There is Beauty in the New Fall Styles

New Fall styles in Shoes show an astonishing beauty this year. In addition to beauty there is durability and strength in our line.

We can furnish footwear for the entire family. And Everwear Hosiery is every bit as good as can be bought anywhere.

Prices no higher than they should be.

FATHER KNOWS

The value of a Checking Account when it comes to paying bills. He finds it as necessary at home as he does in his business. Were he to carry all the cash he needed with him, he'd soon run into difficulties of one kind or another. But that angle is not the only advantage of a Checking Account. A check serves as a receipt and record of any financial transaction. So take Father's advice and open a Checking Account with us today.

Better See if the Motor Needs Oil

Get in the habit of saying this to your dealer whenever you stop for gasoline, water or air. Remember, that the only way you can tell whether or not your motor needs oil is, first, by the simple way of looking at the gauge, and second, by the expensive way of finding out too late that cylinders have been scored and bearings burned thru your forgetting to keep up the supply of oil.

Sufficient quantity, the right quality, the proper weight or grade of oil, and the replacing of oil after it has been worn out by six or seven hundred miles of running—these are the important things to watch; and, given proper attention, you can avoid the bother and expense of most motor troubles.

Be safe—be sure—and be satisfied by putting nothing in your crank case but those two things that you are supposed to put in it—oil and water. Remember, that the only way you can tell whether or not your motor needs oil is, first, by the simple way of looking at the gauge, and second, by the expensive way of finding out too late that cylinders have been scored and bearings burned thru your forgetting to keep up the supply of oil.

WE SHAKEN TESTIMONY

Time is the test of truth. And Dr. L. L. Hill, contractor, 306 Colfax St., Fulton, Mo., says: "From overwork I was weak and feeling when I got my back pained and ached and up in the morning. I used Doan's Kidney Pills. They did a lot of good." (Statement given October 20, 1916.)

On December 6, 1920, Mr. Hill said: "I have the same good opinion of Doan's Kidney Pills as when I endorsed them in 1916."

ENJOYABLE FLOORS

MERRY WIDOW FLOUR

SALE OF MERRY WIDOW FLOUR IN 1922 WAS 611,756 BAGS MORE THAN IN 1921.

It is not only holding its old friends, but is making new ones at a rapid rate in spite of the many imitations now on the market.

No wonder MERRY WIDOW Self-Rising Flour is such a favorite. It already contains the right amount of pure ingredients for making delicious bread. You save the usual time of mixing, and good results are assured. Better still, it reduces the cost of good bread to a minimum. Think of it, a nickel's worth of MERRY WIDOW Flour makes at least 33 biscuits, regular size.

MERRY WIDOW Self-Rising Flour is made by the Ford Flour Company, millers since 1805, the originators of self-rising flour. Try it. You will never change. Ask for it by name.

Note to Dealers: if your jobber doesn't handle MERRY WIDOW Self-Rising Flour, write us for names of jobbers nearest you who do.

The Flour Without a Doubt

REMEMBER, you can get either plain or self-rising flour under the brand of MERRY WIDOW. By its own merits MERRY WIDOW has won favor in millions of homes where valuable home baking is a famous heritage. A nice, clean fresh stock is carried at all times by J. M. Jones Cash Grocery, 312 Lake Street.

Do You Ever Stop to Think

What an advantage it is to have a modern mill in the community? An institution that not only manufactures and sells High Grade flour and meal but buys from our farmers surplus grain and in times of drouth and scarcity furnishes them feed stuff at a reasonable price.

Modern milling has become so complicated and competition so keen that many mills have been forced out of business. We appreciate the liberal patronage you have given us in the past and will endeavor to maintain the same high standard in the quality of our products and in promptness and efficiency of service.
