In the closing exercises of the Illinois Central Railroad company was enjoyed Monday at Edgewater Beach on Lake Michigan... a feature of the occasion in which many took part and captured prizes. The big basket dinner could not have been exceeded.

Prospects for a Large Enrollment

The opening exercises were used by singing "Onward, Christian Soldiers." At the conclusion of the exercises, members of the faculty gathered to wave a final farewell in the hope of a blossom of classes next year. It was an occasion that will live in the memory of the faculty, who were present in nearly all their numbers.

W. T. Pillow was killed, the one that must be worn throughout the life of a man.

The manufacturers of the Hexagon Slate Shingle do not endeavor to produce as many colors as possible, but have succeeded in making a few good tones that are distinctive and rich, and which enable the architect to carry his most elaborate plans.

Instead of carrying this message in the mail, special cars were provided, upon which service was performed, and the special cars were then placed in the service of the railroad company. Not a single accident was reported and while some of the boxcars had suffered in a few places, there were no accidents reported, the engine being in a few places.

Better Service Than Ever

The large staff and efficiency of long distance telephone service has made our town one big friendly neighborhood. To call across the continent costs as little as calling across the block to your next-door neighbor.

The long distance lines in Kentucky are a part of the national system, and also we save a vital need in the business life of the State and the South.

To meet for your growing demand we require an expenditure of $75,000 this year for repairs and additions to the long distance system in Kentucky alone.

The long distance service is better than ever before. The service is uniform, and all the operators are trained with speed and accuracy.

Merchants, manufacturers and business men are utilizing this service in a more wise and business like way.

Why not try it?
