## Coast Guard Asked to Patrol Dam Area

STATION IS MADE TO  
ATTENDING SAFETY  
MEETING WEDNESDAY

A meeting to improve safety  
measures in the Kentucky Lake  
area was held Wednesday af-  
ternoon in the office of Harold  
Packer, superintendent of the  
Kentucky Dam State Park.

Organizing the call for this sa-  
fety meeting was the drowning  
and loss of five Illinois men  
when their boat was destroyed  
by the turbulent waters below  
the dam.

Benton was represented at the  
meeting by members of the Ro-  
manian Club, who were Ray Linn,  
Woodrow Holland, Spencer Blasing,  
P. T. Gunn, Jr., B. L. Tre-  
vathan, J. Homer Miller and Leo-  
nard Jones. Representatives of  
the U. S. Coast Guard, U. S. En-  
gineers, Fish and Game Clubs  
and the Tennessee Valley Au-  
thority also attended the meet-  
ing.

Special effort is being made  
and was discussed at length Wed-  
nesday a securing a Coast Guard  
boat to patrol the waters below  
the dam when the gates are op-  
en. This safety measure along  
with warning boys and other  
safety devices would greatly re-  
duce the danger of drowning in  
this particular locality.

Requests for better safety  
measures were discussed.

A permanent basing of two  
Coast Guard patrol craft in Ken-  
tucky Lake, to enforce safety re-  
gulations applying to all craft  
using the waters, as well as  
supervise inspection of public  
bathing facilities.

A provision of patrol craft  
manned by officers with police  
powers in the popular fishing  
area below the dam during the  
season of peak danger.

A standard practice by pri-  
vate dock concessionaires to de-  
bar boaters from staying out of dan-  
gerous areas.

Absentive educational  
program to increase public  
knowledge of the dangers of im-  
proper or reckless use of boats  
in the area.

After considering these pro-  
posals, the Kentucky Lake Associa-  
tion will seek as an organiza-  
tion to have all of them, or  
which its directors approve,  
placed in effect.

MEETINGS TO  
BE HELD AT OAK VALLEY  
FRIDAY, JUNE 27

A series of gospel meetings  
will begin Monday night, June  
24, at the Oak Valley Church of  
Christ, with the Rev. Elbert M.  
Young doing the preaching. The  
services each evening will begin  
at eight o'clock.

The public is invited to attend  
any or all services.

## Circuit Court To Convene Here Monday June 27

ONLY ONE OUTSTANDING  
CASE IS REPORTED ON  
CRIMINAL DOCKET

The mid-summer term of the  
Marshall County Circuit court  
will begin here Monday morning  
when Judge Holland G. Bryan  
calls court into official session  
about 9:00 o'clock.

Jurymen for the term have  
been summoned for the open-  
ing and second days of the  
term.

Only one outstanding criminal  
case is listed, that of the Com-  
monwealth vs. Crates Derrington.  
According to Brian Holland,  
Circuit Clerk, it is probable that  
another short term of court will  
be held here. Many cases on the  
other dockets were disposed of  
during the last term and cases  
on civil, ordinary, and other  
records indicate a short session.

W. L. PRINCE FILES AS A  
CANDIDATE FOR COUNTY  
JUDGE ON REP. TICKET

It was reported here yester-  
day that W. L. Prince, had filed  
papers as a candidate for the  
office of County Judge on the  
Republican ticket, and H. A. Ri-  
ley had filed as a candidate for  
Judge of the Benton Police  
court. Wednesday was the last  
date for filing as candidates in  
the primary races.

DOES MEETING HELD  
AT HALL MONDAY NIGHT

The regular meeting of the  
Benton Chapter of the O. E. B.  
was held at the Masonic Hall  
in Benton Monday night.

Regular business was trans-  
acted and only routine work  
was done.

Bodies of Drowning-Victims Recovered

W. Morris, of Herrin, Ill., and  
Miles Baker, also of West Frank-  
fort.

The men were fishing near  
the spillway where four gates  
were open. The men were be-  
lieved to have lifted anchor and  
prepared to move when their  
outboard motor failed to start  
allowing the current to pull the  
boat under the rushing water  
coming through the spillways  
of four open gates.

A professional diver spent  
several hours searching for the  
bodies.

Quite a number of drownings  
have occurred near this point  
below the dam and the loss of  
five lives Thursday has brought  
requests from the public for ad-  
ded safety methods in and about  
the Dam. A meeting was held  
at Gilbertsville Wednesday by

officers of the Kentucky Lake  
Association in an effort to see  
what could be done for greater  
safety. It was reported here  
this week that one state official  
favored the closing of the boat  
locks as one means of discour-  
aging so many people using this  
section of the river.

So far as is known here there  
is no method in use for the in-  
spection of boats used near or in  
the vicinity of the dam at this  
point. It has been pointed out  
that hundreds of inexperienced  
persons are allowed to use  
boats in this danger spot of  
the TVA area. Very few are  
ever warned of the danger that  
really exists and amateurs are  
allowed to have boats at many  
dangerous places.

## Pennsalt's Calvert City Plant To Play Important Role In A-Bomb Output

KEY PRESENTED--Pennsalt's President Beltzel received a "key" to My Old Kentucky Home during the A. of C.'s picnic in Paducah Monday night where he spoke. Presentation of the key was made by Luther Traffen, right, of Calvert City.

## Program For Birmingham Picnic Is Completed For Annual Event

BRANDON PRICE TO GIVE  
DEDICATION ADDRESS;  
MUSIC ON PROGRAM

Arrangements for the annual  
Birmingham picnic and Home-  
coming have about been com-  
pleted. It was announced today  
by Clifton Cox, President of the  
Birmingham Association.

Mr. Cox predicted that "this  
year's meeting would be the big-  
gest one since the organization  
was completed.

The Homecoming will again  
be held on the first Sunday in  
July, the annual meeting date,  
in the wooded grove on the South  
bank of Kentucky Lake near  
the former George Holland home  
place.

This year a 19-year lease to  
about 50 acres of land will be  
presented to the Association and  
Marshall county. This point is  
the nearest point of land that is  
not under water, to the former  
town of Birmingham. Malcolm  
Little, of TVA, will be present and  
present the lease.

The following program for Sun-  
day, July 3, has been arranged:  
10:00 A. M., Assembly.

10:00 to 11:30 Entertainment  
by Roscoe Cox and the Ken-  
tucky Lake Boys.

11:30 to 12:30 Regular busi-  
ness session, Clifton Cox, pre-  
siding.

12:30 to 2:00 P. M., Basket  
Lunch spread picnic style on  
large table on grounds. Everyone  
invited to attend and bring back  
bags of food.

2:00 to 3:00 P. M., Dedication  
ceremony--A. L. (Chick) Love,  
Minister of Ceremonies.

Hon. Malcolm G. Little, of the  
TVA, will present lease for the  
Park site.

The Hon. Brandon Price, of  
Paducah, will give the Dedicat-  
ion Address.

Music by the Maple Springs  
Quartet to follow Mr. Price's  
address.

3:00 to 4:00 P. M., Entertain-  
ment by Roscoe Cox and his Ky.  
Lake Boys.

The public is invited to attend  
and spend the day, meet and  
great old friends of the Birm-  
ingham community. A number of  
former residents who have never  
attended the Homecomings  
have signified their intentions  
of being present this year.

Hydrofluoric acid, which will  
be produced at Pennsalt's new  
plant at Calvert City, plays a  
major role in the manufacture  
of atomic bombs. George B.  
Beltzel, Philadelphia, company  
president said at a meeting in  
Paducah Monday night.

Beltzel was addressing more  
than 700 persons attending the  
annual meeting Monday night  
of the Paducah Association of  
Commerce at Luther Carson Park.

Beltzel said the company's new  
plant at Calvert City near Ken-  
tucky Dam will be "one of the  
biggest" in the manufacture  
of the compound. He said the  
building of the new plant Tuesday of this week.

Discussing the use of fluor-  
ine, Beltzel revealed that its  
most secret use during and after  
the war has been in the manu-  
facture of atomic bombs.

It is now a matter of public  
information, he said, "that flu-  
orine provides the key to extrac-  
tion of U-238 from ordinary ura-  
nium, raw material for all atom  
bombs. Thus does fluorine  
chemistry stand at the forefront  
of the jet-propelled, atom-pow-  
ered new age which is unfold-  
ing before us."

Fluorine is generated by the  
hydrolysis of hydrofluoric acid,  
"a product that will be produced  
at the Calvert City works. Hy-  
drofluoric acid is made from  
fluor-spar mined in the vicini-  
ty of the Calvert plant. The  
availability of raw materials  
and Calvert City's central geo-  
graphic location were factors  
behind Pennsalt's building the  
plant at Calvert City, Beltzel  
said.

A major attraction was a model  
electric train exhibit show-  
ing how Pennsalt chemicals are  
transported across country. The  
kids, especially, loved the Illi-  
nois Central exhibit.

Other principal attractions  
were the exhibit hall and ware-  
house.

Company officials took groups  
of 15 through the plant.

## Mother Of C. D. Nichols Dies Thurs. Morning

FUNERAL SERVICES TO BE  
HELD AT FILBECK CHAPEL  
FRIDAY AFTERNOON

Mrs. Ollie Woodson Nichols,  
wife of W. W. Nichols, 69,  
died at their home in Benton, early  
Thursday morning following an  
illness of several months.

She was a member of the Mt.  
Moriah Primitive Baptist  
Church.

HOLLAND ROSE SPEAKS  
AT TEACHERS' MEETING IN  
HARDINSBURG, KY.

Holland Rose, Marshall county  
superintendent of schools, spoke  
to the assembly of the state-  
wide conference for assistant  
teachers of agriculture at Hard-  
insburg, Ky., Thursday of this  
week.

Mr. Rose discussed the Farm  
Training program, which is being  
given and studied in schools of  
the state.

REPORTS OF MRS. NICOLEY  
MAKE VISIT HERE

Dr. and Mrs. J. V. Broome,  
of Middleboro, Ky., were recent  
guests of their daughter, Mrs.  
C. L. Nicoley and Dr. Nicoley in  
Benton. Dr. Broome was enroute  
to Louisville to speak at the  
Dedication service of the new  
Baptist Church at 11th and Oak  
streets in this city.

## Oil Truck Is Damaged In Accident Here

A large transfer shell oil  
truck was practically ruined and  
all the oil lost early Wednesday  
morning when it overturned in  
a 16 foot embankment two miles  
north of Benton on the Padu-  
ah highway.

The driver of the truck was  
injured save for shock from be-  
ing scared at so narrow an es-  
cape of injury.

In passing a car the driver  
of the truck edged over too far  
in the shoulder and was pulled  
into the ditch.

The name of the driver was  
not obtained but he was not a  
local man. The driver of the car  
continued on his way not see-  
ing the accident.

Traffic on the highway at the  
place where the truck ran off  
the highway, was held up for  
several hours due to the time  
required to get the big truck  
out of the ditch.

## 1,500 See New Pennsalt Plant

About 1,500 persons visited  
the new \$2,000,000 Pennsalt  
plant near Calvert City Tuesday  
as the company held open house.

Although weather was believ-  
ed to have thinned the crowd  
earlier in the day, the afternoon  
found persons streaming thru  
the plant.

A major attraction was a model  
electric train exhibit show-  
ing how Pennsalt chemicals are  
transported across country. The  
kids, especially, loved the Illi-  
nois Central exhibit.

Other principal attractions  
were the exhibit hall and ware-  
house.

Company officials took groups  
of 15 through the plant.

Calendar says: Fishing had the  
balance of this and all of next  
week.

There is a "freecroton" going  
on in the fishing business, and  
it has almost developed into a  
depression--Only a few very  
lucky persons have seen a fish.

Lucky: Hugh Thompson land-  
ed a 3-pound big mouth Monday  
while casting near the Dam on  
the South side.

Joe Williams, who was with  
Hugh, landed a skilfish stripe  
near the same point.

"They Say" strippers are hit-  
ting in the Lake around Jona-  
than Creek, but we couldn't lo-  
cate "they say" for verification.

Ye fishy editor, old Kodger,  
and distorter of facts, did see a  
stranger land at Big Bear Creek  
with 4 fine big mouths.

Ye fishy one's limit for the  
whole week end was (1) one blue  
gill, no shad, and no carpae.

## Miss Lillian Winebarger Weds Rev. John Brandon

The First Baptist Church, in Greenville, Ky., was the setting of the wedding of Miss Lillian Evelyn Winebarger, youngest daughter of Mr. and Mrs. W. L. Winebarger of Greenville to the Rev. John W. Brandon, son of Rev. and Mrs. Joe F. Brandon, of Benton.

Dr. J. J. Gough of Benton performed the double ring ceremony at 5 o'clock.

The church was decorated with greenery and baskets of white gladioli.

Following the ceremony Miss Mariana Trivillon of Gadsden, Ill., played "I Love You Truly" and Mr. Dick Robertson of Gadsden, Alabama sang "At Dawning" and "Because". During the ceremony Miss Trivillon played softly "The Lord's Prayer". After the closing prayer Mr. Robertson sang "Seal Us, O Holy Spirit".

The bride, given in marriage by her father, wore a white dress of tissue chambray trimmed with imported embroidery. Her corsage and garland for her hair were of gardenias. She

carried a white Bible. Mrs. Eugene Kuhn of Hammond, Indiana, sister of the bride, was Matron of Honor. She wore a dress of pastel yellow pique and her flowers were gardenias. James L. Brandon, brother of the groom, was best man.

The brides mother wore a tan silk dress with a corsage of Talisman roses. The grooms mother, Mrs. Joe Brandon, chose a grey linen dress and her flowers were pink carnations.

Following the ceremony a buffet supper was served in the bride's home for the immediate families of the couple. Mrs. Brandon was graduated from Murray State College in the class of 1948. She taught Home Economics in the high school at Clarkton, Missouri, the past year.

Reverend Brandon will receive his degree from Murray State College in August. He served 27 months in the South Pacific during World War II. He is now Pastor of Oak Grove Baptist Church near Clarkton, Missouri.

At present the couple are at home with the grooms Mother here. After August, they will live in Clarkton.

### SUE LAWRENCE AND JIM OWENS ARE MARRIED WEDNESDAY AFTERNOON

Miss Sue Lawrence and Jim Owens were united in marriage at the New Bethel Baptist Church late Tuesday afternoon in the presence of the members of both families and a few friends.

The Rev. Loyd Wilson officiated at the double ring ceremony.

Miss Marilyn Chester and Coy Creason were the attendants.

Mrs. Owens, the daughter of Mr. and Mrs. Novice Lawrence, of Brewers, is a graduate of the Brewers High School and attended the Murray State College.

She was attired for her wedding in a white suit with white accessories and wore a corsage of red roses.

Miss Chester wore a navy blue suit with black accessories and

her corsage was of red roses. Mr. Owens, the son of Mr. and Mrs. Jim Owens of Route 1, is a graduate of Brewers High School and attended Memphis State College. He was a member of the Brewers Basketball team that won the State championship two years ago.

He is now employed in Corpus Christi, Texas where they will reside.

### BENTON PERSONS ATTEND LOUISVILLE WEDDING

## Keating Says Fishing Natives Can Ruin Or Make Tourists Enjoy Fishing

At one time or another most of us who enjoy fishing have run across a situation where a game or native has been ruined. You should have been here yesterday, the fish were hitting the net. Then, too, there is the century-old story of "tomorrow" being the day to get a fish—if the fisherman can't be around to give the lake or stream a try.

Frankly, this yesterday tomorrow routine always makes us angry; we just don't like it. And we've been trying to get to the bottom of the reasoning that makes the natives make such statements. First, you almost always hear

### Kenny Says Fishing Natives Can Ruin Or Make Tourists Enjoy Fishing

At one time or another most  
around to give the lake or  
stream a try.  
Frankly, this yesterday tomor-  
row routine always makes us  
angry, we just don't like it. And  
we've been trying to get to the  
bottom of the reasoning that  
makes the natives make such  
stupid mistakes.  
First, you almost always hear

The Marshall Courier Benton, Kentucky.

this kind of chatter on lakes  
or streams with an outstanding  
reputation for fishing. And the  
natives usually aren't willing to  
admit that fishing, at times, is  
bad for periods of several days.  
Then, on the other hand you'll  
find places where the natives  
think that their talk about yes-  
terday-tomorrow fishing will en-  
courage sportsmen to return,  
hoping next time to "hit it right"  
with the gamesters.  
Recently a group of 20 fisher-  
men (this writer included)

spent a weekend on a famous  
bass fishing lake. The lake has  
had a reputation for over 50  
years as one of the best large-  
mouth bass waters in the U. S.  
The natives and guides are  
proud of their lake, and some of  
them give out with the old  
yesterday-tomorrow talk when-  
ever bad fishing happens.  
And we hit this lake on a  
"bad day" and the fishing was  
even below par for many lakes  
of less reputation. But we didn't  
mind the poor fishing. Fortu-

nately we had a guide who was  
practical. The wind was from  
the east (when the wind's from  
the east, the fish bite the least)  
the water temperature was 58 de-  
grees and a cold rain fell most  
of the time.

Under such elements no lake  
could produce well, regardless  
of its fishing reputation.

At the end of the first day,  
our guide remarked: "Boys, it's  
really rough fishing out there  
today; you've gotta work for a  
few strikes."

We liked his comment; we ap-  
preciated his honest remark.  
And, above all, we were glad he  
didn't give out with the yester-  
day-tomorrow stuff. By being  
honest, we're going back again  
and we hope to get the same  
guide-and better weather for  
fishing.

Too, we hope that on other  
trips this summer we're equal-  
ly fortunate in getting guides  
who don't deal out faulty infor-  
mation on the fishing. That way

it is fun-even if the fish don't  
cooperate.

## New 3-V Knitting Process Means Longer Life for Nylon Sheers

"V" was for Victory during the war. Now "V's" are for the newest news in volumetric nylon. Through a special new Larkwood process of knitting, three V's are knitted into the top of a nylon sheer to give it a new thigh-conforming fit. And good news for MEN—the center triangle is a guide-line for instant, accurate gartering, and volal back seams are straight! This 3-V volumetric knitting process means that the "volume content" is knitted in for a true top-to-toe dimensioning for various leg types. This volume controlled elasticity gives a shock-absorbing quality to the nylon fabric, bringing the boon of more comfortable fit, fever runs, longer wear.

## Open Stock Furniture Is Discussed In June Issue Of American Home

"Sweets to the sweet" are always welcome. But "sweets" to the customer, meaning those three to six piece furniture groups are usually a headache. The practice of "suite selling," fairly common today, is in direct contrast to customs of the silverware glassware and china fields. There — you can select a pattern, buy a "starter" set, and add to it—piece by matching piece—as you desire and as you can afford.

Since furniture is as much a household essential as silver, glass or china it too should be available in the same way. It too ought to fit the mood, pocketbook and situation of the family at any given moment.

Yet the day seems to be approaching when the budget-conscious householder, searching for that single beautiful chair or cozy sofa, can get his heart's desire without having to take the extra pieces of a set. In short, a trend toward open stock furniture selling is wending its way from the largest metropolis to the smallest hamlet.

Who is responsible for increasing this trend, and who will as-

needs. Doing this over a period of years, American Home shows, will bring furniture expense, formerly a sizeable initial sum, down to a comfortable yearly average, well within the means of the everyday family.

Says Wiley, "As a paying customer, you usually get what you demand." It is up to the purchaser to state his demands—that he wants one chair or two chairs only—the rest to be added when budget and space allows.

The new trend in open stock will become more and more widespread and will receive wholehearted support from both manufacturer and merchant only when the man with the buying dollar states his desires.

## 3 Union Leaders Are Indicted In Court Here

FISH & WHALE TAILS  
(By the Fishy editor)

**SMITH, SANDERS AND**  
**McCLOUD ARE CHARGED**  
**BY GRAND JURY**

The Marshall County Grand Jury Wednesday indicted three Paducah labor union business agents for the dynamiting of a \$100,000 boiler at the Pennsylvania Salt Manufacturing Company's new plant near Calvert City.

Charged in the true bill were Glenn Smith, chauffeurs and chauffeurs; W. G. McCloud, common laborers and hod carriers; and William Sanders, ironworkers.

The trio was accused in an indictment with conspiring to dynamite the boiler.

Both charges are misdemeanors, punishable by fine or jail sentence or both.

The boiler was blown up under cover of darkness in August 1948. Marshall county officers and other authorities conducted an intensive investigation, but made no arrests.

Two of the defendants in the indictment, McCloud and Smith, also are charged with dynamiting of water pipe at Lone Oak early last spring. McCloud and Smith also are accused in McCracken Circuit Court indictment bill with forming a conspiracy to blow up the Lone Oak pipe.

Circuit Judge Holland Bryan denied special appeals for grand jury investigation of both the Marshall and the McCracken cases.
