NIGHTRIDERS

Still in the Saddle "The Man With the Hoe" Does Great Damage to the Growers.

Hopkinsville, Ky., June 10.—The work of "night riders" continues. The report comes that a few nights ago about a dozen beds near Jordan Springs were scraped and the plants destroyed. It is estimated that the plants ruined would have been sufficient to set a hundred acres. The farmers who lost their beds were non-association members. Mr. Henry Bard, a non-association member, who resides about a mile over the Tennessee line, near Rose Hill, found a note of warning, which had been placed on his fence, near his front gate. The note was as follows: "Mr. Bard: We will give you ten days to join the association. If you don't, you will have to take what follows." The slip of paper was signed "S. S. S."

The plant bed of Mrs. Sallie Wooley, widow of the late Jesse Wooley about 8 miles west of town, was scraped by vandals Tuesday night and all of her plants destroyed. It is understood that she is not a member of the association. Mrs. Wooley is a poor woman and farmed on a small scale. The destruction of her plants is a serious blow to her.

Early yesterday morning Detectives Moore and Pedigo left for the scene with two bloodhounds to work on the case. The dogs easily picked up the trail and followed it to where the parties mounted horses where it was lost.

The raiders made a grave in the middle of the bed they dug up.

Stock To Be Sold.

Referee E. W. Bagby was in Benton where he heard some evidence in the proceedings where the Benton Mercantile company has been forced into bankruptcy by the creditors. While there the referee selected appraisers who will go over the mammoth stock of the mercantile company and value same. They will report the worth of the goods to the referee who will then issue an order directing that Attorney Cecil Reed, trustee for the bankrupt concern, sell the goods to the highest and best bidder so the properties can be converted into money for distribution between the creditors.

The company is the second largest in Benton and carried a large stock. Mr. Strow being president of the company. He is also at the head of The Model Store.

Former Calloway Citizen.

P. L. Cochran, aged about 25 years, died rather suddenly at Oakton Sunday afternoon, though he had been in bad health for some time. The funeral at Oakton Monday afternoon was conducted by Rev. S. L. Jewell. The deceased came to Oakton from Calloway county some four years ago and was engaged in the saw mill business. He is survived by a wife and four children and a number of other relatives. He left his family \$1000 life insurance. —Clifton Gazette.

State Meeting of Baptists.

Interest all over the state among members of the Baptist church is focusing on the convention of the General Baptist association to be held in Mayfield beginning June 24. It promises to be more largely attended than any convention in the history of the church in Kentucky.

One of the most important subjects to come up in this convention will be that of education in the state. The Baptist church is trying to unify its denominational school system in this state and the good progress already made is expected to be given a strong impulse in this convention. The schools generally are flourishing and it is desired to coordinate them into a connected whole.

On Monday and Tuesday, June 24 and 25, the State Preachers' association of the Baptist church will hold a session in Mayfield. This will be preliminary to the church convention and things peculiarly interesting to preachers will be discussed. Set programs are being arranged for both conventions, to be issued in the next ten days. Mayfield will be taxed to accommodate the attendance.

Church-Rowlett

On Wednesday June 13, at 1:30 o'clock p. m., Miss Ruth Rowlett of this city and Dr. R. M. M. Church of Columbia, Tenn., will be united in marriage at the home of T. V. Rowlett on Institute street. Rev. Cleath Brooks will pronounce the ceremony. Miss Maud Church of Columbia, and Mr. R. A. Barnes of Nashville, Tenn., will attend the marriage. They will leave on the 3:34 train for Nashville and other southern points and will be at home in Columbia, Tenn., after July 1st. Mr. Church is one of the best families of middle Tennessee and is quite a promising young physician. Miss Ruth is one of our brightest and purest young ladies and the young physician is to be congratulated on his choice of so lovely a companion.

Weather Promised For June.

As it is really June many hope that the "backbone of the winter is broken." Hicks the noted forecaster who hit off May right to a dot says that June is to be one of the stormiest of recent years, and even more freakish than May or April—"phenomenal perturbations will reach some sort of crisis in earth and sky," is the way he puts it.

The first storm period will extend from the 2nd to the 7th, beginning with marked rise of temperature and falling barometer and culminating in severe thunderstorms, cloudbursts hail and possibly tornadoes.

There is another storm period on the 9th, 10th, and 11th; excessive warmth, extreme humidity and violent thunder and wind storms will characterize this period, according to Hicks.

From the 15th to the 18th will be one of the most "decisive turmoil" seasons of the whole month; low barometer, humidity and excessive heat will be followed by violent and dangerous lightning storms, in which the destructive winds will reverse all their usual directions and blow from anywhere to everywhere.

The next storms will occur about the 22nd and resemble those just mentioned, excepting that there will be local rain deluges in widely separated sections and wind vortices of great destructiveness.

The last of the June storms will occur about the 27th, during which there will be heavy rain, wind and thunder daily for three or four days. Tardis June right through, Hicks says there are to be unusual volcanic disturbances, sun spots, auroral displays and all sorts of freakish magnetic earth occurrences that sailors especially had better pay attention to.

Pleads With Governor.

Guthrie, Oklahoma, June 10.—Mrs. R. Hollowell, the handsome wife of Senator Hollowell, of Kentucky, plead with the governor today not to honor the requisition for herself and husband to return to Paducah, Ky., as witnesses against the tobacco night riders, who, it is said, tied her husband to a stake and whipped him, and also shot her.

The above telegram doubtless refers to the Caldwell county case of several weeks ago, though Mr. Hollowell is not known as "Senator."

Several weeks ago night riders called at the Hollowell home in Caldwell county, and fired several shots into the house, badly wounding Mrs. Hollowell in the face. The telegram errs in the statement regarding the whipping, at least nothing was known of it here.

Mrs. Hollowell, after recovering from her wounds came to Paducah and stayed a day or so. It is presumed that she and her husband went to Oklahoma, and that subpoenas have been issued for them as witnesses in the night rider cases.

LITTLE PANSIES.

REVERSED

Court of Appeals Reverses Judge Cook. Trustee Short correct. Supt. Langston Wrong.

There follows below an important decision of the Court of Appeals reversing the Circuit Court here. A letter from J. F. Short to the editor of the Ledger would indicate that Mr. Short now proposes to "carry the war into Africa" and make it quite interesting for the County Superintendent of schools, L. A. L. Langston. The opinion is a complete victory for Mr. Short and his Attorney, Hon. Zeb A. Stewart and a complete fall down for the Superintendent in his contention that he had a right to ignore the report of the board of trustees and refuse to certify their findings in regard to the number of children in the school district. The decision will be read with much interest all over the county.

J. F. Short & C. Appellants, vs.—Appeal from Calloway Circuit Court.

L. A. L. Langston, & C. OPINION OF THE COURT BY JUDGE ROBINSON

This suit was filed by the trustees of Dexter common school, District No. 78, in Calloway county on relation of J. F. Short and P. A. Smith, two of the trustees of the district, against J. F. Padgett, the other trustee, who was chairman of the board, and L. A. L. Langston, the county school superintendent, to obtain a mandamus. The circuit court sustained a general demurrer to the petition and the plaintiffs appeal.

It is alleged in the petition that Short, Smith and Padgett are the duly elected and qualified trustees of the district; that the trustees of the district in the year 1906 made a census of the school children and reported it to the county superintendent as required by the statute; that under this census, there were sixty-nine school children in the district; that Langston refused to receive the census, which they made and that Padgett had alone made a census which had not been adopted by the trustees, and was fraudulent and incorrect, by which he had made it appear that there were seventy-seven children; that the census made by Padgett was not approved by the trustees or certified by them, but only by Padgett; that the county superintendent had accepted the census made by Padgett, and had refused to place upon the record the census made by the trustees and certified by them. The plaintiffs also set out in detail the different persons placed by Padgett in his census who were not pupils in the district within the ages required by the statute. They prayed a mandamus requiring the county school superintendent to accept the census which the trustees of the district had made and certified and to certify it to the Superintendent of Public Instruction as the census of the district. While the case was pending Mrs. M. C. Davis on her petition was allowed to file her petition in the action in which she joined with the plaintiffs, charging that she was a teacher by occupation; that she held a second class certificate and was so authorized to teach in any common school district not reporting more than seventy-five pupils; children; that at a regular meeting of the trustees of the district she had been employed to teach the school for the year 1906; that she had begun

the school and was teaching it; and that the census made by Padgett was fraudulent made by him to prevent her from teaching the school, and obtaining the money for it.

A number of other allegations are made which are not material to be set out here. Section 4449, Kentucky Statute is as follows:—

"It shall be the duty of the trustees, of each district, annually, during the month of April, to take an exact census of all the children that reside in such district, on the first day of April who will be on the first day of July following, between the ages of six and twenty years, and on or before the first day of May report a list of the same to the county superintendent, and a duplicate list to the clerk of the county court, to be filed in his office, specifying the name, age, sex and names of parents or guardians of each child, to be entered in a book furnished him by the state, and kept as a part of the records of his office."

By section 4434, Ky. Stat., any two of the trustees may constitute a quorum to transact business at a meeting, of which all shall have a reasonable notice, and by section 4437, the trustees are made a body corporate. The census required to be taken by section 4449, above quoted, is the act of the trustees. The county superintendent has no right to receive or certify any census which is not certified by the trustees of the district although he is the chairman, but which has not in fact been approved by the trustees, is not the act of the district, but only of one of the trustees. When all of the trustees have had reasonable notice of a meeting, then any two of the trustees meeting pursuant to the notice, constitute a quorum to transact business, and a census thus approved is the act of the district. If it shall turn out that neither of the reports made to the county superintendent is the act of the district, then the writ should go, for no census report which is not the act of the district should be made a part of his records or certified by him to the school superintendent. It is alleged in the petition that the county superintendent was notified that the trustees had not approved the census returned by Padgett, and that he was required to file the census which the trustees had in fact made and certified, and that this he refused to do.

The trustees in their corporate capacity represent the school district. The action is brought, therefore, by the district to protect valuable rights. The district has the right to have its records properly kept, that confusion may be avoided in its accounts with the State; that it may be served by the teacher of its own choosing, and that it may not be involved in litigation. Section 4434, Ky. Stat., among other things provides:—

The case is here on demurrer to the petition. The demurrer admits the truth of the allegations of the petition are true, the census made by Padgett and returned by him was void and the plaintiffs are entitled to the mandamus prayed.

Judgement reversed and cases remanded with directions to overrule the demurrer to the petition and for further proceedings consistent herewith.

July 4th.

The 4th of July is on us. It calls for the best—the rare. The glorious day of our fathers. We will celebrate with care.

Our fathers fought for freedom. They bought it with their blood. Will we forget their prowess. How could we, if we would?

Events may come and they may go. Of each due notice we will take. But the glorious 4th shall first of all.

A silent vigil keep. A fresh with glory may they be. In memory the coming week.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for Urinating, Spina, ness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Dale & Stubblefield and H. D. Thornton.

Many Women Have Discovered That a Course of Treatment With Pe-ru-na Cleanses the System of the Accumulations of Winter.

MRS. ALICE BRADLEY.

Mrs. Alice Bradley, Thorold, Ont., Can., writes: "Two years ago I became weak and rundown and as time passed I gradually failed until a year ago, when I experienced a stroke of paralysis which affected one side and I was helpless. I called in professional medical treatment, but steadily grew worse. I had decided I never would rise again from my bed, but when Pe-ru-na was brought to me and after having taken four bottles of it, I was able to get out and a wonder to myself and friends. I consider Pe-ru-na a great blessing to the afflicted. I may add that I & daughter B. A. have both been cured and have been blessed with renewed health. I give Pe-ru-na credit for our lives."

Clean Up Once a Year. CLEANING up the body is the thing of a day everyone owes to himself. Pe-ru-na helps to produce a skin that need not be hidden. The source of good blood is good digestion. Pe-ru-na aids digestion. Those people who have irregular bodily functions have a clear and delicate skin. Pe-ru-na helps to restore these functions. Most skin deformities depend upon excessive derangements, which cannot be corrected by local treatments. Pe-ru-na is a systematic remedy, reorganizing and regulating the whole body.

Rowland-Neat Trial. Harry Rowland was tried by a jury Thursday last on a charge of Bostardy in Judge Wells' court and found guilty of being the father of Ellen Neals bastard child and was adjudged to pay for its support the sum of \$250.00. Every Man His Own Doctor. The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as a slight injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must for necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation. They sell for 25 cents a bottle.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowels complaints. Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough. Health and Complexion, Strength and Beauty Depend Upon Clean Blood and Good Digestion.

Mrs. Daniel Passmore, Welland, Ontario, Can., writes: "For three years I was severely afflicted with stomach trouble, and for days at a time I could not eat anything. I grew thin in flesh, had headaches and was the picture of despair. I was attended by three doctors, but got no good results. Finally I began the use of Pe-ru-na. I soon noticed an improvement and after using three bottles, I was able to relish a meal, in fact, could eat anything. Today I feel well and strong. I consider that Pe-ru-na has saved my life and I shall always praise it."

MRS. DANIEL PASSMORE.

Mrs. N. P. Lawler, 12 N. Broadway, Pittsburg, Kas., writes: "Last spring I caught a severe cold which developed into a serious case of catarrh. I lost weight and sleep and could not eat for sleep. A neighbor of mine, who had heard of Pe-ru-na, advised me to try it and I did so at once. It effected help, but nothing like the wonderful change for the better I observed almost as soon as I started taking it. In three days I felt much better, and within a week I was well. I continued taking the entire bottle and within two weeks I was in fine health."

"Pe-ru-na is a wonderful medicine." Mr. Leo King, R. F. D. No. 1, Farmersville, Tex., writes: "My health has been better generally this spring and summer than it has been for four years and I have worked nearly every day."

"I suffered with dysentery and bowel trouble. Your remedy also cured my wife of constipation. I wish you continued success with your great medicine, Pe-ru-na."

TAXES.—A Hint to the Wise is Sufficient.

Fellow citizens of Calloway county:

I desire to call your attention one more time to the important fact that the late statute makes the collection of taxes more rigid on the Sheriff, and it necessarily follows that the hardship hits you, therefore your taxes must be paid now to save cost, for I shall start my deputies to levying for these taxes after July 1st. I am paying out thousands of dollars each month now to defray the expenses of this county, and you are packing the money you owe the county around in your pockets, and if you are levied on for taxes don't complain. I have given you fair warning. Yours to serve, J. A. EDWARDS, S. C. C. 5-2t.

The Tramp's Story.

A tramp asked for a free drink in a saloon. The request was granted, and when in the act of drinking the proffered beverage, one of the young men present exclaimed:

"Stop, make us a speech. It is a poor liquor that doesn't loosen a man's tongue."

The tramp hastily swallowed the drink and as the rich liquor coursed through his blood he straightened himself and stood before them with a grace and dignity that his rags and dirt could not obscure.

"Gentlemen," he said, "I look to-night at you and myself, and it seems to me I look upon the picture of my lost manhood. This bloated face was once as young and handsome as yours. This shambling figure once walked as proudly as yours—a man in the world of men. I, too, once had a home and friends and position. I had a wife as beautiful as an artist's dream. I dropped the priceless pearl of her honor and respect in the wine cup and Cleopatra-like, saw it dissolve and quaffed it down in the brimming draught. I had children as sweet as the flowers of spring, and saw them fade and die under the blighting curse of a drunken father. I had a home where love lit the flame upon the altar and ministered before it, and I put out the holy fire and darkness and desolation reigned in its stead. I had aspirations and ambitions that soared as high as the morning star, and I broke and bruised their beautiful wings and at last strangled them that I might hear their cries no more. To-day I am a husband without a wife; a father without a child; a tramp with no home to call his own; a man in whom every good impulse is dead—and all swallowed up in the maelstrom of drink."

The tramp ceased speaking. The glass fell from his nerveless fingers and shattered into a thousand fragments on the floor. The swinging doors pushed open and shut again, and when the little group about the bar looked up the tramp was gone.

To allay any doubt regarding the genuineness of this contest we publish the following:

March 5th, 1907.

"This is to certify that there has been deposited in the Bank of Murray by O. J. Jennings, editor and owner of the Murray Ledger, the sum of One Hundred Dollars in gold, which has been placed to the credit of the "Ledger Guessing Contest Fund," and which is deposited for this purpose and is not subject to check for any other purpose. Signed

S. H. DEES, Cashier

Will Be More Than \$100.00

The owners of the warehouse will increase the prizes as stated below which will add about \$75 to the three premiums:

March 6, 1907.

MR. O. J. JENNINGS,
EDITOR LEDGER.

In order to add more interest to the guessing contest you are running we hereby agree to furnish money to INCREASE the first premium you offer, at the rate of 3 cents for each hoghead over 2000 stored in our warehouse, and will increase the second and third premiums at the rate of 1 cent each for every hoghead over 2000 stored with us; provided you allow our patrons the privilege of making one guess in your contest, for each thousand pounds of tobacco, or fraction thereof, stored in our warehouse. This should cause your readers to become interested in INCREASING the amount of tobacco to be sent to our warehouse.

We presume every farmer understands that he can have the prize to send his tobacco to us to be stored, no matter where it is priced.

Respectfully,
LONG, FRUITEMA & CO.

Can You Use This Money

Here Is the Way to Get It.

The person who guesses the correct number or nearest correct number of hogsheds of association tobacco that will be stored in

The Peoples Tobacco Warehouse,
(This is the one operated by Long, Fruitema & Co.)

by November 1, 1907, will be presented with \$75 in gold; the person who makes the second nearest correct guess will receive \$15 in gold, and the person making the the third nearest correct guess will receive \$10 in gold.

Conditions.

All guesses must be dated and signed by the person making them, and **THEY MUST BE LEFT AT THE LEDGER OFFICE.** No employee of the Ledger office, or the warehouse can make a guess. All guesses must be received at this office on or before Saturday, August 17th. The guesses will be polled by a committee of county officials and the premiums awarded Saturday, November 2nd. If two or more guesses are the same and are the correct guesses then the person who made the guess at the earliest date, as shown by the date, will be entitled to the premium.

Every person who stores as much as 1000 pounds of tobacco in the "People Tobacco Warehouse" will be entitled to **ONE** guess, and for each additional 1000 pound, or fraction thereof, will be entitled to **ONE** additional guess. More plainly expressed, you get **ONE** guess for each 1000 or part of one thousand pounds stored in this warehouse.

Make Your Guess Early as Possible.

J. L. MARTIN & CO.

Spot Cash! One Price!

PLAIN FIGURES.

Beginning Saturday, June 15th, we will sell goods for SPOT CASH only. After a careful study of merchandising, we are convinced that the ONE PRICE CASH SYSTEM is the best for everybody. We are looking after your interest as well as our own, and are satisfied beyond a doubt that a merchant can sell goods on a smaller margin for cash than he can for credit. Hence we have decided to make a change which means the lowest possible prices at all times. To start the ball rolling we will name some prices and you will appreciate the reductions, as it has been our custom to mark all goods in plain figures.

We will subtract from the price of goods, the loss to us from bad accounts and other expenses incurred in running a credit business and the difference in the price on a cash basis will mean a saving to you of far greater value than the privilege of credit.

It is not because we think the majority of our credit customers will not pay for what they buy, but we can do business on a smaller margin for cash, and do away with the practice of all credit stores, of charging those that do pay enough to made up for those that do not.

We do not claim to sell every article in our store cheaper than formerly or than other merchants, but in most cases, we will give you lower prices, or better goods for the same money.

We feel justly proud of our shoe stock. Every pair in the house guaranteed absolutely solid leather, and notwithstanding the heavy advances you get about the same old prices, and not one pair out in quality.

Think it over, after seeing our prices on high grade goods. Can you afford to pay the difference as interest, not per annum, but in most cases per month for credit?

J. L. MARTIN & CO.
