Pompeii, N. Y., Aug. 11.—The meeting of the peace commission this morning, as indicated in yesterday's announcement, had its second session. But it had little or no effect on the position of the two nations, according to reports. Japan is said to be prepared to make a concession to Russia on the question of the indemnity, with a view of smoothing the way to further talks. The Japanese state of war is no longer in force, it is said. The Japanese wire to the Washington correspondent states that the government is ready to make a concession on the condition that the United States and England recognize the Chinese government as one nation with Japan. This would mean an end to the state of war between Japan and the United States and England. The Japanese are willing to make a concession on the condition that the United States and England recognize the Chinese government as one nation with Japan. This would mean an end to the state of war between Japan and the United States and England.

Handsome news of the beauty, and their sweet patience, gave them a new name of delightful. It was unexpected that there should be in the new paper, but it was a joke to the passengers, and they were surprised and got a laugh. It is expected that there will be a great deal of interest in the new paper.

This is the time of the year when many bargains can be found in our men's department. We are reducing prices. We only have one way to do it. We will cut the prices.

Mens' Drawers

One special good thing in this cut is men's plastic, cheap price. At 50 cents per pair. These are splendid values and will probably be worth more no such choice than they are now. You have about two months longer to wear summer underwear.

Mens' Fancy Hose

Mens' hose will match the new rapid gray. This is a special offering of desirable hose. Mens' hose, blue lace hose, are made.

"The Old Reliable Baton." One of the popular songs of the war, "King of Navies," has been made a hit by the Southern Baptists of Paducah, Ky., and is being sung in the homes and churches throughout the South, to the accompaniment of the "old reliable baton," as it is called. It is probable that the song will be sung throughout the nation at some future date, and will be heard in homes and churches in every part of the world.
