**DELIVERIES BACCALAUREATE SERMON FOR FULTON HIGH.**

Large Crowd Feels Magnification of His Message.

Dr. John F. Myers of Jacksonville, Tenn., delivered the baccalaureate sermon for the Fulton High School at the auditorium before a large crowd yesterday. A very enjoyable musical program was also presented prior to the services.

Dr. Myers said that the most important thing in life is the formation of character. He said that the best love is the love of religion itself, and that religion gives one the highest aim in life. He advised the students to stick to their work and try to make something of themselves.

**FULTON HI WINS CHAMPIONSHIP**

Paduck in Boston in No. 13 gate Saturday.

Fulton High terminated her first successful basketball season yesterday by defeating Paduck High by the score of 62-48. This win not only lifted Fulton High's season, but made her the undisputed champion of West Kentucky and Tennessee. Playing 15 games and losing only three, making an average of 880 which cannot be equalled by any high school within this territory.

In the game Saturday every member of the team took his part and aided Flucas in pitching a mob and one-run game, allowing 14 overtures to score the plate and grab three victory wins, and only the battery bench with a better bench. There is never giving the Padlock outsiders a chance.

The team won the passing of several F. H. S. most worn-out players and all-round athletes, among whom are Carl Bowers, Pigeon, Whedon, et al.

Mr. Sanford also does much credit in tackling the team with the many undestroyed parts and whipping up performance of an equation that can not be nullified.

A MODERN FUNERAL HOME

AN AUTHORITY THAT NO ONE EVER DISPUTES
There is at Washington, the capital of the government, a division of the government that is ever free from criticism as to its motives, even when its decisions are unpopular.

The head of the judicial branch of government—the Supreme Court—has had from its organization the reputation of being, absolutely fair and unbiased in its findings, and its members enjoy the entire confidence and respect of the people of the country.

The interesting story of the Supreme Court is told in one of the series on Our Government being mailed monthly to the people of this community. It is an interesting, brief history of the court and its relation to the other branches of the government.
