FULTON, KY., AUGUST 14, 1925

R. S. Williams, Publisher

Two Killed and Several Injured

When Construction Train on Fulton-Edgewood Cut-Off Jumps Track.

Saturday evening, near six o'clock, when the work train of the Nelson Construction company, on the Fulton-Edgewood cut-off jumped the rails off a thirty-foot trestle near Beeler-ton, six miles north of Fulton, Raymond Walker, 22, of near Beeler-ton, Ky., and J. W. Maupin, 40, of Harris, Tenn., were instantly killed, and A. L. Harvey, Charlie Burgess and Utis Williams were seriously injured with several others receiving minor injuries.

The Fulton Undertaking Co., and Winstead & Jones ambulances were sent to the scene of the wreck, one taking the injured to the Mayfield hospital, while the other took care of the dead and the remains were prepared for burial.

Maupin's funeral was held at Harris Monday, with interment following at Shady Grove cemetery.

The remains of Walker was held, awaiting advices from his parents, who were on a touring trip through Texas.

Burgess, one of the injured men at the hospital, is said to have told a newspaper representative that the accident occurred just after the engine struck a sharp curve on the trestle, the wheels refusing to make the turn and the engine jumped the track. He admitted that the train might have been going a little too fast as it was Saturday night and the men aboard were drowsy. He said he had visited in various towns near the camp after a week of hard work. Burgess was the only one aboard the engine that escaped with his life as the other two on the engine were almost instantly killed when the engine left the rails and plunged down the steep embankment, carrying cars loaded with workmen behind it.

Various reports regarding the wreck have been circulated, but it is generally believed that the statement made by Burgess is correct.

Reports from the hospital state that the injured were improving and may recover.

Drs. Horace Luten and W. M. Major, of Fulton; Dr. C. B. Bard, of Water Valley, and Dr. R. L. Bushart, of Beeler-ton, rendered medical aid to the injured shortly after the accident.

Burgess received a dislocated left shoulder, a deep gash across the forehead and a lacerated left elbow. Harvey had his right wrist broken, his left elbow dislocated, left side of his face and his nose crushed, his left eye mashed and his left hip broken. Williams has a broken right hip and his left arm broken. All have other minor injuries.

A Beautiful Church Building.

The new Baptist Church building is one of the handsomest public structures in the city. The brick work with its white stone trimmings and massive columns present a pleasing appearance of architectural beauty. Contractor Valentine is pushing the interior work to completion in the main auditorium which will no doubt be ready for worship before cold weather sets in.

NEW HEALTH OFFICER

Dr. J. C. Morrison, of Hickman, has been elected by the county health board as public health officer of Fulton county. He succeeds Dr. J. M. Hubbard, who has had charge of the work since it was first started in this county seven years ago. Mrs. Anna Sims is public health nurse for the lower end of the county.

Sheriff J. O. West Killed Tuesday

By Monroe Heatherly, a Recent Inmate of the Hopkinsville Insane Asylum

The citizens of Fulton county were shocked Tuesday morning when the news was flashed over the country that J. O. West, sheriff of the county, and proprietor of the LaCade hotel at Hickman, was shot and instantly killed by Monroe Heatherly, a recent inmate of the Hopkinsville asylum. The shooting occurred at Heatherly's home in the Brownsville community near Hickman, where the sheriff had been called to come and take charge of the man as he had a gun and was making threats.

Sheriff West, accompanied by County Jailor Tobe Jackson, went to the man's home and found him seated just on the inside of the house. When the sheriff began talking to him he raised his gun and fired, the load almost blowing his head off. As the sheriff fell, he exclaimed, "I am killed," and a fearless sheriff was dead. Mr. Jackson obtained assistance and took charge of the deranged man and placed him in the county jail.

Sheriff West made no attempt to defend himself and was not expecting serious trouble. Jailor Jackson was not armed. In fact, West's life was snuffed out in the twinkling of an eye without warning.

J. O. West was elected sheriff of Fulton county in the 1921 primary and assumed office in January, 1922. His present term would have expired next January. He also served as mayor of Hickman before being elected sheriff and for eighteen years, proprietor of the LaCade, Hickman's leading hotel. He was a member of the Elk's lodge and had many friends who will regret his untimely death.

He leaves a wife and one son, J. C. West, who have the sympathy of the entire citizenship of the county in their bereavement.

Funeral services were conducted by the Rev. Pickens at 10 o'clock Thursday morning, interment following in Hickman cemetery.

Judge Chas. D. Nugent has appointed Mrs. J. O. West, sheriff to succeed her late husband. The deputies will probably be retained as they stand.

Colored School Building Nearing Completion.

The colored school building in North Fulton is nearing completion and is a splendid brick structure with four large class rooms, hall, two toilets and cloak rooms. In each class room large blackboards are built in the wall. Two of the class rooms are arranged so they can be quickly converted into a large assembly room with stage. Contractor Jake Roberts has charge of the work and when completed will cost around \$7,000. W. M. Hill & Sons did the brick and concrete work. The school is conveniently located in a thickly populated negro settlement and the new building was badly needed.

In providing the lot for the building it was necessary to dig a drainage ditch and change the creek's water course in that part of town. This part of the work will also prove to be valuable to property owners in that vicinity as the new ditch will carry off the water much quicker than the old curved channel of the creek.

The County's Bouquet

The Reward for Sin Is Hell

Attend the Revival Meeting and Rev. Tucker Will Tell You About It.

The fight waged on the devil's activities in Fulton by the Rev. Tucker at Carr's Park auditorium, is changing the complexion of the old inn and many are seeing the error of their ways of living. The evangelist is using plain words to enlighten the people and his visit to our city will result in much good.

Sunday night the large auditorium was filled to capacity, hundreds and standing room was at a premium, and so it is at practically every service.

The song service led by Mr. Turberville is an enjoyable feature of the meeting, many taking part in the singing. If you have not attended the meeting, you do not know what you are missing. Better go out and get acquainted with what is going on in the shadows of your own roof.

Wrap up your corns well, because the evangelist is a big man, and should he trample on your toes, it may hurt. You can rest assured, however, that you will receive a handsome reward in the end. Try it, it will do you good. No, this is not a patent medicine advertisement. It is an invitation for you to attend one of the best revival meetings held in Fulton in a long time, and believe us, you will certainly be entertained from start to finish, and your aching soul given a new lease on life. Yes, the right kind of living.

Church Addition Nearing Completion.

Work on the addition to the building of the First Christian Church is progressing nicely under the supervision of Contractor W. G. Etheridge. When completed it will give the church seven additional Sunday School rooms, pastor's study and large 40x50-foot basement where a kitchen will be maintained with other modern conveniences.

W. M. Hill & Sons did the brick and concrete work.

WANTED—Veal calves, \$7.00 down Saturday.—Lee Peebles, Fulton, Ky.

Railroad News

Your Market is a Railroad Market

In an advertisement put out by the Westinghouse Electric and Manufacturing Company, the railroads are paid a very high compliment which reads:

"You speak of 'national distribution,' and a 'national market' for your product. The market is a creation of the railroads. No place else under the sun is there a market similar to yours—2,973,744 square miles of territory, ridged by steep mountain ranges, pierced by wide rivers, yet absolutely unseparated by commercial barriers.

"When the golden spike was driven that joined the Pacific to the Atlantic, your market rose. Today, 250,000 miles of railroads have knitted it into one buying unit, following the same commercial practices, responding to the same trading impulses.

"In 1924 you demanded more of the railroads to serve your market than has ever been demanded before. For eleven weeks the railroads were called upon to move over 1,000,000 cars of goods per week, which overtopped all records. They did it—without complaint of car shortage from any quarter. In fact, they had at all times, from 100,000 to 250,000 cars in reserve.

"During all of 1924, you gave the railroads less freight to handle than you did in 1923. But in the face of this declining volume they reduced operating expenses 8 per cent over 1923."

This is, indeed, a very striking advertisement and more so in that it comes from an outside concern, other than a railroad. Many of us never stop to think what the railroads of the country really mean to our every day life, and that we are able to sit down to breakfast and drink coffee from Brazil, our sugar from Cuba, flour in our bread, from the far-away western plains of America, fresh grape-fruit from Florida or California, and in fact, our meals are made up of different things from the different corners of the earth—all because of such a great transportation system, that puts these things at our command in a remarkably short time.

We watched a fast freight pass through the other day, moving at practically passenger train time, and noticing that it was all refrigerator cars, made some inquiry, and found that the entire train consisted of bananas, and other fruits. (Continued on page 7)

Contest Notice

Served On South Fulton Officials

Issue of \$40,000 Sewerage Bonds to be Contested.

Notice has been served on the officials of South Fulton, Tenn., contesting the \$40,000 sewerage bond issue voted on July 25, 1925.

S. V. Holman is named as the complainant, and we understand Clyde Lannom, of Union City, has been employed to handle the case.

The allegations contained in the notice are many and far reaching, and in the minds of some will be hard to sustain.

It will be remembered that the bond issue carried by only two votes, therefore, it can easily be seen that a bitter fight will ensue before matters are finally adjusted or a decision accepted.

Mayor Chas. Hutchens was heartily in favor of the bond issue, so were the majority of his councilmen. The following are aldermen in South Fulton: Amos Stubblefield, Scott Bodkin, Ed Roach, B. L. Rawls, Abe Jolly and Dr. Hobbs.

The contest fight will no doubt cause a serious delay to our city putting in sewerage system for which \$70,000 bonds are already voted, as South Fulton is to connect in the project. The delay of putting in the sewerage system will also delay the building of paved streets as this work will not be attempted until the sewerage system is completed. It may be, however, that Lake street will be given a coating of rock asphalt in the near future as the upkeep of this street in its present condition is a burden on the city's finances with little comfort. The test of rock asphalt properly applied is a safe investment and would certainly be fine for Lake street, or any other street, for that matter.

Fulton County Fair

Indications Point to Greatest Fair in Its History

The Fulton County Fair Association will swing open its gates August 25 to 29, for its annual meet. All indications are that it will be the greatest fair the people of Fulton and surrounding counties ever attended.

Nothing will be left undone to entertain the crowds, Secretary Wade and President Gordon and other fair officials are working zealously to make this year's fair a grand success and their efforts will not be in vain.

Not since the fair was first inaugurated has there been so many fine horses booked and the races promise to be the best ever witnessed on the local track. The \$2,250.00 in purses with added money is attracting the attention of the leading horsemen over the country.

Another feature worthy of special mention is the poultry show for this year. The fair association has provided larger quarters for the exhibit and the Fulton Poultry Association, with a large membership, will cooperate in making this department of the fair a glorious success. The premium list has been augmented with special premiums and chicken fanciers will be shown the best exhibition ever displayed here.

From all indications, Floral Hall, under the supervision of the ladies, will be unusually attractive with the various exhibits in each department. In fact, everything points to a wonderful fair for 1925.

At no time during the entire five days, August 25 to 29, inclusive, will there be a dull moment for visitors, it being the aim of the management to provide such a line of attractions in addition to the regular line of exhibits, that visitors will have an enjoyable time.

Many improvements have been made on the fair grounds this year. In fact, everything is being done to make the visitor comfortable, so he will enjoy the occasion, and the 1925 meet of the Fulton County Fair will linger sweetly in the memory of all who attend.

Aside from the big fair itself, the largest carnival company in the country will be located on the grounds to join in furnishing entertainment.

All eyes are turned toward Fulton and we may expect to have the largest crowds here that ever attended a fair. Prepare to entertain the visitors royally.

TO THE VOTERS OF FULTON COUNTY

I do not believe that any man in Fulton County has ever been better treated by the people than I have been. Three times within six years have I been nominated for public office by the people of this county and this legislative district, and I imagine that I feel somewhat as the Psalmist felt when he said: "Surely goodness and mercy shall follow me all the days of my life."

In conclusion, let me say that I wish to thank every one who voted for me on Saturday, August 1, and especially do I want to thank the good ladies who so valiantly worked for me at the polls. Respectfully, LON ADAMS.

Eye Specialist

Our business in Fulton has been much better than we expected, and our Fulton Office in the Alexander Building, 207 State Line Street, will be open every Friday and Saturday morning during the month of August.

Remember if you NEED GLASSES we will save you money.

DRS. W. T. and LULA A. DALLAS. Phone 209.

Methodist Church

Rev. J. V. Freeman, Pastor

Sunday school, 9:30 a. m.
Mr. T. J. Kramer, Supt.
Epworth League meets at the Carr Park auditorium, Sunday, promptly at 7 p. m.

Preaching by Rev. Tucker at the morning hour and at 4 p. m. to men only. Men come out a thousand strong. Also at 7:45 Sunday evening.

The services of last Sunday were exceedingly well attended. Rev. Tucker preached three powerful sermons and it was a great day. Subject for the morning hour was "Influence;" afternoon, "The Last Will and Testament of Jesus;" night, "Price of a Hair Cut."

Monday morning service was omitted for rest. Monday night another great crowd was swayed by the powerful sermon of Rev. Tucker. The subject, "Steamboat Robert E. Lee." A number gave their hearts to God at this service. The morning services throughout the entire week were inspiring. Tuesday night was church night. The officials, teachers, superintendent were special guests and souls were brought to God.

Wednesday evening was specially to railroad men and families being special guests. A throng heard this powerful sermon. Thursday night the city officials were honored, being special guests of the great evangelist, Rev. Tucker.

The Ladies prayer meetings have been well attended during the week. The men of the town have been holding prayer service during the week at the Orpheum theater and a good attendance.

The Kate Luten Circle met at the home of Mrs. Tom Miller Monday afternoon. The regular program for the afternoon was omitted and a prayer service held before a short business session.

The Warner Blackard Society met Monday at the home of Mrs. Horace Luten with Mrs. Luten and Mrs. Griggs as hostesses. The meeting was a prayer service and meeting combined. The meeting opened with song. The minutes were read and reports given by the various officers. Mrs. Kramer made a splendid appeal for the subscriptions of the Missionary Voice. Mrs. J. H. Robertson had charge of the Bible study on "Stewardship." Subject, "Money a Miracle." Mrs. Pain gave part on chapter, "What Money Does." Mrs. Roper, "Money as a Miracle, Because It Increases When Given Away."

Mrs. Dickey gave a splendid review of the entire chapter. At this time the members were favored with a violin solo by W. R. Butt, Jr., accompanied by his sister, Elizabeth. Mrs. Otis Carter presented the Bulletin in a very interesting manner. During the social hour the hostesses served an ice course to 40 members and four visitors.

Advertising a Sale!

YOU don't leave your rig in the middle of the road and go to a fence post to read a sale bill do you? Then don't expect the other fellow to do it.

Put an ad in this paper, then, regardless of the weather, the fellow you want to reach reads your announcements while seated at his fireside.

If he is a prospective buyer you'll have him at your side. One extra buyer often pays the entire expense of the ad, and it's a poor ad that won't pull that buyer.

An ad in this paper reaches the people you are after. Bills may be a necessity, but the ad is the thing that does the business.

Don't think of having a special sale without using advertising space in this paper.

One Extra Buyer
at a sale often pays the
entire expense of the ad.
Get That Buyer

Trinity Episcopal Church.

104 Washington Street

9:45 a. m., Church school.
11:00 a. m., Holy Communion and sermon on "Manner of Following Christ." Every one cordially invited to attend these services.

Church News

The Church School annual picnic was announced to be held on Thursday, the 13th, starting from the Guild Hall, at 10 a. m.

Miss Evelyn Osgood, who spent last week in the hospital at Paducah, returned Saturday, very much improved in health.

Mr. Ed Paschall is spending his vacation with friends at Mt. Eagle, Tenn.

Neal Karmire left the latter part of last week on his vacation, which will be spent with relatives near Indianapolis, Ind.

Bob Binford returned Monday from Springfield, Mo., where he has been enjoying his vacation.

The attendance of the church school was noticeably larger last Sunday, due probably, to the return of several from out-of-town visits.

Mr. and Mrs. Stansbury and children spent Sunday afternoon on the farm of the Herman Roaches, Route 7.

Doctor Boyd's mission visits were interrupted last week by the heat and his consequent indisposition.

A SPLENDID RECORD

Doctor A. C. Boyd, on June 9, last, completed two years as rector of the Trinity Episcopal Church of Fulton, and during that time he has been a very busy man, as his parochial record shows.

During this time his work in the church and the outstanding mission, he has preached 228 sermons, 226 of which were preached in Fulton, has attended 141 social and town meetings, made 75 addresses, has made visits to the chapel and addressed the Fulton High school 25 times, held 95 church school sessions, at 59 of which he superintended the exercises. He has held 20 services out of town and visited nearby towns in mission work 15 times, and he has also made 1516 pastoral and social visits, which, together with his other activities shows by a pedometer record, that he has walked 3096 miles. In addition to these "hikes" he has ridden 4,550 miles on trains and in vehicles.

During his incumbency there have been received into the church by confirmation and transfer, 21 members and he has conducted 6 baptisms and 4 funerals.

Besides his regular parochial calls, he has made 228 help calls, and put in 40 full days' work on the church building and grounds, which called for the expending of \$240.00. He personally raised \$2,000 for the church fund.

In addition to his above work he was in daily attendance for seven months on Mrs. Boyd, who was extremely ill for that time, so that it is easy to see that the doctor has been far from idle during his residence in Fulton.

BILL BOOSTER SAYS

"TOP AND THINK THIS OVER WHEN SOMETHING IS PROPOSED THAT WILL BE A BENEFIT TO OUR TOWN, DO YOU AT ONCE SAY IT CAN'T BE DONE, OR DO YOU BEGIN FIGURING ON HOW TO DO IT? THAT'S THE DIFFERENCE BETWEEN THE BOOSTER AND THE KNOCKER!"

IMPROVED UNIFORM INTERNATIONAL

Sunday School Lesson

By REV. C. H. FITZWATER, D.D., Dean of the Episcopal School, Moody Bible Institute of Chicago
(C. 1915, Western Newspaper Union)

Lesson for August 16

TEMPERANCE LESSON

LESSON TEXT—Gal. 3:12-21.
GOLDEN TEXT—"He not deceived: God is not mocked: for whatsoever a man soweth, that shall he also reap."
—Gal. 6:7.

PRIMARY TOPIC—A Picture of a Good Life.

JUNIOR TOPIC—Good and Bad Fruit.

INTERMEDIATE AND SENIOR TOPIC—Drunkenness and Kindred Evils.

YOUNG PEOPLE AND ADULT TOPIC—The Flesh Against the Spirit.

Having shown in chapters 3 and 4 of this epistle that the believer is free from the law as a means of justification, Paul makes practical application of this doctrine.

I. Christian Freedom (vv. 12-15).

1. It Is Not an Occasion to the "Flesh" (v. 13).

Liberty is not license. The notion that when one is free from the law he is free from constraint, is wickedly erroneous. License of the flesh means not merely the indulgence of the flesh in actual material sins, but in the expression of a self-centered life in biting and devouring one another (v. 15). Bickering among Christians is an example thereof.

2. By Love, Serving One Another (v. 13).

Freedom from the Mosaic law means slavery to the law of love. "The emerging from bondage through Christ is the passing into a sphere of life in which all the powers should act under the dominion of the true motive, love,"—Morgan.

II. Walking in the Spirit (v. 16-18).

This discloses the secret of how a life of service to another can be lived. The governing principle in the life of a believer is the Holy Spirit. Walking in the Spirit results in:

1. Loving Service to Others (v. 13).

2. Victory Over the Flesh (v. 14-17).

By the flesh is meant the corrupt nature of man expressing itself in the realm of sense and self. The renewed man becomes two men between whom a mortal conflict is going on. The Christian must choose between good and evil. When he chooses the evil, the Holy Spirit opposes, and when he chooses the good the flesh opposes. Notwithstanding this deadly conflict, victory is sure if one chooses the good.

III. The Works of the Flesh (vv. 19-21).

By works of the flesh is meant the operation of the carnal nature. The one who chooses to live according to the impulses and desires of his natural heart will be practicing the following sins:

1. Sensuality (v. 19).

The sins enumerated here are practiced in the sphere of the body and are:

(1) Fornication. (The word "adultery" is omitted from the best manuscripts.)

(2) Uncleanness. This includes all sensual sins, open or secret, thought or deed.

(3) Lasciviousness. This means the wanton reckless indulgence in the shameful practices of the flesh.

(4) Irradiation (v. 20).

These acts take place in the realm of the spirit and are:

(1) Idolatry, which means the worshipping of idols.

(2) Witchcraft or Sorcery. This means all dealing with the occult such as magical arts, etc.

3. Sins of the Temper (vv. 20-21).

These take place in the sphere of the mind and are:

(1) Hatred.

(2) Variance, which means strife.

(3) Emulations, jealousy.

(4) Wrath, bursts of passions.

(5) Seditions, factions in the state.

(6) Heresies, factions in the church.

(7) Envyings.

(8) Murders.

4. Sins of Excess (v. 21).

(1) Drunkenness. This means indulgence in intoxicating liquors.

(2) Revelings, acts of dissipation under the influence of intoxicants.

IV. The Fruit of the Spirit (v. 22-24).

This indicates action in the realm of life, the product of the Holy Spirit indwelling the believer.

1. Love, to God and man.

2. Joy, gladness, merriment because of what God has done.

3. Peace with God and fellowman.

4. Longsuffering, taking insult and injury without murmuring.

5. Gentleness, kindness to others.

6. Goodness, doing good to others.

7. Faith, believing God and committing all to Him.

8. Meekness, submission to God.

9. Temperance, self-control in all things. Against such there is no law.

Man's Sorrows

Man's sorrows are a mystery, but that sinners should not have sorrows were a sadder mystery still. And God pleads with us all not to lose the good of our experiences of the bitterness of sin by our levity or our blindness to their meanings.—Alexander MacLaren.

Do It Today

There are a lot of people who never put off till tomorrow what they can get somebody to do today.—Western Christian Advocate.

A Marked Improvement in Mowers

You who have used the ordinary mowing machine will truly appreciate the high, easy lift on the John Deere. It is so easy to operate that any boy old enough to drive a team can run the John Deere and do it just as easily and as thoroughly as you can.

John Deere High-Lift Mower

With the foot lift the bar is quickly and easily raised from 25 to 35 inches at the outer end. And with the foot lift and hand lift combined the bar is raised 44 inches. Ordinary or unusual obstructions are easily cleared.

A great feature, particularly in rough uneven fields or on roadsides, is the great flexibility of the cutter bar. It hugs the ground and operates perfectly with the outer end several inches above or below the inner end.

Before you buy a mower we want you to see the John Deere. You want a good machine. We think we have the best. Give us a chance to show you.

KENTUCKY BRIEFS

Winchester—The Benck farm, consisting of 700 acres, owned by Col. Abram Benck, was sold to Will S. Duty for \$124,250.

Lagrange—The town of Lagrange was menaced by a fire which destroyed the lumber yard of A. S. Nevill, entailing a loss of more than \$10,000.

Frankfort—Gov. William J. Fields pardoned William Poe, who was serving a twenty-one year sentence for killing James Baker in Laurel County.

Columbia—The garage of John Garrison, located at Cane Valley, this county, was broken into by thieves and over \$100 worth of tires stolen. There is no clue.

Lexington—John Arlington Wiley, 3 years old, son of Jesse Wiley, Woodford County, died at a hospital here as a result of having swallowed a liquid mixture of Paris green.

Lexington—Absence of important witnesses caused postponement of the trial of Mrs. Margaret Lowry Wiley, Lexington, and Preston Ages, Richmond, both charged with murder.

Hopkinsville—Robert Montgomery Morris, 50, was fatally injured when a slab, thrown by a circular saw at the H. K. Kristle sawmill, near Kelly station, struck him above the right eye and fractured his skull.

Louisville—Miss A. Reichenbach reported an impostor, presenting himself as a solicitor, stole a diamond ring valued at \$200 and \$2 in change which she left on a kitchen table while she stepped from the room shortly after the man entered.

Lexington—The Lexington Board of Education, at a meeting, passed an ordinance calling for a \$400,000 school bond issue to be voted on November 3, and cited the proposed issue to the Board of City Commissioners. The ordinance was passed unanimously.

Mayfield—James Legg, 16-year-old Boy Scout, and son of Mrs. Myrtle Legg, used his scout craft to good advantage at the swimming pool of W. R. Quinn, when he rescued Mrs. N. A. Hale, wife of N. A. Hale, vice president of the First National Bank, from drowning.

Danville—Between \$5,000 and \$7,500 worth of crops on the Lancaster and Lexington roads near Danville and on East Main street extended, of this city, were ruined by hail. The damaged crops consisted mostly of tobacco. The area affected was about one mile wide and two miles long.

Lexington—At the conclusion of her examining trial before Judge E. H. Book in the Fayette County Court, Mrs. Margaret Lowry Wiley was held without bond to the October grand jury on a charge of murdering her husband, Truman Wiley, who died July 25 at St. Joseph's Hospital from the effects of a bullet wound in the neck.

Paintsville—Roy Conley, 30 years old, was killed by a tractor he was operating for the Reno Oil Company in the Johnson-Magoffin Oil Field. Conley was helping a crew pull the casing off an oil well when his trousers became fastened in a wire line. His leg, which was broken five times below the knee, was jerked off his body. He died before reaching a hospital.

Henderson—C. F. Hall, who won the Democratic nomination for Sheriff in Henderson county by 1,100 votes, is a brother of Arthur L. Hall, who won the Democratic nomination for Judge of Webster county by more than 200 votes. They are both sons of the late County Judge Hall, of Webster county, who held that office for twenty years.

Lexington—For the second time in less than a year the Perry Lumber Company here has been robbed by thieves. It was discovered by police after the safe in the lumber company office had been blown and the yeomen had escaped with \$3,700 worth of checks and \$157 in cash. The company is located on the edge of the city. No clues to the identity of the men have been found.

Owensboro—The First Baptist church will be host to a great gathering of Baptists from all over Daviess and McLean counties, when the Daviess County Baptist association will hold its annual meeting, the first at the First church since 1914. This will be an important conference, as the association comprises forty-six churches, and delegates from all are expected. Pastors, messengers, and visitors present will probably number 1,000.

Brandenburg—Dr. J. M. Hardie, a dentist here for forty-three years, died at his home here.

Lexington—The northern part of the L. L. Highway from Cincinnati to Lexington will not be opened until August 20, according to Auto Club officials.

Irving—Sheriff P. A. Wolfenberger lost a prisoner when Vernon Marcum, whom he was taking to the Kentucky House of Reform at Greendale, escaped at Clays Ferry.

HUSBAND STABS MATE WITH SON'S KNIFE

BORROWS WEAPON AND PAYS NEGRO TO KEEP BOY AWAY DURING ATTACK

Fellow Wife After Separation at Irvine—Assailant Felled With Pole—Held at Lexington.

Lexington—While a negro kept his 9-year-old stepson from the home, E. A. Robinson, 49, attacked his wife Mrs. Amanda Robinson, 43, from whom he had been separated since July 4, and stabbed her in the abdomen, breast and back at a rooming house, 507 South Lexington street.

Mrs. Robinson was taken to the Good Samaritan hospital where it was said her condition was improved. Her husband was arrested on a charge of malicious cutting and wounding and was placed in a cell at police headquarters where he acted as if insane. Robinson, when questioned in his cell, would only repeat, "Bring back my wife. I want my wife," and waved his arms wildly while pacing the length of his cage.

Witnesses said that Robinson went to the rooming house and called his wife to the hall. They heard him say, "Now, let's talk reason," then his wife screamed.

Louis Ekeman, 21, son of the proprietor of the rooming house, rushed to the hall where he found Mrs. Robinson on the floor with her husband bending over her, stabbing her with a pocket knife.

Grabbing a broken curtain pole, Ekeman rushed to Robinson's head, knocking him away from his wife and knocking the knife out of his hand. Capt. Stinger Fradley of fire company No. 4, heard the disturbance and rushed into the house. He grabbed Robinson and held him until the arrival of the police, who were called by neighbors.

Both Robinson and his wife had been married before. Each has a son by former marriages.

Shortly after the cutting, the absence of Mrs. Robinson's son was noticed and a search was made for him. The boy was found on a nearby railroad track where he said he had been taken by his stepfather who had found him playing near the house.

After asking him if he had a knife, the boy said his stepfather paid him \$1 to lend it to him and then hired a negro boy to hold his stepson while he went back into the house. The negro evidently had become frightened on hearing the screaming at the house and fled when the police arrived.

When the police arrived, Mrs. Robinson was bleeding profusely and was semi-conscious. All she would say was, "I'm going to die."

Examined at the police station it was thought that Robinson was suffering from the force of the blow administered by Ekeman, which unbalanced his mind. He did not appear to have been drinking.

Police said he first said he had been working in the oil fields near Irvine, but when his wife left him he had followed her to Cincinnati and Covington. Not finding her there, he came to Lexington, where he located her in the rooming house. Robinson and his wife have been married several years.

THREE HURT IN FLEMING CRASH

Two Victims May Not Survive Injuries Suffered as Drivers Lose Control.

Fleming—According to reports reaching here three persons were injured, two perhaps fatally, in an automobile accident about two miles from Jenkins, this county, on the Jenkins and Fleming road.

The injured are Redmond Shelby, 30-year-old taxi driver of Jenkins, badly cut and bruised and fractured skull, not expected to survive; W. Childers, 25, Birmingham & Ohio brakeman of Jenkins, arm broken, cut and bruised, probably internal injuries, not expected to survive; and Russell Phelps, 36, Birmingham & Ohio brakeman of Jenkins, cut and bruised, chance for recovery.

It was reported that Shelby was driving a touring car at a high rate of speed and as the car rounded a sharp curve, lost control, and the car turned turtle over a steep precipice.

Burley Tobacco Members Select Convention Date

Lexington—Members of the Burley Tobacco Growers' Cooperative Association will elect delegates to district conventions in an all-day election September 19 and these delegates will meet September 21 at 2 o'clock in the afternoon, in their respective districts and choose the directors of the association for the ensuing year, according to the terms of a call adopted by the Board of Directors of the association, at a meeting here.

Warren County Oil Man Is Hurt

Bowling Green—A young man named Downey, owner of an oil lease, near Rockfield, this county, was thrown from an oil truck from one side of the Nashville Boulevard to the other when the truck ran into the stone wall. Downey escaped injury but his truck was destroyed. Several large rocks were knocked from the stone wall. It is believed that Downey either was running at a rapid rate of speed or was not looking carefully while making the boulevard curve when the truck hit the wall.

RAINS SAVE CROPS

A trip through Fulton county this week presents quite a different aspect to what it did some weeks ago before the drouth was broken by heavy rains, and the splendid rains since. Vegetation has taken on new life. The fields are green with growing grass and the various crops are looking good. In the lower end of the county it is said that the big rains that broke the drouth three weeks ago were worth thousands of dollars to all growing crops in that section and saved many corn crops which had almost burned up. Cotton had held its own splendidly all through the drouth, but the rains worked wonders for the cotton crop which has come forward, figuratively, by leaps and bounds, and the outlook now is the most promising in several years, and with a continued good season, the prospect for a great cotton crop has put new life into all kinds of business.

WEAR A SMILE AND BOOST FOR FULTON

In a few days we will have with us many visitors in the city attending the fair. It will be a wonderful opportunity for every loyal citizen to be a booster and put forth his best efforts in entertaining our guests and extending them such a warm welcome as they never received before.

It would not be out of place to meet the strangers and show them over the residential part of the city as well as the business section. Few towns in the state the size of Fulton has prettier homes with well kept premises than we have. We don't realize or fully appreciate our surroundings until we visit other towns. The building of new homes and remodeling old ones, with the paint and clean up activities in recent years easily places Fulton among the pretty towns of the state and we should not be slow to let the outside world know it.

It is the little things that count to make an impression on the stranger. No one expects to go to a town and be royally entertained, but some of us could throw out more inducements and make better impressions than we have been doing.

When strangers and newcomers arrive in our town, it is every citizen's duty to show them every polite attention that is in their power, and when that person goes from Fulton, many people will hear them say: "Fulton is the finest town I was ever in, in my life. If I get a chance to make a move, right to Fulton I'm going."

If they never come back they tell strangers about the town and their good wishes and praise go on to one another. Another thing people should do—spend all their money that they possibly can with their home merchants, to enable them to handle the highest class of goods possible, for unless we stand by our home people, how can we expect them to stand by us.

And if we don't help to build up our town, how can we expect strangers to plunge in where there seems no opening.

With Godly love in our hearts and good wishes for everyone, and "get-up-and-get" in our heads and hands, we can make Fulton just what we want it to be and what the rising generation will be proud to call "Home, Sweet Home."

IDEAL LOCATION

Fulton is indeed fortunate in its geographical position. It is not only the hub of the greatest railroad system in the country but located on two of the main arteries of United States highways. Every federal aid highway in the United States is included in the system. Combining fifty thousand miles of roads, honeycombing the country from the Canadian border

to the Gulf Coast and from the Atlantic to the Pacific.

When the routing of the highways are completed, they will be numbered so that tourists traveling on any road may know from its number, the territory through which he is passing and where he is going. The routes also will be posted with uniform signs informing the traveler of curves, railroads and other conditions of the road.

The markers which will show motorists their routes will be the shield of the United States, bearing the number of the road, the state in which the sign is posted, and the letters "U. S."

Profit In Live Stock.

For the first time since 1920 all kinds of live stock fed on farms are now returning a profit, according to Wayland Rhoads, of the Kentucky College of Agriculture. Hogs, cattle, sheep and poultry are bringing substantial returns to Kentucky farmers, he declared, and dairying is continuing to pay well.

"The hog market now is 2 to 3 points above the price of corn," Mr. Rhoads said. "Cattle feeders have this year been realizing a good profit upon their feeding operations. Profit on steers above feeding costs are running from \$5 to \$35 a head, in many instances. A year ago cattlemen did well if they broke even on their feeding operations, and for the past four years feeding has been uncertain business."

"While less lamb and mutton are consumed than other meats, yet the demand is good enough to keep the lamb trade in a healthy condition. America produces only 60 per cent of the wool needed in this country, which fact plus an import tax, keep wool prices up."

Some of the factors which have been responsible for the present stock raising profitability, according to Mr. Rhoads, are greater meat consumption; the liquidation of breeding stock, and the stocking up of farm and ranch herds and flocks. There is a good demand for both fat and breeding stock, as a result. Most of the animals now going to market are either fat, or those which have served their usefulness for breeding purposes, he said.

If the corn crop continues promising, Mr. Rhoads predicts a big demand for feeder stock the coming fall and winter.

ROAD WORK SUSPENDED PENDING LITIGATION

Specials sent out from Frankfort state that work on state roads contracted for by the former highway commission prior to December 10, 1923, was suspended recently by the present commission, pending the outcome of litigation against the commission and other state officials. Payments on the work also were ordered stopped.

Officials in the highway department said the commission's order had taken them by surprise and that they were unable to estimate the number of miles involved until a check has been made. Several roads have been completed within the past month.

The suspension of work was the result of a suit instituted by J. Guthrie Coke, H. W. Linton and R. M. Baker in Franklin circuit court to enjoin payment by the state to various road contractors for road work.

It will certainly be a blessing to the people of Kentucky when the state cleans up its road mess. All litigations cost the taxpayers heavily—sometimes more than a first class road.

Everybody is Talking

About Culver's Improved Sweet Cream Ice Cream

Culver's Improved Sweet Cream products are strictly pure and wholesome, made in a factory where sanitation reigns supreme and is delivered well packed in ice so it will keep for several hours at your home or out on a picnic jaunt. The same careful consideration will be given special orders for parties, picnics and Sunday dinners.

KING OF THE RODEOS

(Copyright by R. R. Doubleday.)

Tex Austin, a name that is known in every locality in the country where horses are bred or cattle raised. Such is the man who will draw on his years of experience to manage the Chicago Roundup and World's Championship Rodeo to be held for nine days, beginning August 15.

"King of the Rodeo" is the title Austin has won. Born in the great state for which he was named, he was raised in the atmosphere of the range. He participated in the thrilling deeds of the famous contests of the Far West and then became a ranchman himself. Wherever the roundups have been staged, Austin's name has become synonymous with the cowboy sport. In the effort to perpetuate the spirit of the West, he managed and directed numberless rodeos in the West, also giving the East its first thrills from cowboy contests. Then, spreading the fame of Uncle Sam further, he put on the great international rodeo at Wembley, England, under the auspices of the British government.

Fulton County Fair August 25 to 29.

Meet Me at the Fulton County Fair, Fulton, Ky., August 25, 26, 27, 28 and 29. is the slogan with everybody now. The fair this year promises to be unusually entertaining and educational. The superintendents of each department are working overtime to make the exhibits outclass all former efforts and the premium list this year will help materially to do this. Of course, the races will be a feature every day. Many of the best pacers and trotters are already booked and arriving on the grounds.

The Fulton Poultry Association is cooperating with the Fair Association to make the poultry show a glorious success with a large list of added premiums.

Secretary R. H. Wade is making every effort to obtain the best free attractions to amuse the crowds, and if Henry Ford's fleet of aeroplanes can be obtained, there will be something doing all the time. Everybody likes a free ride, either in the air or on the ground.

Make your arrangements now to attend the Fulton County Fair, August 25 to 29.

Bundle kindling is clean and easily handled. Makes a fire quickly. Call us for your needs. CITY COAL CO.

What is the Chamber of Commerce?

The Chamber of Commerce is the voice of the city. It reflects the ideals of the community.

It expresses the aspirations of the people.

It gives direction to the aims of the Citizenship.

It combines the efforts of those who think in terms of helpfulness.

It reduces unorganized elements to an organized unit.

It speaks in defense of the good name of the city.

It defends the city against the traducer.

It is the spotlight that reveals activities that are worthy.

It pleads in behalf of the voiceless.

It is the center of worth while enterprise.

It is the magnet that draws the outside world to your midst.

It is the clearing house of civic pride.

It is the power house of progress.

It is a composite picture of a city as its citizenship would have it.

Brieflets.

Chas. L. Bondurant, Democratic nominee and deputy tax commissioner, was at the City National Bank this week listing property for taxes. It is funny how property is so worthless if you are an assessor, and how it is so valuable if you are a prospective buyer.

Another thing we have noticed is that a man who is clever enough to call three tens "thirty days" and two queens a "pair of typewriters" isn't always smart enough to mobilize the chips in front of his section of the table.

If a hunting license would permit a man to shoot craps, there would be more hunting licenses issued than there are automobile tags.

Anyway, when you see a man down in the cellar in a laundry stirring something in a steaming wash boiler, you can bet that he isn't doing the washing for his wife.

What the Rev. Tucker says about the modern dance hall is enough to make a Harris Fork mosquito blush, but it has little effect on a sweet sixteen-year-old.

Once upon a time a man lived up to his wife's ideals. But he died the day he was married.

Any girl who has a muddy complexion can tell you that the penches with the prettiest skin are not always the sweetest.

Many a man who is not color-blind can't tell black from white when it comes to a lie.

All good dancers are light on their feet. And a few of them look like they are light at both ends.

There was a time when the parents compelled the children to be obedient. But nowadays the children compel the parents to be obedient.

Home Ownership.

There is more truth than poetry in the following editorial published in Monday's Commercial Appeal:

"Statistics compiled by the federal bureau show that in the southern states only 340 families out of each 1,000 own their homes.

"It is hard to understand why such conditions exist. The largest single item of household expense is rent. In many instances the monthly rental equals the monthly installment the renter would have to pay on the property he has contracted to purchase.

"A cancelled rent note is nothing more than a receipt for money paid. It is a scrap of paper representing nothing.

"Taking up a note given in payment for one's own home is better than depositing money in the bank.

Any thrifty young married man can own a home if he makes up his mind to do so. He owes that much to his wife and children.

"Young married couples ought to own homes before they own automobiles. If they can afford both, well and good. The automobile is a good thing, but a home is something far better.

"An automobile will last three, four or five years, if properly cared for. A home will last a lifetime, if kept in repair, and will be a place of abode for the home-owner's children.

"Home ownership makes for better citizenship. It promotes stability.

"Men and women manage to get along pretty well in their declining years if they own their homes. You have never seen an old couple living in an automobile.

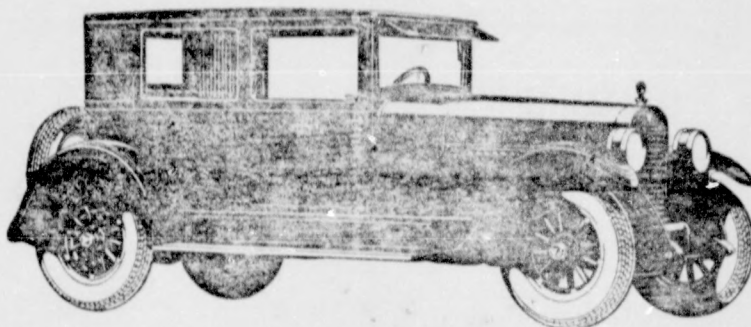

"Think it over."

Obion County Primary Election.

Complete but unofficial returns from the Democratic primary held Saturday for Obion County, Tennessee, indicate that N. L. Williams won for county court clerk over his nearest opponent, T. M. Flack, by 83 votes. H. C. Stanfield, candidate for county judge, was also elected and J. N. Ruddle was elected circuit court clerk. W. J. Edward, registrar; J. R. McCain, sheriff, and W. E. Jackson, trustee, were without opposition.

About 6,000 votes were cast and much interest was shown in all parts of the county. The unofficial vote is as follows: For judge of county court, J. W. Buchanan 1,959; J. F. Gregory 1,147; H. C. Stanfield 2,266. For circuit court clerk, J. L. Corley, 1,445; J. N. Ruddle 2,674. For county court clerk, D. H. Burnett 434; A. E. Caldwell 471; T. J. Easterwood 296; T. M. Flack 1,147; J. L. Mott 973; F. R. Robertson 221; W. E. Whitson 806; N. L. Williams 1,251.

Hicks Contests Election in Hickman County.

A special sent out from Clinton, Ky., Saturday said that H. A. Hicks, defeated candidate for sheriff in the primary on Aug. 1, served notice on Lonnie Kimbro, the nominee, of a contest of the election. Nomination certificate has been awarded Mr. Kimbro by the election commissioners on a majority of 37 votes. Mr. Hicks charges that in each of the 16 precincts in the county that the election officers counted votes for Kimbro which in fact and truth were voted for him. He sets up the number in each precinct which total brings his vote to 1,304, which the official count only shows 1,258, and his notice charges Mr. Kimbro's vote was 1,246 instead of 1,245 as officially certified. No lawyer's name appears on the notice although some lawyers have been busy for several days getting information. Mr. Kimbro is represented by Messrs. Hindman and Via, of Clinton, and F. B. Martin of Mayfield. The answer is due on August 13, after which time a date for hearing will be set by Judge W. E. Hester of Mayfield.

THE CATALOGUE BAIT.

Last year in Fresno County, California, there were orders for over one hundred windmills sent to one mail order house alone. In each case the man who bought "long distance" had to pay the freight, haul the windmill out to his place and stand the expense of erecting it. WHEN, if he had been wise, he could have bought the same identical windmill at his local dealer's for the same money, could have had it taken to his place and erected without cost or trouble, and without the freight from Chicago to Fresno tacked on. "Fishing for suckers" may be good sport—for the other fellow—but it's hard on the suckers. Let us shun this "out-of-town" bait religiously.

SUPER-TITE Asphalt Shingles give every advantage of other roof coverings—plus—two distinctive features combined in the same shingle.

They give double and triple thickness over the entire roof area—with the addition of a LOCK-BUTT to prevent curling or blowing up.

When laid, there is no part of a Super-Tite roof which has less than double thickness coverage—and—over 48 per cent of the roof area is triple thickness. This greater coverage, with the LOCK-BUTT feature, makes a roof covering which defies sun, rain, snow, wind or sleet. Super-Tite Shingles cannot curl up—blow up—nor can they warp.

MISS WADE COMPLETED

One of the loveliest events of the week just passed was the miscellaneous shower on Thursday afternoon when Mesdames Jim Snow and George Crafton honored Miss Irene Wade, whose wedding to Mr. Robert White will take place August 18th. The attractive Snow home never looked more beautiful than on this occasion with pretty bowls of verbenas, vases of marigolds and floor vases of gladiolas and soft shaded lights of rose. Mrs. Ramsey Snow greeted the guests and presented them to Mesdames Snow and Crafton, the honoree, Miss Wade, Mrs. Harry Murphy, Miss Helen Hamilton, of Union City, Mrs. Lewis Weeks, Mrs. Edward Crockett, Mrs. Alton Butler, of Ponca City, Okla. A delightful musical program was given by Miss Hamilton, Mrs. Douglas Seay, Miss Hedge of Memphis, and Searcy Callahan.

The honoree was seated in a beautifully decorated chair representing a pink rose, while the "Love Ship" was piloted in by two little sailors, George Boyd Crafton and Bobby Snow. Little Miss Mary Crafton, dressed as Cupid with bow and arrow, commanded the heavily laden ship to the feet of the honoree where the sailors and Cupid helped her open the many gifts.

At the close of the afternoon the hostesses, assisted by Misses Florence Wade and Mary Anderson, served heart-shaped ices with individual cakes, iced in pink, with the initials W. W. in white. Favors were pink rosebuds filled with mints.

Miss Wade was charming in one of her trousseau frocks, tan crepe with lace trimmings, and black velvet picture hat, while Mrs. Snow wore pink georgette and Mrs. Crafton, white and red printed crepe.

BIRTHDAY PARTY

Mrs. J. P. DeMyer entertained thirty little friends in honor of her little son, Edward Scott's seventh birthday last Thursday afternoon from 3 till 5 o'clock. Games of all kinds were played on the lawn where seats were placed for the guests.

Balloons were given as souvenirs and ice cream cones were served.

Many pretty and useful gifts were received by the little honoree.

Mrs. Snow Gives a Pretty Tea.

Mrs. Guy Snow entertained with a beautiful tea Tuesday afternoon in her home on Third street, in honor of a bride-elect, Miss Irene Wade, and Mesdames George Creedle and Dick Wallace, who are leaving today for Memphis to make their future home.

The rooms were attractively decorated with a profusion of goldenglow.

Mrs. Hubert Bennett greeted the guests at the door, while Mesdames C. S. Smith and Herman Pickle presided at the register.

Receiving with Mrs. Snow, who wore printed Georgette, were the honorees, Mrs. Creedle in black beaded crepe, Mrs. Wallace in flowered chiffon, Miss Wade in flesh Georgette with cream lace, and Mrs. Alton Butler, of Ponca City, Okla.; Mrs. Harry Murphy, Mrs. Lewis Weeks, Mrs. Warren Graham, Mrs. Gus Pickle.

Small tables with pink rose buds and comports of green mints were placed in the dining room and breakfast room from

which dainty refreshments were served.

Those assisting in entertaining and serving were: Mesdames Abe Jolly, T. F. Thomson, Harde-man Howard, Russell Travis, Will Stubblefield, Carl Croft, Cleveland Parker, Ramsey Snow; Misses Mildred Huddleston, Dorothy Granberry, Jennie Gibbs.

An interesting musical program was given during the afternoon by Misses Florence Wade, Madeline Hedges, of Memphis; Mable Cole, Elizabeth Beadles, Mary Hughes Chambers, Doris Huddleston, Mrs. R. S. Williams and Searcy Callahan.

One hundred and fifty guests were included in Mrs. Snow's hospitality.

RALPH CROFT WEDS MISS MARGARET REED AT AKRON, O.

The announcement of the marriage of Mr. Ralph Croft to Miss Margaret Reed at Akron, Ohio, Friday morning, August 7, was a surprise to the many friends who extend heartiest congratulations. Mr. Croft is the son of Mr. and Mrs. O. C. Croft of this city and a young man of sterling qualities. His wife is said to be a young lady of rare accomplishments, of Davenport, Iowa.

After a bridal trip, Mr. and Mrs. Croft will return to Akron, their future home.

Brilliant Reception For Miss Wade.

One of the series of attractive parties which have been tendered Miss Irene Wade, a very charming and popular bride-elect, was the Pink Tea which Mesdames Floyd Irby and Ramsey Snow gave in the home of the latter on Third street, Thursday afternoon. The rooms thrown open for the occasion were like an old fashion garden with its apple blossoms and pink and white roses.

On entering the porch the guests were greeted by Mesdames Curtis Ledford and Jim Snow, while Misses Lillian Wade and Virginia Alexander served punch from a large cake of ice decorated with pink roses.

Mrs. R. H. Wade at the door of the living room, presented the guests to Mesdames Snow and Irby who were attractively gowned, and was assisted in graciously welcoming the friends by the lovely honoree who looked so girlish and sweet in stylish French model of pansy crepe Romaine, Mrs. Harry Baird Mrs. Alton Butler, of Ponca City, Okla., and Mrs. Henry J. Brubaker, of New Carlisle, Ohio. Mesdames Edd Kelly and Harry Murphy conducted the guests to the "cupid's den," where little Miss "Cupid" Florence Snow and Bobby Wade Snow presided. Each one wrote their names on pink hearts and dropped them into a large wedding bell.

The dining room was a bower of apple blossoms and pink hooded lights while all the tea table appointments carried out the nuptial idea. Lovely refreshments, consisting of sherbet, sandwiches and mints were served by Misses Ruth Wade, Jane Dobbins, Katherine Reid, and Lillian Read. Little pink satin bags of rice were given as mementoes of the occasion. Mrs. Foster, Mrs. Ralph Stubblefield and Mrs. George Crafton also assisted in the dining room.

A program of unusual merit was given by some of Fulton's best young musical talent: Misses Florence Wade, Mable Cole, Mary Elizabeth Beadles, Searcy Callahan, George Huddleston and Miss Madeline Hedges, of Memphis.

Two hundred friends called during the afternoon.

Mrs. David Galtney has returned to her home in Corinth, Miss., after several months' stay with her mother, Mrs. Hattie Fields. She was accompanied home by her sister, Mrs. Edwin Cook Rice, who will be her guest several days.

GARDEN PARTY

Little Miss Sarah Binford delightfully entertained with a lovely garden party Monday afternoon from three till six o'clock at the home of her parents, Mr. and Mrs. Chas. Binford, on Eddings street. Various games were played and quite an interesting contest Newspaper race was enjoyed. Mary Katherine Bondurant won the prize. Dainty refreshments were served to twelve little girls.

MISS EMILY McDONALD WEDS MR. MARTIN NALL

A wedding of interest to the many friends was solemnized Monday morning at 6 o'clock, August 10, when Miss Emily Helen McDonald, the daughter of Mr. George F. McDonald, became the bride of Mr. Martin Nall, of this city.

The ceremony took place at the home of Mr. and Mrs. Vodie Hardin on Third street, the Rev. J. V. Freeman officiating in the presence of intimate friends.

The bride was charming in a white crepe sport model with hat to harmonize. Mr. and Mrs. Nall left immediately after the ceremony for a motor trip to St. Louis. Mrs. Nall is a young woman of unusual intellectual attainments, having taught in the McKinley High school of St. Louis. Mr. Nall is a salesman in the shoe department of the Franklin Dry Goods and Clothing Co., and has a wide circle of friends who wish him and his bride a long life of happiness and prosperity. On their return to Fulton, they will be at home to their friends in the beautiful Snow apartment, 106 Third street.

Mrs. Artie Milburn, of Pittsburgh, Pa., is the house guest of her sister, Mrs. Chas. Binford, on Eddings street.

Bob Binford, son of Mr. and Mrs. Chas. Binford, has returned home after a ten weeks' stay in Springfield, Mo.

Mrs. Henry J. Brubaker, of New Carlisle, Ohio, is the guest of her parents, Mr. and Mrs. Eli Bynum, on Fourth street.

A Visit to the Country.

I always feel sorry for the fellow who never receives an invitation to go to the country occasionally, for, to my mind, there is nothing to beat a real farm Sunday dinner.

The number and variety of dishes that the average farmer's wife can load onto a dinner table has always been a matter of the most hearty and heart-felt admiration on my part, and the surprising amount of good things that the guests consume is astounding.

The helpings of fried chicken, country ham, green corn, stock peas, butter beans, hot biscuit, corn bread, etc., that vanish from sight must delight the hostess, as a token of the appreciation of the good cooking. By the way, why are farmers' wives always supposed to be good cooks?

Then in addition to all the above, there is the matter of water melons. No normal city man really knows the delights of eating water melon until he has spent a day on the farm, and enjoyed the melon in its native habitat. I am of the opinion that last Sunday, I would have made the average "picaninny" green with envy at the amount of melon I consumed.

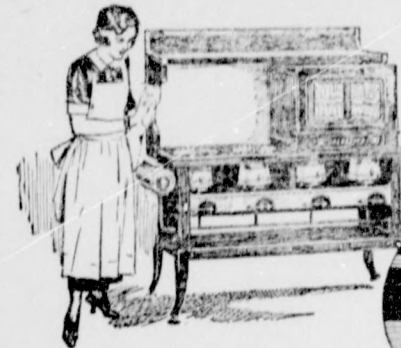

Kentucky hospitality is proverbial, but to enjoy it in all its glory, one must encounter it on a farm at water melon time.

A. Jay Walker.

FULTON

"Not the oldest, nor yet the youngest; not the richest, nor yet the poorest; not the largest nor yet the least; but take it all in all, for men and women, for flocks and herds, for fields and skies, for happy homes and loving hearts, the best place outside of Heaven the Good Lord ever made."

The Florence

Occasional washing with hot, soapy water makes the Florence clean and bright.

How you can banish the dirtiest day of the week

The dirtiest day of the week for the woman who cooks with coal or wood is stove-polishing day.

Why soil your hands and your clothes and fill the house with a disagreeable odor when a small sum will put a cleanly, perfect-looking Florence Oil Range in your kitchen?

This range puts an end to

cool-gas, soot, and ashes. It gives heat only when you want heat—and as much as you want when you want it. The flame is a gas flame. It is not a wick flame, such as you see in the ordinary lamp.

Drop in today and let us explain in detail how the Florence develops this hot blue oil-gas flame.
