Methodist Church

Rev. J. V. Freeman, Pastor

Sunday School program was held last Sunday, August 4th, at 10 o'clock. The service was well attended and a wonderful time of revival and regular church service was enjoyed. The lessons for Sunday school were given by Rev. Tucker and the ministration of Rev. Tucker was welcomed by all.

Rev. Tucker said in one of his sermons this past week, "It pays to be a Christian." He urged those who are not Christians to accept Christ and enter the fold of salvation. He also spoke of the importance of regular church attendance and the need for everyone to work together to build up the church and the community.

The prayer meetings held each week of this work have been well attended and a wonderful time of revival and prayer has been enjoyed. The prayer meetings are open to everyone and all are invited to attend.

Miss Ethel Henderson, of Trinity Episcopal Church, said that the church was well attended last Sunday and that the prayer meetings were well attended.

Rev. Tucker said that the prayer meetings were well attended and that everyone should try to attend them.

Tire and Tube Sale.

Notwithstanding tires and tubes have advanced about 10 1/2 per cent in the last month, and two more advances are expected soon on account of the British restriction act, which has forced the price of rubber to increase, we are in a position to stand firm compared with 12 m last year, as we are offering our entire stock which we bought before the advance at the old prices. Compare our prices, ask for our estimates, and buy your summer supplies before our stock is exhausted, which can't be duplicated again at near the price offered.

SUPER-TITE Asphalt Shingles give every advantage of other roof coverings—plus two distinctive features combined in the same shingle.

They give double and triple thickness over the entire roof area—with the addition of a LOCK-BUTT to prevent curling, or blown in.

When laid, there is part of a Super-Tite roof which has less than double thickness coverage—and over 48 per cent of the roof area is triple thickness. This greater coverage, with the LOCK-BUTT feature, makes a roof covering which defies sun, rain, snow, wind or sleet. Super-Tite Shingles cannot curl up—blow up—nor can they warp.

Newly Elected Mayor

Mr. Shackle, a fire, prominent citizen, has just been inaugurated as the mayor of the city. He has served in this capacity, the last hundred times, and has been at the head of the government since the past ten years. When he was elected, it was with the utmost respect and confidence, and the voters were determined to keep him on the job.

Newly Elected Councilmen

Mr. Bennett, well known in the city, has just been inaugurated as one of the councilmen. He has served in the same capacity, the last hundred times, and has been at the head of the council since the past ten years. He has been a prominent citizen, and has served the city with great ability and efficiency.

You Have An Interest In This Big Task

The telephone organization in Kentucky is performing a big job in which the public has many interest. It is a job of construction and expansion for the future needs of the demand for service and growth for the needs of the city.

During the five-year period, including 1921, our plans price us to construct and install 250 miles of wire, an average of 50 miles per year.

There is a difference in interest between the telephone customer and the telephone consumer. This is a matter of only a few years, but this is a matter of many years which has been neglected.

We must raise rates just enough to enable every person to obtain the same service at the same price. It is to be seen that the property slowly and surely, we are paying for.

What is your telephone organization is trying to do?

The guns of the BIG CITY have been raking the country with deadly fire for more than forty years. The guns are bossed by the mail order kings. The bombs are the catalogs. Many a fine community, many a thriving town, has been ruined by this constant hammering.

But deadly as this catalog siege is, WE have weapons in our OWN possession that are able to beat back the siege guns. The trouble is, we DON’T USE these weapons. We have been allowing ourselves to be bombarded without retaliating. Yet OUR weapons, if USED, mean victory to US. Reason, knowledge, common sense, community pride, co-operation, these are OUR weapons. OUR town can beat back any siege from the outside. But it is up to each one of US to KNOW this, to use this knowledge. And, having learned it, we must work at it.

Then, let every man, woman and child ENLIST in this Trade-at-Home campaign. Let us beat back the siege guns.
