STATE GETS SEED TO OLD FORT HILL

WAS PRESENTED TO CANTON HILL, FORT THOMAS AT ANNUAL MEETING

Mrs. Wm. Seibert for Libra and Birds. Assisted by A. T., H. H. and Mrs. Haynes and others.

Dr. Thurmond M. Hopkins, of Canton Hill, Ky., the head of the Committee of the Kentucky State Farm, presented a bundle of 80 seeds, a gift of the old Fort Hill, to Canton Hill at their annual meeting, May 16. These seeds were a part of the seed brought from the old Fort Hill, by the late Dr. T. M. Haynes, and Mr. Prather, in the Spring of 1840, and were preserved by Dr. Haynes, and his son, Mr. J. T. Haynes, for over 40 years, during which time marked varieties of the seeds were grown and planted by them.

Dr. Hopkins, in reviewing the history of the old Fort Hill, said that the history of the old Fort, is as follows:

In the Spring of 1840, the late Dr. T. M. Haynes, of Fort Hill, Ky., started on a trip to the East, and brought with him a bundle of seeds, which he had preserved for over 40 years, from the old Fort Hill.

On his return, he presented these seeds to Canton Hill, Ky., where they were preserved by Dr. Haynes, and Mr. J. T. Haynes, for over 40 years, during which time marked varieties of the seeds were grown and planted by them.

When the seeds were introduced to Canton Hill, they were used for the purpose of improving the orchards and gardens of the town, and have been preserved ever since, by the town and its inhabitants.

In the Spring of 1890, Dr. Haynes, and Mr. J. T. Haynes, presented the seeds to the late Dr. T. M. Haynes, of Fort Hill, Ky., and Mr. T. M. Haynes, of Fort Hill, Ky., for the purpose of improving the orchards and gardens of the town, and have been preserved ever since, by the town and its inhabitants.

COMMUNITY LOYALTY

Have you ever stopped to think how much more enjoyable life would be if the entire community contributed to good living rather than hindered or obstructed it? We are all appalled at the low grade of morals that are spreading through the entire country. What will be the result? The entire magazine is devoted to the efforts of the movement which aims at improving the social status and the well-being of our community. A community is a place where people come together to work hard, play hard and enjoy each other's company. It is the duty of each person to contribute something to the community in order to make it a better place to live. We should all work together to achieve this goal.

THE TOWN BEAUTIFUL MOVEMENT

Some one said the other day, when a certain proposal of local beautification was advertised for discussion, "This is a lovely country. We ought not to be thinking of beautification in a town like this." Here is one place, too, some say, where beauty can grow and flourish, without any effort toward its improvement. Take a short trip anytime into the country, and you will find nature's beauty unaltered wherever one happens to go. The unsightly trees, the unkempt shrubbery, the neglected lawns and gardens, all speak of untended and untended care. What is true of the young man in whom his country goes to church has the sad truth of the older man in whom his country goes to church. One of the most commendable features of this movement is the attempt to improve the community's appearance. The time has come when all of us should contribute to the beautification of our town. This is a place where people come together to work hard, play hard and enjoy each other's company. It is the duty of each person to contribute something to the community in order to make it a better place to live. We should all work together to achieve this goal.
