FULTON ADVERTISER

To the Voters of Fulton County:

The time is drawing near for you to cast your vote for the
proper officers to represent the people of this county for the
next four years. In making your selection for the responsible of
icers of Sheriff, for which I am a candidate, I wish to give you a
note that are worthy of your very careful and serious considera-
tion. I have been an office for the past 14 years: three
years eight polls of the city of Fulton, four years as deputy sheriff,
two years special detective for the Illinois Central railroad,
who have been in contact with all classes of criminals and have
protected all cases with credit as an officer and without fear.
I am not a candidate for any political clique or any
such promise, but an honest man of the people and for the peo-
ple, and if elected to the very important office of Sheriff, I
promise to place the citizens of Fulton county a clean, up-
right and efficient administration, and will at all times execute
Duty of Sheriff to the entire satisfaction of the law abiding
citizens of Fulton county. My record as an officer in an open
and my record will also show that I have never through heat
of passion taken the life of a suspected criminal, but have treat-
ed them kindly and with a heart of human respect.

I am truly conscious of the very great need of a Sheriff
who knows the duties of the office and whose experience thoroughly empowers him to serve the people in the
most satisfactory and efficient manner. I feel in making your
support I am thoroughly prepared to meet the great and necessary
mission of an honest Sheriff. I shall deeply appreciate your
trust consideration and shall at all times be grateful for your
support, and if elected I promise you a clean, upright and honest
administration. Thanking you in advance for your vote and
support, I am,

Most sincerely,

Walter I. Shupe

Millions for New Service

Our telephone engineering program outlined for the year is the largest ever undertaken by this company. It will bring for the first time a service that means more in every way than any other telephone service we have ever offered.

After the telephone system is nearly the joint property of those who buy the service and those who subscribe to it as a public service, there are approximately thirty cities owning and more towns than ever dreamed.

The customer turns over new money constantly required to replace the equipment and to keep it in repair and to meet the service needs of present and prospective subscribers, whose business and social activities require adequate, dependable service.

American tourists will have another season to enjoy the Sunset Limited this summer. They are granted a free ride across the Atlantic and the far-away cities possess the reputation of having a certain range of "immaculate charm." Yet this assumed that the line can be developed. Many American cities and towns have such business now, but they are not appreciated because they are not in the business locally.

Any American city or town should have a business district that has a charm and attraction. If the people have been engulfed in this respect, they can still enjoy a growing community in a few years.

The Boston Bystander's article is frequently the butt of the Boston folk but will cut down the prices at the local store and get the best values for your very University of Pennsylvania, in which there isn’t a change for a few lines, and which are not appreciated because they may be in the business local, or even the business at the local store.

Any American city or town should have a business district that has a charm and attraction. If the people have been engulfed in this respect, they can still enjoy a growing community in a few years.

SUPER-TITE Asphalt Shingles give every advantage of other roof coverings—plus two distinctive features combined in the same shingle. They give double and triple thickness over the entire roof area—with the addition of a LOCK-BUTT to prevent curling or blowing up. When laid, there is no part of a Super-Tite roof which has less than double thickness coverage—and over 48 per cent of the roof area is triple thickness. This greater coverage, with the LOCK-BUTT feature, makes a roof covering which defies sun, rain, snow, wind or sleet. Super-Tite Shingles cannot curl up—獍ize up—not can they warp.

Lesson for July 12
THE GOSPEL IN ANTIOCH OF SYRIA

A. In the Synagogue at Antioch a young man named Saul of Tarsus, who was a Levite born of Jewish parents but was circumcised on the Sabbath day, coming to see them, was brought to the Synagogue, and wanting to hear the law, was taught by the apostles. And when he had declared himself a Jew of high degree, he advanced to speak boldly for the faith of God. But in hisesy, now and then, they declared against him: and when they heard that he was a Levite which taught the law of Moses with fervent zeal, they were all more desirous to hear him.

When in Antioch, he proved to be the most capable of their preachers, and those who had before despised the faith of God, now began to be captivated with courage and faith. So that those who had previously been enemies to the dispersion of God, now became their friends. And the name of the Lord was much multiplied in Antioch. And there were certain prophets also among them: and one of them named Agabus, stood up in the Synagogue, and said that Elisha should stand before the face of the Lord, and that in the year of the four hundred and fiftieth after the deliverance of the captivity, there should be a famine seven years, and the people should be weary of bread. But in every thing, the apostles were exalted, and the hand of the Lord was with them. And God blessed the city of Antioch, and a very great multitude were added to the Lord.

1. The Effect of the Sermon
When the sermon is properly and prayerfully delivered, it has three effects: the knowledge of the truth, the conviction of the sinner, and the comfort of the believer.

10. The Effect of the Sermon

When the sermon is properly and prayerfully delivered, it has three effects: the knowledge of the truth, the conviction of the sinner, and the comfort of the believer.

The Bible teaches that the effect of a sermon must be weighed, in order to judge of it: 1. By the knowledge of the truth. 2. By the conviction of the sinner. 3. By the comfort of the believer. The effect of a sermon is not to be judged by the multitude who hear it, but by the qualifications of those who hear it.

The following example is given: "The effect of a sermon must be weighed, in order to judge of it: 1. By the knowledge of the truth. 2. By the conviction of the sinner. 3. By the comfort of the believer. The effect of a sermon is not to be judged by the multitude who hear it, but by the qualifications of those who hear it."
