Swift Plant and OK Laundry Open Series Tonight

TWILIGHT LEAGUE ENDED TUESDAY

After a very successful season in which every person concerned was highly satisfied the Twilight League of Indoor-Outdoor base ball closed Tuesday night with two teams perched on top for a tie for the second half in one of the hottest battles of Twilight history in Fulton.

By defeating Dalton Cleaners Monday night O K Laundry clinched a tie with Swift who had an easy time subduing Fulton Ice Co. (or rather Fats and Leans.)

The play-off for winner of the second half starts Thursday night with Swift and O K Laundry in the first of a five game series to determine the winner of the second half. Play will continue each night until one team win three games.

Due to the fact that the league is about \$35 in the hole an admission of five cents per person will be charged for this five game series.

GAMES LAST WEEK

Last Thursday night saw White Way revived to win from O K by the closest score of the season, 3 to 2. Warner Bros came almost getting beat by the Fats and Leans who are substituting for Fulton Ice Co., when they came from behind in the seventh and won out 12 to 11.

O K WINS OVER DALTON 8 TO 7

Monday night O K Laundry defeated the Dalton Cleaners by the score of 8 to 7 in a very fast and furious game which put O K in a tie with Swift for the league lead.

SWIFT PLANT DEFEATS ICICLES FOR TIE

Swift jumps on the Fulton Ice Co.'s substitute team, the Fats and Leans for an easy victory of 8 to 2 to clinch tie with O K for the League lead.

WHITE WAY DEFEATS K. U. TUESDAY

White Way dimmed the hopes of K. U. Tuesday when they defeated them, by the score of 8 to 7 and knocked them from top of the standing with Swift and O K Laundry. K. U. was tied with these two teams for the league lead.

D-X WINS THEIR THIRD GAME

Diamond D-X again won a game in the Twilight Tuesday when they defeated Warner Bros. in the last game of the season. This marked the third game D-X has won this half.

STOLEN CAR EPIDEMIC HERE

Bailly Huddleston, chief of police here, has hit in much time in the past week to ten days, in an effort to stop a stolen automobile epidemic and incidentally, recover some of the stolen cars. This week he recovered an auto belonging to M. B. Shaw of Mayfield, after finding the car hidden in high weeds near the air ground here.

Edvin Mvrek, who operates the Little White Kitchen on Fourth-st. had his car stolen from in front of his home last Saturday night. It was located this week by Chief Huddleston at a farm house near Paducah, where some good samaritan had pulled it up into his yard until the owner showed up. The farmer said he found the car abandoned on a country road.

Others cars have been reported stolen in this section but no trace has been found of the others as yet.

Mr. and Mrs. Oscar Fortner and their daughter, Betty Jean and Miss Mary Fortner spent the week end with Mr. and Mrs. John Moore at Huntington, Tenn.

Mrs. Marion Daws and daughters, Marie and Martha have returned from Memphis, where they visited relatives.

Mr. Rubin Moore of Huntington, Tenn. spent the week with relatives in Fulton.

Clyde Batts Leads Attack for Union City Over Paris 9-1

Last Sunday Union City gave Paris a return game and again Big Boy Batts, Fulton star, played the lead role. In 4 trips to the plate, Big Boy pounded out a double triple and a terrific homerun to give Union City a 9 to 1 victory. Daniels who played Union City to their 19th victory in 21 starts allowed the Paris nine only 2 hits. Armstrong Webber and Morehead helped greatly in the victory and the fielding of Owens, Morehead and Clark was spectacular.

Union City's other base ball club, the Tigers pounded out a 5 to 3 victory over Mayfield in Union City Sunday. This is the first game the Union City Tigers have engaged in this year and proved very satisfactory for the good crowd that attended.

Sunday Union City face the ever strong Camden Tennessee Vois in a game that should be the greater pitchers battle of the season with Daniel on the mound for Union City. Again Batts will patrol the right field for the Union City nine.

FULTON INDEPENDENTS LOSE TO PADUCAH

Last Sunday afternoon the Paducah base ball club came to Fulton and had a hard time of testing the locals but were disappointed because they coasted to an easy 17 to 1 victory in the worst showing the local club has done this year. Only one regular player was on the field for Fulton and that can't win a game.

Fair Signs Up Al Hasen Show

Bert Newhouse, chairman of concessions for the Fulton County Fair association, announces this week, that the Al C. Hansen Shows have contracted to furnish entertainment and amusement at the fair to be held here Sat. 6-9. This is one of the greatest midway attractions in the country, and will bring seven major rides, ten big shows and fifty concessions to the fair.

So everybody can count on a variety of fun and amusement on the midway this year.

The fair association has striven to make the fair a big one this year, and have been encouraged by the support given them by the people of this section. Inasmuch as this fair is a community project it deserves the patronage of the entire community.

Displays in the agricultural hall, in the livestock and poultry department are expected to surpass some of recent years. A splendid rag program has been arranged with 2 races daily over one of the South's best half-mile tracks.

Free attractions there will be an eye of the association is communicating with some of the best in this line, and next week will announce the free acts.

Invitations have been extended to residents of five counties to participate in the fair here this year. These counties are Fulton, Hickman, Graves, Obion and Weakley.

Cotton, Hog And Wheat Programs In County

The local inspection committee have about finished their work of checking up on the cotton acreage plowed under in Fulton county, under the government's cotton reduction program, and the fact that the cotton was actually destroyed is being certified to Washington as rapidly as possible, so that checks for the growers are expected to come through within a few days. County Agent O. R. Wheeler said today.

A meeting was held at the county agent's office Tuesday night, at which time many of the certificates were signed and forwarded to Washington, but all of them were not completed, as it is necessary for each landowner to secure the signature of all tenants and sharecroppers who plowed up part of their acreage, and it is also necessary for the local committees to certify to the exact acreage plowed up.

Because some of the committees had to chain a good part of their acreage in their districts to be sure that the growers had not plowed up too much or too little this held up final certification of all the 2,200 acres that were pledged to be destroyed in Fulton County, Mr. Wheeler said. However, it was expected that all of Fulton county's acreage would be certified by the end of the week and the first checks may come through by the end of next week.

When they give them they have actually reduced acreage.

Yesterday the government began its campaign to take five million bushels off the market by paying more than the market price for light hogs and for sows about to farrow. The big meat packers will process all the swine thus bought by the government and the meat will be distributed to the needy throughout the country. According to Secretary of Agriculture Wallace it is expected the plan will increase the price of hogs from 25 per cent to 30 percent, as there was a large surplus of fall pigs overhanging the market.

The program calls for the purchase of 4,000,000 pigs weighing from 25 to 100 pounds at 6 to 9 cents a pound, and 1,000,000 sows soon to farrow at the market price plus a straight bonus of \$4. It is estimated the program will cost about \$55,000,000 and will assist corn growers as well as hog raisers. A plan to cut the corn acreage next year is now being formulated, it is said, and also plans are being made to curtail the cotton crops in 1934 and 1935.

CARD OF THANKS

I wish to extend my sincere thanks to all of those who so loyally supported me in my race for sheriff. I feel that I came out of the race with more friends than ever, and I deeply appreciate this, even though I lost. And to those who were unable to support me I can truthfully say I bear no ill-will. It's all in the game. I feel

that I made a good race and I am grateful to the people of Fulton county.

CREAMERY PAYS COMMUNITY DIVIDENDS

Now in its twentieth year of operation and successfully surviving the depression, the community creamery at West Pt. Miss is described as a pioneer in the dairy movement in Mississippi by H. J. Schwietert, general agricultural agent of the Illinois Central System. At the time the creamery was organized with the assistance of the railroad's agricultural experts, the boll weevil had broken many cotton farmers, and cotton was selling at 4 cents a pound. In the tenth month of the creamery's existence production of butter totaled 30,000 pounds. Hundreds have been put through college as the result of the work of the dairy cow, the mother of prosperity, says Mr. Schwietert, and the little creamery is still a going concern.

EXPERIMENT FIELD MEET AT MAYFIELD

Farmers, business men and all other interested persons from the entire purchase region has been invited to inspect the work being done at the soil experiment field near Mayfield on Saturday, Aug. 26. Beginning at 10 o'clock, groups of visitors will be taken over the experimental plots and the work explained to them. In the afternoon S. C. Jones and Russell Hunt of the Experiment Station at Lexington will discuss soil improvement and tobacco curing. Striking in crop yields have been

obtained at the Mayfield experiment field. Using applications of lime and phosphate fertilizers, corn was made to average 46 bushels to the acre for 18 crops, compared to 34 bushels on untreated land. The yield of soybeans hay was raised to 3,340 pounds to the acre in the same way, compared to 2,428 pounds on untreated land. Untreated land produced 950 pounds of mixed hay to the acre while fertilized land yielded 3,780 pounds, an average for 16 crops.

The possibility of getting good bluegrass soiling in three years has been successfully demonstrated. This should be of interest to a region where dairying is assuming importance. Extensive tests were begun this year to compare various types of lespedeza with alfalfa and red clover hay.

WINGS OF A CENTURY

How the railroads revolutionized transportation in the United States is portrayed daily for visitors at Chicago's World's Fair in a pageant entitled, "Wings of a Century," according to the August issue of the Illinois Central Magazine. "It typifies more truthfully and clearly the central of the great exposition," the magazine reports. The pageant is shown on a huge open-air stage for which Lake Michigan serves as a background. Two hundred actors take part, and there are seats for three thousand spectators. An Illinois Central locomotive No. 1401 which hauled suburban trains to and from the Columbian Exposition of 1893, is a feature of the pageant.
