TELEPHONE FOLKS
are setting a New Record
DOWN ON THE FARM

Southern Bell is putting in farm telephones five times as fast as before the war. Total telephone installations in Southern rural areas this year will set an all-time record!

Linking farms scattered over the South to markets and friends in town is a tremendous job that calls for thousands of poles and thousands of miles of telephone wire. It also calls for the know-how, experience, and the kind of equipment that has made America's telephone service the best in the world. Since the war approximately sixty million dollars have been spent to expand and improve telephone service in rural sections.

Telephone folks are working hard to extend service rapidly as possible to all the farmers who want it, and we're making outstanding progress!

Marshall County Fair
at Calvert City last Thursday was one of the most successful events of its kind ever held in this county. Over 2,500 people gathered at the school for all day program.

The crowd also saw interesting exhibits of field crops, canning, flowers, needlework, and many other things.

Mr. W. L. Gohene, 10-1-2, defeated Hardin 12-2 in the finals, won the four-man softball tournament. To win the finals, Sharpe defeated Calvert City and Hardin 12-2.

Singing Convention To Be Held At Sharpe High School Oct. 29
Saturday, October 29th has been set aside for an all-night singing at Sharpe High School. It was announced this week by D. O. Dell, principal.

The announcement stated that at least five outstanding radio quartets will be featured at the meeting.

Quartets expected to attend the singing will be the John Daniel Quartet, Manual Battles Melody Men, of Kennett, Mo., Kenneth Fulkerson's Harmony Boys of Marion, Ill., the Hawkins Quartet of Paducah, and the Victory Quartet.

The advance sale of tickets is underway and they can be obtained at the Benton Style Mart Store at the Sharpe School. Mail orders will be filled at the school.

Some of the Quartets featured at the Sharpe meet will also participate in the annual Kentucky State Singing Convention.

County 4-H Club Members Attend Meet

FIVE COUNTY YOUTHS RECEIVE RIBBONS FOR OUTSTANDING WORK
Five Marshall County youths received red and white ribbons for outstanding work in 4-H clubs here at the District 4-H Club Achievement day in Paducah Tuesday.

Members from nine counties participated from the Purchase area. Miss Beth Gold received red ribbons on "Clothing and Leadership".

Bobby Joe Dotson won red ribbons on his display of corn. Dennis Henson brought home red ribbons for swine and farm labor; Keith Norsworthy, on Dairy; white ribbon; Paul A. Blagg's red ribbon was awarded him for excellent Leadership.

County Agent J. Homer Miller, accompanied the group.

Fall Session Of Circuit Court Is In Progress

GRAND JURY DISMISSED TUESDAY AT NOON AFTER RETURNING 1 INDICTMENT
The October term of Circuit Court for Marshall county convened here Monday morning with Circuit Judge Holland G. Bryan presiding.

After Court was opened Judge Bryan began selection of panel of grand jurors and the following citizens were qualified and sworn in by the Court: Sam Gold, Charles T. Dalton, Guy Chester, Noah Bowerman, Clay Jones, Lon Jarvis, Aubrey Cope, Eldon Dunn, Rollie Smith, R. M. Howard, Rex Byers, and Roscoe Breezel.

The grand jury was in session Monday and until noon Tuesday. They were dismissed at noon Tuesday after reporting to the Court. Only one indictment was returned.

Grand jurors made the usual inspection of county property and made their recommendations to the Court.

Inspect County Farm
The report of the juryman concerning the farm said, "The farm is in excellent condition. The buildings and grounds are clean, and exceptionally well kept and the patients there were well fed, cared for and contented." The juryman commended Mr. Young and Mrs. Fleming for their excellent work at the farm.

The report to the Court also told of a new room that is now under construction at the county home and recommended that present plans be changed and the new addition be made larger in order to provide sufficient quarters for the patients.

The report was signed by R. M. Howard, foreman of the grand jury.

Some trials by jury were under way Tuesday, but the remainder of the term is not expected to last many days beyond next week.

DARA JEAN AUSTIN CELEBRATES SECOND BIRTHDAY WITH PARTY
Little Miss Dara Austin was given a birthday party Monday afternoon, October 17, at the home of her parents, Mr. and Mrs. Alvin Austin.

The table was decorated with a pink and white birthday cake and a lovely bouquet of fall flowers sent to the honoree by Mrs. Walter Prince. Mrs. Charles Jackson and Mrs. James Thompson assisted in the serving of the cake and ice cream.

The little ones attending and sending gifts were: Linda Lee Hill, Keith Bishop, Janet Hill.

HE FLIES THROUGH THE AIR WITH...

Yep, the Sheriff has taken to the air. Walker Myers, who says he has tried to keep his feet firmly on the ground during his 45 years of life, has changed his mind and as of today will take his first plane ride.

Walker, who is now distributor for the Ashland Oil Company in this area, said he was leaving at 6:30 a. m. Thursday and flying to Ashland, Ky., in a 12 passenger company airplane. He said he was SUPPOSED to return the same way at 5:30, same day.

We doubt if Walker will send after his little red Ford to come home in.

Parking Meter Collections Drop 2nd Week

A drop in total collections of Benton's parking meters was reported after the meters had been checked Tuesday. The total "take" for the second week of operation was \$103.89, about \$27.00 less than the first week. However, the first week's collection included some money that was placed in the machines prior to the opening date.

Most all of the 160 meters are now in operation in and around the business section of the city. One-half of the money collected goes to the installing company to pay for the machines and the other half goes into the City's general fund. Total cost of the meters and collection machine was reported to be approximately \$11,000.

Mrs. Rufus Tolbert Dies At Calvert City October 15

Funeral services for Mrs. Ella B. Tolbert, who died at the age of 62 years at her home in Calvert City, Saturday, were conducted Sunday afternoon at the Methodist church here, by the Rev. Curtis Haynes and C. E. Clayton. Burial, by Filbeck-Cann, was made in the Dees cemetery. She was a member of the Baptist church.

Besides her husband, Rufus Tolbert, she is survived by two sons, Boone F., and James Tolbert, of Calvert City; one daughter, Bessie Beard, also of Calvert City.

Flower girls were: Carolyn Vanvactor, Alene Keeling, Elva Cash, Barbara Ruley, and Lavada Smith.

The public is invited.

Parent-Teachers Congress To Be Held At Gilbertsville, Kentucky, October 25

The twenty-first annual fall conference of the First District of the Kentucky Congress of Parents and Teachers will convene at Gilbertsville, Ky., on Tuesday, October 25, in the Kentucky Dam State Park Auditorium.

The morning session will open with registration at 9:30 and the call order to order at 10 a. m. by Mrs. Randolph Gore, first district president. The Rev. G. E. Clayton, pastor of the Calvert City Methodist Church will give the invocation.

Joe Bert Howard, principal of the Gilbertsville school, will give the welcome address with a response by W. B. Moser, first vice-president of the first district. This will be followed by the salute to the flag led by Boy Scout, Jimmy Gohene.

Market Would Be Great Help To Local Farmers

PROSPECTS LOOK GOOD FOR PROJECT TO BE COMPLETED SOMETIME IN THE NEAR FUTURE
Before many months have passed farmers of Marshall county may not have to go to other cities in order to sell their livestock. Plans for a local market are being studied by persons interested in such a project and it is believed before many months have passed an auction market will be in operation.

Orville Bell, well-known live stock buyer in this and surrounding counties is interested in the establishment of an auction market here and has met with civic leaders and discussed the proposition. He has received the encouragement of officials of the clubs and individuals in this move.

Tentative plans are in the making for a building and loading platform near the N. C. and St. L. depot. Costs and other items concerning the proposition are now being studied and a definite decision may be made within a few weeks. Mr. Bell is anxious to have the market located here, provided mutual benefits can be derived and the cost of the project is not too high.

If the auction market is located here it will probably draw some business from between the rivers section, and from adjoining counties from farmers living nearer to Benton than to other markets. The plan is to operate the market along the lines of other such markets at Murray, Mayfield, and Paducah.

Damage Suits Totaling \$51,000 Filed Against Oklahoma Co.

Suits seeking a total of \$51,500 in connection with an auto truck collision last July 7 which took the lives of two Marshall county women were filed Monday in District Federal Court in Paducah.

The two suits charged the Oklahoma Contracting Company, a firm constructing a natural gas line near Memphis, with operating one of its trucks in a "careless, negligently and reckless manner." W. W. Jer-nigen, Commerce, Texas, was identified as the driver of the truck.

The women, Mrs. Challis Powell, 31, Hardin, driver of the car and Mrs. Wesley Holt, 54, Hardin were two of the five persons injured fatally in a wreck on highway 98, four miles east of Mayfield.

Others killed in the collision were Mrs. James Howard Young blood, 21, Hardin, Mrs. Edward Gore, Hardin, and Boyd Crittendon, 38, Mayfield. Crittendon was riding on the back of the truck.

CORRECTIONS CHEERFULLY MADE WHEN A TENTION IS CALLED TO ERRORS

IT MAY BE RATHER ODD AND UNUSUAL, BUT

To some of our "deck of cards and dirty shirt" taxpayers, this is the time to "soak the rich" again and gain an increase in salaries for our political parasites in Frankfort. It is usually this type of person who urges additional tax burdens, not upon the rich so much but upon themselves and future generations unborn. If these things keep up some of our grandchildren are going to wonder what kind of people we were, to mortgage their earnings for years to come.

Every-now-and-then, to quote the late O. J. Jennings, editor of the Murray Ledger, we have some fellow who "wears a five and three-eighths hat, pants that are 54 inches across the bottom and has more in the seat of his pants than he has under his hat."

As far as Kentucky falling apart is concerned, it seems to me that we are doing fairly well. Look into almost any county, town, or city and we see progress. We're not as dilapidated as the political pollywogs would have you believe. Take a trip into almost any state and compare and see if we don't have a pretty good state.

It hasn't been many years since we had political fingers comparing us with Tennessee in the matter of roads. We haven't seen any super-duper highways in Tennessee, and only a few years ago that state was in debt one-hundred and ten million dollars.

When you think you are "soaking the rich" with added taxes, it is a day dream and the young fellows had better wake up or they may find a burden so heavy they cannot bear it. It has been pointed

out in the columns of this newspaper before that the biggest portion of the taxes are paid by the little fellow, because there are so many more of them than there are rich folks. Count your rich in this county, add up their taxes, and then add up the taxes of Mr. Average citizen and see if the little fellow is bearing about three-fourths of the burden.

It seems to us that it is time to call a halt to big increases in salaries of political pollywogs and to do likewise with those who are paid by private capital.

BETTER NOW THAN LATER

Regardless of what other people say about speed traps or speed limits it is still much safer to control the speedster than to try and lock him up or fine him after he has done his damage. It is much better to control him than to attend the funerals of his victims.

Benton has apparently broken down in a rash of flying discs (or broken down automobiles driven by juveniles who should not be allowed on a bicycle much less under a wheel of an automobile.) Sooner or later someone will get killed from one of those atomic junk-piles and then we will all wonder how it happened. It isn't only the flivvers that come hurtling through the air at you but some of the big transfer trucks seem to dare you to get in their way when they "open up" soon after passing the court square.

Maybe we will have the name of a "speed-trap" so what, names don't hurt you physically — it's the man who can't stop in time that does the damage. Maybe we've had our minds on the parking meters too much and not on the SPEED-O-METERS.

Observations

(By the Old Kodger)

A few days ago G. O. P. (the one and only Galen Pace), said he saw in the paper where ye old Kodger wanted a job on the farm. I got the job, and it's not popcorn raising either. Easier than that. Galen said the whip poorwill were nesting out on Rockhouse creek and he wants me to gather the eggs. He says whippoorwill eggs sell high and both of us could get rich.

I took the job and after work hours he wanted me to go snipe hunting with him — I quit, not because of the extra hours, but because the snipe season is not open yet. He offered a variety of jobs in order to get me on his farm, but the Federal median board finally ruled he could put me to work anywhere on the place. I do better at the table, working my jaws without overtime pay.

The morning I started was on August 15, on which day said employer asked me to: Get up at 4:00 A. M., milk and feed the cows, stack, chop the hogs, cut a cord of stove wood, bring in 10 buckets of water, hoe the garden, plow 10 acres of corn, curry the tractor at noon, fill the old mare up with gas, cut two acres of sassafras sprouts, cut four acres of wheat, fix the hay rake, mow the lawn after supper, and feed the hoes, hunt a strayed sow, and fix the lot gate. I asked my boss if he also wished me to shovel the snow out of the yard, and he said

You know there is no snow on Rockhouse creek in August." I told G. O. P. I realize that, but there would be by the time I got the other jobs done. He wanted to fire me but that big shade tree near the fence corner wouldn't let him. He knows a good hand when he sees one, and besides there is not another whippoorwill egg hunter this side of Monette. Lee Henson had a good one once, but Lee made the mistake of teaching him the shade tree tactics in farming.

Take the advice of an old, delapidated whippoorwill egg hunter and read that question on the ballot for Tuesday, Nov. 8th election. . . It's a tricky little question and will turn out to be a big salary increase for some politicians at Frankfort. If you do not want added tax money to be given these fellows, Vote NO, but if you think the poor devils who draw a measley \$5,000 per year are underpaid, vote YES, but remember, you too may be egg hunting before long.

Some of these underpaid fellows are crying their eyes out about hospitals and education,

and if you don't watch out they will have you on the mourner's bench too. But, there are other things that ought to make you want to go vote . . . We have a full set of County officers to be elected. Nominees of all of the offices who have no opponents ought to get busy and get out the vote, because it is important to vote on the two constitutional amendments unless you want our constitution torn apart every few years because some fellow wants a big increase in money from the taxpayers.

A few weeks ago some sort of minimum wage bill of 75c per hour, now I notice where a move is on to make it \$1.00 instead of 75c. The school teachers are also opening up for another increase. All of this, and the vote coming up for the politician's seeking added thousands, make a fellow wonder whether to go the rope route or jump in the lake. Boy oh boy, wonder who will be next? Sometimes I think there may be a lot of whippoorwill egg hunters before long. It might no be so bad at that. . . I mean sitting around looking for a nesting place down near Rockhouse creek. It could be nice and quiet like same as the Court Square has been since the meters were installed.

Plans are underway here for dollar and horseshoe pitching contests around the square \$5.00. Spring opens next year. The East side challenges the West side and the South side challenges the City Hall group. The latter will be a hot game. Better make reservations early. Some thing has got to happen to get a crowd. If something doesn't happen before long, whippoorwill will be nesting in the Courtyard and GOP will lose a good man off of the Rockhouse job.

See you on Rockhouse creek.

CARD OF THANKS

TOLBERT, Mrs. Ella B. We wish to extend our heartfelt thanks and appreciation for acts of kindness, messages of sympathy, those who assisted us during illness, for the beautiful floral offerings, during our recent bereavement in the loss of our beloved wife and mother. We especially thank Dr. L. E. Smith, the Rev. Curtis Haynes, G. W. Clayton, and Filbeck and Cann and those who opened the grave.

Rufus Tolbert and family

Mr. and Mrs. Parker Smith and family spent Sunday with the family of Henry Smith.

The condition of Mrs. Alvin McGregor, who is an operative patient at the I. C. hospital in Paducah, is reported to be better and her friends around here wish for her a speedy recovery.

Mrs. Joe Carper and Mrs. V. Thwaitt spent Sunday afternoon with Mrs. Marvin Bell.

Mr. and Mrs. Rudy Bolen and family visited the families of her sister and brother, Milburn Doughty and Lake Cunningham, at Princeton Sunday. The men are employed there with the Texas Gas Company.

SOLVE YOUR FLOOR COVERING PROBLEMS FOR STYLE, QUALITY OR PRICE—

Lees Glenfield — 9x12 — 79.50

You've seen these carpets—in all their picture perfection in your favorite magazines. You've admired their clear true colors in fine homes. Pick a tone-on-tone, a modern abstract effect, or one of Lees' own contemporary florals. All ready-made, make a plenty-of-your-money investment in "those heavenly carpets by Lees".

Lees Navarre — 9x12 — 98.50

Lees Navarre wool rug. A wealth of gorgeous patterns to choose from. Gay florals and rich shadow-tones. Designed to make your rooms look larger, brighter, lovelier. They're close-woven and long-wearing to give you style plus value. All colors are dyed by Lees' special formula in stainless steel dye-baths—for lasting lustre. The price is low—but don't forget—you can depend on a Lees.

Lees Virginian — 9x12 — 131.50

We haven't had such a rug bonanza in years. All the Virginian quality patterns you've been hungry for since the war—and at such a low, low price. 18th century designs, modern tone-on-tone and dextrous effects. Hardy, resilient, imported wool—woven to feel thick and soft beneath your feet. Closely packed tufts for hardy service, long, long wear.

Lees Sweetbriar — 9x12 — 179.50

If your maiden aunt had spent long years hand-hooking this magnificent needlepoint textured Wilton—it couldn't look more expensive. Sweetbriar is perfect with period or modern. Its sculptured Wilton weave with unique loop pile is specially designed for long wear—minimum soiling, matting, shading. A real value that fairly radiates richness and luxury!

NEW TEXAS GAS PIPE LINE SCHEDULED TO CROSS 15 RIVERS

Special tracks are sometimes built to carry the heavily weighted pipe down to the river shore.

Texas Gas is crossing 15 rivers. While the rivers are at their lowest ebb, construction crews have been working on the hardest part of their pipeline project.

In its 800 mile length, the new natural gas artery that Texas Gas is laying from Texas to Ohio must ford six of America's largest rivers—the Mississippi, the Ohio, the Tennessee, the Red, the Cumberland and the Green.

Five Major Rivers Crossed

Five of these major rivers have already been crossed, and each has given its own challenge to construction crews.

In every case the big 26-inch

pipeline, which passes near here, has been divided into two or more lines under the water as extra insurance against future trouble on the unpredictable river bottoms.

On the big river jobs, Texas Gas has experienced contractors with capable crews and equipment on the scene. On the wide Ohio, for instance, the fleet included floating dredges that scooped out five foot trenches along the bottom to hold the four lines of heavy pipe.

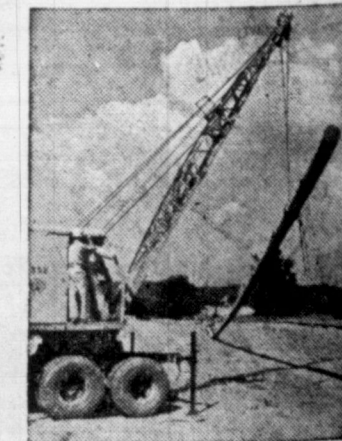

Floating derricks were also vital to the crossing. After sections of pipe had been welded together on the river bank, and

then wrapped and weighted down with heavy clamps, the floating derricks and heavy tractors on shore pulled the pipe into the under-water ditches and across the river.

When the four Ohio River lines had been safely installed, they were joined on each bank to the main pipe line.

Crossings Are Inspected

Once the contractors and construction crews finish their job, Texas Gas begins its weekly routine of vigilance, inspecting

A long section of pipe, bent to the contour of the river bank, is moved towards the crossing point.

the lines to see that tides, currents, shifting sands and water commerce do not interfere with the carefully constructed under-water crossings.

For Little Fellows With Big Colds...

Mother, the best-known home
remedy you can use to relieve dis-
ease of this cold is Vicks Vapo-
rub. If you rub
it on at bedtime, it works even
while the child sleeps. And often
announces the sweet mercies of
this cold are gone. Try it. Get the

You ought to be driving a 1949 PONTIAC

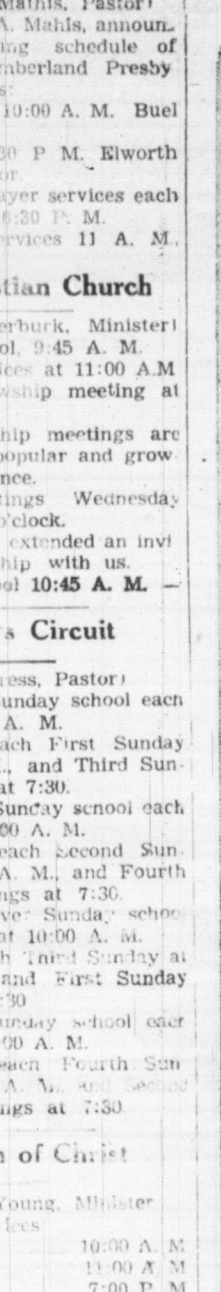

A Product of General Motors
Here's Where the Best Begins!
Most people look no further after they've had a good look at a 1949
Pontiac—they know that the best begins here!
Here is the best in beauty—with a "Silver Streak" personality all its
own. Here is the best in performance—thanks to Pontiac's great
engines, straight eight or six. Here is the best in comfort, luxurious
detail and appointments.
And here is the best in real economy—a sensible price to begin with
and the famous Pontiac record of rolling out miles and miles and
miles with only routine servicing.
The best begins right in our showroom—come in and see!

THERE'S MORE COMFORT IN A PONTIAC!

It's so much nicer to ride in a Pontiac—there's loads of
head- and leg-room, the doors are wide for easy entrance
and exit. Every mile is smooth and comfortable.

A Plan For The Future Or A Plan for the Present

THE DWIGHT has a floor plan with an outstanding abundance of closet space. There are ten closets, including the centrally located storage closet which is large enough to house such bulky household equipment as a sewing machine. Beside a wardrobe in every one of the bedrooms, there is a handy closet at each entrance to the house, a towel cabinet in the bathroom, a linen closet in the hall, and a broom closet and a pot and pan closet in the kitchen.

The second floor plan of The Dwight provides space for two bedrooms which may be finished at a later date, if desired.

The modern kitchen and dinette are separated from one another by cupboards. All rooms in The Dwight open into the center hall, allowing free circulation.

The Dwight has a full basement. Plans call for frame construction throughout with a siding exterior. The roof is covered with asphalt shingles.

We hope we can be of service to you on plans for a New Home. We Invite you to discuss your plans with us.

Observations

(By Old Kodger)

A "HIGHBROW" has been defined as "one who has been educated far beyond his intelligence." One Marshall County wit puts it in a different way by claiming it to be an "over educated dandy."

WHEN WE HAVE mentioned a group meeting I am reminded of the definition of a conference, which is "a group of men or women who, individually or collectively, meet to discuss a subject and decide that nothing can be done."

K.U. Refused Purchase Solo Calvert Electric

The Kentucky Utilities Co. out of the right to purchase the Solo Calvert electric light plant at Calvert City by the Public Service Commission.

It authorized the Jackson Purchase Rural Electric Co-op to negotiate with Solo for purchase of the plant and distributing system at the price asked, \$78,000.

Whether the Jackson Purchase Co-op can buy the property depends on Solo's willingness to deal with the R. E. A. unit. Solo has said he wanted to sell to K. U.

The commission's decision ended a controversy that began seven months ago. The big question at issue was: Does the Public Service Commission have the statutory power to buy any who can buy a utility?

The commission declared it had implied power to rule on sales and traditionally had exercised it.

K. U. after having applied for permission to buy the Calvert City property, began to argue that the commission lacked jurisdiction on a buy and sell question.

K. U. calls power at wholesale to the Solo system, also sells to the commission the R. E. A. said it soon would get public power from the TVA dam at Ibbertville.

The public Service Commission took into consideration a mass meeting of Solo's customers at Calvert City who strongly favored delaying the sale until the R. E. A. is organized with TVA power.

"Solo's rate payers point out that they are not getting the benefit of the TVA power," they said.

THE NEW FACILITIES will be for production of sodium bifluoride, agent used in the manufacture of laundry products and for other purposes, according to Robert Ragsdale, office manager at the plant.

Operation of the extension is expected to start early next spring. Construction starts and proceeds as scheduled.

"Pennsalt plans to expand this plant right along, as business permits," Mr. Ragsdale added.

The addition will result in employment of an underemployed at the plant now in operation approximately 40 persons are employed at the plant now.

As the plant expands, the general operation staff also will be increased, according to the office manager.

Pennsalt spent \$2,500,000 on construction of the original plant.

Mr. Ragsdale announced plans for the addition in a speech going to fire and who they expect to be put in their jobs.

The truth is, they don't expect to fire anybody—it will be the same old crowd, but with more political pressure and with our constitution cracked wide open for the next assault by every group that has selfish reasons for a change. Does the ballot say anything about the question being of a flexible nature, so that salaries may be reduced if and when needed? It does not.

The Legislature is still the bastion, and now imagine a state Senator or Representative having the nerve to buck the highway department, the education department, the health and welfare departments. It just doesn't make good sense.

THE LITTLE MAN has sheltered out of his earnings money to help pay for his boss an increase in salary, and this very act may cause him to not get his just dues in 100 years. I doubt if the boss would share any of his \$7,200 to help get the pick and shovel man an increase in anything, except perhaps, a political pot to help keep him in his fat job.
