Fulton will officially open the football season here tonight (Fri.) with a game against Hiram (Ga.), which is making its second appearance in the local athletic field and with each year finding more and more spectators. It is almost certain that Fulton will win, as last year the score was 7-0. Fulton's handling of the ball was not as good as usual, yet there was no real attempt to get any points. However, the Eagles have a new team this year, and the Red and Blue have a new team.
