Richard Halliburton Makes Inspiring Talk

One of the Nation's Eminent Speakers
Addresses Seniors Last Night.

43 SENIOR GRADUATES RECEIVE DIPLOMAS
Commencement Program Best
History of Schools

Richard Halliburton, world famous lecturer and writer, delivered the commencement address before the Senior graduating class of the Fulton High school, Thursday night, May 21, at the Carr Park auditorium. His address was one of the most interesting and inspiring ever heard in Fulton, and although Mr. Halliburton is a young man, he is well versed in platform work. He has a pleasing personality and emanates vigor, vim and intelligence.

The commencement exercises this term have been exceptionally interesting and entertaining, and have set a precedent for future commencement activities. Never in the history of the Fulton public school have the programs been so well arranged, prepared and rendered. The Senior high school play was splendidly produced, and drew a capacity crowd. The productions presented by Carr Institute and Terry-Norman were highly entertaining and carefully rendered by the students. The baccalaureate sermon delivered by Dr. E. S. Baker, of Union City has been accredited the best ever given during commencement week.

Wonderful progress has been made in the Fulton school system in the last four years, but the most marked improvements have come about during the term 1924-25. The senior graduating class is the largest class that has ever went out of the Fulton High school as one body. Of the 43 students who received diplomas Thursday night, 24 were girls and 19 were boys. The lists of girls and boy graduates follow respectively:

Mary Sue Williams, Desiree Brann, Kathryn Smotherman, Bearah Roberts, Ruth Atwood, Mary Anderson, Jessie Marie Clements, Mary Williams, Jennie Combs, Mary Donoho, Dorothy Granberry, Minnie Lee Hart, Dora Mae Duncan, Emma Finch, Hilda Hales, Mary House, Monira Homra, Florence Wade, Mary Belle Warren, Martha Smith, Lena Evelyn Taylor, Evelyn Lemond and Lela Osgood.

Fred Whitnell, Bob Binford, Fred Carden, Paul Bushart, Glenn Campbell, Moorman Campbell, Hillman Collier, Robert Holland, Carl Henderson, Abraham Haman, Morris Howell, Kenneth Parker, Tobe Perce, George Hansell, Herbert White, Simpson Waggener, Leslie Triplett, Ned Weems, Cecil Gardner.

Thirty-four graduates from the eighth grade, consisting of 20 girls and 14 boys, received diplomas at the Carr Park auditorium Tuesday night. Those who are fitted to enter the Freshman lists of the High school next term are as follows:

Ruth Payne, Rachel Howard, Mary Ruedell Grissom, Sarah Roberta McLaurine, Bertha Dorothy Williams, Martha Edna Wolfgram, Lurlyn Gholdsbay, Ruth Autie Paschall, Mil-

dred Marie Pewitt, Mary Croft, Dorothy Evelyn Williams, Marie Moore, Capitola Cathey, Montez Winstead, Mary Moss Hales, Mary Nelle Nall, Rachel Elledge, Mary Laverne Burnett, Nadine Morris, Lorene Lewis.

James Wallace Gordon, J. W. Moorhead, Jr., Avery L. Hancock, Carlus H. Hicks, Randolph Kramer, Marvin Kinney, John Joseph Hill, Joseph Waylon Williams, Talbert Sawyer, William Clanton Boyd, Cecil Robert Weaver, Everett Gordon Carter, Robert H. Binford, Frank M. Wiggins.

The faculties of the Fulton schools have cooperated in their efforts to make the schools of this city better, and the Parent-Teacher Association has had a mutual interest in the development and improvement of the standard of Fulton schools. Let us hope that the good work will continue next term, and that a still better school system be instituted.

Dr. Baker Draws Large Crowd.

Dr. E. S. Baker, a prominent pulpit speaker of this section, and pastor of the Christian church of Union City, delivered the baccalaureate sermon before the senior graduating class and a large body of citizens Sunday, May 17. The program for the day was well arranged and carried out.

The subject of Dr. Baker's sermon was "Ye Are Not Your Own; We Are Bought With a Price," and his address left many impressive thoughts with the entire audience and the senior class. Dr. Baker is a man of exceptional ability as a speaker for Commencement Sunday.

The senior class, composed of 18 boys and 22 girls, marched two abreast from the High school building over to the auditorium, and formally took their seats on the stage. In the course of his address, Dr. Baker told the Seniors that they stood at the crossroads, and they must make a decision. The most vital questions foremost in their mind, Dr. Baker reasoned, were: Where am I to go; how am I to go, and when am I to go?

A life worth while is four square, he averred. There are four sides to a perfect life: the physical, the mental, the moral and the spiritual. It takes all these developments to complete a composite that will withstand the storms of life. If the spiritual is neglected, you have left out the most important of the composite, and you will be lopsided and disfigured, he continued.

Dr. Baker gave timely illustrations which plainly brought out his meaning. He is adept in the portrayal of right-conscience, and his sincerity received many praises from the people who heard his sermon last Sunday.

Choir singing and a vocal solo by Mrs. Armstead added spice and charm to the program.

Railroad News

Vice Grand President of Railway Clerks Addressed Fulton Division

Mr. R. P. Dee, Vice Grand President of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees, delivered an address to the Fulton Division Lodge 801 of that order in the Elks club Monday night. There was a good attendance and Mr. Dee's address was very instructive along the lines which have been outlined for that order and was highly appreciated and enjoyed to the fullest by those present. There was quite a discussion followed concerning the membership drive to be launched by that order soon.

Court Dissolves Injunction Against Edgewood Cut-Off

The appellate court at Chicago, Ill., handed down a decision on Wednesday, April 29, ruling that the superior court had no jurisdiction in the injunction proceedings brought to prevent the Illinois Central Railroad from financing the new line, known as the Edgewood Cut-off, which is to extend from Edgewood, Ill., to Fulton, Ky., and ordered that the injunction granted by the superior court be dissolved.

The decision which was written by Justice C. M. Thompson, states that the bill of complaint should have been dismissed "as soon as it became apparent that the suit was one to set aside an order of the Interstate Commerce Commission extending the company permission to build the cut-off would be nullified.

BELOVED WOMAN PASSES AWAY

Her beautiful life was closed Friday afternoon May 15, when Mrs. W. H. Powers fell asleep to awake the resurrection morn. After a long, busy and useful life, she died as she had lived—honored, trusted and loved. She reared her own monument while she lived in the hearts of all who knew her. She was a consecrated member of the Methodist church, and her Christian life was beautiful from its beginning to its close. Our little city and its hospitable people ever held a warm corner in her heart. It was here thirty-three years of her life was spent and when her last hour came and the God of Eternity called her to her everlasting rest, it was her desire that beneath the shady trees in Fairview, surrounded by the beauty, happiness and contentment of our people where the flowers are sweetest and the birds warble their most melodious songs, should be the eternal abiding place of all that was mortal of her.

"Mourn not the lost! In realms of changeless gladness, Where friendship's ties are never crushed And broken, we still may meet; He who beholds our sadness Hath to the trusting heart assurance Spoken of that blest land, where, Free from care and pain, Fond friends unite again."

Life will never be quite the same to those who knew her, while those who were nearest to her will long for her with unutterable longings—long for a mother's counsel and advice, and a wife's gentle and loving sympathy.

Two lives that have been welded together for fifty years, when separated on this earth, is a shock for the one left behind almost unbearable, and our sincerest sympathies go out to the devoted husband whose head is bowed in grief, also to the children and loved ones left behind.

J. Willingham, of Fulton, one grand daughter, Mrs. Hal Taylor, of Crenshaw, Miss., four brothers, Joe Eay and W. D. Fry of Union City, J. M. and A. C. Fry of Fulton, and two sisters, Mrs. Sadie Chambers, of Fulton, and Mrs. Will Glass of Martin.

Funeral services were held at 4 o'clock Saturday afternoon in Fairview cemetery, the Rev. J. V. Freeman officiating.

Judge Bunk Gardner To Address Bible Class Sunday

Will Speak Before Busy Men's Bible Class of M. E. Church

CLASS WILL MEET AT CARR PARK

Local Organization Has Led Over Dyersburg

Judge Bunk Gardner of Mayfield has been obtained to deliver an address before the Busy Men's Bible Class of the Methodist Church of this city. The class will assemble at the Carr Park auditorium Sunday morning at 9:30 a. m. A crowd of 500 is expected to attend the meeting Sunday, and Judge Gardner will beyond doubt leave many interesting and worth while thoughts with the audience.

Judge Gardner always has something appropriate and interesting for such an occasion as Sunday will be, and the people of Fulton and community have heard him make many splendid addresses. An unusually large crowd will attend the services Sunday, and the local Men's class will again raise their standard of attendance. Why not boost a home town organization and help it come out victorious by going to the services Sunday? Not only will you be lending your cooperation, but you will have the opportunity of hearing one of the most interesting and beneficial talks of the year.

Fertilize your flowers with Homestead, and watch them grow. CITY COAL CO. 41

Edd. B. Kelly Announces for County Court Clerk

In today's paper we are authorized to announce the candidacy of Edd. B. Kelly, for the office of County Court Clerk subject to the action of the Democratic primary election, August 1, 1925.

Mr. Kelly is well known throughout this entire section of the country. He was born and reared in Fulton county and is a young man well qualified to fill the office he seeks. He is a staunch Democrat and a man of good moral character, highly esteemed by all who know him, and the voters will make no mistake in considering his candidacy for the office of County Court Clerk of Fulton county and giving him their support.

Below we publish a notice from him:

To the Voters of Fulton County:

My delay in calling on the voters was in order to put in as much time at work as possible, but will try to see each and every voter between now and August 1, to solicit your vote for the important office of County Court Clerk.

If I fail to see you personally I ask you to consider my candidacy and vote for me if you think me worthy of this office.

Respectfully,
EDD. B. KELLY.

Beautiful Residence For Mayor R. H. Wade.

L. H. Howard, the well known contractor and builder, who has recently returned home from Lakeland, Fla., where he superintended the building of Dr. H. B. Callahan's palatial Florida home, is now at work on Mayor R. H. Wade's residence on Carr street. The plans call for a 2 story brick veneer with basement, stone trimmings and tile roof. It will be a ten-room dwelling, including sunroom and sleeping porch. The interior will be finished throughout in hardwood with all the built-in conveniences to make it an ideal home, of the latest and modern architecture. The lot has a commanding location on Carr street, adjoining the Dobbins-Johnson property. The reputation Mr. Howard enjoys as a contractor and builder will be fully maintained in the Wade home and when completed will be one of the handsomest dwellings on Fulton's popular residential street and a valuable addition to the city.

CARD OF THANKS

We desire to express to our friends our sincere gratitude for the many kindnesses displayed by them during the sickness and after the death of our beloved kinsman, the late Asbir Homra. Especially do we thank them for the beautiful floral offerings and the many expressions of sincere sympathy they have offered. Respectfully yours,

Mrs. A. Homra and children, Moses Homra and family, Kemel Homra and family.

CLOTHES EMANCIPATION

If women follow the dictates of fashion, they will not be weighed down with clothing. Exactly two pounds of raiment will clothe her, a speaker at the Fashion Art League of America convention said. And half of the two pounds will be on her feet.

Thus women strive to be emancipated from clothes. In time, they may find even scantier dress more to their liking, but it is doubtful if many women will ever follow fashion that far.

Most of them will hesitate about a six-ounce dress for any occasion. And the rest of the clothing to keep within the two pound limit would be a two ounce step-in, a one ounce brassiere, a two ounce pair of hose and a five ounce hat.

An ounce of prevention is worth a pound of cure, but it takes more than thirty-two ounces to clothe a woman decently.

This will undoubtedly be the judgment of the vast majority of women, whose sense of propriety will not permit them to lower themselves in the estimation of the other sex by returning too close to the Garden of Eden styles.

THE RETAIL MERCHANT

The small retail merchant generally regards himself as a small cog in the elaborate mechanism that constitutes American business, but that does not appear to be the view of business itself.

What the latter things of the retailer was expressed by Richard F. Grant, president of the United States Chamber of Commerce, in a recent address:

"The retail merchant of this great land of ours has a sacred trust in his hands, because he is the point of contact between business and the great run of American citizens. The viewpoint of the American citizen regarding business is largely crystallized and molded and formed by the retail merchant because, as I have said, he constitutes the great point of contact between the citizenry of the country and business."

When the retail merchant realizes his importance in our present business structure, and that he is in business to satisfy human desires, he is much more likely to appreciate his responsibility to the people whom he serves.

By his conduct in the business world, people form their conceptions of business as a whole. Whenever a retail merchant engages in unethical practices or is guilty of dealings that will not stand close scrutiny, he injures the whole business structure.

His fellow merchants as well as himself suffer because the customer who suffers loses confidence in all business men.

The retail merchant who places the customer's satisfaction above his own profits will profit in the long run and is a distinct asset to any community.

First Christian Church

Ollie J. Sowell, Pastor

The Sunday school was well attended last Sunday, and a great amount of enthusiasm is being shown in every department. There is no doubt but what Mr. Clarence Pickering is one of the best Sunday school superintendents in this part of the country. He is sincere and always on the job. If the people will continue to cooperate with him, this will be one of the best Bible schools in town.

The morning church service was dismissed Sunday for the graduating exercises at Carr's Park.

The Junior Endeavor held a fine meeting Sunday night. The program was along the line of service and the enthusiasm with the young church life, is indeed great. They have on a contest now between the girls and boys for several weeks, and at the end of that time, the one that loses will entertain the winning side. The girls have won two contests before this one. Brother Sowell gave them a fine Bible for the church as a reward for their effort. However, the boys are on the job now and looks as though the girls will have to show them a good time. Each side has its cheer leader and both are fighting hard to win. Mrs. Culver, the superintendent, will entertain them next week.

A great crowd was present Sunday night to hear the sermon on "The Man By the Side of the Road." Rev. Sowell came in on the evening train from Madisonville, Ky., where he delivered a memorial address, and said he had slept 4 hours in the last 40 but his sermon was pronounced the biggest of the year. Rev. Sowell reviewed the story of "The Good Samaritan," and said that there are four classes of people represented in this story, namely, the robbers, priests, Semites and Samaritans. This old world is down by the side of the road, in its wickedness and disbelief in God and the church is coming down the highway of life. It is represented by these four classes of people. The first class, namely, the robbers, are making people helpless, because they steal character, virtue and love and leave the poor souls half dead from the wounds made by a slanderous tongue. The priest is also present, in the form of the one who is too high minded to get on his knees and put the hands in the filth of sin to rescue a soul; then the Semite, who is thinking of self first, and to increase personal safety, passes by on the other side. Then comes the last class, the Samaritans, the ones who have forgotten self and stopped long enough to pour on the oil of happiness and bind the wounds with the bandages of love, and leave Jesus Christ as external saviour.

Mr. Barclay of Memphis, sang a beautiful song Sunday night. Mr. Barclay is always welcomed to the churches, and he is a very great inspiration in his music. Mrs. Emery also delighted the audience with her music. She is a wonderful musician, and the church is lucky to have her, during her stay in Fulton.

There was a short called meeting of the official board church Sunday night, and Bro. Sowell informed them that the church extension fund had granted this church a loan to build the new church addition. This money was obtained thru the influence of our pastor, as he is a personal friend of the president of the U. C. M. S. The building will start just as soon as some changes are made in the plans.

The Sara Dean Bible class met with Mrs. O. J. Sowell Monday afternoon in the parsonage, a very fine program was given and a fine attendance is reported. After the program, refreshments were served and the guests all expressed their deep appreciation for the occasion.

Mrs. C. R. Sowell, of Mayfield, was in the city over the week end, visiting Rev. and Mrs. Sowell. Mr. and Mrs. Paul Pickering were visitors in Louisville over the week end. Rev. O. J. Sowell delivered a memorial address in Madison-

ville Sunday at 2:30 o'clock. The Church extends sincere sympathy and prayers to Mrs. Spradlin and children in the loss of their husband and father.

Rev. J. S. Dean of Louisville, a former pastor of this city, was in town for the funeral of Mr. Spradlin last week.

There will not be any church service next Sunday morning, as Bro. Sowell will preach the baccalaureate sermon for the senior class of the South Fulton High school.

Sunday night will be the last service that Bro. Sowell will have in Fulton. He will preach the farewell sermon at eight o'clock. A special musical program is prepared and the band will also play. A great crowd will be present to say good bye to the pastor.

Sunday school, 9:45.

AN IMPROVEMENT WORTH WHILE

The thanks of the citizens are due the City Council for the improved condition of our streets, and the fact that it has obtained a material for mending the bad holes that bids fair to withstand the tear of traffic to a much greater extent than the old method used.

The rock asphalt now being used will undoubtedly last much longer than the gravel formerly placed in the holes and the enterprise of the officials is to be greatly commended.

The necessary delay in putting our streets in first class condition by putting down permanent paving is appreciated by all and the efforts of the city fathers to keep the streets in something like decent condition is a continual expense, but it is only fair to the men in charge of our municipality to give them a word of praise when due them.

Let us hope that the coming election in South Fulton will remove the present bar to improving our streets and sewers, and allow our own officials to start the work that has been so long in abeyance.

We have the very fertilizer you need for your garden and flowers. It produces results. CITY COAL CO. 41

The Disc Cultivator with Automatic Horse Lift

None of the work of raising the rigs at the end of the row falls on you; all you have to do is to trip the handy balance lever and up the rigs go with the pull of the team—no work at all for you and no increased draft for the horses—that's one of the many features you will be sure to like on the

JOHN DEERE JA

This is the handiest disc cultivator ever made, and it can't be equalled for thorough work.

Width of cut can be changed by sliding disc head in or out on notched crosshead plate.

Cutting angle is regulated by forward ratchet on dischead, and tilting of gangs by upright ratchets. No bolts to loosen—no wrench necessary.

Changing gangs from one throw to the other requires the removal of only two cotter pins.

Handy levers for adjusting rigs accurately for depth.

The oscillating scrapers are another important advantage—by merely turning a hand lever on the scraper bar, scrapers may be instantly set to the inside or outside of disc.

The automatic frame shift on the JA insures easy and perfect dodging on crooked rows. The discs are always parallel with the wheels, insuring effective work under all conditions.

It's easy to convert the JA from a disc to a shovel or spring tooth cultivator. We can furnish the rigs desired.

Come in and see the John Deere JA.

Lesson for May 24

SAUL BEGINS HIS GREAT CAREER

LESSON TEXT—Acts 9:20-31
GOLDEN TEXT—"I determined not to know anything among you, save Jesus Christ, and Him crucified."—1 Cor. 2:2

PRIMARY TOPIC—How God Saved Saul From Danger.

JUNIOR TOPIC—Saul Preaching in Damascus.

INTERMEDIATE AND SENIOR TOPIC—Saul a Bold Preacher.

YOUNG PEOPLE AND ADULT TOPIC—Courage in Witnessing for Christ.

I. Saul Preached Christ in Damascus (vv. 19-22).

1. Saul's Fellowship With the Disciples (v. 19).

After Saul was baptized he remained certain days with the believers in Damascus (v. 19). How beautiful to think of the transformation which took place—the one who was so passionately bent on their destruction was now enjoying fellowship with the disciples.

2. Straightway Preaching in the Synagogues (v. 20).

Saul, like every one who is really converted, begins to tell of the newly found Savior. As soon as he is saved he goes to save others. His message concerned the deity of Christ. His doctrinal belief is summed up in six words, "He is the Son of God."

3. The People Amazed (v. 21).

They knew that the very one who had been the ringleader in persecuting the Christians in Jerusalem, and had come to Damascus for the express purpose of bringing them bound to the chief priests, was now passionately advocating that which he had so vehemently sought to destroy. When a man is saved there ought to be such a change as to cause the people to notice it.

4. The Jews Confounded (v. 22).

Saul retired into Arabia for three years. During this time he was taught the full truths of his ministry (Gal. 1:17-18). Saul increased in spiritual strength and confounded the Jews, proving that Jesus was not only the Son of God, but their Messiah.

II. Saul Escapes From the Jews (vv. 23-25).

He used the Scriptures with such skill that the Jews could not answer him. Finding that the argument was against them, the Jews took counsel how they might destroy Saul. So intent were they upon killing him that they watched the gates of the city day and night that they might take him. When this became known to the disciples, they let him down at night in a basket by the wall.

III. Saul Visits Jerusalem (vv. 26-29).

This journey to Jerusalem was in strange contrast with the one from Jerusalem to Damascus. The one was as a leader of an important expedition under the authority of the Jewish officers with the prospect of a place of distinction in the council of the Jewish nation. Now he is an outcast, disowned by his countrymen, and fleeing for his life. These are the outward circumstances, but he knows the fellowship of the Lord Jesus whom he once hated.

1. Suspected by the Disciples (v. 26).

The believers at Jerusalem had not heard fully about Saul's conversion. They knew nothing of his sojourn in Arabia, and his preaching at Damascus after his return. Therefore they regarded him as a spy. "Part of the penalty of wrongdoing is the difficulty of restoration in the good opinion of honorable men."

2. Barnabas' Confidence in Saul (v. 27).

Barnabas was a man filled with the Holy Spirit (Acts 11:24) and therefore able to discern the reality of Saul's conversion. He was in reality a "son of consolation" and here showed his kind spirit.

3. Saul in Fellowship With the Disciples (v. 28).

He was not content merely to visit with the brethren. He spoke boldly in the name of the Lord Jesus Christ.

IV. Saul Sent to Tarsus (v. 30).

A conspiracy similar to that one at Damascus was formed against Saul. When the brethren knew of it they sent him to Tarsus. Saul's life was in danger everywhere except among the Gentiles. He now is back to the place of his birth. The first and best place for one's testimony is in his home. Saul's conversion was typical of the conversion of the Jewish nation. Their eyes will be opened by a personal revelation of Jesus Christ to them, and when they accept Him as their Savior and Messiah, they will go forth as witnesses to the Gentiles.

To Know All

"To know all is to forgive all"—and to forgive is to save.

Sense of Duty

A sense of duty may not be the highest motive, but the best men are moved by it.—Presbyterian Record.

Giving to the Poor

Give work rather than alms to the poor. The former drives out idleness, the latter industry.

Sin in Infancy

Be not familiar with the idea of wrong, for sin in infancy mothers many an ugly act.

**Hats
CLEANED

Hear Judge Gardner Sunday Morning

Busy Men's Bible Class Still in the Lead

Sunday was another banner day for the Busy Men's Bible Class of the Methodist Sunday school when 323 were registered in attendance.

The honored guest and speaker on this occasion was the Hon. D. F. Wrenn, of Martin, Tenn., who delivered an unusually interesting lecture. His message was indeed helpful to all who heard it and will not soon be forgotten. Mr. Wrenn is a teacher of a large class at the Methodist church in his home town and a number accompanied him to Fulton.

The splendid musical program was greatly enjoyed.

On next Sunday another treat will be given all who attend. Make your arrangements now to be on time at 9:30. Judge Bunk Gardner of Mayfield will address the class at Carr's Park auditorium.

Our attendance last Sunday, 323; Dyersburg, 443. Our total attendance 1602; Dyersburg total attendance 1334.

EDUCATIONAL PAGEANT SETS A RECORD

"The Light" Was Presented by Junior High School Tuesday Night.

An educational pageant, "The Light," was charmingly presented by the Junior High School students at the Carr Park auditorium Tuesday night May 19. The presentation was highly entertaining and instructive, and the manner in which it was produced reflects merit and commendation upon the directors of the pageant, and upon the students themselves.

The program of the evening was well rendered, and sets a high standard for future commencement presentations.

Mr. John Finch, Miss Laura Mae Pickering and Miss Dora Finch attended church at Fulton Sunday.

Mr. and Mrs. Sam Bard spent Monday afternoon with Mr. and Mrs. Jake Bockman. Mrs. William Laird and children spent Sunday with Mrs. Boyd Newton.

Mr. and Mrs. Cleveland Bard and children and Miss Marie Wolbertson spent Sunday afternoon with Mr. and Mrs. Geo. Elsey, and Dr. and Mrs. A. J. Turney at Crutchfield.

Mrs. Jim Bard and daughter, Lillian, spent Wednesday with Mrs. Clarence Bard at Fulton.

Dr. A. J. Turney's many friends are glad to know that he is improving.

Mrs. and Mrs. Tom Henry Howell and Mr. and Mrs. Herbert Howell attended the singing at Mt. Zion Sunday.

Miss Marie Wolbertson spent Sunday with Miss Clevia Bard. Miss Lena Tuck spent Saturday in Fulton.

Mr. and Mrs. A. C. Dew and children spent Friday in Union City.

Miss Joyce Bard spent Monday with Miss Swan Herring.

Mr. and Mrs. Ed Gates, and Mrs. Tommy Reed attended the funeral of Mr. Asbir Homra at Fulton.

Mr. and Mrs. Jim Bard and daughter attended the quarterly meeting at Pleasant Hill Monday.

The following pupils of the eighth grade of McFadden received their diplomas Thursday afternoon.

Misses Lena Tuck, Marie Wolbertson, Annie Mae Bruce, Annie R. Ferguson, Clevia Bard and Laura Mae Pickering, and Messrs. Chalmus Ferguson

and Fort Dillon. Mrs. Ellen Lynch spent last Thursday with Mrs. Jim Bard.

Cayce News

Mrs. Charles J. English of Chattanooga is visiting relatives here.

Miss Mary Ramsay has returned to her home in Kenton, Tenn., after having taught a successful year in our school. Miss Mary Kimbro of Clinton visited at the home of Mrs. Clara Carr last week to attend commencement.

Miss Hattie Baker of Bradford, Tenn., attended our commencement exercises.

Ernest Arrington, Lonnie Roper, Joe Lane, Roper Fields and Earl Oliver, left for Akron, Ohio, Sunday night. They hope to find employment there during vacation and be ready to enter college in September.

The Senior Play, "All on Account of Polly," was a decided success. The proceeds were \$101.75. The P. T. A. rejoices to have a nice little sum in the treasury with which to start a gymnasium next year.

The Senior play Friday night brought our school to a close. This past year has been decidedly the most successful in the history of our school. Too much credit cannot be given our beloved principal, Miss Nina Kimbro, who has worked so faithfully and earnestly—not only this scholastic year, but for the six years that she has been our supervisor. The school has grown from a one story small building to a magnificent two story building with a large auditorium, study hall, rest room, music room and capacious class room.

The enrollment in high school has increased until it has become necessary to employ an additional teacher for next year. Miss Kimbro has been ably assisted in her work this year by very efficient teachers. Mr. Geyer and Mrs. Herring deserve special mention. The following teachers have been elected for the ensuing year: Miss Nina Kimbro, principal; Mr. Geyer and Miss Belle Carr assist in high school; Mrs. Herring, Mrs. Vershire and Miss Ruth Wade, assist in grammar school.

Cayce school is on the map athletically too. The baseball team has not been defeated this season. The boys have played games with South Fulton, Clinton, Rives, and Hickman. In each game the "Cayce Tigers" showed themselves superior.

RECITALS

The delightful Piano Recitals during the week was a rare treat for music lovers of Fulton and vicinity. Those who gave Recitals were: Miss Ruth Fields, Miss Doris Huddleston, Miss Blanche Waggener, in Fulton; Miss Loretta Nix, Sylvan Shade; Miss Ivora Cantrell, Water Valley.

Each student taking part in the Recitals demonstrated the thorough training given by their teachers. No wonder Fulton can boast of its musical talent and splendid teachers.

Central Church of Christ

Elder E. L. Whitaker Moving to Fulton to Make His Home.

Rev. Whitaker and family hope to be in Fulton by June 1. He has accepted a position to preach for the Central Church of Christ and give them all his time.

Bro. Whitaker was educated at Henderson, Tenn., and has been working for Church of Christ in Memphis for the last four years. Bro. Whitaker is an untiring worker and asks the cooperation of the entire church and city in his efforts to help build up the cause of Christ.

If at any time Bro. Whitaker can serve you in any way for the betterment of a better Fulton, he will be at your command.

Sunday school at 9:45 a. m. Preaching 11 a. m., and 7:45 p. m. Prayer meeting, Wednesday, 7:45 p. m.

RULES REVISIONS CAUSES DISPUTE

FEDERAL TRADE COMMISSION ROW BROUGHT INTO OPEN

HUMPHREY MAKES REPLY

Nugent Asserts New Rules Are "Grossly Unfair" to Honest Merchants and Manufacturers—Hot Retort in Answer.

Washington—Differences between federal trade commissioners over recent changes in the commission's rules of procedure were brought into the open with the publication of the dissenting opinion of Commissioners Nugent and Thompson and an answer to their dissent by Commissioner Humphrey, a member of the majority in the dispute.

The rules revisions which caused the dispute, sharply restrict the publicity given the commission's proceedings, and provide that a respondent, by agreeing to discontinue a trade practice complained of by the commission, may escape formal proceedings by that body with the attending publicity. When complaints are issued, they are made public only after the respondent's answer to the charges has been filed. The commission's previous practice of issuing a press statement with each complaint was discontinued.

Asserting that the new rules are grossly unfair, Commissioner Nugent, author of the dissenting opinion, declaring manufacturers and merchants who conducted their business on a basis of fair dealing are entitled to the protection which the law gives them against unscrupulous competitors.

"When such competitors," he said, "are permitted, in a stipulation, to admit that they are guilty of the unfair practices charged against them and will discontinue the same and thereupon have the application for complaint dismissed without any talking to the public in respect of the matter as either to name or the respondent, or the unfair practices followed by it, honest manufacturers or merchants are not afforded the protection which the statute contemplates should be accorded them."

Mr. Humphrey's statement on the dissenting opinion declared this the only objection to the change in the commission's rules had come from "those who preach the doctrine that there is no honesty in the conduct of the business of this country." He asserted that the chief objection of Commissioners Nugent and Thompson is met in another of the commission's rules which they apparently overlooked. This, he said, is the rule providing that "when the very business itself is fraudulent, it may well be considered by the commission that the protection of the public demands that the regular procedure by complaint and order shall prevail."

ROVET PLOT TO KILL SERBIAN KING FOILED

Russian, Hungarian and Bulgarian Reds Held

London—The Belgrade correspondent of the London Sunday Express wires as follows:

"A well-laid communist plot to kill King Alexander in his palace and all his ministers has been frustrated and a large number of arrests have been made. Documents seized show the plotters intended to blow up the most important public buildings in the country."

Those arrested include Russian, Bulgarian and Hungarian communists who recently had arrived in Jugoslavia. Sensational developments are expected since it is believed the arrested men form a part of a great communist terrorist organization which is known to have ramifications throughout the Balkans. The plot just discovered, it is stated, originated in Moscow.

Inspects Flying Field

Jackson, Miss.—Lieut. J. R. Hewitt and Sgt. Roy L. Mitchell, U. S. army air service, made a brief inspection of the local landing field and pronounced it altogether satisfactory for use by the government in establishing a proposed air mail service between New Orleans and Chicago. Lieut. Hewitt stated, however, that fields used by the government must be municipally owned.

Mine Workers Upheld.

Wheeling, W. Va.—A decision upholding the contention of the United Mine Workers of America that peaceful persuasion of miners to join the union in the West Virginia strike zone was not in violation of an injunction of 1923, was handed down by Federal Judge W. E. Baker.

Gen. Bandholtz Dies.

Detroit, Mich.—News of the death of Gen. Harry H. Bandholtz, United States army, retired, at his home, came as a shock to friends here.

APPEARANCES COUNT

How does Fulton impress the man who swings off the train at the railroad station and takes the first glance about him?

Will he say, "What a burg! No chance for me to do any business in this place?" Or will he say, "Well, this looks like a live business town. Ought to be a good place to live, too!"

It ought to be the ambition of every citizen to contribute all within his or her power to make the first impression a stranger receives a favorable one.

The first view is generally in the vicinity of the railroad station, although the traveler, nowadays may approach from almost any direction, with the increase in automobile transportation.

Therefore, it behooves us not to slight a single section. Every resident should have enough pride in home and community to keep it making the best appearance possible every day.

in the year. Beautiful lawns, attractive shrubbery and shade trees, well-kept houses, good streets, ornamental street lights, business houses in good repair and with up-to-date show windows—all have a part in leaving a good impression with the stranger, so that he will not soon forget the place.

WHAT THE PEOPLE WANT

The indictment of approximately 200 public officials in thirteen larger cities, selected at random by a press association, for bribery or conspiracy to defeat the purpose of the prohibition laws, clearly shows the temper of the people.

In addition to the indictments covered by this survey, thirty other public servants have been suspended or punished in some other manner. Eighty-eight of the 200 indicted have been convicted and sentenced and the remainder have not been tried. Acquittals have been rare.

This plainly demonstrates that public sentiment is not in favor of temporizing with officials who are untrue to their trust, whether they be federal prohibition directors, mayors, sheriffs or just plain policemen.

It is the only way prohibition can be made successful. So long as public officials are in league with bootleggers and are allowed to escape the consequences of their acts, there is little hope of inspiring any respect for any law, much less the dry law.

This fault is not common to large cities. Small communities have not escaped the blight that has come from morally weak officials who could not resist the temptation to make some "easy money."

It is becoming more apparent that persistent and flagrant violation of the prohibition laws will not be tolerated and those who are engaged in the illicit business are unwise if they do not find a new calling before they come to the end of the road—for surely there is an end for all of them.

BEAUTIFUL DISPLAY

The Domestic Arts Exhibit of Fulton High school, under supervision of Miss Margaret L. Low, displayed in the show windows of the Franklin Dry Goods and Clothing company, Friday, attracted the admiration of all who viewed it. It was one of the most creditable displays ever exhibited by the school and Miss Low deserves much credit and praise for placing this department in the foremost rank of school work. The dresses were all beautiful and creations of the height of fashion.

Read the advertisements in this paper.

ATTRACTIVE HIGHWAYS ATTRACT TOURISTS

Fulton's lack of good roads is being shown by the lack of auto tourists on our streets, there being very few passing through this city.

This should not be, as the average tourist of this class leaves a reasonable amount of cash behind him in most of the towns and cities that are prepared to make his stay pleasant.

While it is a fact that we have a park where tourists may camp and have some of the comforts they are accustomed to in other places, we are still behind in the facilities offered.

Roads leading to Fulton are not such as tend to attract the traveling public and the residents of Fulton should show more interest in them and be willing to assist in every way in obtaining better highways.

The road committee of the Chamber of Commerce is doing herculean work along these lines, and the Rotary and Lions Clubs are doing their bit, but the general public is very apathetic and should show more real interest, both by talking good roads and by rallying to the calls of the above associations whenever the occasion arises.

LIVING BY EXAMPLE

Much has been said and equally as much written about the supposed degeneracy of the younger generation of the present day.

In every age the same complaint has been made by the older against the younger generation. It seems to be a law of life.

In this day we hear much of the profligacy of youth. And we are very apt to judge the many by the misdeeds of the few.

Most of us, in passing judgment, forget that young people are imitators—nothing more. They do largely the things that they have seen their elders do.

As one high school boy so aptly puts it, "When I see one of our leading citizens take a corner on three wheels, I feel that I have a right to do the same things, and I want to try it with dad's car."

The boys and girls don't realize their lack of experience. They grow up quickly, in their own estimation, as all parents know, and they feel they should have privileges that come with maturity.

There is no escaping the responsibility that goes with mature years.

No one can reasonably expect the imitators to rise above the level on which the imitated live.

OUR DEBT TO THE PAST

The present holds much of interest and much gossip, but we must go to the past for history.

The world has been so full of thrills for ten years that the past has almost dropped out of sight.

The younger generation—perhaps no more than the youth of any other age—too often shows a silent contempt for the past.

Not all of the people who have gone before us were old-fashioned. They were up-to-date in their time, else this community would not have made the progress that it has.

It would not be as prosperous as it is, would not have the advantages that it now possesses, would be lacking in many of the essentials of modern life, if it had not been for the thoughtfulness of those who have passed on.

Our debt to the past is too great not to give it due recognition, and our debt to the future is also deserving of thoughtful consideration.

The condition of Fulton fifty years from now depends in some measure on what we do today. This is something well worth remembering in solving community problems that arise from day to day.

The Dahlia

No Flower Garden is Complete Without It. Easy to Grow

The Decorative Dahlia is the pride of all Dahlias, standing out pre-eminently. In the garden the plants are strong, sturdy, vigorous growers, with heavy, dark green foliage, and a remarkable constitution. The blossoms are produced in great profusion, which is exceptional for a type of giant flowering Dahlias. For cut-flower purposes they are unsurpassed, having long, straight stems of wiry stiffness and producing their flowers in a pleasing upright manner; then principally their lasting qualities when cut they are unequalled, lasting longer than any of the other types. As an exhibition flower the Decorative Dahlia is the most gigantic of all Dahlias, blossoms having beauty, substance, quality—all essential characteristics of a true "Model of Perfection." As a decorative flower they are first in every respect; being graceful, adapted to designs, and most artistic.

No flower garden is complete without Dahlias. But all Dahlias are not alike, there are a number of varieties. It is just as easy to grow the best varieties as the ordinary kind.

Book on Dahlia Culture Free With Each Order
 I would recommend that you place your order for Dahlia Clubs now for early spring delivery without taking chances of being disappointed. All orders booked in rotation and delivered accordingly. Our stock is limited so don't wait until too late. R. S. WILLIAMS, Fulton, Ky.

In Case of Emergency

When you want a thing in a hurry you rush to a local store and get it. But do you realize that the existence of our stores depends upon continued business.

If every person in this community were to use the stores only for emergencies there would soon be no more places to satisfy those urgent needs.

You should do your part towards keeping local business alive and in a constant state of betterment by doing all your trading at home. It will be profitable to you as well as to the entire community.

The Best Buying Policy

What is the Chamber of Commerce?

The Chamber of Commerce is the voice of the city. It reflects the ideals of the community. It expresses the aspirations of the people. It gives direction to the aims of the Citizenship. It combines the efforts of those who think in terms of helpfulness. It reduces unorganized elements to an organized unit. It speaks in defense of the good name of the city. It defends the city against the trader. It is the spotlight that reveals activities that are worthy. It pleads in behalf of the voiceless. It is the center of worth while enterprise. It is the magnet that draws the outside world to your midst. It is the clearing house of civic pride. It is the power house of progress. It is a composite picture of a city as its citizenship would have it.

STANDING COMMITTEES OF THE CHAMBER OF COMMERCE

The following are the standing committees of the Chamber of Commerce:

Agriculture—Leslie Nugent, chairman; Enoch Browder, J. C. Brann, W. W. Morris, Jr., John W. Thompson, J. H. Duncan, R. L. Jonakin, Ed Gates, L. F. Burke, E. A. Thompson, Norman Terry.

Entertainment—H. H. Murphy, chairman; Paul Hornbeak, Dr. J. C. Seruggs, R. T. Taylor, T. D. Clark, C. A. Karmire, Frank Carr.

CLASS DAY EXERCISES SHOW CAREFUL PREPARATION.

Senior Class Day Program Included Many Features

One of the outstanding commencement programs rendered at the Fulton High school auditorium, Wednesday, May 20, at 3:00 p. m. The program included:

The valedictory address by Lena Evelyn Taylor; a poem by Emmaline Finch; Class history, Florence Wade; the prophecies, Mary Anderson; Gifforian, Bob Binford; Grumbler, Moorman Campbell; salutary address, Mary Belle Warren.

The Class Day Exercises were rendered as a play, and the setting of the presentation was aboard a ship, and the varied features of the program were appropriately carried out.

The senior graduating class deserves credit for the splendid manner in which they have given the closing programs of the term. The senior play was successful, both financially and in meritorious way of presentation. They have established a precedent as a graduating class.

Tobacco News

The Dark Tobacco Growers Association officials of Fulton have extended the date for receiving tobacco to Friday, May 29, owing to the fact that the unfavorable weather has prevented the farmers from getting their crops off sooner.

While this extension will allow the growers to get their crops in, it will entail additional cost to the members, and the officials hope that next season the farmers will make special efforts to make delivery earlier in the season, thus cutting the expense to them.

Although there were almost no registrations for last week, up to Saturday the 9th, the deliveries for last week amounted to 248,365 pounds almost all of which was delivered without being registered. The local officials did everything possible to handle this big influx of tobacco, but in spite of all their efforts a number of loads were left over until Monday for unloading, because of the inability of the crews to handle it.

The total receipts for the season at the two houses amounted to 2,862,705 pounds, 1,919,860 pounds of which were received at the new building, known as Warehouse No. 83, and 942,845 pounds at the old, or No. 82 house.

Sales for the week amounted to 504,465 pounds, although this amount is not exact, as no sales are registered as such until actually loaded on the cars, being carried on the books as stock on hand until such time as it is actually out of the warehouses.

Prizing has been speeded up somewhat and amounted to 77 hogsheds last week. This department will gradually increase its output, as conditions allow, and the present crop will undoubtedly be all prized much earlier than last season. So far this season 412 hogsheds have been prized, the larger part of them being done by the new hydraulic press.

Quite a number of sections report all the crop delivered, and the large number of registrations up to last Saturday, indicate that all growers are making strenuous efforts to bring off their crops before the barns finally close on the 29th.

Listening to the talk of the farmers gives the listener the idea that the coming season will see an appreciable improvement in deliveries, as the growers are beginning to realize that it is up to them to get their crops off as early as possible, thus reducing the expenses to the association and at the same time allowing the buyers a chance to make their purchases sooner and thereby allowing the officials of the association to make a much earlier settlement for the crop.

Buy your Cotton Seed from CITY COAL CO. They are interested in a good yield the same as you are, and they sell the seed best adapted for your needs.

POULTRY ASSOCIATION IS GROWING IN MEMBERSHIP

The Fulton Poultry Association registered a large number of new members last week and the outlook for a good show of fine birds at the next County fair is becoming more and more encouraging each week.

To be sure, the membership is not as large as hoped for at this time, but the fact that virtually all the membership dues will be added to the regular prizes offered by the fair association, makes it an attraction to poultry raisers to become members, as there is a chance to receive much larger prizes and a much larger number of prizes than have ever been offered before.

In organizing the poultry association, there was no idea of any pecuniary benefit to the members, except as the improvement of the various breeds in the vicinity will add to the income of the breeders by educating the public to the fact that it pays better to raise good fowls, and so allow them to charge a price for egg settings that somewhat approaches the prices charged in other parts of the country for first class settings.

The writer knows of owners who are receiving 75 cents and a dollar for settings of eggs from strains that in other sections bring from \$2.00 to \$5.00 per setting. This is due to the fact that most people do not appreciate the real value of obtaining good eggs from tested laying strains of hens, and not having this appreciation makes them loath to pay the price asked for such reliable settings. With more education on this subject, the desire for a really thoroughly tested strain of egg producers will grow and the raisers of such can obtain a fair price for their eggs.

Another feature, from the growers' standpoint, is the fact that growers will always pay more for large eggs than for small, and this is because the housewife demands the large eggs, whatever the price.

All chicken fanciers should join the association, if for no other reason than it will benefit them in a financial way. But the real appeal to the dyed-in-the-wool chicken crank will be the desire to excel the other fellows in producing better birds, and the joy that all people with a hobby have, in the opportunity to get together with a bunch of fellow hobbyists and swap notes, experiences and methods.

POOL STATIONS TO REMAIN OPEN

Hopkinsville Announces Weed Will Be Received Until May 29

All receiving stations in the Western Dark Fined district of the Dark Tobacco Growers' Co-operative association which are now open will not be closed until Friday, May 29, according to word received yesterday from headquarters at Hopkinsville by Robert L. Hill, Paducah, member of the field service division of the association.

It was announced also at headquarters of the association that stations in this district which are now closed will be re-opened on Monday, May 25, and remain open until Friday, May 29.

Action of the pool in extending the receiving season was taken because of the desire to give the members ample time in which to deliver their tobacco, Mr. Hill said. Weather conditions during the past month, together with farm work have prevented the pool members from delivering their tobacco.

Everybody is Talking

About Culver's Improved Sweet Cream Ice Cream

Culver's Improved Sweet Cream products are strictly pure and wholesome, made in a factory where sanitation reigns supreme and is delivered well packed in ice so it will keep for several hours at your home or out on a picnic jaunt.

The same careful consideration will be given special orders for parties, picnics and Sunday dinners.

FULTON, KY.

WHY BUYING FARM LANDS IN FULTON AND ADJOINING COUNTIES IS A GOOD INVESTMENT

To view the fertile lands of Fulton and adjoining counties is enough to give any one a new inspiration of love for the country in which we live, surpassing in productiveness the high priced lands of many parts of the country. Fulton and surrounding counties is in the midst of one of the finest agricultural sections of the entire South. The surface is mostly a rolling level inclining toward the Mississippi river. The soil is as versatile as it is rich and will grow to perfection corn, wheat, cotton, all cereals, clover, alfalfa, grasses, tobacco, the dark variety; fruits, potatoes and vegetables of all kinds. It is an ideal stock section, on account of the freedom with which grasses grow. The country is well watered by living streams. It would be hard indeed, to find any section of country so well adapted to so many leading crops, to stock raising and all kindred lines of agriculture, and it is inhabited by a happy, prosperous, progressive people. During his visit to Fulton county some years ago, Morgan O. Hughes, the best authority in America on farming, said it was not factories Fulton county needed, the pro-

duction of the soil was sufficient. Prof E. S. Good, head of animal husbandry of the College of Agriculture during his visit some years ago, said, "Blessed is that county that can raise the crops and stock such as raised here." During their visit here, Messrs. Hughes and Good talked to the farmers and all who heard the addresses were benefited, because every word uttered by these gentlemen was instructive, giving each and everyone an inspiration for higher ideal on the farm. No farmer in this section is ashamed for you to view his beautiful fields of growing crops, sheep, hogs, cattle, etc. A trip through this section of the country will cure any man who has the "Florida fever."

INVEST IN FULTON PROPERTY AND GROW WITH THE TOWN

Fulton, Ky., is one of the most progressive, healthful small cities to be found anywhere and property values are the lowest. It has a population of about 6,500 and is growing steadily; more than one hundred homes having been built within the past year with extensive railroad improvements in course of construction which will make Fulton the hub of the great Illinois Central, destined to be one of the

large terminal points on its system. Having two main lines of railroad, Fulton has direct through service to and from Cincinnati, Louisville, St. Louis and Chicago on the North; New Orleans, Birmingham, Memphis, Nashville, Atlanta and Jacksonville on the South, making it one of the most accessible cities in the "Jackson Purchase." Being the largest city between Cairo, Ill., and Jackson, Tenn., it is the distributing center of a large and rapidly developing section; the commercial center of Western Kentucky and Northwestern Tennessee. It is a city of business enterprise and progressive ideas; a city of thrifty, intelligent, cultured, hospitable people, a city of churches and Christian homes. "The Square Deal" characterizes its municipal life, and integrity is a distinguishing feature of its business life; the atmosphere of its social life is pure and wholesome, while the tone of its moral and religious life is high and refreshing. Its banking institutions are safe and accommodating; its capitalists are ever ready to assist in establishing and maintaining manufacturing enterprises, its real estate men are always in position to offer inducements in building sites for homes, business houses, or factories, and the city government will do its part to encourage the

new-comer on every hand, and only "Fair Play" is asked of all who become citizens of our city. The public schools of Fulton are unsurpassed. The eight churches of Fulton represent the leading denominations. A splendid water system, pure and refreshing. Her climate not only makes Fulton a pleasant place at all seasons, but is such as to be conducive to healthfulness, and the country surrounding is such as to insure the future of Fulton. But Fulton can boast of something greater than a city of material prosperity in the midst of a fertile region; more promising than a city producing only wares and merchandise; grander than a city made up of factories, banks and stock exchanges; more to be lauded than a city of much extent and traffic; more to be desired than any other products of civilization—For she can boast of her homes. These are her pride; in them is her happiness; on them her hopes center; from them radiate that influence which has made the future promise better things. For the professional man, the business man, the laboring man and the capitalist, Fulton has a welcome. "Come, and if you go away, you will then return to stay."

Horrible Accident.

JOHN ROSS SUCCEUMS TO INJURIES

Mr. Ernest Bennett called at The Advertiser office Friday and related a sad story of an accident to John Ross, aged about 22 years, who was fatally injured by one of the small engines used by the H. W. Nelson Construction Company in its work of the I. C. cut-off near Water Valley.

Young Ross was one of the construction train crew, and in attempting to board the engine in some manner missed his footing and fell under the wheels, his legs being horribly mangled and his back supposed to have been broken.

He was given first aid by the crew and a local physician summoned, and he was placed upon the first train passing through Water Valley and taken to the Illinois Central hospital in Paducah, where he passed away.

The young man had made Water Valley his home while at work on the new road, and had made many friends among the people, all of whom regret his untimely and tragic end.

SECRET WEDDING IS ANNOUNCED

Richard Willey of St. Louis, and Miss Myrtle Glover of Fulton were united in the holy bonds of wedlock March 10, in the home of Rev. W. F. Cooley at Cayce, Ky., in presence of Mr. and Mrs. J. N. Chilton.

Mr. and Mrs. Willey are both worthy young people who have the hearty congratulations of their many friends.

Mrs. Willey left Sunday morning for St. Louis to join her husband, where they expect to make their home.

BARDWELL ROAD TO BE BUILT

High Commission to Let Contract for Project No. 7 1/2 A June 8

The state highway commission will let contract June 8 for the construction of federal aid highway project No. 7 1/2 A from Bardwell to the Hickman county line, via Arlington, a distance of seven miles. J. M. Cochran, locating engineer, is now in Hickman county surveying a continuation of the route through that county to Fulton county. Hickman county recently voted a \$300,000 road bond issue and it is expected that route 7 1/2 A will be under contract in Hickman county before the end of the summer.

Contractors are now placing a top on the Ohio river road east of Smithland for a distance of ten miles, which will make twenty-five miles of the road graded out of Paducah. The contractors are at work in Fulton county.

Graves county will vote on August 1 on a bond issue of \$400,000 to construct roads.

McCracken and Marshall counties are the only counties in the Purchase that have not taken action this spring toward completing their primary road systems.

Mrs. Richard Gregory and daughter, Jane, of Greenville, Ky., is visiting home folks, Mr. and Mrs. Sam Bennett and Mrs. C. E. Gregory.

FARM FOR SALE.

My farm 3 miles west of Jordan, Ky., on State Line road, six miles from Union City, Tenn. Contains 166 1/2 acres and is in high state of cultivation. All under good American wire fence, good residence, tenant house two good barns and deep well. One mile from church and fine school.

For further information write Raymond Mitchell, 510 24th St., Middleboro, Ky., or phone Mrs. J. C. Mitchell, telephone 4400, Union City, Tenn.

Read the advertisements in this paper.

KENTUCKY BRIEFS

Paducah—Joseph Stenwell, farmer, contracted suicide by hanging at his home. He had been in failing health for a year.

Louisville—Normal Davis, 22, died in a hospital of a broken neck suffered April 29, when the auto he was in overturned on the Dixie Highway.

Saylorsville—Judge Chester A. Bach may call a special term of the Magellan Circuit Court in August in hope of relieving a congested docket.

Owingsville—Sid Snelling was found guilty in Circuit Court of striking and wounding Arlie Collins and was sentenced to serve eight months in jail.

Winchester—Liberty Theater was damaged to the extent of \$1,000 when a film caught fire in the projection room. Albert Conn, operator, was burned slightly.

Hopkinsville—H. V. Jenkins, 18, suffered a fracture of one leg and lacerations on the other when he attempted to crank a tractor in gear and it ran over him.

Henderson—A road dog ran amuck at Robards and bit four persons. They are being given serum treatments. The dog's head was sent to Louisville for examination.

Paintsville—Mrs. M. Daniel died following an operation for removal of her right foot, which was crushed between couplers of a freight train when cars were bumped as she was climbing between them.

Lexington—Charles Brown, negro boy, died of a fractured skull received when he was struck by an auto driven by Robert White. The accident was unavoidable, police say, and no arrests were made.

Owingsville—Thieves broke open five doors to rooms above a grocery here and collected enough furniture, bedding and clothing to fill a wagon used to carry it away.

Whitesburg—Fraison, 45, a cripple for years, shot and killed Wilson Cornett, 25, police here allege, in the latter's home. An old-fashioned rifle was used. An insult is believed to have been cause of the shooting.

Louisville—Patrolman E. Zimmerman and E. Schantz tied for first honors in the number of arrests in April, each having 235, according to the monthly report of the Police Department by Colonel Forrest Fraden, chief.

Frankfort—A rehearing was denied the Illinois Central R. R. by the State Railroad Commission in the complaint of the Mayfield Ice Co., in which coal rates were reduced from points in the western Kentucky field to Mayfield.

Stanton—Ralph Tucker of Powell County, is being held in \$1,000 bond on a charge that he had burned the home of Mrs. Minnie Faulkner of near Shade, because she had been making an active fight against liquor law violators.

Harrodsburg—Mercer Fiscal Court voted a special bond issue of \$60,000 with which to cancel the county's debt to Eyer & Co., of Chicago, which accrued interest of 6 per cent. An additional tax was voted to liquidate bonds at regular intervals.

Owensboro—An unsigned call has been issued for a meeting at Dayless County Courthouse of the Dark Tobacco Growers' Co-operative Association. The meeting, it is said, is part of an attempt to overthrow present management of the dark pool.

Owingsville—Robert Hawkins, charged with forgery, pleaded guilty and was sentenced to two years in the penitentiary at Frankfort. Tommy White was indicted by the grand jury for striking and wounding Harvey Withrow and Clarke Slaten for shooting and wounding Withrow.

Cynthiana—Troy Eckler and wife and Rolla Rose were killed and Mrs. Rose was injured seriously when the auto in which they were riding crashed into a freight train at a crossing here. The accident happened at midnight, and with no lights on the car, Eckler could not see the freight train.

Frankfort—Pardons were granted Isom Stephens of Magellan County and Arley Selvy of Harlan County. Stephens was convicted of a charge of petty larceny and sentenced to serve 60 days in jail. Selvy was convicted in March of this year of a charge of selling liquor, fined \$300 and sentenced to jail for 60 days.

Versailles—Joseph B. Lewis, 81, in newspaper work since the Civil War, died at his home here of paralysis. He had been actively engaged in his profession until two weeks before death.

Danville—Miss F. E. Armentrout, daughter of Vance Armentrout, prominent in Frankfort political circles, was injured seriously when the auto in which she was riding crashed into a bridge after hitting another machine, and two other cars piled up on it. Three others were injured slightly.

MIDLAND TRAIL STARTS IN BATH COUNTY

WORK ON NEW ROAD WILL BEGIN AT OWINGSVILLE INSTEAD OF FARMERS

Allie W. Young, Morehead, Wins Flight Before Highway Commission After Lengthy Discussion—Fleming County Work Delayed.

Frankfort, Ky.—Behind closed doors, Allie W. Young, Morehead, won his fight before the Highway Commission to have the Midland Trail gap built from Owingsville toward Salt Lick instead of from Farmers toward Salt Lick. He had received less encouragement at a meeting two weeks when he proposed beginning at Owingsville instead of at Farmers, as the commission originally planned.

The minutes of the Highway Commission, which were released in a form chosen by the commission, set forth the proposition of Judge Young's delegation "was discussed at some length." A "note" at the end of the report alluding to Mr. Young's visit read as follows:

It was decided that construction of the Owingsville-Farmers section be started at Owingsville and extend as far as the Mingo at the present, the remainder of the route to be selected later.

The department was instructed by the commission to inform Leon P. Lewis, attorney for the Kentucky Road Contractors' Association, that it believed it was within its rights by doing a Pendleton County project by force account. The department was instructed not to request a ruling from the Attorney General on the matter. Mr. Lewis and Attorney General Frank E. Baugherty represent the commission and other State officials in a case now pending before the Court of Appeals in which taxpayers are seeking an injunction to prevent the commission from using this year's road revenue to pay an old deficit of \$2,500,000.

W. A. Duke, superintendent of equipment, was authorized to employ an additional clerk to assist him in keeping a file cost system.

S. M. Biller of Billiter & Wiley, and J. S. Watkins, assistant highway engineer, disagreed over the methods and material used in construction of a project in Owen County. Mr. Biller protested that knapped stone would make a better base for the road than crushed stone. Mr. Watkins denied this contention. The name of E. N. Todd, State Highway Engineer, was not mentioned in this controversy.

The commission disposed of the disagreement by referring it to the engineering personnel of the department.

Kenton County's proposition to reconstruct the Nicholson-Walton Road and the Piner-Branch Road at the expense of the county, was accepted.

Dr. H. M. Fultz, representative from Carter County, headed a Greenup County delegation that offered \$100,000 of county money for the highway department to spend on the Greenup Vanceburg Road. The road will be built three and one-half miles from Fullerton toward the Lewis County line and one and one-half miles from Greenup to Coal Branch.

A Fleming County delegation sought work on the Maysville-Lexington Road in Fleming. Since the county has no money, no work will be done was the effect of the commission's decision. The minutes said:

The commission stated that it could not do anything at this time inasmuch as the county of Fleming has no available funds and that it would be impossible for this project to be handed for another year.

SOMERSET LETS STREET CONTRACTS

New Paving To Be of Rock Asphalt And Concrete, Will Cost \$200,000

Somerset, Ky.—The Somerset City Council awarded contracts for building permanent streets, concrete sidewalks and gutters in Somerset, which will represent an expenditure of approximately \$200,000.

The Wilmore Construction Company, Harrodsburg, was the successful bidder on the greatest portion of the street work, which will be of rock asphalt. In the south end of Somerset, where the traffic is unusually heavy, concrete streets will be put down. This contract and the one for the concrete sidewalks, gutters and curbs, were awarded to the Parnum James Company of Owen County.

Work will be started immediately and the contract calls for the completion of the job in 150 working days. Sixty per cent of the cost will be borne by the property owners and 40 per cent by the city. The entire paving programme includes 74,000 square yards. Ten contractors bid on the work.

Fayette School Tax Rate Fixed—Lexington.—The 1925 school tax rate for Fayette County was fixed at 50 cents on the \$100 by the Fayette Fiscal Court. The rate is the same as was in effect last year. The rate is expected to produce approximately \$145,000 available for the public schools of the county this year, based on approximately \$22,000,000 worth of property taxable for this purpose. The action of the court was taken in answer to a request of the County Board of Education that the tax rate be made the same as last year.

FRENCH RESENT REQUEST OF U. S.

PRESS ACCUSES U. S. OF WORKING FOR GERMANY'S WELFARE

CRITICISM IS BITTER

Fear France Will Be Weakened by Demand for Settlement - Preparations for Campaign Against Rifflans Adds to Difficulties

Paris.—The French press unanimously accuses the United States of working for the interests of Germany and being Great Britain's cat's paw by sending a note urging a settlement of debts at this particular time.

Even the Left newspapers, supporting the government, join the bitter criticism, the hostile Nationalist press condemning Washington's action as inopportune, and aiming to apply financial pressure to dictate all of France's foreign policies.

Inspired by Quai d'Orsay, the press generally abandons the former claim because they were contracted in a common cause, but they insist that this is not the time to take up debt negotiations when France is entering a decisive phase of its pourparlers with the allies and Germany regarding the disarmament of the Reich, a security pact guaranteeing frontiers, and a dozen minor questions.

It is pointed out that Joseph Caillaux is experiencing tremendous difficulties in balancing the budget, seeking to stabilize the exchange, and the peremptory demand for the payment of war debts will shake the confidence and weaken the franc, and seriously affect domestic fiscal affairs.

The situation is particularly bad now when the ministry of war is demanding huge additional credits to finance reinforcements and large shipments of material to Morocco, states the protectorate has cost France thousands of lives and 4,000,000,000 francs (\$200,000,000) of which 2,000,000,000 francs was expended with the franc at par value since 1910. The cost of the military operations is doubling or trebling with the big campaign being prepared.

The nationalist newspaper points out that the reduced reparations payments forced on France by America with the Dawes plan only pays the interest on the loans used for the reconstruction of the devastated regions.

LINK NIAGARA FALLS TO HOUSTON, TEXAS

Creation of One of Largest Superpower Projects.

New York—Wall Street visualizes in the plan to sell Southern Power and Light Company to the Electric Power and Light Company, subsidiary of the Electric Bond and Share Company, the creation of one of the largest superpower projects in the country, linking stations from Niagara Falls to Houston, Texas.

Companies owned or operated by the Electric Bond and Share Company figure prominently in the development which will carry the grouping through 14 states. Among the properties involved are American Power and Light, National Power and Light, Lehigh Power securities and the newly formed Buffalo, Niagara and Eastern. Another link could be established, it was pointed out, through the lines of the Southwestern Power and Light, serving Northeastern Texas.

The recently formed Mohawk and Hudson Power Corporation has been mentioned as another probable connection.

There was no present intention of changing the corporate relationship of the various properties, it was said.

Jury Recommends Mercy for Slayer
Miami, Fla.—Walter C. Walton was found guilty of first degree murder in connection with the killing of Police Sergeant Laurie L. Weyer March 18, by a jury in circuit court here. The jury recommended mercy, which will allow the youth from Toledo, Ohio, to escape the death penalty. The jury brought in their decision at midnight.

New Orleans—J. E. Johnson, former manager of the L. E. Breton market branch of the Canal Commercial Trust and Savings Bank, surrendered to the police and will face charges of embezzling about \$88,000. He was released on a \$15,000 bond.

King Feisal's Wife Up-to-Date
London.—King Feisal of Iraq (Mesopotamia) received a great shock lately, says the Daily Express, when his wife returned to Bagdad from a visit, thoroughly disgusted with European habits and fashions. Instead of traveling homeward by the ancient caravan route from the court of her father-in-law, King Hussein, where she had been staying, she took passage on a liner to Basra. Then disdaining offers of palanquins and other ancient vehicles, she sped to Bagdad in a fast automobile.

SHOCKS INCLUDED IN RISK OF LIFE

DENSELY POPULATED SECTIONS SUBJECT TO DANGEROUS SHOCKS

PLAN PUBLIC EDUCATION

Possibility of Collapse of Ill-Constructed Buildings, Stressed. Confusion to be Avoided to Prevent Great Loss of Life

New York.—Earthquakes must be added to the risks of life in cities of Eastern United States, is the conclusion of the engineering economics foundation of Boston, a survey of whose exhaustive studies, covering several years, will be published by the New York Times.

Eight distinct shocks, have been felt in this section of North America since Sept. 30, 1924, indicating that this region is in the grip of a periodic readjustment of the earth's surface, in the opinion of Dr. Kirtley F. Mather, professor of geophysics at Harvard University.

Dr. Mather says that there have been earthquakes in this region of "number 8 intensity" nearly equal to that of San Francisco in 1906, and there is no reason to believe there will not be others.

The foundation has prepared a description of the probable effects of a Number 8 earthquake in the "mad ground" section of cities like New York and Boston.

It says that houses built poorly so as not to sway as a unit probably would collapse; elevators and other stationary machines would be jammed; pipe lines of water, oil and gas will be liable to rupture and fires break out; oil freed from reservoirs would add to the fire hazard and the population would suffer from shock, panic, death from fire and wounds, disease, exposure and famine.

Measures preparatory for such an emergency have occupied the special study of the foundation, which holds that public education is the only insurance against confusion and greatly increased death tolls in time of earth-quake disaster. Dr. Thomas A. Jaglom, one of the world's leading seismologists and a fellow of the foundation, who studied the results of the Tokyo disaster of 1923 on the ground, estimates that at least 75 per cent of the loss could be eliminated by foresight and decision such as is embodied in the foundation's program.

The foundation proposes to have earthquake maps prepared for each city of northeastern area to stimulate seismological research. Its staff also is working with such problems as how transportation could be carried on in an earthquake emergency when subways and elevated roads may be put out of business.

The foundation's historical studies show that besides the San Francisco tremor of 1906 there have been four destructive shocks in the United States and Eastern Canada in recorded history, in the St. Lawrence Valley in 1683, the Boston region in 1775, the Lower Mississippi Valley, centering at New Madrid, Mo., in 1811, at Charleston, S. C., in 1886. Eight considerable shocks have marked the recent seismic revival in the country east of the Mississippi, on Sept. 30, 1924, Jan. 7, Feb. 28, March 7, March 20, April 27 and May 2. That of Feb. 28 was felt distinctly in New York City, the first since 1914.

A seismological map shows that the earthquake "zones" of this region to be Long Island Sound, the Connecticut Valley, the Maine coast from Boston to the Bay of Fundy, and the St. Lawrence Valley. All these have been active in the recent disturbance.

BEAUFORT MACHINIST GUILTY ON RUM COUNT

Court-Martial Convicts of Smuggling Liquor.

Norfolk, Va.—Chief Machinist F. M. Hendricks, chief engineer of the transport Beaufort, on which 500 quarts of liquor were seized by a searching party Feb. 24, was found guilty by a naval court martial on charges of conduct to the prejudice of good order and discipline, attempting to land liquor into the United States and violation of the lawful regulations of the navy.

The court did not intimate what the sentence would be. The decision, with the record, will be forwarded to the secretary of the navy.

Norfolk, Va.—Two sailors were injured, one critically, in an explosion aboard the Italian steamship Odige, anchored off Sewell's Point. Both were brought to the public health service hospital, where physicians have despaired of saving the life of one.

The explosion, thought to have been caused by an accumulation of gas in the bunkers, was followed by fire, which was extinguished with the assistance of the coast guard cutter Carrabassett, and a Norfolk fire boat.

**SENATOR SPENCER
DIES SUDDENLY**

MISSOURI LEADER DIES IN A WASHINGTON HOSPITAL

SERVING SECOND TERM

Physicians Expected Him to Leave Hospital Within Week, But Senator Had Sudden Relapse—Relatives Not at Bedside

Washington—Senator Selden P. Spencer, Republican, of St. Louis, Mo., died suddenly here at Walter Reed Hospital.

The death of the senator, who was 63 years old, came as a shock, as he had been in good spirits and his early recovery had been expected. He was operated on about ten days ago for hernia.

Only the attending physician and a nurse were at the bedside when death came. At noon his secretary said, Mr. Spencer was well enough to dictate and sign some mail. He seemed in excellent spirits and joked frequently with his nurse. Physicians had expected he would be out of the hospital within a week.

Funeral arrangements will not be announced, it was said, until relatives have had time to make definite plans. Burial probably will be in Missouri.

Senator Spencer was serving his second term in Congress, having been elected in 1918 over Joseph W. Folk, Democrat, by a majority of 35,000 to fill the vacancy caused by the death of William J. Stone. He was re-elected in 1920 by a majority of 121,000 over Breckenridge Long.

Senator Spencer was chairman of the privileges and elections committee and took a prominent part in the Newberry and Mayfield investigations. The committee was planning to begin next week the counting of ballots in the contest over the seat of Senator Brookhart of Iowa.

The Missouri senator came into the limelight in the latter days of the Teapot Dome oil investigation when he was selected by the administration to present its views more forcefully in connection with the oil leases. He placed in the public lands committee's records a defense of the lease and signed a minority report as opposed to the Walsh majority, which drew considerable criticism on the Senate floor.

Senator Spencer also was a member of the appropriations, judiciary and claims committees of the Senate. He was a mild reservationist in the Versailles treaty fight in the early days of his first term.

Senator Spencer engaged in a controversy with President Wilson in October, 1919, when he contended that the war time president at the eighth plenary session of the peace conference on May 3, 1919, had promised American military aid to Roumania and Serbia in the event of invasion of those countries. The declaration repeatedly was denied and finally resulted in producing the official stenographic records of Mr. Wilson's remarks at the peace conference to refute the interpretation placed upon them by Mr. Spencer.

Senator Spencer is survived by his widow, two sons, Brooks Spencer of Pittsburgh and Oliver W. Spencer of St. Louis, and a sister, Mrs. Kemper Fullerton, of Oberlin, Ohio.

Russian Trade Stagnant

London—H. Gordon Selfridge, just returned from a holiday trip in Russia, is quoted by the Westminster Gazette as saying that he saw no possibility of private trade in Russia in the near future and no inclination to give the private trader any facilities other than through the Soviet government.

Mr. Selfridge, a former Chicagoan and now one of London's greatest merchants, admitted that he had not sought to establish trade relations in Russia himself, but said he got the impression from several traders with whom he talked

Shot in Payroll Robbery

Patterson, N. J.—Two men held up John Kinseler, Rambo Silk company employe here and after shooting him through the thigh, escaped with the company's \$1,600 payroll that he was carrying.

The holdup occurred just after Kinseler, with a companion, had returned to the silk mill from a nearby bank.

Ford Famine Faces State

Jackson, Miss.—A famine in Ford automobiles and "bad advertising for the state" will result from the suit of W. J. Miller, state revenue agent of Mississippi, to collect \$12,000.00 from the Ford Motor Company. It was declared here by representative business men.

Chicago—Business conditions are healthy and vigorous and likely to continue so, said Elbert H. Gary, chairman of the board of the United States Steel Corporation.

Methodist Church

Rev. J. V. Freeman, Pastor

Sunday school, 9:30 a. m.
Epworth Leagues, 7 p. m.
Preaching services 11 a. m.
and 7:45 p. m. by the pastor.
Prayer meeting each Wednesday 7:45 p. m.

A goodly number of men, 323, attended the Busy Men's Class Sunday morning and heard a splendid address by Mr. Wren. Dyersburg were ahead in attendance Sunday. The men say, "It must not occur again." Come out Sunday and see what is in store for you.

The Warner Blackards will meet Monday with Mrs. Sam Brown on Fifth street at 3 p. m.

The Methodist Missionary Girls will meet Tuesday at 3 p. m.

The Lamberth Circle met at the home of Mrs. W. R. Butt Monday.

The meeting opened with hymn, "Tis So Sweet to Trust in Jesus." Roll call answered with names of missionaries in Cuba and Brazil. Reading, "Sisterhood of Church Women," by Mrs. P. R. Einfeld.

The Bible lesson and comments by Mrs. P. H. Weeks. Prayer by Mrs. J. J. Owen.

"Message from Cuba," Mrs. Sheperd; "Message from Brazil," Mrs. Nolen. Mrs. W. R. Butt presented the Bulletin.

The Mission study day will be observed on June 2. A splendid social service report was given by the Supt. of that department. Miss Addie Peoples gave an impromptu talk. She is leaving this week for Tampa, Fla., to resume her work. A token of remembrances was presented her by Mrs. Butt.

Mrs. Sellars of Jackson also talked to the society and was enjoyed. Meeting dismissed with prayer to meet next with Mrs. R. B. Beadles. Delicious refreshments were then served by the hostess.

Miss Addie Peoples left this week for Tampa, Fla., to resume her work, after visiting friends and relatives several months.

Mrs. Julia Hay of Washington, D. C. and Mr. J. R. Luten are guests this week of Mrs. D. W. Hughes.

Mr. Lloyd Emery spent Sunday in the city visiting Mrs. Emery.

Mr. and Mrs. Roy Brady and daughter, Martha, spent Sunday in Clinton.

Mrs. Guy Gingles, and Guy, Jr., spent Sunday in Clinton.

Mr. and Mrs. D. L. Griffy and little daughter of Clinton, spent Sunday with Mrs. I. R. Nolen.

Mr. and Mrs. L. H. Howard and children have returned from Fla. Friends will be glad to welcome them home.

The Senior Epworth League met at its usual hour Sunday evening. The meeting was opened with a song, followed by prayer by Rev. Walker. The Scripture lesson was read by the president, Wade Joyner. Dora Mae Duncan was leader for the hour and the following program was rendered:

Piano duet—Mary and Joseph Williams.
Bell solo—Martha Smith, with Gladys Bell accompanist.

A talk on the subject, "How and With What Themes We Should Occupy Our Thoughts."
—Mr. Cheek.

Violin duet—Rev. and Mrs. Walker.

Six new members were enrolled. A contest is being held between the Fulton and Union City leagues, and we urge every one between the age of 14 and thirty to attend our league and help defeat Union City.

Engagement of Graves Girl Is Announced.

The engagement of Miss Eula Lee Bennett, of Water Valley, Ky., to Richard Murray Boaz, of Fulton, Ky., was announced today by the parents of Miss Bennett. The wedding is to take place in Louisville, Ky., on June 2. Both are well known young people of this vicinity.

The Big Tent show of Smith-Willis Stock Co., which will be in Fulton all next week under the auspices of the local Fire Department comes well recommended as entertainers. Read ad.

ROTARY CLUB BANQUET

The Rotary Banquet in compliment to the members, wives, mothers, sisters, sweethearts and visitors, Thursday night, May 14, at the Usona Hotel, was a delightful event. The large dining room had been tastefully decorated with potted plants and flowers, colors and emblems of the club, and the whole was a scene of rare beauty and enchantment.

In clubdom it was termed as the annual ladies' night and the "Rotary-Anns" were in charge, with Mrs. R. M. Redfeare, chairman, who prepared the most unique and entertaining program ever attempted in Fulton. The splendid music by the orchestra and the special musical numbers by Fulton's sweetest voices were immensely enjoyed. In fact, the program throughout was one round of happy surprises and pleasure.

A feature of the program greatly enjoyed, was the reading by Miss Madge Taylor.

Before retiring an invitation was read to the members from the Rotary Club of Mayfield to visit them on May 28.

The members were also urged to attend the International meeting at Cleveland, Ohio, next month.

DECORATION DAY IN FULTON

Fairview, the city of the dead, never presented a more beautiful appearance than it did on last Sunday. It was Decoration Day and practically every grave was remembered with fragrant flowers, expressive of love and sweet remembrance of the silent sleeper beneath the sod.

It is a beautiful custom—this one of decorating the graves of our loved ones. People came from far and near with lovely flowers to place on the graves and many eyes were dimmed with tears and hearts made to beat fast as thoughts of bygone days passed through the mind. To add to the sadness of the occasion, a funeral was in progress in the afternoon. Another had fallen asleep and was being placed away by loving hands. This grave, too, was decorated—literally covered with flowers in sweet remembrance of the one who had gone before.

Predominating in the decorations was the crimson roses of love, the white ones of innocence, the pink and cream of devotion, the carnation of never dying memory, and the lilies of purity.

So Decoration Day in Fulton will long linger in the memory of all who visited beautiful Fairview Sunday.

FUNERAL SERVICE FOR MR. FRED GREEN

The funeral service for the late Fred Green, who died a few days ago at his home in Eunice, La., was held Sunday at 1:30 p. m., at the funeral home of the Fulton Undertaking company on Carr street. Rev. J. V. Freeman had charge and spoke comforting words to the bereaved relatives, after which the remains were tenderly laid to rest in Fairview.

Mrs. Green was not able to come from her home in Louisiana, and many hearts in Fulton sympathize with her in the loss of her husband. Her son, Clyde, of Martin, accompanied the remains, the other son having to remain with his mother.

Mrs. Lillie Tyler and Miss Tot Green of Nashville, sisters of the deceased, were present at the funeral. Mr. and Mrs. Paul Fitts, Walter Cayce, L. G. McMillian and Miss Helen Sebastian of Martin were also present.

The Body of W. O. Walker Recovered.

After remaining in the water since the steamer Norman went down, the body of the late W. O. Walker, resident engineer H. W. Nelson Construction Co., was recovered Wednesday from its watery grave in the Mississippi below Memphis.

Mr. and Mrs. R. M. Belew were the guests of Dr. and Mrs. A. J. Turney in Crutchfield, Sunday and report Doctor Turney improving in health.

Railroad News

(Continued from page 1)

is building that portion of the line north of the Ohio river, was a mere subterfuge to get around the provisions of the original charter of the Illinois Central, that seven per cent of its gross earnings shall be paid into the state treasury in lieu of all other taxes.

Announcement is made from Cairo, the headquarters of the association, of the Illinois Central railroad communities, which have been fighting the new line, that the decision will be carried to the supreme court of Illinois where we predict the same decision as handed down in the Chicago Court.

The time has arrived when progress must not be hindered by a few, when such improvement or progress affects a multitude. The new Edgewood line will shorten the distance for the through trains on the I. C., something like 22 to 25 miles, and in this day of speed, this will mean quite a bit to the movement of thousands of cars of high class loading.

The Edgewood line is a reality, and in our opinion the few die-hards who are fighting its construction, are merely wasting the time of the courts, as well as their own finances.

"No Accident" Campaign on I. C. Month of May

The Illinois Central has started a "No Accident" campaign, as well as no personal injuries during the month of May. Safety meetings are being held frequently by all the different departments where officers and employees pool their ideas of ways and means of making the campaign a real success. Daily bulletins are being posted showing the status of the situation, and posters of all descriptions are being posted in conspicuous places. Safety First stickers are being used on all correspondence, and in fact, nothing is being left undone to make a real showing in this campaign, which is being conducted over the entire system.

Accidents on the I. C. in 1924 resulted in the death of 223 persons and the injury to 4,396. These casualties were as follows: Grade crossings, 62 killed, 240 injured, employees, 36 killed and 3,561 injured; passengers, 6 killed (none however in train collisions or derailments) and 353 injured; trespassers, 119 killed and 242 injured.

A similar campaign was conducted May 1924, which showed a decrease over the previous year of 335 or almost 35 per cent. There were 946 persons injured in May, 1923 as compared with 600 in May, 1924. It is hoped by officials of the I. C. to greatly reduce this figure this year.

Mr. R. W. Kemp, local chairman of the Brotherhood of Railway Clerks, returned the first of the week from attending the convention of the Brotherhood of Railway and Steamship Clerks at Kansas City, Mo. Mr. Kemp stated that the benefit clause was more definitely worked out which is one of the most important features of the organization.

Paul Pickering attended the races in Louisville, Saturday.

Mr. and Mrs. W. W. Claypool visited relatives in Newbern the week-end last.

President C. H. Markham, of the Illinois Central, passed through the city the latter part of last week.

Mrs. L. E. Allen, wife of Dispatcher Allen at the Division office, attended the Southern Baptist Convention in Memphis last week, and reports a very interesting and delightful time.

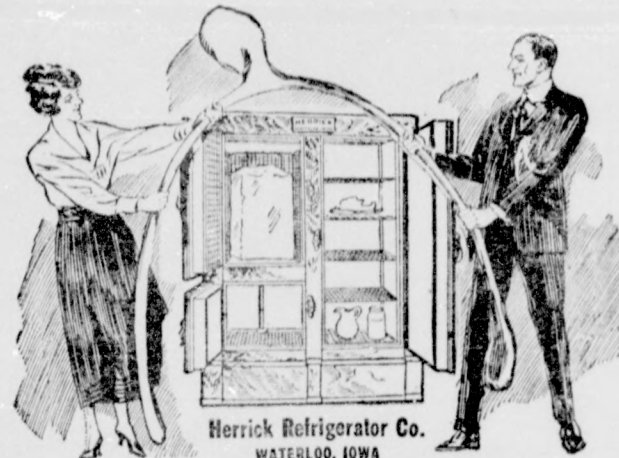

E. E. Mount, clerk in the Division office, spent Sunday in Memphis, and attended the Baptist Convention.

Bundle kindling is clean and easily handled. Makes a fire quickly. Call us for your needs. CITY COAL CO. 4t

Mrs. Otis Howard, of Louisville is in the city visiting her parents, Mr. and Mrs. R. M. Belew.

HERRICK

THE ARISTOCRAT OF REFRIGERATORS

Herrick Refrigerator Co. WATERLOO, IOWA

Your Biggest Wishes Answered!

You Get Extra Service if You Own a Herrick Refrigerator

There are two reasons for this double economy. The first is the HERRICK design, which insures a constant, self-purifying circulation of cold dry air throughout the interior of the refrigerator. The second reason is the construction of the HERRICK. From the kiln dried solid oak used for the frames to the lever fastener placed on the doors, everything that goes into a HERRICK helps to keep cold air in and warm air out, and strengthens its resistance to heat, dampness and deterioration.

Your old ice box will be taken as part payment on a New HERRICK
