Help Fulton BEAT DYERSBURG

The Busy Men's Bible Class of the First Methodist Church is now engaged in a contest with the Men's Class of the First Methodist Church of Dyersburg. The class which has the largest average attendance between now and June 1 will be entertained with a FISH FRY at Reelfoot Lake immediately following the contest, by the losing class.

Fulton must win this contest. The class invites all to become members and to attend regularly. The class will meet at Carr's Park Auditorium next Sunday morning at 9:30. Splendid programs will be prepared, and you will find the programs very interesting.

Start in Sunday morning and attend regularly. Help Fulton beat Dyersburg and we feel sure that you will derive great benefit also. The lectures are worth while every Sunday and you will enjoy them.

A PLAIN TRUTH:

A man may patronize the mail order houses for years may spend in that time hundreds of dollars and at the same time they wouldn't accommodate him for a two-cent stamp. This is the plain, unvarnished truth. If you think otherwise, try it for yourself and see. These out-of-town houses do not know you --do not care to know you --are not interested in you --in any way only in the money you send them. Spend your money with your own townsmen, who know you for what you really are, who appreciate your worth, your business, your assistance in building up home interests.

"Weather-wise"—Rust-proof
SOUTHERN FENCE helps you up against the strongest fence post in America. It is made of 16-gauge galvanized wire incorporating 1,600 wire links per mile. The wire is galvanized by the unique method of melting in a liquid before it is fabricated. This adds a coating of non-corrosive zinc on the wire, which is protected from the weather and atmosphere. The galvanized wire is then made up into square bales and sent to.Southern Fence Company, where it is made into fence and shipped to you, ready to install.

Your Biggest Wishes Answered!

You Get Extra Service if You Own a Herrick Refrigerator

There are two reasons for this double economy. The first is the HERRICK design, which insures a constant, self-purifying circulation of cold air through the interior of the refrigerator. The second reason is the con- struction of the HERRICK. From the kids dried solid oak used for the frames to the door fasteners placed on the doors, everything that goes into a HERRICK helps to keep cold air in and warm air out, and strengthens its resistance to heat, dampness and deterioration.
