73 Miles Of REA Lines To Be Built In County

COMPLETION IN 150
WORKING DAYS

Contracts were let by the Federal Rural Electric Administration for the building of a new transmission line in Marshall County in a negotiated contract. The line is to be 73 miles long and is expected to be completed by February 1, 1950.

A total of approximately 515 poles will be used in the new 73 mile line in this county. The line will be built in the area of the farm as well as the new sub-station of camp sites in the area.

These lines are energized and will bring the total number of miles of lines in the county to 1100. When the new line is completed, the county will have 1100 miles of lines.

The contract was let last Thursday, July 14, called for an estimated cost of \$24,400 and was awarded to the Lane Construction Company, who now have a contract for electrical construction in the county. The contract is subject to final approval of the REA in Washington, D. C. and is expected to be completed by August 1. The contract specifies 150 working days to complete the line.

FISH & WHALE TALES
(By the Fishy Editor)

Calendar sez: Fishing not so
good during the balance of this
and most of next week. Moon in
last quarter until 25th.

Ye fishy editor forgot to men-
tion last week that Tony Gray,
hooked a 7 pound catfish while
fishing below the dam.

Grady and Eva are at it again
and report catching a string of
stripers, 10 in all, while fishing
in the Lake near Jim Emerine's
new cabin site near Egner's Ferry
bridge.

Again this duet of super duper
fishermen, landed 13 big blue
stripers and one whale of a big
mouth out of the lake during
the fore-latter part of the week.
Jim Emerine reports the limit
of 15 stripers from the river be-
low the dam Monday. Far side
near Cone rock.

Seven or more guests at the
dam have been open for several
days and fishing there has not
been very good.

GROUP HOPES SOME WAY
MAY BE FOUND FOR
RELIEF FROM FLOODS

A delegation of Marshall coun-
ty citizens went to Paducah
Saturday to seek the help and
advice of Vice-President Alben
W. Barkley, who was home at
the time, concerning the pro-
posed drainage of Clerk's river.

During the past several years
this little river has done mil-
lions of dollars damage on ac-
count of floods and this year
backwaters from this stream
have again taken a heavy toll in
the loss of crops in the river
valley in three or four coun-
ties.

Those making the trip to Pa-
ducah to confer with Barkley in-
cluded, Charlie Cone, Bob Conn,
A. L. Love, Icy McGregor, R.
R. McWaters, Sherman Lents,
Dewey B. Jackson, C. T. Wyatt,

City Council Lets Contract For
Installation Of Parking Meters

A contract for the installation
of parking meters in this city
will be let Tuesday night at ap-
proval meeting of the council for
the purpose of meeting repre-
sentatives of the bidders. Only
one bid was received from the
makers of the Park-O-Meter.

According to a city official,
approximately 160 meters will
be installed at a cost of \$968.00,
which will be paid by revenue
derived from the machine on a
50-50 basis until machines are
paid for. This cost includes in-
stallation charges.

The meters will be in opera-
tion from 8:00 a. m. until 6 p.
m., each week day. Sunday and
holidays are excepted. According
to a report here, the meters will
be installed on Main street from
10th to 13th streets; Popular
12th and main to Poplar, and
11th to Poplar. Information as
to whether meters will be install-
ed in front of the Methodist
church, the Post office, picture
show, and bus station, was not
forthcoming. Meters will be
placed next to Court House pro-
perty and on opposite sides of
streets which will be complete
coverage of the Court square
and a number of side streets.

There has been considerable
opposition to the move by towns-
people and citizens of the coun-
ty, but according to reports the
meters are due to be in opera-
tion within 30 days.

This Fish Story Sounds Like A Real Fishing Paradise

I know of no better way of getting a first class argument started than by selecting a certain species of fish or a certain fishing method and saying it is superior to all others. But since I enjoy a healthy argument occasionally, here goes on both scores.

A few days ago my guide and I happened on to a comparative small lake two portages away from camp here on Delaney Lake that proved to be a paradise for smallmouth bass. Too, the smallmouths apparently preferred small popping bugs and dry flies, presented with a fly rod, to other types of lures.

And, brother, the two together added up to a sport seldom equalled—and never excelled, at least in our book.

TO THE VOTERS OF MARSHALL AND LYON COUNTIES:

Before I announced as a candidate for re-election as State Representative friends of mine came to me and urged me to do so. They said that the counties had advanced more since I had been representative than they had for the past ten years, and that it was a custom of the people of Marshall and Lyon Counties to endorse a person who had made a good official.

I want to say to you voters that I tried to make you a good representative. I realize that I was young and inexperienced and that I made some mistakes. I am now able to see those errors and I sincerely believe that I can serve you better in the next session of the legislature if I am re-elected.

I invite the voters of this district to investigate my record. I do this so you will know my true record as an official and not just a lot of untrue rumors that have got started. I especially appeal to the veterans to do this.

I want the veterans to know that I have never voted against any legitimate bonus bill and never intend to. I believe that I, as a veteran of eight years of service, six of which I spent overseas, would be more interested in the state paying a veterans bonus than some person who was not even in the war and who made fifteen to twenty dollars a day while I was overseas making fifty-four dollars a month. Any bonus which this state would pay would mean as much to me as to any other veteran in Marshall or Lyon County. For this reason alone I did not and could not vote against any legitimate bonus bill.

The horse racing interests and the gamblers of Kentucky got some of their friends to introduce a bill which they said was to pay a veteran's bonus, this same bill was introduced in the 1946, 1944, 1942 legislature. Each time it was introduced for a different purpose. Once it was for the handicapped children, then for the blind, then for the old aged. Each time it was defeated. Why? Because this bill was not introduced for a charitable purpose. No, it was introduced to legalize lottery and gambling in the State of Kentucky. This would be, innocent little bill was to be known as the Kentucky Derby Sweepstakes. I still have the bill and any one who would like is welcome to read it.

Two years ago when I was a candidate for this office I promised that I would not support a sales tax. This promise I kept faithfully. I now renew that promise, knowing that a sales tax bill will be introduced in the next session of the General Assembly. This bill will be introduced in order to try to get the state income tax repealed. In other words, the rich people of the State of Kentucky do not want to pay any more tax than a widow woman who has to work to support her children. I do not feel that this is right or just, and any time a member of the legislature votes for a sales tax that is a vote against the rural laboring class of people. The legislature of 1933 voted in a sales tax, knowing the people of the State of Kentucky was against it, and I beg you voters not to let that happen again in 1950.

In conclusion I wish to state that I have tried to help every person who has called on me for help and if reelected I will continue to do so.

Since I did not graduate from College until June, I have been unable to see all the voters in both counties, and if I do not get to see you before the election please give me, a young veteran who is trying to get started in life, your most sincere and honest consideration and endorse me as your representative.

Thank You,
WILFORD S. (Shortie) TRAVIS
(Pol. Advt.)

The smallmouths in this lake were actually greedy in fighting over the artificial lures and they hit savagely morning, noon and night with apparently little difference as to the time of day they snapped a lure.

All you had to do was toss a floating fly or bug within a few feet of the rocky shore or near a fallen tree and let it rest motionless on the surface. Chances are within a few seconds a fighting bronzeback would shoot up from the bottom, take the artificial in its mouth, clear the surface in one mighty jump and then head for the depths ready to do battle. And a battle it was before the finny gamesters, ranging from a pound up to over five pounds were netted and then returned to the lake.

I know it is not logical to compare the fighting qualities of the various species of game fish for, actually, there is no common ground — except fishermen's opinions — for such a comparison. However, I believe these small mouths could win a tug-a-war with any finny battlers without needing a second breath.

Catching smallmouths on surface fly rod lures actually has been a second layer on my fishing cake in this country. I've taken limits almost daily of walleyes, northern pike and lake trout. But it definitely has been the bass fishing that has made this trip a memorable one to add to other interesting and fascinating experiences of fishing in 1949.

Certain parts of the country have had rather slim going with fish; other parts of North America have hit the jackpot in grand angling sport. And I have been in both the good and bad waters on several occasions. Overall it has been a good year so far and certainly it is encouraging to report that fishing apparently is holding its own most places even in face of the tremendous increase in pressure.

TO THE VOTERS OF MARSHALL COUNTY

Since the candidates did not agree to have public speaking, it becomes necessary for me to take this method to let the people of my County know exactly how I stand on certain vital issues of this campaign.

I am strictly against every kind of vice that tends towards degrading the moral and social standards of our County, such as honkey-tonks, road houses, gambling dens, slot machines and the illegal sale of intoxicating beverages. Our County can be kept clean of all these when properly policed by your County, State and Federal law enforcement officers under the supervision of your County Judge.

I am making a house to house canvass of the County in an honest effort to see every voter, but should I fail to see this campaign personally with you, do not be misled by you and have an opportunity to discuss all the issues of these last minute false reports being circulated to try to detract the voters' minds from the important issues of this campaign. Go to the polls and vote for the Candidate you honestly believe is best qualified to fill your County Judge's office.

Vote For
Henry H. Lovett, Jr.
For
County Attorney

YOUNG — PROGRESSIVE — ACTIVE
TO THE VOTERS OF MARSHALL COUNTY:

In my announcement for the office of County Attorney I gave you something of my education and experience as a young lawyer and throughout this campaign I am relying upon my own qualifications and shall make no derogatory statements concerning my opponent.

The office of County Attorney is one of the first rounds make a place for himself in his chosen profession. In 1891, of the ladder to an ambitious young lawyer who wishes to immediately after the adoption of the Constitution of Kentucky, my great uncle, John G. Lovett, was elected to the office of County Attorney at the age of 26. Following him George C. Edwards, another young man, was elected to the office of County Attorney before he was thirty years of age; following Mr. Edwards the Honorable W. M. Reed-er was elected to the office before he was as old as I am. In 1909 the Honorable E. L. Cooper was elected to the office of County Attorney at the age of 27. In 1925 the Honorable C. B. Cox, another comparatively young man was elected. In 1937 the Honorable Ben T. Cooper who is now Assistant U. S. District Attorney was elected County Attorney at the age of 27. All of the above named gentlemen became outstanding men in their profession.

I am 34 years old and have had 4 years active experience in the practice of law which I believe qualifies me for the position to which I aspire. 48 years ago my opponent was a candidate for the office of County Judge asking the people of Marshall County to give a young man a chance. 44 years ago the people of Marshall County elected him to the office of County Judge.

If I am elected to the office of County Attorney I will promise to be active in the duties of this office advising other county officials to the best of my ability, assisting the Commonwealth Attorney in the preparation and prosecution of all offenses committed in the county and will be active instituting prosecutions against all law violations of which I shall receive any evidence.

The circumstances have prevented my having seen all the voters of Marshall County but whether I see you in person or not I earnestly solicit your vote and influence and shall ever be grateful to you for it.

Respectfully yours,
Henry H. Lovett, Jr.

HOLMES FOR SHERIFF

HONEST — FIRM and DEPENDABLE

It has been a great pleasure meeting and talking with the people of Marshall County. I appreciate the kindness and encouragement you have shown. I am trying hard in my campaign for Sheriff to see every citizen of the county and I personally solicit your vote and influence. To you whom I fail to see and talk with please consider this my personal appeal for your support.

As I stated in my first announcement I realize the duties of the Sheriff of Marshall County are increasing more each year. This is due to the constant flow of tourists and new industries being built in the vicinity.

Being 31 years of age, married and settled, I feel I am fully qualified, willing and able to perform these duties. I pledge to each and every citizen of this county, if elected, to fully cooperate with the law enforcement agencies and the good people of this county, without fear or favor, to uphold and enforce the laws of the state to keep our county free of lawless and undesirable places and above all means with the help and cooperation of the good people of Marshall County to see that the slot machine kings and the outlaws of the surrounding counties and states do not close in on us and force our county into becoming an indecent place to live, to give all my time to the duties of this office, receiving only the salary it pays, which is a good living for my family, and to do my best to be the Sheriff deserved by the good citizens of Marshall County.

Again thanking you for your vote and influence,
I am, Yours Respectfully,
(Pol. Advt.)

TO THE VOTERS OF MARSHALL COUNTY

This campaign is drawing to a close. During the April 22nd my announcement was published in the papers. I had the conviction and confidence to tell you the things for which I stood, and for which I was against. I say again that I have not the least. I ask you to look up those old papers yourself what each candidate stood for in his announcement, especially in regard to law enforcement, since that time some of my opponents have tried to make me out as a person who was on the dry issue in their opening announcements only trying to fool people. I ask you as I have investigated me, and I feel confident of what is to my sincerity to carry out my mission in this campaign.

I am doing my best to see as many of you as I can present to you my claims. This is the first time I have sought to be elected to an office, and I am sure you elect me SHERIFF I will do my best to see that you will be proud of. Good People in your outside liquor interests, and honey (and I am sure) this election.

PLEASE use your influence and cast your vote for SHERIFF.

I have traveled everywhere. Samarkand and the Barbary Coast. On the camel trails of the Sahara and through the Khyber Pass. I have followed the seaways and the airways to the familiar places and to the strange ports of call around the world. I am a 20th century Marco Polo.

I AM A MOVIE FAN

I saw the Battle of Hastings, and I was there when King John agreed to the Magna Charta. I was present when the redoubts were stormed at Convention and "the world turned upside down." I saw the Constitutional House grounds. All the past is known to me through my own ears and my own eyes. I have lived forever.

I AM A MOVIE FAN

Ivanhoe, Micawber and Yancy Cravat are friends of mine. I heard the knight proclaim his challenge in the List of Templestowe; I walked the streets of Osage with the Oklahoma pioneers. MESSAGE NO. 1 FROM W. S. (BILLY) WATKINS CANDIDATE FOR SHERIFF

May I again express my appreciation for the kindness
shown me in this campaign.

I have, for the past few weeks, attempted through the
Press to keep you informed as to the things I stand for. Let
me again state what you may expect of me if you honor me
with the office of Sheriff.

I will uphold the laws of the state of Kentucky and will
stand ready at all times to call on other law enforcement
agencies to aid me should it become necessary to provide
protection that all Marshall Countians deserve.

You need not worry about me selling out to the roadhouse
racketeers and let our county run wild, because I have no
desire for dishonest money. The office of Sheriff pays
enough for a good living and I will serve you promptly,
unflinchingly, and honestly for the honest salary that the Sher-
iff's office pays.

Observations

It's awful, these things a news-
paperman has to stand up under.
The latest for ye observation-
alist is "Wish Wash." I believe
this fellow left his glasses
home. Anyway, it was all in
good, clean fun.

And, speaking of Wish Wash,
old Kodger, and no doubt some
would like to make it what the
President called Drew Pearson.
A Mug-Wump is about the nasti-
est name of all to me. It doesn't
look good to me to see a fel-
low with his mug on one side of
the fence and his wump on the
other, and . . .

Besides, it is dangerous. There
is danger of getting a splinter in
the mug or the wump, especially
if the fence is a rail fence. It
kindly makes the sassafras in
my blood boil or I bust my breech
es at the site of a covey of mug-
wumps. There is no open ses-
sion on the varmints that are
usually worse about election time
each year.

Marshall countians, like others
all over the South, still like a
certain amount of "blood and
thunder," as evidenced by the at-
tendance at court last week. A
young man was on trial for his
life, another man was in his
grave, and perhaps his spirit
and the spirit of others, was
looking down upon us with pity.
Asort of carnival spirit seemed
to prevail; a game was being
played before a packed grand-
stand.

Ye observationist wondered if
the world's greatest evangelist
could have drawn the attention
and the crowds that this trial
did. Could Einstein the scien-
tist held such an audience had
he been lecturing on some
thing to help preserve life in-
stead of take it? I doubt it. We
still have something of a Dar-
winian make up; that primi-
tive part of man that makes
him relish a lot of rough and
tough with his dessert.

A daily newspaper headline
says: "A trip to the moon by 1960
likely." That shouldn't excite
anybody, we've been in the air
for several years anyway.
What we need right now is find
a plan to get back to earth and
let the moon and stars stay in
peace. Any rocket ship on its
trip to the moon is bound to car-
ry some Democrats, Republicans,
and a number of mug-wumps,
so why stir up trouble in the
moon.

A lot of study is being made of
how to get to the moon, but on-
ly a few are thinking about a

Right With God

Lesson for July 24, 1949

"GET RIGHT with God" is an
expression which has been
sometimes used by people. It is not
a coarse or cheap idea. It is the most
important thing you
can do. Think what
it means to be
wrong with God!
That means to be
out of harmony with
his will, going
"across the grain
of reality" as the
old Greeks used to
say. To be wrong
with God means to
be a rebel against
reality, to have the power of the
universe working against you, and
so to be headed for sure destruc-
tion. Wrong with God, you cannot
win. Right with God, you cannot
lose. To be right with God means
to be in line with the purpose that
runs through all things; it means
in the simple language of the
Bible, to live as a child of God.

Dr. Foreman
Every one of us will be to blame,
though, if we fail to get squarely
behind both President Truman and
the Congress and stay there pushing
until this job of reorganization is
done.

The tendency, naturally, is to let
it go. Yet, right now, when the na-
tion is faced with such tremendous
expenditures of public money at
home and abroad, it is downright
foolish not to practice economy.
Estimates show that recommendations
of the Hoover Commission
would mean a yearly saving to tax-
payers of more than \$1 billion dollars.
I feel confident the savings could be
larger than that. If real efficiency
and economy is to become the rule
of the new government, the peo-
ple will have to support it.

Way to Survival
Time is running short. Our sprawling
bureaucracy will not of itself
change its habits. Instead, if left
alone to grow, expand, and multi-
ply as it will, our financial burdens
will never cease. The latest report
of the Hoover Commission deals
with government agencies that are
engaged in business enterprises. It
catalogs more than 100 concerns of
substantial size that are owned or
controlled by the government. It sug-
gests that many of these concerns
could be sold, according to the
Commission, by cutting this num-
ber by almost one-third.

It is evident that unless we do put
our government house in order, there
is no way for this republic to sur-
vive. As burdens of supporting huge
and wasteful government grow in
magnitude, we endanger the whole
financial structure of the nation.
Moreover, with continued growth of
big government, we can arrive at
state socialism some day without
ever having voted for it. It's hard to
believe, but already one of every six
adult Americans receives regular
checks from Uncle Sam!

A Task for Truman

President Truman has before him
one of the greatest opportunities that
any president has had during the first
half of our century. Oddly enough,
this chance of the century comes to
the President through the foresight
and statesmanship of the 80th Con-
gress that last year absorbed so
much punishment, politically, from
Mr. Truman. It was the 80th Con-
gress that set up the Hoover Com-
mission on government reorganiza-
tion.

Nobody's Fault
Our only living ex-president gladly
accepted the job of guiding the "task
force" of experts through some 19
months of detailed investigation. Mr.
Hoover has played well the role of
public servant in past crises. This
time he accepted the task as chair-
man of the Commission, believing
it to be his last opportunity for im-
portant public service. At this writ-
ing, 19 "task force" reports have
been sent to Congress. Only the final
summary report remains to be made.

The work of the Commission is so
important that it must be placed
above all politics. Like Mr. Hoover,
it's nobody's fault that our govern-
ment has got itself all tied up in
knots, with inefficiency the general
rule. Government "just grows"
that way. Today, like, it is definitely
not a political, not a party, question.
Support Needed

Every one of us will be to blame,
though, if we fail to get squarely
behind both President Truman and
the Congress and stay there pushing
until this job of reorganization is
done.

The tendency, naturally, is to let
it go. Yet, right now, when the na-
tion is faced with such tremendous
expenditures of public money at
home and abroad, it is downright
foolish not to practice economy.
Estimates show that recommendations
of the Hoover Commission
would mean a yearly saving to tax-
payers of more than \$1 billion dollars.
I feel confident the savings could be
larger than that. If real efficiency
and economy is to become the rule
of the new government, the peo-
ple will have to support it.

Way to Survival
Time is running short. Our sprawling
bureaucracy will not of itself
change its habits. Instead, if left
alone to grow, expand, and multi-
ply as it will, our financial burdens
will never cease. The latest report
of the Hoover Commission deals
with government agencies that are
engaged in business enterprises. It
catalogs more than 100 concerns of
substantial size that are owned or
controlled by the government. It sug-
gests that many of these concerns
could be sold, according to the
Commission, by cutting this num-
ber by almost one-third.

It is evident that unless we do put
our government house in order, there
is no way for this republic to sur-
vive. As burdens of supporting huge
and wasteful government grow in
magnitude, we endanger the whole
financial structure of the nation.
Moreover, with continued growth of
big government, we can arrive at
state socialism some day without
ever having voted for it. It's hard to
believe, but already one of every six
adult Americans receives regular
checks from Uncle Sam!

Landmarks of Growth in Farm Telephones

Every day, along rural roadways of the South, you see new telephone poles reaching for the sky.

Telephone service has been supplied to a lot more southern farms during the last three years than during any other three-year period in history. Right now Southern Bell is building rural lines at the fastest rate ever. And total telephone installations in southern rural areas this year will set a new record.

Telephone service is our business, and we are working to get it to those who want it as soon as we can. It'll be good service, too—the kind for which America is famous!

Because the farmer serves everybody, serving the farmer is one of our most important jobs. And we're keeping right at it.

I take this method of thanking my friends for the kindness and encouragement shown me in my campaign. I have been over the county and have failed to see a lot of voters. These I am asking to take this as a personal appeal for their vote and influence. I will try to see as many as possible before August 6.

Now friends, they voted the speakings down. I couldn't have made a good speech but I can make a good Jailer, and will if elected. I will keep the Court house clean and when a prisoner is in jail, I shall remember that he is some daddy's and some mother's boy. I asked for this job 16 years ago and was defeated by Judge Gregory by a small vote. I beg for fair consideration.

Yours Respectfully,
JIM BARNES

Myers Withdraws From Tax Race

WILL GIVE HIS REASONS AND STATEMENT TO HIS FRIENDS NEXT WEEK

FISH & WHALE TALES (By the Fishy Editor)

Sheriff Walker Myers, a candidate for Tax Commissioner, is making a statement this morning saying that he had decided not to run for the office.

Myers will probably enter his address at the expiration of his term as Sheriff. He had been following in Marshall County due to his record as Sheriff during the past six years, and he is withdrawing from the race for office.

His statement follows: "I have decided to not compete for the Tax Commissioner of Marshall County. My reasons for doing so will be published in another issue of this newspaper, due to lack of time and space this week."

Yours respectfully,
Walker Myers

Calendar says: Lacking not so good balance of this week, but let's get better August 1, and continue good through next week end—New moon.

Dyus Brandon comes forth with a Big Bear Creek story of what he and two or three sons men caught, season said that on one morning they landed 33 striped bass and that 30 of them were taken home or skinned size. Dyus said the water was literally boiling with "em."

Hugh Thompson and James (Bull) Shemwell tried the strippers out before the Dam, East side the first of this week and brought in 15, one of which was believed to have been the biggest striped ever caught in this section.

Dr. Neeley, was also below the Dam, but the best he could do was several whopper shad. He reported them so thick that they bumped into each other.

G. O. Beale, of Hardin Route 1, was in town today and reported he wasn't having much luck, but caught a "nice bunch of crappie" Wednesday.

Herman Linsler, a commercial fisherman had good luck with his nets Monday and brought in 237 pounds, and Yaa Myers got 62 pounds same day and about same place.

Candidates Pool Funds For Rides For Voters

WILL BE 2 CARS IN EACH PRECINCT FOR THE CONVENIENCE OF VOTERS

Candidate for the various offices of Marshall County met at the Courthouse here Friday and decided to pool their funds for the convenience of voters to the polls on election day. There will be two cars in each precinct, paid for by all of the candidates (small office).

Voters who choose to do so may use one of these cars with no obligation to any particular candidate.

Paul Darnell and Holland Rose were selected to employ men or women to haul the voters.

MRS. EARL COOPER DIES IN CALIFORNIA HOME

TUESDAY, JULY 19

Word has been received here by Mrs. Hays Albright, stating that her mother, Mrs. Earl Cooper, of Los Angeles, Calif., had died Tuesday, July 19. She was reported to have had a heart attack on July 16.

Federal and burial services were held in California.

She is survived by a brother, Hays Albright; three sisters, Mrs. Dallas Burnham, of Stockbridge, Mich.; Mrs. Mary Wilkins of Paducah, and Mrs. Martha Miller, of Memphis, and her husband and one son.

Mr. and Mrs. Cooper were in Benton for a month this summer and attended the Old South harmony singing.

Hot or cold, wet or dry, our good friends are still "taking" the Marshall Courier, and again we thank you too for joining our great big family of readers. We hope to please you with our little home gossip each week and we appreciate coming into your homes each week.

So, thanks again.

New Manager Appointed To Lead Dark Fired Tobacco Association

NEW MANAGER IS NATIVE OF CALLOWAY COUNTY AND A MASTER FARMER

BOON HILL, president of the Western Dark Fired Tobacco Growers' Association, announced this week the appointment of Holmes Ellis, of Calloway county, as Manager of the Association.

Agricultural Agent, having had experience in McCracken, McClain, and Henry counties, and has been employed as Assistant Commissioner of Agriculture since June 1948.

Joe M. Pace, secretary-treasurer of the Association, has been named acting Manager.

MURRAY LIVESTOCK REPORT

The new Manager succeeds L. L. Veal, who resigned last week. The salary of the new manager will be \$5,000 per year.

Mr. Hill assures tobacco growers that the change in management would not in any way affect the operation of the Association, and that the 1949 crop will be handled as usual with advances being made from the Calloway Credit Corporation.

Ellis is a native of Calloway County and a former County
