THE FULTON DAILY LEADER

ESTABLISHED 1898.

FULTON, KY., WEDNESDAY AFTERNOON, APR. 12, 1922.

VOLMUE XXIV.—No. 134.

CO-OPERATION IS GREATLY NEEDED

ALL WORKING TOGETHER WILL CLEAN UP TOWN.

CAMPAIN NEAR AT HAND

Clean Up and Paint Up Is Slogan This Year.

One person working alone can accomplish a great deal. Two persons working toward the same end can accomplish a great deal more. Likewise, if the citizens of an entire town can get together on a certain project that project is certain to succeed.

We are speaking now of Fulton's annual Clean-up Week, which comes during the last week in April. This year it is hoped to polish up this town so thoroughly that it will shine. There is a reason for this. The Bankers Convention of West Kentucky will hold a meeting here about the middle of May, and it is the desire of all Fultonians to make a reputation as a hospitable town, a good town, and a clean town. There are other reasons, of course, for the campaign, such as sanitation, health, comfort—in fact, any number of reasons. But really we see little use of having to argue the matter. Practically every person in the town knows that the Clean Up Week is a good thing. True, there are some persons who feel that it is a personal insult to ask them to co-operate in a clean-up campaign, but these are few and far between. One of the young ladies who aided in the work last year told us the other day that after she had talked at some length with a lady about the work, the lady told her very coldly:

"Young woman, I would have you know that I always clean up my premises. I burn all refuse, and never wait or call for the garbage wagon."

The lady was honest in the matter, no doubt. We do not doubt her veracity in the least, but she overlooked the fact that in a campaign of this nature every person in town must be interviewed. It is a task that requires a great deal of time and patience and tact. The ladies and gentlemen who do this work are doing it gladly for the good of the town, and they should be given all encouragement by every person whom they interview.

This work is vitally necessary, and some one has to do it. If every person in the city will co-operate with the workers, the task will be accomplished more easily, and will be better done.

Later we will publish detailed arrangements, and will tell of the districts of the town.

EASTER HUNT.

The ladies of the Cumberland Presbyterian Church will give an Easter hunt on Saturday, from 3 to 5 p. m. at the home of Mrs. R. H. Wade on Carr street. All children invited, each child to bring 10 cents. (133 3t)

BASEBALL TALK

The baseball meeting, which was to have been held last night, was postponed until Friday night, on account of the fact that several other meetings last night kept the fans away. It is hoped that a large attendance will be present Friday night at the Commercial Club. Baseball matters are pretty well arranged at present, and if the fans will show the proper amount of interest Fulton will open the season with flying colors.

Manager Works states that he could put a team on the field inside of 24 hours if it became necessary. He has a number of first-class men under contract, and is daily getting in new contracts. One player from Detroit, a first baseman, has notified the chief that he will be willing to pay his own railroad fare to Fulton for the try-out. Men like that are the men who will make good.

Eddie Meeks, former Mayfield outfielder, will be seen in a Dyersburg uniform this season. Eddie is a good man and should have a good season with the Dyersburg champs. Lee Hart, the Paducah pitcher and hitsmith deluxe, will wear a Jackson uniform. It looks a little as if Jackson and Dyersburg will have to form a league of their own this year. There won't be many teams in Mississippi for these two teams to play, as the Cotton States League has the best towns lined up in organized baseball. It looks like a lonesome season for the independent teams in this section.

TRUCE DECLARED BETWEEN FULTON

Peace Conference Will Be Held in Dublin.

(By the Associated Press.) Belfast, April 12 (Special).—A truce has been declared between the Ulster special constables and Free State troops, which have been in menacing proximity along the Fermanagh border between Ulster and South Ireland, it was announced today.

The pact does not bind the supporters of Eamonn de Valera, who are massing on the shores of Lough Levin, near the town of Garrison.

It was announced today that a peace conference between the opposing parties in South Ireland will open in Dublin tomorrow.

NEGRO'S HOME DAMAGED BY EXPLOSION

(By the Associated Press.) Beckley, W. Va., April 12 (Special).—The home of James Penna, a negro miner, was damaged today by an explosion of dynamite.

MARCH RECORD IN EGG PRODUCTION

CRUTCHFIELD FLOCK LED COUNTY RACE.

AVERAGE 22.4 PER HEN

Poultry Association is Getting Results.

The highest record made during March was made by Mrs. Turney of Crutchfield. 1520 eggs were produced from 68 hens or an average of 22.4 eggs per hen per month. If this average should be maintained during the year the hens would average 268 eggs per year. This high record was due to two things—good purebred chickens and good feeding. The ration consisted of milk, dry mash and grain.

The second best record was made by Mrs. Gus Browder of 27.8 eggs per hen per month. If this average was continued Mrs. Browder's hens would average 249.6 eggs a piece for the year. She used practically the same ration Mrs. Turney used, which shows the great results obtained when milk is used in the ration for chickens. There is nothing better.

The third best was made by Mrs. Isaac Shuff, Hickman, of 16.8 eggs per hen per month. Fourth best record was made by Mrs. Lon Alexander of Crutchfield, of 13.1 eggs per hen per month.

Fifth best record was made by Mrs. J. C. Lawson, Fulton, of 11.2 eggs per hen per month.

Do you know that the average hen in Kentucky produces only 60 eggs per year? Do you know that they should average not less than 150 eggs per year? A hen that produces only 60 eggs per year does not pay for her feed. It costs \$1.50 to feed a hen 12 months and 60 eggs will not ordinarily bring that. I believe, however, that the average number of eggs produced per hen in Fulton County is better than the state average of 60 eggs per hen per year.

Ladies of Fulton County, I call upon you to keep records and see just what your chickens are doing. Feed more milk, house them better, and get good high producing purebreds. You can make more out of your chickens than your husband does on the farm.

Treat Your Sweet Potato Seed Before Bedding

3 ounces of corrosive sublimate to 22 1-2 gallons of water and treat the potatoes for 8 minutes. This will rid your seed of black rot, one of the worst diseases of potatoes. This amount of solution will treat 16 bushels of potatoes. Now if you know the value of the old adage, "An ounce of prevention is worth a pound of cure," you will treat these potatoes before bedding. If you don't give a darn and had just as soon lose as to make money, just dump them and pay the penalty next fall in rotten potatoes and the cuss your hard luck.

HARDING OPENS GAME

Threw Out First Ball in Washington Game.

Washington, April 12 (Special).—The 1922 baseball season got under way in both major leagues, and two of the most important minors, the Southern and the American Association, today.

President Harding was on the program to throw out the first ball at the American League opening in Washington, the New York Yankees being the opposing club to the Washington team.

Judge Kenesaw Mountain Landis, the arbiter of organized baseball, held a seat in the stand at Comiskey's Park in Chicago, where the Sox and Browns start the season.

The managers of the pennant winners last year were somewhat reticent about predicting victory again. Manager McGraw, who piloted the Giants to a world's championship last season, believed that the Giants would be able to repeat this year, but qualified his prediction by saying that the "breaks" would be needed.

Miller Huggins, whose Yankees fought the Giants last fall, admitted that the loss of Ruth and Meusel would be a big handicap. He predicts a close race between New York, Cleveland, St. Louis and Washington.

BIBLE CLASS WILL GIVE BANQUET

Banquet Tomorrow Night at the Usona Hotel.

The Everready Bible Class of the First Baptist Church will give a banquet tomorrow night at the Usona Hotel. The party will meet tomorrow night at the Commercial Club at 7:30 and will proceed from there to the hotel.

An interesting program will be given. Although the full program has not yet been perfected, it is announced that Hon. Joe Warren of Mayfield, superintendent of the Baptist Sunday School there, and Mr. Dick Slaughter of Mayfield will be present and will make informal addresses.

TRADE DAYS DRAWING WELL

BIG CROWD IN TOWN YESTERDAY.

AUCTIONS A FEATURE

Fulton Merchants Report Good Trade During Day.

The Tuesday Trade Days and Auction Sales are beginning to attract more and more attention. Yesterday was one of the biggest days that has been recorded during the entire campaign, and a huge crowd was present.

Two of the local merchants reported that the Tuesday trade was now equal to or in excess of the Saturday trade. People come to town from miles around each Tuesday, and as for the home people, we believe that one might say that fully half of the people in the city are on the downtown streets Tuesday afternoon.

H. J. Finch, who inaugurated the campaign, and who has personal charge of it, tells us that this is the history of the movement in every town that puts on the Trade Day campaign. Interest grows from week to week, and at the last the biggest crowds of all are drawn to town.

Next Tuesday is expected to break all records. Remember the big free auction sale that is held every Tuesday. Mr. Finch can sell anything you have for sale, and it won't cost you a cent.

GOOD SALE YESTERDAY.

H. J. Finch and Carl Parks sold yesterday at the Guy Howard barn 9 milch cows, and also several head for the farmers. A manure spreader, stove and other articles were also sold.

Mr. Finch stated that the cows were sold cheap, but that he wanted to get the auction started, so he bought these nice cows and sold them in order to establish the price.

Those wanting to sell stock or tools are asked to bring them to the Howard barn on Main street, next Tuesday at 11 a. m. Mr. A. Huddleston, the owner of the barn, is furnishing it free for the auction every Tuesday, and this is very commendable in him.

DR. BLUEMEL GOES TO PADUCAH

Dr. W. O. Bluemel, who has been located in Fulton for the past few months, left this morning for Paducah to make his future home. He takes over the work there formerly done by Dr. T. F. Thomson, who has gone to California.

Dr. Bluemel made many friends here during his brief stay, and all of them wish him well in his new home.

FOOD SALE.

The ladies of the Cumberland Presbyterian Church will have a food sale on Saturday before Easter, at Coulter & Morehead's store. 121 e w

INTEREST SHOWN IN HARRIS ROAD

MEETING LAST NIGHT AT CHAPEL HILL.

WORK IS UNDER WAY

Fulton Road Workers Are Aiding in the Work.

Last night at Chapel Hill, 5 miles south of Fulton, the good roads committee of the Commercial Club met with the citizens along the road from Fulton to Harris, and outlined the plan for widening and working the road so that it will be one of the best of highways leading out of Fulton.

The people along the route have done a wonderful lot of work starting the project. They have already secured pledges from everybody along the road to give the right of way and set their fences back the necessary forty feet to make a wide road. They have secured the promise of the county to furnish the dynamite for blowing the large stumps off the banks, and as soon as the people have done this and have grubbed the smaller ones off and plowed down the high banks the county will put three large tractors and graders on the job to stay till the road is finished.

In addition to this, the people along the road have already pledged \$125.00 in money and 45 days' work with hands and teams.

They are to continue soliciting their people for more money, but have asked that Fulton people join them in making a real road. The road committee last night promised the support of the Fulton people, and in a few days this committee will solicit funds for this purpose.

When the committee comes to you greet them with a smile and be ready to help in this good cause. It will take considerable money to do this work, but it will be money well spent, and every man in Fulton should be interested.

When the people adjoining our town have made such wonderful progress getting a road started, they should receive the hearty co-operation of us all.

Be ready to give your part when the committee comes around and help build a road. This is worth while to Fulton.

"They Satisfy"

WIN \$2000

How Many Objects Beginning With "B" Can You Find in This Picture?

Here's a picture containing several objects beginning with the letter "B". The object of the game is to find the most. Fifteen cash prizes will be given for the fifteen best list of words submitted in answer to this puzzle. The person sending in the largest and nearest correct list of "B-words" will win 1st prize; the second best, 2nd prize, etc.

Without any trouble whatever you can readily see such objects as "buggy," "barrel" and "broom," can you? Well, the others are just as plain, but the idea is to see who can find the most. I wonder how many of these "B-words" you can find? Can you find ten or twenty, or how many? It's lots of fun—try it.

EVERYBODY JOIN IN Costs Nothing to Try

The St. Louis Globe-Democrat announces today a most fascinating and amusing puzzle game—a game in which everyone from Grandpa to the little folks can take part. It really isn't a puzzle at all, as all the objects in the picture have been made perfectly clear. There are none hidden—you can see them at a glance. No need to turn the picture upside down or sideways, or tilt it, this way or that. Jot each word down as you see it, and when your list is completed send it in to The Globe-Democrat and try for the big prize. This is a puzzle game just for our readers outside the city of St. Louis.

Wouldn't it be grand to learn at the close of this puzzle season that you had been awarded first prize and was the proud possessor of \$2,000? You can use \$2,000, can't you? Two Thousand Dollars will enable you to have the hundred and one things you have longed for, but have been unable to have. It means—furs, clothes—may of a farm—diamonds—start the "word-mill" going tonight. It's lots of fun and profitable too. Try it.

OBSERVE THESE SIMPLE RULES

1. Any person residing outside of St. Louis who is not an employee of The St. Louis Globe-Democrat or a member of an employer's family may submit an answer. It costs nothing to try.
 2. All answers must be mailed on or before Saturday, April 22, 1922.
 3. Answers should be written on one side of the paper only, numbering words 1, 2, 3, etc., with the sender's name and address in the upper right-hand corner of each sheet.
 4. Only words found in the English dictionary will be counted. Compound, hyphenated or obsolete words will not be counted. Either the singular or plural can be used.
 5. Words of the same spelling can be used only once, even though used to designate different objects. The same objects can be named only once, however, any visible part of the object may also be named, and where more than one word is equally applicable to an object, any one of the words will count.
 6. The person sending in the largest and nearest correct list of words will win first prize; second best, second prize, etc. One point will be allowed for each correct word sent in and one point deducted for each incorrect word or omission.
 7. Candidates may co-operate in answering the puzzle, but only one prize will be awarded to any one household, nor will a prize be awarded to more than one of any group outside of the family where two or more have been working together.
 8. In the event of a tie for any prize offered, the full amount of such prize will be paid to each participant.
 9. All answers will receive the same consideration, regardless of whether or not a subscription to The St. Louis Globe-Democrat is sent in.
 10. There will be three independent judges, having no connection with The St. Louis Globe-Democrat, who will judge the answers submitted and award the prizes at the end of the puzzle game. Webster's New International Dictionary will be used as reference, and participants agree to accept the decision of the judges as final and conclusive.
 11. The judges will meet directly following the close of the contest and the prize winners and winning list of words will be published in The Globe-Democrat as quickly thereafter as possible.
- Note.—If you want the big Sunday Globe-Democrat with the New Marvelous Invisible Ink Feature Section (magic right before your eyes) in addition to eight full pages of comics, beautiful Artigravure Section, Magazine Section, etc., send in a subscription for each subscription.

Address communications and send all lists of words and remittances to Manager Picture Puzzle Game.

Extra Puzzle Picture Free on Request

You Can Win \$2000

This "B-Word" Picture Puzzle Game is a campaign to increase the popularity of The St. Louis Globe-Democrat. It costs nothing to take part, and you do not have to send in a single subscription to win a prize.

If your list of "B-words" is awarded First Prize by the judges you will win \$50, but if you would like to win more than \$50, we are making the following special offer whereby you can win bigger cash prizes by sending in one or two yearly subscriptions at \$4.00 each, with remittance to cover, to "The St. Louis Globe-Democrat."

For instance: If your answer to the "B-Word" Picture Puzzle wins First Prize and you have sent in ONE yearly subscription to The Globe-Democrat at \$4.00 (either new or renewal) you will win \$1,000 instead of \$50; 2nd Prize \$500; 3rd Prize \$275. (See 2nd column in prize list).

OR, if your answer to the Puzzle is awarded First Prize and you have sent in TWO yearly subscriptions (either new or renewal) you will win \$2,000 instead of \$50; second prize \$1,000; third prize \$750. (See 3rd column in prize list).

REMEMBER: It takes but two yearly subscriptions at \$4.00 each to qualify for the big \$2,000 reward, and ABSOLUTELY TWO subscriptions are the maximum, and these subscriptions can be either new or renewal, and they can be delivered either by mail or by the local Globe-Democrat newsdealer (if there is one), as you prefer. Your own name and hold the credit on our books and start the paper at any future date desired.

If you send subscriptions be sure to specify if they are to be delivered by mail or local newsdealer (if there is a Globe-Democrat newsdealer in your town). The price is the same, \$4.00 per year (Daily except Sundays) by mail or newsdealer. If you wish the big Sunday Globe-Democrat add \$1.50 for a full year's subscription.

WAS NOT ENOUGH HELIUM FOR ZR-2

World's Supply of Nonexplosive Balloon Gas Would Not Have Filled Gas Bag.

PROFESSOR CADY GIVES FACTS

Tells of Government's Experiments With Helium and Cost of Producing It in Experimental Stages—Found in Three States.

Lawrence, Kan.—All the helium or nonexplosive balloon gas now available in the world would have been entirely inadequate to lift the ZR-2, the dirigible that was to have been the nucleus of America's air navy, according to a statement by Prof. H. P. Cady of the University of Kansas department of chemistry. Doctor Cady discovered that helium was a constituent of the natural gas of Kansas, Oklahoma and Texas, and performed notable experiments in the early days of the World War in developing processes for commercial production of helium.

Before the war, he said, probably not more than a hundred cubic feet of this gas had been obtained in a fairly pure state, and that was secured at a cost of \$1,700 to \$2,000 a cubic foot for experimental purposes. Total production after extensive experiments by the United States government probably does not exceed 300,000 cubic feet up to the present, but while the cost of production has been reduced greatly, still this cost, compared to the cost of hydrogen, commonly used for inflating balloons, is tremendously high.

Forced to Use Hydrogen.
 "It is not strange, then," said Doctor Cady, "that England used the comparatively inexpensive hydrogen for the ZR-2. During the experimental stages the gas bag had to be emptied at times to allow changes in the structure. Practically the only place to get the helium is from the natural gas of Kansas, Oklahoma and Texas, and thus far processes of reduction have not been perfected. Only 1 per cent or less of the natural gas is helium, and this helium has to be refined to a purity of 90 per cent or better before it has the nonflammable quality demanded for safety in balloon construction."

"I am inclined to think helium never will come into general use for commercial airships, if such vehicles become common. The limited quantity of the material, its high cost and its value in war balloons probably will make it imperative for the government to reserve all helium for its own use."

Doctor Cady explained that even the best balloon covers did not prevent entirely the escape of lifting gases, and it is necessary constantly to supply fresh gas. This is more true of hydrogen than of helium, but the wastage is there, and the continued operation of even a small fleet of war balloons would demand a constant supply of fresh helium. Experiments at the University of Kansas showed that the helium must be nearly 90 per cent pure in order to be safe. Similar experiments in Canada showed comparatively small explosions when mixtures containing only 75 per cent of helium were ignited.

Find Helium in U. S.

The attempts to produce helium in commercial quantities in the United States date from 1916. The year before the English government had bought samples of gas from America in its search for helium for use in airships. The United States was not then a war and proceeded cautiously. Dr. R. B. Moore of the United States bureau of mines, who had received the British communication, recalled that Doctor Cady and his assistant, D. F. McFarland, had discovered the gas in unusual quantities in the mid-continent natural gas, and later Doctor Cady and C. W. Seibel, also of the University of Kansas, were employed in the plans for the construction later of three helium plants in Texas.

Two small plants were completed in March and May, 1918, and began the production of helium. Their output was not great, but 200,000 cubic feet of helium had been produced and much of it had been compressed into cylinders for shipment to France when the signing of the armistice made that unnecessary. A third plant at Petrolia, Texas, near Fort Worth, was completed a few days before the armistice, and experimentation was continued there after the war until halted by diminished appropriations.

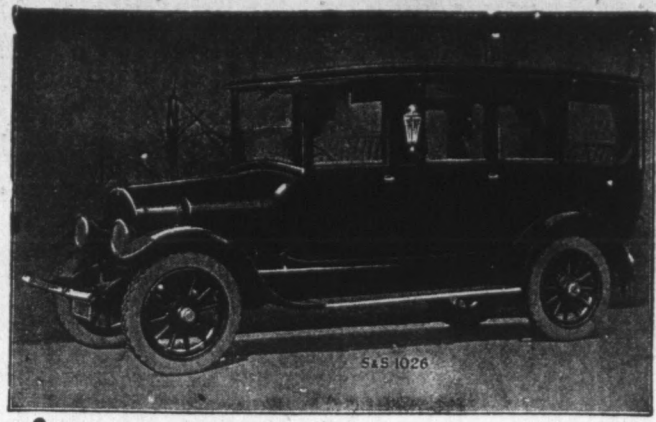

"MEANEST MAN" ROBS GIRL

Takes Locket and 25 Cents From Child on Way to Store in New York City.

New York.—Gotham's "meanest man" stole a locket and 25 cents from a five-year-old girl.

Angella Lempo had been entrusted with a quarter and sent to a nearby grocery to purchase some butter. A man with red mustache lured her to another street, telling her he knew a place where she could get the butter for nothing. Meanwhile he took the 25 cents from her, took off her tiny locket to give it "polished free of charge" and then gave her a paper to deliver to mythical woman in a nearby hallway.

When she returned after a vain search for the woman, the man with the red britches had disappeared.

Busy Public Official Says Theodor's Black-Draught Helps Him Keep Physically Fit.

Clay City, Ky.—"I have been in business here for twenty-one years; am also coroner, riding the Kentucky hills and hollows in all kinds of weather and under all kinds of conditions," says Mr. Sam T. Carr, of this place. "To be able to do so, I must keep physically fit, and Theodor's Black-Draught is my stand-by. "These trips used to give me headaches, and that, I found, came from hurried meals or from constipation. "I was convinced that Black-Draught was good, so now I use it, and it gives perfect satisfaction. It acts on the liver, relieves indigestion, and certainly is splendid. I am never without it. "When you have a feeling of discomfort after meals, causing a bloating sensation, headache, bad breath, and similar common symptoms, try taking a pinch of Black-Draught after meals—a pinch of the dry powder, washed down with a swallow of water. This has been found to assist the stomach and liver to carry on their normal work, and helps prevent, or relieve, constipation. "Your druggist can supply you with this well-known, purely-vegetable liver medicine. Insist upon Theodor's, the original and only genuine Black-Draught liver medicine. NC-137a.

NEW HOPE.

Mrs. T. M. Watkins visited W. H. Finch and family one night last week. Beecher, their son, and her grandson, is right sick with pneumonia.

Mr. Smith of Crutchfield came home Saturday from the hospital in Paducah.

Mrs. Jess Cashion brought the little Clark girl home from the hospital Saturday and kept her a few days to rest her from the trip at her home in Crutchfield. Mrs. Cashion deserves praise for sacrifice in the attending of the little girl to the hospital, and staying with her while there and bringing her home. Few could have done what she did, and not many would, therefore she deserves the greater praise.

Dave Smith and family spent Saturday night with Mr. Smith's sister, Laura, near Harmony Church.

T. B. Watkins, and wife spent one night last week with Mrs. Watkins' parents, Mr. and Mrs. Alfred Haynes.

Ernest Wilson went to Mayfield with his tobacco Monday.

The quarterly meeting was very well attended at Crutchfield Saturday and Sunday.

Mr. Hagan and family of Hickman visited. Mr. Ollie Bruce and family Saturday and Sunday and attended the quarterly meeting.

The presiding elder preached two fine sermons while here. The people around Crutchfield would have done well to have heard and better to heed the lessons he gave out.

Mr. and Mrs. Turner visited Mrs. Turner's sister, Mrs. Yancy Millner, one night last week.

Mr. and Mrs. J. T. Little of Moscow visited Mr. and Mrs. Yancy Millner last Friday.

Mr. and Mrs. O. L. Sayne and Mr. and Mrs. George Finch took dinner with Mr. and Mrs. T. M. Watkins Sunday.

Mrs. J. H. Jonakin and children, Jinnette and James Henry, Jr., left Sunday for Marmaduke, Ark., to visit the former's parents, Mr. and Mrs. J. S. Murchison.

Miss Elizabeth Jonakin of south of town spent last week in Union City with her sister, Mrs. Gertrude Woosley.

STRAWBERRY ASSOCIATION TO HOLD MEETING

The Fulton County Strawberry Association of this end of the county will hold a meeting tomorrow night at the Commercial Club room, beginning at 7:30.

Mr. Morgan Hughes of the Farm Bureau will be present, and will address the gathering. All persons interested in growing strawberries are urged to be present.

Mrs. L. writes:

"I am convinced there is a difference in baking powder. I have been using any old powder for ten years but my cakes are 100 per cent better since I bought a can of Royal Baking Powder. I recommend it to any housewife who thinks she knows all about cake making with any kind of powder."

PARENT-TEACHERS ASSOCIATION.

The regular monthly meeting of the Parent-Teachers Association of Lodgeston met on Friday afternoon, April 7.

The president, Mrs. J. C. Lawson, Jr., brought before the league some very important business. This being our last meeting before school closes, there was quite a lot of business.

It was decided all parents in district to meet at 11:30 and bring lunch the last day of school, Friday, April 21, and have a picnic. Want all to come out and bring some one with you.

It was decided to have the socials in afternoon at 2:30 to 4:30 instead of evening. The next social is to be held with Mrs. Porter Harris, April 28.

After business session, Mrs. Tom Stallings was leader for the afternoon. Her subject was What the Woman in the Home should Know of Business, and was handled to perfection.

Club adjourned to meet first Friday in May, with Mrs. Maddox as leader. Subject, Health for Grown-ups.

LLOYD GEORGE MAY SUGGEST ARMY HOLIDAY

Report of This Could Not Be Verified.

(By the Associated Press.)

Genoa, April 12 (Special).—Premier Lloyd George of Great Britain is contemplating suggesting an agreement for the limitation of armament in Europe for a definite period, according to an unverified report, before the adjournment of the present international economic conference.

It is thought that this proposed "army holiday" will be patterned on the naval limitation agreement that was completed at the Washington conference.

ENDEAVOR CIRCLE.

The Endeavor Circle of the M. E. Church held their regular monthly meeting on April 10 at the home of Mrs. Ed Thomas, with eight members and four visitors present.

Mrs. Weaks led devotional exercises by reading a portion of the third chapter of Proverbs, followed by prayer. Mrs.

Butt, leader for the afternoon, had a very interesting program.

The meeting was then adjourned and during a very pleasant social hour the hostess served delightful cream and cake.

AUXILIARY MEETING.

The Girls Auxiliary of the Baptist Church met Monday afternoon with Miss Hilda Hales as hostess. The meeting was called to order by the president. Devotional exercises conducted by Miss Searce.

This being the time for annual election of officers, Miss Annarine Norman was re-elected president; Miss Hilda Hales, vice president; Miss Mary Bell Warren, secretary; Miss Elizabeth Hall, treasurer.

After business was disposed of, a short program was given by Miss Margie Allen, assisted by Misses Pearl Smith and Mary Louise Bransford. The meeting was closed with prayer by the president.

During the social hour the hostess served dainty refreshments of cream and cake.

"AN ORDINANCE"

An Ordinance to provide for the inspection of fresh meat supply in the City of Fulton, and fresh meats intended for sale within the City and to regulate a slaughter house and provide for the City of Fulton to contract for the erection, operation and supervision of a slaughter house and to contract with some person, firm or corporation to operate said slaughter house and to license the sale of meats within the City of Fulton.

Section One.
That except as otherwise provided in this ordinance, it shall be unlawful for any person, firm or corporation to sell, offer for sale, or have on hand for the purpose of sale, within the City of Fulton, Ky., or to bring or send into, or deliver in said City for the purpose of being sold, or offered for sale therein, or pursuant to any contract of sale previously made, any fresh or uncured meat, except fowls and what is usually classed as game, unless the same shall have been inspected at the licensed slaughter house of the City of Fulton, Ky. And be thoroughly protected against flies and dust from the time of inspection until delivery to the purchaser. But this provision shall not apply to meats which have passed, and which bear the stamp of inspection provided by the laws of the United States for inter-state shipment of meats.

Section Two.
Any person, firm or corporation desiring to secure a license from the City of Fulton for operating a slaughter house, wherein animals may be slaughtered for sale in said City, shall make application in writing to Board of Council, of said City, which after investigation shall grant same, if said slaughter house is in opinion of said Board conveniently situated, with reference to said City for inspection, and is determined by the said Board to be properly constructed and equipped for conducting a clean and sanitary slaughter house in compliance with the laws of the state, and the rules and regulations governing same adopted, and published by the State Board of Health. That any person, firm, or corporation making application for the conduct of said slaughter house shall give bond for the sum of One Thousand Dollars (\$1,000.00) for the faithful performance of his duties. And it is further provided that the City of Fulton may contract with such person, firm or corporation complying with all provisions contained herein for the operation of said slaughter house and meat inspection.

Section Three.
The person, firm or corporation conducting said slaughter house, shall not charge in excess of the following amounts for his services; and shall not refuse to slaughter for any person desiring to sell an animal, within said City, unless inspection shows it unfit for human food: For slaughtering a cow, ox or bull, \$2.50; a hog or pig, \$1.25; a sheep or goat, \$1.00. This charge to include slaughter and inspection fees. There shall be a fee not greater than the following amount; charge for any carcass or fresh meat, or part of carcass of fresh meat, as an inspection fee only. This fee not to apply nor be in addition to the charges made for slaughter and inspection, but shall have reference to any fresh meat, killed by a farmer or anyone, that he offers for sale in the City of Fulton, Ky.: For inspecting a cow, ox or bull, dressed, 50c; for inspecting a hog, pig or veal, sheep or goat, dressed, 25c each, or any part of either carcass same shall carry the inspection charge of the whole carcass.

Section Four.
Nothing in this ordinance will prohibit a farmer or anyone from butchering any cow, ox, bull, hog, pig, veal, sheep or goat, a product of his own farm, and offering it for sale in the City of Fulton, when the inspection shall have been made by the duly authorized slaughter house inspector of the City of Fulton, Ky., except when it is to be sold in smaller pieces than quarters.

Section Five.
It shall be unlawful for any person, firm or corporation to retail any fresh meat except fowls and game within said City unless said person, firm or corporation shall have first procured a license from said City to do so. The fee charged for said license shall be \$25.00 per year and shall be issued for a term of not less than one year at a time.

Section Six.
Whenever the meat inspector shall by inspection determine that any carcass or part of carcass is unfit for human food, the same shall be stamped or tagged, in a manner so as to designate that it is unfit for food, and shall not be brought into or sold in the City of Fulton. The Board of Health shall designate a uniform method of marking meat which is inspected and passed as food, and it shall be unlawful for any person, firm or corporation to counterfeit, imitate, or not rightfully use the stamp of the Municipal Inspector of the City of Fulton.

Section Seven.
All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Section Eight.
That any firm, person or corporation violating any of the provisions of this ordinance shall upon conviction be fined \$15.00 for each offense, each act or sale shall constitute a separate offense.

Section Nine.
In the event that the county in which the City of Fulton is situated obtains a full time County Health Department, or becomes part of a district having a full time Health Department, the words "Board of Health" used in this ordinance shall be changed to read "County of District Health Officer." This ordinance shall be in full force and effect after passage, approval and publication.

Adopted and approved at a regular meeting of the Mayor and Board of Council held April 3, 1922, and ordered to be published immediately.

R. H. WADE,
Mayor, City of Fulton, Kentucky.

THOS. H. CHAPMAN,
Clerk, Board of Council, City of Fulton, Kentucky.

I, Thomas H. Chapman, Clerk of the Board of Council of the City of Fulton, do certify that the foregoing is a true and correct copy of an ordinance adopted and approved by the Board of Council of the City of Fulton at a regular meeting held on the evening of April 3, 1922, as the same appears of record in my office.

Business

Is always
100 Per Cent

{ It's the SHRINKAGE
that hurts the
timid man. }

Geared up away beyond normal speed the unthinking man is sure to say: "Business is fine--100 per cent."

When Old Man Average takes a hand he cuts volume all to pieces. Then the unthinking man wails: "Business is rotten--I'm headed for the rocks."

And he cuts down on advertising, if he doesn't quit altogether.

All the time business is exactly 100 per cent. There's just so much of it, and no more. It may shrink badly, but what there is of it is 100 per cent.

When there are fewer buyers there are fewer sales, so when business shrinks and the thoughtless man rails a wate, here is what the long-headed business thinker traightway does:

He CAREFULLY PRUNES overhead, but keeps his organization strong NEVER CRIPPLES IT.

HE KEEPS RIGHT ON ADVERTISING to make sure that gets his full share of all the business that's abroad. AND HE GETS IT.

By going after business HARD in 1921, the CHICAGO EVENING AMERICAN gained over a half-million lines over its own greatest year of 1920. In 1921 every one of its evening competitors LOST over 500,000 lines. Consistent advertising played a strong part in the results.

BAPTISTS RAISE \$30,000,000 CASH

ALL GENERAL WORK STRENGTHENED BY 75 MILLION CAMPAIGN, IT IS SHOWN.

WHERE THE MONEY GOES

Sums That Have Been Appropriated To Various Objects Set Forth By Headquarters Office At Nashville, Tenn.

Dr. E. Gill, Baptist Representative in Europe, on Left, and P. V. Pavloff of All Russian Baptist Union.

From the beginning of the Baptist 75 Million Campaign to January, 1922, a total of \$30,356,319.41 had been paid in to objects fostered by the Campaign, it is announced by the general headquarters office at Nashville. Of this amount \$28,799,971.16 came in through the payment of regular Campaign subscriptions and the remaining \$1,556,348.26 in special contributions. Regular receipts from the various states follow: Ala., \$1,301,134.76; Ark., \$714,683.09; D. of C., \$123,280.01; Fla., \$469,753.53; Ga., \$3,000,174.10; Ill., \$298,576.13; Ky., \$3,187,656.16; La., \$807,991.13; Md., \$393,517.46; Miss., \$1,243,846.50; Mo., \$1,190,754.70; N. M., \$145,229.97; N. C., \$2,211,741.50; Okla., \$340,562.65; S. C., \$2,633,840.53; Tenn., \$1,797,483.10; Tex., \$5,162,658.85; Va., \$3,279,085. More than 250,000 baptisms were reported by Southern Baptist churches last year.

How Money Was Distributed
Seven general objects of the denomination were embraced in the Campaign program, and from the regular Campaign contributions those objects have received the following amounts, according to a compilation by the headquarters office: Foreign missions, \$5,434,012.53; home missions, \$3,562,606.07; state missions in the seventeen states and local work in the District of Columbia, \$4,954,813.26; Christian education, \$7,192,442.79; Baptist hospitals, \$2,004,099.16; orphanages, \$2,103,787.33; and Relief and Annuity Board, which ministers to aged dependent ministers and their families, \$799,126.99.

What Money Has Done
These funds represent an advance, ranging from 200 to 300 per cent, in the contributions of Southern Baptists to their general missionary, educational and benevolent work, prior to the inauguration of the Campaign, and have enabled the boards and other agencies to greatly extend their services in all departments. In addition to sending out more than 150 new missionaries since the Campaign began, and providing many church buildings, mission residences, schools, theological seminaries, publishing houses, hospitals and the like on the older fields the Foreign Mission Board has been enabled to open work in the new fields of Spain, Jugo-Slavia, Hungary, Roumania and Southern Russia in Europe, and Palestine, Syria and Siberia in Asia, and Dr. Everett Gill, for many years a missionary in Italy, but more recently a pastor in Kansas City, has been named special European representative to supervise the greatly expanded work on that continent. Dr. Gill is giving much of his time to distributing Baptist relief funds in Russia and otherwise looking after the interests of the denomination there.

Home Work Enlarged
Among the outstanding accomplishments of the Home Mission Board are the aiding of more than 1,000 churches with loans and gifts for church buildings, completion of the big tuberculosis sanatorium at El Paso, enlargement of the work in Cuba and the Canal Zone, strengthening of the 37 mountain mission schools and the development of all eleven departments of the work of the Board. In all seventeen states of the Southern Baptist Convention the state mission work has been greatly extended, the number of Baptists hospitals in the South has been increased from eleven to twenty-three, all of the older eighteen Baptist orphanages have been aided in material ways and two new ones have been established, while the number of aged dependent ministers and their families has been doubled and the amount of aid given them increased 100 per cent.

Collections Are Pushed
While the collections so far represent a big gain over the contributions of Southern Baptists to their work before the Campaign, the sum collected is not all that is due and in all the South an effort is being made to collect as much more as possible by the close of the Convention year, May 1, that none of the work may suffer.

WARNER BLACKARD MISSIONARY SOCIETY.

The Warner Blackard Missionary Society met in regular session Monday afternoon with Mrs. Claude Freeman. The meeting was opened with a song followed by the scripture reading by Miss Chumbler and prayer by Mrs. Maddox. Reports of the various officers were given. A motion was carried that the society put on a capsule campaign which will terminate in three months with a party. It was voted that the time of meeting be changed to 3 o'clock. Mrs. Abe Jolly had charge of the lesson for the afternoon with Monterey, Mexico, as her subject. She was ably assisted by Mrs. T. D. Clark and Mrs. Harry Law-

rence. The society enjoyed a solo by Mrs. John Green with Miss Boaz as accompanist. Miss Chumbler gave an article from The Missionary Voice. Each member is to answer roll call at the next meeting with an item from The Voice.

The society adjourned to meet in two weeks with Mrs. Jim Snow and Mrs. Lois Hornbeak. Delicious refreshments were served by the hostess.

ENGINEERS IN ENDURANCE CONTEST

Confident That Big Levee System Will Hold.

(By the Associated Press.) Memphis, April 12 (Special).—Engineers who are directing the efforts to hold the Mississippi River within its bounds are making ready today for an endurance contest with the river, due to additional water pouring into the Mississippi from various tributaries.

The engineering force is confident that the levees will hold against the prolonged flood. The river is reported rising today at New Madrid, and up to St. Louis, but is gradually coming to a stand at Memphis. The weather bureau states that the river will begin rising here again tomorrow or Friday.

Meanwhile the water that was let in by the gap torn in the White River levee yesterday is spreading over the farm lands of that section. Thus far no loss of life has been reported.

BRINGS DAMAGE SUIT FOR \$250,000.00

Alabama Man Alleges Personal Injuries.

(By the Associated Press.) Birmingham, April 12 (Special).—Suit for \$250,000 dam-

ages was filed in the Federal court here today by P. H. Debardeben, formerly a druggist of Sylacauga, Ala., against 22 residents of that community, for alleged personal injuries resulting from a flogging that is alleged to have been administered on April 19, 1921.

LLOYD GEORGE WOULD ABOLISH WAR

Will Make Proposition Before Genoa Conference.

(By the Associated Press.) Genoa, April 12 (Special).—Prime Minister Lloyd George is expected to propose at the earliest opportunity to the economic conference here a pact or understanding that no nation is to attack another, thus abolishing the possibility of war during the duration of the pact.

This statement was made today by the Reuter correspondent.

150,000 ACRES REPORTED UNDER WATER

Water Ranges from Four to Six Feet in Depth.

(By the Associated Press.)

Helena, Ark., April 12 (Special).—Flood waters from the White and Arkansas Rivers now cover approximately 150,000 acres of land in the lower part of Phillips County, according to an estimate made today by E. M. Allen, a prominent planter.

The town of Elaine is surrounded by water, and Loconia Circle is reported completely flooded by as a result of the breaking of the levee there Tuesday night.

Water within the territory affected ranges from four to six feet in depth, according to reports received today.
