Don't be a Slacker! Buy Some Stock In Fulton's Hospital

## Important Questions Discussed at Chamber of Commerce Meeting

Chamber of Commerce members turned out in large numbers last Tuesday night to attend the April meeting and the chamber was well filled with those interested in the work of the organization.

The various chairmen of the standing committees made reports of the work being done and that of the hospital committee was listened to with special attention. Chairman Murrell explained that the week of April 20 to 27 was to be known as Hospital Week and five teams captained by W. R. Butt, Rev. Warren, Joe Browder, I. W. Little and Leslie Weaks would select five members each for their teams and would make a canvass of the community for the sale of stock. Every member present pledged himself to assist in every way in making the drive a success.

Joe Browder, of the Road Committee, told of the successful bond campaign in Hickman county and said that there was now no reason why the Mississippi Valley Highway should not be completed. Joe Davis also told of the efforts of the road fans to get Graves County lined up for a bond issue and stated that a Mayfield Chamber of Commerce was behind the movement there and would undoubtedly put it over. This will make possible the completion of the Jeff. Davis Highway which will connect Fulton with Paducah, Mayfield, Jackson and other points north and south.

Hugh Smith, of Union City, displayed some charts and explained what the Mud Tax was at present costing the people of Tennessee, Obion county in particular, and asked the Fulton Chamber to get out and help put over the road bond which will be voted on in May. In the course of his talk it developed that if the various road programs now in contemplation were all complete, Fulton would have five roads radiating out of it, one each to Hickman, Clinton, Union City, Mayfield, and Martin. With these five hard roads and the new railway facilities that will be effected with the completion of the Edgewood Cut-Off, Fulton could hardly avoid becoming a most important center of trade.

The Agricultural Committee represented by Enoch Browder stated that it was hard at work and would shortly have some real progress to report that would be a surprise to the public.

R. S. Williams of the Civic Committee, asked that the members use their influence to prevent the use of Lake street as a public market, calling attention to the hucksters that used the edge of the railway park as a stand for the sale of fish, bananas and other wares that made the streets and park so unsightly. The city authorities will be seen with a view to have the nuisance abated.

Secretary Davis told of the meetings of the night before of members of the Chamber with the City Councils of Fulton, Ky., and South Fulton with a view to getting started on the sewerage of the two towns. It seems that South Fulton will soon hold another bond election and Mayor Hutchens explained that as the time for the payment of taxes had been extended the date for the election could not be set definitely at

this time, but he urged the members of the Chamber to use their personal influence with the voters of his town to carry the election when it was held, as the need for a sewer system on both sides of the line was becoming very urgent. Mr. Davis also stated that the subject of a partial paving of the streets of the city was also discussed and John Culver explained that Lake street was the only one that could be paved until the sewer system was installed, and that the owners of the property on Lake street had been seen and the major portion of them, including the Illinois Central, were ready to pay their part of the cost.

The Chamber went on record as favoring the building of the sewers as soon as possible (Continued on page 12)

### Charles H. Moore

Popular Hickman Man Announces for Tax Commissioner

In the announcement column of this paper will be found the name of Charles H. Moore, candidate for Tax Commissioner of Fulton county, subject to the action of the Democratic primary election, August 1, 1925.

No better testimonial can be given this sterling Democrat than the following from his home paper, the Hickman Courier.

"Charles H. Moore, well known Hickman citizen, comes out for the office of Tax Commissioner, formerly known as assessor. This is an office of great importance and requires a talent peculiarly fitted to its exigencies. The truth of this is shown by the fact that a thorough and exhaustive examination is required to be acceptably passed by the one elected to fill it. We feel sure that Mr. Moore's talents in this line are A1, and that he is peculiarly fitted to fill the post to which he aspires—possessing as he does, a keen sense of proportion and value—qualities without which a tax commissioner is placed at a great disadvantage.

"Mr. Moore has been a resident of Hickman since 1903, coming here from Union City, Tenn. Most of the time since coming to Hickman, Mr. Moore has been engaged in the grocery business. He has gained a wide acquaintance in the community.

"He is well and favorably known in church and fraternal circles, and those who are the best acquainted with Mr. Moore's personality and ability are those who are his most encouraging backers in his ambition to serve the county as tax commissioner.

"Mr. Moore has served on the local school board for about 12 years, and has carried the responsibilities appertaining to the position with credit and merit. This is but one of the many proofs of his talents in easily carrying civic responsibilities and will carry its share of weight when the voters choose the man to assess their property.

"A clean man, a strong man, a competent man, we commend Charlie Moore to the people of Fulton county."

## Illinois Central Awards Contract For New Yards at Fulton to H. W. Nelson & Company

### Work To Begin At An Early Date

The H. W. Nelson & Company, who are constructing the new line into Fulton at this end, has been awarded the contract for the construction of the new yards at Fulton, and we understand the work is to begin in the very near future.

As stated previously in our paper, the new yard, as we understand it, is to be a classification yard where trains will be broken up and remade, classifying the loading according to importance and destination. This will relieve the other two yards of the congested condition in which they are often in during periods of heavy traffic.

The new yards will be north-east of the coal chute, and will be as large as the present new yard west of town.

Nelson & Company will establish a camp out at the new location in about a week or 10 days, and begin to get the machinery on the ground for the work, which will start as soon as the camp has been constructed and the equipment has been received.

### I. C. Again Promotes Officers

Mr. J. L. Bevan, Assistant to the President of the Illinois Central, has been appointed vice-president with headquarters at Chicago. Mr. Bevan was born at McComb, Miss., February 17, 1887, and entered the railway service on October 1, 1899 as a clerk in the operating department of the Illinois Central. He was later promoted to Chief Clerk and held that position until 1915 when he was promoted to trainmaster. Mr. Bevan was promoted to division superintendent in 1917 and in 1918 under the Railroad Administration was appointed Assistant Federal Manager of

the Illinois Central. At the termination of Federal control on March 1, 1920, he was appointed assistant to the Senior Vice-President with headquarters at Chicago. In July, 1923, he was promoted to Assistant to the President, in which position he remained until his recent promotion to Vice-President.

### SAFETY FIRST

The Illinois Central is starting a campaign among school children to make 1925 a safety year, the slogan being "Better be safe than sorry."

It is the purpose of the I. C. to send representatives into all the public schools along their lines and endeavor to organize what will be known as Junior Safety Committees among the children. The purpose of the campaign is to get the little folks interested in the safety work, telling them to be careful about their play, in crossing the streets, and above all when crossing railroad tracks to look and be sure the way is clear. Never to hop trains, or play in or around the railroad tracks.

This is indeed a good move, and the citizens of the towns along the Illinois Central lines should co-operate with the I. C. in this move. It would perhaps be interesting to know that 25 per cent of the deaths caused by accident in the United States during the year 1924 were children under 14 years of age, and this was not a small number.

There are certain pledges the child must learn before being eligible to become a member of the Junior Safety Council, and when the move is started in the schools here, every child should take part in the work, as there are many advantages to be derived from the work, and may be the means of saving the life of some of our own dear ones in Fulton.

We are strongly in sympathy with any safety move, whether started by the Railroad or any

other individual or firm, and believe that if the citizens would stop and think what it might mean to them to participate in moves of this kind, such campaigns would be of greater success.

Let's cooperate and assist the railroad in this very excellent endeavor.

### Brief Notes

Mr. G. E. Patterson, General Manager of the Illinois Central, was through the city the first of the week.

Miss Lois Covington of the Division office visited friends at Ripley, Tenn., the first of the week.

Mr. and Mrs. M. Harpole have a girl baby, born April 5. Mr. Harpole works at the freight house.

Mrs. J. B. Covington, wife of Signal Maintainer on the I. C., visited friends at Halls first of the week.

Mr. H. T. Snow, clerk to the Trainmaster of the I. C. at Jackson was a visitor in the city the early part of the week.

Mrs. T. J. Smith, wife of Train Dispatcher Smith at the Division office, visited relatives at Medina, Tenn., last week end.

Mr. Bob White, Roundhouse foreman at Centralia, Ill., was visiting in the city Monday of this week.

### C. S. TOWNSEND, JR., HAS THE MUMPS

## April 20 to 27 Is Hospital Week In Fulton

Now is your chance to buy stock in the Fulton Hospital and no one should let the opportunity slip. Call up Brother Warren, Leslie Weaks, Ira Little, Walter Butt or Joe Browder and tell them that you want to subscribe and either they are a member of their team will see that you are enrolled.

This is an opportunity for the people of Fulton to obtain for themselves an institution that will be of service to the whole community, while at the same time being a species of insurance against ill health. With a hospital right at hand there will be infinitely less danger of serious illness in the community, and the danger of delay in obtaining prompt and competent medical or surgical care will be minimized.

Entirely apart from the pecuniary consideration of the investment, it is a duty of every one able to assist in the procuring of such an institution for the city, because of the many benefits to be derived by those who are so unfortunate as to become ill.

Any doctor will tell you that promptness in getting a patient undertreatment is a large factor in saving of life and the delay and travel to a hospital at some distance from the home of the patient had been the cause of many, many deaths that would have been avoided had a hospital been accessible more easily.

Although you, personally, have never felt the need of such service, there is no telling when your time will come, and the wise thing to do is to help your friends and neighbors to obtain this great benefaction.

## Busy Session of City Council Monday

The city council met in called session Monday night to transact unfinished business with Mayor R. H. Wade in the chair, and the following councilmen present: W. P. Murrell, Enoch Browder, John Culver, Albert Smith and A. P. Conley. It was a busy session. Every seat in the temple of justice was occupied and standing room was at a premium.

The contract with South Fulton for fire protection was O. K'd and our sister city will be given A1 fire service.

W. E. Rogers, field supervisor or department of fire prevention and rates of the state, was present and addressed the council, outlining in detail the reclassification and the wise move the city made in bringing their fire department up to the standard requirements. Fulton is now in the 7th class and insurance rates have been lowered, which means a saving on the \$51,000 in premiums paid by citizens of Fulton, around \$3,000 annually. A rebate on premiums paid since the reclassification was made and rate bulletin issued will be returned to policy holders as soon as the insurance agencies can make the adjustments and prepare the checks, except where conditions have caused some to be slightly raised.

Rebates are figured from Dec. 16, 1924, on existing contracts for unexpired time. The adjustment in rates have been held up since the above date on (Continued on page 12)

Easter Sunday was a great day for the First Christian church of this city. To begin with, the Sunday school was well attended and two young men made their confession at the close of the Sunday school.

The morning church service was up to all expectations, a fine crowd was present and the music was fine. Mrs. Emery had charge of the music in the absence of Mrs. Paul Hornbeak, who was ill.

Mrs. Cole gave a beautiful solo and Miss Mary Shupe gave a fine reading. Then Rev. Sowell preached a strong Easter sermon and received another convert at the close of the church service.

The Juniors had a fine program Sunday evening and the girls gave some fine points on the "Ideal Young Man." Mrs. Culver, who is superintendent of the Junior work, has been sick for some time, but will be back with them next Sunday evening.

By seven-thirty Sunday night the church was packed for the Easter Cantata. We are sorry to say here that because of the illness of Mrs. Hornbeak she was unable to play, but she deserves credit for the way she worked in getting it up. Mrs. Emery played in her place, and she was perfect in every respect.

The program started about eight o'clock, Mrs. Emery played a march for the great crowd of Knights Templars from Fulton and Union City, who were the guests of honor. They had reserved seats and were dressed in their uniforms. Then the prelude was played while the members of the choir marched out. Bro. Sowell then led in a word of prayer, and the program continued. The Cantata was wonderful and has been said by many to be the best ever given in Fulton. The singers who took part were: Mr. Stewart Brown, Mr. Coulter, Mr. Whittis, Mr. Palmer, Mrs. Coulter, Miss Cantrell, Mrs. Evans, Mrs. Howard, Mrs. Dunn, Mrs. Cole and Mrs. Ally was to have been included but failed to appear.

**A CHINESE WEDDING AT CANTON**

(By H. L. Carter)

A few days ago we had a rare treat. It was our pleasure to attend a Chinese wedding. One of the clerks in the store married, therefore invited us to the wedding, the second day for the midday meal. The family is a real family of idol worshippers. Kwang is a fine young boy of seventeen, the only son and the parents did not fail to go the limit in marrying him off. First he came in an automobile for us. The head clerk who speaks English, went with us and was really our guide. We felt rather queer among such foreign customs. Since we spent twenty minutes in traveling we at last arrived. As we entered this large house, which is rented for three or four days for the big event. Some weddings last longer than others. The father of the groom met us dressed in the beautiful silk brocaded sham or dress, and bowed and bowed. Our welcome at the door. Chinese musicians played that strange Chinese tune, which really is fascinating, but other than two minutes listening to it, one most loses his mind. This company of musicians consist of a flute, a fiddle and several beating instruments. Two feet inside the door, we were conscious of an unfamiliar odor and quickly saw an abundance of wine was in store to make the party merrier.

Going the length of two rooms, we were finally seated at the head of a long table. As I looked around the whole house was aflame in red decorations, red woolen blankets made a panel with the characters meaning "happiness," on them. Many yards of silk added to the decoration of the walls. At our back there was an altar, on which was placed many things. I can't say it was beautiful, for really it looked black to me. A large picture of the groom's grandparents graced the wall back of the altar, and on the altar were offerings of fruit, cakes, candles and old relics.

The day before, the bride and groom worshipped here at the altar, worshipping the heavens, their ancestors and idols for two hours.

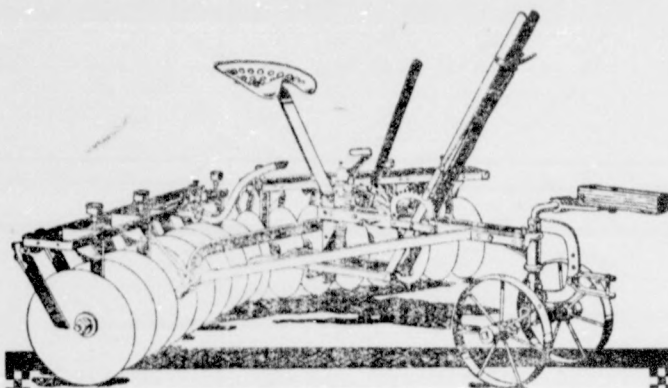

We had been seated only a few minutes when we were served hot water, tea and watermelon seed. When I came to China and was served these seed, I could not conceive of one eating them, but now I am quite adept at breaking them and removing the inside meat with my tongue. One reason the Chinese like them so well is because it keeps their hands and mouths busy. We were also served home-made candy, ginger, dried coconut, sugared fruit, and orange soda water. Finally, they brought on the real part of the meal. For about two hours we nibbled and talked and drank. As we ate, we had the pleasure of looking into the face of our first Chinese bride.

She was brought in by an old servant. She was dressed in a gorgeous costume of red, with much tinsel and decoration and an alluring Oriental perfume surrounded her. She wore beautiful embroidered shoes, and had a high red headdress, with strings of beads covering her face. These beads the amah lifted, and she stood before us, a scared looking little creature, bowing and raising and lowering her clasped hands. She bowed many times but uttered not a sound. Of course we bowed in return. Up until the day before she had never beheld the face of her husband, all arrangements for the wedding having been made by the parents of the contracting parties. All day she had been bowing to people and her drooped eyelids showed signs of weariness and exhaustion.

After finishing the first part of the meal we were invited to go around and see the gifts, the altar and other sights. We saw the bridal chamber, with its rich hangings and bed coverings, and visited the sitting rooms of both men and women (men and women in China are not companionable as they are at home, but are usually separated. I was the only woman at this feast.) We had at our table a high Confucian priest, who was very pleasant and expressed his joy at our attendance.

**JOHN DEERE Model "B" Disc Harrow**

By means of the third lever, spring and John Deere pivoted yoke, this harrow can be given the required pressure to penetrate at even depth its full width under all the above conditions.

It is a really flexible harrow—penetrates, pulverizes and packs in conditions where rigid harrows fail to work all the soil. Each gang works independently, like separate harrows, and both can be

given the proper angle to pulverize under varying conditions.

It is strong—will last years longer than ordinary harrows because of its all-steel main frame and double bar, riveted gang frames. It has oscillating scrapers with lock-down and lock-off features, and the most convenient grease cups—easy to fill and out of the dust and dirt.

We can furnish the John Deere Model "B" with rear gang and hitch to convert it into a double-action, horse- or tractor-drawn harrow—a good way to save money and yet get good results.

The mother of the groom, a very fine, sweet looking woman, was here, there and everywhere looking after the pleasure of her guests. She was clothed in rich brocaded satin and had orange blossoms in her hair, and was fairly loaded down with rings and bracelets of richly carved gold.

We now returned to the table for the remainder of the feast. We had shark's fins, bird, duck, ham, eggs, minced chicken and other delicacies, and closed with fruit. Every time a new guest would come in, the band would start its weird music.

As a signal that the meal was over, and we were at liberty to leave, a great lot of fireworks were shot off. We arose and went through much handshaking and bowing. The little bride was brought to the door to tell us goodbye, and I begged leave to shake hands with her. The poor little thing gave me her left hand. She looked to be not over fifteen. The father and mother seemed very much pleased that we had come to the celebration, and were very profuse in their thanks.

Women don't amount to much in China. At least, not until they get to be mothers of sons, and have daughters-in-law of their own.

Tomorrow, the bride goes home for a brief visit. Accompanying her will be roast pigs and other things to eat, which are sent to her relatives as a present from the groom, and as a token that all is well and he is pleased with his bride. Strange to say, the bride's people do not attend the wedding ceremonies. As I said, she doesn't amount to much, and her people don't figure very much, it is only the groom's side of the house. Tomorrow night a few of the grooms friends will come and they will eat and play games all night, then the celebration will be over and the newlyweds will return to the home of his parents. Getting married in China is quite expensive and often leaves the contracting parties and the groom's parents in deep debt.

Some new experience for us, but we enjoyed it.

**The Dahlia**

No Flower Garden is Complete Without It. Easy to Grow

The Decorative Dahlia is the pride of all Dahlias, standing out pre-eminently. In the garden the plants are strong, sturdy, vigorous growers, with heavy, dark green foliage, and a remarkable constitution. The blossoms are produced in great profusion, which is exceptional for a type of giant flowering Dahlias. For cut-flower purposes they are unsurpassed, having long, straight stems of wiry stiffness and producing their flowers in a pleasing upright manner; then principally their lasting qualities when cut they are unequalled, lasting longer than any of the other types. As an exhibition flower the Decorative Dahlia is the most gigantic of all Dahlias, blossoms having beauty, substance, quality—all essential characteristics of a true "Model

of Perfection." As a decorative flower they are first in every respect; being graceful, adapted to designs, and most artistic.

No flower garden is complete without Dahlias. But all Dahlias are not alike, there are a number of varieties. It is just as easy to grow the best varieties as the ordinary kind.

**HILL'S "America" THE ROSE OF THE CENTURY**

This superb rose, for which the horticultural world has been waiting for so long, is now ready for distribution, and we consider it a great privilege to help the E. F. Hill company in its dissemination.

We have tried it out in our test garden. It blooms continuously from early May until heavy frost, on stems two to three feet long, and the color is the most glorious glowing rose-pink imaginable. The buds are long and pointed and open up most artistically as the out-petals fold back, leaving the high-pointed center fully exposed.

It is as near disease resistant as a rose can be, always having a clean, glossy foliage at all seasons of the year. It rivals the American Beauty in size of flower, and if you are looking for a marvelous rose you will make no mistake in growing "America."

This wonderful rose has captured the prize in every rose show where it has been exhibited. In Paris and New York International show it was awarded the gold medal for being the best pink.

The price is \$1.00 for 2-year old plants, guaranteed to bloom this year. R. S. Williams, Fulton, Ky.

## TITUS GRANTED PRAYER BY COURT

TITUS AMENDS SUIT AGAINST  
PIGGY WIGGLY

### HEISKELL ISSUES ORDER

Nearly \$200,000 Tied Up Under New  
Turn to Suit—Washington Stock-  
holder Declares That No Funds  
Are Available.

Memphis.—Distribution by the Piggly Wiggly corporation of nearly \$200,000 in accumulated dividends on its preferred stock was restrained by an injunction issued by Chancellor Heiskell here on the petition of W. A. Titus, a Washington stockholder, who recently filed a suit alleging the invalidity of the resolution of the distribution and charging present officers with a scheme to perpetuate their power over Piggly Wiggly affairs.

The injunction was issued on an amendment to Titus' original bill, which was brought under the declaratory judgment act. A nominal injunction bond of \$250 was fixed by the chancellor. The amendment to the original declaration was brief and was merely an incorporation into the petition of Titus' prayer for the injunction.

The proposed dividend payment was to have been made on April 16 to preferred stockholders of record as of April 1. The injunction restrains the distribution pending trial of the Titus suit, in which the American Trust Company of Nashville joined Saturday last as an Intervenor.

Titus charged in his suit against the corporation that Piggly Wiggly is deeply in debt as a result of the financing schemes of 1922 and 1923, and that the corporation has no funds on hand to cover the dividend payment. Carrying out of the resolution adopted by the executive committee and subsequently ratified by the board of directors, the Washington man alleged, would entail the borrowing of funds to pay the accrued dividends and thus put the corporation further in debt. Furthermore, he charged, the corporation has no right under its charter to borrow money with which to pay dividends to its stockholders, either preferred or common.

One of the principal allegations made by Titus is that present officers of the corporation are seeking to prolong their period of power by the creating of an alleged "voting trust" among the common stockholders.

The corporation has been controlled by the preferred stockholders for more than a year, due to default of quarterly dividends on the preferred stock. Upon the payment of these deferred dividends, as planned by the directorate, control of the corporation would revert automatically to the common stockholders, who, in turn, would proceed immediately to the election of a new board of officers.

Titus charged that the present officers of the corporation are seeking to throw control of the concern back to the common stockholders by paying the deferred dividends on the preferred stock, even with borrowed money. Once this is accomplished, he alleges, the officers will be able to marshal enough proxies to form an effective "voting trust" under which they would be re-elected. Preferred stockholders would have no voice in such an election.

The joint suit of Titus and the Nashville bank as intervening petitioner probably will be tried before Chancellor Heiskell within the next few weeks. Meanwhile, the corporation is denied the privilege of distributing the proposed dividend payment to its preferred stockholders.

### Plans Long Flight

Rome.—The proposed flight of Commander Francesco De Pinedo, chief of the Italian air staff, from Italy to Australia and Japan will be in a hydro-airplane, in 80 hops covering a total distance of 55,000 kilometers, (approximately 34,155 miles.)

Pinedo will start from Rome probably about the end of the month.

The purpose of the flight is to be a demonstration of economy in the use of the hydro-airplane in long distance commercial flying. Pinedo maintains that his itinerary, although longer than that necessary for land planes, because of the need of following the water, will be more economical as no special staffs will be required at the various landing places. He will depend solely on local facilities for fuel and repairs.

### Polish Navy Scandal

Warsaw.—After lengthy investigation into the accounts of the Polish navy, in which charges of graft were leveled against high officials, Naval Commander Bartoszewicz has been arrested and Vice Admiral Porembski, chief of the Polish navy, suspended. Both officials are charged with lack of proper surveillance, while nine others officials and controllers in the department have been dismissed or reduced in rank. Commander Bartoszewicz, who was formerly in the Russian army, is also accused of treason.

A cordial invitation to the public to attend these services of the church.

### Church News

Easter services were well attended; the worship was inspiring; the choir did splendidly and the assistance of friends was well appreciated; the offerings were very good; decorations were beautiful; and the interest was quite encouraging.

The church school was well attended, the teachers and officers were all present, the offerings were large and the several visitors were welcomed.

Dr. Boyd was able to hold three services, superintend the school and teach a class last Sunday. He is fast recovering from his sick spell.

Several new faces were seen at the services at the church on Easter day and recognized as out of town folks. We tried to make them feel a welcome, and hope they will come again.

Mrs. John Hoar, now with her daughter in Nashville, Tenn., is reported growing worse in health. This will be

sad news to their friends. A letter to the rector from Hal and Miss Helen Cardwell of Long Beach, Cal., state they are doing well and enjoying the California weather and vegetation.

Mrs. Collette, mother of Mrs. Thomas Chapman, is now at the home of her daughter on Edging St.

The rector has added many more varieties of small fruit to the church and rectory property this week including La France everbearing raspberries, Texas everbearing blackberries, Japanese wineberries, white blackberries, thornless blackberries, Himalaya berries, Phenomena berries, logan berries and some improved huckleberries. He had already planted many of Burbank's new productions of trees, fruits and vines. When there are in production they will be curiosities. Some of the vegetables planted or equally modern.

### WORKING FULTON COUNTY ROADS

Grade and drain work on three highway projects in Fulton county has been started, says the News-Democrat, and surface work on the Ohio river road from Smithland to Marion, a distance of seven and a half miles, will be started the latter part of this week. G. C. Appleton, district highway engineer announced Monday.

Work on the Fulton county roads is expected to be completed by August and will be followed by surface work.

The Fulton county projects are federal projects Nos. 131A and 130A and state project No. 54C. No. 131A runs from Fulton to the railroad crossing west of the city, where it joins with No. 130A to Cayce. These two contracts cover twelve miles of work. No. 54C runs from Hickman to Reelfoot Lake, a distance of twelve miles. Fulton county voted a \$450,000 bond issue for roads.

Bundle kindling is clean and easily handled. Makes a fire quickly. Call us for your needs. CITY COAL CO.

#### SAUL BECOMES A CHRISTIAN

LESSON—TEXT—Acts 9:1-19.  
GOLDEN TEXT—"If any man be in Christ Jesus he is a new creature."  
II Cor. 5:17.

PRIMARY TOPIC—A Man Who Helped Another.  
JUNIOR TOPIC—How Saul Became a Christian.

ADVANCED AND SENIOR TOPIC—How Saul Was Converted.  
YOUNG PEOPLE AND ADULT TOPIC—A Study of Conversion.

#### I. Saul's Violent Hatred of the Lord's Disciples (vv. 1-2).

Saul knew full well that unless the movement set on foot by Jesus was stopped, it would supersede Judaism. He was ignorant of the genius of Christianity. He did not know that the "blood of martyrs is the seed of the church." The noble display of faith by Stephen in sealing his testimony with his blood did not soften Saul's spirit, but rather intensified his hatred for Jesus and His disciples. It made him more determined than ever to stamp out the Nazarene heresy. The intensity of his madness, and the extent of its operations are best set forth in his own words, "And I persecuted this way unto the death, binding and delivering into prisons both men and women" (Acts 22:4). "I both shut up many of the saints in prisons having received authority from the chief priests, and when they were put to death, I gave my voice against them, and punishing them oft in all synagogues I strove to make them blasphemers, and having exceedingly mad against them, I persecuted them even unto foreign cities" (Acts 26:10-12 R. V.).

#### II. Saul Kicking Against the Pricks (vv. 3-4).

The figure here is that of the Eastern ox driver following the ox with a sharp iron fixed to the end of a pole. The animal is prodded on with this instrument and if it is refractory it kicks against the sharp iron and injures itself. This is a picture of Saul as he was madly fighting against Jesus.

#### 1. A Light From Heaven (vv. 3-4).

The time had come for the Lord to interfere. Saul was stricken with blindness and fell to the earth. This physical demonstration accentuated the workings of his conscience which doubters were going on quickened by the Holy Spirit as He used Stephen's testimony.

#### 2. A Voice From Heaven (vv. 4b-5).

This was the Lord's voice calling Saul by name and asking, "Why persecutest thou Me?" This moved Saul to inquire, "Who art thou, Lord?" The answer came, "I am Jesus, whom thou persecutest." He is so closely identified with believers that He feels their sufferings and regards treatment of them as treatment of Himself.

#### 3. Saul's Inquiry (v. 6). "What Wilt Thou Have Me to Do?"

The Lord told him to go into the city where information would be given him as to what he must do.

#### 4. Saul Entering Damascus (vv. 7-9).

The haughty persecutor went quite humbly into Damascus, led by his attendants. For the space of three days he remained blind and fasted. What went on in his soul in those days no mortal can know, but we may be assured that he, like the Lord in the wilderness, was too deep in meditation and prayer to desire food.

#### III. Ananias Ministers to Saul (vv. 10-19).

#### 1. Ananias' Vision (vv. 10-12).

In this vision the Lord appeared and instructed him to go to Saul. He gave him the name of the street and Saul's host, and informed him that Saul was now a praying man, and that He had prepared Saul by a vision for the coming of Ananias.

#### 2. Ananias' Fear and Hesitancy (vv. 13-16).

He knew of Saul's ministry and the authority by which he came. The Lord encouraged him to go, assuring him that Saul is no longer an enemy but a chosen vessel to bear His name before the Gentiles, kings, and the children of Israel.

#### 3. Ananias' Obedience (v. 17).

His fears being removed, Ananias went to the house where Saul was staying, put his hand on him and at once addressed him as "brother." Ananias told Saul that the Lord had sent him with a two fold mission: (1) "That thou mightest receive thy sight."

#### (2) "Be filled with the Holy Spirit."

After Saul received his sight Ananias baptized him. The Lord bestows the gift of the Spirit upon whomsoever He will, and may designate anyone, whether occupying an official position or not, to lay hands upon individuals.

#### Prayer

Prayer is the peace of our spirit. The stillness of our thoughts; the rest of our cares; the calm of our tempers.

#### The Angels

Angels served God and ministered to men when they proclaimed Christ's birth.—Presbyterian of the South.

#### Strength

Strength is born in the deep silence of long-suffering hearts, not amidst joy.—Mrs. Hemans.

## -in your own Ice Box

This low price places Frigidaire, electric refrigeration within the means of everyone. And an easy payment plan has been arranged for your added convenience.

Frigidaire, electric refrigeration, can be placed in your own ice-box in a few hours.

It will transform your ice-box into a modern electric refrigerator. It will maintain a low temperature and dry atmosphere that will keep food for days, as fresh and sweet as the day you put it in.

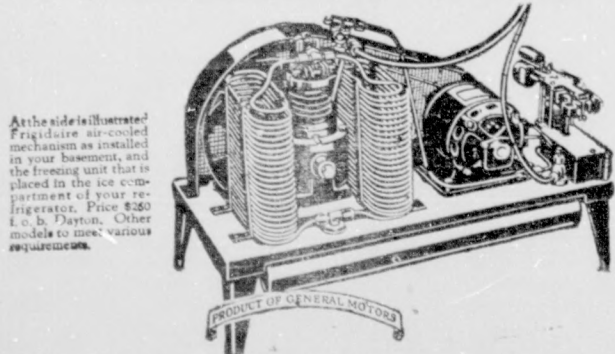

It will eliminate ice and ice delivery.

And Frigidaire operates from your ordinary home electric current at a cost usually less than the cost of ice.

Telephone or send us a post card today. Your family wants Frigidaire—your home needs it.

## CITY TICKET

In selecting a city ticket to  
be voted this year, careful con-  
sideration should be given the  
matter, and it is none too ear-  
ly to get busy on the job. Few  
men are willing to sacrifice their  
own affairs to work for a  
disgruntled and unapprecia-  
tive public. Fulton has a num-  
ber of loyal, hard working  
men who want to see the town  
grow and develop in power  
and greatness. The present  
city administration has a pro-  
gram planned for permanent  
improvements and while we  
may not be able to retain all of  
them in office it would be best  
to keep as many of them on the  
job as possible. Some who  
have served the city faithfully  
as councilmen, have handed in  
their resignations, therefore,  
new men must be selected to  
take their places. It would be  
unwise, however, to make up  
an entirely new ticket at this  
time.

Judge H. F. Taylor, who has  
served the people loyally as  
city judge for many years, will  
no doubt be re-elected without  
opposition.

this paper.

## In Case of Emergency

When you want a thing in a hurry  
you rush to a local store and get it.  
But do you realize that the exist-  
ence of our stores depends upon  
continued business.

If every person in this community were  
to use the stores only for emergencies  
there would soon be no more places  
to satisfy those urgent needs.

The  
Best  
Buying  
Policy

You should do your part towards keep-  
ing local business alive and in a con-  
stant state of betterment by doing all  
your trading at home. It will be pro-  
fitable to you as well  
as to the entire com-  
munity.

## LOOK WELL INTO THE FUTURE

For many of our Fulton boys,  
school days will soon be over.  
When a youth leaves college  
he stands on the threshold of  
his future. In the language of  
Billy Sunday, he must hit the  
trail. It may be a trail which  
will lead to a life of future use-  
fulness, to prosperity and hap-  
piness, or it may be the trail to  
nowhere.

Unfortunately, too many fol-  
low the last named trail. They  
think that the world owes them  
a living and are not particular  
how they get it.

Any youth who enters upon  
the active walks of life, whe-  
ther he is just from college or  
whether he comes from the  
humble walks of the world,  
should look clear-eyed into the  
future, should decide for him-  
self, should take the right trail  
and follow it to its fitting end.  
The trail to nowhere is a  
trail of listlessness, of negli-  
gence, of irresponsibility. It  
has no definite end, it is allur-  
ing at times, hopeless at others.  
The aimless wanderer  
goes on and on, sinking lower,  
becoming more and more help-  
less until the truth dawns on  
him that he is on a trail that  
has no destination.

The man who wins the bat-  
tle of life is the man who, with  
a well-fixed determination,  
starts out on the trail to suc-  
cess, who stands the hardships  
with grim complaisance and  
who never falters. He may lose  
heart at times, he may feel dis-  
couraged and despondent, but  
so long as he fights his way and  
continues to overcome the in-  
sidious obstacles which block  
his path, he will sooner or lat-  
er reach a goal which means a  
rich reward.

In the buoyancy of youth too  
many young men feel that they  
have time to plant a few crops  
of wild oats and that then they  
can settle down. Young men  
who are so inclined set their  
feet on the trail to nowhere.

The irresponsibilities of  
youth can, to a certain extent,  
be condoned, but the surest and  
most certain way to succeed in  
this world is to live clean-  
ly, to apply yourself honestly,  
to exercise your abilities in the  
right direction, to strive for  
better things, to become imbued  
with the true spirit of ambi-  
tion and to work for the up-  
lifting things to be had in this  
world.

There should be fixed a dan-  
ger signal at the beginning of  
the trail to nowhere. The  
youth who starts on it and does  
not turn back is a helpless wan-  
derer all of the days of his life.

## THEY LOOK BAD

When you walk along the  
street and see the gutters  
strewn with refuse, it looks bad.

When you see empty bottles  
decorating the dark corners,  
that looks bad—and suspicious.

When you see paper blow-  
ing around over town it indi-

cates that people are thought-  
less and careless. It is bad.

When you see broken glass  
around under foot it is pure  
negligence, and is both bad and  
dangerous.

When you see kitchen gar-  
bage dumped into the back  
yard or tossed over the fence,  
it looks bad and smells worse.

When you see vacant prop-  
erty littered with refuse of every  
nature, it too, looks bad—it is  
offensive to the mind as well as  
to the eye.

When you see a back yard  
littered with the accumulation  
of months and of years, it looks  
worse than bad.

When you see a front yard  
down at the heels and going to  
seed, you wonder—, but then,  
we'll let you finish the sen-  
tence.

Just how bad are we, any-  
way?

## WHY ONE MAN FAILED

He did not believe in bother-  
ing his head to remember a  
customer's name.

He saw no reason why he  
should speak to a customer  
whom he happened to meet on  
the street.

He reasoned that he could  
not expect to sell everybody,  
every time, and so he never  
troubled himself to offer to get  
an article if what was wanted  
was not in stock.

He couldn't understand why  
it wasn't just as well to send  
statements once every two,  
four or six months.

He looked upon his windows  
as places through which light  
came in. So long as they didn't  
look bare he didn't worry about  
them. He never had any special  
purpose in putting certain  
lines in, other than to fill up.

He didn't believe in taking  
inventory.

He thought an inexperienced  
girl could figure his accounts as  
well as an experienced book-  
keeper.

He never troubled himself to  
attend meetings of local busi-  
ness men.

He had no definite hour for  
opening or closing. He never  
bothered with his discounts, be-  
cause he thought they didn't  
amount to much.

He was not always particu-  
lar about answering business  
letters promptly, even when  
they had to do with overdue  
accounts.—Truck.

## I. C. PERFORMED BIG WORK IN STORM AREA

The Illinois Central System  
performed an important emer-  
gency service immediately after  
the disastrous tornado which  
swept sections of Missouri, Il-  
linois, Indiana and Kentucky on  
March 18, according to the Il-  
linois Central Magazine for Ap-  
ril. The road gave freely of its  
facilities for relief work in the  
stricken area, and employees  
stood ready to give their ser-  
vices for the prompt movement  
of trains and in every other  
line of assistance.

When the news of the catas-  
trophe reached Chicago, in-  
stant arrangements were made  
for rushing doctors, nurses and  
supplies into the devastated  
territory. President Markham  
and other executive officers of  
the road took personal charge  
of the arrangements, and a  
train was ready for departure  
as soon as volunteer workers,  
who answered appeals flashed  
by radio could be assembled at  
the station. Within a few hours  
after the extent of the disaster  
was known, 150 relief workers  
were behind one of the Illinois  
Central's big locomotives  
speeding at an average of 53  
miles an hour over the 300  
miles which intervened.

All the energy and efficien-  
cy of veteran railway officers  
and employees in every branch  
of service were marshaled to  
handle the situation. Trains  
carried the injured out of the  
storm chaos to places where  
they could receive aid and  
care. Many of these trains  
were manned by trainmen who  
served without pay, and the  
railroad carried passengers  
without charge. Everything  
humanly possible was done to  
render help quickly and ade-  
quately.

effect on the young lives of our  
boys.

## DOUBLE KILLING IN SOUTH FULTON SUNDAY NIGHT

Jim Bennett, colored, adds  
two more victims to his murder-  
ous career Sunday night when  
he shot and killed his wife,  
Nettie, and T. H. Barron, a Ne-  
gro man. The shooting occur-  
ed in South Fulton at the home  
of the woman's mother. Some  
years ago Bennett is alleged to  
have killed a negro in a pool-  
room brawl.

It was reported Monday that  
Bennett was in Dyersburg,  
headed for Memphis.

# ENTHUSIASTIC MEETING OF ADVISORY COUNCIL OF DARK TOBACCO GROWERS ASSOCIA- TION

The county local committee of the Dark Tobacco Growers Association held its first meeting at the City Hall Thursday afternoon, April 9, and perfected its program for the season.

Robert L. Hill, manager of the Field Service for the Western District called the meeting to order and after the reports of the members of the advisory council, adopted the following resolution:

We, the Advisory Committee of the County of Fulton, in convention assembled, this 9th day of April, 1925, and also attendant herewith delegates representing the Dark Tobacco Association from the counties of Weakley county, Tenn., Obion county, Tenn., Hickman county, Ky., Fulton county, Ky. and Graves county, Ky.

Be it resolved, that it is the sense and the purpose of this meeting by and through the constitution authorities of the Dark Tobacco Association to institute and conduct a war upon the dumpers of this Western end of the State, to see that the laws of Kentucky are enforced as well as the laws of Tennessee in compelling men who are members of this Association to comply with their contracts.

It is also understood that this move has been made and directed and backed by the loyal members of the Association throughout the whole Dark Tobacco Belt and that it is universally agreed by the loyalty and fidelity of this organization that the loyal members and those who have practiced fidelity and honesty will not submit any longer to the transgression of the law and disobedience to their contract.

And we further pledge our loyalty and devotion of principals of cooperation and with all the energy and zeal to which we are capable, we obligate ourselves to further this cause by every moral and legal way, believing in the end that it is for the protection and the upbuilding of the home of the Dark Tobacco District.

Signed,

Luther Allen, Robt. Cathey, Chas. McMurry, E. A. Thompson, Louis Burke, Chas. Taylor, Arthur Williams, Ernest Bennett.

The reports of the various members of the committee showed that there would be about 80 per cent of the former acreage sown this year and that it seemed to be the idea of farmers in their various sections that it would be to their advantage to reduce the acreage and produce a better grade of tobacco, instead of striving for quantity as in the past.

It was also decided that the future meetings would be held at 10 a. m. in the future, and that it was the duty of every member to be present at these meetings in order that their sections might be properly represented at all times.

Mr. Hill read a number of reports showing that the Association was caring for the interests of the members in a thoroughly businesslike manner and that it was up to the members to do their full share in getting their crops delivered as early as possible. He showed that because of the late deliveries last year the association lost the sale of ten million pounds of tobacco. The buyers wanted the weed but could not obtain it from the association in time and were forced to look elsewhere for it.

It was also shown that the legal department was functioning at 100 per cent and that prosecutions for dumping were being carried on all over the district, 234 suits having been filed to date.

An instance of the difference between the price of the independent dealers and association was shown by the experience of a buyer in the Green River district. He paid the association 17 cents a pound and bought the same grade from a non-member for 9 cents, a difference in favor of the association of 8 cents a pound. A number of instances were cited where the outsider received only a few cents more than the first payments of the members.

All speakers stressed the duty of every member of the association to report every case of dumping, and one committee member stated that he would report his own brother if he caught him trying to break his contract in this manner.

The local committees will meet three or four times each year with the Board of Directors thus affording the heads of the various departments to get first hand information from every part of the district.

Immediately after the committee meeting Mr. Hill introduced Col. W. R. Howell, of Hopkinsville, who made a most interesting talk on the many benefits that the farmers derive from cooperation. His remarks were both forceful and witty and the small audience listened with interest to every word of it.

It is to be regretted that there were so few present, for Col. Howell is a most interesting speaker and was speaking from his heart on the subject and hammered facts and figures into his hearers in a way that was bound to be remembered.

Col. Howell is a lawyer of years of experience at the bar and as a public speaker, having been employed by the National Government in war work where he did remarkable service for his country among the farmers and financiers, in speeding up the raising of money and food for our war work. All present hope that he may be heard here again.

Owing to the short notice of the meeting the public did not attend in as large numbers as could have been wished, but in the future more notice will be given and the public is cordially invited to be present in order to learn how efficiently the association is being conducted.

## TOBACCO NEWS

Tobacco receipts at the Association barn last week were surprisingly light due largely to the excessive dry weather that has prevailed for the past two or three weeks, only 33,295 pounds being delivered. The total for the season was 2,082,330 pounds.

Deliveries for the present week were extremely light, due to the above cause and the fact that the farmers are all busy with spring planting and other work. A particularly encouraging sign is that at the meeting of the local committee held last week, was the report that only about 80 per cent of the last year's acreage would be planted this year, and that all farmers seen had resolved to make better crops this year than heretofore.

If every farmer will stick to this resolution, the crop the coming season should net the farmers a much better price and help to make tobacco growing resume its old time prestige as a money crop. Poor tobacco has never paid the farmer for his efforts, and it is encouraging to the men who have the best interests of the farmer at heart to learn that at last the lessons they have been trying to teach have been learned.

The Town Knocker

The only thing to do with the "Town Knocker" is to kick him out. Tolerate him for a minute, and he spreads like an epidemic all over the community. He is the original "Calamity Howler" and "Bird-of-Ill-Omen." He is never so happy as when he can persuade other people to think the same way as he does. If allowed to "get the floor," he will knock the pins from under the best proposition on earth. He is against every form of improvement, and if he converts enough people to his way of thinking, the town will come to a dead stop. After having killed everything, he glories in the fact that nothing can be done for the town. It is doomed. The only thing to do with the "Town Knocker" is to head him for the cemetery. His habit of knocking is so infectious that it has been known to spread among some of the best people. Kick the knocker out.

Several people from here attended the Hickman County Singing Convention at Croley last Friday and Saturday.

Mr. Ward Bushart, a student at Lexington, spent the Easter holidays with his parents, Dr. and Mrs. R. L. Bushart.

Sixteen students completed the eighth grade here and passed an examination for entrance into High School a few weeks ago. They are: Lowell Weatherspoon, Mary B. Walker, Pauline Davis, James Carmie Hicks, Harry Bushart, Pauline Brown, Paul Brown, Tommie Wiley, Wauneta Johnson, Lucile Murchison, Corone Weather, Paul Fite, Herschel Elliott, Ruby Robey, Carmie Lee Cooley and Ruby Walker.

Misses Rebecca Robey and Irene Bockman and Messrs. Raymond McAlister and Cayse Pillow, students of Murray Normal, spent Easter with their parents.

Miss Lucile Hicks visited friends near Bandana, Ky., last week end.

An Easter program was given at Wesley last Sunday evening by the Junior Missionary Society. It was a splendid program and a large crowd enjoyed it.

Mother Nature has again dressed the forest and fields in green. The blossoms of the orchard and spring flowers furnish a fragrance of our most delicate perfume.

Quite a number of people from each route attended the Lions Club Easter Hunt. All report a good time.

Mr. Odel Sills and Miss Covela Robey were married last Saturday evening. The bride is the pretty daughter of Ike Robey. The groom is a farmer south of town. May their career be one of happiness.

Mr. Reese, the father of Tom Reese, is very ill, he has some broken ribs, probably pneumonia and appendicitis.

Many of our schools have closed. Suppose each has had a successful term. Bowers High school has lost only one game of ball.

Mrs. John Kinney visited her daughters in Memphis last Monday. They are two brilliant young ladies. One is a trained nurse, the other a teacher. If you want business girls, they live on Route 7.

South Fulton Athletic Association presented a play at Welch last Saturday night. A large crowd was present and the young people did fine. We invite them back.

Mr. and Mrs. Paul Riggs and family and Mr. and Mrs. Colye Killebrew of Dresden spent Sunday with Ferren Riggs and wife.

W. E. Dever had a sale Saturday, preparing to move to Missouri at once.

Neal and Hilton Byars of Martin spent the week end in Dukedom.

Charley Qualis is right sick with pneumonia.

That wide awake farmer and candidate for sheriff of Weakley county.

Rice Mayo has purchased a new Ford roadster.

Guthrie Thacker of Hall Moody spent the week end at home.

The Welch High school pupils will present their play at Welch next Saturday night. This is a four act comedy drama entitled "Between the Acts." Every one come and bring some one with you.

Brother Cox filled his regular appointment at Pleasant View Saturday and Sunday. Services were also held at Mr. John Freeman Holt's Sunday afternoon for the benefit of his mother, Aunt Nancy, who is confined to her bed.

### NICE SUM REALIZED FROM WOMAN'S CLUB COMMUNITY STORE

The Community Store of the Woman's Club was a most gratifying affair to the many women who worked so hard to make it a success, and they closed their store Saturday night tired but proud of the week's work.

On Friday and Saturday they held a luncheon at the Chamber of Commerce and sold a splendid lunch on the cafeteria plan that was evidently satisfactory to every partaker, for Saturday night the many patrons of the past two noonday "feats" returned for supper, adding very materially to the profits of the club.

One of the outstanding features of the efforts of the Woman's Club is the ever present desire to furnish value received in its efforts to raise money, and the public always goes away with the feeling that they have got their money's worth. This feature makes for the good of the club, and has a tendency to make the average man feel that he enjoys helping in anything that the women are backing.

While the community center, for which the women are working at the moment is a splendid undertaking, and deserving of the public's support, it should not be forgotten that the Woman's club is always in the thick of every movement that stands for the welfare of Fulton and community, and is never lacking in enthusiasm when called on for aid.

### ADVERTISE THE SHORT ROUTE

Hickman county has joined Carlisle and Fulton counties in voting a road bond issue that will fill the gap in the Mississippi Valley Highway through Western Kentucky from Cairo to Fulton.

The \$300,000 bond issue voted by Hickman county will give the county a north and south federal highway and an east and west state-aid road. This construction will make another link to complete the federal highway from Chicago to the

Gulf. It will result in bringing a great share of the through north and south automobile travel, which has largely been routing through Missouri and Arkansas via Memphis, to Kentucky through Fulton and on south.—Paducah News-Democrat.

### EASTER EGG HUNT

The biggest thing ever put on in Fulton for the enjoyment of the "kiddies" was the Easter Egg Hunt sponsored by the Lions Club Sunday at the fair grounds.

The man or woman who failed to enjoy seeing the little ones in their hunt was blind. All of the boys and girls had an equal chance in finding eggs, and some of them called for prizes as much as \$5.00 in cash. The prizes were generously donated by the business firms of the city and each egg had the firm's name printed thereon so no mistake could be made. It was undoubtedly the happiest bunch of youngsters ever taking part in an Easter egg hunt in the city and the Lions Club is due a vote of thanks for being so thoughtful as to entertain the little ones in such a delightful way. Several hundred were present.

### BOY KILLED ON CUT-OFF WORKS

Child Run Over While Playing on Construction Cars

J. D. Williamson, seven years old, son of Mr. and Mrs. Jasper Williamson, Maxon, was killed near his home yesterday morning at 8 o'clock while playing on a string of railroad construction cars which backed down a grade and ran over him. He was dead when reached a few minutes later. A coroner's jury found that the youth came to his death by being run over by a train of the Dominion Construction Company, a contracting company which is building a section of the Edgewood-Fulton cut-off of the Illinois Central railroad. The body will be shipped this morning to Kuttawa where funeral and burial will be held at noon today.—The Paducah News-Democrat.

### Surprise Birthday Dinner

A large number of the friends and relatives of W. C. Permenter gathered at his home east of the city Sunday and surprised him with a birthday dinner in honor of his 43rd birthday.

Upon his return from church a large crowd, with well filled lunch baskets, was already present to greet him, which was indeed a surprise for him. In a short time tables were prepared and the lunch was spread and served to a crowd that certainly did justice to the many good things to eat.

More than sixty persons enjoyed the festivities of the occasion, and late in the afternoon the crowd departed, after a profusion of expressions of enjoyment, and wishing for the honoree many more happy birthdays.

Bowling Green—Fourteen fire engines were ordered placed on various buildings here at a special meeting of the board of public works.

Danville—The City Council of Danville ordered new sidewalks built in Crescent Heights, the new addition on the west side of Danville, at a recent meet held here.

Winchester—Mrs. Rita Alford, who officers claim is the "prize" hostess of the Bluegrass, was given the limit in the Circuit Court here of \$300 fine and sixty days in jail.

Corbin—Samuel Baker, of Cumberland Gap, Tenn., wanted at Williamsburg on charges of forgery, was shot and killed near Corbin by Deputy Jailer D. J. Bryant, of Whitley County.

Shelbyville—The Federal Land Bank of Louisville has filed suit in the Shelby Circuit Court to foreclose a mortgage of \$8,000 on a fifty-acre tract of land in the Tudds Point Section of the county, the property of Robert Quinn.

Murray—Edward Williams, 4 years old, the child of L. W. Williams, died at the William Mason Memorial Hospital here from wounds inflicted by the discharge of a toy pistol with which he was playing at his father's home.

Pineville—Suit against R. B. Rice to compel him to repay \$1,300 which he collected last year for a cross index of chattel mortgages was foreclosed when three magistrates said they intended to press an effort for recovery.

Lothair—Tom Berry was instantly killed in a pistol battle shared by George Berry, his son, and Cal and Henry Caudell, brothers. The fight took place on the street and thirty shots were fired. No cause is known for the affair.

Burkesville—Mrs. Susan Barton of Marrowbone, this county, died after prolonged illness at the home of her granddaughter, Mrs. Jim Gray. She was 80 years old. She was one of the oldest white women in this county at the time of her death.

Winchester—A search which has spread to beyond the borders of the State has failed to locate Minerva Larson, 14-year-old daughter of a prominent citizen here, who disappeared from her home on March 29, 1926. A man believed to be Floyd A. Dawes of Kansas.

Versailles—Residents of Versailles are wondering just what use to put their police force and city judiciary, too, as it was brought out in a meeting of the City Council that not an arrest had been made and not a trial held in the Police Court during the preceding month.

Tompkinsville—A large number of candidates for the Republican nominations for county offices have announced. County Judge J. M. Jackson and ex-County Judge A. C. Pinckney and Captain Harlan are opposing each other for the Republican nomination for county judge.

Versailles—The City of Versailles has let a contract for the erection of a concrete water reservoir to Clark Stewart Company and a contract for the installation of steel pumps in the new water works to the J. F. Shouse Company of Louisville. The reservoir is to cost \$3,391 and the pumps \$224.

Danville—A spring football game will be held here. Eligibilities will face as many of Centre College's "wonder team" members of 1921, which defeated Harvard, as can be assembled. Bush, McMakin and O'Neil are promising material around which next fall's eleven will be built, coaches say.

Mayfield—The possibility of the early unification of the two telephone systems here was made known by Mayor W. H. Brizendine, following a conference with Kentucky Manager L. E. Webb, for the Cumberland people; W. M. Brown, manager Louisville Home Telephone Company, and Kelly McNish, district manager for the Cumberland people.

Carrollton—The large dairy barn and silo on the farm of Louis and Oscar Harris, on the Carrollton and Ghent Pike, four miles above Carrollton, was destroyed by fire here. The Carrollton fire department was called out and succeeded in saving the corn crib and other adjacent buildings with a chemical extinguisher. The loss is placed at \$7,000.

Louisville—Kentucky Children's Home Society needs \$35,000 for use in equipping its new hospital and furnishing the new dormitory, which will be completed May 15. The building will care for 150 dependent children.

Mt. Sterling—Charles D. Grubbs of Mt. Sterling, candidate for the Democratic nomination for State Senator, has issued a statement to the voters of Montgomery, Bourbon and Clark Counties, in which he favors a production tax on coal and repeal of the anti-mutual law.

**ASHLAND SCHOOLS MAY CLOSE DOORS**

**LACK OF REVENUE TO OPERATE CAUSE OF CONTEMPLATED MOVE.**

With No Relief in Sight 5,400 Children May Be Turned Out of School When Money Becomes Exhausted

Ashland, Ky.—The public schools of this place may close their doors and 5,400 students forced to discontinue their studies for an indefinite period if relief measures are not forthcoming by the close of the month of April, was the general import of a statement made by the president of the school board, John W. Woods, following the council meeting recently held. At that meeting the levy of one dollar proposed by the board for the maintenance of the Ashland public schools was rejected by the board of aldermen and the schools cut off without a cent of revenue for the coming year.

The schools are facing an ever-increasing deficit which is piling up at the rate of about \$5,000 a week, the secretary of the board A. J. Brown shows, and with the revenue from taxation cut off there will be no other alternative than to close the doors and discontinue studies until some relief is forthcoming.

The aldermen based their decision on the grounds that the levy of one dollar proposed by the board of education is illegal and that they, the aldermen, would be jointly guilty with the school board in certifying such a levy to the tax books. The school board's reply was that the school board could not exist upon the seventy-five cent maximum allowed by law and that unless a dollar were appropriated the schools could not operate.

At the preceding meeting of the two bodies of council the budget containing the dollar levy was passed and forwarded to the mayor for his signature. Mayor Salisbury vetoed the measure and named as one of his reasons the excess levy of the school board. The mayor caused to be read the statute pertaining to the levy which states that the maximum sum shall be seventy-five cents. Faced with the probability of a grand debate over their act the two bodies voted the levy this time eliminating the school item. This left the schools in a position of pending bankruptcy and with no revenue at all in sight.

At the plea of President John W. Woods the council voted to reconsider the matter after hearing of the drastic course in view for the schools and upon another vote the budget carried with the dollar levy. This vote was taken in the face of the fact that the statute carries a section which provides a fine of \$100 and a term in prison for any legislative body which appropriates money in excess of the statutory limit. Several of the councilmen expressed their willingness to serve their time and pay the fine rather than see the schools close.

After the paper had been carried on to the board of aldermen for final passage a rebuff occurred when the members of this body declined to certify the dollar levy owing to the fact that the illegality of the act rendered it not feasible and liable to contest in the courts when the school board would be no better off than before. The matter was referred to the next meeting and, in the meantime, the school board will meet and consider its course of action.

**UNITED STATES AID ASKED**

By Highway Commission; Delegations File Petitions With Highway Commission at Frankfort.

Frankfort, Ky.—Good roads boosters from various counties sought Federal aid and indorsement of projects. The Highway Commission was used as an intermediary. Excepting counties that have local road funds available to match Federal aid, no progress was made toward new construction.

A feature of the meeting was the presence of legislative candidates and politicians with delegations in petitioning the Highway Commission.

With no funds available for new construction until July 1, 1926, the Highway Commission now is an agent of the counties to petition for Federal aid. In some instances the commission promised to build parts of the projects later, if the county would match the Federal aid for construction on other parts of the roads this year.

**Union County Plans Plague Fight**

Morganfield, Ky.—The Fiscal Court of Union County appropriated funds to pay traveling expenses while in the county of a government veterinarian in tuberculosis testing for a period of two years. Work will probably be started in the county on July 1 if sufficient men are available for county work.

**Attendance Large at Normal Schools**

Frankfort, Ky.—With over 3,400 students enrolled in the four white normal schools, Kentucky, in the near future, will be supplied with more trained teachers than ever before in the history of the state. Reports made to McHenry Rhonda, superintendent of public instruction, by the presidents of the four normal schools, show that the Western Normal has an enrollment of 1,000; the Eastern Normal, 1,200; the Murray Normal, 700, and the Morehead Normal over 300.

**Sun--Rain--Snow Any Kind of Weather**

THE secret of good paint is "Purity." Ask any master painter the ideal materials for use in a house paint and he will tell you Pure Carbonate of Lead, Zinc Oxide, Linseed Oil, Turpentine and Drier and there you have the formula of Monarch 100% Pure Paint.

No substitute or cheapeners ever find a place in a can of Monarch 100% Pure Paint and you will always find "100% Pure" the "Sterling Mark" of paint on every can of Monarch you buy.

Give your home the best paint protection available by using Monarch 100% Pure Paint and you will always find Pure Paint such as Monarch to really protect the surface over a period of years and it is poor economy to use cheap paint that will not withstand the elements.

It will cost you less in dollars and cents if you specify Monarch 100% Pure Paint and you will always be satisfied.

## ANGRY WITH CAL ON PLEBISCITE

THINKS PRESIDENT'S AWARD IS  
BIASED FOR CHILE

### NO HOPE OF CONCESSIONS

Peruvian Position May Be to Ac-  
cept the Award, But to Refrain  
From Taking Any Part in Tac-  
na-Arica Plebiscite.

Washington. The Peruvian govern-  
ment will refuse to participate in the  
plebiscite, ordered by President  
Coolidge, to determine the ownership  
of the provinces of Arica and Tacna.  
The finality of tone of the presi-  
dent's reply to the Peruvian note,  
categorically refusing to grant any  
of the guarantees requested in the  
latter with respect to the plebiscite,  
has convinced the Peruvians that  
further attempts to obtain modifica-  
tion of the terms of the Coolidge  
award would be useless.

The Lima government believes  
however, that the guarantees would  
respond to the principles of element-  
ary justice, as the note declares, em-  
phasizing that "they are unanimously  
required by our national opinion."

Another note, therefore, is being  
prepared by President Le Gula and  
his advisers. It was learned from a  
reliable source. This communica-  
tion, which probably will be delivered  
to President Coolidge next week, will  
reiterate the Peruvian conviction that  
the award was based on a misapprehen-  
sion on the part of the arbitrator.

It was stated flatly that while Peru  
would have been willing, notwithstanding  
this conviction, to participate in a plebiscite  
of the requested guarantees had been granted,  
the president's refusal to grant them  
makes it impossible for Peru to co-  
operate in carrying out the award.

This was hinted in the last Peruvian  
note. Beside the references to the  
importance of the guarantees, the  
preamble of the document stated:

"Before signifying its consent to  
participate in the plebiscite, which  
is ordered by the said opinion and  
award, it cannot neglect to set forth  
certain considerations."

In no place did the note commit  
Peru to participate in the plebiscite.  
Optimistically the president, in his re-  
ply, quoted the section of the note  
which declared that Peru "will not  
fail to carry out the award."

While Peru already had officially  
accepted the award, President Le Gula  
has definitely decided that the pleb-  
iscite, under the conditions of the  
award, means turning over the dis-  
puted provinces to Chile. In his next  
communication, therefore, the Peru-  
vian president probably will reiterate  
acceptance of the award, under protest,  
but will decline participation of  
his country in a plebiscite. This para-  
doxical attitude will be an endeavor  
to comply with the protocol, pending  
acceptance of the president's decision  
while at the same time maintaining  
itself in the good graces of the Pe-  
ruvian people.

### ITALIAN COMMUNISTS ASSAILED BY FASCISTI

Several Beaten by Canes and Sent  
to Hospital

Rome. Members of the Fascist  
attacked Communists and anti-Fas-  
cists in the cities of Parma and  
Forli, despite the order issued by  
Roberto Farinacci, secretary of the  
Fascist party, to refrain from re-  
prisals for communist outbreaks at  
Bologna and Faenza.

At Parma one Fascist group, which  
was protesting in front of the pre-  
fecture against the suppression of yester-  
day's issue of the Fascist newspaper,  
clashed with the police, while an  
other group attacked and wrecked the  
headquarters of the Liberal party.  
Enrico Guarducci, president of the  
local Liberal group, and Lawyer Aguz-  
zoli, also a Liberal, were severely  
beaten by the Fascists.

In Forli four persons were caned by  
the Fascists and two of them were  
sent to the hospital in a serious con-  
dition. Shops belonging to Commun-  
ists were wrecked, but an attempt to  
burn the home of Signor Bomba, a  
lawyer, was frustrated by firemen.

### Ex-Congressman Dies.

Hudson, Mass.—Word was received  
here of the death of former Congress-  
man L. Dewart Apsley, 77, president  
of the Firestone-Apsley Rubber Com-  
pany and for many years one of this  
town's most prominent residents, in  
Coley, Panama. He had been pass-  
ing the winter there with his wife.

Detroit, Mich.—Edsell B. Ford con-  
firmed reports from Paris that the  
Ford Motor Company has acquired  
property and buildings for the estab-  
lishment of an assembly plant at the  
French capital. Negotiations and ad-  
ministrations will be started immediately  
with production to begin about Au-  
gust 1, Mr. Ford said.

The property embraces approxi-  
mately 16 acres on the Seine River.  
Other citizens have commended the  
plan as being the proper way to han-  
dle it, and showing the small propor-  
tion of crime news to the total car-  
ried.

## NEW METHODS WILL BE TRIED

MELLON DETERMINED TO CHECK  
LIQUOR TRAFFIC

### GOING AFTER BIG FELLOWS

Coolidge Bent on Giving Prohibi-  
tion Statutes Thorough Test. De-  
sires State and Federal Authori-  
ties Work in Co-Operation

Washington.—Assistant Secretary  
of the Treasury Andrews will in a  
few days issue new rules and regula-  
tions for the enforcement of prohibi-  
tion. Mr. Secretary Mellon and Com-  
missioner of Internal Revenue Blair  
are in accord as to the changes in the  
present rules and regulations,  
largely dictated by Prohibition Com-  
missioner Haynes.

It is understood in administra-  
tion circles that President Coolidge  
has asked Secretary Mellon to make  
a great effort to check the liquor  
traffic. His plan is to enforce the  
law or find out that it cannot be  
done, and if so, why not.

There is to be no let up on the lit-  
tle offender, but part of the new pro-  
gram is to get better co-operation  
with state and city authorities, so  
that more time can be devoted to  
the bigger proposition of reaching the  
supply of liquor.

Messrs. Andrews, Blair and Haynes  
are now working together for en-  
forcement. Wherever it is possible to  
turn the hip-pocket fellow over to  
states and cities it will be done, but  
in communities where the local au-  
thorities are not in sympathy with  
the Volstead and other dry laws  
federal officers will do police duty.

"We are going to make war on all  
violators of the prohibition laws,"  
said Commissioner Blair, who has not  
been relieved of any of his duties be-  
cause of the readjustment of the re-  
sponsibilities of the assistant secre-  
taries. "We cannot force state or  
city officers to carry out the dry  
laws, but will try to get them to do  
their share of it. Our principal ef-  
forts will be directed toward the big  
offender, but we will get the smaller  
one, too."

Under the direction of secretary of  
the treasury the commissioner of in-  
ternal revenue has general superin-  
tendence of the enforcement of the na-  
tional prohibition act.

The program of Secretary Mellon  
and his lieutenants is: First, to stop  
the run-runners and distiller who is  
doing business on a large scale; sec-  
ond, to eliminate all unnecessary in-  
terference, with the man who is  
using alcohol in a legitimate way in  
industrial enterprises; and third, turn  
as many of the smaller offenders as  
possible over to county sheriffs and  
city policemen.

The Anti-Saloon League asserts  
that a large proportion of the bootleg  
liquor on the market comes from al-  
cohol turned over to persons for al-  
leged industrial purposes. It would  
take tighter control of permits for  
such alcohol. Mr. Mellon plans to  
make it easier for those above sus-  
picion to carry on their business. The  
forthcoming regulations will make  
clear the attitude of the administra-  
tion on this particular phase of the  
prohibition enforcement. Commissioner  
Haynes, users of industrial alcohol  
charge, has always tried to infringe  
on the law with his regulations. This  
is to be stopped, they now believe.

### FORD COMPANY PLANS COMMERCIAL AIR LINE

Planes Will Run Between Dearborn  
and Chicago.

Detroit, Mich.—Announcement was  
made that the Ford Motor Company  
will soon begin operation of what is  
said will be America's first exclusive-  
ly commercial air line between Dear-  
born, Mich., and Chicago, where the  
Ford Company has a large assembly  
plant.

The plane with which the line will  
be opened is the Maiden Dearborn, an  
all-steel airplane, purchased two  
weeks ago. Another plane will be  
ready in two weeks, it was said, and  
will be placed in operation with the  
Maiden Dearborn on a schedule of one  
trip daily each way. The operation  
of the first plane will be experimental  
for a few weeks.

At first only Ford Motor Company  
mail, freight and express cargoes will  
be carried. The run from Dearborn  
to Chicago will be made in two and  
one-half hours. The Maiden Dear-  
born is capable of carrying a "pay  
load" or cargo of 2,000 pounds.

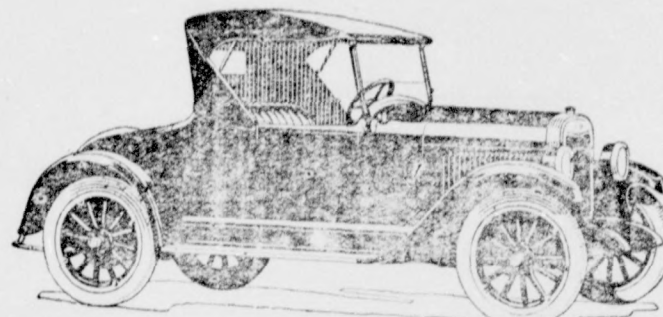

Washington.—After hearing argu-  
ments of both the packers and gov-  
ernment counsel over the validity of  
the Armour-Morris merger, Secretary  
Pardine took the case under advisement  
with the promise that he would  
make a "rather early decision."

Two courses are open to the sec-  
retary of agriculture. He can decide  
that the consolidation of the two  
packing houses does not violate the  
packers and stockyards act, and drop  
the case, or he can issue a rule  
against the merger, which would  
send the case to the supreme court  
for settlement.

### Methodist Church

Rav. J. V. Freeman, Pastor

Sunday School, 9:30.  
Epworth Leagues 6:45 p. m.  
Prayer meeting 7:30 p. m.,  
every Wednesday.  
Preaching every Sunday by  
the pastor at 11 a. m. and 7:30  
p. m.

The services of last Sunday  
were exceedingly well attend-  
ed. At the morning hour Rev.  
Freeman preached a splendid  
Easter sermon. The choir rendered  
special Easter music. During the morning service the  
following babies were Christen-  
ed: Susie Van, little daugh-  
ter of Mr. and Mrs. Dick Wal-  
lace, John Logan, little son of  
Mr. and Mrs. John Stewart,  
Julian Scates, Mrs. Emma  
Armistead and Mr. A. T. Con-  
ley united with the church at  
this service.

The young people of the Ep-  
worth Leagues gave a splendid  
program to a large audience at  
the evening hour.

The prayer service of this  
week was well attended. Mr.  
J. J. Owen was the leader, and  
as usual, Mr. Owen gave a  
splendid talk. The pastor  
would like to see others get the  
habit of attending this service  
of the church.

The Methodist Missionary  
Girls met at the home of Miss  
Bertha Roberts Tuesday after-  
noon with a splendid attend-  
ance. The mission study book  
was splendidly given by Doro-  
thy Granberry. After the pro-  
gram the hostess served deli-  
cious refreshments.

The Warner Blackard Mis-  
sionary Society met Monday  
afternoon at the home of Mrs.  
O. H. Carter with Mrs. Carter  
and Mrs. J. H. Roberson host-  
esses. The meeting was called  
to order by the president, Mrs.  
J. C. Scruggs and was opened  
with song and followed with  
prayer by Mrs. Vodie Hardin.  
Quite a lengthy business session  
followed. The minutes were  
read and roll called and collection  
of dues. The various de-  
partment officers gave splen-  
did reports and we are glad to  
say the business was all up in  
fine order, the secretary gave a  
full quarterly report, which  
was splendid. She reported  
the society had pledged  
\$300.33 to go for missions this  
year besides the local work.  
The girls are working this year  
with unusual interest. Mrs.  
Waupin gave the report from  
the bulletin which was very  
instructive. Mrs. A. G. Bal-  
dridge had charge of the Bible  
study for the afternoon, the  
subject being "The Separated  
Portion." She was assisted by  
Mrs. G. H. Dickey and Mrs.  
Boyd Bennett. Miss Carter fa-  
vored the members with beau-  
tiful piano solo. Mrs. Dickey  
announced the date of the all  
day mission study class to be  
held on April 29 at the home of  
Mrs. Boyd Bennett on Eddings  
street. The leader for the next  
meeting is to be Miss Ruby  
Farmer at the home of Mrs.  
C. A. Wright with Mrs. Wright  
and Mrs. G. H. Dickey host-  
esses. The meeting adjourned.  
During the social the hostesses  
served a delicious ice course, as-  
sisted by Mrs. Clarence Wil-  
liams and Miss Carter.

Miss Marie Duncan enter-  
tained her Sunday school class  
last Sunday afternoon with a  
hike to the home of Miss Grace  
Reeves one and one half miles  
southeast of town. The after-  
noon was spent in hunting eggs  
and kodaking. Pauline Wade  
won the prize for finding the  
most eggs. Later they return-  
ed to the home of the hostess

where refreshments were serv-  
ed. Those present were: Av-  
onell Greene, Jane McAdams,  
Pauline Wade, Edna Harris,  
Evane Homra, Beulah Thomp-  
son, Frances Moss, Ruth Milner  
and Mozelle Pettey.

The senior and junior  
leagues met at seven thirty  
last Sunday evening. Hattie  
May Godfrey was leader for  
the hour. The service was op-  
ened with a piano solo by Elva  
Davis. Prayer was lead by  
the pastor. The Scripture les-  
sons were read by: Martha  
Smith, Louise Sanford, and Mil-  
dred Graham. Violin solo by  
W. R. Butt, Jr., Sarah Butt, ac-  
companied. Addresses were  
given by Wade Joyner, Robert  
Duncan and Paul Kendel. Flute  
solo by Mayme Bennett; Doris  
Huddleston accompanied. A  
solo by Randolph Kramer.  
Reading by Madge Taylor. Of-  
ferty by Marguerite Allen.  
The program was much enjoy-  
ed by a large attendance.

Mrs. Joe Davis is able to be  
out after several weeks illness.  
Mrs. Paul Hornbeak is recover-  
ing from a short illness at her  
home on Eddings St.

Mrs. Miller Harpole is re-  
ported quite ill at the home of  
her parents, Mr. and Mrs. Neil  
McNeeley.

Mr. Lloyd C. Emery has re-  
turned to Paducah after visit  
to his wife at her mother's.  
Mrs. D. W. Hughes.

Mrs. G. H. Dickey has re-  
turned from Louisville where  
she visited Mr. Dickey sister.

Mrs. Mary Collins has re-  
turned from Mayfield after sev-  
eral days visit.

Miss Lena McKeen has re-  
turned from Dresden where  
she spent the week end.

Miss Guy Nell Lucas of Mem-  
phis spent Easter with her sis-  
ter, Mrs. Clyde Hill and friends  
in the city.

Mrs. Tom Grigg is able to be  
back at work after several days  
illness.

Mrs. Bugg was able to return  
home from her mother's in  
Clinton where she has been  
since the accident of two weeks  
ago. She is reported to be im-  
proving.

\$100 to the fund.

### Sewerage Question Discussed

Ex-Mayor Joe Browder, A.  
M. Nugent, Joe Davis and sev-  
eral others joined in the discus-  
sion of the sewerage question  
and it developed that very lit-  
tle can be done along this line  
until South Fulton joins in the  
movement in carrying out the  
project to a finish. A number  
of live wires left the council  
chamber after the discussion to  
appear before the South Fulton  
council in session Monday  
night, and that body will call  
for a vote on a bond issue.

### Other Business

The Council elected W. P.  
Allbritten city tax assessor.  
The ciling ordinance was  
read and adopted.

The contract for city scav-

and promised to assist South  
Fulton at the coming election  
to carry the bond issue.

Chairman Butt of the Freight  
Rate Committee said that his  
team mates were working and  
had taken up the reduction of  
coal rates and hoped soon to  
make a favorable report.

Ernest Fall, chairman of the  
Booster committee, reported that  
his committee had arranged for  
a clean-up week during the last  
week in April and asked for co-  
operation in the work.

Tom Chapman of the Pub-  
licity Committee said that the  
page add in the Commercial-  
Appeal had been taken by the  
Fulton Merchants and that the  
special edition would be out in  
May.

Lon Pickle of the Harris  
Forks committee got a laugh  
when he reported that his com-  
mittee had not done anything  
but he had heard that the creek  
had been cleaned. On  
motion he was instructed to see  
the Retail Grocers Association  
and the Automobile Agencies  
Association and request them  
to refrain from dumping their  
refuse in the creek.

J. W. Watkins, of Memphis,  
made a short talk on the bene-  
fits of a Poultry Association  
and asked the Chamber to en-  
dorse the movement and use its  
influence with the Fulton  
County Fair Association to pro-  
vide a suitable building for ex-  
hibiting purposes guaranteeing  
that if this were done that the  
poultry men of Memphis, Cairo  
and other large towns and  
cities would send large consign-  
ments of chickens here, which  
would help very materially in  
advertising Fulton. The Cham-  
ber went on record as favoring  
the movement and pledged it-  
self to endeavor to obtain the  
desired building from the Fair  
Association.

Dr. Scruggs, of the Enter-  
tainment committee took  
charge of the meeting at this  
point and introduced Rev. War-  
ren who spoke on the relation  
of the Lions Club to the Cham-  
ber of Commerce, and his re-  
marks were thoroughly enjoy-  
ed by all. Next was presented  
Rev. Freeman, who spoke on  
the relation of the Rotary Club  
and his talk was listened to  
closely and received with  
pleasure.

Dr. Scruggs then announced  
that refreshments would be  
served and while this was be-  
ing done Joe Davis told of the  
work of the Boy Scouts and of  
the drive that would be put on  
the 16th to raise funds for the  
ensuing year. Ernest Fall and  
Leslie Weeks will have charge  
of the drive and he urged every  
one to contribute liberally so  
that the boys might be assured  
of their annual camp and bud-  
get.

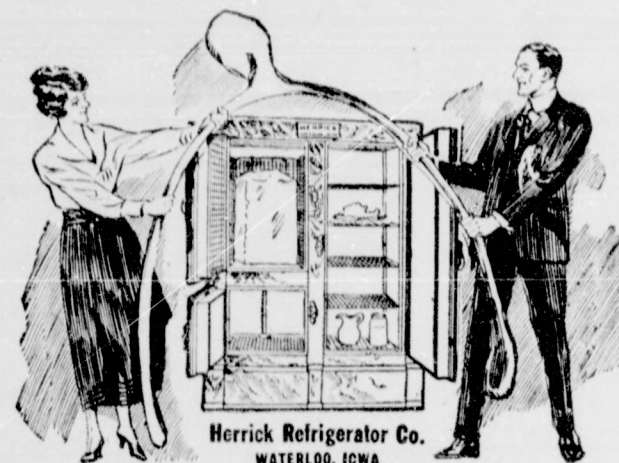

Mr. Butt called attention to  
the fact that next week was to  
be Hospital Week and that  
there had been little advertis-  
ing done and suggested that the  
Publicity Committee see the  
papers and obtain their hearty  
cooperation. He also compli-  
mented the write-up carried in  
the last number of The Adver-  
tiser. On motion the publicity  
work was turned over to Tom  
Chapman and his committee.

During the serving of the  
refreshments a pleasant ex-  
change of ideas and banter was  
carried on and on adjournment  
being taken the crowd left feel-  
ing that the evening had been  
a profitable one to all.

A vote of thanks was tendered  
the Culver Ice Cream Co., for  
delicious ice cream, and Burk-  
heimer's restaurant for the nice  
cake served.

# HERRICK

THE ARISTOCRAT OF REFRIGERATORS

Your Biggest Wishes  
Answered!

## You Get Extra Service if You Own a Herrick Refrigerator

There are two reasons for this double economy. The first is the HERRICK design, which insures a constant, self-purifying circulation of cold dry air throughout the interior of the refrigerator. The second reason is the construction of the HERRICK. From the kiln dried solid oak used for the frames to the lever fastener placed on the doors, everything that goes into a HERRICK helps to keep cold air in and warm air out, and strengthens its resistance to heat, dampness and deterioration.

Your old ice box will be taken as part payment on a  
New HERRICK
