BUNOED AGAIN.

HERE is a man who has paid out his good money in ADVANCE for a suit of clothes that he never saw. If he had only been wise in the FIRST place, he would have bought that suit at a lower price. Yes, the honest merchant will beat the clothing man on price every time. That has been proved time and again. But people are a bit slow in getting this idea into their heads. The catalog business is no joke. It suggests the he bargain, and overlooking that many a man is persuaded AGAINST his own judgment. He is in search of his feet and miserable STAM PERLED into doing as he would not dream of doing if left alone.

Think it out by himself.

Together, don't be stamped by that patronize. Think it on and talk to your home merchant. Get together with HER. He wants to give you a square deal. Keep your money in your pocket till you are sure.
