ACT MAY EFFECT THE JAPANESE-WAR AND THE RUSSO-JAPANESE WAR

Paris, Aug 15.—The action of the French government, which has now definitely decided to mobilize its army, is looked upon as a military demonstration toward a war with Russia. The resumption of diplomatic relations between France and Germany which took place in time to prevent a war in Europe, is being regarded as of short duration.

A war between France and Russia is expected, and the French government has taken steps to prepare for it. The French army is being mobilized, and the French navy is being concentrated at the mouth of the Seine.

The French government is expected to make a final decision on the question of whether or not to declare war on Russia. The decision will be made at a conference of the French cabinet, which is to be held on the 16th.

The French government has also taken steps to prepare for a war with Germany. The French army is being mobilized, and the French navy is being concentrated at the mouth of the Seine.

The French government is expected to make a final decision on the question of whether or not to declare war on Germany. The decision will be made at a conference of the French cabinet, which is to be held on the 16th.

PROLONGING THE PRIME OF LIFE

The prime of life is a period of great activity and achievement. It is a time when one is at the height of their powers and is able to accomplish great things. The prime of life is usually considered to be the period from the age of 30 to 50.

There are many ways to prolong the prime of life. One way is to maintain a healthy lifestyle. This includes eating a balanced diet, exercising regularly, and getting enough sleep. Another way is to stay mentally active. This can be done by reading, learning new things, and engaging in social activities.

The prime of life is a time of great potential. It is a time when one is able to make a difference in the world. It is a time when one is able to achieve great things.

The Great Order Of Masonry.

The Order

The order of the Great Master Mason, a body of men who have been initiated into the mysteries of the craft, is to be found in the United States. The Order is divided into various degrees, each degree having its own requirements for admission. The degree of Master Mason is the highest degree in the Order and is held by the Grand Master of the Grand Lodge of a state. The Grand Master is the head of the Order in that state and is responsible for the welfare of all the lodges in the state.

The Good Works

The Order of the Great Master Mason is known for its philanthropic works. The Order is involved in various charitable works such as the building of hospitals, schools, and orphanages. The Order also provides financial assistance to those in need.

The Lodges

The Order of the Great Master Mason is divided into lodges, each lodge having its own members. The lodges are divided into different jurisdictions and are governed by a Grand Lodge. The Grand Lodge is responsible for the administration of the Order in the state.

ANIMAL PSYCHOLOGY

Questions Suggested by the Post

Bar Bulletin of Honolulu.

Numerous studies of the behavior of animals have been made by various scientists. The results of these studies have shown that animals are capable of reasoning and can be trained to perform certain tasks. Some scientists believe that animals have consciousness and can experience emotions. These studies have also shown that animals are capable of learning and can be taught to perform certain behaviors.
