The Fulton County News

"A Community Newspaper—With Superior Coverage and Greater Reader Interest"

VOLUME TWO

FULTON, KENTUCKY, FRIDAY FEBRUARY 3, 1934.

NUMBER 2

SURPRISE OFFER FOR SUBSCRIBERS OF 'THE NEWS'

"THE NEWS" WILL GIVE AWAY
FREE MERCHANDISE DURING
FEBRUARY.

The publishers of The Fulton County News have arranged to give away Free Merchandise during the month of February. In order to enlarge our subscription list and add new names to our already large family of readers, THE NEWS is awarding during the month of February a coupon worth 35c in trade at any store in Fulton.

All that is necessary to obtain this 35c premium coupon is to subscribe NOW for The News, or if you are already a subscriber you can renew your subscription. This offer is made only to residents of Fulton county and adjoining counties, as the purpose of this inducement is to extend the circulation of The News inside its own trade territory. During this short period you may subscribe for this paper for one year for \$1.00 and receive the coupon worth 35c in trade.

The only requirements in this Free Merchandise offer is that every subscription must be for one year or more and coupons will be given upon Fulton business firms having as much as ten inches of advertising in The News the same week a subscription is written.

DOCTOR PRESCRIBES A CLEAN-UP AT EDGEWATER

"Eventually we are planning on a floating night club," says Dr. Harry A. Price, who has leased the property at Edgewater Beach from P. C. Ford, "and we think we are going to get a road through connecting Edgewater and Sunkist Beach."

Dr. Price is now working a small army of carpenters and laborers, getting ready for the season. The old bath house has been razed, as has some of the cabins that surrounded it. The remaining cabins are being remodelled and will be strictly modern. The old row bath remains yet to be razed, and a new double row of modern individual bath houses will be built, eliminating the basket idea.

1934 KY. AUTO TAGS "BARGAIN" RATES NOW

Governor Laffoon signed a bill Tuesday placing 1934 auto license plates at "bargain" rates. Plates are on sale on the following price schedule: \$6 for light cars; \$7.20 for medium sized cars and \$12 for heavy cars. The governor also has extended the time to purchase licenses to February 10.

SEASON'S BIGGEST GAME SATURDAY

Saturday will mark the season's biggest contest for the local Bulldogs when the highly touted Central City quintet will invade the local court for a tussle with the Fulton aggregation. Central City has been the strongest and most dreaded quintet in the state, and should show Fulton a hard fight. With their 65 to 40 victor over Owensboro the Bulldogs are rated as a bit better and should win the game by a small margin. This will probably be the most exciting game of the year.

KENTUCKY UTILITIES DECLARES DIVIDEND

Directors of the Kentucky Utilities Company have announced that the regular quarterly dividend of eighty-seven and one-half cents a share on the Seven Per Cent Junior Cumulative Preferred Stock which has a par value of \$50, will be paid February 20 to shareholders of record at the close of business on February 1.

ROBBERS BREAK INTO BUTT & HARDIN CO.

Thieves gained entrance the Butt & Hardin wholesale company here last Friday night and stole a small quantity of cigarettes. This was the second robbery committed on this firm in recent months.

PERSONALS

Misses Alma Knighton, Frances Hill and Margaret Lawson spent Monday night with Mrs. E. H. Knighton.

Mrs. W. B. Lancaster and children spent the week end in Dyersburg with relatives.

Mr. and Mrs. J. W. Strayhorn and children of Madison, Tenn., spent the week end with Rev. and Mrs. J. F. Morlock.

Mr. and Mrs. Porter Kelly and daughter, Evelyn, of Hickman visited Mr. and Mrs. Bailey Huddleston Wednesday.

YOUNG MEN MEET MONDAY NIGHT, FEB. 12

The next monthly meeting of the Young Men's Business Association will be held at the Elks Club room Monday night, February 12. Lincoln's birthday. Business men and citizens are urged to turn out for this meeting at which time many important community problems will be discussed.

It has been suggested to Young Men's Business Association that the organization meet twice monthly instead of once, and that a city-wide banquet be sponsored to arouse public interest in a program promoting progress movement. It has been pointed out by several public-spirited citizens that the people as a whole must work together in bringing an improved Fulton, civically, industrially and socially; that everybody is anxious to make Fulton a better city, but everyone must do his part.

MRS. BRYAN GIVEN BIRTHDAY DINNER

Mrs. Emma Bryan, 78 was honored with a birthday dinner at her home on Fourth-st, Sunday. Two sisters, one brother, six children, eleven grandchildren and two great grandchildren were present. Those present were Mr. and Mrs. Haywood Aarns, Mrs. Zedie Beckman, Mrs. Minnie Reed, Mr. and Mrs. Ed Bryan, Mr. and Mrs. Claud Bryan and children, Mr. and Mrs. Hays Bryan and family, Cleave Bryan and children, Randolph Bryan, Mr. and Mrs. Maurice Hardin and little daughter, Rebecca Fay, Mr. and Mrs. Harry Fite and son Ralph, Mrs. R. M. Wheelis and son James, Mr. and Mrs. Valco Bowlin. At the noon hour a bountiful dinner was enjoyed by all present.

DEATHS

Mrs. Marion Benedict of Clinton, a sister of Mrs. Guy Gingles of Fulton, died Monday at her home in Clinton. Funeral services were held Tuesday from the Methodist church with Rev. Pafford, pastor of the church officiating. The deceased is survived by her husband, and three daughters, Georgia Brooks of Murray, Marian and Judith Benedict of Clinton. Among those attending the funeral from Fulton were: Mr. and Mrs. R. T. Wilkins, Mr. and Mrs. H. T. Douglas, Mr. and Mrs. A. G. Baldrige, Mr. and Mrs. W. J. Moss, Mrs. Sue Schae, Mrs. Vodie Hardin, Mrs. Fred Brady, Mrs. Ira Little, Mrs. J. V. Freeman, Mrs. Norman Terry, Mrs. M. W. Haws, Mrs. C. N. Jolly, Mrs. Frank Wiseman and Mrs. Earl Taylor.

Harry Lee Rice, 4 years old, son of Charlie Rice of near Crutchfield, died Sunday night at the home of his parents. Funeral services were conducted Monday afternoon from the Crutchfield Methodist church by Rev. A. E. Holt. Interment followed at Rock Springs with Hornbeak Funeral Home in charge.

THIS AND THAT

Revenue collected by the state from the beer and whiskey tax levied at the extra session of the assembly totaled \$456,577.78 up to the first of the month. All revenue from this source goes to supplement the money being expended in the state by the federal government for relief of the unemployed.

The ultimate solution of the railroad problem, Joseph B. Eastman, federal coordinator declares, is public ownership and operation. A grand consolidation plan is held impractical now because the country is not in condition to stand forced consolidation. Eastman believes it would be unwise for consolidation or government ownership of railroads at this time.

A summary of the public debt was issued last week by the Associated Press, with the following revelations: "August 31, 1929, the war peak, \$26,396,701,648."

"The 1930 post war low, \$16,185,309,531."

"Today's public debt, \$23,817,036,925."

"Estimated for June 30, \$29,817,556,925."

"Estimated for June 30, 1935, \$31,834,000,000."

"The amount of money in circulation, save for some governmental funds for which no accounting can be made, totalled only \$5,791,000,000 on January 3, 1934."

It is further estimated that at 3 per cent interest on public debt in 1935, will be nearly \$1,000,000,000 a year.

The total indebtedness of Kentucky's counties during the calendar year 1933 was \$35,703,349.70. State Inspector and Examiner Nat B. Sewell revealed in a report on the financial condition of counties last week. The report showed that twelve counties have no bonded indebtedness, and four have no indebtedness of any nature.

"Never before has the council needed Divine guidance as it does now," says a member of the Warren Ohio, city council. This body is opening all their meetings with prayer.

SURVEY SHOWS NEWSPAPER READING IS MOST POPULAR

New York.—Newspaper and magazine reading was found to be the most popular diversion in the leisure hours of 5,002 persons answering a questionnaire of the National Recreation society.

Returns on the questionnaire, listing 94 activities, showed the ten in which most persons participated in order were reading newspaper and magazines, attending movies, listening to radio, visiting or entertaining others, reading fiction books, motor-ing, swimming, letter writing, reading non-fiction books and conversation. The survey covered 29 cities.

SOUTH FULTON SCHOOL

Pairs have been made for the basketball tournaments to be held in Fulton County, Feb. 8-9-10 and Feb. 15-16-17. The elementary schools play first in two divisions, one at Rives and the other at Dixie. The high schools will play at Troy. There are 28 elementary and 20 high schools teams entered.

South Fulton teams will play in the first round of the high school tournament when the boys meet Mason Hall and the girls play Cloverdale. Drawings are as follows beginning with the first position in the top bracket and naming the teams in order of their positions in the brackets. Boys teams: Rives vs. by; Woodland vs. by; South Fulton vs. Mason Hall; Kenton vs. by; Dixie vs. by; Troy vs. by; Cloverdale vs. Obion; Hornbeak vs. by.

Drawings for the girls: Dixie vs. by; Troy vs. Kenton; South Fulton vs. Cloverdale; Rives vs. by; Hornbeak vs. by; Obion vs. by; Mason Hall vs. by; Woodland vs. by; South Fulton teams play Thursday night Feb. 15 at 7:30 to 9:30 o'clock.

In the elementary division played at Rives, Harris meet Macedonia boys; Mt. Moriah vs. Hornbeak; Troy vs. Cloverdale; Rives vs. Mason Hall; Rives girls vs. Troy girls; Cloverdale vs. by; Harris vs. by; Hornbeak vs. Mt. Moriah.

At Dixie, boys' division: Dixie vs. Loneke; Woodland vs. Proteum; Crystal vs. Community Pride; Cunningham vs. Parkview. Girls' division: Proteum vs. Loneke; Dixie vs. by; Cunningham vs. by; Crystal vs. Parkview.

The local teams have shown considerable improvement lately and should be in good condition for the tournaments. The South Fulton Red Angels have come from behind to win impressively over Obion and Martin in recent games. Only two more games remain on their schedule and the Red teams seem certain to win their last home games from from Gleason.

1932 SALES TAX

BUGABOO RETURNS
The second quarter of a 60-day session of the Kentucky General Assembly started this week, with the sales tax bugaboo, which split the 1932 and 1933 sessions wide open, thrusting itself into the limelight, but none willing to admit sponsorship.

Governor Laffoon has declared on several occasions that he would not sponsor any tax, and administration leaders insist that they are not contemplating a sales tax at this time. But it is believed that a group of legislators is considering a sales tax similar to the 1932 proposal and will introduce a bill along that line in the near future.

The House had passed seven bills and the Senate had passed five early this week. Among bills in the House on which committee action is expected this week is that to permit voters of fourth, fifth and sixth class cities to mortgage earnings of water and light plants to finance improvements without a vote of the people.

The rules committee in both branches will take charge of all legislation the final fifteen days beginning February 27. The legislature adjourns sine die at midnight, March 15.

IF IT IS PRINTING YOU WANT—JUST PHONE 470

We cordially invite our advertisers to visit our office at any time. And, remember, our business is to improve your business through quality printing and by carefully directed advertising. Consultation and estimates are a part of our free service to you. Call us up next time. THE NEWS, Phone 470.

COMPLETE SURVEY FOR CHEESE FACTORY-- BUILDING IS LEASED

TRADE DAYS AGAIN CONTINUED HERE

The committee in charge of the Fulton Trade Days have decided to continue the Trade Days for one more week or through February 3rd, since this continuation has been requested. Numerous Fulton merchants are offering still bigger and better bargains which will stimulate trading here.

The Trade Days have been running since the first of last October and have met with wonderful response. Many hundreds of people have benefited from these special trade days, and local merchants have been offering some outstanding values, the committee reports.

Saturday, February 3rd will mark the close of the present series of Trade Day events, so be sure to take advantage of the many bargains in store for those who come to Fulton to buy.

BULLDOGS LOSE TO PADUCAH BY OVERWHELMING SCORE

The Bulldogs lost their game with Tilghman High at Paducah Tuesday night by the one-sided score of 30 to 22. The game opened with Fulton drawing first blood with R. Hill making a free throw. Adams, Paducah's ace guard, immediately passed this mark with a beautiful shot for two points. P. Hill getting a free throw tied the count. The score at the conclusion of the first period was Fulton 5, Paducah 6. The second period opened with Paducah continuing their onslaught and making six more while Fulton made a measly two point. The half ended Paducah 12, Fulton 7. Again in the third period Paducah ran up a big score of 11 points while Fulton tallied two. Paducah 23, Fulton 9.

The Bulldogs came to life too late in the last quarter, scoring 13 while they held Paducah to 7 points. The game ended with the score 30 to 22 in Paducah's favor.

AURORA DAM WOULD PUT 6,000 MEN TO WORK

Washington, D. C.—Construction of the Aurora Dam on the Tennessee river, near Murray, Ky., promises to be one of the great developments of the future. It is assuming an importance second only to the other great hydro-electric projects in that region—Muscle Shoals and Norris Dam at Cove Creek—and its ultimate construction appears certain at this time.

Gen. Lytle Brown, former chief of army engineers, pronounced the dam site one of the best locations for water power development and otherwise boosted the project during his tenure of office.

The TVA has taken the position that Aurora, if developed at all, should be constructed as a part of the TVA plan for an integrated power program in the Tennessee basin. The TVA will probably call upon Congress in the near future for an additional appropriation to take care of Aurora Dam and other contemplated phases of its development work.

Tennessee members of Congress feel that Congress will respond if the money is sought for Aurora Dam. Representative Gordon Browning, of Huntington, whose district lies closest to the Aurora site, has been a prime mover, along with the Kentucky senators, in getting Aurora approved by the government. Its construction will provide immediate employment for approximately 1500 men, and later about 6,000.

ELKS IN REGULAR MEETING MONDAY

The regular twice a month meeting of the Elks Club will be held next Monday night, at which time D. W. Smith, District Deputy for Western Kentucky, will be present. Mr. Smith is company with Walter F. Meir, grand exalted ruler, made a tour inspection this week, visiting Louisville, Bowling Green and Frankfort and other points.

Plans for the establishment of a cheese factory in Fulton by Armour & Company are incomplete as yet, but a survey to determine the number of dairy cows in this immediate community has been finished by a local committee, and a building has been leased where the plant may be operated, according to authentic reports issued here this week.

Mr. Lamar, representing Armour & Company, was in Fulton recently and requested that a survey be made to obtain a check upon the number of cows available in this section for milk production. A committee was appointed at that time to make this survey, which revealed that there are more than 30,000 cows in Fulton county and nearby portions of adjoining counties. The number of cows is sufficient to supply a cheese factory, according to officials figures.

Armour & Company established cream stations in Fulton during 1925, and other companies are also buying thousand of pounds of butterfat every month. The following summary of cream purchases made by Armour through Fulton stations plainly indicates the growth of dairying in this section in recent years:

In 1929—229,726.6 pounds of butterfat; In 1930—258,769.7 pounds of butterfat; In 1931—345,598.9 pounds of butterfat; In 1932—591,306.3 pounds of butterfat; In 1933—649,562.2 pounds of butterfat.

Top price paid last year was 23c per pound, with the low price at 15c. R. A. Francis, local manager of Armour & Co. stated this week, "Today's price is ranging around 18c, an upward trend prevailing through a shortage of fresh butter. Recent low prices in butterfat are said to be caused by a surplus in November of over 100 million pounds of butterfat in storage. This amount has been reduced by about ten million pounds since then, with a rise in prices as a result."

Armour & Company has been investigating several communities in the South with a plan in view of extending operations. Purchasing of whole milk to make it into cheese would provide another market for dairy farmers, and should have some bearing on improving the price of dairy products, it is believed.

Mr. Francis, who is thoroughly familiar with dairying conditions in this section, expressed the opinion in an interview this week, that Fulton is the logical site for the establishment of a cheese plant because of the extensive volume of milk produced in this area, and the central location of the city makes it easy to establish truck routes for picking up milk at the farmer's front door.

EGGS AND MORE EGGS; PLENTY OF SALT PORK

"Hen fruit" by the one hundred thousand lot! To be exact 330 dozen eggs arrived at the local relief office also arrived this week for distribution. Two shipments of salt pork fice this week for distribution to the tion here, totalling 7400 pounds.

BIRTHDAY BALL DRAWS BIG CROWD

The Birthday Ball, which was conducted by more than 6,000 cities throughout the United States Tuesday night, in honor of President Roosevelt's birthday, with proceeds going to the Warm Springs Foundation, was a success here. It was conducted under the auspices of the city through the co-operation of local civic clubs. The ball was held at the Elks club with music furnished by Bill Gadois and His Srenaders. Bridget was played at the Usona Hotel.

President Roosevelt made a radio address over a national hook-up which was received locally with much interest. After all expenses had been paid a nice sum was left to go to the Warm Springs Foundation for defraying infantile paralysis treatments for unfortunate children.

ONLY PAYROLLS WILL HELP US

Why not an R.F.C. for industry? In bridging the way from Depression to Recovery, Uncle Sam has erected a fine structure with government loans.

It will be impossible for the majority of Americans to cross the bridge into the promised land of prosperity until the "draw" is let down.

Failure to provide loans for industry will hold up indefinitely the march out of the economic wilderness. Loans to banks, agriculture, insurance companies and railroads form but a part of the bridge—not

by any means the whole bridge. Loans to industry would close the gap or let down the draw and open the way to payrolls, prosperity, employment, happiness and the preservation of the American home.

Industry is the real connecting link between the recovery machinery that already has been set up and actual recovery itself. Without industrial progress the program cannot proceed on its own, for industry provides the creative power—the one road to payrolls. Put men and women to work, give them an opportunity to earn wages, and recovery will follow automatically.

To do this industry needs the same kind of government assistance that already has been given to the banks, railroads, insurance companies and agriculture. It needs long term credit in the form of working capital loans.

Loans to banks to replace depreciations of securities, their inventories—save stockholders and depositors but remain a frozen human something that weaves not, neither does it spin.

Loans to insurance companies save stockholders by replacing depreciations of their securities. The loans have not saved one policy for one poor person that has lost his job and couldn't pay his premium.

Loans to railroads have saved ten-thousand, given some labor but have mainly been again to replace depreciation and save capital—investment they have not made one more pound of freight to carry or created one dollar of wealth.

Loans to China, etc., may help to take up stocks but are not creative of either consuming or purchasing power here.

These examples could go on and infinitum all with the same answer—the same song over and over again. Industry makes freight for railroads to carry—it makes necessary human travel—it pays wages so men and women can pay their insurance premiums and have money to deposit in banks.

When banks have deposits insurance companies are paid premiums and carriers have normal freight and passenger service. They need no loans.

All these things happen when industry is able to employ labor and replace its working capital depleted by the self same depreciations that affected banks, insurance companies and railroads.

AN ATHLETIC CLUB

Talk has been going the rounds in Fulton about the organization of an athletic club, where those who like sports and recreation may witness professional wrestling and boxing matches, or members of the club may derive benefits from regular exercise in a well equipped gymnasium.

Many young people and business men of Fulton would enjoy a real athletic club, and the physical and recreational features of an athletic club would be of definite health benefits to those taking advantage of such a club.

We have seen athletic clubs set up with membership open to the public, in which interest and enthusiasm was so keen that a well equipped gymnasium was soon established, and the membership fee reduced to a minimum by sponsoring professional wrestling and boxing matches and providing other forms of entertainment.

What we would like to know—and what a good many sporting enthusiasts about town would like to know—is just what do the people of Fulton think about an athletic club?

DOES FULTON WANT AN ATHLETIC CLUB—and would YOU like to be a member and participate in the recreational and entertainment features of such a club?

If there is enough support possible an athletic club will be established. Register your opinions at the

office of The Fulton County News or phone 470 right now.

CRUTCHFIELD NEWS

Mr. and Mrs. Bryant Williams spent Sunday with Mr. and Mrs. Paul Williams.

Miss Gertrude Howard has returned home after several days visit in Union City.

Mr. and Mrs. T. M. Mullins of Bradford spent Saturday with their sister Mrs. J. D. Walker last Saturday.

WARNER THEATRE IMPROVES HOUSE

The Orpheum theatre here, which is one of a chain of theatres operated by Warner Bros., is one of the best equipped houses located in any city of equal size to Fulton. Mr. Shuck, local manager, believes. In the past few days other improvements in the way of redecoration inside and outside have been made.

This local Warner theatre has one of the finest sound equipments obtainable, and the acoustics are remarkably regulated and toned. Mr. Shuck reports that new rugs for the inside lobby, the aisles and the steps leading to the balcony have been ordered, and other innovations are expected to provide additional improvements.

The latest picture productions are brought to Fulton regularly and in many instances before they reach some of the larger cities. The volume of patronage at Sunday shows has grown to capacity and now, with hundreds of out of town people visiting Fulton every Sunday.

BULLDOGS LOSE TO MAYFIELD BY 23-19

Over-confidence on the part of the local Bulldogs and the unexpected line playing on the part of the Mayfield quintet resulted in a victory for Mayfield last Friday night on their court by a score of 23 to 19. It was a spectacular game and was played before a huge crowd.

Mayfield plays Fulton a return game on the local court on February 6, and it now seems that the Bulldogs have ceased to believe Mayfield a set-up and are preparing to give them a real battle when they visit here. Fulton can beat Mayfield, but they will have to come out like they are fighting another team of Bulldogs.

"Stretch Feather" Weaver, the long and lanky local skyscraper played in hard luck throughout the entire contest. It seems as though the referee called a "held ball" every time Shag got hold of it, with the result that he made only three points by the foul ruling.

"THE NEWS" TO KEEP TAB ON FULTON BULLDOGS

The News has arranged a very attractive chart for the purpose of "Keeping Tab On The Bulldogs" which gives a very distinct record of what each and every player on the Fulton basketball team is doing or does in each game played regardless where they played.

The chart shows the total points each player makes in each game and the total number of points the entire team makes in each game, together with the total number of points each opponent team makes and the margin of victory or defeat which ever way the game ends. It also shows how many points the players make individually for the entire year as well as the team as a whole.

Any one interested in "Keeping Tab On The Bulldogs" is cordially invited to come in and look this chart over at the office of The Fulton County News.

Mr. and Mrs. C. F. Jackson and Mr. and Mrs. M. I. Boulton spent Tuesday in Paducah.

Miss Ruth Graham is resting nicely after a recent operation.

Robert Graham spent Wednesday in Martin on business.

THINK IT OVER

LOST—ONE HOUR

Lost—one perfectly good hour, consisting of 60 minutes, each minute containing 60 seconds. Finder please leave at the door of most any of us.

But, of all the things lost, this is one that no amount of advertising, no reward, be it ever so large, will ever find. And though you possessed all the money in the world, you cannot buy from any dealer one of these seconds or that hour lost. That second, that minute, that hour, is as unobtainable as is a stone in the foundation of Eternity.

And yet, how many of us go thru life wasting—not alone the hours and minutes that are allotted to us but wholly regardless of the precious minutes of other people's time. If you were going to put a value on the lost hour what would it be? How much reward would you offer?

We watch the hands of the clock or watch go around with as little regard for the fleeting moments as we have for the passing breeze. And yet for the hour that is gone, for that moment lost and wasted away, friend, we can win another; we lose there is no supply a substitute. We cannot work for another; we lose a valuable diamond, we can purchase another. But for the moment wasted the second lost, the hour that is gone, there is nothing to take its place. There can be no replacement.

We may advertise for it in all the papers and magazines and other publications in all the world—lost forever and irrevocably lost. It was not the lack of guns or generals or ammunition that caused Napoleon to lose his great battles. It was a lost hour. Nor was he the only one who failed because of a lost hour. Ah! the world is full of men and women who fail because they were not more careful of the one moment, the one second, and lost it—and their opportunity.

You may store up wealth; you may pile up for future use food and goods and dollars and cents but you cannot store up one second of time. Yesterday is today is if it never had been and tomorrow is just as useless as today, just as if it was a hundred

years hence, I believe it was Frederick the Great who had an axiom which he borrowed from the wisdom of Seneca—

"Time is the only treasure of which it is proper to be varicious."

Then let us be stingy, not alone of our own time, but recognize as well the value of other people's time. Time and effort are the only two things of which life is composed, and one is useless without the other. It matters not how active one may be the end of life will find so many things yet undone though we live to the age of Methuselah. No man ever yet completed all the things allotted him, but if in our use of time no waste creeps, there is then a reasonable excuse. But there is neither excuse or valid reason for the man or woman who wastes his or her own time or steals the time of others. He or she has wantonly destroyed that which neither man or God can replace.

So put a value on each minute and strive to get that value as you strive to get the value of the dime or dollar you spend, and ever keep in mind the fact that a moment once passed, is passed FOREVER. Think it over!

FARM BUREAU WILL MEET FEBRUARY 5TH

The regular monthly meeting of the Fulton County Farm Bureau will be held at the Chamber of Commerce building in Fulton on Monday, Feb. 5th, at 7 p. m., Cecil Burnette, president of the bureau, announced this week.

Activities among farm bureaus throughout the state are being extended and possibilities for the organization are encouraging. Presi-

dent Burnette believes. He recently attended the State Convention of the Kentucky Farm Federation at Louisville, when the year's program was discussed.

TOBACCO REDUCTION SIGN-UP DAYS ARE ANNOUNCED

At a meeting of the Fulton County Tobacco Reduction Campaign committee last week, Saturday of each week was designated as sign-up day for there reduction contracts. One or more of the committee and the county agent will be present at the office of the Chamber of Commerce at Fulton from 9:00 a. m. to 3:00 p. m. to assist growers in making out and signing contracts.

When the campaign will close is not definitely known, so all tobacco growers who are thinking of signing a contract are urged to call at this location on February 3.

Mrs. Marjorie Price of Memphis is visiting Mrs. Jake Huddleston on Edgings-st.

Miss Hunter Catherine Cook is visiting friends in Bowling Green this week.

HEALTH DEPARTMENT MAKES YEARLY REPORT

The following brief report of the Fulton County Health Department for the calendar year 1933 is submitted:

SANITATION

During this period 1555 inspections of sanitary conditions over the county resulted in 871 corrections. 391 visits were made to dairies and 515 inspections of other food handling places were made. 1 dwelling (private) constructed, 31 repaired; 13 septic tanks installed; 51 new sewer connections made; 9 approved school privies built and 38 repaired. 49 wells have been improved.

ACUTE COMMUNICABLE DISEASE CONTROL

441 visits were made to cases or carriers of communicable diseases and 365 persons quarantined. 294 children were excluded from school, most of whom because of German measles and it.

BENEFICIAL DISEASE CONTROL

In venereal clinic held each week in Fulton and Hickman, 977 examinations were made and 692 treatments were given. Several prostitutes were quarantined in the county jail.

TUBERCULOSIS CONTROL

100 home visits were made to cases of tuberculosis and 62 tuberculosis suspects were examined. 11 of whom were positive.

IMMUNIZATION

310 persons were vaccinated against smallpox. All schools in Fulton County have been 100 per cent vac-

inated against smallpox, many of the children having been vaccinated by their family physician. 74 persons (226 doses) were immunized against typhoid fever and anti-diphtheria immunizations of 371 (731 doses) children were completed.

CHILD HYGIENE

At the regular prenatal clinics held on the third Wednesday of each month, 205 cases were given advice and 92 prenatal cases were examined including laboratory tests. 23 child health conferences were held at which 441 infants and preschool children were examined and their mothers instructed. 533 home visits were made to preschool children, 351 home visits were made and 2589 children examined, 1697 of whom were defective, showing a total of 2329 defects. 69 talks were made to classes and 4181 bulletins distributed. On May 1st, appropriate Child Health Day programs were held in Fulton and Hickman, and in those rural schools which had not closed. 933 children in the county had attained the blue ribbon health standard and were awarded ribbons.

LABORATORY EXAMINATIONS

Specimens obtained for laboratory examinations were: For tuberculosis 106; for gonococci 119; blood for Wassermann examination 313; for typhoid fever 10; throat cultures for diphtheria 303; water for pollution 66 and 85 other specimens of various kinds. The heads of two cats which had scratched four people were sent to the state laboratory. These persons received antibiotic treatment and a number of dogs were confined and others killed.

COMMUNICABLE DISEASES

305 communicable diseases were reported as follows: tuberculosis 14, diphtheria 33, septic sore throat 1, whooping cough 49, German measles 75, scarlet fever 5, chickenpox 24, smallpox 2, meningitis 5, mumps 10, typhoid fever 8, trachoma 1, opthalmia neonatorum 1, gonorrhea 27, syphilis 44, pellagra 5, and encephalitis lethargica 1.

MISCELLANEOUS

1572 office consultations, 749 office examinations and 2600 public health and relief visits were made, 23 visits were made to crippled children and 3 of those children were sent to a hospital. 129 visits were made to the county farm and jail and 238 indigent cases attended. At the County Fair the Health Department maintained a first aid station and instructive booth where bulletins were distributed.
