VOLUME ONE

FULTON, KENTUCKY, FRIDAY JANUARY 12, 1934.

NUMBER 51.

## YMBA Met January 3

The regular monthly meeting of the Young Men's Business Association was held Monday night with a good attendance. Plans for the new year were discussed. A committee selected to further the project to place the factory in operation here through the federal government. Another plan discussed was to secure an air port in Fulton under a CWA project.

A membership drive has already started, and the committee is urging business firms and citizens to cooperate in plans to further the betterment of this community. Everyone is invited to participate in the forward movement this year.

### NEWS SPOTLIGHT

The regular meeting of the Board of Education was Monday night, but it was postponed until Thursday night.

Mrs. Bob White presided over a meeting of the Woman's Club at the Chamber of Commerce with 35 members and visitors present. Mrs. Geo. Doyle made a short talk on membership. The program was in charge of the Junior Music Department under the direction of Mrs. Joe Bennett Jr. Program follows: The Butterfly, Rachel Hunter Baldrige; Duet, Margaret Hardin and Charlotte Terry; Nocturne in C Major, Mignon Wright; Hungarian Dance, Eleanor Ruth Jones. To a Water Lily in Autumn, Sara Owen.

Myrtle Grove No. 11 Woodman Circle met Tuesday with Mrs. Annie Crockett for pot-luck lunch and an all day quilting. Members present were: Mrs. Rilla Lowe, Mrs. Udora Robinson, Mrs. Ester Johnson and Mrs. Crockett; Mrs. Edd Matheny, a member of Paducah Grove and Mrs. Irene Tomlin, district manager of Paducah. Invited guests were Mrs. Cora Swiggart, Mrs. Ruth Copeland, Mrs. Lola Latta, Mrs. Pauline Robertson, Mrs. Fannie Norman; Mrs. Lucile Rose. Callers in the afternoon were Mrs. Sallie Parker and Mrs. Dr. Copeland of Dresden.

The Red Wing Hunting Club met at their club house on Redfoot lake Sunday night with nine of the ten members present. Annual election of officers placed Smith Atkins as president and Bailey Huddleston as secretary.

Robbed of overcoat and his walking cane while asleep in Hobo Jungle here Herbert Jackson, a crippled negro, reported to local police. Deputy Bob White, Officer Boaz and Constable Brown traced William Harris to the depot here by descriptions furnished by Jackson; James Jackson, the other thief, was picked up later. Both negroes were placed in the county jail after preliminary trial.

Joseph Williams, son of Mr. and Mrs. Josiah Williams of this city, piano and pipe organ artist, is climbing the ladder of fame in Hollywood. He has appeared in two pictures shown here recently, College Coach and Saturday's Millions, and is to be in another production, Eight in a Boat, to be shown here.

Edmond Peoples, director of the Aurora Dam project in Fulton county reported this week that 26 members have voluntarily contributed to the fund for pushing forward the construction of this dam. These organizations are being formed in all counties in West Kentucky and West Tennessee.

The fire boys were called to the home of Sam Hibbs at 10:30 a. m. Wednesday to put out a small fire originating in the kitchen from the stove. Only a very small damage was done. It being covered by insurance. Curtains and draperies were burned and the walls scorched.

Hook's Park near Paducah will start a Walkathon next Tuesday at 9 a. m. which will continue until the 'walkers' play out. A variety program will be provided jointly with the Walkathon.

## NEWS BRIEFS

Dealers for the Illinois Oil Company, West Ky. Division, met at the Usona Hotel here Saturday night in a get-together meeting. Eighteen were present to enjoy a dinner and discuss plans for the new year. M. E. Lane, district manager, was present, and Herman Sams and Hardin Morris were host dealers.

A report showing the actual expenditures by the CWA in this end of Fulton County in the past five weeks indicates that nearly \$16,000 have been expended in the east end of the county alone. In addition that section of the county west of the M. & O. Railroad has spent nearly as much in public projects. The construction of the sea wall at Hickman will also release many thousands of dollars at Hickman. There is an additional amount of money put in circulation here through direct relief under the FERA approximating \$2,000 a month.

A new project calling for the repairing of three miles of the old State Line road west of Fulton toward Jordan has been filed with the state CWA office at Louisville. Work has been completed on the Union church road and workers will be removed to the Enon road project. Street repair work inside the city is making nice headway, and other projects are keeping workers employed.

In regular session at Hickman the County Board of Education appropriated \$300 for extension work by County Agent Wheeler, adopted the sanitary program for construction of closets on premises of all county schools, and endorsed a project for reconditioning elementary school buildings and grounds in the county. The board agreed to allow the superintendent to be out of his office Tuesdays and Fridays to attend to outside duties. The first Thursday in each month was chosen as meeting day for board. Four adult educational classes are now in operation in the county under the Federal Education Relief program. Two at Cayce by Mrs. Gus Davis and Mrs. Margaret Workman and two colored schools in the bottoms west of Hickman. A college study center was opened at Cayce Wednesday with Mr. Gordon Johnson instructor from Murray College. Classes will be held three hours daily for six days a week in college arithmetic and American history.

Quarterly meeting of W. M. S. was held Tuesday at the First Baptist church with approximately 50 visitors in attendance from Hickman, Bardwell, Clinton, Martin and Liberty church, besides the Fulton members. The morning was taken up by the business session presided over by Mrs. McDaniel, chairman, from Liberty church. At noon, a delicious luncheon was served cafeteria style. A splendid program was given in the afternoon with Dr. Spigler of Martin the principal speaker. Articles taken from the Southern Baptist WMU yearbook were interestingly given by members here and visitors. The next meeting will be held in Clinton in April.

Sunday shows are drawing many hundreds of people to Fulton every Sunday. Last Sunday the downtown streets of the business district were lined with parked cars, and people gathered at the Warner theater here to pack it to capacity. This theatre is showing some of the finest pictures produced, and these attractions are proving popular.

Contract for the construction of bridge across the Harris Fork creek at Lake, Carr and State Line streets will be let January 18th, with W. M. Hill & Son, local contractors, in the bidding. Specifications for the bridge call for a broad bridge with concrete railings. The old bridge, due to its narrowness and peculiar location, has been the scene of many accidents.

Directors of the UTVA will meet in Paris, Tenn. January 16th in interest of the construction of Aurora Dam. Joe Davis was recently chosen as a member of the by-laws and incorporation committee with Mayfield the permanent headquarters of this organization.

## SOUTH FULTON PLANS OWN WATER WORKS

Blue prints and plans for the construction of a water plant and distribution system have been prepared by C. H. Jenks, consulting and supervising engineer of Union City. It has been announced by South Fulton officials. Application has been made to the federal government for a \$20,000 loan, in addition to a request for an expenditure of \$10,000 under a CWA project in the laying of water mains and the construction of a plant and reservoir.

It is estimated by Engineer Jenks that a plant sufficient to serve the city of South Fulton would cost between \$30,000 and \$35,000. South Fulton officials state that the \$5,000 of side pays approximately \$5,000 a year for water to the city of Fulton, with a rebate of 25 percent of collections from consumers to South Fulton. For fire protection, it is pointed out that South Fulton pays \$25 a month, and \$75 for each fire where the truck is called out and the water is turned on. For each false alarm, without use of water, the city of South Fulton is said to pay \$25 a run.

The plan for construction of a water works in South Fulton calls for the erection of a plant on the South Fulton school grounds, which belong to the city.

## BULLDOGS BEAT FULGHAM 42 TO 23 TUESDAY NIGHT

Battling through a fast and furious first half the Fulton Bulldogs gained their stride and emerged in the end with a rousing 42 to 23 victory over Fulgham here Tuesday night. Leading at the end of the first period 6 to 4, and 13 to 11 at the half, the Bulldogs snapped out of it and at the end of the third period had a decided margin of 27 to 17, and at the close of the game the score stood 42 to 23.

Slag Weaver was the spark plug of the Bulldogs and tallied 21 points or one half of the total score. The victory marked the fourth against a single defeat for the year. The Line Up was as follows:

Fulton	Position	Fulgham
R Hill, 9	RF	L. Batts, 12
P Hill, 5	LF	Murphy, 5
Weaver, 21	C	Waller, 4
J Henderson	RG	Henderson

### PRESIDENT'S BALL TO BE HELD HERE

Plans are being pushed for the completion of arrangements for the President's Ball, which is to be held in Fulton Tuesday night, January 30th. These President balls are being sponsored throughout the nation, proceeds from which will be used for the Warm Springs Foundation where President Roosevelt bathed to regain the use of his legs, having been afflicted with infantile paralysis.

Lee Cannon and his novelty orchestra will play for the President's Ball here, according to Tobe Perce chairman of the dance committee. Admission for a couple will be \$1.50 and 25c for spectators. Dancing will continue from 9 to 2, with intermission for Roosevelt's radio talk at 11.

## FINANCIAL REPORT ON SOUTH FULTON

A survey of the financial condition of South Fulton shows the south side of the twin-cities in good shape despite the loss in recent years of approximately \$3,000 by frozen assets in closed banks and by embezzlement an absconding official, it is authoritatively reported.

There is outstanding against the city of South Fulton \$61,000 in bond issues: \$14,500 in school bonds; \$10,000 in bridge and street bonds; \$5,500 in street improvement bonds and \$31,000 in sewer bonds.

In the sinking fund South Fulton holds \$8,500 in negotiable bonds. In addition last year \$1000 of the school bonds were paid off, and \$1500 of the sewer bonds will be paid off in March to reduce these bonds to \$29,500 from an original issue of \$40,000.

Operating expenses in South Fulton have been reduced to a minimum. The chief of police gets \$100 a month and must assess and collect taxes. The city recorder gets \$12 a month. The mayor and aldermen receive \$2 a meeting.

## CONSTRUCTIVE LEADERSHIP

As the new year dawns the American people smile with the satisfaction of knowing that the national government will continue its battle against the depression which smothered our industrial and economic lives. Faith and confidence in our national leader, President Roosevelt, continue to grow as millions of men return to work, and the stagnation of business and commerce is overcome in ever increasing degrees.

The new national administration has accomplished remarkable results in a few short months. The masterful program outlined by President Roosevelt was so sound in its conception, so practical in its execution that it awakened hope in the hearts

of the despondent. Courage and confidence have banished that bogaboo, Fear. Our president has been quite frank and above-board with the people, and this frankness has played a very important part in the success of his program. His sympathy for the common people, with their misery and hardships, has gained him untold support and lasting friendships.

Our national banking structure has been re-habilitated. Bank failures halted, weak banks have been closed or reorganized. Tottering banks have been buttressed by federal cash sufficient to make them secure. The confidence of the people has been regained, and as a result bank deposits have shown a decided increase and banking operations are nearly normal again. With insurance effective on bank deposits, this security provide the public will return a huge amount of hoarded dollars to the channels of trade.

The intelligent program that is being put into effect for the improvement of the farmer's condition is bringing about wonderful changes in our economic life. The plans for control of tobacco, cotton, corn and hog production are intended to stabilize the price of these commodities and aid materially in speeding up farm prosperity.

In this county, as in other counties throughout the nation, the CWA program has provided work for thousands of unemployed men, and has given them an opportunity to earn money with which to meet the needs of their dependents. Labors of these men are bringing about many desirable public improvements that will remain for years to come.

Constructive national leadership

has paved the way back to normalcy. We face the new year with new optimism, and with good reason. But the battle is not yet won, and a firm determination to our part in sustaining this progress is necessary in reaching permanent recovery. Every community, county and state has its particular problem and task, and it is up to us as individuals to carry on conscientiously.

## OUR NEW ADMINISTRATIONS

With the new year Fulton and Fulton County governments were taken over by new administrations. These administrators of the public's affairs appear to be the highest type of citizens, and doubtless will execute their respective duties without partiality and favor to none.

The public official, whether he be judge, sheriff, clerk, mayor or councilman, has a definite responsibility to the people. He is more than a public servant, he is the guardian and director of welfare of the community which he serves. And as public servants their greatest satisfaction should be found in the service that they render the people.

There will be times during their tenure of office when some professional politician will be on their heels to sell them something or some idea that we do not need and we are not able to buy. When these occasions arise it will be necessary to examine the true facts in the case with the utmost care and consideration.

It is the duty of the county and city officials to eliminate as far as possible all semblance of waste graft and extravagance and short-age in employment. In order to accomplish this end it will be necessary to use sound judgment and do things just as the law says do. Senseless or ill-advised tax reductions are not to be thought of, but every effort should be made to balance budgets and operate our governmental bodies on a pay as we go plan. The public has grown tired and exasperated by ever-increasing taxation and public indebtedness. Revenues should be sufficient to

provide adequate funds for efficiently conducting well-organized governments. But these needs should be reasonable and economical.

Taxpayers must not look upon paying their taxes as a tribute to the city or county, for taxes are a contribution to the purchase of service that is desirable to the general welfare of the entire community. Our officials are not infallible for they would not be human if they were. But when they are honest and sincere in the performance of their duties, it is the duty of every citizen to co-operate with these officials. And in order to hold the confidence and faith of the people our officials should stress the importance of open discussion of public affairs at all times, and publication of the public's business.

As one prominent official has expressed: "Let us, the men who were elected by the people, discharge our duties as we would the duties of our own business and be faithful to the citizens, who had enough confidence to elect us. And may we continue to have their support in carrying out it for the general good of our community."

## SOUTH FULTON SCHOOL

An exhibit showing the process of sugar refining has been received from the American Sugar Refining Co. and placed in the Home Economics room.

Prof. A. E. Caldwell was a visitor at the school Monday.

Milyear examinations are in progress this week.

Classes in English recently went to see the moving picture, Little Women, by Louisa M. Alcott.

Attendance since Christmas has been better than it was before the holidays. Several new students have been enrolled.

## Basketball

The strong Dixie High School teams will play on the South Fulton floor Friday night at 7:15. Dixie has another championship in the girls team and their boys have lost but a few games since they began playing in November.

Palmerville and Gleason are the only other teams scheduled to play in South Fulton this season.

Margaret Maynard has recovered and will get into the game against Dixie. Her return will greatly strengthen the team for the remainder of the season.

Edgewater Beach, which is owned by P. C. Ford of this city, has been leased by Dr. Harry A. Price of Memphis. The beach will be enlarged and the cottages and dance hall improved.

## January CLEARANCE!

The advantage and purpose of this Gigantic JANUARY CLEARANCE is to rid our store of Winter Merchandise which occupies much space—space that means more to us for Spring Merchandise than the profit on it. We are giving our customers the big opportunity they have been wishing for—A CHANCE TO SAVE on seasonal merchandise. Months ago, in anticipation of the general rapid upward trend of price levels, we purchased hundreds of dollars worth of new merchandise at prices based on low costs—in many instances as much as 50 percent under today's wholesale levels. Since

these purchases were made there have been several price advances but we are pricing this merchandise according to our COSTS—without regard for present values. We COULD charge more for hundreds of these items and STILL have low prices. Regardless of rapid increases in wholesale costs we have followed our usual policy of pricing this merchandise UNDER OUR FALL PRICES WHEREVER POSSIBLE. If we had to pay TODAY'S COSTS for this merchandise and figure our sales prices accordingly, our prices would have to be much higher.

### COATS

The Very One You Have Been Wanting

We have a special lot of Coats on hand that we're determined not to carry over this spring. They were bought from a Manufacturers and Jobbers' mark-down sale at about ONE-HALF PRICE. We are going to make a further concession in the price of the Coats for this LAST ROUND-UP. These Coats originally retailed for as much as \$25 to \$35. Blacks, browns, wool and silk crepes, genuine fur-trimmed, neatly tailored. The Last Round-Up finds only two groups. Can you imagine such a drastic price cut at these.

MORE NEW INDUSTRIES  
LOCATED ON I. C. IN  
1933 THAN IN 1932

An increase of 32 per cent over 1932 in the number of new industries located in towns and cities on the Illinois Central System is reported by General Industrial Agent Mark Fenton in his preliminary report for the current year.

A definite trend toward decentralization is noted by Mr. Fenton. Industry is migrating from the congested areas of the East to the Middle West and South where abundant raw materials, good transportation, satisfactory labor and extensive markets are in favorable juxtaposition. Mr. Fenton declares.

"The best evidence that decentralization is in progress is the fact that forty-five different types of industry are represented among the new plants established on the rails of the Illinois Central System in 1933," said Mr. Fenton. "Repeal brought its quota of breweries, distilleries, glassware and woodworking plants to Illinois Central territory."

New textile activities of great promise have been instituted in Kentucky and Mississippi. Oil distributing, canning, clothing, brooms, chemicals, feed, shoes and furniture are among the new industries which have been established along the Illinois Central during the past twelve months.

"If industrial activity is a reliable barometer of general business conditions—and it is—then it is an incontestable fact that recovery is very definitely under way at the present time," declared Mr. Fenton.
