Judge H. F. Taylor
Asks for Re-election

In the office of Police Judge, Fulton, June 19, 1925.

To the voters of the City of Fulton:

I am a candidate for the office of Police Judge in the Democratic Primary in August. My name is H. F. Taylor. I have had a life of work in the State of New York and in the city, and I have been associated in the business affairs of the city for many years. I have given my entire time and attention to the office and have never availed myself of the privileges of the office. I have not been disappointed in my expectations.

I shall appreciate the vote of the people of the city of Fulton in the Democratic Primary. I have given my entire time and attention to the office and have never availed myself of the privileges of the office.

Respectfully yours,

DON'T LET GO.

A community without cooperation is like a barge man who has lost his oar. You can't navigate a mere helpless case. Unable to get anywhere. there is no course but to drift with the ebb and flow of circumstances. Once lost, it is hard, indeed, to recover the oar. But surely we don't have to get into this dangerous plight. It's our own fault if we do. Cooperation, like rowing a boat, must be studied and learned. And we can only learn it through practice. The practiced oarsmen never lose their oar. And if we would avoid these drifting we must practice cooperation. Let's get into practice and keep in practice. In all things that mean progress for Fulton. It's a case of sink or swim "together.
