**MESSAGE NO. 5 FROM BILLY WATKINS  
CANDIDATE FOR SHERIFF**

**TO THE VOTERS OF MARSHALL COUNTY:**  
Since I started my campaign for Sheriff of Marshall County, I have tried to stress law enforcement, honesty, and special favors to none, and treating each individual as I would want to be treated. If you honor me with the office of Sheriff, I will do my best to perform the duties of that office in a way that you will never regret voting for me.  
There are some people that are determined to create confusion among the voters by saying that some candidates for Sheriff favors the honky tonks and roadhouses. That is exactly what that element wants — CONFUSION, as this will give them a better chance to elect someone in the end.  
Election day is drawing near and it is time every voter should be settled on the candidate who will make the best Sheriff. Do not let an overnight trick change your mind. If you vote for me, I assure you that you will be casting a vote for a man that will strictly be against that which is wrong and will stand for what is right. I will do my best to be the kind of man you people want for your Sheriff.

**THE CITIZENS OF MARSHALL COUNTY**

Want to thank the JCC's and the Mt. Olive Methodist for inviting us candidates to speak on their program? It gives me the privilege and opportunity to let you know my stand on some important questions arising from this campaign.  
That any of us candidates who accept invitations, will not go against the majority of the candidates who are to be carried on anyway. And if I do accept invitation I will not mention any opponents names.  
I do not have anything to hide from you people. I wonder what some of my opponents were afraid of? The only means of accepting or defending anything that might have arisen. Now anything can and will be started on us candidates and we will not be able to defend ourselves but I ask you people to give me a chance to face the public on any matter that I would have arisen at public speaking, such as whiskey, stating publicly that if ever elected I would accept bribes, break up any home due to my advances, or felt too important to speak to my fellow men. So I ask that you check into all of our past and present records. Isn't that fair?  
I am sure that the bootleg and the honkytonk question is most important and will no doubt have a bearing on the election in several ways. I assure you that I absolutely refuse to accept bribes, bootlegging, and public nuisance honkytonks, gambling, bootlegging, and public nuisance and will do my best to keep down regardless of the opposition I get from the county Judge, County Attorney, or any other person.  
I have been tempted already and fully realize the possibility of that support would amount to many extra votes, but I believe I need this office as much or more than any of my opponents but I certainly don't need it bad enough to accept the support offered by the wrong side of the street or try to buy votes.  
I have never made any promises in this campaign that I can keep because I realize what little power there is with cooperation.  
I remember the promises and statements that some of my opponents have made. I have never stated that I was elected because that is a big word and I very well remember when I was on test runs of airplanes while serving in the U. S. Navy. I am sure that being calm, firm and sure is far better than fearless or unhappy. I do not want to gain votes, or feel that I did more than my veterans but my flight log holds a few close calls that I can't forget. I guess you see that I never mention on my posters that I was a veteran because I know how they feel towards us veterans, without my keeping you reminded on every card, and I feel sure of your consideration.  
I can't possibly see all of you people due to my entering the hospital, and spending over a week with my wife in the hospital, so I hope if I do not see you, that you will be in this consideration because I really wanted to see all of you.  
My name will be at the last position on the ballot so as to go down the list of the candidates' names for the last time. I remember that I am one candidate for Sheriff that you can trust and depend on for the next four years to keep the county as clean as possible. So I again thank you for your consideration you have given me and your support for your vote will be highly appreciated.

Yours Respectfully

## A Plan For The Future

## Plan for the Present

THE BLYE is provided with an un-  
usual amount of closet and storage space.  
There is a handy coat closet at each  
entrance; a large wardrobe in every  
bedroom; a broom closet and storage  
cabinet in the kitchen and linen  
storage closets in the hall. The three  
foot deep, six foot wide hall storage  
closet is large enough to hold a sewing  
machine or other bulky household  
items.

A cupboard with rounded counter-  
separates the modern kitchen from the  
living room. The kitchen cabinets are  
arranged in a U-shape with the double  
compartment sink in the center under  
the window. All rooms in The Blye are  
well lighted and have cross ventila-  
tion as well as good wall space.

The exterior of The Blye is finished  
with siding. The roof is covered with  
asphalt shingles. Front elevation of  
The Blye has a brick fireplace, recess-  
ed entrance and a wide overhanging  
eaves protecting the corner window.

We hope we can be of service to you on plans for a New  
Home. We invite you to discuss your plans with us.

## WHY BE half deaf?

There's So Much  
You're Missing!

A shrewd warning, a white-  
board remark, a halfhearted  
direction for course, you've  
not "deaf" — but you're missing  
a lot you're missing!

You can do something  
about your hearing loss right  
now — before total deafness  
creeps up on you. Many  
thousands, realizing that a  
person seldom gets deaf all  
at once, have turned to Bel-  
lone for relief and have been  
travelling ever since. For  
Belone has been helping  
not only in mild cases  
of hearing loss but in  
most severe cases too.

### SHERIFF

TO THE VOTERS OF MARSHALL COUNTY:

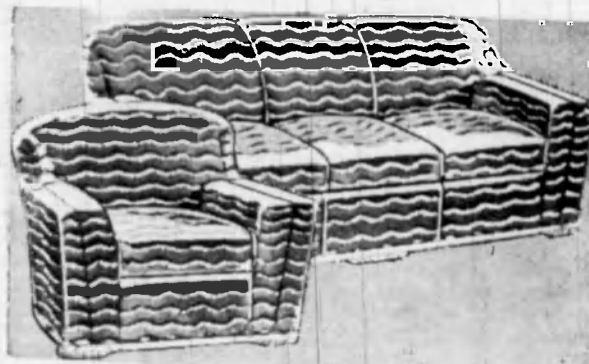

We are coming into the closing of this campaign. As we look about and see the work of some, it makes us more deeply interested as to who will be our chief law enforcement officer of this county. We have a candidate for this office, Volney Brien, who so courageously came out in his opening message and made his position clear to the people of our county. He is strong against the liquor interests and slot machine racketeers. He wants to keep our county a decent place for both old and young to live. Others, who failed to take a stand at first, are now trying to get on the band wagon. Let us beware of those who straddled the issue at first and later came out saying, I am against those things too.

Then WHY! WHY! take a chance. Let us rally around the original Dry Candidate, VOLNEY BRIEN, and elect him Sheriff of Marshall County. Let our slogan be BRIEN FOR SHERIFF.

JIM WILLIAMS MAKES A STATEMENT CONCERNING TAILOR'S RACE

I wish to announce to the voters of Marshall county that I am still a candidate for Jailer and have NOT pulled out of the race as it has been rumored. I am in the race to win. Jim Williams (Political Advt.)

## TO THE VOTERS OF MARSHALL COUNTY.

I wish to take the opportunity to express my regret for failing to see you during this campaign. Due to the serious illness of my wife who was confined to bed for several months, I have been in the hospital for the last forty days.

I hope you will consider this my personal appeal to stand by me. If elected your Sheriff for the next term, you can be assured that I will honestly do the best of my ability to make you and efficient and trustworthy law enforcement officer. As I stated in my opening announcement, my jailor is an open book for your inspection and I will make one for Sheriff that would be the same. Consider this and go the polls August 6 and cast your vote for me.

Your vote and influence will be greatly appreciated. (Political Advt.)

ARTHUR B. DARNALL

## To The Voters Of Marshall County

This Campaign is drawing very near to a close and I want to thank each of you for the many courtesies and consideration of your vote and influence.

To you that I have not had an opportunity to talk with, PLEASE consider this my personal appeal for your vote and influence.

There is going to be a lot of propaganda and reports broadcast between now and election day. I will not have an opportunity to make a public statement. My opponents would not agree to meet me openly in public speaking campaign.

I am sure you will consider the source and I will understand why last minute false rumors are circulated. I know you are too wise to let any man thoroughly investigate their truth and integrity. I do not know me personally just ask my neighbors and those that have known me all my life because I am a native of Marshall County.

HONEST DEPENDABLE QUALIFIED

To the Voters of Marshall County:

May I at this time express my appreciation for your kindness shown me thus far in this campaign. I have worked faithfully in trying to see every voter of the county, but many of you I have not seen personally to present my claim.

To those of you that have found my card on your door and those of you I may not see between now and election, along with those I have talked with, I promise you again that if elected I will, without any reservations, enforce to the fullest degree, all the duties of the Sheriff as prescribed by law, and further that there will be no favoritism, delay or evasion in so doing.

I promise full cooperation with other law enforcement agencies operating in this county.

Being a man 42 years of age, I realize just how important it is to fight lawlessness and undesirable places in this county. I give you my word of honor that if elected I will not, under any circumstances, sell out to any racketeer. There are some people who would pay high prices to our Sheriff to be allowed to sell beer and liquor, operate honky tonks, and operate slot machines under protection to rob our young men and women of their money and character. I could from now until election day repeatedly tell you that I am against any such unlawful, illegal protection, but that does not prove to you that I won't sell out. If elected to this high office, I can and will prove to you that I won't sell out and I will protect our county from such evils.

Go to the polls and vote for one who is for good clean government and one who will always be grateful to you for your support.

I beg of you to ask people who know me personally and who have known me for years and take their recommendations as to character, honesty and ability.

Sincerely yours,  
FOR SHERIFF OF MARSHALL COUNTY  
(Pol. Advt.) Paul J. Watkins
