held at some central point in the Middle West, probably Chicago or St. Louis.

Chairman Shaver, when reached at his home in Fairmont, W. Va., said he would be in Washington soon, when he might issue a statement. His earlier endorsement of the conference idea stands, he said, but no time or place has been decided upon.

William G. McAdoo was here the other day and conferred with a number of Democratic senators. He denied that he was here on political matters, but it is presumed that the question of a conference was discussed informally.

Candidacies and personalities would be prohibited in the discussions. The gathering would be in the nature of a peace conference to heal the wounds of Madison Square Garden, and to consider issues and methods of placing the cause of the Democratic party before the country again in anticipation of the congressional fight next year.

Primarily, the purpose at this time is to forget presidential politics and build up a cohesive, aggressive organization in the hope of recapturing control of congress. Party leaders are agreed that only by a demonstration of vitality in the off-year elections can the foundation for a real presidential fight in 1928 be established.

Without criticizing the present management of the national committee, Roosevelt said that the national committee should function actively at all times and not merely in presidential years, that it should be put on a continuing and businesslike financial basis, that publicity for dissemination of fundamental party policy should be greatly extended, and that party leaders should meet frequently for an exchange of views.

Roosevelt said he had written to every delegate at the last convention and that replies from every state expressed a desire for a general conference.

Bartow Produces People of Note
Taylorsville, Ga.—No one small county in Georgia can boast of more noted names than Bartow. There was Sam Jones, the world-famous evangelist, who for many years lived in Cartersville and whose widow still makes her home there giving herself and money to her church and community. Mrs. Rebecca Felton, who, in spite of nearing ninety years of age, can be seen on pretty days driving about Cartersville in her buggy alone. Her pen is still active.

Funeral Rites Held For Ex-Senator
New York—Funeral services were held for William A. Clark, former United States senator from Montana and copper magnate, in the main art gallery of his Fifth avenue mansion. Burial was in the family mausoleum of Woodlawn cemetery. A large wreath of orchids and lilies of the valley was sent by President Coolidge. The services of the Episcopal ritual were conducted by the Rev. Dr. Ernest M. Stires, rector of St. Thomas church, formerly of Augusta, Ga., in the presence of 300 relatives.

Condition Of Sun Yat Sen Serious
Peking, China—The condition of Dr. Sun Yat Sen, South China leader, who has been critically ill here for several weeks following an operation, remains unchanged, except for an abdominal flooding.

Car Overturns; One Killed; 2 Hurt
Saverville, Tenn.—Sam Davis was instantly killed and Don Helton and Herman Love seriously injured near here when the car in which they were riding overturned and pinned them beneath.

The Warner Blackbirds met
Monday at the Southern hotel
with Mesdames Hoyt Moore
and Claud Freeman as hostess-
es. The meeting was called to
order by the president, Mrs. J.
C. Scruggs and opened with
prayer. During the business
session the minutes were read
and roll called; also reports
from all the officers. Mrs.
Will Whitnell, leader for the
afternoon presented the Bible
study in a very interesting way.
Subject on "Stewardship."
Mrs. Stokes gave report on an-
nual convention. There were
thirty regular members pres-
ent, and one new member. The
meeting closed with prayer.
During the social hour an ice
course was served—and ad-
journing to meet in two weeks
with Mesdames Gingles and
Seay.

The Kate Luten Circle met
with Mrs. F. M. Barrett on
West street Monday. Mrs. Mor-
ris had charge of devotions.
Mrs. Windsor gave talk on
"World Sisterhood." Mrs. W.
R. Butt gave a letter from Man-
churia and report on the bulle-
tin. Refreshments were served
by the hostess during the so-
cial hour.

Louise and Robert Binford
are recovering from the flu at
their home on Fourth street.

Mr. and Mrs. W. W. Morris
have returned from an extend-
ed trip in Texas.

Miss Addie Peoples has re-
turned to Fulton after a visit
in Paris and Paducah. She will
visit relatives and friends here.

Mrs. Ira D. Seay is ill with
flu at the home of Mrs. Hardin
on Fourth street.

Mr. and Mrs. G. H. Dickey
have returned from New Or-
leans and will be here for sev-
eral months.

Mr. Sterling Bennett is re-
covering from a week's illness.

Mr. and Mrs. Roy Brady and
daughter, Martha spent last
week end in Dyersburg.

Mr. and Mrs. I. H. Dobins
and Mrs. Henry Alexander
spent week end in Bardwell.

Mr. and Mrs. W. R. Glass of
Martin are visiting Mrs. Mal-
com Chambers and other rela-
tives in the city.

The senior Epworth League
met at its usual hour last Sun-
day evening and owing to the
absence of the leader for the
hour, the service was turned
into a song and prayer serv-
ice led by Mrs. J. V. Free-
man.

Band Concert at Grand.

On March 19th, at 8 o'clock,
Band No. 45 of Fulton, Ky., will
give a concert at the Grand The-
atre. The proceeds of this con-
cert will be used to buy uni-
forms. The band has been work-
ing on several new numbers and
promises to give the people of
Fulton something entirely new.
The band is steadily increasing
in numbers and Bandmaster Se-
bra Evans promises to have out
about 30 musicians.

**CHAMBER OF COMMERCE**
(Continued from page 1)

away.
Walter Butt told of the work
of the Freight Rate Committee,
and how it had already saved
the merchants of Fulton hun-
dreds of dollars on freight, and
assured the meeting that there
would be more reductions in the
future.

Tom Chapman of the Pub-
licity Committee promised that
Fulton would be thoroughly
and widely advertised.

Mr. R. H. Martin, represent-
ing the Commercial-Apper, made
a short talk explaining the
features of a special edition of
that paper which is to adver-
tise western Kentucky and
Tennessee, and the Publicity
Committee was instructed to
go into the plan with him, and
to report later.

The President then appoint-
ed the following standing com-
mittees: Agricultural, Joe
Browder, chairman; Entertain-
ment, H. H. Murphy, chair-
man; Freight Rates, W. R.
Butt, chairman; Publicity T. H.
Chapman, chairman; Roads,
Joe Browder, chairman; Hospi-
tal, chair to be elected by
committee members; Finance,
N. G. Cooke, chairman; Indus-
trial, G. G. Bard, chairman;
Harris Fork Creek, Lon Pickle,
chairman; Booster, J. E. Fall,
chairman; Civic, R. S. Williams
chairman.

A communication was read
from the Courier-Journal ad-
vising that the State-wide spell-
ing bee was about over and
that the candidates from Ful-
ton county should report at
Louisville on April 22, and as
the Fulton Chamber of Com-
merce had already gone on re-
cord as standing sponsor for the
expenses of one of the candi-
dates, that as soon as the coun-
ty school superintendent had
designated the winner, the
Chamber should make arrange-
ments accordingly. The Hick-
man Commercial club will fi-
nance the other candidate.

Rev. C. H. Warren asked
that the Chamber go on record
as favoring a movement urging
the citizens of Fulton to attend
church more regularly, and a
motion to this effect was unan-
imously carried.

Chairman Murphy of the En-
tertainment Committee then
took charge of the meeting and
introduced Mrs. O. J. Sowell,
who gave three readings were
received with great pleasure
and applause. Rev. Sowell
followed with a talk on "What
a Dollar Will Buy," and told
graphically how a dollar was
either a curse or a boon, ac-
cording to how it was used.

Brother Freeman made a
short spontaneous talk on good
citizens and the relation of all
to the church and their neigh-
bors.

Ice cream and cigars were
then served and during this
period a number of short talks
were made on various subjects.

President Shankle in closing
the meeting thanked the mem-
bers for their evident interest
in the work and urged them to
attend every meeting in the fu-
ture and to bring other mem-
bers with them, promising that
the future meetings would be
even more interesting than the
present one.

**CHUMBLER AND DICKEY
WEDDING**

The wedding of Miss Mayme
Chumbler and Mr. G. H. Dickey
on Thursday, March 5, came
as quite a surprise to their
many friends. The wedding
took place at the home of the
bride with only the immediate
families present. Rev. J. V.
Freeman officiating. Miss
Chumbler is well known in
Fulton, having resided here all
her life, and has a host of
friends here. Mr. Dickey, of
Milan, is also well known here
and many friends wish them
all kinds of happiness. The
couple left immediately for
New Orleans and other places
of interest in the south.

Cigar Factory News

Miss Davis is spending the
week end in Martin with home
folks.

Mr. and Mrs. Adams and
daughter, Hazel Marie of Clin-
ton spent the week end here as
a guest of Mrs. Ruth Easley.

Joel Thompson certainly had
a spell of the weary blues Sat-
urday. Were you afraid you'd
be lonesome Sunday, Joel?

We have had three weddings
of much interest since last writ-
ing, they are Miss Irene Eiam
to Bun Looney, of New Mexi-
co; Miss Essie Browner to
John Powell of Illinois; Miss
Eroh Holderfield to Carlton
Harrison of St. Louis. We cer-
tainly are sorry to lose these
girls but all join in wishing
them much happiness and suc-
cess in their new homes.

Miss Davis and Joel Thomp-
son attended a dance in Clin-
ton Friday night.

Mrs. Violet Abernathy spent
the week end with her daugh-
ter in Paducah.

Miss Eva Mae Jones was ab-
sent Saturday on account of the
illness of her mother.

Mr. McGinnis had a spring
cleaning on him last week and
moved things around. Moved
his desk to center of rolling
room. We wonder what the at-
traction can be in the back
part now.

Billie, little son of Mrs. Nell
Williams, spent Sunday in
Mounds, Ill., as guest of his
aunt.

Miss Louise Murry was ab-
sent last week on account of
sickness.

Mrs. Ruth Easley moved this
week from Second street to
Norman street.

Miss Elzora Wortz who was
one of our instructors for a
while, is in Paducah now.

Some of our girls and boys
who are interested in our col-
umn, bring the correspondent
an item now and then and it
will be highly appreciated.

Sunday was a lovely day and
everyone took advantage of it.
Those who have cars especially
enjoyed it as it was an ideal
day for motoring.

Miss Ruth Underwood is
wearing a smile continually
now. Say, Ruth, read the good
news—there's no fun smiling
alone.

Mr. McGinnis was seen out
riding Sunday afternoon, with
one of the fair sex and he told
me he never spent his leisure
time with them, we don't want
to lose confidence in him, but
—?

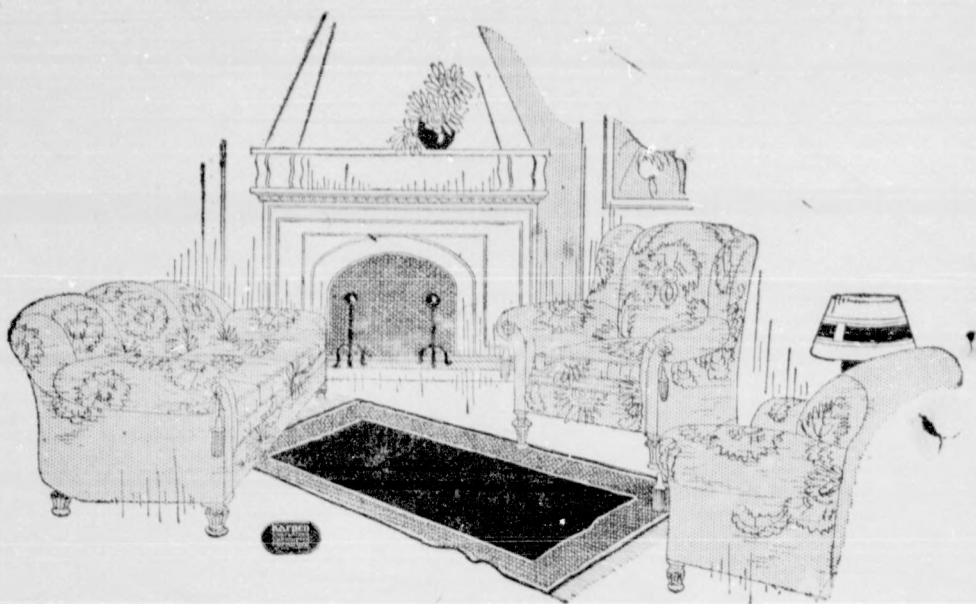

Misses Louise Murry and
Beulah Palmer spent Sunday in
Paducah.

**"SIX DAYS" MAKES SMASH-
ING PICTURE**

Goldwyn Gives the Elinor Glyn
Story a Noteworthy Cast
Headed by Corinne Griffith
and Frank Mayo.

One of the outstanding pro-
ductions of the present season
is Goldwyn's production of
"Six Days," an original screen
story written by the famous
English novelist, Elinor Glyn,
author of "Three Weeks," and
other sensational novels. "Six
Days" will be the attraction at
the Orpheum Theater for two
days, March 16 and 17. The
story has been directed for
Goldwyn by Charles Brabin,
the man responsible for "Driv-
en," one of last season's big-
gest successes, and the husband
and director of the famous
Theda Bara. Don't miss see-
ing this splendid picture.
