## FULL PROGRAM IS ARRANGED SUNDAY AT BAPTIST REVIVAL

BAPTIST REACHES HALF WAY MARK WITH HIGH INTEREST

Sunday's schedule of services at the First Baptist Church: 9:30 a. m. Sunday school. 11:00 a. m. sermon and worship. 7:00 p. m. all B. Y. P. U. 8:00 p. m. sermon.

The public is cordially invited, and urged, to attend all these services tomorrow. Dr. Chesterfield Turner of Frankfort, Ky., who is doing the preaching, during the revival services now in progress, will preach at both the morning and evening hours. Let's make it a great day for the Lord from every angle.

Last night Dr. Turner brought another powerful gospel message on the subject "A Back Sliding Family," using for a text a portion of the 21st verse of the first chapter of Ruth: "I went out full, and the Lord hath brought me home again empty." Among the many things Dr. Turner said about "A back sliding family" he said, "I do not like to think of a whole family back-sliding, but sometimes they do, and I am talking tonight of a back sliding family spoken of in this Book. It was a family of four, Naomi, her husband, and their two sons—actually back sliding from Israel. 'I went out full handed,' said Naomi when she came back, 'and God has brought me back empty handed.' This family lived in Bethlehem-judah, and they made up their minds they would leave Bethlehem-judah and cross the Jordan to land in the country of Moab. Moab was a strange country and they worshipped strange gods over there. It was a blue grass country and they went over there with their cattle because they thought the grazing was much better than in Bethlehem-judah. There was no reason for their leaving, and for that reason I say they were back sliding. They deserted their land; they were deserters, and I don't think much of deserters.

I am talking about an entire family that has deserted their home and the desertion of your home is the open door to destruction. Whenever you desert your home and go out into the world for yourself, the door of destruction has been opened wide open, and any church member in this congregation tonight, or out yonder in the cold world, whenever you desert your church, turn the back of your hand on your church, the open door of destruction has come to you and you have entered into a role that will ultimately lead to destruction. You ask me if I believe such people were ever saved. That is not my business, but I do believe that any man or woman who honestly repents of their sins, becomes regenerated and the Holy Spirit has entered into that life, I am going on record as saying this Book says such people will bear fruit. 'By their fruits ye shall know them.' And that is the only way we have of knowing whether a person is saved or not.

The desertion of this family was not for the purpose of organizing a colony; their purpose was not the same as that of those New Englanders when they came over to this country. This family went to Moab to sojourn a little while, but it was not a colonizing family.

During the time the Book of Ruth was written it was a peaceful time, they were free from the hand of persecution, and they were not going into Moab because they were not running away from a famine.

## WEATHER

Tennessee and Kentucky.—Mostly fair tonight and Sunday. Showers possible in extreme west. Little change in temperature.

## Boosters Face Strong Teams

FULTON PLAYS MAYFIELD TODAY

The Fulton I. C. Boosters will face the fast Memphis "Panamas," Amateur team champion of the Commercial League of Memphis, Tenn., at the Fair Grounds in a baseball game. The game will probably be the best of this season.

A new grandstand has already been built on the same location where the old one burned down, and a new fence also was erected around the ball ground. Local fans will see a fast ball game.

Miller and Jimmy Jackson will be the battery for Fulton. Local people will be interested in knowing that Miller was a member of the Mounds, Ill., team which defeated the strong Panamas last year.

Today the Fulton Booster team is making a trip to Mayfield where they are to play ball against the Mayfield Pantmakers.

there was no famine in that country at that time, and I want to say the church people who go out from the churches are not going out to find other churches. They are not staying out because they want to do something for the Lord. They are not running away from persecution. I know something about the temper of a Baptist church, and I know something of the morale that is here. When you are asked to come into this church you are not asked to come into a cold storage. They are warm hearted, they have something for you. Why not come and help build up the kingdom here?

Why did this family go to Moab? Only one reason; they were unwilling to share the common lot of their countrymen, and ninety nine times out of a hundred that is the reason church members leave the churches—they are unwilling to share in the church's program of Jesus Christ.

This family left God's country for the worldly country and we have back sliding Christians who do this same thing, and they must pay the penalty. If you belong to God and are unwilling to share the lot of God's people in His service the Lord will collect from you, and if you don't belong to God the devil will collect from you.

What about characterizing this family? First of all they were cowards. The Lord Jesus Christ said, "Let not your hearts be troubled; neither let it be afraid." In other words don't be a coward. I don't care what kind of program the church has I am going to stay with it, and if the church suffers I will still stay with it. They were not only cowards; they were selfish, unpatriotic and slackers. They were out of place, and any Christian out of place if he is really a Christian will not stay out of place. If he stays out of place what is he?

What did their return mean? Naomi said we went out full and have come back empty handed. I am going to talk about "empty handed" first. She came back empty handed. Came back without her husband, without her sons, without her cattle and her sheep. She had been left a widow and childless, and when she came back the neighbors who used to know her said "Isn't that Naomi?" And she cried "Don't call me Naomi, call me Mara." (Continued on Page 4)

## MAN AND PARAMOUR ARE SENTENCED TO DEATH IN N.J. CHAIR

CONVICTED OF MURDERING WOMAN'S HUSBAND

Toms River, N. J. June, 14.—(By AP).—Mrs. Hattie Evans, 41 year old keeper of a saloon liquor shop, and Lester Underdown, United States marine attaché to the Lakehurst naval station, were found guilty today of murdering her husband, and sentenced to death in the electric chair. GIVES STATEMENT TO PRESS AS FOREIGN RELATIONS BODY PREPARES TO VOTE

Washington, June, 13.—(By AP).—President Hoover spoke up for the London naval limitations agreement today in a statement to the press as the Senate foreign relations committee prepared for a vote on the pact next week.

Without direct reference to the opposition in the Senate which has become manifest in recent days, the president said "the real issue in the treaty is whether we shall stop competitive naval building with all the destruction and dangers to international good will which continuation on these courses implies."

In two brief sentences of his last paragraph, he disposed of the Senate committee's contentions for the papers exchanged among the powers before the conference.

"The Senate through two of its members upon the delegation has had a practical participation in every step in the making of the treaty," he said. "There is not one scintilla of agreement or obligation of any character outside the treaty itself."

## REPORT SLAYER OF CHICAGO REPORTER SEEN IN ST. LOUIS

Chicago, June, 13.—(By AP).—A report that the slayer of Alfred "Jake" Lingle, Tribune reporter, was seen in St. Louis yesterday was received by Chicago police today as they continued their onslaught on the underworld arresting more than a thousand persons.

The St. Louis story, relayed by police there, came from Melvin Pryor, itinerant painter, who said he talked with Lingle's slayer just before the shot was fired and then saw him again yesterday at Grand and Olive streets in St. Louis. Although the Chicago authorities were greatly interested in the report and asked St. Louis police to drive Pryor through the streets in the hope that he might see the alleged slayer again, they allowed no let up in their drive against the hoodlums which followed the slaying of the veteran crime reporter and the attendant public clamor for action.

### "Take My Advice, Bill!"

One of the great American pastimes is prescribing for the ailments of others.

Consider rheumatism, for instance. Almost every other person one meets has a remedy—"a remedy that never fails." Everything is recommended from carrying a horse-chestnut in the pockets to mutton tallow rubbed on the soles of the feet.

Then there is that sympathetic and well-meaning type of woman who offers mothers a cure for measles, whooping cough and those other diseases that affect children. Her remedies never fail.

But don't take too seriously the medical advice of friends. When sick listen all you want to, forget the advice, and go see a person who has devoted a life time to the study of the human body and diseases—a physician.

Take his advice. Follow it. And you will be better off in the long run.
