## COMPLETE PLANS FOR SWIFT DAY

Plans are being laid for the annual Swift Day meeting of farm folk at the Science Hall of the Fulton High School in Fulton on Friday, October 6th. The meeting, which will be an all-day one, with luncheon between the morning and afternoon sessions, will begin at 9:30 A. M. It will be called to order by W. P. Ayers, manager of Swift & Company's produce plant.

There will be addresses by Prof. Ted S. Bash, field agent in dairying University of Kentucky, and "Chickens" by L. B. Melching of Swift & Company. One of the features of the meeting will be an address on "Consumer Preferences" by H. W. Mathews of the commercial research department of Swift & Company. Mr. Mathews will bring out in detail how the farmer may profit by paying attention to the likes and dislikes of the consuming public.

A motion picture, "Producing and Marketing Poultry and Eggs," will be shown.

## Court News

With Judge J. E. Warren on the bench, and all court attaches on the job, the Fulton branch of the Circuit court convened here Monday morning at nine o'clock. Ordinary and equity dockets were heard the first part of the week, with the first criminal case heard Thursday, it being the Commonwealth of Kentucky vs. Lee Sanderson, charged with rape of a 11-year-old girl, Ruby Davis, near Hickman, early this month.

The grand jury has returned 32 indictments during this term, sixteen at Hickman and sixteen here. This jury was dismissed Wednesday. Four negroes were tried and convicted Thursday morning. Hurly Pierce and Earl Johnson received two years sentences for forging an order for gasoline to Luby Roper, service station operator at Hickman. L. C. Deboe and W. C. Haskins were given four year sentences for appropriating property from a box car in the local railroad yards.

The Grand Jury: Will McDade, foreman; Homer Roberts, Louie Bard, G. B. Mangold, H. M. Hewitt, Adams, C. J. Muzzall, P. T. Jones, H. P. Roberts, C. L. Gardner, R. E. Isbell, J. A. Pate, Herman Harrison J. A. Hornbeck, H. T. Snow, Henry Ford, W. T. Easley, G. A. Merideth, Bob Veatch, Larry Beales, W. B. McGehee, J. B. Jones, W. J. Bryant and J. T. Clements.

The Petit Jury: Hubert Bennett, Porter Graddy, H. L. Williams, A. B. Adams, C. J. Muzzall, P. T. Jones, H. P. Roberts, C. L. Gardner, R. E. Isbell, J. A. Pate, Herman Harrison J. A. Hornbeck, H. T. Snow, Henry Ford, W. T. Easley, G. A. Merideth, Bob Veatch, Larry Beales, W. B. McGehee, J. B. Jones, W. J. Bryant and J. T. Clements.

## COUNTY MAN GETS 7 YEARS

Hickman, Ky.—Leonard Kesterson, youthful phantom of the Mississippi river bottoms, who has escaped from officers and jails several times in the past few years, was found guilty on a robbery charge by a jury in Fulton Circuit Court here Friday and sentenced to serve seven years in the state prison. Kesterson was immediately placed on trial on another indictment, charging warehouse breaking, in connection with the robbery of the store-room of Charlie Babee, Negro farmer living in the Upper Bottom, between Hickman and Columbus, where Kesterson's mother lived until her death last year.

In addition to the seven years given Kesterson on the charge of robbing Bealer Moore, Upper Bottom farmer, he will also have to serve the two years given him by the Hickman county circuit court for grand larceny. Commonwealth Attorney Flavious Martin, who prosecuted the case, said:

Kesterson escaped from the Hickman county jail at Clinton before he could be taken to the penitentiary. Kesterson, who has been sought all up and down the Mississippi valley, was arrested in July in Arkansas across the river from Rosedale, Miss., by federal officers and taken to Louisville. He was brought back here last week by Sheriff Gauder Johnson to stand trial. He appeared in court with his wife by his side, but heavily guarded. Extraordinary precautions have been taken by Sheriff Johnson and Jailor H. B. Hubbard to guard Kesterson while he is in Fulton county and it is planned to rush him to the penitentiary at Eddyville as soon as his second trial is over, and he is formally sentenced by Judge J. E. Warren.

Ed Matthews was jointly indicted with Kesterson for the robbery of Moore, but has never been tried. He escaped from the Fulton county jail here while awaiting trial and was sentenced to a year in the penitentiary for that.

Kesterson testified at the trial that he was in Mississippi at the time of the Moore robbery, but other witnesses said he had been here shortly before, when his mother died.

The robbery took place August 11, 1932, and Moore testified that the handkerchief slipped down from the hold-up man's face and he recognized Kesterson. Moore was alone at the fair grounds that night.

C. L. Gardner of Fulton was foreman of the jury that found Kesterson guilty. S. D. Stenbridge, local attorney, defended him. The court room was jammed all day as this case has aroused more interest than any case here in years.

Kesterson is also accused of the killing of his half brother, Joe Black, but will probably never be brought to trial as Finley Black, another brother, testified that this was self-defense.

## The Spotlight

Next Sunday, October 1, marks officially what is known as Sunday School Rally Day at the First Methodist church. If you are not attending Sunday School some where regular the churches of Fulton welcome you. A record-breaking attendance is expected Sunday.

The district meeting of the Illinois Oil Company of Kentucky is held at the home of M. E. Lane, of Paducah, who is division manager. Herman Sams and Hardin Morris, Fulton agents for this oil company, were among those who attended the meeting. These meetings, which are held once each month, are noted for the fine spirit and enthusiasm displayed by all the employees. The next meeting will be at Mayfield, followed by another in Fulton in November.

Rev. J. S. Robinson, pastor of the First Presbyterian church of this city, has announced the beginning of a spirited revival at this church next Monday, which will continue from Oct. 2 to Oct. 8. Services will be held each evening at 7:30 p. m. The Rev. R. J. Hunter Jr., will deliver some excellent sermons.

Bobby Matthews, Fulton's ring satellite who has been victorious in most of his fights during the past two years, did not meet Luther Orr in the Jackson arena as planned for last Thursday night. Orr was called to the bedside of his wife who was in a hospital, and the bout was postponed until the night of Oct. 5.

The book drive sponsored this week for the Junior High Library was quite successful, netting over 100 books for addition to the shelves of the library. Most was fictional literature, but some reference works, etc. were included in the collection.

It must have been a great day for singers, when more than 3,000 people gathered from four states at the singing convention at Shiloh National park last Sunday. Many from this community attended, viz: R. C. Crocker, Mr. and Mrs. H. C. Coulter, Dr. and Mrs. R. T. Radl, Mr. and Mrs. C. L. Gardner, Mr. and Mrs. Luther Byars, Mr. and Mrs. Thomas of Dukedom, Miss Ruth Byars, Mrs. Annie Smith, Miss Eula Renfro, Mr. and Mrs. U. G. DeMyer, Mr. and Mrs. M. F. DeMyer, Prof. Bohne, Mr. Ruddle.

At the Orpheum Theater: Thursday and Friday, a thrilling mystery "Penthouse" with Warner Baxter; Saturday, Ken Maynard in "Fargo."

## Birthday Dinner

The children, other relatives and friends of Grandma Howell gave her a birthday dinner Sunday at the home of her daughter, Mrs. Matta Gwyn, it being her 93rd birthday. Two hundred and two were present at the dinner, as follows:

Mr. and Mrs. L. R. Vaughan, Mr. and Mrs. T. H. Howell, Mr. and Mrs. J. B. Williams, Mr. and Mrs. J. G. Duke, Mr. and Mrs. John Howell and children, Mr. and Mrs. C. C. ## NEGRO KILLED UNDER TRAIN

Dug Helms, colored man about 30 years of age, was killed instantly early Thursday morning, when his body was horribly mangled beneath the trucks of some passenger cars taken from a spur where they had been standing near the Walnut-st. railroad crossing near the Usona hotel here. The accident happened at approximately 5:50 according to John Ferguson who witnessed the fatality.

It is not definitely known how Helms became caught beneath the wheels, but it is possible that he had been sleeping under the cars during the night.

This is the second accident of this kind to occur near this crossing in the past month. "Fraz" Alexander, small colored boy of this city, was crushed to death at this same spot by a train several weeks ago.

Helms had been employed at the Fulton Motor Company here where he washed and greased cars. He resided in South Fulton.

## Fulton County Health Department Report

The following brief report of the Fulton County Health Department for the months of April, May and June, 1933, is submitted:

### Sanitation

During this period 616 inspections of sanitary conditions over the county resulted in 334 corrections. 120 visits were made to dairies and 185 inspections of other food handling places were made. 11 dwellings were reentered; 16 approved privies (private) constructed; 27 repaired, 6 septic tanks installed; 22 new sewer connections made; 2 approved school privies built and 14 repaired with 21 well improved.

**Communicable Disease Control.**  
Visits were made to cases or carriers of communicable diseases and 67 persons quarantined. 59 children were excluded from school, most of them because of German measles and itch.

**Veneral Disease Control.**  
In veneral clinics held each week in Fulton and Hickman, 283 examinations were made and 190 treatments given.

**Tuberculosis Control.**  
22 home visits were made to cases of tuberculosis and 13 tuberculosis suspects were examined.

**Immunizations.**  
58 persons were vaccinated against smallpox and 15 doses (5 children) of diphtheria toxin-antitoxin were given.

**Child Hygiene.**  
At the regular prenatal clinics held on the third Wednesday of each month 52 cases were given advice and 25 prenatal cases were examined including laboratory tests. 6 child health conferences were held at which 122 infants and preschool children were examined and their mothers instructed. 126 home visits were made to preschool children, 100 school visits were made and 680 school children examined; 375 of whom were found defective showing a total of 552 defects. 15 talks were made to classes and 979 bulletins distributed. On May 1st, appropriate child health day programs were held in Fulton and Hickman and in those rural schools which had not closed. 933 children in the county had attained the blue ribbon health standard and were awarded ribbons.

**Laboratory Examinations.**  
Specimens obtained for laboratory examinations yet: for tuberculosis 13; for gonococci 13; blood for Wassermann examinations 73; for typhoid fever 1; and water for pollution 39.

**Communicable Diseases Reported.**  
90 communicable diseases were reported as follows: Tuberculosis 1; whooping cough 16; German measles 44; scarlet fever 1; chicken pox 5; smallpox 1; typhoid fever 1; trachoma 1; ophthalmia neonatorum 1; pellagra 4; and veneral infections 15.

## POLICE ARE KEPT BUSY THIS WEEK

Two Paducah youths, Earl Fagan age 22, and Woodrow Walker, 16, were picked up last Saturday by Chief Huddleston on a charge of grand larceny. Ray Pankey of Pilot Oak community left his car parked on Lake-st Saturday and went into a local store to purchase cigars.

When he returned his car was gone. After getting in touch with officers of surrounding communities it was learned that the car had been abandoned at Water Valley by two boys. Fagan and Walker were apprehended while walking down the railroad track from that place toward Bennett's crossing, when Chief Huddleston of Fulton recognized Fagan as having been arrested by him six years ago on a charge of automobile stealing. He returned to Fulton with the youths.

Ellis Winstead, age 47, farmer of the Latham, Tenn., community, died at the Curdin-Neill hospital here Saturday at 6:30 p. m., as the result of injuries sustained when an automobile struck his wagon last Friday near his home. The hit-and-run driver never stopped. M. Winstead was rushed to the hospital suffering a fractured spine and jaw, with many contusions and abrasions. A spinal operation failed to save his life for his injuries were extremely critical. Funeral services were conducted at the Methodist church near Latham by Rev. Cayce Pentecost and Rev. Coleman. Interment followed in the cemetery at Latham. The deceased is survived by his wife and four children.

Lucian Adams, colored, is confined in the county jail at Hickman and his wife, Dora, is dead as a result of a quarrel which took place Saturday night at 11:30 in the restaurant which they operated near the Anderson hotel on Burns-av. Adams shot down his wife when he alleges she and her sister advanced on him with drawn butcher knives.

Chief Huddleston arrested Adams at the home of Harry Morgan a short time after the shooting, and took a .38 mounted on a .45 frame from him. Adams, it is claimed, displayed a minor cut on his hand and a rented garment to prove his contention of self-defense.

Eugene Elglood and wife, Clarence McGhee and wife and Dewey Mitchell, who gave St. Louis as their home, became involved in a quarrel while passing through Fulton Sunday night. They wound up at the city jail. The women folk "fell out" with the men joining in the melee later. In the shuffle Mrs. Elglood claims she lost her diamond ring and her pet dog which fled the scene which occurred near the Boyd service station on the Mayfield highway. After things became peaceful again they continued their trip.

Thieves gained entrance to the Brewer Machine Shop Wednesday night through a window, and stole two acetylene torches with about 20 feet of small hose, the equipment being valued at about \$50. No arrests have yet been made.

Auto thieves busy again in Fulton—Monday night an attempt to steal Chas. Holloway's car was made, but after rolling it from in front of his home on Third to Second-st. they abandoned it. It is believed they became frightened before they could get away with the car. T. J. Marlin reported his car stolen from in front of his home this week.

750,000 NEW JOBS WITH  
\$12,000,000 MORE EARNINGS

With approximately one fourth of the country unreported, labor department officials announce an employment gain during the month of August of 750,000 and an increase of \$12,000,000 in factory payrolls over July. Despite this highly encouraging sign, Secretary Perkins said "this is no time to throw hats too high in the air," because winter is just ahead and the month of November, December and January, normally show reverses. By comparison with the normal year of 1926, she said, employment as shown by these partial statistics still was 28.4 per cent and payrolls 48 per cent below the average of that year and then added "we must try soberly to reach that normal peak."

The figures which are from July 15 to August 15, show payrolls increasing faster than employment or 11.6 and 6.4 per cent. Payrolls, representing a gain of 55.4 per cent over last March, were the highest since December, 1931. Employment gained 29.9 over March, highest since July 1931. Employment gain since March was 2,200,000 in industries reporting, of which 1,500,000 were factory workers, showing increase since March of \$41,000,000. Of the 89 manufacturing industries reporting, 81 showed job gains and 83 payroll increases. One of the most helpful signs is due to the fact that the first major code did not go into effect until July 15. It is predicted that results a month hence will be much more favorable, yet the Secretary of Labor is very

averse to overconfidence until the Blue Eyed is snugly and properly ensconced over every lintel in the land.

Every state except Florida, South Carolina, Utah and Texas reported employment gains. California led with 12.7 per cent. Of manufacturing industries beet sugar showed the largest gain in employment, 55.2 per cent, largely seasonal. Locomotive was 22.9 per cent, followed by radio, stamped ware, slaughtering, and paper boxes. Of 89 industries, aircraft showed the greatest decline, only 3.8 per cent.

The commodity index showed wholesale prices in August stood at 69.5 per cent as compared with 1926 till far below normal and a gain of one point over July. The August level, however, was 16 per cent above the low point of last February when the index was 59.8 and August was the sixth consecutive month to show an advance. The figures are based on 784 commodities covered in the survey.

## AUTO ACCIDENTS

September marks the beginning of an intensive drive in interest of automobile accident prevention. And governors of 34 states and the commissioners of the District of Columbia have issued proclamations. Approximately 74 per cent of our total population live in these areas, and last year about 76 per cent of the 29,000 deaths occurred in the territory composed of these states.

Altho there was a decrease of automobile accidents in 1932 as compared with 1931, this year the trend has been upward. Naturally, there are some unavoidable accidents but these are few and far between. Most accidents are the result of discourtesy and violation of motoring laws.

Extreme care should be used in passing cars, approaching curves, and more consideration given to our fellow motorists. Let's cooperate with this campaign to reduce driving hazards. We not only can reduce property losses, but we can decrease the number of serious injuries and fatalities that result from automobile accidents.

## BUY NOW—OR PAY MORE

The "buy now" campaign recently launched by National Recovery Administrator Johnson should meet with especial interest and favor with wise and thrifty people throughout our nation. There is nothing

## This and That

In experimenting, an Oregon man has grown nuts, peaches and plums on the same tree—the Satsuma tree—a Japanese variety of the plum tree.

Mexico, heretofore having only a small navy, has contracted for the construction of five war transports and ten gunboats to be built in Spanish shipyards. Submarines and cruisers are to be constructed later according to officials of that country.

There is a rush to recondition and build new breweries, distilleries and bonded warehouses in all parts of the United States. The price of bottled in bond American bourbon whiskey has doubled since July due to its scarcity and the general belief that repeal of the prohibition amendment is imminent. Wholesale druggists report that they are having a difficult time getting orders filled.

A survey of the number of policemen murdered in Chicago since 1878 shows that 64 per cent of the slayings have occurred in the prohibition era, dating from 1919 to the present. Organized criminal activity, successful because of an alliance between crime and politics has been the main contributing factor, the director of the Chicago crime commission avers.

Several hundred racketeering 4th class postmasters are likely to lose their jobs, and some may go to jail as the result of a recent investigation conducted by postoffice inspectors. These postmasters have been caught "chiseling" on the government by devising schemes by which they have stepped up cancelled postage, rental fees, money orders, etc. on which they receive a percentage. It is time that the law be changed governing these postmasters, placing them on a graduated salary basis.

The Department of Agriculture reports that building and refurbish-

ing of farm houses has taken an upward spurt in recent weeks, especially in the South, where planters have received more than \$100,000,000 from the government for plowing under portions of their cotton crops.

Washington's speakeasies are booming—Practically non-existent before the Code drives, the influx of business men from metropolitan cities has created a strong demand for good liquor and entertainment.

Free Silver! As in the Bryan days of '96 this inflationist cry is sweeping thru the West. Rural regions are impatient, commodity prices are not rising rapidly enough—Demands for inflation have been made to the President. One proposal is that payment of the soldiers' bonus be made with a currency issue.

Disarmaments again! In Paris the powers talked. Italy and France ironing out differences. England and the U. S. participating—all striving to mold definite purposes for the Geneva conference in October. Germany won't be the scapegoat, and threatens to withdraw from international conferences altogether—demands equal rights with other powers.

Germany battles unemployment. One third of the Germans who were unemployed a year ago are now working. The legion of the jobless has been reduced from 6,500,000 to 4,000,000. "Work and Bread" has been the main point in the program of every German government since the founding of the Weimar republic.

Business continues upward climb. Stocks, bonds, wheat, cotton, corn and most of the minor commodities have advanced. Metal, alcohol, rails, utilities also show increases. The TVA, AAA, NRA, PWA, RFC, CCC, FERA, all under the director of FDR, together with other national, state and local agencies bid fair to bring a revival of general prosperity to the Tennessee Valley basin within a few more months.

Mussolini, who recently took over the portfolio of the minister of war has announced important changes in Italy's military set-up. He expects to lead a movement among European powers for disarmament by reducing his armed forces and the length of compulsory military service.

Wars may be fought with chemicals and most travel may be thru the stratosphere in 10,000,000 years from now, but physically, mere man will remain the same. Conversely, however, it is possible that from a mental and moral standpoint he may evolve into an entirely new being. Man as he is today might be regarded as a very disappointing result of millions of years of evolution—at least, these are the contentions of Dr. Robert Broom.

deposes and says that he is the Editor of the Fulton County News, and that the following is, to the best of his knowledge and belief, a true state of ownership and management of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publisher and editor are: J. S. Dawes, Fulton, Ky; J. Paul Bushart, Fulton, Ky.

2. That the owners are J.S. Dawes E. P. Dawes Jr., J. Paul Bushart and David J. Capps, all residing in Fulton, Ky.

3. That the known bondholders, mortgagees and other security holders are W. W. Williamson, Hillsboro, Ill.

4. That the two paragraphs above, giving the names of owners, stockholders and security holders, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the name of the person or corporation for whom such trustee is acting, is given also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person association or corporation has any interest direct or indirect in the said stock, bonds or other securities than as so stated by him.

## MURRAY HAS STRONG FOOTBALL SCHEDULE

Murray.—Football fans of Fulton County will be interested in the fact that Murray State Teachers College has one of the best teams in its

history to fill a schedule of nine interesting games. The Murray College Thoroughbreds constitute West Kentucky's only college varsity grid squad, and Athletic Director Crutchen has issued a special invitation to citizens of the Purchase to attend one or all of the five home games this season.

Approximately 35 men have reported daily for practice under the coaching of football coach Roy Stewart. Of these one is from Fulton and that is Daron Grissom, end. He has already demonstrated his football prowess and is certain to be an important factor in Murray's grid success this year.

Vester Tuck and family visited Mr. and Mrs. Luther Bell and family south of town recently. Accompanied by Sam Morris and family of Troy and Walter Tuck and family, they enjoyed a fish fry and an outing at Redfoot lake.

## Think It Over

BY THE MEDITATOR

What this country needs is equilibrium. Some parts are moving ahead some lagging, with results as jerky as if wheels, gears and cylinders were working at unsynchronized rates of speed. Unequal rates of changes in economic life, in government, in education, in science and religion make zones of danger and points of tension. Production increases faster than capacity to purchase; employment does not keep pace with improvement in the machinery of production; interoceanic communication changes more quickly than the reorganization of international relationships. Advancing civilization affects the size of cities, types of crimes, manners and morals, forcing economic ills and social inequalities.

In 1900 only some 8,000 high-wheeled horseless carriages jolted timidly along our streets and roads, one to every 9500 of population. There were only 144 miles of "high type surface" rural roads in the U. S. Now there is a motor vehicle for every four persons in the U. S. twenty-six million of them—and the paved country roads over which they hum would make a ribbon long enough to wind five times around the whole world.

The farm, like the city, has been motorized. Trucks, tractors, gas engines, harvesters have run up agricultural production by one half in horses and mules seems to have gained new impetus in recent months, and the wise farmer will study these changing conditions and prepare himself for a new day that is over the horizon.

These United States are undergoing a revolution—just how great

historians will have to tell in years to come. But thank goodness this revolution is a bloodless one in the sense that we are not fighting among ourselves. However, thousands of destitute families, disease, undernourishment and plain starvation are steadily taken a terrible toll in a land of plenty, where Christianity is said to sway us.

livestock are need on every farm and less motorization. Where the farmer owns animals he can raise food for them—but it takes gasoline to make the four-wheeled beast of burden go—and at what price!

Often artificial growth usurps the natural process of life, and brings disaster before the people realize the actual danger. Interest the past twenty years. In 1930 horses and mules at work for us numbered ten million less than in 1918.

Fulton was once noted as a center where much trading and buying of mules, horses and other livestock was done. Today the country is re-awakening to a realization that more

# 'Stork' Weaver To Face Chicks In Union City Sunday

PLAY AGAIN SUNDAY—BATTS SIMON, WEAVER BOYS TO BE IN ACTION.

Big Jim "Stork" Weaver, local boy who made good in the big league and who was recently bought by the St. Louis Browns for 1934, will face the Memphis Chickasaws in their return game with the Union City All-Stars next Sunday in Union City. Quite a hard time was experienced in securing "Stork" for this game and every person who is interested in seeing a home boy pitch against a big league club, can do so Sunday afternoon beginning at 3 p. m.

Two other Fulton boys will see duty in the game when Clyde Batts who has been playing for the All-Stars all year will again be stationed in right field and Melvin 'Butch' Simon who has been playing for the Louisville Colonels for several years and who played for the Chicago White Sox in 1932 will be stationed in center field. Tom Winstett of the Toronto, Canada club of the International league will again be in left field. Winstett is a Gleason, Tenn. boy.

The Memphis lineup will be practically the same as last Sunday but for one change and that Frank Waddey will take the place of one of last Sunday's players.

Those expecting to see the game had better get there by 2 p. m. if they want a good seat as the park was full last Sunday at 2 p. m.

As an added attraction for the day Memphis will bring along none other than Frank Waddey, former trileman and leading hitter in the Southern league this year. He will be stationed in one of the outfield.

Another feature of the game will be the erection of bleachers all up and down the first and third base lines capable of seating every person who attends the game. With Harry Kelly, the kid from Parkin, Ark., doing the pitching for Memphis, the game will start at 3 p. m.

The Memphis Chickasaws came to Union City last Sunday to meet the All-Stars, and so good were the All-Stars that they ask for another game in Union City next Sunday. The 2573 people who sat in the game stood up when asked if they wanted them back—So next Sunday at 3 p. m. these two teams will battle again for honors.

The game was chuck full of thrills with the Chicks offering the first brand of league baseball Union City ever witnessed. Tom Winstett playing for Union City smacked the ball over the fence in the fourth inning and then in the Memphis half of 6th Cortazzo smacked the ball over in the same spot. But the big kick of the game was the twirling of 'Pop' Griffin for Memphis.

## South Hi Notes

The basketball tournament among the classes ended Wednesday. All games have been hard fought and much spirit has been aroused. The Junior boys won from the grade

boys by a score of 25 to 2. Mansfield with 14 points and Ferguson with nine points were best for the Juniors. McClanahan and Peoples stood out in the grade line-up.

The Freshman girls trounced the Sophs to the tune of 16 to 7. Honors at forward were divided between Allen and Doran of the Freshman. Sharp at jumping center and Todd and Dedmon at guard played well. For the Sophs Maynard and Valentine were outstanding.

The Freshman boys were invincible in a well played game as they won over the Sophs 17 to 6. Dedmon and Faulkner proved too much on the defense while Lancaster with his cool play was best in the offense. Jolley, Jonakin and Brundige played good ball for the Sophomores but not good enough to turn back the first year boys.

The Junior girls won over the grade girls by a 9 to 2 score, which entitled them to play for championship. Covington and Williams were the best for the winners while Alexander and Pickle did some fine playing for the grades.

The Freshman boys won over the Junior boys by a score of 18 to 14. This was a very exciting game. It was a tie at the end of the last quarter, but it was played off making the Freshman boys champions. Lancaster, Dedmon, and Dalton showed their ability at ball playing for the Freshman while Mansfield and Ferguson ranked highly for the Juniors.

The Junior girls played the Freshman girls for championship and the Junior girls won by a hard fought for score of 8 to 4. Pickle and Gilliam as centers and Covington and forward did some outstanding playing for the winners. However Allen, Doan and Todd did splendid work for the Freshman.

Brother Robinson was a visitor in school Friday and conducted the chapel program, making a very interesting talk on our everyday lives using a pencil as a means of illustration. The outside or framework of the pencil representing our outward appearance. Not always covering a good lead which is our soul. The easier representing our numerous mistakes and the service rendered by us and the great sacrifices that we make. Bro. Robinson also brought a number of New Testaments which were given to all those wishing to become a member of the Bible Reading Club.

Coch Thomas refereed a football game Friday between Ridgely and Dyersburg.

Miss Wemple, a radio story teller was a visitor in school Friday and entertained several of the classes with stories.

## Bulldogs Lose To Greenfield

The Fulton High Bulldogs met the strong Greenfield grid team in the opening night game of the season at the fairgrounds here last Friday night. Greenfield took the game by a score of 15-0 with about 1,000 fans looking on. The visitors pushed over a touchdown in the first few minutes of play and continue a furious smashing game in every quarter. They crossed the Bulldogs goal line again in the second quarter.

Altho Fulton was outweighed, the Bulldogs was a real fighting aggre-

## Rel Cross Campaign

The American Junior Red Cross conducted an educational campaign thruout all the Fulton schools Tuesday. Mrs. R. B. Beadles is the local chairman. Mrs. Matson, the national field agent, told of the work of the Junior Red Cross thruout the

U. S. and especially stressed the fine feeling of international good will which has resulted from the exchange of gifts between the U. S. Junior Red Cross chapters and those of foreign countries. One or more local chapters will be organized in the Fulton schools during the year.

An Alumni Association of the Fulton High School graduates will be permanently organized on Thursday evening at the Chamber of Commerce. This is a laudable and much desired organization and is worthy of the support of all loyal alumni of the institution.

One of the first projects of the association will be to sponsor the football game with Paducah high school to be played on Friday night Oct. 6 at 8 p. m. The association has inaugurated a ticket selling contest for the purpose of selecting a girl to be the sponsor of the football team. The following girls have been nominated for this honor:

Eleanor Ruth Jones, Senior; Virginia Meacham, Junior; Louise McAnally, Sophomore; Mary Frances Lowe, Freshman. Members of the

alumni association will engage in a merry battle to elect its candidates to this honor.

The Seniors will soon place their order for rings and pins.

The following officers have been elected by the high school classes for this year:

Seniors: President, Paul Durbin; Vice president, Bill Cheniae; Secretary, Carolyn Beadles.

Juniors: President, John Smithson; Vice president, Curtis Hancock; Secretary-Treasurer, Maurice Bailey.

Sophomores: President, Roy Edwards; Vice president, Frances Brady; Secretary-treasurer, Carolyn King.

Freshman: President, Joe Beadles; Vice president, James Robert Powers; Secretary-treasurer, Frances Wiseman.

The following cheer leader have been elected: Senior, Margaret Curlin; Junior, Fred Homra; Sophomore, Ruth Marsh; Freshman, Frances Wiseman. This is a peppy bunch and will develop a fine cheering section for the high school.

A great deal of enthusiasm is being shown in the game with Humboldt which will be played Friday. Many students are planning to go there to see the game and to cheer the Bulldogs on to victory.

## The Road To Health With The-- Auto Electronic Radioclast

A TESTIMONIAL—"About Ten Years Ago I suffered a complete breakdown. Every possible form of treatment was resorted to with no permanent benefit.

On March 6th, 1933, I was examined by Dr. R. C. Cosley on the RADIOCLAST INSTRUMENT, and was found to have an infected kidney, an infection of the lungs and ovarian trouble. I began taking treatments at once, and immediately I began to improve, and after two months the kidney and lung troubles were completely cleared up.

SO FROM MY OWN EXPERIENCE I KNOW THAT THE RADIOCLAST INSTRUMENT NOT ONLY DIAGNOSES ACCURATELY BUT IS AN EFFECTIVE TREATMENT AS WELL."—(Name on Request).
