Public Schools Closing Entertainments

Elementary Grades Present "Brownie's Band."

JUNIOR HIGH TO GIVE EDUCATIONAL PAGEANT

Terry-Norman Introduces An Operetta, "Let's Go Traveling."

Present indications point to interesting and entertaining exercises at the close of the Fulton Public schools this term. Announcements made by the various committees of entertainment signify varied and interesting programs.

The Elementary grades of Carr Institute will present "Brownie's Band," a play that will bring out the talents of the pupils. Teachers in charge of the presentation state that the pupils have taken an interest in the play, and it will be well presented by the little folk Tuesday night, May 12, at the Carr Park auditorium.

The Terry-Norman grade school will produce an operetta, "Let's Go Traveling," which promises to be an interesting musical comedy production. The presentation will be made at the Carr Park auditorium, Friday, May 15.

Dr. Baker, of the Christian Church of Union City, will deliver the baccalaureate sermon at the auditorium Sunday, May 17. He is a good speaker and entertainer, and the people of Fulton will no doubt hear a splendid and well expressed talk on this particular occasion. The address will begin at 11:00 o'clock Sunday morning.

The Junior High School students will render an educational pageant entitled, "The Light," Tuesday night, May 19. This presentation will not only be entertaining, but instructive and beneficial to the public.

The Class Day Program Committee announces a well planned program, which includes the valedictory and salutatory address, and a number of new features of interest and importance. The Class Day Exercises will be held in the high school auditorium Wednesday, May 20, at 2:30 p. m.

Richard Halliburton, world traveler, lecturer and writer, will deliver the commencement address Thursday night, May 21, at 8:15 p. m. Diplomas will be awarded seniors who have been successful in obtaining their credits. The following students are candidates for the laurels of graduation:

Bob Binford, Paul Bushart, Fred Carden, Moorman Campbell, Glenn Campbell, Hillman Collier, Cecil Gardner, Robert Holland, Abraham Haman, Carl Henderson, Morris Howell, George Hansell, Kenneth Parker, Tobe Perce, Herbert White, Fred Whitel, Simpson Waggoner, Ned Weems, Leslie Triplett are the 19 boys.

Ruth Atwood, Mary Anderson, Jessie Marie Clements, Jennie Combs, Mary Donoho, Dora Mae Duncan, Emmaline Finch, Dorothy Granberry, Minnie Lee Hart, Hilda Hales, Mary House, Monira Homra, Florence Wade, Martha Smith, Lena Evelyn Taylor, Evelyn Lemond, Mary Belle Warren, Lela Osgood, Berah Roberts, Katherine Smotherman, Desiree Brann and Mary Sue Wilbur completes the list of 22 senior girls.

The senior play "Seventeen" by Booth Tarkington, which was presented at the High School auditorium Thursday evening, May 7, was attended by a capacity crowd. It was a

play of merit, and was splendidly produced by the seniors.

The closing of the Fulton public schools this term will mark a distinctive era in the history of the Fulton schools. Supt. V. L. Broyles, Prof. A. J. Lowe, and several teachers will not be included on the faculty next term. It is a hard matter to keep good instructors and educators for they are continually seeking wider fields in which to exercise their knowledge. The school system of Fulton will miss the faculty members who will not be here next year, and it is regretted that such a change had to be made.

Vest C. Myers was chosen by the Board of Education as superintendent of schools to fill the vacancy left by the resignation of Supt. Broyles. Mr. Myers is a well known and prominent educator of Charleston, Mo., and it is generally believed that he will take up the reins where Supt. Broyles left off and even raise the standard of the schools of Fulton to a high perfection.

South Fulton School Closing Successful Year

South Fulton School is closing its fifth term under the leadership of Prof. H. L. Jones and each year the school has progressed with a substantial growth until the present standard has been reached with an enrollment of 350.

The commencement program opens on Sunday, May 24, with the baccalaureate sermon by Rev. O. J. Sowell at the school building auditorium.

The Commencement address will be delivered by P. L. Harrell, Superintendent of Public Instruction State of Tennessee at school auditorium Friday evening, May 29.

The Senior Play, "Rose Brook Farm," will be at the school building at a date not yet determined.

There are thirteen graduates this year, as follows: Norma Braam, Lennie Martin Chambers, Lucile Jonakin, Margaret Griffin, Gladys Elam, Mozelle Swiggart, Altie Gates, Era Lewis, Milton Tucker, Waylon Johnson, Ned Jonakin, Neal Sellars, Howard Elam.

Too much credit cannot be given the teachers for the splendid work accomplished this year. South Fulton school ranks high among the institutions of learning in this section of the country. The following

Mother's Day

Heber Finch Announces for County Attorney.

In today's paper we are authorized to announce the candidacy of Heber Finch for County Attorney, subject to the action of the Democratic primary, election August 1, 1925.

Mr. Finch is a gifted young lawyer and is now serving the people of Fulton as City Attorney. His record in this capacity speaks for itself; and his success in prosecuting bootleggers has been phenomenal. He is attentive to his duties, and if elected county attorney will give his undivided attention to the official work of the office. Mr. Finch is in every way capable of filling the office with credit to himself and the people. During the campaign he will endeavor to see each and every voter. His announcement follows:

Announcement.

In announcing for County Attorney I am mindful of the fact that the voters in their selection will probably use the same degree of care in selecting an attorney for their county that they would in choosing a lawyer to personally represent them in legal matters. The fact that the legal matters to be handled by the fiscal court in the next four years are the most important in the entire history of Fulton County.

To those who know me I make no comment of my qualification; to those whose acquaintance I have not made I leave that matter in the hands of the business people with whom I have come in contact and with whom I have associated during the time I have practiced law in Fulton.

I have not entered this race without due consideration, but have done so after a most careful investigation covering the entire county.

I make this pledge to the people, that if nominated and elected, I will attend strictly to the duties of the office; give careful and proper attention to the legal business of the county and make an honest effort to enforce the law.

This announcement is made subject to the action of the Democratic Party in its Primary election of August 1, 1925.

Respectfully,
HEBER FINCH.

Serious Accident

Nell, the pretty little 8-year old daughter of Mr. and Mrs. J. L. Buckingham, residing in the Highlands, was on her way home from school Tuesday when a log wagon happened to pass with a skid dragging the rear. The child hopped on the skid and fell beneath it, and before the driver knew of Nell's predicament she was seriously injured, one ear being severed and the body badly bruised.

The friends of Mrs. D. K. Galtney rejoice to learn that she is recovering from her serious illness at the home of her mother, Mrs. Hattie Fields, on Edgings street.

Great Day In Fulton Sunday

555 IN SUNDAY SCHOOL CLASS

Congressman Alben Barkley was invited to Fulton Sunday and delivered an address to the Busy Men's Bible Class of the First Methodist Church and visiting Bible Classes of various denominations in the city at Carr's Park auditorium. His talk was on the National Sunday School lesson, Text: "Daniel Purposed in His Heart that He Would Not Defile Himself with the King's Meat, nor with the Wine Which He Drank."

No lecture delivered in Fulton in recent years was listened to more attentively and enjoyed more than on this occasion.

The story of Daniel and his companions in captivity in Babylon is always interesting, and the manner in which Mr. Barkley told it made it doubly interesting.

It is announced that on next Sunday at 9:30 o'clock at City Hall auditorium another treat is in store for the Busy Men's Bible Class and visitors, when M. B. Holifield, a prominent attorney and teacher of the Men's Class of the First Baptist church of Mayfield, will come to Fulton and bring with him a powerful message to deliver.

Mr. Holifield is not only a gifted lawyer, but a Bible scholar with it. So don't fail to hear him Sunday. Five hundred and fifty-five were in attendance last Sunday. Let's make it one thousand this Sunday.

NEW SERVICE STATION

Patt's Service Station, of which Mr. Godfrey is manager, is a new station on Commercial Avenue to be opened to the public on Saturday, May 16th. With every 10-gallon purchase of "That Good Gulf Gasoline" on opening day will be given one gallon of Supreme Motor Oil in crank case free. This is a convenient station to get gas and oil and all the little courtesies extended autoists.

Railroad News

CROP PROSPECTS LOOK GOOD

A trip through Fulton county today is enough to make one feel good and rejoice with the tiller of the soil over the prospects for a bumper crop for 1925. We have had an unusually early season. April was an ideal month for the farmer and he took advantage of the opportunity to till the soil and plant crops. The amount of corn planted is far in excess of former years, and many fields are up and in beautiful condition. The cool spell the last week in April retarded growth, but it looks good just the same. Cotton planting has been under way for several days and the early planting will mean much to the farmer this year as the soil was in splendid condition to receive the seed. Last year many had to replant to get a stand. Everything in the way of farm work is progressing in a fine way and it now appears that the farmers of this vicinity are going to be blessed with a fruitful year, unless something happens to injure or ruin the crops. Of course a large acreage of tobacco will be planted as usual, but some of our farmers are diversifying and not planting so much. In fact, the "one crop" farmer is passing away and is a back number.

We are all dependent on the farmer and rejoice with him on the season when it is good.

AIR FORDS

It may not be so many years until every well equipped American household will have its "Airford" so that the family can travel in a straight line on a joy ride instead of being bothered with annoying detours.

Then there will be a clear and unobstructed view of the landscape, with no billboards or other detractions that so ruffle the temper of the motorist.

The dream of Darius Green and his flying machine fell far short of what the Ford's expect to accomplish.

They will be "family" cars in the sense of the word that the Ford is today. They will be metal, will have a wing spread of sixty feet, a fuselage of forty-eight feet, but their total weight is less than that of a sedan automobile.

The capacity, or as it is technically phrased "useful load," is 2,000 pounds and there will be room for eight or ten passengers, in addition to the pilot's seat.

It is the avowed intention of the "flivver king of the air" to produce these machines ultimately at the low figure made possible by quantity production.

Ford now builds an automobile every eight minutes, and

who is there to challenge that he can't build monoplanes the same way?

Twenty years ago the man who dared to predict that automobiles would dot the country's highways as they do today, was ridiculed as a dreamer. Today he is the richest man in America, if not in the United States.

Not all dreams come true, but this one did. And who makes bold to say that in two more decades every community will not have its landing field?

BUSINESS IS GOOD, THANK YOU

It is rare to find a man in business of any sort who will tell you that business is good, yet it is good, if a survey of business and industry taken by the National Association of Manufacturers is any criterion.

The summary, based on 10,000 answers to questionnaires, shows that consumers' prices are lower, price variations are less severe than a year ago, stability has supplanted hysteria and indecision, employment is on the increase for the summer, wages are high with no indication of wide reductions, production is at a healthy flow and business is at a higher volume.

Good is a relative term in any case, and especially when applied to business. What some men regard as good may be poor or indifferent to others.

There is plenty of reason for encouragement because of these reports. Business has to be good before men engaged in trade will admit it.

Prospects are especially bright in Fulton because of the large amount of building and road work which will take place here this summer.

SWEET POTATO ACREAGE INCREASED THIS YEAR

A trip to the country last Sunday showed that there will be a considerable increase in the acreage of sweet potatoes this season, and some of the many who intend to grow larger crops of this vegetable seem to be worrying about the wisdom of their decisions.

Judging from the prices said to have been received last year, their worries are largely imaginary gathered by the Advertiser man, is that the price was sufficiently high to indicate that there is a very reliable market waiting for a much larger crop than was obtainable last year.

One farmer expressed the belief that the proper thing to do was to select two or three crops and religiously stick to them from year to year, and that in the final receipts it will be shown that he will come out ahead of the man who shifts from year to year, trying to guess what will be the best money making crop each season. The logic of this system seems to be sound, and if more farmers would adopt it, there would undoubtedly be less heard of the hard times that farmers are having.

The world may laugh at dreamers, but someone has to dream if anything is ever accomplished.

150 BODIES FOUND IN CATHEDRAL

BULGARIA SEETHING FOLLOWING AMAZING BOMB PLOT

MARTIAL LAW PREVAILS

Reign of Terror, Directed From Moscow, Expected—Bombing of Cathedral During Funeral Kills Six Generals.

Berlin.—The Bulgarian minister to Germany, Dr. Popoff, accused the Bolshevik regime in Moscow of direct responsibility for the explosion of an infernal machine which killed more than 150 persons in Sofia, and the recent attempt on the life of King Boris.

London.—All the great powers in Europe will make a joint demand on Austria within a few days, calling upon the Austrian government to expel the plotters who have headquarters there for the purpose of stirring up trouble in the Balkans, particularly in Bulgaria.

It is learned through a diplomatic source in London that Great Britain especially regards this matter as one of international concern.

Sofia.—The toll of dead from the explosion of a bomb in the roof of the Sveti Kral Cathedral while funeral services were in progress for Gen. Gaidaroff, who was slain in the streets of Sofia, stood at 150, but the figure is likely to be added to, as many of the injured are in a critical condition. Four hundred were injured.

Hospitals and clinics are crowded with the injured, some of them so badly hurt as to be almost unrecognizable. It has been found impossible to identify some of the dead. Six generals were killed.

Sofia was in a state of ferment, the greatest excitement prevailing. Martial law has been proclaimed throughout the country, while the military authorities have ordered a curfew established, the streets to be cleared at 7 p.m.

PRINCE AGGIE, BULL, SELLS FOR \$110,000

Record Price Paid for Holstein-Friesian Animal in California.

Los Angeles.—Prince Aggie of Berkeley, a four-year-old pedigree Holstein-Friesian bull, whose several dams are reputed to hold a world's record for butter fat production, has changed hands for a price of \$110,000, a new record for such a transaction. Announcement of the deal was made here by E. H. Agce, secretary of the California Live Stock Breeders' Association.

The valuable animal was purchased by August A. Kuebel of Santa Paula, Cal., from J. W. Snodgrass, manager of the Berkeley Stock Farm, Hueneme, Cal.

According to records, the nearest approach of the transaction was \$106,000 paid for Carnation King Silvia by the Carnation Stock Farms of Seattle, in 1916.

Man Admits Bombing Cathedral

Paris.—A Sofia dispatch to the Matin says that Peter Zagorski, a beadle of the Sveti Kral Cathedral, has been arrested and has confessed to complicity in the bomb explosion which caused great loss of life. He named as the principal authors of the outrage, two men, Kosta Yanakoff, and Ninkoff, the latter a former officer in the engineer corps.

Ninkoff, he said, placed the bomb under the roof of the cathedral on the morning of the explosion and it was lighted by a student wearing a student's uniform.

The police are said to be close on the trail of Yanakoff and Ninkoff who are chief and sub-chief, respectively, of the Sofia Communist executive central committee.

Gas Innocuous to Fly

London.—The efforts of a brilliant young scientist to discover a poison gas powerful enough to destroy flies nearly had fatal effects for the scientist. The flies seemed to like the particular gas he tried, and were none the worse for the experience, but it was tough and go for the experimenter.

Choose Filers for Arctic Journey

Washington.—Lieutenant W. F. Schur of Portland, Ore., and Chief Boatswain Earl E. Reber of San Diego, Cal., were selected by the Navy Department to accompany Lieutenant Commander Richard E. Byrd of Winchester, Va., on the MacMillan Arctic expedition this summer.

Chicago.—Walter Piske, a concrete worker, who was to have been married to Miss Mamie Bracker, was found dead, his body hanging to a tree near Franklin Park, a suburb where both resided. Piske disappeared, and apparently had been dead for about 15 hours. The wedding party was anxiously awaiting his arrival when his body was found. The police who started working on a theory that he had committed suicide, although relatives said they could assign no motive for such an act.

Help Fulton BEAT DYERSBURG

The Busy Men's Bible Class of the First Methodist Church is now engaged in a contest with the Men's Class of the First Methodist Church of Dyersburg. The class which has the largest average attendance between now and June 7 will be entertained with a

FISH FRY

at Reelfoot Lake immediately following the contest, by the losing class.

Fulton must win this contest. The class invites all to become members and to attend regularly. The class will meet at Carr's Park Auditorium next Sunday morning at 9:30. Splendid programs will be prepared, and you will find the programs very interesting.

Start in Sunday morning and attend regularly. Help Fulton beat Dyersburg and we feel sure that you will derive great benefit also. The lectures are worth while every Sunday and you will enjoy them.

The Disc Cultivator with Automatic Horse Lift

None of the work of raising the rigs at the end of the row falls on you; all you have to do is to trip the handy balance lever and up the rigs go with the pull of the team—no work at all for you and no increased draft for the horses—that's one of the many features you will be sure to like on the

JOHN DEERE JA

This is the handiest disc cultivator ever made, and it can't be equaled for thorough work.

Width of cut can be changed by sliding disc head in or out on notched crosshead plate.

Cutting angle is regulated by forward ratchet on disc head, and tilting of gangs by upright ratchets. No bolts to loosen—no wrench necessary.

Changing gangs from one throw to the other requires the removal of only two cotter pins.

Handy levers for adjusting rigs accurately for depth.

The oscillating scrapers are another important advantage—by merely turning a hand lever on the scraper bar, scrapers may be instantly set to the inside or outside of disc.

The automatic frame shift on the JA insures easy and perfect dodging on crooked rows. The discs are always parallel with the wheels, insuring effective work under all conditions.

It's easy to convert the JA from a disc to a shovel or spring-tooth cultivator. We can furnish the rigs desired.

Come in and see the John Deere JA.

Clyde, the Clown

By ROSCOE G. SCOTT

EVERY town has a Clyde. God saw fit in His great plan this world to send down into community somebody to make people laugh. Everything Clyde did was funny—at least to us. He spent our rather listless days in a town, Ind. When he came to his mail the post office always with a good shout of old fashioned merriment. Our church socials, flat if Clyde happened to be around. Indianapolis seeing a show. Here more baseball games for our team than all the members of nine.

In our amateur theatricals he best. Our home newspaper would merely have to say:

The play given next Tuesday evening at the Opera House has a talented cast, the chief comedy role falling into the capable hands of our true humorist, Clyde Davis.

That was the trouble with Mildred Walker. She took Clyde's love making as a joke. Not that she didn't care. She did. Mildred Walker would tingle under the quaint bits of love making performed by our town humorist—until she saw his face and then she would break from his arms with laughter—saying his face looked so much like Buster Keaton's.

A year before, Millie graduated from the local high school. Clyde had been out of school three years and was trying with friendly overtures to build up a defunct little garage business taken over from a slipshod uncle. He had the promise of a good automobile agency when he got on his feet and he would have been standing there erect months ago had he had Mildred. But she had pooled such an extravagant compliment.

Then to make matters far worse, two things came along. The first was a catastrophe—Millie Walker inherited nearly a hundred thousand dollars from her Grandfather Walker. The second was the advent of a dramatic coach, who hailed from Boston and coached plays for a living, after an alleged successful fling in metropolitan vaudeville. The whole thing looked like the makings of the old fashioned melodrama with Clyde Davis the defunct hero, Millie, the pure hearted heroine, and DeVoss Langdon—the villain. Langdon talked knowingly of "back stage acting" and "hogging the spotlight" and very early he branded Clyde a "ham comedian."

One hesitates to jump to conclusions, but at the local hotel several of us hoobs unwisely told this Langdon of Mildred's fortune, by way of getting reflected glory for ourselves.

The night of the play I saw Clyde take Millie to the darkest corner of the theater and I saw her run away from him. I knew the lie was up between the two. Clyde muffed every chance at a laugh that night and was funny only because he was so miserable and acted so rottenly.

She came to him afterward. I think she felt guilty maybe. He told us that DeVoss was leaving after business arrangements the next night and Millie was going away with him. He confided in me the whole story. Millie had told him that her folks were set on Clyde and thought her love for the coach infatuation. "But gosh, Be," he said to me tragically, "it's the real stuff." He told me how he had offered his clowning to help her get away, for the Walker home is less than fifty yards from our little depot and facing away from the tracks onto the Main street. Clyde was to amuse the family with stunts just at train time and Mildred was to beat it with her sultor. My protests were hushed. He said he wanted to.

I watched him the afternoon of the elopement. I had a point of vantage that nobody has ever seen. He started his fooling with Millie's little sister, Bessie. But nothing would tempt the parents from the house. For some strange reason Clyde's feeling had lost its charm. He clowning with the little sister, with Millie's great Dane, he called in vain to the house for them to see his stunts; once Mrs. Walker came to the door; but she went back and far away the engine of the East-bound train whistled for Middletown. Her folks had always come out before to smile over his antics. Millie might think he was not honest in his desire to serve. If he failed she would only despise him. DeVoss had come to the track in the hotel back fifteen minutes before. Millie was pined by parental eyes.

An idea! His fooling was forgotten. I saw him stagger about. I heard him shriek, "Oh God, I am dying!" Then he fell headlong and before I could get to him, Millie's father and mother were bending over him and he was half laughing, half crying. Into our circle came Mildred, parting us savagely and taking up his head in her arms. I heard him whisper to her in a true stage whisper that she must rush. But she held on and he was not allowed to explain. And the Boston dramatic coach dis gustedly boarded the train and the villain had been—true to form—foiled.

"I am so glad you did it, Clyde," she said as she cried over him. "I thought it was all real and then I knew how much you meant to me."

Which all goes to prove that the old melodramas were not so far off after all!

ECONOMIC WASTE IN LONG DISTANCE BUYING.

The only road to real economy is the road that leads to the Home Town. This is the first
commandment in community development. Whenever we pass up our own community and
send an order away from home, we break this commandment by one stroke of the pen. Give

First Christian Church

Ollie J. Sowell, Pastor

The Bible School made a fine record in attendance last Sunday and it is very encouraging to the superintendent and officers. If every member will do a little work and be responsible for one new member each Sunday, it will soon double in attendance and interest. The Loyal Sons Bible Class came to the church and registered Sunday morning and then went to Carr's Park to hear Alben W. Barkley who lectured to the Busy Men's Class of the Methodist church, who are in a conference with Dyersburg.

A fine crowd was present for the eleven o'clock church service. Bro. Sowell preached a fine sermon on "The Eternal Call." The great need of the world today is, not only to answer the call of Christ in word, but in deed. Every Christian should, in answering, present himself or herself as a living sacrifice, which is their reasonable service. There are too many oral Christians, and not enough living. People do not judge Christianity by what we say, but what we do, every day of life. If every profession Christian would live uprightly, the world would be far different.

The superintendent of the young people's junior work reports that a fine program was given in the Endeavor Sunday evening, and then Dr. Norment told some interesting stories about the boys and girls of South America; it was interesting and instructive to the children.

A fine crowd was present for the evening service to hear the message of Dr. M. L. Norment, who is a fine Virginia gentleman, highly honored for his noble work as a missionary in South America. Dr. Norment told of the experiences and also of the needs of those people who do not know the old gospel story of Jesus and the Cross. He made an earnest appeal for the churches to realize their responsibility in reading the gospel in all the world. Let us pray and give of our material substance that these people may know the story of Jesus and His redeeming love for all the world.

The India Gordon Missionary Society met Tuesday afternoon with Mrs. Herman Grymes on Third street. This society is largely composed of the young married women of the church. They are doing some fine constructive work for the cause of missions as well as the home work.

The Woman's Missionary Society met Monday afternoon with Mrs. G. B. Winston at the Heywood Apartments. This is a fine organization of the older women of the church. They had the honor of being the first society in the state of Kentucky to raise their quota for the Golden Jubilee drive, which was to raise a million dollars for the work in Mission Fields.

The Church board held its regular monthly meeting Monday night in the City National Bank, with the chairman, W. D. Albritten presiding. The majority of the officers were present, and many things concerning the life of the church were discussed and decided upon. Rev. Sowell gave plans for a year's work in the church that will cause growth and general development in every department.

The Board is planning for a big revival meeting this summer, and the man in view is one of the greatest preachers in the Brotherhood. Some minor changes were made in the regular program of the church. The First Christian Church is very enthusiastic over the bright outlook for the future.

The prayer meeting was well attended Wednesday night and the pastor gave a very instructive talk along lines of service. Special effort is being put forth of the development of the prayer meeting programs, and every member should always be present if it is at all possible.

Personal

Dr. M. L. Norment left for Murray, Ky., Monday morning, where he will give an address in the Christian Church.

Mrs. D. C. Ligon is spending several days in Louisville visiting her sister and friends.

Mr. and Mrs. Paul Pickering

and son were visitors in Memphis one day last week.

Mr. Guy Ledwidge of Hickman was a visitor of the church Sunday night, also Mr. Tobe Herring.

Rev. O. J. Sowell will preach the graduating sermon for the class at Cayce, next Sunday morning.

Mrs. Alice Murphy was able to be out for church Sunday.

Mrs. M. A. Boswell is better, after a very severe spell of sickness.

Mr. W. H. Spradlin continues ill at his home on Pearl street.

Next Sunday is "Mother's Day."

Sunday school, 9:45; R. C. Pickering, Supt. Lord's Supper and preaching, 11:00; sermon by Dr. D. H. Stars of Lexington.

Junior Endeavor, 7:00; Mrs. J. M. Culver, Supt.

Mother's Day Program Sunday evening at 8 o'clock. Special music. Mother's sermon, by O. J. Sowell. An invitation is extended to every one. Work, pray and come.

DELEGATES ELECTED TO STATE FEDERATION OF WOMAN'S CLUBS

At the May meeting of the Woman's Club the following delegates and alternates were elected to the State Federation of Woman's Clubs which will meet in annual convention at Henderson, May 19-22. Messdames W. W. Morris, Jake Huddleston, J. R. Snow, L. O. Bradford, J. C. Scruggs, W. J. Willingham, Fred Worth, B. F. Evans, Ira Little and J. F. Nichols.

Tips on Race Horse Gambling

Dr. J. Frank Norris, of Fort Worth Texas, Needed in Kentucky

Addresses Memphis Audience

Addressing a vast audience at the Auditorium in Memphis Sunday night, Dr. J. Frank Norris of Fort Worth, pastor of the largest Baptist church in the world, touched the high spots of some of his experiences in which he revealed the occasion of his noted sermon at Fiftieth and Main streets, Fort Worth, when he was defied by a group of representative citizens. These citizens have since become his most intimate friends, Dr. Norris said.

Dr. Norris said in part: "The most interesting thing in my career was when I was editor of the Baptist Standard at Dallas, and race track gambling at the Dallas fair was at its height. I received a letter one day, written in a very poor trembling hand, on cheap, ragged paper. It had 12 pages. It was signed by a heart-broken woman, written from a little town in the piney woods of southern Texas. She wrote me that her only son had gambled on the races and lost; that he had taken money from the bank where he was cashier and expected to replace, and that he found himself caught and went the six-shooter route by his own hand. She wrote me urging that as editor of the Baptist Standard I expose this great evil, so as to save other mothers' boys.

"I went out to the race track and went under the grandstand. I saw 48 bookmaking stands. I had never seen anything like it before. I had the whole business photographed. I also found where the city of Dallas was making \$125,000 profit from its contracts with these gamblers, and I had those contracts photographed. The name of an outstanding, prominent Baptist was signed to it; but that didn't make any difference. I gave a whole issue of the Baptist Standard to the exposing of this issue. The front page headline was "Racing at the Dallas Fair; Gambling Hell."

"Sentiment of the state was aroused, and today if a man bets a dollar on the horse race, he goes to the penitentiary. I am opposed to the state fair running on Sunday. I spent six weeks in Austin, and during that time addressed the Legislature several times. I have done so on several occasions since, too."

Lesson for May 10

PHILIP AND THE ETHIOPIAN TREASURER

LESSON TEXT—Acts 8:14-39.
GOLDEN TEXT—"The entrance of Thy words giveth light."—Ps. 119:130.
PRIMARY TOPIC—A Man Did What God Told Him.

JUNIOR TOPIC—Philip and the Ethiopian Treasurer.
INTERMEDIATE AND SENIOR TOPIC—How Philip Won the Ethiopian.
YOUNG PEOPLE AND ADULT TOPIC—The Use of the Bible in Evangelism.

I. Philip Meeting the Ethiopian (vv. 26-30a).
1. Leaving Work by Divine Direction (v. 26).

The Lord called Philip away from a great work in Samaria and specifically directed him to this man. Abrahamlike, he obeyed the divine command not knowing why he should leave the work in Samaria and go into a desert place. As he journeyed on by faith he copied the state chariot of the Ethiopian treasurer. The Spirit of God directed him to go near and join himself to the chariot. The tactful question put to the treasurer gained him a seat by the side of this dignified officer. The mission which at first seemed so unpromising was now clear.

2. An Officer of State Seeking the Way of Salvation (vv. 27-28).

The Ethiopian had been to Jerusalem to worship. Despite his high official position he was not ashamed of the worship of God. The journey from that far off country required much hardship and expense, but to the one whose soul yearns after God, this is all joy.

3. A Providential Meeting in the Desert (vv. 29-30).

The coming together of these two men was clearly the predetermined way of God.

II. Philip Preaching to the Ethiopian (vv. 30b-35).

1. The Ethiopian's Employment on the Way (v. 30).

His occupation at the time of this meeting was reading the Word of God. At the invitation of the Ethiopian Philip joined himself to the chariot and found him reading from the 53d chapter of Isaiah. This is a most excellent way to spend one's time while traveling.

2. The Absolute Need of a Preacher (v. 31).

The Ethiopian was reading one of the clearest testimonies to the Messiah in the Old Testament, yet he was unable to get anything out of it. The fact that the Ethiopian, a great statesman, needed an interpreter of the Scriptures, even such a plain passage as the 53d chapter of Isaiah, shows the absolute need of a preacher. The gospel must be experienced before one can be a witness to its saving power. The human mind is blind to spiritual things, making the work of an evangelist indispensable. If a statesman of this rank was unable to grasp the meaning of such a clear passage, it should not be thought strange that for the rank and file of men a guide is needed. God has designed that through the foolishness of preaching the world should be saved. Preaching the Word of God will always be necessary.

3. Philip's Message (vv. 32-35).

He began at the Scriptures which the Ethiopian was reading and preached unto him Jesus. This shows us that the person represented in the 53d chapter of Isaiah as suffering instead of others was Jesus instead of Israel, also that the central theme of the preacher's message should be Jesus. He did not preach Jesus as a great teacher, but as a Savior who had suffered and died instead of sinners. He preached Him as the one who had offered Himself as a ransom.

III. Philip Baptized the Ethiopian (vv. 36-38).

As a result of Philip's preaching the eunuch proposed baptism. When Christ is truly preached, men naturally desire to confess Him in baptism. Where this feeling is lacking, the gospel in its fullness is evidently not preached. The Ethiopian might have offered many excuses for neglecting this important ordinance, but like every man who is honest before God, he was willing at any cost to render obedience. The proof that men really believe in Jesus is their willingness to render obedience to His Word. It is faith in Christ that saves, but those who have genuine faith desire to seal it in baptism. Having secured from the Ethiopian the proper confession, Philip baptized him.

IV. The Ethiopian Rejoicing (v. 39).
Confession of Christ always brings joy. Those who obey the commandment of the Lord can go on their way rejoicing.

BOND ISSUE FOR ROADS LOST IN OBION COUNTY

Obion county was given a decided setback on good roads May 1, when the million dollar bond issue was lost by about 760 votes. The bond issue fight was hotly contested by the Good Roads Association and an organization lined up against it. Perhaps no election in Obion county has caused more bitterness among the voters than the recent bond issue election. It is said friends for-sook friends and made new connections never dreamed of before; brother was against brother and son against father. It is a bad predicament for a county as good as Obion, to get into, and who would have thought it? We hope amends will be made, differences smothered out and the next bond issue election will carry by a handsome majority and everyone made happy.

The \$180,000 school bonds carried by about 1,000 votes. Hurrah for that. It may be a help to educate the people of

our sister county in Tennessee to vote for good roads next time.

GOOD ROADS

Good roads are something which everybody wants for nothing. As there is nothing free in this country except elbow room and the grip, the good roads movement is having hard work breaking any of the speed records.

The good roads agitation always shows a more rapid pulse in the winter time, and converts a great number of people who object to traveling over highway that look like an Alpine mountain range. But man has a short and brittle memory, and when summer comes and the roads lie down flat again public enthusiasm also lies down and buttons the flap on its coin pocket. There are more good roads enthusiasts during the rainy season than at any other time of the year, and if a vote on a bond issue could be taken immediately after a cloudburst, the polls would be more congested than the tables at a 15-cent supper.

The present method of making good roads is to plow them down the center with a sixteen-inch cultivator and decorate the road-bed with sod. This provides a smooth, resilient surface which can be traveled in perfect safety by the still-walking crane or an automobile which cuts through the fields. It is not at all difficult to convert the owner of a new automobile to the good roads theory if he is caught at the moment when he is trying to worm his way through a fresh sod improvement, two miles and a half long and running from fence to fence.

This life is full of strange inconsistencies. People complain about the money wasted on chewing gum, false hair and skin gods, but it is not the price of a hair cut to the sums wasted in patching roads that refuse to stay patched. The automobile is the evangelist to the good roads movement. Every sale of a five-passenger touring car with tires subject to sudden and disheartening puncture means better roads and more of them. Therefore, we should all buy touring cars and cease to knock the good roads advocate.

"TWO DEAD; TWO INJURED"

The season of the year is here when the headlines begin to run to dead and injured, especially those in the Monday editions.

In a recent instance the driver was perplexed by the blinding lights of the "car" ahead, but his perplexity did not arouse him to action soon enough to save the lives of two friends riding in the car with him.

On this road, the interurban

line frequently crosses the highway from one side to the other, particularly at the entrances to towns. This happened to be at the outskirts of a town, and the automobile met the interurban as it was crossing the highway. When the driver realized the "blinding" lights were not those of an automobile, he made a frantic effort to avoid the inevitable.

There is a lesson in every automobile accident, but so few people ever profit from them. Apparently. This one particularly teaches the danger of driving too fast after dark on roads with which the driver is not familiar. Many accidents are due to unexpected railroad crossings and turns. No driver is safe driving at a high speed, but the margin of safety is considerably reduced when the driver is not acquainted with the character of the highway.

This is a factor in the driving of automobiles that few take into consideration, though on it hinges the fate of everyone who rides. High rates of speed on strange roads make driving hazardous at night, and some drivers learn the lesson too late.

Some of our Fulton boys and girls should take a hint and use less gas.

TIMES HAVE CHANGED

Although the American conception of government does not include legislation that stifles individuals, yet there is a social consciousness that recognizes the obligations of government, as representative of the people, to unfortunates.

Much of what an earlier generation denounced and damned as "Socialism" is now accepted as a matter of course. The state recognizes responsibility for unfortunates who are unable to care for themselves. Gradually we are discovering that some experiments in public charity once regarded as extreme are nothing of the sort.

Widows' pensions furnish a good example. Granting that the public conscience would not permit children to starve after the death of their fathers, we have discovered that it is better for mothers to care for their children than to confine the children to orphan asylums. It is cheaper, too. We are beginning to wonder whether it may not be better—and in the long run more economical—to pay attention to child health now and save hospital expense later. It might be good business to spend more to provide prevention and less for cure.

The school children's parade last Saturday was an inspiration for higher and nobler ideals along this line.

ROAD WORK IN FULTON COUNTY

The roads running out of Fulton have nearly all been dragged and travel in almost any direction now, is a pleasure.

In some few directions there are a few culverts that should be repaired, and undoubtedly will be as soon as the overseers can get to them. Or perhaps they are compelled to wait until the neighboring farmers can stop their farm work long enough to spare the time to do the job.

Work on the Fulton County road to Hickman is reported to be going ahead in good shape and some of the farmers along that route are reported to have quit farm work and are devoting their time entirely to working for the contractors.

While this will mean that the road will be completed at an early date, it is doubtful if the farmers will realize as much at the end of the season as they would had they stuck to the farm work.

W. S. Smith Passes Away

After a brief illness, W. S. Smith, 81 years of age, passed away at the home of his daughter, Mrs. Dalton, on Cedar street at 5:45, Wednesday afternoon, May 6th. Funeral service were held at the home Thursday and the remains were taken to Hickman for burial.

Mr. Smith was a man of excellent habits, fine moral character, and sturdy constitution, and he continued to be active in his accustomed pursuits till long past the age at which men ordinarily drop out of the ranks of the workers. He was highly esteemed by all who knew him and his passing away will be keenly felt by a large circle of friends.

He is survived by two sons, Willie and Albert Smith; and four daughters, Mrs. K. P. Dalton, Mrs. Sallie Parker, Mrs. Lon Palmer, and Mrs. R. H. Hastings.

INDICATIONS OF SPRING

It looks as if spring had really arrived, when one looks at the bill-boards, as last week we had a minstrel show in town and this week there is a tent show holding forth for the entire week.

These nomads of pleasure are always a sure indicator of the coming of the spring, and as they add to the joy of life, they also slow up the planting of crops, as the average young fellow on the farm feels that he is just bound to take his best girl and see at least one show during the week.

After a night at the show, four a. m. seems to arrive altogether too soon, and the plowing or sowing the following day is very apt to show that the workers are not up to 100 per cent efficiency.

GIRLS WANTED

We can place from 10 to 15 girls, 18 to 30 years of age, in the next few days. Steady employment. Apply to American Cigar Co., Fulton, Ky.

What is the Chamber of Commerce?

The Chamber of Commerce is the voice of the city.

It reflects the ideals of the community.

It expresses the aspirations of the people.

It gives direction to the aims of the citizenship.

It combines the efforts of those who think in terms of helpfulness.

It reduces unorganized elements to an organized unit.

It speaks in defense of the good name of the city.

It defends the city against the traducer.

It is the spotlight that reveals activities that are worthy.

It pleads in behalf of the voiceless.

It is the center of worth while enterprise.

It is the magnet that draws the outside world to your midst.

It is the clearing house of civic pride.

It is the power house of progress.

It is a composite picture of a city as its citizenship would have it.

WHY FARMERS CAN'T MAKE MONEY

In talking with a farmer friend one day this week, says the Union City Commercial, he complained that there was no money in farming—that he was not making 2 per cent interest on his investment. This seemed so out of the ordinary that we talked things over with him and found that he owned 250 acres of land, and on being pressed, he admitted that he and his crew were force enough to handle around 50 acres. This is the thing in a nut shell and explains most all of the talk going around about the poor farmer and what pitiful shape he is getting in.

Farming is like anything else—a business proposition, and like any other business, if not handled that way will soon go bad. This man with the 250 acres admitted he was not capable of caring for but 50 acres, said 10 years ago he wasn't in town over once a week, if then, but now he tried to get in once a day, so he could keep up with things, used to raise a good many hogs but since the free range played out, looked like so much trouble he quit fooling with them and sold out his stock hogs; his wife had some chickens but they were lots of trouble—kept somebody running after them all the time.

This is not overdrawn, and there are enough of this kind to make it hard on all the others.

There are many men in Obion county today that are making 20 per cent on the money invested in their farms; there are as many of them who bought these farms without any money and made the lands pay for themselves. Farmers are just like other people and the man who can't make a success on the farm would fall down at anything else he tries. Anything he tackled would be a whole lot of trouble to make it go.

Smaller farms, more work, less sitting on the fence telling the other fellow how to do it, more hogs and chickens, more stuff raised to live on and fewer tin cars bought, would stop all this "can't make interest on the money invested in my farm."

Big Investment Required

At the close of the year 1921, the Cumberland Telephone Company had a total investment in service of \$63,761,795, not including \$1,761,874 of construction work in progress.

Of this large investment \$17,044,316 is located in the State of Kentucky.

Additional plant to meet the growing needs of the telephone users of Kentucky was installed last year at a cost of approximately \$1,373,390.

The new plant is necessarily bought at today's prices, which, for equipment, material and other major parts of the telephone system, are 65 per cent higher than the pre-war prices. Wages and taxes alone are from 100 to 150 per cent higher.

An even greater investment must be made in Kentucky this year, with the result that the investment per telephone station is rapidly rising without a proportionate increase in the revenue per telephone station.

The enormous sums of money needed each year cannot be secured unless the Telephone Company's credit is good, and the company's credit is judged by the earnings on the investment in service.

Telephone users are familiar with the increased extent and value of telephone service throughout Kentucky, and the company is encouraged to believe that they will co-operate in making possible the enormous extensions needed in the early future.

HITCHING PLACE NECESSARY

We have heard a number of complaints lately from farmers that Fulton has not sufficient space for them to hitch their horses, as residents warn them away from their sidewalks either verbally or by signs, threatening to cut the horses loose if left hitched there.

Cannot the Chamber of Commerce, the Rotary Club or the Lions suggest some method whereby this lack can be remedied. There certainly must be some place where hitching racks can be provided that will enable the farmer customers of Fulton merchants to leave their teams in security and at the same time within walking distance of the business center.

Hitching along the sidewalks must not be tolerated, yet a place should be provided.

Tobacco News

The high, dry winds of last week made a decided reduction in the tobacco deliveries, only 165,000 pounds being brought off and 105,000 pounds sold. The total received to last Saturday amounted to 2,510,560 pounds.

Registrations for the present week showed only 8 farmers who had been able to get their crop into shape for delivery, the weather being so unfavorable that handling was impossible.

Sunday night's rain did little good, according to some farmers, as it was accompanied by lightning, and many farmers believe that lightning will prevent the weed from ordering. Just why this is so, seems to be a mystery, but there are many growers that are convinced that it is a fact.

Numbers of partial and some entire crops are still undelivered and as the time for delivery is short, there is some anxiety among the growers as to their ability to get their crops into condition for delivery before the closing date.

Prizing at the barns is steady but there is no great increase in the activities of this department, so far, and the indications are that this portion of the seasons work will continue for some time after the closing of the season for deliveries.

KENTUCKY BRIEFS

Olive Hill—Charles Stanley died while being taken to a hospital, having been crushed in a fall of state in a mine at Hayward.

Pikeville—Little son of Tilden Williamson is in a critical condition at a local hospital with a bullet wound in the neck, received while he was handling a pistol.

Lexington—J. H. Stamper was injured seriously, receiving a fractured skull, when struck by an auto driven by O. C. Crutcheville. Stamper was unconscious for a long time.

Frankfort—Trout to stock Herrington Lake, which has been formed by Dix River Dam, will be furnished the Kentucky Game and Fish Commission by the Federal Bureau of Fisheries.

Cynthiana—William Delaney, who was arrested on the charge of robbing M. Goldberg & Son's clothing store, escaped from county jail. His fellow-prisoner, James Reeves, escaped also.

Harradtsburg—E. W. William, near here, suffered \$5,000 loss when fire destroyed a large stock barn. Five horses, \$800 worth of corn, farm implements, feed and other things were burned.

Danville—A large barn, belonging to E. W. William, located on the Shakerstown-pike, was destroyed by fire. Eight horses were burned. The loss is estimated at \$5,000, with small insurance.

Danville—When the business manager at Center College opened his office he found the safe had been tampered with. Money and stamps were taken. An expert is believed to have done the job.

Elkton—Miss Allen F. Hill, formerly of Russellville, won a \$1,000 suit against the Postal Telegraph Co., for injuries she received in February, 1924, when struck by a bicycle ridden by a messenger.

Georgetown—West Lexington P. bytery met in Georgetown with the 35 churches represented by about 75 delegates. Delegates were named for the General Assembly, to be held in Lexington May 27-28.

Frankfort—Governor W. J. Fields and three members of the State Highway Commission, W. C. Montgomery, E. S. Holburn and W. C. Owen, inspected the recently finished Dix Dam and Lake Herrington.

Frankfort—Ninety-nine licenses to sell insurance have been issued by the Insurance Department as a result of a Court of Appeals decision holding that Shelton Stanley, commissioner, cannot withhold issuance.

Versailles—Tenant house on the farm of Miss Ezra Fishback, on the Frankfort-pike, was burned while the family was at the dinner table. Persons passing aided in removing furniture. The building was a total loss.

Lexington—E. R. Tapscott, 32, of Ashland, C. & O. R. R. messenger, was injured severely when a sudden halt of the train caused him to fall backwards from a safe on which he was sitting. He suffered injury to his spine.

Danville—Fred Wilson and Bob Doty were arrested for violating liquor laws. Eleven half-pint bottles of moonshine whiskey were found buried under the straw and sawdust in Fred Wilson's barn here, officers allege.

Maysville—Eastland Improvement Co., filed articles of incorporation, the purpose of the firm being to construct a consolidated school in Eastland. The price paid was \$13,000 for the plot, while \$75,000 will be spent on the building.

Frankfort—For injuries suffered while employed by the McKinnier Steel Co., Pikeville, Willy Ratliff was allowed \$9 a week for partial disability by the Workmen's Compensation Board. Several other awards also were made.

Columbia—A gas well has been sunk in the yard of Bethel church. At a depth of 400 feet a supply sufficient for use in the church was struck. The state geologist will be asked to make tests to determine extent of the pocket.

Frankfort—Authorities learned that Lewis Crane, sentenced to 175 days in the workhouse on a charge of stealing garden hose, is on parole from the School of Reform. He is alleged to have confessed numerous thefts of auto tires and accessories, giving the names of the owners.

Louisville—Frank Neuhouser, 11, of Louisville, is the champion speller in Kentucky, having been victorious in the finals of a state tournament. He will go to Washington to represent Kentucky in a national spelling bee.

Augusta—Edgar Hargett, mayor of Brookville, has resigned to become a candidate for representative. He served as surveyor and road engineer of the county. He seeks the Democratic nomination, Rev. E. U. Dodson having withdrawn.

FOUR COUNTIES HIT
RAISE IN TAXES

WOODFORD, OWEN, SPENCER AND MONTGOMERY PROTEST NEW ASSESSMENTS

Cattle Men Cite Loss—Conditions Explained By Deputy Tax Commissioner J. W. McCabe.

Frankfort, Ky.—Tentative raises in assessments, as proposed by the State Tax Commission, were protested by delegations of taxpayers from Woodford, Owen, Spencer and Montgomery counties.

The rate of assessment on county property in Woodford is 74 per cent, and on town lots only 42 per cent. A method for equalizing the two rates was discussed. The increase in assessment of livestock in Woodford was opposed. Cattle owners have lost money in the last few years, it was argued. Taxpayers were dissatisfied with assessments on horses and mules.

J. W. McCabe, Deputy Tax Commissioner, did most of the talking for the delegation. He was accompanied by County Judge Robert S. Hawkins, County Attorney Will D. Jesse, W. Lee Dale and Charles B. Sullivan, land owners.

Owen County's livestock assessment showed a loss of \$90,000 from last year. The intangible loss was \$128,000. Members of the delegation expressed dissatisfaction with the amount of tax-free securities. Owen County farmers are assessed and taxed to a point where they have to sell their farms, while investors in tax-free securities go free, it was said.

Ralmer T. Wells, Commissioner said he attributed raises in assessments year after year to the increasing demands for better roads and schools. Tax-free securities also are responsible, he declared.

Members of the delegation included O. H. Curtis, merchant; O. B. Brock, garage man; L. D. Johnson, highway engineer; County Attorney J. G. Vallandingham, Clay Vallandingham, druggist; R. L. Vallandingham, merchant; County Tax Commissioner L. H. Starnes, County Judge Hogg, Ellis and Robert Kemper, merchant.

Other counties that have had hearings on tentative raises are Franklin, Clark, Anderson and Boyle.

JUDGE HUMPHREY RESIGNS

Resignation of Charles E. A. Weber, one of the judges, is being considered by the board of judges.

Frankfort, Ky.—The resignation of Judge Alex P. Humphrey as a member of the State Board of Charities and Corrections was accepted by Gov. William J. Fields, who at the same time announced the appointment of E. A. Weber, Republican, Fort Thomas, to succeed Mrs. Lafon Riker, Lexington, on the board.

The letter of resignation indicated the Governor had urged Judge Humphrey to remain on the board. Judge Humphrey found "circumstances are such now that it is quite impossible for me to give either time or thought to the work of the board and I am therefore, going to ask you to relieve me from its duties."

Judge Humphrey was the last member of the old board that had retained Joseph P. Byers as Commissioner of Public Institutions. Appointment of his successor will make the board 100 per cent a Fields board. A bill to change the management of the charitable and penal institutions failed of passage at the 1924 General Assembly. Opponents of the measure said its design was to oust Mr. Byers.

Paris Game Club Is 10 Years Old

Paris, Ky.—Ten years ago, through the efforts of Catechy Spears of Paris, a number of Bourbon County sportsmen organized a club for the purpose of protecting and increasing the meager supply of fish and game in this county. James D. McClintock was elected secretary of the organization, and through his efforts and that of Charles and Catechy Spears and others, the fish and game of this county have had more adequate protection than obtained in any other county in the State. At the time the club was formed it was the idea of the founder to have similar branches in every county in the State. This plan is now being realized through the efforts of the Rev. George Wagoner, executive agent of the State Fish and Game Commission.

Dog Owners Indicted

Maysville, Ky.—The grand jury indicted sixty dog owners who have not paid the dog license and it is said several hundred will be indicted in the next grand jury report.

Sentence Commuted

Frankfort, Ky.—Governor Field commuted to five years the six-year sentence of John Ames, who was found guilty of robbery in the Kenton Circuit Court at its July, 1920, term. The commonwealth's and county attorneys said Ames was barely 18, that he had been enticed into joining three other persons in a holdup of the Stevens road house after he was pined with liquor that when arrested he had none on the body on him and was at his mother's home in Cincinnati.

WHY BUYING FARM LANDS IN FULTON AND ADJOINING COUNTIES IS A GOOD INVESTMENT

To view the fertile lands of Fulton and adjoining counties is enough to give any one a new inspiration of love for the country in which we live, surpassing in productiveness the high priced lands of many parts of the country.

Fulton and surrounding counties is in the midst of one of the finest agricultural sections of the entire South. The surface is mostly a rolling level inclining toward the Mississippi river. The soil is as versatile as it is rich and will grow to perfection corn, wheat, cotton, all cereals, clover, alfalfa, grasses, tobacco, the dark variety; fruits, potatoes and vegetables of all kinds.

It is an ideal stock section, on account of the freedom with which grasses grow. The country is well watered by living streams. It would be hard indeed, to find any section of country so well adapted to so many leading crops, to stock raising and all kindred lines of agriculture, and it is inhabited by a happy, prosperous, progressive people.

During his visit to Fulton county some years ago, Morgan O. Hughes, the best authority in America on farming, said it was not factories Fulton county needed, the pro-

duction of the soil was sufficient.

Prof E. S. Good, head of animal husbandry of the College of Agriculture during his visit some years ago, said, "Blessed is that county that can raise the crops and stock such as raised here."

During their visit here, Messrs. Hughes and Good talked to the farmers and all who heard the addresses were benefited, because every word uttered by these gentlemen was instructive, giving each and everyone an inspiration for higher ideal on the farm.

No farmer in this section is ashamed for you to view his beautiful fields of growing crops, sheep, hogs, cattle, etc. A trip through this section of the country will cure any man who has the "Florida fever."

INVEST IN FULTON PROPERTY AND GROW WITH THE TOWN

Fulton, Ky., is one of the most progressive, healthful small cities to be found anywhere and property values are the lowest. It has a population of about 6,500 and is growing steadily; more than one hundred homes having been built within the past year with extensive railroad improvements in course of construction which will make Fulton the hub of the great Illinois Central, destined to be one of the

large terminal points on its system.

Having two main lines of railroad, Fulton has direct through service to and from Cincinnati, Louisville, St. Louis and Chicago on the North; New Orleans, Birmingham, Memphis, Nashville, Atlanta and Jacksonville on the South, making it one of the most accessible cities in the "Jackson Purchase." Being the largest city between Cairo, Ill., and Jackson, Tenn., it is the distributing center of a large and rapidly developing section; the commercial center of Western Kentucky and Northwestern Tennessee. It is a city of business enterprise and progressive ideas; a city of thrifty, intelligent, cultured, hospitable people, a city of churches and Christian homes.

"The Square Deal" characterizes its municipal life, and integrity is a distinguishing feature of its business life; the atmosphere of its social life is pure and wholesome, while the tone of its moral and religious life is high and refreshing.

Its banking institutions are safe and accommodating; its capitalists are ever ready to assist in establishing and maintaining manufacturing enterprises, its real estate men are always in position to offer inducements in building sites for homes, business houses, or factories, and the city government will do its part to encourage the

new-comer on every hand, and only "Fair Play" is asked of all who become citizens of our city.

The public schools of Fulton are unsurpassed. The eight churches of Fulton represent the leading denominations.

A splendid water system, pure and refreshing.

Her climate not only makes Fulton a pleasant place at all seasons, but is such as to be conducive to healthfulness, and the country surrounding is such as to insure the future of Fulton.

But Fulton can boast of something greater than a city of material prosperity in the midst of a fertile region; more promising than a city producing only wares and merchandise; grander than a city made up of factories, banks and stock exchanges; more to be lauded than a city of much extent and traffic; more to be desired than any other products of civilization—For she can boast of her homes. These are her pride; in them is her happiness; on them her hopes center; from them radiate that influence which has made the future promise better things.

For the professional man, the business man, the laboring man and the capitalist, Fulton has a welcome.

"Come, and if you go away, you will then return to stay."

COMMUNISTS LOSE IN TEST AT POLLS

ANTICIPATED SWING TO RIGHT FAILS

HERRIOT SCORES VICTORY

M. Antierous Also Wins—Municipal Counsellors Chosen Today Will Name Senators—General Political Situation Not Affected.

Paris.—The municipal elections through France, when more than 400,000 civic councilmen, who choose mayors and other officials, were elected, failed to show any changes in political character, and most representatives were re-elected.

The city elections failed to show a sharp swing to the right in sympathy with Gen. Von Hindenburg's victory, which had been anticipated and also administered a sharp blow to the communists, who expected to gain much strength. The Reds made a poor showing and the leaders, Marcel Cachin, Villant Countouriere and Autray Garcheries, all deputies, failed to be elected.

Former Premier Herriot scored a smashing victory at Lyons, and M. Antierous, his minister of pensions, won handsily.

The left cartel seemed to hold all the ground it gained in May, 1924, in the general elections, chiefly because the middle class trades unionists workers voted heavier than before, whereas the bourgeoisie neglected to cast their ballots.

It is the municipal counsellors elected today who name the senators, and the third Senate body comes up for re-election next January. The results will not add the Senate majority opposing the government and is little help to the Nationalist opposition minority in the Chamber of Deputies. It is generally believed the elections do not affect the general political situation.

THREE BANDITS KILLED IN FIGHT WITH GUARDS

One Officer Dead, Four Wounded in Cuban Clashes

Three Bandits Killed By Guards Havana, Cuba.—Three bandits and one rural guard were killed and the wounded taken to the hospital.

Santa Clara.—The designation of bandits were cornered at the sugar farm and killed by rural guards. One private was killed and a corporal seriously wounded.

At Media Luna, Oriente province, two bandits were cornered and in the fight one bandit was killed and the other captured. A corporal, a private and a civilian were wounded.

Molony Given Purse

New Orleans.—A committee of citizens, under whose auspices a public reception was tendered to Guy R. Molony, who retired as superintendent of the New Orleans police department, presented Mr. Molony with a \$5,000 purse.

Mr. Molony will sail to Honduras, where he has been commissioned by that government to reorganize the military forces.

Debate War By Radio

Washington.—Arguments for and against military preparedness as the principal reliance for peace were presented in a radio debate by former chiefs of the army and navy general staffs. Admiral William L. Rodgers represented the proponents of peace by armed might and Maj. Gen. Tasker H. Bliss those endorsing "peace by co-operation."

Seaplane Smashes Record

Philadelphia.—After having flown without a stop for 28 hours and 36 minutes, the naval seaplane PN-9 landed at the navy yard during the flight, which smashed all seaplane endurance records, observers stated, a distance was covered greater than that of the intended flight of the PN-9 from San Diego to Honolulu.

Thaw Raps Law's Methods

Knoxville, Tenn.—Harry K. Thaw, who was held up three times by officers looking for rum runners, in an interview expressed disapproval of methods employed by officers in blocking the road in order to stop cars suspected of carrying liquor. At one point near here, he said a telephone pole had been placed across the road.

Traffic Rules Defeats Purpose

Washington.—Traffic regulation in many cities has been carried to the point where, by the multiplicity of rules, signs, directions and signals, it is defeating its own end by confusing the motorist. In the opinion of officials of the American Automobile association.

Bulgaria Denies Unrest

Berlin.—The Bulgarian delegation here denied that there had been any further unrest or criminal attempts in Bulgaria.

42 NATIONS SEND THEIR DELEGATES

"GREATEST SINCE VERSAILLES," IS THE VERDICT

WORDWIDE IN SCOPE

Object of Conference Is to Redraft St. Germain Protocol, Permitting League of Nations to Supervise International Traffic

Geneva.—Arrival in Geneva of more than 200 delegates, experts and observers from forty-two nations bears out League of Nations predictions that the traffic in arms conference convening Monday is the most important international convention since the Versailles conference.

Theoretically the object of the conference is to redraft the defunct St. Germain protocol which empowered the league to supervise and regulate international traffic in arms. Innumerable importance side issues are involved, however.

Four non-league nations are represented—the United States, Germany, Turkey, and Egypt—as well as all mandated powers. Abyssinia, Persia, Turkey, Egypt and other districts where the St. Germain convention applies also have delegates ready to protest.

Following Washington's example, Britain, France and Italy have sent nine full delegates; Germany, seven; Japan, China, Belgium, Brazil and Argentina, six; while no nation has less than three representatives. There are lobbyists of American and European manufacturers. Col. F. W. Abbott is observer for the Inter-Allied Veterans' Association, C. R. Buxton, M. P., is here for the British Labor party, while various peace organizations asked for accommodations for delegates. As the assembly room of the Palace of Nations holds only 250, most of these unofficial observers and lobbyists will be excluded from the sessions.

Duration of the conference is problematical: the Americans, headed by Representative Theodore E. Burton, predict a "clean-up" or "hust-up" within a month.

Comte Carton de Wiart of Belgium predicts acceptance of the proposed league of nations, met of procedure.

Indicates they will immediately assume a role similar to that played by Representative Stephen Porter at the opium conference and become a predominating factor.

TOO MANY TRAFFIC RULES

Association Says Excessive Regulations Defeat Own Purpose.

Washington.—Traffic regulation in many cities has been carried to the point where, by the multiplicity of rules, signs, directions and signals, it is defeating its own end by confusing the motorist. In the opinion of officials of the American Automobile Association.

In a statement the association, which has just held a national meeting of secretaries of affiliated motor clubs, declared motorists in many cities are suffering from a "traffic complex."

Living Buddha of Tibet Prays for Universal Peace

Shanghai.—Panchen Lama, the living Buddha of Tibet, at a reception given in his honor, made an address on universal peace, stating:

"Since reaching Chinese soil, I have been praying night and day for the welfare of the Chinese people and for the permanent peace of the Chinese nation. It is my desire that all people shall believe in Yin Koo, or cause and effect. Only those performing good deeds can expect good results and the sooner the people realize the importance of virtue, the earlier will come universal peace and the elimination of bodily pains."

The Buddha, who is styled the superhuman prelate of Tibet, spent the day in Shanghai attending theatrical performances in his honor. He also visited delegations from Buddhist bodies in East China.

Float Dollar Steamer

San Francisco, Cal.—The Dollar steamer President Van Buren, which went aground near Knobe, Japan, has been floated, according to word received at local offices. The vessel was undamaged and proceeded to Knobe, from which port it is preparing to sail to Shanghai.

Capt. J. E. Beasley Dead

Memphis.—Capt. James Edward Beasley, one of the rapidly thinning gray line that valiantly defended the south, succumbed to an illness of one month's duration at his residence, 605 McLean Boulevard.

Hand Shaking Puts Arm in Sling

Capetown.—With his right arm in a sling as a result of two days of almost continuous handshaking, the prince of Wales danced until 4 a. m. at a ball given at the government house.

12 PER CENT CUT IN INCOME TAX

UNOFFICIAL ESTIMATE MADE BY
TREASURY OFFICIALS

SURPLUS OVER ESTIMATE

Relief Given This Year to Income
Tax Payers Will Be Added to
Later, Because of Reduction
in Expenditures

Washington—Unofficial estimates by treasury officials indicate that a 12 per cent reduction in income taxes may be possible as the next step in lifting the federal tax burden.

This figure, while calculated without intention to commit Secretary Mellon to any policy, was suggested on the basis of an incomplete analysis of returns on income taxes, under the present law as shown in the March or first quarterly installment. It would bear out previous estimates that another two hundred million dollar total reduction would be made, effective on taxes paid in 1926.

Present indications are that the treasury will avoid making any definite proposal to the next Congress when it is expected the tax question again would be alive. Mr. Mellon has made no direct statement on the subject, most of his advisers favor keeping the treasury out of the fight. They are urging that the treasury inform Congress and point out what is possible, thus leaving the whole question of rates for the congressional leaders to decide.

The first indication that another cut in income taxes was possible was given when the March installment exceeded the treasury's estimate, made last summer, by about eight million dollars. Further evidence that total revenue receipts will be larger than originally calculated is given also in receipts from import tariffs which just now are about five million dollars above the amount collected up to the same date in 1924.

Miscellaneous receipts, a general source of revenue from which it has been expected about \$127,000,000 would be cut off through the reduction by the last law, have not dropped to that extent, and indications are that the decline will only slightly exceed \$105,000,000.

With larger receipts expected from the several sources than had previously been predicted, it was apparent to treasury officials that the surplus will be far greater during this and the next fiscal year than it had been apparent when the last budget figures were drawn up.

It is obvious, however, that definite calculations is out of the question until the June, or possibly the September quarterly installment has been counted.

Some officials favor the application of the bulk of the next tax cut to the middle class of incomes and those derived from business. Their argument was that the smaller income earners were given important relief in the last tax revision and that the class which is maintaining the flow of life blood in industry should be treated next. Should their views prevail, it would mean substantial cuts in incomes from \$25,000 to perhaps as high as \$200,000.

Tax experts in the treasury are considering current payments in an effort to determine what may be expected when the count is all in. They calculated the 12 per cent total cut on the basis of figures now available, but explained that complete figures may allow a greater or less reduction in the total which the federal government must call from the pockets of the taxpayers.

Inquiries Denote Improved Business Conditions

Memphis—If tourist travel interest is an indication of better business conditions in the country there has been a material improvement according to officials of the Illinois Central Railroad.

"We have received 50 per cent more inquiries regarding summer tourist fares than we did a year ago," said R. J. Carmichael, assistant general passenger agent of the I. C. and the Yazoo & Mississippi Valley railroads who returned yesterday from an inspection trip through the territory.

"Of the inquiries we have received," Mr. Carmichael said, "95 per cent came from Memphis and from the territory south on the I. C. and Y. & M. V. railroads. They indicate that the travel this summer, particularly to Wisconsin, Michigan, New York and Chicago will be exceptionally heavy.

Turin, Italy.—Unrestrained joy pervaded the Villa Calvi over the birth of a robust son to Princess Yolanda, eldest daughter of King Victor Emmanuel and Queen Helena, and wife of Count Calvi di Bergolo. The boy was immediately named Giorgio after his paternal grandfather, who died recently.

VAN ORMAN WINS BALLOON EVENT

GOODYEAR PILOT COVERS
AROUND 600 MILES

HONEYWELL AT ABERDEEN

Veteran St. Louis Balloonist Lands
After High Flight Begins to Tell
on His Aide—Four Down in
Memphis Territory.

St. Joseph, Mo.—W. T. Van Orman, piloting the Goodyear III, covered the greatest distance in the national balloon race which ended when the last two bags came to earth.

Van Orman landed at Reform, Ala., outstripping the veteran, Capt. H. E. Honeywell, by about 40 miles. Capt. Honeywell brought the St. Joseph down at Aberdeen, Miss., at 1 o'clock. In a message to the Associated Press reporting his landing, Van Orman estimated the distance he covered at 530 miles. A rough estimate map showed the distance to be approximately 600 miles.

Capt. Honeywell was disqualified by Referee A. B. Lambert for delaying his start but action on the decision had not been announced by the local contest committee. Herbert V. Thaden, another pilot, also was disqualified on the same grounds.

The prize carried a cash prize of \$1,000 for the winner, the Litonfield trophy and the right to represent the United States in the international balloon race.

For second place a cash prize of \$800 was offered; third place, \$600, and fourth, \$300. Each pilot competing received a bonus of \$100.

DEPUTY SHERIFF SHOT RAIDING A NEGRO CAFE

Bystander Gets Bullet in His
Thigh—Gunman Escapes

Popular Bluff, Mo.—Deputy Sheriff Claude Graham, 25, was shot twice, and Lee Brantley, 25, a bystander, was wounded by an unknown negro in a raid at the negro restaurant of Pearl Martin, on South Broadway. Deputy Graham, with Deputy A. J. Harper and Policeman J. W. Fry and D. W. Carter were raiding the resort for whiskey. The negro assailant and another negro were behind a partition in the rear of the place. Graham was standing guard at the front door.

The officers were rounding up the negroes to search them when the one decided to shoot his way out. He and his companion made a rush for the door, the former with a gun in hand. A volley of five shots was fired. One struck Graham in the right hand, the other a flesh wound in the abdomen. Brantley, who was watching the raid through a plate glass window, was struck in the thigh. The negro is at large and a posse is searching for him.

Washington, D. C.—Among the speakers listed in the preliminary program for the dedication of the new home of the Chamber of Commerce of the United States to take place here on May 20 are the Rev. Thomas F. Gailor, bishop of Tennessee, and Robert R. Ellis, president of the Hesse-Elis Drug Company of Memphis. Mr. Ellis will discuss "the problem of distribution in relation to the Chamber of Commerce." He is also chairman of committee No. 4 on the expenses of doing business, of the distribution conference.

\$50,000 Farm Hands Needed

Topeka, Kan.—The annual problem of importing the army of harvest hands to Kansas fields was up for solution before the state public service commission, representatives of the Kansas railways and Geo. E. Tucker of Kansas, federal farm labor director. It is estimated that 50,000 farm hands will be required by the farmers of Kansas to take care of the 1925 crop and that 30,000 of these must be imported from sources outside the state.

\$100,000 Road Bonds Win

Waynesboro.—Full official returns from the special election held recently in the Woodward-Pleasant Grove separate road district of Wayne County have just come in, and the vote was 118 votes for and nine against the \$100,000 bond issue.

WELCOME SIGNS ARE ATTRACTING ATTENTION

The Rotary Club's big signs welcoming the tourists to Fulton are being placed on the highway and make a very creditable showing, as they are large enough to catch the eye in passing, and at the same time, brief enough to allow the passengers in speeding autos to grasp the entire welcome at a glance. The club is to be commended on this splendid work.

TO OBSERVE KENTUCKY HISTORY DAY AT HICKMAN

land, which conveyed last Monday.

Mrs. A. E. Covington visited relatives in Halls, Tenn., this week.

Miss Annie Watt Smith, daughter of Train Dispatcher Smith, visited friends in Jackson week end last.

Mrs. D. C. Ligon, is visiting relatives in Louisville this week.

Secretary of Treasury Mellon, passed through the city the first of the week, accompanied by Mr. C. H. Markham, president of the Illinois Central in Mr. Markham's private car, en route to Jackson, Miss., where Mr. Mellon delivered an address before the Bankers' Association at that point.

The Floridan Makes Last Trip April 28th

The Floridan, the Illinois Central's de luxe train made its last trip this spring on April 28. This train is put on during the winter months, usually being inaugurated about the first of December, when the ice covers the north, and runs daily, carrying thousands of pleasure seekers from the frozen north to the warm sunny orange groves of Florida, which is fast becoming America's playground. The train is usually discontinued in the spring when the warm weather has won the long battle with ice, and brings warmth once more to the north.

During the past winter many notables have been passengers on the de luxe train, among whom were William Jennings Bryan, Vice-President, Chas. Dawes, and many other distinguished persons; and we might add "Andy Gump" or his creator, Mr. Sidney Smith. Also the girl writer, Miss Cynthia Grey, took a very thrilling ride on the locomotive of The Floridan from Birmingham Ala., to Columbus, Ga., and in the Birmingham Post of April 10th, writes of her thrilling experience on the giant locomotive that pulls the de luxe train at 60 miles per hour over mountain and through valleys on its breathless dash to the Southland. Miss Grey says only after this ride could she realize the responsibility placed upon the man at the throttle—the engineer.

The Floridan, like the Seminole and the Panama Limited, is a great credit to the countryside which it serves, and the Illinois Central can rightfully look with pride upon this most efficient service.

ENTERTAINING PROGRAM

At the May meeting of the Woman's Club the music department had charge of the program with Miss Ruth Fields as leader. A delightful and entertaining program was rendered. Mesdames George Alley and John Culver sang a duet.

Miss Blanche Waggoner gave two musical readings, "The Usual Way" and "When We Forget to Say Our Prayers."

Mrs. R. S. Williams sang "Under the Greenwood Tree," and "Angel Cake."

An interesting feature was the review of work by the music department given by Miss Ruth Fields who has been chosen chairman for next year.

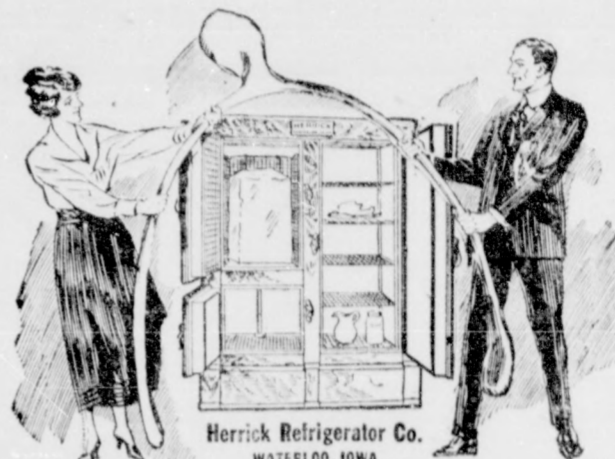

LINE UP WITH THE FULTON POULTRY ASSOCIATION

The recently organized Fulton Poultry Association is receiving considerable encouragement from the public and applications for membership are coming in nicely, but there is room for many more members and every one who is interested in increasing the income of the farmer is urged to join and help boost for better poultry.

Poultry dealers are always anxious to pay better prices for good poultry and the market for such is available the year around. Better hens bring better returns in egg money, and the cost of keeping the best is no greater than for the scrub kind.
